## VSTREAM® WINDSCREENS FOR FLHT/FLHX MODELS

The Tall and Standard size VStream® Windscreens for the FLHT/FLHX are outstanding high-speed highway performers for average size and taller riders. Shorter riders will like the performance of the VStream Low and Ultra Low models.

Enjoy a significant improvement in wind management and riding comfort.

Mounts with existing OEM hardware.

H = Height

VStream Windscreens are measured from bottom center mount hole to top of screen.

## VSTREAM® WINDSCREENS FOR FLTR ROAD GLIDE MODELS

Owners of FLTR Road Glides will appreciate the enhanced performance and stunning appearance of the VStream® Windscreens. Choose from Extra Tall and Standard Touring Size in Clear, Mid-Size in Light Tint, and in a Low Size in Light Tint or Dark Tint.

All FLTR VStream Windscreens include metal compression limiters that spread the load for long life and durability.

# VSTREAM® WINDSCREENS

QUIET • COMFORT • OPTICS • STRENGTH

The VStream® gets its name from the unique shape and dimensional contours designed and engineered into the windscreen. The patented "V" profile helps push the turbulent wind out and away from the side of the rider's head, producing a quieter and more comfortable riding experience. This improvement also reduces wind noise and buffeting for the passenger.

- Constructed from thick, durable hardcoated Lexan® polycarbonate material
- Coated with National Cycle's exclusive scratch-resistant Quantum™ hardcoating
- Replaces the stock windscreen and uses the OEM mounting hardware
- All VStream Windscreens are made in the U.S.A. and are covered by National Cycle's exclusive 3-Year Warranty against breakage

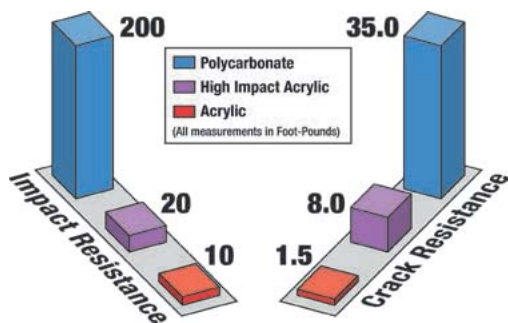

Quantum™ is an exclusive product of National Cycle Inc.

All VStream Windscreens are covered by National Cycle's 3-Year Warranty against breakage.

## WHAT ARE THE BENEFITS OF LEXAN® POLYCARBONATE?

Outstanding impact strength! No other thermoplastic comes close to matching the impact strength of polycarbonate, making it the ideal material for motorcycle windshields. It is 20X more impact resistant than acrylic plastic (Lucite®).

So whether it's birds, bugs, rocks or road debris, for the serious rider, a strong polycarbonate windshield is very important.

## QUALITY MANUFACTURING

National Cycle engineers and manufactures the plastic and the mount systems of all their windshields. Replacement parts are readily available for years to come.

## REAL WORLD PERFORMANCE

Watch National Cycle's "Polycarbonate vs. Acrylic" video on YouTube™ to see the entire gamut of impact tests.

VStream Windscreens are offered in Clear, Light Tint, and Dark Tint hardcoated polycarbonate. See application charts for details.

VStream Windscreens are measured from bottom center mount hole to top of screen.

National Cycle's Wave® Windscreens are now available for late-model FLHT, FLHX and FLTR motorcycles.

Quality is evident when you feel the thick gauge, precision cut, smooth radiused edge on these windscreens. Quantum™ hardcoated polycarbonate delivers outstanding strength and unbeatable scratch resistance.

It's stylish... sleek... and sexy.

It's the new Wave. Ride it!

**FLTR Wave Windscreens**

- 10.50" (26.7cm)
- 8.25" (21.0cm)
- 6.25" (15.9cm)

**FLHT/FLHX Wave Windscreens**

- 10.00" (25.4cm)
- 7.75" (19.7cm)
- 5.25" (13.3cm)

Wave Windscreens are measured from the top of the fairing in a vertical line level to the top of the screen. Three different sizes means there's a perfect Wave Windscreen for any rider.

All FLTR Wave Windscreens include metal compression limiters that spread the load for long life and durability.

## WAVE QR™ QUICK RELEASE FAIRINGS

- Have the hottest bike around with National Cycle's new Wave QR™ – the fairing that defines performance on the edge. Whether it's slammed back or raked up, Wave QR's sculpted polycarbonate body captures the spirit of your Harley- Davidson® motorcycle.
- Its jetstreamed looks come from National Cycle's attention to aerodynamics and precision forming. It's removable in just seconds, without tools –thanks to National Cycle's Quick Release Mount Kit! And, it's rake adjustable!
- The highly regarded Quick Release Mount Kit is the same that's used for the SwitchBlade® and Spartan® Windshields, so you not only have a choice between riding with or without a shield – you also have a choice between completely different styles of quick release shields!
- Made from durable FMR hardcoated polycarbonate and covered by National Cycle's 3-Year Warranty against breakage.

See pages 10-12 for Applications.

## TWO PREMIUM QUICK RELEASE WINDSHIELD LINES

**Polished Stainless Steel**

**Black Powdercoated Stainless Steel**

### THE BEST HARDWARE

- Chromed steel with polished or black powdercoated stainless steel hardware is used throughout for rock-solid strength, dependability and great looks
- Cushion wheels turn and flex, allowing your SwitchBlade or Spartan to securely lock into place
- Sleek and elegant – no exposed fasteners

### EXCLUSIVE QUANTUM™ HARDCOAT

Developed for windshield use by National Cycle, Quantum hardcoat takes motorcycle windshields a "quantum leap" forward in abrasion resistance and outdoor life. National Cycle applies this crystal clear hard coating to polycarbonate material. The combined result is the strongest, most scratch resistant windshield material available worldwide.

### SUPERIOR SCRATCH RESISTANCE

30X more scratch resistance than typical acrylic windshields is saying a lot! Think of it as 30X more miles per windshield. Even compared to FMR coated polycarbonate, Quantum™ has 10X better scratch resistance.

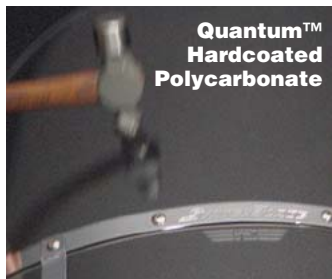

Award-Winning Quantum hardcoating is used in many tough applications. It has withstood over one million windshield wipes in tests for the fully enclosed Benelli Adiva Scooter.

[See pages 10-12 for Applications](#)

### 3-YEAR WARRANTY

Every National Cycle polycarbonate windshield, including the SwitchBlade and Spartan lines, is covered by an unprecedented 3-Year Warranty against breakage!

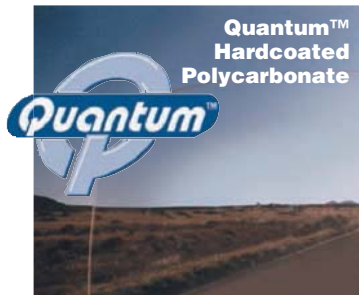

**Quantum™ Hardcoated Polycarbonate**

**Acrylic**

### POLYCARBONATE STRENGTH

SwitchBlade and Spartan Windshields are made from durable 4.0mm thick polycarbonate for 20X more impact resistance than acrylic. This is tough material that you can trust!

**Quantum™ Hardcoated Polycarbonate**

### GLARE-FREE OPTICS

Think about riding into the sun or at oncoming headlights and not having to look through the glare of fine scratches that eventually show up on your screens. Quantum™ hardcoating gives your windshield much better optical definition and clarity, and your windshield will stay that way a lot longer.

**Quick Release Windshields with Quantum™ Performance!**

**2-Up®**

**Chopped™**

**Shorty®**

**Deflector™**

**ON AND OFF IN LESS THAN FIVE SECONDS... WITHOUT TOOLS!**

- The SwitchBlade® Quick Release Mount System gives you the flexibility to mount any of four sizes of SwitchBlade Windshields... or none at all!
- SwitchBlade Mount Kits (sold separately) are engineered directly on each model bike to ensure perfect fit and function

**SWITCHBLADE® 2-UP®**

- Largest size with maximum wind protection
- Ideal for touring, two-up riding, and cold season commuting
- Add SwitchBlade Chrome Lowers and National Cycle Hand Deflectors for complete wind and weather protection

**SWITCHBLADE® CHOPPED™**

- A cut-down version of the popular 2-Up
- Recontoured top is 4-5" shorter (depending on model) and the trimmed bottom profile is narrower
- Excellent protection for shorter riders/low saddle heights

All SwitchBlade and Spartan Windshields are covered by National Cycle's 3-Year Warranty against breakage.!

# SWITCHBLADE®

## SWITCHBLADE® SHORTY®

- An ideal choice for shorter riders or for morning commutes
- Short in size but long on looks and quality features
- Keeps wind blast at bay while preserving the "wind in your face" motorcycling experience
- [See pages 10-12 for Applications](#)

## SWITCHBLADE® DEFLECTOR™

- Minimal profile with maximum attitude
- Patented Rake Adjust™ feature lets you easily change the screen angle for appearance or for wind protection
- Perfect shield for warmer weather and boulevard cruising
- High quality chromed steel and stainless steel hardware
- [See pages 10-12 for Applications](#)

## CHROME LOWER DEFLECTORS FOR SWITCHBLADE WINDSHIELDS

- Chrome Lower Deflectors improve the performance of your windshield by preventing unwanted turbulence below the shield
- National Cycle's Chrome Lower Deflectors are engineered for proper fit, clearance and performance
- Mounts to SwitchBlade® Windshield Mount Kits ([See pages 10-12 for Applications](#))
- Superb polishing and chrome plating make National Cycle Chrome Lower Deflectors stand out from the rest

## SELECTING THE CORRECT WINDSHIELD & MOUNT KIT FOR YOUR BIKE

1. Determine your motorcycle's make, model and year.
2. Choose the appropriate SwitchBlade Mount Kit
3. Determine what style windshield best fits you.
  - Consider your height and saddle position.
  - Determine your riding habits: Daily commutes? Long trips? Weekend rides?
  - Do you want maximum protection? A sporty look? Or a combination?

4. Sit on your bike, measure from a few inches above the headlight to the point horizontally level with the tip of your nose.
5. Pick the appropriate size SwitchBlade, Spartan or Stinger windshield.

Still can't decide? Get two or more windshields. With the Quick Release SwitchBlade Mount Kit, you can change your windshield as quickly as you change your mind!

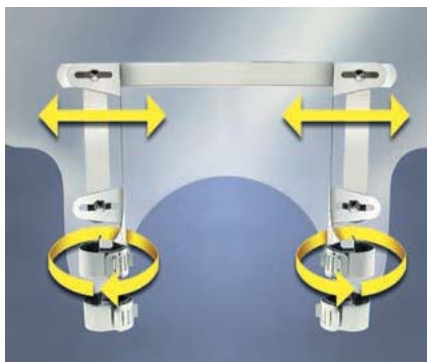

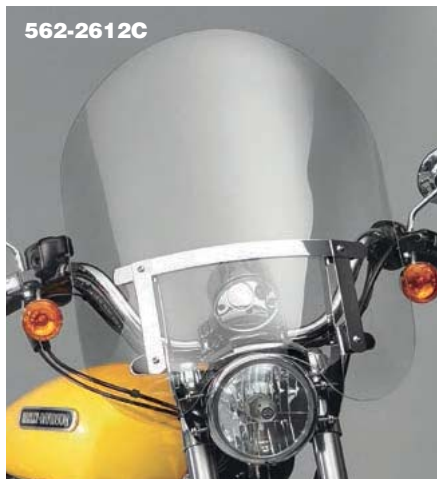

*Windshield height is a personal preference, but one recognized standard is to be able to look just over the top of your windshield to see the road at a distance of 50 feet in front of you. Generally, this means that a correctly sized windshield mounted to your bike will have a top edge that is horizontally level with the tip of your nose, or just slightly below eye level.*

**All Mounting Hardware is Included!**

## DAKOTA 3.0™ WINDSHIELDS

The Dakota™ 3.0 windshield gives a custom look to any narrow glide front end. The patented variable width brackets and adjustable diameter fork clamps are included with the windshield.

Available in short or tall sizes to fit bikes with or without National Cycle's N935 Spotlight Bar.

The Dakota 3.0 is made from High Impact Acrylic for great wind protection at a budget price.

### Bikes Without N935 Spotlight Bar

## BEADED WINDSHIELD FOR FXSTS MODELS

National Cycle's Beaded Heavy Duty™ windshield for the FXSTS and FXSTSB is trimmed with a traditional beaded edge that is mechanically applied. No yellowing or cracking of glue joints is possible.

The highly polished chrome mounts attach to the handlebar risers to provide a significant range of adjustment for height and rake.

This rugged windshield features stainless steel and chrome hardware and FMR hardcoated polycarbonate. All necessary mounting hardware is included.

To top it off, it's covered by National Cycle's 3-Year Warranty against breakage!

Height: 13.25" (33.6cm)  
Width: 20.25" (51.4cm)

## REPLACEMENT SCREENS FOR FLHR & FLSTC MODELS

Made from 4mm thick polycarbonate (33% thicker than OEM) with National Cycle's exclusive Quantum™ hardcoating.

This replacement windshield plastic fits exactly into the stock hardware of the OEM windshield.

Best of all, you get National Cycle's 3-Year Warranty against breakage!

Height is measured from headlight cutout to top of screen.

INDEX

Continuing the minimalist, sporty tradition of our famous Flyscreen®, the Mohawk™ features a taller and wider size with a special 'V' profile for added wind management.

- Manufactured from FMR hardcoated polycarbonate for unbeatable strength and impact resistance
- Linking Arm fork mount system (available in chrome or black) with countersunk screws offers a custom fit for almost any motorcycle with open front forks
- All Mohawk™ windshields are dark gray tinted, 9.25" tall x 11.75" wide and include all hardware needed

If your bike is not listed in the application chart, order by mounting bracket type (universal applications).

**INTRODUCING THE NEW QUANTUM® national cycle®**  
**HARDCOATED DEFLECTOR SCREEN™** Made in U.S.A.

Our original 2-point QuickSet™ mount Deflector Screen™ was first introduced in 1980 and became an instant hit with riders everywhere. It defined the term "universal windshield." We then followed up with the Street Shield™, a larger screen with a 4-point QuickSet mounting system. Now there's a better reason to stock these popular windshields for your customers: They've been upgraded from High Impact Acrylic to National Cycle's exclusive Quantum® hardcoated polycarbonate – the state-of-the-art in scratch resistance – but with no price increase!

Mount Type	Clear	Tint
<b>U-CLAMP</b>		
Fits 7/8"-1" Bars, Clear	<b>562-2962C</b>	<b>562-2962D</b>

## SWITCHBLADE® HOLDSTER™

- Fits SwitchBlade 2-Up, Chopped and Shorty windshields
- Handy storage for glasses, cell phones, gloves, etc.
- 12.5" x 5" x 3" deep

Description	WPS #
Holdster	562-21220

## FLH/FLT HEAT SHIELDS

- These Heat Shields fit all 2009-16 Touring and Trike models
- Dark tint polycarbonate replaces the OEM black plastic shields and lets more of the engine details show through without the heat waves roasting your thighs
- Simple installation with unique clip-nut fastener system

Applications	Year	WPS#
HARLEY-DAVIDSON		
Touring and Trike models	'09-17	562-20260

## SHIELD WASH™ AND RAINZIP®

- Shield Wash™ is strong enough to clean spotlessly, mild enough to use as needed
- Safe on all motorcycle windshields, face shields and goggles
- Includes 8-oz. bottle of Shield Wash, 1-oz. spray bottle and special microfiber cleaning cloth
- RainZip® rain repellent treatment is formulated for Quantum™ hardcoated polycarbonate but is safe for all windshields
- Comes in a 3-oz. bottle and includes an application cloth and microfiber polishing cloth

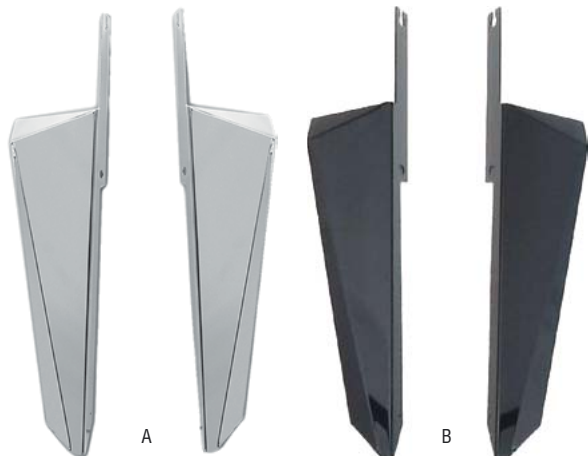

Description	WPS #
Shield Wash	562-21100
RainZip	562-21101

## WIND GUARDS

Chrome-plated or black powdercoated, and easy to mount to Glide front ends. Deflects wind away from your legs and feet. A beautiful addition to most Touring models, fits 1983-up FLHT, FLHS, FLHR and FLHRC models. Does not fit models equipped with fairing lowers or lighted fork slider kits. Does not fit FLHX Street Glide models or models equipped with Custom Front Bullet Turn Signal Kits (OEM's 69577-06 and 69492-05).

Application	Description	WPS #
A '83-13 FLH/FLT	Windguard Chrome	830-3260
B	Windguard Black	830-3261

## SWITCHBLADE® STORAGE BAG

- Designed to store and protect any of the four Switchblade Windshields, or any other National Cycle windshield
- Soft inner, durable outer, sturdy zipper and convenient handle
- 29" high x 25" wide

Description	WPS #
Storage Bag	562-21221

## REPLACEMENT WINDSHIELDS

- All replacement shields are made of 3/16" Dupont acrylic plastic
- Meets DOT and ANS1Z26-1 specifications

**NEW WINDSHIELDS**

The Dragonfly Cycle Concepts Flip Out Windshields provide excellent air flow over and around the rider while still giving a great appearance to your ride. With making wind protection and audio fairings for over 15 years, Dragonfly really understands the need for letting you have a little wind in your face without Beating you up!

Through extensive testing Dragonfly has developed a full line of the "Flip Out" Windshields.

- Fits All HD Batwing Fairings
- Made of Acrylic it is more scratch resistant than Lexan shields
- Fits all Dragonfly Classic Model Fairings
- Takes wind off of you like taller windshields

## 2014 STYLE DETACHABLE BATWING FAIRING

"2014 Style" Gives any year Harley Davidson Free Wheeler or Road King the Look of a 2014 and NEWER Street Glide!!!

826-02050

Made from injection-molded LPRTM composite parts with stainless steel mounting brackets formed and bolted inside the fairing from top to bottom providing unmatched strength with NO vibration

The detachable fairing ships FULLY ASSEMBLED with inner/outer shell in black gel-coat finish (this fairing is designed to be painted). Delivered with 6" tinted windshield. Set up for 6"x9" speakers and single DIN stereo (sold separately).

- One Set Stainless Steel Brackets
- One 12-Volt Accessory Port
- Two Speaker Grilles
- One Set Mounting Hardware

Application	WPS#
Fits All Road King Models '94-Up	826-02050
Fits Freewheeler Models '15-Up	826-02051
<b>FAIRING LOCK</b>	
Fits FLHR Models	826-02052

826-02060

## FXRP FAIRING FOR DYNAS

Modeled after the Police/Touring fairing, this is a frame mounted fairing (does not turn with handle bars). We have added the Dragonfly styling touches, and made it audio friendly!

Set up for an Aquatic AV radio or a radio of your choice (sold separately). We have also set it up to have one pair of speakers of your choice added. With room to add amps if desired, this can be a great retro fairing for the increasingly popular Dyna scene.

**Includes:**

- Flat Windshield
- Headlight Cover

## AV 2-CHANNEL AMP NEW

- Digital (Class D) bridgeable amplifier
- Waterproof
- RCA inputs, speaker inputs with Auto Detect
- 2 Ohm and 4 ohm stable
- 100W per channel at 4 ohms
- 150W per channel at 2 ohms
- 300W bridged at 2 ohms
- Overload protection

Description	WPS#
Aquatic AV Micro 2 Channel Waterproof Amp	94-1501

# ROKKER® **XXR EXTREME 330W SPEAKER AND AMP KIT**

- This is the new J&M Custom 2-speaker & amplifier kit
- Fits '14-Up Batwing or '15-Up Road Glide fairing with the Harley BoomBox 6.5GT Premium or 4.3 standard radio
- 2 channel amplifier rated at 165w RMS per channel X 2 to provide up to 330w total RMS power!
- The amplifier's settings have been dialed in & optimized for this exact speaker/radio configuration, to provide the on-highway volume, clarity and overall performance that most
- Includes fully weatherproof 6.71" ROKKER XXR speakers featuring a high-tech woven-fiber woofer cone & a massive high-density high-flux strength Neodymium magnet structure with large center & perimeter positioned voice coil cooling vents, to provide for maximum heat dissipation when operating at high volume levels for extended periods

- The custom designed speaker grills with mounted high-output dome tweeters are also weather-proof and shock-proof for maximum long-term durability
- This custom installation KIT has been engineered to be 100% plug-and-play for your convenience during the installation and to maintain the complete integrity of your Harley's internal wiring harness.

# ROKKER® XXRP 4 CH. AMPLIFIERS

- 4-channel 630 watt RMS fairing/rear speaker amplifier kit
- Plug-n-play RCA input harnesses included with this amplifier kit
- Provides 4 separate channels of amplification at 157.5 watts RMS continuous power per-channel into a 2 or 4-ohm speaker load
- This is a full range class D digital amplifier properly shielded against RF interference into the AM or FM stereo radio bands
- Amplifiers use advanced digital switching power supply technology to reduce the 12v current demands on the motorcycles electrical system
- Fully programmable thru the internal digital signal processor (DSP)
- Amplifier mounts to the custom made stainless steel 2-piece bracket system, to provide solid and secure mounting inside the fairing, in addition to blocking amplifier heat from being transferred to the radio

- Should you wish to alter these DSP settings using the internal programming dongle already built into this new amplifier, (USB computer connection cable also included with this amplifier kit) all of our specific custom amplifier programs are now available as a consumer download from the J&M site.
- Amplifier itself measures 8 1/4" Long X 5 1/8" Wide X 1 5/8" Tall.

# ROKKER® XXRP 4 CH. AMPLIFIERS

- 4-channel 630 watt RMS fairing/rear speaker amplifier kit
- Plug-n-play RCA input harnesses included with this amplifier kit
- Provides 4 separate channels of amplification at 157.5 watts RMS continuous power per-channel into a 2 or 4-ohm speaker load
- This is a full range class D digital amplifier properly shielded against RF interference into the AM or FM stereo radio bands
- Amplifiers use advanced digital switching power supply technology to reduce the 12v current demands on the motorcycles electrical system
- Fully programmable thru the internal digital signal processor (DSP)
- Amplifier mounts to the custom made stainless steel 2-piece bracket system, to provide solid and secure mounting inside the fairing, in addition to blocking amplifier heat from being transferred to the radio

- Should you wish to alter these DSP settings using the internal programming dongle already built into this new amplifier, (USB computer connection cable also included with this amplifier kit) all of our specific custom amplifier programs are now available as a consumer download from the J&M site.
- Amplifier itself measures 8 1/4" Long X 5 1/8" Wide X 1 5/8" Tall.

# ROKKER® **XXR - SERIES** **2 CHANNEL AMP KITS**

- Full range class G digital amplifier
- Spec'd at 165watts RMS per channel X2 channels
- 330w total, driven continuous into a 2 ohm load @ 14.4vdc
- Stainless steel 2-piece bracket system, provides solid and secure mounting while blocking amplifier heat from being transferred to the radio
- These amplifiers are now fully programmable thru the internal digital signal processor
- Dialed in for model specific speaker configuration, to provide maximum highway performance from your Harley Davidson audio system

- Should you wish to alter these settings, when adding additional speakers to the system, or changing the impedance of the speakers, J&M will be offering all of our specific custom pre-loaded amplifier programs as a consumer download from the J&M site.
- Custom made plug-n-play wiring harnesses are included with this amplifier kit
- Top quality heavy gauge power/ground wires are used for the fused battery connection
- Comes with all necessary mounting hardware & complete installation/operation instructions
- Amplifier itself measures 7 1/4" X 4 3/4" X 1 3/4"

## PERFORMANCE SERIES 180 WATT 2-CHANNEL AMP KIT

- This J&M 2-channel 180w fairing speaker amplifier kit has been design specifically for use on the 2015 Road Glide fairing with the stock Harley radio
- Amplifier mounts to the custom made stainless steel 2-piece bracket system, to provide solid and secure mounting inside the Road Glide fairing
- Blocks amplifier heat from being transferred to the radio
- Custom made plug-n-play wiring harnesses are included with this amplifier kit
- All necessary mounting hardware & complete installation/operation instructions included
- Amplifier itself measures 6 1/2" X 4 3/4" X 1 3/4"

Description	WPS#
'15-18 FLTR fairing speaker amplifier kit	94-1271

## PERFORMANCE SERIES 360 WATT 4-CHANNEL AMP KIT

- Designed specifically for the 2017 Road Glide with the stock Harley radio
- This kit takes the 2-channels of audio signal available from the Road Glide radio and provides 4 separate channels of amplification at 90w RMS continuous for each channel
- Amplifier mounts to the custom made stainless steel 2-piece bracket system, to provide solid and secure mounting inside the Road Glide fairing, in addition to blocking amplifier heat from being transferred to the radio.
- Custom made plug-n-play wiring harnesses, top quality heavy gauge power/ground wires, along with all necessary mounting hardware & complete installation/operation instructions all included
- Amplifier itself measures 7 1/4" X 4 3/4" X 1 3/4"

Description	WPS#
'15-18 FLTR w/ stock radio and lower fairing or rear speakers	94-1272

## XXR SERIES 330 WATT 2-CHANNEL AMP KIT

- 2-channel 330w fairing speaker amplifier kit has been designed specifically for use on the 2015 Road Glide with the stock Harley radio
- Amplifier mounts to the custom made stainless steel 2-piece bracket system
- Blocks amplifier heat from being transferred to the radio
- ROKKER XXR series amplifiers come out of the box already dialed in for this specific Road Glide speaker configuration
- Custom made plug-n-play wiring harnesses are included with this amplifier kit, top quality heavy gauge power/ground wires are used for the fused battery connection, along with all necessary mounting hardware & complete installation/operation instructions
- Amplifier itself measures 7 1/4" X 4 3/4" X 1 3/4"

Description	WPS#
'15-18 FLTR w/ stock radio	94-1273

- J&M's NEW ROKKER XXR series 6.71" speakers have been designed as exact size component/replacements for the stock 6.5"
- Spec'd at 2 ohms impedance and an impressive 300 watts maximum input (175w RMS - 91db sensitivity), these speakers provide the ultimate in raw audio power and include the new custom grills with built-in high-output tweeters
- Lightweight waterproof one-piece woven-fiber driver cone with super-rigid metal basket design
- High-density lightweight Neodymium magnet structure, specially coated to maintain flux-strength integrity even at extreme operating temperatures

- High efficiency VENTED voice-coil for improved cooling when operating at high volume levels for extended periods
- Custom speaker grills with high-output tweeters for crystal clear sound at highway speeds
- Mounting hole pattern and spade electrical connections are exactly the same as the factory specification, this is a total plug-and-play no-modification solution complete with easy to follow installation instructions
- These are THE most powerful speakers you can buy for your Harley and they will perform extremely well when used with a medium to high-powered accessory amplifier

# ROKKER<sup>®</sup> SERIES SPEAKER KITS

- J&M's ROKKER XXR series 7.25" drivers are the largest diameter speakers that can be installed into the Harley fairings, with cone volume and mass comparable to a 6X9" speaker
- Spec'd at 2 ohms impedance and an impressive 217 watts maximum input (165w RMS continuous - 92db sensitivity), these new speakers provide the ultimate in raw audio power
- This custom speaker installation kit has been designed specifically for the 1998-2013 models
- Lightweight waterproof one-piece polycarbonate driver cone with super-rigid metal basket design
- High-density lightweight Neodymium magnet structure, specially coated to maintain flux-strength integrity even at extreme operating temperatures
- High efficiency VENTED voice-coil for improved cooling when operating at high volume levels for extended periods
- Custom speaker grills with high-output tweeter & midrange for crystal clear sound at highway
- This speaker kit is NOT compatible for direct connection to the 1998-2005 Harley RSI factory radio system, without connecting an amplifier between the RSI radio and the speakers

\* For '98-05 FLTR and '12-13 CVO RoadGlide updated speaker plate adapters are needed WPS# 94-1309

# ROKKER® SERIES SPEAKER KITS

## XT SERIES

- The new three-way high-performance speaker set has been designed specifically for the rear pod position on the 2006-2013 FLHTCU/FLHTK
- Spec'd at 2 ohms impedance and 140+ watts max power
- Superior bass response, along with an extended mid/high frequency range
- Waterproof injection-molded polycarbonate woofer cone
- High-flux strength but light-weight Neodymium magnet
- High efficiency voice coil
- The latest design grillwork with mounted black-titanium tweeter and midrange drivers
- Second set of paintable grills also included
- Plug-and-play installation complete with easy to follow instructions
- Perform extremely well with the stock Harley radio system
- You won't be disappointed

## XX SERIES

- Lightweight waterproof one-piece woven-fiber driver cone
- High-output silk-dome tweeter
- Super high-density lite-weight Neodymium magnet structure, specially coated to maintain flux-strength integrity even at extreme operating temperatures
- High efficiency VENTED voice-coil & magnet structure for improved cooling when operating at high volume levels for extended periods
- Custom max-flow speaker grills for crystal clear sound at highway speeds
- Plug-and-play no-modification solution complete with easy to follow installation instructions
- These are THE most powerful speakers you can buy for your Harley and they will perform extremely well when used with a medium to high-powered accessory amplifier

## XXR SERIES

- Spec'd at 2 ohms impedance and an impressive 300 watts maximum input (175w RMS - 91db sensitivity)
- High-density lite-weight Neodymium magnet structure, specially coated to maintain flux-strength integrity even at extreme operating temperatures
- Custom bridge-mounted high-output tweeter

**These are THE most powerful 5X7" speakers you can buy for your Harley and they will perform extremely well when used with a medium to high-powered accessory amplifier.**

## BARNACLE WATERPROOF WIRELESS SPEAKER

Now you have a Bluetooth enabled speaker you can take with you anywhere to do anything! Utilizing Bluetooth 2.0 technology, your device can be up to 30 feet away in case you want to store your device in a secure location while listening to music and taking phone calls. Or, with the Plus model, you can store up to 1000 songs and not have to worry about using a phone to play music. The Barnacle speaker is waterproof, dust proof, and has the capability to answer phone calls. The speaker that is action sport capable.

- Barnacle Plus model has 4GB of storage which will store up to 1000 songs
- Barnacle Plus does not require the use of a phone or Bluetooth to play stored songs
- Durable suction cup allows the Barnacle to be mounted directly on smooth flat surfaces
- IPX68 waterproofing, when power port flap is closed, the Barnacle will withstand depth up to 6 feet for up to 60 minutes
- Fully dust proof for days on the beach, track, desert, woods, etc
- Perfect speaker for working in the garage and in the trailer
- Easy to use, turn the Barnacle on, activate the Bluetooth feature on your phone, sync the two and start listening to music
- Built in microphone for taking hands free calls
- Lasts up to 5 hours once fully charged
- Includes micro usb cable for charging
- Not intended for long term use underwater
- Handlebar mount works for 7/8" diameter bars
- Board mount has adhesive pad for flat surfaces and will lock Barnacle in place

## HIDE - A - WAY ANTENNA

- FLEXPPOWER hide-a-way is the best way to hide the CB and radio antennas on the market today
- Eliminate the rear mounted antennas on your Harley
- J&M in-fairing antenna is pre-tuned from our factory
- Is designed for the Harley Batwing or Road Glide fairing, with the factory Harley CB and/or radio
- Installation is a snap, as there are no wires to cut or splice and antenna wire lead is secured in the fairing with included double sided tape clips

Application	Description	WPS#
A '14-17 FLH models w/ CB antenna	CB fairing antenna	94-1202

## SHORTY ANTENNA UPGRADE

- If you are looking for THE Best performing shorty antenna upgrade look no further than J&M
- This new shorty antenna model from J&M comes out of the packaged pre-tuned for all AM/FM CB & WB frequencies, so that you don't need to worry about which side of the tail trunk or rear fender to mount them on
- The performance improvement compared to stock Harley is especially significant for the CB radio band transmission distance
- Installation is a snap as you simply unscrew the stock Harley antenna and screw on the new J&M shorty
- Both long and short antenna tip cover options are included, with a total overall length of approximately 17"
- Sold individually as one antenna per package with extra screw in trunk mounting stud included

# SENA 30K

## **NEW** Bluetooth™ 4.1 MOTORCYCLE COMMUNICATION SYSTEM

Sena Mesh Intercom™ technology is now here and ready to change your ride. Simply press the button on top of the 30K to turn on public mode, and you will be automatically and instantaneously connected to a virtually limitless amount of 30K users within a mile range. Intercom connections are also now more stable than ever with Sena's new Mesh Intercom™ technology. When one of a group's riders goes out of range, the rest of the group remains seamlessly connected while the 30K still intelligently searches for the lost connection and reconnects automatically once back in range. No longer will you have to worry about losing half of your group due to a Bluetooth chain linked connection of the past. With private mode you can invite and communicate with up to 16 riders at a range of up to 2.0 km (1.2 miles), while an endless amount of guests can join to listen in as well. When riding with 5 or more riders, the Mesh Intercom will intelligently keep the group connected at a range of up to 8 km in ideal riding environments (5 miles).

### FEATURES

- Mesh Intercom™
- Bluetooth 4.1
- Audio Multitasking
- Voice command
- Intercom 2 km / 1.2 miles
- Multi-way group intercom
- Advance noise control™
- FM Radio
- Remote Control
- Sena 30K Utility App and Sena RideConnected App (for iPhone and Android)

Description	WPS#

# SENA 20S EVO

## Bluetooth™ 4.1 MOTORCYCLE COMMUNICATION SYSTEM

(AVAILABLE W/ STANDARD OR SLIM SPEAKER KIT )

The 20S EVO is the next generation of the original 20S, with an updated design and improved intercom functionality and stability to keep up with your ride. The 20S EVO was designed with a fixed type, shark fin antenna as opposed to its predecessor with the flip up antenna. This sleek new antenna design improves upon intercom stability and even secures the intercom distance while updates to the hardware allow for an even more robust general performance updates.

### FEATURES

- Bluetooth® 4.1
- Audio multitasking
- Eight-way universal group intercom with ranges up to 2.0 km (1.2 miles)
- Voice command
- Advanced noise Control™
- FM radio
- Remote control

### 20S SLIM

#### FEATURES

- Same benefits and features as 20S Evo
- Slim speakers for helmets with shallow speaker pockets
- Flip-up antenna

### HELMET CLAMP KITS FOR HARLEY DAVIDSON AND UNIVERSAL SLIM SPEAKER KITS

#### HD SPEAKERS

The 20S Clamp Kit for CB/Audio Systems allows users to communicate through the motorcycles CB radio and listen to the onboard audio system.

#### FEATURES

- Communicate with the CB radio built into the onboard audio system using the clamp kits microphone. Simply push the PTT button connected to a Harley-Davidson motorcycle to say something through the CB radio.
- All sounds (including CB radio, GPS navigation or FM radio) from the onboard audio system can be mixed with 20S sound sources (intercom, MP3 music, phone etc.) This 20s clamp kit can connect to Harley-Davidson onboard audio system by the adaptor cable.
- You can use the CB/Audio Helmet Clamp with the 20S main module. Without the 20S main module, you can have the helmet clamp with the clamp cover adaptor attached and only use the CB radio and onboard audio system.
- Comes with 2 microphones included (wired boom mic and fixed boom mic)

# SENA 10S

## Bluetooth™ 4.1 HEADSET AND INTERCOM

The Sena 10S Motorcycle Bluetooth® Communication System is an upgraded version of the original SMH10 system, which has proven itself roadworthy to motorcyclists everywhere. Now in a slimmer profile, the 10S maximizes the enjoyment factor of your ride by keeping you in touch with up to four riding companions via crystal-clear HD audio, up to 1.6 km (1 mile) away, through the One Touch Group Intercom™, the 10S is the best long range Bluetooth headset. The unit also uses the Universal Intercom™ protocol so it can communicate with all Sena motorcycle Bluetooth headsets and non-Sena Bluetooth headsets on the market.

### FEATURES

- Bluetooth 4.1
- Universal 4-way group intercom with ranges up to 1.6 km / 1 mile
- Smartphone app
- Advanced noise control™
- Voice prompts
- Versatile job dial
- FM Radio

# SENA 10R

## Bluetooth™ 4.1 HEADSET AND INTERCOM

Low profile, yet rich with high-performance features, the Sena 10R lets riders make hands-free phone calls, listen to music, get GPS directions, and have full-duplex intercom conversations with other riders in crystal-clear audio quality through the stereo Bluetooth® headset. Ultra slim and featherlight, it's a particularly good choice for riders who want to concentrate on their riding technique and minimize fuss factor.

### FEATURES

- Bluetooth 4.1
- Universal 4-way group intercom with ranges up to 900 m / 1/2 mile
- Music sharing
- Voice prompts
- FM Radio
- Advance noise control™
- Light weight and ultra slim
- Ease of use with or without remote control

### INCLUDED:

**Bluetooth® Handlebar Remote Control.**

The innovative Bluetooth® Handlebar Remote puts the controls where you can easily see and use them with a gloved hand, without interrupting the rhythm and safety of your ride.

# SENA 10C Bluetooth™ 4.1

## COMMUNICATION SYSTEM WITH BUILT IN ACTION CAMERA

The 10C is the world's first look at a fully integrated Bluetooth helmet communication system and HD camera rolled into one powerful device. It's capable of full HD video (1080p:30fps and 720p:30/60fps) with 3.5 MP still shot image capture and shot, burst and time-lapse photo modes. Built to handle with ease the rigorous demands of outdoor sports, motorsports, and first responders, it is the complete solution for in-helmet communication and action videography under challenging conditions.

# SENA 3S

## Bluetooth™ 3.0 HEADSET AND INTERCOM

**RIDE CONNECTED**  
mobile APP available

The 3S is a Bluetooth 3.0 stereo headset with Bluetooth intercom designed specifically for motorcycles. With the 3S, you can call handsfree on your Bluetooth mobile phone, listen to stereo music, and have two-way intercom conversations in full duplex with a passenger or other riders.

Thanks to the latest Bluetooth 3.0 and the advanced digital signal processing technology, the 3S offers the best sound quality for both incoming and outgoing sound in its class. Also, the easy-to-access and intuitive two-button operations make the 3S a perfect companion for motorcycles.

### FEATURES

- Bluetooth 3.0.
- Bluetooth Intercom between 2 people including Bike-to-Bike and Rider-to-passenger up to 200 meters (220 yards) in open terrain.
- Bluetooth pairing for dual mobile phones.
- Voice prompts.
- Bluetooth stereo headset by A2DP.
- Bluetooth music playback control by AVRCP: play, pause, track forward and track back.
- Easy operations by two-button.
- Bluetooth handsfree for Bluetooth mobile phones.
- Crystal clear and natural sound quality.
- Talk time: 8 Hours Standby: 7 Days.
- Individual volume control for each audio source.
- Installation friendly unbody design.
- Firmware upgradeable.
- Peace of mind – thanks to the two-year warranty.

**UCLEAR** AMP PLUS HELMET AUDIO SYSTEM

Amp Plus took the foundation of our ground breaking HBC series, amplified it with a faster more powerful processor, upgraded the connection to powerful Bluetooth 4.2 and added our new Boost Pro microphone speaker system. The AMP Plus is the Bluetooth audio system of choice for any power sports or Motorsports enthusiast. The AMP Plus includes our full duplex intercom technology, which allows you to connect up to 4 other AMP Plus users. Enjoy Studio quality Audio, with deep bass and clear voice. Our patented noise cancelling ABF technology eliminates most external noise and our DSP algorithms triangulate your voice's "Sweet Spot" for exceptional sound clarity during voice communication. So chat it up as you head down the highway or rock out solo to your favorite band the Amp Plus has you dialed.

**PRODUCT FEATURES:**

**6 person intercom mode**  
Six user full duplex private intercom

**Multi-hop technology**  
Multi-hop uses each rider to extend intercom range, the more riders longer the range

**Clearlink app**  
Free Smartphone app with tools to customize and update your amp settings anytime, anywhere

**New faster amp processor with more reliable Bluetooth 4.2**  
Holds 10 times more data at up to 2.5 times faster speeds than previous version

**Multi point connectivity**  
Connect to multiple Bluetooth devices such as GPS systems and smartphones

**Boost pro speaker microphone array**  
Multi-position microphones with bass boosted hi-definition audio

**Hands free voice activated call pick up**  
Take those incoming phone calls with a simple "hello"

**Patented boom-free dual microphone**  
Exclusive dual boom-free speaker microphone array for exceptional voice clarity

**ABF® technology**  
Our patented system eliminates most road and engine noise

**Cross brand compatibility**  
Intercom connect to most Bluetooth helmet communication systems

**Industry's most portable system**  
Transfers easily from helmet to helmet with accessories for any helmet style

**Weather resistant**  
Ride with confidence in wet, cold or warm conditions

- Single System Includes**
- (1) Amp Plus Controller Unit
  - (1) Boost Pro Speaker/Mic Array
  - (1) Permanent Mount
  - (1) Temporary Mount

# OFF ROAD ADVENTURE SYSTEM

With UCLEAR Digital's Off-Road Adventure System you can stay connected to what matters most no matter where your adventure takes you. Now you can have all the great features for music, intercom, calls and GPS without the helmet! Great for Jeeping for your ATV/UTV, Hiking, Fishing,...Now you can go Anywhere with UCLEAR.

### GENERAL SPECIFICATION (HBC 100 PLUS)

- Bluetooth 2.1
- Firmware Upgradable
- Profiles: HFP, SP, AVRCP, A2DP, Intercom
- Battery: Lithium 10hr Talk Time / 3 week Standby
- Operating Temp: -20C (-4F) to 60C (140F)
- Weather Resistant
- Size: 60x40x18mm (2.9 x 1.75 x 1in)

### GENERAL SPECIFICATION (ANYWHERE HEADSETS)

- Headphone Speaker: 30mm (1.18in)
- Impedance: 32ohm
- Sensitivity: 108db+3db
- Frequency Response: 20khz
- Dual Embedded Microphone
- Microphone Impedance: <58db +3db

### PRODUCT FEATURES:

- Anywhere Headset features Studio Quality Sound
- Collapsible Headset for Easy Storage
- Headset Works with Headphone Jack of any MP3 Player or Phone.
- HBC 100 Plus uses the latest Bluetooth technology allows you to make and take cell phone calls, connect directly with another user, and listen to your favorite music.
- Full-duplex intercom system allows 4 riders to communicate at a distance of up to 500 meters (0.36 miles) each simultaneously.
- Make sure they hear what you're saying. Boom-Free microphone with integrated high-quality speakers, and noise suppression and patented ABF® technologies eliminate road and engine noise and other ambient sounds for clear conversations.
- HBC 100 Plus Firmware upgradable. With our latest firmware you can connect to other brand Bluetooth helmet communicators and enjoy multi-point connectivity to multiple devices.
- Ride in any weather our HBC units are water, heat and cold resistant.
- Operating temperature of -29°C (-20°F) to 60°C (140°F) ensures reliable operation even in extreme weather.
- Voice-activated pick-up allows hands-free operation of incoming phone calls.

#### Mercedes Grain leather seating surface:

- Leather has a special WATERPROOF finish to repel water
- Heavy Texture grain for great looks & long term durability
- Each leather hide is cut by hand to create the best hide for each individual saddle

#### Automotive Grade Vinyl Side Panels:

- Vinyl is used on the sides of the seat because it can expand & contract continuously with the seat
- Automotive grade vinyl used to deter abrasion
- Passes automotive UV application standards
- Passes automotive mildew standards

#### Full Felt Bottom:

- Provides a nice finish to the entire bottom side of the seat

#### Premium Open Cell Foam Cushion:

- Offers added support & comfort for a great ride
- No break in period needed
- The Premium Open Cell Foam used resists all breakdown & foam degrading

#### Zinc/Chrome Plated Mounting Hardware:

- Prevents rust

## TOURING/ BAGGER SEATS

### CAFÉ 2-UP XL

- Low, thin & fast!
- Shaped leg passage for narrow fit
- Excellent lower back support
- Streamline, tapered seat back is great for a quick ride home for your passenger

### HIGHWAY 2-UP XL

- The low riders position combined with the large comfort seating for the passenger came together to create the ultimate in a low profile touring seat
- Narrowed-leg passage for slim front fit
- The deep bucket riders saddle offers excellent lower back support
- Standard or flame stitch patterns

### ROADTRIP 2-UP XL

- Low, deep & well cushioned the RoadTrip 2-Up XL is the ultimate touring saddles
- Riders saddle is deep comfortable for long rides and has a narrowed leg passage for a trim fit
- Large comfortable passenger seating
- Standard and flame stitch patterns

[See page 92 for application chart](#)

**TOURING/ BAGGER SEATS CONT'D...**

**RIDGEBACK PILLION**

- Integrated form fit to RidgeBack solo seat
- Visible center "Ridge" for custom fit
- Large suction cups & zinc/chrome plated mounting hardware
- Standard or flame stitch patterns
- 9" wide seating surface

**KING SOLO**

- Deep bucket design for added comfort
- Low, deep riding position with center support "Ridge" brings rider deeper into the saddle for a custom fit
- Superior lower back support
- Shaped leg passage for a narrow fit
- Standard or flame stitch patterns

**Mercedes Grain leather seating surface:**

- Leather has a special WATERPROOF finish to repel water
- Heavy Texture grain for great looks & long term durability
- Each leather hide is cut by hand to create the best hide for each individual saddle

**Automotive Grade Vinyl Side Panels:**

- Vinyl is used on the sides of the seat because it can expand & contract continuously with the seat
- Automotive grade vinyl used to deter abrasion
- Passes automotive UV application standards
- Passes automotive mildew standards

**Full Felt Bottom:**

- Provides a nice finish to the entire bottom side of the seat

**Premium Open Cell Foam Cushion:**

- Offers added support & comfort for a great ride
- No break in period needed
- The Premium Open Cell Foam used resists all breakdown & foam degrading

**Zinc/Chrome Plated Mounting Hardware:**

- Prevents rust

Mercedes Grain leather seating surface:

- Leather has a special WATERPROOF finish to repel water
- Heavy Texture grain for great looks & long term durability
- Each leather hide is cut by hand to create the best hide for each individual saddle

Automotive Grade Vinyl Side Panels:

- Vinyl is used on the sides of the seat because it can expand & contract continuously with the seat
- Automotive grade vinyl used to deter abrasion
- Passes automotive UV application standards
- Passes automotive mildew standards

Full Felt Bottom:

- Provides a nice finish to the entire bottom side of the seat

Premium Open Cell Foam Cushion:

- Offers added support & comfort for a great ride
- No break in period needed
- The Premium Open Cell Foam used resists all breakdown & foam degrading

Zinc/Chrome Plated Mounting Hardware:

- Prevents rust

## SPORTSTER 48 SEATS

### RIDGEBACK SOLO

- Visible center support "Ridge" designed to custom fit a rider's body, bringing the rider into the saddle
- Low seating position with shaped leg passage for a narrow fit
- Added Lower back support
- Standard or flame stitch patterns

### HIGHWAY 2-UP

- Low and deep for the rider plus great daily use comfort for the passenger
- Sleek look while still offering comfortable passenger ride
- Shaped leg passage for narrow fit
- Standard and flame stitch patterns

## SOLO SEATS

Sully's Customs, known for building some of the finest bobbers out there have come out with a line of fine US made solo seats. These seats are hand crafted from durable vinyl on 3/4" foam for that slim look while still retaining rider comfort. Choose between different classic stitch patterns and traditional smooth designs. Available in three colors. Mount using front seat hinge and springs (sold separately).

Seat Type	Black	White	Red
A Traditional	880-10100	880-10103	
B Diamond Stitch	880-10101	880-10104	880-10106
C Tuck & Roll	880-10102	880-10105	880-10107

A

B

C

Red

White

## SIGNATURE SOLO SEATS

These seats are the newest addition to Sully's Customs line of solo seats. Additional stitching and inlays set them apart and add that extra touch. Made in the USA from the same quality materials that Sully's seats are known for.

Seat Type	Black
A Tuck & Roll	880-10150
B Arch	880-10151
C Diamond	880-10152

## SOLO SEAT MOUNTING KITS

These kits make the clean installation of a sprung solo seat a cinch. The kits include a frame cover, front seat mount, springs, (unless solid mount application) rear bracket and hardware. Suitable for most solo seats (sold separately) with 7" spring mounting post spacing.

- Black steel brackets
- Black gel coated fiberglass frame covers
- 2" seat springs (where applicable) included

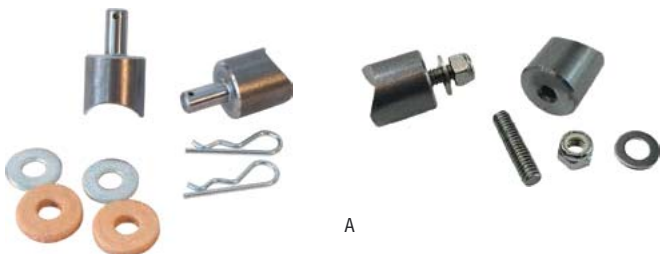

Application	WPS#
A Softail Models '08-Up (w/swingarm mounted fender)	750-01017
B Softail Models '08-Up (except Slim and Blackline)	750-01016
C Softail Models '07 only (except Deuce)	750-01015
D Softail Models '00-06 (except Deuce and models w/200mm tire)	750-01014
E Dyna Models '06-Up	750-01010
F Dyna Models '91-05 (spring or solid mount)	750-01011
G Sportster Models '04-06 and '10-Up (spring mount only)	750-01012
H Sportster Models '04-06 and '10-Up (solid mount only)	750-01013

## SOLO SEAT MOUNTING KIT

- TC Bros. Choppers solo seat spring mounts are CNC machined from 1018 cold rolled steel and are ready to weld on
- Stud is 3/8" diameter and base is 1" diameter with a 1 1/8" radius coped into the mount
- Easily fits 1" and 1 1/4" cross tubes
- Includes a pair of hairpins, steel washers, and leather washers to keep your springs quiet and protect your paint
- The pivot bracket is made from one piece of 3/16" steel for the ultimate in strength and simplicity
- Long slotted holes permit a wide range of fitments and allow for adjustability

- The bracket is a black powdercoat finish for durability
- The weld-on pivot mount is raw finish steel and ready to weld
- The hardware is stainless steel
- The replaceable bushings are oil impregnated bronze for a squeak free ride and very long life.
- Fitment possibilities are nearly endless

## AIR RIDE SOLO SEAT BRACKETS

- This kit provides the ultimate in comfort, vibration dampening, and adjustability for your hardtailed chopper or bobber
- Single or dual compact rubber air springs available
- The air spring uses a bicycle style schrader fill valve
- Easily inflate the air spring from 1psi-100psi depending on rider weight and desired firmness
- This kit gives you a 2.1" length of travel comparable to a set of 3" seat springs but with better vibration damping
- No "metal on metal" contact!

- Slotted mounting holes on the 1/4" thick steel seat bracket allows universal fitment
- The seat bracket is powdercoated black for durability
- Weld-on frame mounting bracket is formed from one piece of steel
- The frame mounting bracket is coped for perfect fitment on 1 1/8" diameter frame tubing but can easily fit 1" or 1 1/4" crossmembers as well
- The frame bracket is raw finish mild steel for easy weldability

## RIGID SEATS

TC Bros. Cobra hardtail chopper seats feature quality American construction and timeless looks. Handmade in the USA, these seats are designed to be a perfect fit to our 1982-03 Sportster weld-on hardtails using our mounting kit, fender, and sissy bar (sold separately). Six 5/16-18 threaded mounts on the heavy 14 ga powder coated steel seat pan make it possible to fit these seats to many other hardtail frames as well. Hand stitched from 100% Marine grade vinyl, these seats look like leather but without the maintenance.

### RIGID SEAT MOUNT KIT

Everything you need to mount your TC Bros. King Cobra Seat. Weld on bracket is coped to fit our Sportster hardtail perfectly. Mounts are slotted if you want to use this for a universal/custom use.

Description	WPS#
King Cobra Seat Mount Kit	<b>563-01211</b>

## REAR SEAT PADS

Nothing will ever provide long distance riding comfort for the motorcycle passenger like a full size seat. The posterior support of a large 13" wide seating area is complemented by an ergonomically correct shape that eliminates pressure on the tail bone!

The ButtyBuddy motorcycle seat provides passengers on-demand comfort when riding on bikes with small pillions or bare fenders. The portable 3 piece seat comes with its own tote and snaps together in seconds, providing correct shape and width necessary for enjoying those long road trips. Thousands have been freed from serious numb-bun pain, and ButtyBuddy will work for you too. This isn't just another motorcycle seat pad, it's a ButtyBuddy!

- **WIDTH** - Butty Buddy is a huge 13.5 inches wide. That's wider than 86% of the pillions on expensive aftermarket seats. Gel pads and Air cushions cannot increase seating width
- **SHAPE** - Butty Buddy's ergonomic shape minimizes pressure at the tail bone. 90% of all aftermarket seat pillions are shaped wrong. Pads and cushions cannot modify seat shape
- **WARRANTY** - ButtyBuddy is unconditionally warranted for a lifetime. Very few expensive aftermarket seats, gel pads or air cushions dare to offer a warranty like ours

## SEAT CUSHIONS

Developed by a pioneer in the medical industry, the technology used in the Airhawk seat cushion was originally developed to prevent pressure injuries of patients who were bed-ridden or confined to a wheelchair. By using interconnected cells, the Airhawk cushion can adapt to the individual contours of the rider, and distribute weight in a way regular seats and pads can't. The non-slip surface on the underside of the pad sits securely on the top of the seat, and also comes with attachment loops for semipermanent mounting and security.

### The last mile will feel like the first!!

- Stress Relief design features reduced pressure points on the tail bone, scrotum and prostate areas
- Cell heights on front lowered for better leg passage
- Ergonomically form fitting design allows better conformity to a multitude of seat shapes and sizes
- The cover is a breathable spacer mesh cloth material w/red vinyl accent, non-skid bottom material
- The inner bladder is manufactured out of Polyurethane
- Airhawk seat cushions have a 2 year warranty

#### Available in six sizes:

- Cruiser R Small: will fit Sport Touring, Sport Bikes, Dual Sports, Standards, and non-Touring Harleys
- Cruiser R Large: Big Cruisers, H-D Touring models and non-H-D Touring models.
- Medium cruiser: fits Big Cruisers, Sport Touring, Standards, and Non-Touring Harleys
- Cruiser pillion: fits passenger seats of Sport touring, Dual Sport, Standards and Non-Touring Harleys.
- DualSport: fits dual sport bikes as well as hard-to-fit seats where the Cruiser and Medium Cruiser are too wide and the Small Cruiser is too long

## MOTORCYCLE LUGGAGE SYSTEM

- Mix and match each luggage to take only the amount of storage you need
- The unique attachment mechanisms let each bag connect to one another to “build” more luggage storage when you need it
- Attaches to virtually any bike and a wide variety of luggage racks and backrests
- Pack for weekend trips or add more for week-long rallies
- Convenient “His and Hers” luggage set-up
- Easily separate clean from soiled clothes
- Store “wet” gear or bike cover used from “dry” clean clothes and other items

- Separate “riding gear” from “destination items” for added convenience
- Made from durable 1680 polyester
- Each piece includes a rain hood
- Rain hood is made from 300 denier polyester with heat taped waterproof seams

### UNIVERSAL RAIN HOOD

- Protects virtually all sissy bar mounted luggage from the elements
- Unique compression system for a snug fit regardless of the luggage size
- 300 denier polyester with heat taped waterproof seams

## TOURING BAGS

WPS#

E 27-6351

F 27-6352

### E. FRENZY TAIL BAG

- Bag can be mounted directly on the rear fender, rear seat or luggage rack
- Water-resistant zippers throughout
- MOLLE webbing for modular pouch attachment
- Four 1" quick release buckles for mounting
- Large external pockets
- Black reflective piping for nighttime visibility
- No conversion straps required to mount additional bags on top
- Abrasion resistant non-slip material on bottom of bag
- 16L capacity
- Rain cover included
- Exterior Dimensions 10" x 10" x 10"

### F. MESSENGER

- The perfect messenger bag for work and play
- Water-resistant zippers throughout
- Features mounting straps for sissy bar or luggage rack
- Padded reinforcements throughout, carry handle and shoulder strap
- Soft lined external pockets for delicate items
- Black reflective piping for nighttime visibility
- Multiple internal pockets for laptop (up to 15"), tablet and other items
- Exterior Dimensions 16.5" x 12.5" x 6.75"

### SVT-750 / SVT-250 ALL-WEATHER SURVIVOR

- Electronically heat welded seams makes this bag 100% waterproof
- Air tight roll closure ensures no water enters the bag
- Compression straps easily adjust to volume of content
- Made from waterproof and durable 24oz Tarpaulin PVC
- Firm internal base plate helps support bag
- Coated outer material prevents slipping or marking
- Hi-Visibility reflective accents
- Attaches using our unique "Full-Nelson" mounting system
- Included roll bag can be mounted separately
- Includes a Lifetime "No Hassle" warranty
- Available in Black
- Main compartment measures: 16"L x 10"W x 18"H;
- Roll bag compartment measures: 16"L x 10"W x 8"H
- Dimensions for both bags (exterior): 16"L x 10"W x 26"H
- Main bag holds 47.20 Liters / Roll Bag holds 20.98 Liters

## SADDLE BAG COOLER

- Bag Size 17x5x11
- The Ultimate Soft-Sided Cooler now makes a Slant Cooler that fits in your Saddle Bag
- For those long rides in the heat, you will now have cold beverages when you stop. When your not using it as a cooler, use it as a duffel bag for your clothes

- Get the cooler everyone is talking about
- Holds ICE longer than any other soft cooler
- Guaranteed not to leak or sweat

**WPS#**  
**45-27119**

# Cruiseline<sup>™</sup>

## QUICK RELEASE SADDLEBAGS

- Easy-to-use, quarter-turn fasteners for no-tool removal of the saddlebags from the mount frames in just seconds!
- A keyed, push-button lock is recessed into the lid
- Lids are hinged in the front and swing forward for easy access to the interior
- Tight-fitting seals conform to the shape of the lid to keep the elements out
- Mount Kits are custom engineered for each model bike to exact specifications and are guaranteed to fit
- Cruiseliner<sup>™</sup> are painted gloss black and ready to mount or custom paint to match your bike

Bags and Mount Kits sold separately. Mount kits available in Black Powdercoat or Chrome, depending on application. Kits include saddlebag mount frames, hardware and instructions.

Quick release quarter-turn fasteners are located inside the bags for easy, no-tool saddlebag removal in seconds.

### Which Cruiseline Style is Right For You?

Choose the "pocket back" style (562-40100) if you wish to retain the stock turn signals mounted on the rear of the fender struts. These bags feature a cutout for turn signal clearance.

If you decide to use an OEM or aftermarket turn signal relocation kit, or if your turn signals have already been mounted by the taillight, you can use the "smooth back" style (562-40101).

National Cycle's 562-40836 (shown above) for late model Sportsters<sup>®</sup> includes all the hardware required for turn signal relocation. With 562-4083C, you can choose the turn signal placement and Cruiseline saddlebag style that's right for you.

# XL883N, XL1200N, XL1200V and XL1200X require HD part number 562-41004 License Plate Relocation Kit.

† 562-40101 smooth-back bags may be used when eliminating the turn signal stalks. All hardware provided mount kit.

§ The Bad Boy is all black, the turn signal relocation bracket is chrome plated--the owner may want to paint this bracket to match the motorcycle.

@ The Fat Boy comes with a "Shotgun" style exhaust. In order to use 562-4084C, a low exit exhaust must be used. Staggered dual exhaust is OK. The turn signal relocation bracket will work, but the assembly method for the turn signal is different than the FX Softails and is not documented in the instructions

‡ 562-40101 Smooth Back Saddlebag can be used as long as the turn signals are dealt with in a suitable manner.

## GENUINE LEATHER LUGGAGE

The Willie & Max Leather Luggage Series is a classic design, made in Wisconsin with the same premium cow hides that are used to make OEM bags. 100% Genuine Leather designed and made in the USA

### SADDLEBAGS

- These American hard mount motorcycle saddlebags, must be used in conjunction with a saddlebag bracket system
- Large size gives you plenty of room to carry everything you need wherever the road may take you
- Interior is supported with a plastic liner to help keep the bag from sagging
- Quick release buckles hold the outer flap down while the black buckles give a modern look to the bags
- Includes two bags
- Ventura- Exterior Dimensions 11" x 13" x 8"
- Montana- Exterior Dimensions 11" x 13" x 7"
- Mighty Legend- Exterior Dimensions 11" x 13" x 7"

### WINDSHIELD BAGS

- The size makes it ideal for small items like tools, gloves, sunglasses or other small items you may take on the road with you
- These are available in high or low mount versions, and are available to fit Harley-Davidson or Metric windshields
- Chrome, turnbuckle style closure
- Exterior Dimensions 5" x 10.5" x 3.5"

### FORK BAGS

- This is an authentic retro American leather fork bag made with 100% leather
- The size makes it ideal for small items like tools, gloves, sunglasses or other small items you may take on the road with you
- The bag can be mounted to a variety of locations on your bike, including the swing arm, rear fender support and other places that have structure to support the bag
- Mounted with leather straps to the front fork of your motorcycle or other locations
- Uses traditional belt buckles to close the bag
- Exterior Dimensions 5.5" x 10" x 4"

## SKATE SACK SIDE BAG

Never be caught without your second set of wheels. Our new Skate Sack makes transporting your other ride even easier. These bags are made inside-out to optimize structure and space, and the adjustable mounting straps allows it to fit on a number of bikes (see photos). As always, the Skate Sack is made in the U.S.A with all-American leather and hardware.

Description	WPS #
Skate Sack LEFT	<b>811-30200</b>
Skate Sack RIGHT	<b>811-30203</b>

## SPORTY SACK SIDE BAG

The sporty sack is the perfect bag for every Sportster. It's nice to have somewhere to store some tools, your paperwork, and a small jacket, whatever it may be. The design of this bag is big enough for storage but small enough to maintain the look of the bike. The sporty sack can be mounted in 2 ways, you can use the adjustable leather straps to attach around the fender strut or the stationary straps with grommets attached to the fender strut bolts. The bag will fit 1957-Up Sportster applications. We have left, and right side available to order.

PLEASE NOTE: Bag may not fit all leather jackets.

Description	WPS #
Sporty Sack, Left	<b>811-30201</b>
Sporty Sack, Right	<b>811-30202</b>

## DIY SISSY BARS

Kit includes a precision CNC bent sissy bar hoop, axle plate mounting tabs, 3/8-16 threaded radius bungs, mounting bolts, and leather washers to protect your paint. Simply trim the hoop to your desired height and weld the included tabs and bungs to the hoop. The hoop is constructed from premium 1/2" diameter 1018 cold rolled American steel for high strength and easy welding. The threaded radius bungs allow for mounting bolts to be hidden on the underside of your fender for a professional looking installation. Universal design is perfect for both flat or round profile rear fenders and proudly made in the USA!

## HANDLEBAR RISERS

Forbidden Motorcycles risers feature a 1-1/8" clamping area for MX style bars. They come in 9" and 11" heights and raw or black anodized finishes. The top clamp is a one piece construction for extreme stability and durability. The FM logo is machined into the T 6061 aluminum. The risers are pre-drilled for internal wiring for a super clean assembly, we also offer FM moto bars by Fly Racing with 1" ends for HD controls and pre-drilled holes for internal wiring to bolt directly onto these risers!

## MOTO STYLE BARS WITH 1" ENDS

These moto style bars are designed by Forbidden Motorcycles and made by Fly Racing! They feature the moto typical 1-1/8" clamping area but taper down to 1" to accommodate stock Harley hand controls, eliminating the need to sleeve them. They are pre drilled for internal wiring, including the holes to run wires through the FM risers. Bars are 32" wide, pullback is 3" and rise is 2.5"

## OG SLIMS RISERS NEW

Forbidden Motorcycles introduces their NEW OG Slims risers. Still sporting that no non-sense, aggressive look and feel, available in both 9" or 11" rise and your choice of black anodize or raw finish. The new OG's are made from super strong T6061 aluminum with the famous FM one piece top clamp for extreme stability. You asked and Forbidden listened, the OG's are now designed so you can run your favorite MX style bar with a 1" clamping area and OG's use the OEM bolt pattern on the top clamp so you can run the stock Dyna and Sportster gauge mounts.

## SMART GIMPS

No one knew the Gimps would eventually grow rounded corners! Check out the Smart Gimps, the newly designed Gimp Hanger, with a new flare to them. These gimps go off the same shape and feel you get with the traditional gimp hangers but they have rounded corners like an original ape hanger.

	Chrome	1"	4.5"	32"	2"	<b>811-30033</b>

## INTERNAL THROTTLE

Fully machined out of mild steel and covered with a black oxide coating to prevent rusting. Both bearings inside the throttle are stainless steel. Three features of our sticky throttle make it a cut above the rest, # 1 being the fact that it's made by Nash Motorcycle Company right here in the good Ol' USA. # 2 being the fact that there is no other throttle on the market that you can actually have cruise control with. This internal throttle can also be run without the cruise control option, by removing the nylon insert. # 3 ease of installation. Our throttle can be installed by anyone that has a saw and a couple Allen wrenches. Please read installation instructions for more details on how to install. The cable offered has a 83" overall length and 69" housing length for anything from drag bars to gimp hangers.

Description	WPS #
Internal Throttle Right	<b>811-30110</b>
Internal Throttle Left	<b>811-30111</b>

# REAPER APE HANGERS

- Combine comfort with attitude
- Drilled for internal wiring
- Made with double wall construction

- Manufactured to make sure the inside corners are smooth so the electrical doesn't get hung up during installation
- Available in show Chrome or Satin black powder coat

**TOP CLAMPS** **NEW**

- The Carbon Inlay series uses real carbon fiber inlay. Due to properties of carbon fiber, the laser cut edge is perfectly imperfect. Each top clamp is unique and exquisite. These top clamps are machined from aircraft grade 6061 T6 billet aluminum.
- They are a direct replacement for your stock top clamp and sport a clean aggressive look. Fit '74-later XL, FX, FXR, FX Dyna® and FX Softail® models that have no gauges attached to the top clamp. For use with 1.0" diameter handlebars.
- Machined from aircraft grade 6061 T6 billet aluminum

## 1.25" HANDLEBAR RISERS

- Designed for handlebars with 1.25" clamping area (will not work with 1" clamping area)
- Billet aluminum chrome

- Sold in pairs
- Come with upper clamps and necessary hardware
- Require 1/2"-13 coarse riser bolts

	Description	WPS#
A	Fat Bar chrome 5" tall risers w/ separate top clamp	820-54521
	Fat Bar chrome 5" tall risers w/ 1 piece top clamp	820-54522
B	Infinity Risers 1.5" tall risers w/ separate top clamp	820-54520

## PIVOTING HANDLEBAR RISERS

Rox unique patented riser design allows you to pivot the riser in the original clamps and pivot the bar orientation in the top clamps of the riser. This provides an incredible amount of bar positions for you to find the right height and pull-back for your riding position and stature. Rox Risers are incredibly universal with their 2 piece design; clamped into virtually any 1" diameter clamps and then reclamping the bar directly above that, on its original clamping area.

- Machined from 6061-T6 billet aluminum, made for 1" diameter handlebars
- Available in chrome or anodized black
- Universal (2-piece) design attaches to nearly any bar or clamping area with a 1" diameter
- Chrome risers come standard with chrome bolt head buttons
- Re-routing of stock lines and cables or longer lines and cables may be necessary on certain bikes
- 2" center to center height, sold in pairs
- Made in the U.S.A.

Description	Black	Chrome

## KNURLED GRIPS NEW

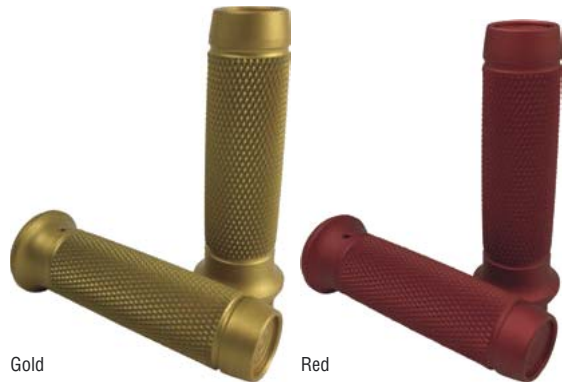

These knurled grips are the pinnacle of grip and performance. Do you ride hard, wheelie from time to time, do the occasional hole-shot? If so, you need these grips. Aggressively knurled for maximum grip. Slight raised arc to fit perfectly in the palm of your hand. Plus, they look amazing!

## LEATHER GRIPS NEW

Your hands engage with your bike on a more personal and tactile level than the rest of your body. They control your bike. Shouldn't your grips be amazing?

Like the leather wrapped steering wheel of a premium automobile, our uniquely designed, precision crafted and hand stitched leather wrapped grips deliver an experience like no other.

First they are CNC machined from billet aircraft grade aluminum with a recessed knurled surface to ensure the leather will not slide or twist. The leather is laser cut to shape then the pattern embossed. Next the leather is dyed & airbrushed. Finally the grips & leather have bonding agent applied. The leather is glued and skillfully hand stitched around the grip.

# UNIVERSAL THROTTLE KITS

- Perfect for installing a push-pull S&S Super E or G carburetor on 1981 and earlier models that used an OEM pull only throttle assembly on a 1" handlebar
- Designed to work with S&S Super E and Super G carbs using the butterfly bracket
- Cables included in the kit have 90 degree elbows
- Kits include a push/pull screw in style throttle assembly for use on 1" handle bars
- Cable lengths provided with each kit include the vinyl portion of the cable and the step cap into the carb, elbows are not included in lengths
- Throttle cables have 3.75" of free length, idle cables have 4" of free length

## HAND DEFLECTORS

- Hand Deflectors are an economical, easy-to-install solution for keeping your hands warm and dry
- Coupled with a windshield, Hand Deflectors protect your entire upper body from cold wind and rain
- Mounts easily and securely to bike's mirror mounts, yet allows plenty of room for brake/clutch lever movement
- Made from High Impact Acrylic, with mounting hardware in chromed steel and black powder coated steel

## VISION HANDGUARDS

The Vision Handguard is an innovative guard, fitted with adjustable LED lights (LED for low power consumption), giving you effective, additional light for extreme conditions. The handguard is mounted to the end of the bar and has an on/off switch, which can also be mounted on the handlebars. A great solution for an off road bike, atv, or dual road. Comes complete with a universal mount kit.

## LATE XL FORWARD CONTROLS

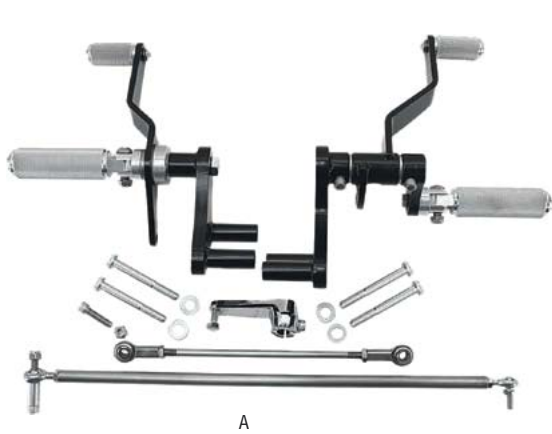

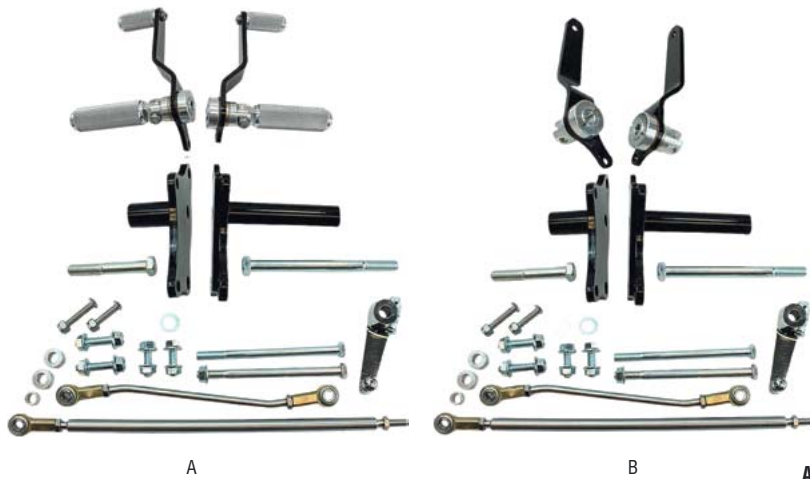

TC Bros. Choppers bolt on forward controls to fit all 883 and 1200 Sportster models from 2004-2013 proudly made in the USA!

Kit features CNC machined 6061 aluminum folding footpegs with a knurled, non slip finish for great looks and performance. Heavy duty steel mounting brackets are TIG welded and powdercoated satin black for durability. Stainless steel linkage rods provide smooth shifting and corrosion resistance. Highly detailed mounting instructions allow for simple installation. All pivot points utilize oil impregnated, precision fit bronze bushings for long life. Foot position is the same as a set of OEM Harley forward controls for an all around, comfortable ride.

Application	Description	WPS#

B	Forward Controls (No Pegs)	563-01007

## XL FORWARD CONTROLS

USA made bolt on forward control kit features CNC machined 6061 aluminum folding footpegs with a knurled, non slip finish for great looks and performance. Heavy duty steel mounting brackets are TIG welded and powdercoated gloss black for a highly durable finish. Kit includes detailed mounting instructions, stainless steel linkage rods, as well as everything your need to bolt these to your Sportster, whether it came with factory mid controls or factory forward controls. All pivot points utilize oil impregnated, precision fit bronze bushings for long life. Foot position is the same as a set of OEM Harley forward controls for an all around, comfortable ride.

A 91-03 XL Models	Forward Controls	563-01004
B	Forward Controls (without pegs)	563-01005

## UNIVERSAL REARSETS

Loaded Gun Customs aluminum universal fit, bolt on rearsets by TC Bros. Choppers. Can fit virtually any bike if you make mounts and shift/brake linkage rods. Rearsets feature CNC machined 6061 aluminum pegs with precision fit oil impregnated bronze bushings. Each lightweight rearset weighs only 9oz. The pegs are knurled for extra grip. They also include stainless steel mounting bolts that thread into the pegs. Universal linkage kits are not included. These are perfect for Cafe Racer styled bikes and are proudly made in the USA!

Application	WPS#	
Custom Applications	563-01003	

## NOMAD FOOT AND SHIFT PEGS

TC Bros. Nomad Foot Pegs mount directly to your stock Harley female foot peg mounts. Great for use on late-model Harley-Davidson forward controls or even mid-control replacements. High quality, non-slip, knurled finish pegs are CNC machined with a radius end for great looks. Proudly made in the USA! These are also direct replacements for TC Bros. Harley forward control kits.

## UNIVERSAL FORWARD CONTROL KITS

- Universal forward controls available with and without mounting kit
- Kit includes a pair of universal forward controls and material to make mounts for them
- They can be used to fit virtually any bike
- CNC machined aluminum pegs (knurled for extra grip)
- The mounting plates are 5/16" thick raw steel and the spacers are heavy duty 1/4" wall seamless DOM steel tubing
- You can make bolt on mounts or just weld them to your frame
- Custom shapes can be cut for the unique look that you are going for
- Perfect for custom choppers and bobbers or even stock bikes!
- **KIT INCLUDES:** two 24" Long 5/16" threaded rods, four 5/16" ball joints, two 5/16" ID x 1/2" OD steel tubes\* (to cover rod threads and increase rigidity), eight 5/16" jam nuts, four nylock nuts, and four flat washers.

	Mid Controls, no pegs	<b>563-01008</b>

## SPORTSTER FORWARD CONTROL EXTENSIONS

These +6" forward control extension plates are machined from 6061 T-6 billet aluminum and powder coated gloss black to match your frame. The shift & brake rods are polished stainless steel. They bolt to the frame where the stock Sportster forward controls mount. The shift & brake arms as well as the foot pegs then mount 6" forward from the stock location helping people with a long inseam stretch out.

## FOOT PEGS NEW

### BBMX PEGS

These pegs are designed with you in mind. Kick ass design with high functionality. Precision machined from aircraft grade 6061 T6 billet aluminum and anodized. Included with adjustable chrome plated steel clevis. They are light weight and strong. The outermost edge is tapered underside to optimize lean angle on BBMX and Meat Hooks with Brass Balls logo located on the underside.

- BBMX pegs measurements: 3.5" L x 2.5" W x 1" H
- Meat Hooks pegs measurements: 4.40" L x 2.5" W x 1.01" H
- Muzzle Break pegs measurements: 4.06" L x 1.38" W x 1.14" T

## MOTO STYLE PEGS

- Machined from 7075 T6 aluminum, highly durable and light weight
- Peg measures 2" X 3.125"
- Replaceable stainless steel cleats for extra grip and an aggressive look
- Can be rotated to any angle then locked down with stainless steel hardware (included)

### FOOTPEGS

### SHIFTER PEGS

Description	Silver	Black	Flat Black	Red	Gold
Moto Style Footpeg Set	122-8060	122-8061	122-8063	122-8062	122-8067
Moto Style Shifter Pegs	122-8064	122-8065		122-8066	122-8068
Replacement Cleat Set	122-8050				

## BMX STYLE PEGS

Made from highly durable 6061 T6 aluminum alloy. These pegs measure 3.5" long and 2.7" wide making them almost 1/4" longer and 1/2" wider than the FLO Moto style pegs for added comfort. The larger, flat replaceable cleats give added grip without chewing up footwear.

Description	Silver	Black
BMX Style Footpeg Set	122-8081	122-8080

**ADJUSTABLE SHIFT & BRAKE ARMS**

- Machined from 7075 T6 aluminum, extremely durable and light weight
- Perfect addition to the FLO Moto or BMX style pegs with the matching toe peg
- Three position adjustable for optimal reach of the peg

## INNER SHIFT LEVER

Accutronix "Diamond" FLH shift arm replaces the stock H-D # 33718-82B lever, gear shifter. The shift rod attaches to the top & the bottom attaches to the splined shift shaft.

Application	Description	Black	Chrome
'86-14 FLH/FLT	Inner Shift Lever	<b>811-20160</b>	<b>811-20161</b>

811-20160 811-20161

## BAGGER FORWARD CONTROLS

Diamond "Nights Series" Forward Controls include rigid "Billet & Rubber" foot & toe peg. They use the factory master cylinder. Installation instructions and mounting hardware is included as required. These forward controls are machined from 6061 T-6 Billet Aluminum and are available in chrome or black anodized and machine cut finish.

Description	Application	Black	Chrome
Forward Controls	'97-08 Touring Models	<b>811-20134</b>	<b>811-20135</b>
	'09-13 Touring Models	<b>811-20136</b>	<b>811-20137</b>
	'14-Up Touring Models	<b>811-20138</b>	<b>811-20139</b>

NOTE: '97-08 version will not fit with factory crash bar.

## SOFTAIL FORWARD CONTROLS

Diamond "Nights Series" Forward Controls include rigid "Billet & Rubber" foot & toe pegs. Installation instructions and mounting hardware is included as required. Machined from 6061 T-6 Billet Aluminum.

Description	Application	Black	Chrome
Forward Controls	'84-99 Softail Models	<b>811-20130</b>	<b>811-20131</b>
	'00-Up Softail Models	<b>811-20132</b>	<b>811-20133</b>

NOTE: May require a custom brake hose with a 3/8"-24 (10mm) 35° banjo fitting at the master cylinder. 2000-2006 bikes require a EVO style kick stand bracket, 2007-Up bikes require a EVO style kick stand assembly.

## MASTER CYLINDERS

These 5/8" bore master cylinders are manufactured from 6061 T-6 Billet Aluminum. The brake hose attaches to the inside front using a 3/8"-24, 10 mm banjo bolt. They have two 5/16"-18 threaded holes 2-1/8" apart for mounting. These are also a replacement master cylinders for all Accutronix Softail forward controls.

Description	Application	Black	Chrome
5/8" Master Cylinder	Universal	<b>811-20210</b>	<b>811-20211</b>

811-20210 811-20211

### BRAKE ARMS

Accutronix "Diamond" FLH brake arm replaces the stock arm and comes with a decorative cap to conceal the mounting hardware. These brake arms match the Accutronix Heal-Toe shifters & Toe-Only shifters. Toe pegs sold separately so you can mix-n-match for a truly custom, one of a kind look.

Description	Application	Black	Chrome
Brake Arm	'97-08 Touring Models	<b>811-20150</b>	<b>811-20151</b>
	'09-13 Touring Models	<b>811-20152</b>	<b>811-20153</b>
	'14-Up Touring Models	<b>811-20154</b>	<b>811-20155</b>

### SHIFTERS

Accutronix "Diamond" shift arm kits replace the stock shift arms for a more custom look. They mount & adjust like stock but conceal the shift shaft. They match the Accutronix "Diamond" brake arm kits, toe pegs are sold separately so you can mix-n-match for a truly custom, one of a kind look.

Application	Description	Black	Chrome
'84-Up FLH/FLT and '86-Up FLST	Heel-Toe Shifters	<b>811-20156</b>	<b>811-20157</b>
	Toe Shifter	<b>811-20158</b>	<b>811-20159</b>

### BILLET FLOORBOARDS NEW

These floor boards are machined from 6061 T-6 Billet Aluminum and are available in a brilliant chrome plated finish or black with machined accents. The top portion of the board features a Raised Hole design inspired by Racing Pedals. The insert is a multidirectional slip-resistant black Pyramid-Top rubber.

## GP TOURING SLIP-ONS

Grand Prix Slip-Ons take Firebrand's aggressive styling to the next level. Don't be fooled by their good looks, the Grand Prix Slip-Ons are not only for show. Inside the 4" muffler bodies are free flowing, stainless core baffles wrapped in dual-density packing. Engineered for today's larger displacement motors, they deliver increased performance, and a sound so deep you can feel it.

- Billet aluminum MotoGP™ inspired end caps
- Deep race sound delivered through high performance stainless core baffles
- Engineered to maximize power in today's larger displacement motors
- Work with extended saddlebags and skirts
- Available in show quality chrome or black ceramic finishes

Not legal for use in California on pollution controlled vehicles - check local laws before installation

## UPSTARTS 2 IN 2 EXHAUST

Engineered to handle today's higher displacement motors, Upstarts feature 1 3/4" head pipes stepped up to 2 1/2" Quadradical up-slash muffler bodies. Internally, stainless steel, perforated core baffles wrapped in dual density packing complete the system.

Full coverage 2 1/4" head pipe heat shields, 18mm O2 ports with 12mm inserts, and hand crafted, high quality fit and finish round out the package. Finished in show quality chrome or black ceramic coatings, Upstarts are available for Sportsters, Softails and Dynas.

- Custom, hand crafted Quadradical up-slash styling
- Stainless steel, perforated core baffles
- Stepped 2 1/2" muffler bodies for increased performance and quality sound
- O2 sensor eliminator plugs available

Not legal for use in California on pollution controlled vehicles - check local laws before installation

## FIFTYTWO52 2 IN 1 EXHAUST

Named after the RPM point at which an engine's horsepower equals its torque, The FiftyTwo52 was engineered with one priority: performance. Beginning with the 1 3/4" matched ratio head pipes, exhaust pulses are synchronized to allow for optimized scavenging of exhaust pressure. Flowing into the Powercurve, True-Merge Collector, the exhaust will maintain velocity and experience the smoothest transition possible. Moving into the muffler, a 2 1/2" free flowing, perforated core baffle provides the least interference as the exhaust escapes.

And it doesn't all end with performance. The 20 degree upswept muffler with MotoGP™ inspired end treatment attains a unique and aggressive style, while the dual layer baffle packing produces an incredibly deep race tune. Integrated heat shields and Firebrand's hand crafted quality complete the package.

- Proprietary Powercurve, True-Merge Collector
- Billet aluminum MotoGP™ inspired end cap
- Race inspired, stainless core, high performance baffle
- Unmatched combination of horsepower and torque
- Available in show quality chrome or black ceramic finish

## LOOSE CANNON SLIP-ON FOR DYNA SWITCH BACK AND LOWRIDER

The Dyna Low Rider and Switchback are combinations of both classic styling and contemporary appeal. The 4" Loose Cannon slip-on was designed to highlight this unique combination. However, style is not all the 4" Loose Cannon brings to the table. Inside, a 2 1/2" free flowing baffle, featuring a stainless perforated core and dual layer packing, delivers an aggressively deep sound and increased performance.

- Classic 4" muffler body with contemporary flash-suppressor end treatment
- Race inspired high performance baffle delivers deep, throaty sound and increased performance
- Easy to install Quiet Insert available

## RIP - ROD SLIP-ON EXHAUST

Take your bike, throw in some hard tail chopper, a touch of '32 Ford, and a rebellious attitude, and you have Firebrands Rip-Rod slip-ons. Retro style ripple pipe and old school end caps deliver a modern variation on the glory days when guys chopped, channeled and raced whatever they could get their hands on to prove who was coolest.

- 2 ¼" rippled muffler bodies
- Billet aluminum hot rod style end caps
- Maintenance free, removable baffles
- All mounting hardware included (Universal kit includes bracket mount hardware)
- Chrome, Black and Gold End Cap Kits available separately

## EXHAUST MOUNTING FLANGE KIT

- Chrome plated flange looks great
- Includes retaining rings

Description	Application	WPS#
Exhaust Mounting Flange & Retaining Ring Kit	'84-Up Big Twins; '86-Up XL	<b>820-0160</b>
Exhaust Flange Retaining Rings 10pk		<b>820-50201</b>

## T-BOLT SET

- Sold in pairs
- Replacement for all mufflers

WPS#
<b>820-2642</b>

## RUBBER MUFFLER MOUNTS

- Sold in pairs
- OEM replacement

WPS#
<b>820-2641</b>

## O<sup>2</sup> SENSOR ADAPTERS

- Kit includes sensor bung reducers and rear sensor harness extension (also sold separately)
- Ideal for Touring models and others using a performance exhaust that has bung location near the exhaust port
- Also used for earlier exhausts with 18mm bungs on later model bikes

Application	Description	WPS #
Custom/Aftermarket Exhausts	18mm to 12mm Bung Reducers (PR)	<b>820-0066</b>
Fits '10-16 Touring Models	Rear O2 Sensor Harness Extension	<b>820-0065</b>
	Harness Extension/Reducer Kit	<b>820-0067</b>

## EXHAUST TORQUE VALVE

- Stainless steel
- Sold as each

Application	WPS#
'84-17 Evos, Twin Cams and '86-Up Sportsters	<b>820-2657</b>

## EXHAUST SPIGOT

- Replacement exhaust spigot has been designed and machined from 6061-T6 aluminum extruded tubing
- This spigot allows you to rebuild the exhaust attachment point on you classic Panhead engine

Application	WPS#
Panhead '48-65	<b>191-27789</b>

**O<sup>2</sup> SENSOR PLUG**

Description	WPS#
O2 Sensor Plug 18mm x 1.5	<b>27-5728</b>

**EXHAUST PIPE GASKETS**

- Great use when changing mufflers or to seal up leaky connections
- Knit wire style gaskets for both the headpipe to cylinder and also crossover connectors
- Fits most popular applications

Description	Application	WPS#
A Tapered graphite exhaust port gasket	'84-17 Evos, Twin Cams; '86-Up XL	<b>820-0080</b>
B Exhaust port gasket	'84-17 Evos, Twin Cams; '86-Up XL	<b>820-0081</b>

## EXHAUST WRAP KIT

An all in one kit for wrapping one set of motorcycle pipes. Kit includes two rolls of 2"x15ft wrap, one can of silicone coating and stainless steel locking ties.

Description	WPS#
Motorcycle Exhaust Wrap Kit, Black Wrap/Black Coating	790-01000
Motorcycle Exhaust Wrap Kit, Tan Wrap/ Coating	790-01001
Motorcycle Exhaust Wrap Kit, Tan Wrap/White Coating	790-01002

## EXHAUST WRAP & TIE KITS

Convenient pack with one roll of 2"x25ft wrap and stainless steel locking ties.

Description	WPS#
Wrap and Ties Kit, Black	790-01010
Wrap and Ties Kit, Tan	790-01011
Wrap and Ties Kit, Titanium	790-01012
Wrap and Ties Kit, Black Titanium	790-01013

## INDIVIDUAL EXHAUST WRAP ROLLS

- Decreases exhaust density & increases exhaust flow
- Improves horsepower
- sewn in guide lines for proper overlap
- Tan & black wraps withstand 1200 F direct heat, titanium withstands 1800 F direct heat
- Titanium wrap requires no coating or pre-wetting

Description	WPS#
Black Wrap 2"x50'	790-01030

## ONYX UNIVERSAL HEAT SHIELD

- Aluminum Impregnated fabric outside layer, high temperature resistant fabric (89% silica) inside layer capable of withstanding extreme exhaust heat – up to 1350°F
- Flexible material for easy fit on many pipe diameters
- Stainless steel hardware

Description	WPS#
Onyx Universal Heatshield Black 4"x8"	790-01200

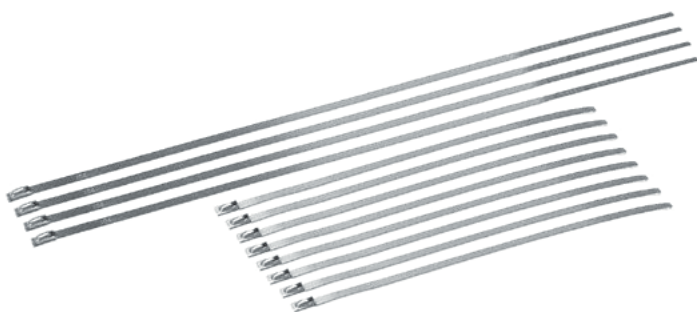

## EXO EXHAUST WRAP

- The EXO Series™ exhaust wrap is a dual-layer design, using a combination of hi-temp fiberglass, covered with a 304 grade stainless steel exoskeleton. The stainless steel exoskeleton hooks together when overlapped, saving time and making installation much easier.
- Each kit includes a 1.5"x 20' roll of wrap, stainless steel locking ties, and installation tool.

Description	WPS#
Exo Wrap Tan	790-01036
Exo Wrap Black	790-01037

## LOCKING TIES

- Self locking design
- Constructed from high grade 304 stainless steel
- Capable of withstanding in excess of 2500 F
- 100lb tensile strength

Description	WPS#
Stainless Steel Locking Ties 8" (8 pack)	<b>790-01100</b>
Stainless Steel Locking Ties 14" (4 pack)	<b>790-01101</b>
Stainless Steel Locking Ties 20" (10 pack)	<b>790-01102</b>

## HT SILICONE COATING

Recommended for use with DEI non-Titanium exhaust wraps. HT silicone coating penetrates, seals and protects as well as helping to extend the lifespan of exhaust wrap.

- Protects from abrasions, hot oil spills & road grime
- Heat protection up to 1500 F
- For use on engine blocks, pipes, manifolds and more
- 12 oz. can (6 cans in a case)

Description	WPS#
HT Silicone Assortment Case (2 of each color)	<b>790-01150</b>
HT Silicone Coating, Black	<b>790-01151</b>
HT Silicone Coating, Aluminum	<b>790-01152</b>
HT Silicone Coating, White	<b>790-01153</b>

## LOCKING TIE TOOL

The DEI Locking Tie Tool will fit on the end of any standard 1/4" drive extension so working in tight spaces where your hands don't fit is no problem. The tool works with all the popular styles of stainless ties up to 1/2" wide. Simply engage the tie, and twist. This gets the tie nice and secure, without any hassle.

## SILENCER PACKING

### MUFFLER AND SPARK ARRESTOR REPACK KIT

- More top quality material at nearly half the cost of other kits
- Repack kits attractively packaged
- For use in all repackable silencers 2 & 4 cycle motorcycle, ATVs and watercraft

WPS#  
05-0001

### PRO-PAK SILENCER REPACK KIT

- Dual density repack material
- Reduced noise levels
- Lasts longer than ordinary packing
- Allows your engine to operate at peak performance longer

WPS#  
05-0002

### EXHAUST SCREEN

Stainless steel exhaust screen is used to enclose muffler packing to prevent the packing from blowing out and provides more uniform exhaust flow. .011 diameter stainless steel strands are interlaced together to form a two layer sheet that is crimped on two sides for easy insertion of muffler packing material. Sheets are cut to 12" x 18" to fit most mufflers/ silencers

WPS#  
78-7217

### HEAVY DUTY MUFFLER PACKING KIT

- 11" x 16" x 1"
- Extreme heat capability
- High Density fiberglass

WPS#  
78-7218

### CERAMIC PIPE WRAP

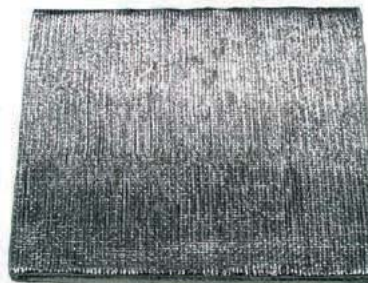

- Holds heat in pipe for consistent horsepower
- Prevents burned hands

## CUSTOM AIR CLEANER ASSEMBLIES

- High flow performance air cleaners designed to match our popular HardDrive wheel designs
- Machined from billet aluminum with breather system integrated into the backing plate
- Due to the increased airflow we highly recommend rejetting your carb or adding a fuel tuner
- **Not legal for use on pollution controlled vehicles-check your local laws before installation**

## VORTEX AIR CLEANER

- Raw performance “racing” air cleaner, classic round design, simplicity at its best, basic and brutal
- Customizable to your taste, chrome it, polish it, powder coat it or engrave it, the possibilities are endless!
- Central porthole in thermoformed Lexan, “venturi” for a better flow intake and also to watch your accelerator pump from time to time
- Manufactured in die cast aluminum then CNC machined
- Stainless Steel back plate with hardware included
- **Not legal for use in California and on pollution controlled vehicles, check local laws before installation**

**K&N filter and breather not included, please order separately**

Application	Description	WPS#

# CAST AIR CLEANERS

Add classic vintage style to your motorcycle with these TC Bros. Choppers air cleaners in raw cast, black or polished finish. The covers are beautifully hand cast from 356-T6 aluminum right here in the USA. A washable cotton gauze filter element provides high performance air flow to your V-Twin. Kits attach easily using the American made, CNC machined, powder coated steel mounting bracket. These ultra-compact kits are designed to fit all Harley Davidson® Big Twin and Sportster models using factory CV Carburetors or factory electronic fuel injection (EFI) units. They will not fit '95-01 HD Big Twin models equipped with Magneti Marelli fuel injection units using dual bore throttle bodies. If installing on models using a CV carburetor, it is highly recommended to use in conjunction with a support bracket for longevity. Support bracket is not required on EFI models. Note: EVO Big Twins and '91-up Sportsters also require crankcase breathers.

## LOUVERED AIR CLEANERS

- CNC machined, powder coated steel mounting bracket
- Made in the USA 
- Included mounting hardware fits into recessed holes to provide proper sealing surface for included filter element
- Kit includes both a hotrod inspired Tri-Bar wing bolt or standard round head screw hardware
- Ultra-compact
- Designed to fit all Harley Davidson® Big Twin and Sportster models using factory CV Carburetors or factory electronic fuel injection (EFI) units
- A version for S&S® Super E or Super G series carburetors is also available
- Does not fit '95-01 HD Big Twin models equipped with Magneti Marelli fuel injection.
- If installing on models using a CV carburetor, it is highly recommended to use in conjunction with a support bracket for longevity. Support bracket is not required on EFI models. Breathers where applicable sold separately.
- **Not legal for sale in California on pollution controlled vehicles-check local laws before installation**

Chrome Louvered Air Cleaner CV & EFI (not for TBW)	563-02100
Chrome Louvered Air Cleaner S&S	563-02101
Repl. High Performance Filter	563-02111

## TEARDROP AIR CLEANERS

- Made from chrome-plated cast aluminum
- Measures 8"-wide x 4½"-tall x 2"-thick
- They fit S&S carbs and most HD induction systems since 1936
- A mini air filter is included as well as any required fittings and hardware
- **Not legal for use in California on pollution controlled vehicles-check local laws before installation**

Description	Application	WPS #
Ribbed Air Cleaner Assemblies	S&S E and G Carbs	830-3402
	CV, Delphi EFI	830-3403

## LINKERT STYLE CARB COVERS

- Perfect reproductions of the late 1930's Linkert carb covers used on Knuckleheads and Flatheads
- They've been redesigned to bolt right onto the immensely popular late model S&S E and G model carburetors
- The backing plate bolts to the rear head for support with the supplied special hardware and spacers
- The '92-Up version uses existing breather hoses and fittings
- **Not legal for use in California on pollution controlled vehicles-check local laws before installation**

Description	Application	WPS #
Linkert Style Carb Cover for S&S E & G	'84-91 no breather	830-3400
	'92-Up	830-3401

### RAM-AIR AIR CLEANERS

- Custom tilt forward air cleaners in chrome or black finish
- Kits include high flow air filter, 90 degree manifold and CNC billet housing
- Air cleaner diameter 4 1/2", length 10" (chopped), 12" (cone)
- Fits Sportster and Big Twin models with applicable breather/bracket (sold separately) [see page 0000](#)
- **Not legal for use in California on pollution controlled vehicles, check local laws before installation**

	Description	WPS#
A	Air Cleaner/Carb Support Bracket for 91-03 Sportster	563-01550
B	Breather Bolts For 91-UP Sportster & EVO Big Twin	563-01551

## POWER X INTAKE

X-FORCE AIR FILTER SYSTEM

AIR IS POWER, and Boyesen has channeled that power like never before. With its revolutionary design and ease of installation, adding more power and greater acceleration is now within your reach. Available for all Harley Davidson (FLH) touring models '08-Up. Not for use in California on pollution controlled vehicles.

- Complete bolt-on kit: backing plate, filter and mounting hardware.
- Patented X-Wing design of more power and acceleration.
- X-Wing Venturi increases air speed for added throttle response.
- Oil free/washable filter media – poly-cotton blend.
- XL filter area for increased airflow – filters to 40 microns.
- One piece precision casting with internal breather passages.
- Bolt-on o-ring assembly – no modification required.
- Available in polished silver or matte black.
- Accepts stock filter cover.
- **Not legal for use in California on pollution controlled vehicles- check local laws before installation**

Application	Description	WPS#
Fits '08-16 Touring Models	Power X Intake Silver	59-9001
	Power X Intake Black	59-9002

## STREET METAL INTAKE SYSTEMS

K&N's Street Metal Intake Systems are designed to boost performance and add a custom look to your Harley-Davidson® motorcycle. These intake systems replace the stock intake assembly with a custom built intake system designed to increase horsepower and torque at the rear wheels.

793933

793932

### Guaranteed increase in horsepower

- Developed around an oversized K&N® High-Flow Air Filter™ that is designed to boost performance, filtration and service intervals
- Aluminum backing plate with integrated velocity stack provides solid mounting surface
- Built-in breathers replace external OE breathers\*
- High quality mirror-finish or wrinkle black aluminum cover

## RK SERIES AIR INTAKE ASSEMBLIES

K&N's RK Series Air Cleaner Assemblies are designed to get more horsepower from your Harley-Davidson motorcycle. These air cleaner assemblies replace the stock air filter and backplate with an oversized K&N® Air Filter and custom aluminum backing plate. K&N's RK Series Air Cleaner Assemblies are designed to give you an increase in power and long service intervals critical for distance rides. This complete assembly fits inside the OE air cleaner cover maintaining stock appearance, while providing outstanding airflow.

- Developed around an oversized K&N® High-Flow Air Filter that is designed to boost performance, filtration and service intervals
- Dyno-tuned velocity stack directs airflow to engine
- Aluminum backing plate provides solid mounting surface
- Built-in breathers replace external OE breathers

## AIRCHARGER INTAKE SYSTEMS

K&N's AIRCHARGER® Performance Intake Kit will get more horsepower from your Harley-Davidson® motorcycle. This High-Flow Intake System increases power by eliminating the restrictive stock OE air cleaner and replacing it with a K&N® High-Flow Air Filter and mandril bent aluminum intake tube. This complete intake system will help relieve the labored feeling associated with two-up riding or loaded touring. K&N's High-Flow Intake System gives your Harley® an aggressive appearance while providing a significant increase in airflow resulting in more power.

- K&N® High-Flow Air Filter significantly increases performance
- Billet aluminum throttle-body mounting plate
- Includes complete breather assembly and mounting hardware
- Aluminum Intake Tube available in two finishes; Bright Mirror or Textured Black
- Guaranteed increase in horsepower
- Custom aluminum throttle-body mounting plate
- **Not legal for use in California on pollution controlled vehicles - Check local laws before installing**

### SEALING GREASE

Provides an airtight fit around sealing surfaces on all types of air filter elements. It resists heat and will not melt and run off. Not to be used on clamp-on filter elements.

Size	WPS#
6 oz 12/case	<b>62-1509</b>

## OEM STYLE REPLACEMENT AIR FILTERS

Emgo Air Filters meet or exceed OEM quality. All air filters are individually boxed with complete up-to-date application information printed on each box.

# MASTERTUNE SYSTEM FOR V-TWIN

The TTS MasterTune System is designed specifically to tune all 2001 and later Delphi-equipped Harley-Davidson® motorcycles, and includes four powerful Windows®-based programs, including:

### MasterTune2-HD:

An ECM calibration development tool that allows you to:

- Choose from a wide selection of base maps
- Save and Restore current calibration (factory or other)
- Modify many critical ECM tables and constants
- Graph tables in 2D or 3D
- Quickly compare changes in tables
- Correct speedometer calibration
- Change primary ratio

### VTune3-HD:

Assists you with:

- Calibrating VE tables
- Calibrating spark tables
- Calibrating EGR correction tables
- Verifying injector sizing

### DataMaster2-HD:

A diagnostic and calibration support tool that allows you to:

- Check and Clear diagnostic codes
- Utilize VTune Histogram for tuning development
- View real time engine parameters
- Playback recorded data
- Analyze Camshaft settings
- Analyze IAC warmup settings
- Simulate dyno and ¼ mile results

### Flight Recorder:

Configures a Communications Interface to allow you to:

- Record data without a computer
- Record as much as 8 hours of data
- Store up to 64 recordings
- Automatically start and stop recordings

Not legal for use in California on pollution controlled vehicles - Check local laws before installing

USB to Serial Conversion Cable	133-5007

- All TTS MasterTune software is compatible with 32- and 64- bit versions of Windows 7 and newer
- Cables sold separately
- Made in USA

## TIER1 FUEL OPTIMIZER FOR HARLEY DAVIDSON

**CCT is an acronym for “Consecutive Cycle Tuning”. We use CCT to describe our fuel tuning process, which is the measuring of consecutive cycles of power, with unique amounts of fuel to determine which fuel amount provides the best acceleration.**

The process, in many ways, is identical to the acceleration measuring procedure used in today’s most popular tuning dynamometers, such as, those made by Dynojet and other companies. The important thing to remember is the time between consecutive cycles of power and between fuel adjustments on a dynamometer are measured in minutes and is based on one style of load or acceleration simulation at any given time, while the Tier 1 Tuners innovative +CCT Acceleration Tuner technology has a time between consecutive cycles of power and tuning of fuel that is measured in milliseconds and is based on Real Time/Real Life constant feedback.

The Tier 1 Tuners +CCT Acceleration Tuner can now provide your motorcycle with Real Time fuel adjustments that will optimize acceleration and compensate for the constantly changing Real Life conditions, (i.e. 1up/2up, head winds, tailwinds, uphill, down hills, etc.) which substantially affects the performance mode operations of your motorcycle throughout your normal daily driving.

### The +CCT’s patented technology adds a “Closed Loop” control system to your bikes fuel injection system.

Almost all motorcycle fuel injection systems in use today are using “open loop” control systems when they are being driven in a performance manner. “Open loop” refers to a control system that does not have feedback to adapt to conditions outside of its current programming, while a “closed loop” control system functions by its ability to take feedback from an engine sensor. For example, the oxygen sensors common on many of today’s motorcycles use this type of system in cruise, but not in power mode.

The +CCT Acceleration Tuner unit will add a “closed loop” control system to your current fuel injection system while it is in performance mode. The +CCT Acceleration Tuner adjusts fuel while receiving feedback from the engine’s acceleration in Real Time/Real Life. The fuel is changed to whatever is needed to optimize the engine’s acceleration while in performance mode.

### Tier1Tuners +CCT Acceleration Tuner can provide up to 95% optimization under Real Time/Real Life performance acceleration.

Most motorcycles today that use an “open loop” control system during power mode operation are typically about 70% optimized (because of various Real Time/Real Life road conditions). When optimizing the fuel map to 70%, a 30% margin is created to maintain good drivability over the full range of acceleration rates found in real life performance driving. The +CCT Acceleration Tuner’s “closed loop” functionality cuts this margin of error from 30% to only 5% thus giving you up to 95% optimization under Real Time/Real Life performance.

**Tier1Tuners new +CCT Acceleration Tuner is a standalone performance product. It requires no other modifications to deliver its performance potential.** The +CCT Acceleration Tuner derives its benefit from its Real Time/Real Life “closed loop” functionality, not from making a better or different open loop fuel map.

- Real Time Fuel Adjustments
- Up To 95% Optimization Under Real Life Acceleration
- Works On Stock Or Currently Mapped Bikes
- Measures only 2"x1"x1/4"
- Made In The U.S.A

# ELECTRONIC JET KIT

The EJK (Gen 3 Electronic Jet Kit) evolved out of the need to address the ever-increasing complexity of factory fuel injection. For the new-comer to the market or professionals wanting an easier method for tuning fuel injection, the EJK is a customizable solution for the shop that wants to take control of their tuning needs.

- No computer needed
- No dyno required
- Quick "plug and play" installation, initial settings are all preset based on make/model
- Full range tunability, does not interfere with stock ECU
- Simple push button adjustment interface
- 2 year warranty
- **Not legal for use in California on pollution controlled vehicles - Check local laws before installing**

## AFR+ FUEL TUNER

GEN 4 TECHNOLOGY

The AFR+ brings together two technologies within one system to make it the most powerful, user-friendly tuning device on the market. AFR+ combines an EFI controller with a wideband O2 sensor and AFR gauge to provide a user instant fuel trimming ability and feedback about their vehicle's state of tune.

- Maximizes power and fuel economy
- Plug and play installation
- On the fly tuning, no dyno required
- Works with all ECU downloads and all brands of aftermarket ECU controllers
- Does not interfere with stock ECU operation
- Includes air/fuel ratio gauge (2 1/8" diameter), wideband controller and Bosch O2 sensor (gauge mount and O2 sensor bung not included)
- Harley Davidson AFR gauge is chrome w/white face/orange needle
- 1 Year warranty, will not void any OEM factory warranties
- **Not legal for use in California on pollution controlled vehicles - Check local laws before installing**

# TWIN TUNER

The Twin Tuner allows you to easily adjust your fuel injection to match the requirements of performance parts including camshafts, free flowing exhausts, and low restriction air filters. You can add up to +30% or subtract down to -20% fuel.

You can use the mode and up/down pushbutton switches to make fuel trim adjustments in the RPM and throttle position ranges required by most applications. The fuel trim value is displayed on a bright daylight readable LED display. The Twin Tuner also has an advanced mode, where you can use the optional USB Interface and PC Link Tuner software to make precise fuel adjustments. The USB interface also allows you to make independent adjustments to the front and rear cylinders.

- Increases horsepower
- Improves throttle response
- Easy plug-in installation and setup
- Very compact size - only 4" L x 2" W x 1/2" H
- Optional USB interface and PC link tuner software available to make precise fuel adjustments
- Oxygen sensor eliminator kits available separately (model depending) for more precise tuning at idle and partial throttle
- Low cost

Not legal for use in California on pollution controlled vehicles - Check local laws before installing

# TWIN TUNER II

The Twin Tuner II has all of the features of the Twin Tuner and also allows retarding of the spark timing up to 10° to help prevent pre-ignition knocking.

The user interface consists of up/down push buttons and a bright daylight readable LED display to select and change the fuel trim and spark retard in the RPM and throttle position ranges required by most applications.

Not legal for use in California on pollution controlled vehicles - Check local laws before installing

## TCFI EFI CONTROLLERS

- Fully programmable plug-in replacement for 36 pin Delphi controller with J1850 data bus
- Quickly auto-tune fuel curves for front and rear cylinders on a dyno or on-road with new WEGO IIID dual channel wide-band oxygen sensor interface
- Robust alpha-N (throttle position and RPM based) fuel control eliminates problems with long duration/high overlap camshafts
- Extended data logging and diagnostics
- DataFLASH memory stores full 60 minutes of operating data at 10 samples/second
- Powerful Windows software for custom programming and data analysis
- Programmable user input for functions (not available in TCFI EX version)
- Programmable user output for functions (not available in TCFI EX version)
- Billet aluminum housing with black anodized finish
- Support for new 6th gear indicator on '07-13 models
- Easy plug-in installation Supports all sensors including theft/security module

**Not legal for use in California on pollution controlled vehicles - check local laws before installation**

The TCFI kit includes the WEGO IIID dual channel wide-band exhaust gas oxygen interface that allows quick auto-tuning on a dyno or on-road during actual riding conditions. The kit includes Bosch LSU 4.2 wide-band sensors for both front and rear cylinders. The TCFI solves tuning problems with highly modified engines. Competitive "band-aid" products that interface to the Delphi® controller still rely on speed-density fuel control. Long duration/high overlap camshafts wreak havoc with manifold pressure - especially at idle and cruise RPM. Speed-density based fuel control simply can't cope.

## IGNITION & FUEL MODULE BY DYNATEK

The new Fusion FI controller combines both fuel and ignition tuning into one device and comes equipped with factory connectors for easy installation.

- PC programmable fuel & ignition maps
- 2 position map switching function
- Gear position input
- Analog input for 0-5 volt input for boost mapping
- Individual cylinder mapping
- 100/+250% fuel adjustment range
- Can use Power Commander maps
- Self Tuning with the DynaTune autotune kit

**Not legal for use in California on pollution controlled vehicles - check local laws before installation**

**NOTE:** Only works in conjunction with Dynatek Fusion Control Module, it is not a stand alone tuner.

### DYNATUNE AUTOTUNE KIT

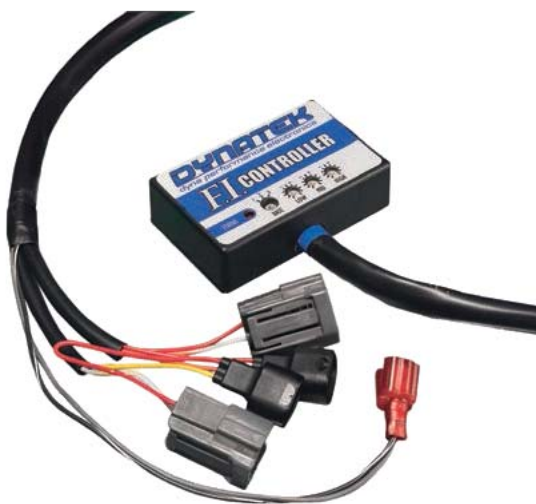

The DynaTune kit monitors the fuel mixture (by installing the included Wide Band O2 sensor(s) in the exhaust). It then sends this information to the Dynatek Fusion Control Module and automatically corrects it as you ride, letting you feel the changes as they happen. Each map that we offer has preset Air/Fuel ratio target values included that we find to be the best overall settings.

This lets you simply plug in the unit and let it do the work. For advanced users who would like to change the Air/Fuel ratios from our baseline, they are fully adjustable. Each throttle opening/rpm combination is individually adjustable, so that you can have both fuel economy, during cruise, while maintaining peak output at larger throttle openings. For most models of bikes it is also possible to adjust the Air/Fuel ratios "per gear". make adjustments.

This gives you total control of the fueling in every gear and throttle/rpm area if required. The DynaTune kit can be configured to run and make adjustments at all times or by using the "map switch port" on the Dynatek Control Module you can set it up so that you can switch back and forth between the tuning mode and the base map settings. You can also configure the DynaTune kit to wait until the bike is at a certain operating temperature before beginning to make adjustments.

Description	Year	WPS#
All Harley-Davidson w/ O2 sensors		<b>133-1052</b>
Softail	'11-12	<b>133-1053</b>
Dyna	'12	<b>133-1053</b>

Not legal for use in California on pollution controlled vehicles - Check local laws before installing

### FI CONTROLLER

The new Dyna Fuel Injection Controller is a plug in module that offers 3 user selectable base fuel curves that are designed to improve engine operation and can be modified to suit a wide variety of modifications. These adjustments are made via 3 potentiometers that adjust the fuel curve in the proper ranges for the application. Fuel mixture can be enriched or leaned as required.

The Dyna FI Controller uses the factory connectors for easy installation and there is no PC required for tuning or adjusting the fuel curves. There are no modifications to the stock ECU and removing the Dyna FI controller returns the vehicle to the factory configuration.

Not legal for use in California on pollution controlled vehicles - Check local laws before installing

FLASH TUNER

The Power Vision incorporates a very sophisticated, yet simple touch screen display that DOES NOT require the use of a computer to flash your bike or to use Auto Tune! Simply select the tune, follow the on-screen prompts to download the tune, and if you'd like, edit your tune without ever touching a computer! That's right, you can flash and make changes to your tune without ever getting off your bike.

Power Vision downloads and stores the stock calibration, and lets you select up to 8 different tunes that are stored on the device, and can be flashed to your bike. The types of tunes include:

- Dynojet Preconfigured Tunes - Tunes for YOUR bike pre-loaded on the device... ready to go, right out of the box! Power Vision identifies your bike's information and automatically sorts hundreds of applicable dyno proven tunes for you to choose from.
- Custom Tunes – loaded by a custom tuning shop, or received via email and loaded on the device.
- Copy of Original or Copy of Current - a version of the Original calibration that was saved when the Power Vision was married to the ECM. Or a version of the Current calibration that is currently saved in the ECM.

Power Vision provides insightful, valuable information on how your bike is running:

- Display all J1850 and CAN H-D vehicle data as well as wide band air/fuel ratio1 and various channels (such as MPG instant and trip MPG)
- AutoTune2 Basic and Pro– AutoTune is built into the Power Vision so you can modify your tune as you ride without using a computer
- Check and clear diagnostic codes
- Reset adaptive fuel trims and idle offset (with bike running)
- **Not legal for sale in California, check local laws before installation.**

# FUEL INJECTOR CLEANERS

- Easily cleans most fuel injectors
- Will flush and back flush injectors for best possible cleaning process
- No compressed air required
- Requires aerosol can of fuel injection cleaner (not included)
- Push button switch to turn fuel injector on with LED indicator light
- Durable anodized billet aluminum construction
- Built tough for everyday shop use
- 9 volt battery included
- Replacement pigtails available
- Patent pending

### THUNDERSLIDE KIT

These kits incorporate a custom made slide. The unique configuration allows precise control over the slide's range of movement and creates a stronger signal, which improves fuel atomization. This provides more power, increased throttle response and improved fuel economy.

Not legal for sale in California, check local laws before installation.

## CARB FLOAT

- Meets or exceeds OEM Specifications

Description	Application	WPS#
Carb Float Repl. OEM 27576-92	Keihin 40mm CV Carbs	865-01043

## THROTTLE SLIDE MEMBRANE

These new membrane seals replace punctured or torn seals on throttle slides fitted to Keihin CV Carburetors, Fits all stock Keihin CV carburetors on 1988 to present Sportsters, 1990-1999 Big Twins & 1999 to 2006 Twin Cam models. Why buy a complete slide assembly when you can now replace the seal only in a cost effective manner, these seals are not available or sold separately from the OEM.

Description	Application	WPS#
Throttle Slide Vacuum Membrane	Keihin CV Carbs	820-50920

## INTAKE MANIFOLD GASKETS

Description	Application	WPS#
A Seal kit	'86-87 & '89-Up Sportsters	820-0001
B Seal kit - 2 intake manifold lower case seals & 1 carb seal	'86-Up all Evolution Big Twins & Sportsters, consists of 2 intake manifold lower case seals & 1 carb seal	820-0002
C Seal kit - 6 pcs	'75-85 Sportsters & Shovelhead	820-0003

## BREATHER HOSES

- Replacement for deteriorated OEM breather hoses
- Sold in pairs

Description	WPS#
Fits '93-99 Softails '93-98 Dyna and FLT '95-03 XL repl. OEM 24922-93	820-50570
Fits '00-12 Softails '99-07 Touring '01-07 Dyna repl. OEM 29476-99	820-50571
Fits '08-13 Touring repl. OEM 29502-08A	820-50572

## FUEL INLET

Fuel Inlet stock on '79-80 Big Twins and '76-80 Sportsters

Description	Application	WPS #
Fuel Inlet Fitting	76-06 Replaces OEM# 27594-76	820-50569

WPS#  
62-5100

### FUEL SHARING SYSTEM

- No tools required, no modifications or permanent attachments are needed to your bike
- Fits 2001 and newer fuel injected Harley-Davidson models
- Entire connection and disconnection takes only seconds, transfers fuel at roughly one quart every 20 seconds
- Will not stall engine while in use
- Small & compact size, stores anywhere, includes storage pouch

### CARBURETOR POCKET TUNER

WPS#  
13-2430

- Pocket size slide calculator
- Helps determine required jetting changes in carburetors due to temperature and altitude change
- For single & multiple carburetion on 2 & 4 stroke engines
- Comes with a guide for determining rich or lean conditions
- A must for riders and mechanics that demand maximum performance

### CARBURETOR PRODUCTS CATALOG

A complete guide to Mikuni carburetors, components, and accessories. 32 pages of photos, drawings, and technical descriptions of all Mikuni products.

WPS#  
13-9999

### CARBURETOR LEAK DETECTOR

Check needle & seat holding pressure, crankshaft seals, crankcase surfaces, & many other critical parts with this simple tool.

Description	WPS#
30 psi Mikuni	13-2767
100 psi Mikuni	13-2768

### MIKUNI CARB TOOL KIT

Handy kit includes all tools necessary to completely disassemble carb, change jets, etc.

## CHECK VALVE REBUILD KIT

- Eliminate the need for replacing expensive check valve and fuel line when only a rebuild is needed
- Fits 2001 and newer fuel injected Harley Davidson models
- Long lasting, high quality DuPont Viton O-rings, solid brass nickel plated check valve, stainless steel springs

**WPS#**

**62-5112**

## CHECK VALVE REPLACEMENT O-RINGS

- Sold each or in packs of 5
- Eliminate the need for replacing expensive check valve and fuel line when only an O-Ring is needed
- Fits 2001 and newer fuel injected Harley-Davidson models
- Long lasting, high quality DuPont Viton O-ring

**WPS**

**62-5110** each

**62-5111** 5 pack

## CHECK VALVE REBUILD TOOL

- Provides for fast and easy professional installation of check valve O-ring or rebuild kit without having to remove tank from the bike
- For 2001 and newer fuel injected Harley-Davidson models
- High quality, professional grade

**WPS**

**62-5101**

## FUEL PRESSURE GAUGE

- Provides for simple, fast and accurate fuel pressure checks, push button completely releases all fuel through the drain line
- Quickly diagnoses: Loss of power, poor fuel economy, hesitation & stalling
- Fits 2001 and newer fuel injected Harley-Davidson models
- Solid brass adapter and release valve, steel housing (100 psi) gauge, stainless steel springs, Viton O-Rings, O-Ring lubricant and nylon storage pouch

### FUEL CROSSOVER LINES

- Quick disconnect crossover lines feature a high quality quick disconnect valve and durable hose finishers for simple attachment to standard hose barbs
- The braided hoses are compatible with gasoline or ethanol
- The hose finishers feature a stainless gear drive hose clamp for a reliable, long lasting seal
- Chrome plated quick disconnect features Viton o-rings and stainless shut off valves to eliminate fuel loss during tank removal
- Rated at 250 psi
- Universal design fits most models with split tanks

Description	WPS#

## FUEL PUMPS

- Lifetime Warranty
- Pumps come with hoses pre-installed and all components necessary for installation
- OEM or better performance
- Polished corrosion-resistant case to help minimize seizing during non-operation
- Specifically designed for quiet operation
- Drop-in replacement
- Gradient density fuel strainer for superior contaminant filtration (intank pumps only)
- Patented check valve technology
- Compatible with modern ethanol-infused pump gasoline

## HIGH FLOW FUEL PETCOCKS

- Assure your bike isn't starving for fuel
- Recommended for any bike with performance modifications
- Built in 100 micron screen filter
- 3 position On/Off/Reserve
- Show quality chrome
- For all models with 22mm bungs

Description	WPS #
A Hi-flow Petcock, Straight	<b>274-0300</b>
B Hi-flow Petcock, Rotates Horizontally	<b>274-0301</b>
C Hi-flow Petcock, Rotates Vertically	<b>274-0302</b>

## REPLACEMENT PETCOCKS

- These petcocks are highly polished and then chrome plated
- Petcocks are designed to maximize fuel flow in both main and reserve modes
- 22mm metric petcocks fit all 1975 to present Big Twin and Sportster models as well most Custom tanks

Application	Description	WPS#

## TYGON® GRAY AND BLACK FUEL LINE

- Use with any type of gasoline
- Resists swelling and hardening
- Resistant to direct sunlight, hardening and/or cracking
- Flexible in temperatures from -35F to +165F
- Fuel line stretches easily over fittings or petcocks
- Sold in 25' rolls
- Made in the U.S.A.

I.D.	O.D.	Grey 25'	Black 25'	Grey 3'	Black 3'
3/16" (5mm)	5/16" (8mm)	12-0031	12-0040	12-0049	12-0050
1/4" (6mm)	9/16" (11mm)	12-0032	12-0041	12-0052	12-0053
5/16" (8mm)	1/2" (12.5mm)	12-0033	12-0042	12-0055	12-0056

## BRAIDED VINYL FUEL LINE

- Nylon-reinforced vinyl fuel line
- Braided nylon within the wall gives added strength
- Recommended where higher pressure is involved
- Outstanding appearance for custom fuel lines
- Sold in 25' rolls
- Made in the U.S.A.

I.D.	O.D.	Roll Length	WPS#
3/16" (5mm)	3/8" (10mm)	25'	12-0009
1/4" (6mm)	1/2" (12.5mm)	25'	12-0010

3/8" (10mm)	5/8" (16mm)	25'	12-0012

## CLEAR VINYL FUEL LINE

- Constructed of plasticized PVC
- Soft flexible tubing
- Safe to use with any type of gasoline or alcohol type fuel
- Smooth hard bore helps prevent interior build up
- Sold in 25' rolls
- Made in the U.S.A.

I.D.	O.D.	Roll Length	WPS#	3' roll
<b>STANDARD FUEL LINE</b>				
1/8" (3mm)	1/4" (6mm)	25'	12-0000

## STEPLESS CLAMP KIT

- Convenient kit includes 80 or 85 pcs of hardware and a convenient fuel line clamp size chart
- 80pc kit includes a Motion Pro Side Jaw Pincer tool
- Warning: not for use with fuel injection systems
- Kit includes following items packed in a convenient storage box:

## STEEL O-CLIPS

- Ideally suited for clamping vinyl or Nitrile fuel line to fittings
- One piece construction assures positive clamping action without damage to the hose
- O-Clip pincer tool is made specifically to install and to remove the clips

## PREMIER QUALITY CLAMPS

- Highest quality clamps available
- Stainless steel throughout including the drive
- Superior in strength, appearance and functionality
- The band's worm drive is raised to give a smooth surface preventing hose damage
- Rolled edges eliminate hose damage found with normal clamps
- Short housing saddle, smooth underside and tapered tail end provide maximum circumference sealing at minimum torque

Clamping Range, Inch	mm		WPS#

## BRASS ROCKER BOX OIL LINES

- Old-STF Ironhead Sportster loop rocker box lines. 1/4" Brass oil lines pre-bent with all necessary fittings. Easy install, all lines and fittings are polished. Install loop up or down.
- No hassle kit for Shovelheads 1966-84. Heavy 1/4" Brass oil lines are pre bent with all necessary fittings. These lines will eliminate the problem of the "starving front head"
- All compression fittings are pre tightened, thread sealant is provided for the npt to case and rockers. A stainless allen plug is provided for the rear rocker when installed is flush and unseen.
- Made in the USA.

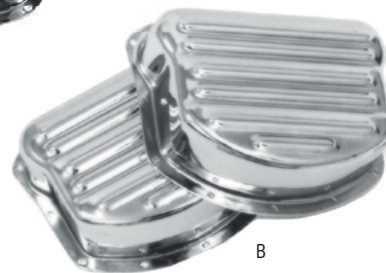

Description	Application	WPS#
Rocker Box Split Oil Line	Shovel Heads '66-84	880-2110
Rocker Box Oil Line	Iron Head Sportsters	880-2111

## PAN ROCKER COVERS

Covers are chrome plated stamped steel and sold in pairs. Sockethead screw sets come in packs of 24.

Description	WPS #
A Panhead Rocker Arm Covers Smooth	830-3200
B Panhead Rocker Arm Covers Ribbed	830-3201
Rocker Cover Screws '48-54 (10-24 X 3/4)	830-3202
Rocker Cover Screws '55-65 (10-24 X 1-1/4)	830-3203

### SHOVEL ROCKER ARMS

- Rocker arms and shafts for Big Twins '66-84
- Rocker arms include bushings

Description	WPS#
Rocker Arm Rear Exh/Front Int	820-51575
Rocker Arm Front Exh/Rear Int	820-51576
Rocker Shaft	820-51577

### ROCKER SHAFT END PLUG AND CAP KIT

- Meets or exceeds OEM specifications
- Made in the USA!
- Chrome plated allen style

Application	WPS#
'71-Up Shovelhead and '71-85 XL models	830-1112

### ROCKER BOX NUT KIT

- Plated hex nuts and flat washers
- Clean, detailed and stock look
- Made in the USA!

Application	WPS#
'66-84 Shovelhead	830-1113

### ROCKER ARM BUSHING

- Our bronze rocker bushing material meets the high standards we set for success
- KPMI® tested and analyzed several bearing-bronze materials for anti friction qualities, hardness, and resistance to deformation under high loads
- KPMI® Rocker arm bushings are held to tight dimensional tolerances, have an excellent surface finish, machine well, and have a tapered lead on each end to ease installation
- Made from US mill certified SAE 660 bearing bronze bar stock

Description	Application	WPS#
0.6795" O.D. (8 Pack)	Evo Big Twin '84-99, Evo Sporster '86-17, and Shovelhead '66-83	191-57088

# HYPEREUTECTIC CAST PISTONS

KB Hypereutectic alloy pistons are cast with a 16% high silicon content that has very high thermal barrier properties along with a low thermal expansion rate, allowing tight piston to cylinder wall clearances. This makes them ideal for air-cooled engines, offering optimal ring seal, quieter engine running and reduced wear. Hypereutectics are best suited for stock or mild compression ratios up to 10.5:1 running on pump fuel.

# FORGED ALLOY PISTONS

KB forged pistons are made from 4032 forged alloy with an 11% silicon content, formed in a forging press and then fully machined. Due to the material and manufacturing process these pistons have superior crack resistance under detonation or pre-ignition. They are suited for Street or Race applications with power adders such as NOS or boost. All Twin Cam and Sportster application feature coated skirts.

# WHY USE **W** **WISeco** ?

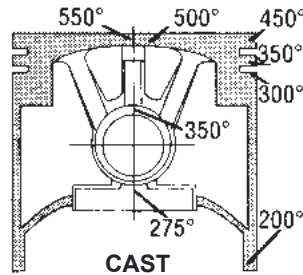

Performance Products

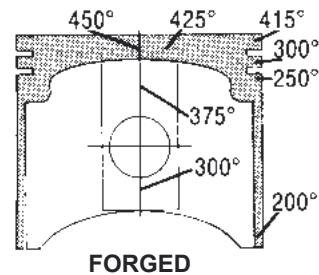

**FORGED**  
Interwoven grain structure for superior strength

**CAST**  
Random grain pattern

**CAST**

**FORGED**

### 1) FORGED

All Wiseco Pistons are forged from high silicon, low expansion aluminum which offers superior strength, reduced weight, improved heat transfer, and longer life.

### 2) ADVANCED MANUFACTURING TECHNIQUES

Diamond turned finish from one of the many CNC computer controlled turning centers guarantees you a perfect finish with no size variation. Wiseco pistons can be installed in any of today's cylinder bore compositions (cast iron, chrome, nikasil and boron composite) with confidence.

### 3) OVERSIZE OPTIONS

Wiseco's wide range of oversize pistons increase the life of cast iron lined cylinders. With the availability of replacement cylinder sleeves, chrome, nikasil and boron composite cylinders can be resleeved to accept Wiseco's oversizes.

### 4) COMPUTERIZED

Wiseco's state-of-the-art computerized manufacturing facility is dedicated to supplying both the high-performance racer and recreational enthusiast with the finest forged piston available in today's market place.

### 5) EASY AVAILABILITY

Three WPS warehouses offer you one of the largest Wiseco inventories available. Our telephone sales staff can verify availability at the time of your order. Pistons that we don't have in stock are rushed in air freight and are available for shipment to you within two to three working days.

**Note:** Some piston kits change displacement, compression ratio, etc. and may be illegal for use on pollution controlled vehicles, check your local laws before installation.

**Note:** Replacement Rings and Circlips sold per piston

# CYLINDERS

- Aluminum cylinders with cast iron sleeves for Evo and Sportster applications
- Cast iron cylinders for Pan and Shovel applications
- All cylinders must be finish honed and matched to pistons (sold separately)
- Ideal for stock replacement or displacement increase on Sportsters or big bore Shovels
- Sold each

F XL 1200 Cylinder (natural finish)	820-51559	820-51559

**NEW TWIN CAM / M8 CYLINDERS**

- Twin Cam cylinders come powder coated black with machined fins for that OEM look
- Twin Cam cylinders sold each
- M8 cylinders for Wiseco pistons (K2787)
- M8 big bore cylinders sold as pair
- Gaskets purchased separately

Description	Application	WPS#

# INTAKE AND EXHAUST VALVES

## Black Diamond® Valves:

All KPMI Black Diamond® stainless steel valves are impregnated by a special German process to a depth of .002", with a surface build up of .0002". This "Black Diamond®" process improves wear properties, reduces friction, and provides resistance to corrosion and wear that is superior to chrome and nickel electrolysis plating. Black Diamond® Valves are light, strong, one-piece forgings with profiles that provide excellent flow characteristics.

## VALVE SEATS

Kibblewhite's proprietary seat material is compatible with leaded and unleaded fuels including methanol and ethanol fuel blends. This material offers excellent thermal characteristics and resists microwelding that leads to seat and valve face recession. Leading edge has generous radius to ease installation.

Application	Inside Diameter	Outside Diameter	Height	WPS#
'84-16 Big Twin models, '86-87 XL 1100cc and '04-17 Sporster	1.375"	1.757"	0.450"	<b>191-57092</b>

	1.690"	2.132"	0.450"	<b>191-57095</b>

# VALVE SPRINGS

## KPMI Valve Springs:

Wound from Premium Kobe Super-Clean Chrome Silicon Wire. KPMI valve springs are heat-treated, stress relieved and shot peened to insure maximum performance and life.

Springs are engineered for each specific application using proprietary advanced spring design simulation, and analysis software. Engineers pay special attention to cam and spring harmonics, stress, mass and operating rpm.

- Part numbers ending with (S) use steel retainers
- Part numbers ending with (T) use titanium retainers

# VALVE GUIDES AND VALVE STEM SEALS

## KPMI Bronze Valve Guides:

We choose to use C630 nickel bronze as a material to make valve guides because of its ideal characteristics for the application. The 4-5 percent nickel content provides superior resistance to wear, and the approximately 80 percent copper content delivers outstanding heat conductivity. Guide profiles are designed to have minimal effect on the airstream while maintaining critical cross sectional thickness in high temperature areas, promoting high performance and endurance. The top portion of the guides are shortened when cam lift information available at the time of design shows that additional retainer to seal clearance is required.

## KPMI Cast Iron Valve Guides:

KPMI R&D has produced a proprietary cast iron blend that thrives in the tough operating conditions of today's engines. KPMI's certified cast iron provides excellent wear resistance and a superior guide bore finish that is easy on valve stems.

## KPMI Valve Stem Seals "The Red Ones":

KPMI Red Viton® valve stem seals are designed to have optimum fitment, allow for maximum lift, and to give maximum life. KPMI Red valve stem seals are resistant to high temperatures, petroleum products and by-products of combustion. They retain their ability to seal in situations where other materials could allow oil to enter the combustion chamber causing detonation, carbon build up and a loss of power. The Red Ones are truly the racer's choice.

# FEULING®

## CAM INSTALL KITS

FEULING® Quick Change Camshaft installation kits for Twin Cam® engines include Timken® camplate roller bearings, KOYO® Torrington® full roller needle inner cam bearings, 12 point ARP® camshaft and crankshaft bolts with hardened washers and camshaft retaining clip. Gaskets include cam cover, lifter blocks, exhaust, pushrod tube and camplate o-rings, ARP fastener moly paste, and Loctite thread compound.

FEULING® Quick Change + Top End kits also include rocker box cover and breather assembly gaskets, breather elements, breather umbrella valves and rocker support O-rings.

Application	Year	Description	Style	OE Reference #	WPS#

Twin Cam (inc. '06 Dyna)	'07-17	FEULING Inner Cam Bearings	9215	<b>811-02077</b>

## ROLLER LIFTERS

- Performance hydraulic roller lifters
- Optimized oil flow to top end - valves, springs, rockers, shafts & valve guides
- Cooler oil and reduced wear
- Extends life of top end valve gear
- CNC machined and precision ground
- Drop in replacement for stock lifters
- Dyno developed and track tested
- Recommended for use with the Feuling® Oil Pump or comparable high volume oil pump
- Made in the U.S.A.

Application	Years	WPS #
Sportster	'86-90	<b>811-04061</b>
	'91-99	<b>811-04025</b>

Twin Cam	'99-17	<b>811-04000</b>

## LIFTERS

- Feuling® Race Series® full travel hydraulic lifters are machined from a steel body and designed to exceed the needs of large lift camshafts and higher valve spring pressures with a slower bleed down rate. Race Series® lifters maintain proper oil flow to the top end, increase engine RPM, valve-train stability, decreasing valve float promoting maximum valve lift.
- Feuling® recommends Race Series® lifters for engines running higher than 185Lbs. valve spring seat pressure. FEULING recommends the use of a high volume oil pump which will result in quieter, better performing lifters. Race Series® lifters are compatible with either FEULING® HP+® or Race Series® oil pumps and are designed for use with both street and strip engines. Spin-Tron dyno developed and track proven, Made in the USA.
- Available in oversized diameters - Case Savers!
- Recommended for both strip and performance street engines
- Made in the U.S.A.

**CAMSHAFTS FOR H-D® V-TWIN**

- TTS Camshafts are designed to provide smooth power delivery throughout your engine's entire operating range. The various grinds allow you to select a cam that optimizes torque in the RPM range you require without compromising performance elsewhere.
- TTS-100: Designed to increase torque in the 1000-4000 RPM range with smooth power to 5500 RPM. Developed for 88-117 CID with stock heads and pistons. Not recommended for compression over: 10.2:1 Twin Cam or 10.5:1 Milwaukee-Eight®. Ideal for heavy bikes like baggers or trikes. Bolt-in design utilizes stock springs and pushrods.
- TTS-150: Designed to increase torque in the 2200-5200 RPM range. Developed for 88-117 CID with stock heads and pistons. Not recommended for compression over 10.5:1. Bolt-in design utilizes stock springs and pushrods.
- TTS-200: Designed to increase torque over a broad RPM range (1800-5500 RPM). Developed for Milwaukee-Eight® engines with modified heads and pistons. Ideal for Stage III or IV kits. Not recommended for compression over 11.0:1. Requires use of high lift valve springs and modified valve reliefs in pistons.
- TTS-250: Designed to increase torque in the 2500-6000 RPM range. Developed for Milwaukee-Eight® engines with modified heads and pistons. Ideal for Stage III or IV kits. Not recommended for compression over 12.0:1. Requires use of high lift valve springs and modified valve reliefs in pistons.

The first Rocket Cam was created in 1996 for a race bike that accomplished several titles and championships. In Chris Rivas' career he has not only raced at the highest level in drag racing and land speed racing but has been very successful at both, setting and holding multiple records along the way. He currently owns the world's only 200 MPH Bagger with a top speed of 204 MPH. He also owns the world's fastest Dyna with a top speed of 244 MPH. His Rocket Cams technology has gone into every one of these bikes making them perform at the highest level that no other racer or manufacturer has been able to top. This is the same technology that goes into the street cams offered through Rocket Cams for the local performance shops in your area.

**514 CHAIN DRIVE CAMS:**

Best power with free-flow air cleaner and performance exhaust. Cruising hi-torque bolt-in cams. Incredible low rpm pulling power recommended for heavier bikes with stock compression ratio or up to 9.5:1. Peak performance at 1500 to 5000 rpm. Use stock valve springs. Very easy on valve train parts

Application	WPS #
<b>514 ROCKET CAMS</b>	
Twin Cams '07-17 and '06 Dynas	<b>276-02004</b>
Twin Cams '99-06	<b>276-02010</b>

**554 CHAIN DRIVE CAMS:**

Peak performance at 1500 to 5800 rpm. Stock compression ratio or up to 10:1. Best power with free-flow air cleaner and performance exhaust. Powerful cruising bolt-in cam. Uses stock valve springs. Recommended engine sizes 88" to 107" above average mid-range passing power.

Application	WPS #
<b>554 ROCKET CAMS</b>	
Twin Cams '99-06	<b>276-02011</b>

**574 CHAIN DRIVE CAMS:**

Powerful Street and Cruising bolt-in cam with .574" lift. 96" to 107" above average mid range passing power. Stock compression ratio or up to 10:1. Best power with free-flow air cleaner and performance exhaust. Uses stock valve springs. Range: 1,500 to 5,800 rpm. Available with S&S Cycle patented Easy Start compression release system.

Application	WPS #
<b>574 ROCKET CAMS</b>	
Twin Cams '07-17 and '06 Dynas	<b>276-02002</b>
<b>574 ROCKET CAMS W/EASY START</b>	
Twin Cams '07-17 and '06 Dynas	<b>276-02000</b>

**584 CHAIN DRIVE CAMS:**

Hot .584" lift cam for upgraded engines 103" to 107" Cubic Inch. Ported heads with minimum 10:1 compression recommended. Delivers constant power while reducing detonation. Free-flowing air cleaner and performance exhaust recommended. Uses stock valve springs. Range: 2,000 to 6,000 rpm. Available with S&S Cycle patented Easy Start compression release system.

Application	WPS #

## LUNATI VOODOO CAMS

Voodoo Camshafts for Harley Davidson applications deliver more area under the curve than any other series of cams for these engines. This means more throttle response, quicker acceleration, more vacuum and better efficiency. These factors, combined with maximum horsepower and torque, make Voodoo Camshafts the perfect choice for your Harley.

### CHAIN DRIVE CAMS FOR 07-17 TWIN CAMS

Cam and Lifter Kits include the camshaft of choice with the matching replacement lifters recommended by Lunati. High RPM or stock replacement type lifters also available separately. All cams with 0.510 lift will work with stock valve springs.

Not legal for use on pollution controlled vehicles, check local laws before installation. NOT legal for sale in California

Description	Lift	RPM Range	Cams only #	Cam & Lifters #
Maximum torque for heavy bikes and passenger riding with stock heads. Strong low end & mid range power.	0.510	Idle - 5100	<b>276-01040</b>	<b>276-01080</b>
Potent mid range power for both light and heavy bikes. Very effective for compression ratios up to 9.5:1.	0.510	1500 - 5500	<b>276-01041</b>	<b>276-01081</b>
Strong mid range power for 88-95 c.i. engines. Works well with compression ratios of up to 10:1.	0.510	1700 - 5900	<b>276-01042</b>	<b>276-01082</b>
Strong mid range power for 88-95 c.i. engines. Works well with compression ratios of up to 10:1.	0.569	1700 - 5700	<b>276-01043</b>	<b>276-01083</b>
Great power in mid to upper RPM range. Likes upgraded fuel and aftermarket exhausts and higher compression ratios.	0.585	2100 - 6100	<b>276-01044</b>	<b>276-01084</b>
Maximum upper RPM power. Great for large 95-107+ c.i. engines with increased compression and fuel/exhaust system upgrades.	0.601	2500 - 6500	<b>276-01045</b>	<b>276-01085</b>

### CHAIN DRIVE CAMS FOR 99-06 (EXCEPT 06 DYNA) TWIN CAMS

Cam and Lifter Kits include the camshaft of choice with the matching replacement lifters recommended by Lunati. High RPM or stock replacement type lifters also available separately. **Not legal for use on pollution controlled vehicles, check local laws before installation.**

Description	Lift	RPM Range	Cams only #	Cam & Lifters #
Maximum torque for heavy bikes and passenger riding with stock heads. Strong low end & mid range power.	0.510	Idle - 5100	<b>276-01020</b>	<b>276-01060</b>
Potent mid range power for both light and heavy bikes. Very effective for compression ratios up to 9.5:1.	0.510	1500 - 5500	<b>276-01021</b>	<b>276-01061</b>
Strong mid range power for 88-95 c.i. engines. Works well with compression ratios of up to 10:1.	0.510	1700 - 5900	<b>276-01022</b>	<b>276-01062</b>
Strong mid range power for 88-95 c.i. engines. Works well with compression ratios of up to 10:1.	0.569	1700 - 5700	<b>276-01023</b>	<b>276-01063</b>
Great power in mid to upper RPM range. Likes upgraded fuel, aftermarket exhausts and higher compression ratios.	0.585	2100 - 6100	<b>276-01024</b>	<b>276-01064</b>
Maximum upper RPM power. Great for large 95-107+ c.i. engines with increased compression and fuel/exhaust system upgrades.	0.601	2500 - 6500	<b>276-01025</b>	<b>276-01065</b>

### CAMS FOR 84-99 EVOLUTION MODELS

Spring kits and accessories sold separately. **Not legal for use on pollution controlled vehicles, check local laws before installation.**

Description	Lift	RPM Range	WPS #
Generates maximum torque for heavy bikes and passenger riding. Strong low end & mid range power	0.570	Idle-5500	<b>276-01001</b>
Good low end and mid range power. Works well with stock compression. Excellent highway performance.	0.577	900-5700	<b>276-01002</b>
Potent mid range power for both light and heavy bikes. Very effective for compression ratios up to 9.5:1.	0.583	1300-5900	<b>276-01003</b>
Strong mid range power for 88 c.i. engines. Works well with compression ratios of up to 10:1.	0.590	1500-6100	<b>276-01004</b>
Ideally suited for 88 c.i. motors. Performs well with higher compression ratios & aftermarket exhaust systems	0.596	1700-6300	<b>276-01005</b>
Great power in mid to upper RPM range. Likes upgraded fuel & aftermarket exhausts & higher compression ratios.	0.603	1900-6500	<b>276-01006</b>
Maximum upper RPM power. Great for large c.i. engines with increased compression and fuel/exhaust system upgrades.	0.603	2300-6900	<b>276-01007</b>

## LUNATI VALVE TRAIN ACCESSORIES

- Lunati valve spring kits were designed to get the most power out of Harley upgrades and are a perfect match for a Lunati Harley cam.
- Each kit contains (4) each of the following items: valve springs, retainers, locks and locators.
- Valve locks are manufactured from fatigue-proof steel and then heat treated for hardness and to reduce wear and distortion, while our locators are engineered from a high-strength steel alloy that holds the spring in place and requires no machining.
- Steel retainers are constructed from 4140 chrome moly steel, which is stronger and harder than standard 1020 steel. This increased strength to weight ratio results in a stronger yet lighter retainer. All steel retainers from Lunati are black oxide coated for corrosion resistance.
- Lunati offers two types of hydraulic roller lifters for Harleys: OEM Replacement and High RPM. OEM Replacement Lifters are designed to exceed the specifications of your OEM lifters while High RPM Lifters were specially designed to handle applications producing over 6500 RPM to avoid horsepower-robbing valve float and serious engine damage.

## CAM CHAIN ACCESSORIES

- Replacement inner and outer cam chain tensioners for Twin Cam motors
- Cam chain tensioners wear differently depending on useage, oil change frequency and many other factors. We recommend inspection for wear frequently to avoid any engine damage.
- Cam chain guide also available
- Sold individually

Application	Description	WPS#
A '99-06 Twin Cams	Cam Chain Tensioner OUTER	820-51400
B	Cam Chain Tensioner INNER	820-51401
C	Cam Chain Guide	820-51402

## BALANCER CHAIN GUIDES

- Three piece set that includes front, lower and rear guides

Application	WPS#
Fit Twin Cam B Motors '00-17 (Repl. OEM 14761-00)	820-51403

## CAM LOCK WASHERS

- Sold in packs of 5

Application	WPS#
Fit Most Big Twin Motors '58-99 (Repl. OEM 25550-57) 5 pk	820-53220

## 12 POINT CAM & PINION BOLT KIT

- Quality 12-point heat treated 8740 chrome moly steel bolts with black oxide finish
- Tensile strength rated @ 170,000 psi - Superior & Stronger than OEM & stronger than grade 8 fasteners
- Kits include moly assembly lubricant for installation
- Made in the U.S.A.

Application	Year	Description	WPS#
Twin Cam	'99-17	12 Point Cam & Pinion Bolt Kit	811-03042

## CRANKSHAFT TOOL

- This tool simplifies and speeds the process of checking crankshaft run out on both Twin Cam® and EVO® model engines with the crankshaft installed. The tool mounts to the cam chest side of the engine case using the designated mounting holes of the tool combined with the handled thumb screws and the case cam cover bolt holes. The tool gives quick and accurate readings of the engines crank pinion shaft run out.
- Tool includes: tool plate, +/-0.001dial indicator, thumb screws & hardware.

**FEULING®**

**OILING SYSTEM KIT**

- FEULING® oiling system kits combine all the needed components to finish your T/C® engines oiling system under 1 Part #, available in HP+® or RACE SERIES® kits. FEULING® oiling system kits increase oil pressure, oil volume, engine oil flow and return oil scavenging, eliminating wet sumping and oily air cleaners. Test results show 25-35 degree cooler engine temperatures, 15-30 degree cooler oil temperatures, 15-30 more pounds of oil pressure and quieter smoother engine operation. Results also show a substantial increase of oil pressure and 3 H.P. and 4 Ft. Lbs of T.Q to the rear wheel.
- Both HP+® and RACE SERIES® kits include FEULINGS® HIGH FLOW billet camplate made from 7075 aluminum which is 50% harder and stronger than the factory, SE® and other aftermarket camplates. FEULING® increases oil flow and volume by enlarging the oil pump reservoirs and critical oil passages including matching the oil port holes throughout the camplate to the port holes in the engine case which increases engine oil flow to the lifters, piston cooling jets, crankshaft and rod bearings.
- HP+® SERIES Kits include a billet 6061 aluminum high volume oil pump, FEULING® HIGH FLOW camplate, HP+® Hydraulic roller lifters, gaskets and o-ring kit.
- RACE SERIES® Kits include a billet 7075 hard anodized oil pump which is 50% harder and stronger than the factory pump holding tighter tolerances under temperature. RACE SERIES® hydraulic lifters have a full .200 of total travel designed with a slower bleed down rate to handle heavy valve spring pressures, increase engine RPM before valve float and feature increased roller clearance for steep ramped camshafts. Kits include a RACE SERIES® oil pump, RACE SERIES® lifters, HIGH FLOW camplate, gaskets and o-rings.
- \*CONVERSION CAMPLATE Kits #811-07076 & #811-07077 utilize the early style 99-06 camshafts and upgrade the cam chain system to use the late style 07-16 hydraulic tensioner system. Factory sprockets, tensioners, chain and hardware must be purchased separately.

	'99-06 Twin Cam (exc. '06 Dyna)	Chain Driven Conversion	Race Series® *	<b>811-07077</b>
C	'07-17 Twin Cam (inc. '06 Dyna)	Gear or Chain Driven Cams	Race Series®	<b>811-07075</b>

\*CONVERSION CAMPLATE Kits #811-07076 & #811-07077 utilize the early style 99-06 camshafts and upgrade the cam chain system to use the late style 07-Up hydraulic tensioner system. Factory sprockets, tensioners, chain and hardware must be purchased separately.

**OIL PUMPS**

- Billet 6061 aluminum -high volume oil pump
- Increases oil pressure -cooler oil & engine temperatures
- No more oily air cleaners -40% more pressure volume than stock
- Eliminates blow-by & wet sumping -60% more scavenge (return) volume than stock
- More horsepower and torque to the rear wheel -stock replacement
- Fits both A and B Twin Cam engines -Feuling® design, tolerances & material
- High flow 2 chrome moly gerotor gears -Made in the U.S.A.

Application	Style	WPS #
A '99-06 Twin Cam (exc. '06 Dyna)	HP+® Oil Pump	<b>811-07000</b>
B '07-17 Twin Cam (inc. '06 Dyna)	HP+® Oil Pump	<b>811-07060</b>

C '07-17 Twin Cam (inc. '06 Dyna)	Feuling Oil Pump Rebuild Kit	<b>811-07061</b>

**OIL PUMPS**

- 7075 Billet aluminum with military spec hard anodized, blue printed and designed for the racer!
- The 7075 alloy is 50% harder and stronger than 6061 aluminum and holds tighter tolerance under temperature
- More pressure volume and more oil pressure
- More scavenge volume eliminating power robbing wet sumping, blow-by and oily air cleaners
- Cooler oil and engine temperatures
- More horsepower, more torque, more oil pressure, more return volume
- High Flow 4140 heat treated Chrome Moly gerotor gears
- Stock replacement for Twin Cam® engines
- When combined with the Feuling® Camplate test results show 3 Horsepower gain and 4 ft/lbs of Torque gain to the rear wheel, while lowering engine & oil temperature. Feuling® camplate NOT required.
- Stock replacement for Twin Cam® engines, recommended for both strip & performance street engines
- Made in the U.S.A.

## BILLET OIL PUMPS

Harddrive oil pumps are made from cast aluminum that is CNC machined to close tolerances and then polished to a high gloss finish. Great value for small dollars! Surplus oil is routed back to the main passage rather than the return to avoid unnecessary filtering and offer the opportunity to upgrade earlier engines to the 81-up oiling system. This oiling system splits bottom and top end oil supply which increases oil pressure to the hydraulic lifters and and top end. They come with gaskets, drive shaft with with keys and snap ring, mounting hardware, check ball and pressure relief valve assemblies.

# FEULING®

## PSI TESTER

- This pressure test tool is a must for any H-D® Twin Cam engine builder. Bench test each camplate before installation, cycle the pressure relief valve, testing operation and assuring the valve moves freely, seats and seals each time, any leakage at the relief valve will reduce oil pressure.
- This tool allows the engine builder to know what PSI the relief valve opens; the spring tension can be adjusted to achieve the desired pop off PSI. Tool includes: air regulator, 0 - 100 psi pressure gauge, gasket & needed hardware, fits all Twin Cam engine camplates. Feuling® recommends the camplate valve be seated 0-30 psi with full pop off at 55-60 psi. Made in the U.S.A.

Description	WPS#
Camplate PSI tester for Twin Cam	811-09010

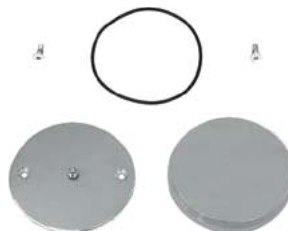

## CAM COVERS

- Chrome plated cast aluminum cam covers for single cam motors
- Come with bushings installed
- Hardware and seal included

Description	WPS#
Cam Cover with Hardware & Gasket '73-91	820-51581
Cam Cover with Hardware & Gasket '92-99	820-51582
Cam Cover with Hardware & Gasket '01-17 Chrome	820-50802
Cam Cover with Hardware & Gasket '01-17 Black	820-50803
Chrome Timing Cover 2 Hole Big Twin and '04-Up Sprotster	820-50813

## CAM COVERS

Ribbed EMD covers are the real alternative to the cold, rigid and old fashioned "Billet" style...they will give your engine the soul and the charisma of yesteryear choppers.

- Manufactured in die cast aluminum, CNC milled gasket surface
  - OEM Mounting Hardware reusable
  - Gaskets not included, please order separately
- Available in raw cast or black powder coated finish, ribs can be accented or polished

Application	Description	WPS#
A Fits '01-17 Softail and Dyna models, '02-17 Touring models	Ribbed Cam Cover Raw	866-05300
B	Ribbed Cam Cover Black	866-05301

## SPORTSTER CAM COVERS

Featuring a raised rib design, this cast aluminum 'second skin' cam cover trim fits over your OEM cam cover. It is held in place with three supplied Allen bolts and spacers. The EMD cam cover trim can be notched at the upper front to make room for your OEM breather. You can also opt to relocate the breather to a lower position, especially if you're cutting the OEM cam cover up to visually 'split' the motor from the transmission. These covers are available in two styles, the classic ribster and the knuckle style with raised ribs and a smooth front section.

## SPORTSTER SPROCKET COVERS

Featuring a raised rib design to match the EMD Cam Cover Trim, the EMD Sprocket Cover provides a much-needed finishing touch to any custom Sportster for that 'split transmission' look. The Sprocket Cover is a direct bolt-on for Sportsters with forward controls and forward-mounted master cylinder. Mid-mount Sportsters will require custom modifications.

Application	Description	WPS#
A Fits '04-Up XL Models	Ribster Sprocket Cover Raw	<b>866-05080</b>
B	Ribster Sprocket Cover Black	<b>866-05081</b>
C Fits '91-03 XL Models	Ribster Sprocket Cover Raw	<b>866-05082</b>
D	Ribster Sprocket Cover Black	<b>866-05083</b>

## CYLINDER STUDS

- These High Performance Cylinder studs are made from 180,000 psi yield strength, fine grain, heat treated, premium grade 8740 material
- Threads are rolled after heat treating to insure maximum compressive stresses are retained, insuring maximum strength, and the longest fatigue life possible
- The case end threads are designed to have a slight interference fit to maintain good thread contact at high temperature
- Studs are center less ground to insure concentricity, and finished with a premium black oxide treatment , excellent appearance

Description	Year	WPS#
Twin Cam Cylinder Studs	'99-17	<b>191-57096</b>
EVO Big Twin Cylinder Studs	'84-99	<b>191-57086</b>
EVO Sportster Cylinder Studs	'86-17	<b>191-57085</b>

## CYLINDER DOWELS

- Cylinder alignment dowels are machined from steel and receive a black oxide surface treatment
- OEM Cylinder Alignment Dowels are often galled and distorted when removed during a top end job
- Quick, clean, easy, and accurate reassembly

Description	Application	WPS#
Cylinder Dowels 0.5575" O.D. (4pack)	All EVO Big Twin and XL models	<b>191-57087</b>
Cylinder Dowels 0.4365" O.D. (4pack)	All Twin Cam models	<b>191-57097</b>

# FEULING®

## CYL STUD KIT

- The strongest studs available!
- Feuling® studs are installed to a torque spec can be reused and carry a lifetime warranty
- Heat-treated 8740 chrome moly steel studs
- Stock replacement
- Kit includes 8 cylinder studs, moly assembly lubricant and thread sealant
- Made in the U.S.A.

# FEULING<sup>®</sup>

## CYL STUD & HEAD BOLT KIT

- The strongest studs & bolts available!
- Top engine builders demand quality fasteners! Secure your engine with complete confidence
- Superior in strength and performance to any other cylinder stud head bolt kit on the market, this kit is designed to exceed the needs of high performance engines.
- Dont Risk Head Gasket Failure!
- Stock Cylinder studs are designed as a stretch to torque stud with a one time use only lifespan
- Feuling<sup>®</sup> studs are installed to a torque spec can be reused and carry a lifetime warranty
- Heat-treated 8740 chrome moly steel studs
- Precision j-form threads for optimum engagement, to prevent galling and promote more consistent torque loading.
- Special alloyed stainless steel head bolts
- Manufactured by ARP<sup>®</sup> to Feulings<sup>®</sup> exact specifications
- Recommended for all V-Twin engines
- Stock replacement
- Kit includes 8 cylinder studs, 8 head bolts, moly assembly lubricant and thread sealant
- Made in the U.S.A.

### OIL SPOUT & DIPSTICK

- Billet aluminum machined oil spout
- Thread in dipstick. No high rpm dipstick blow outs
- Compatible with all LSD gearsets/ bearing doors on the market for 1993-2006 FLH/ FLT Models
- Looks light-years cooler than the stock, cast, bat wing cover oil spout thing
- 2 Year Limited Warranty

Application	Description	Year	Black Anodized	Chrome	Polished

## CRANKCASE VENT AIR FILTERS

### REMOTE MOUNT

Designed for racing engines where crankcase breathing is essential. Prevents dirt from entering engine on deceleration. Comes in two styles: Remote Mount with rubber top uses tubing to connect filter and vent. Remote Mount with chrome top has 1/4" stud and nut to mount in convenient place.

Vent Size	K&N	Remote Mount	WPS#
<b>2" DIA. X 1 1/2" METAL BASE</b>			
3/8"	62-1000	Rubber	<b>62-0100</b>
1/2"	62-1010	Rubber	<b>62-0101</b>
3/4"	62-1030	Rubber	<b>62-0103</b>
1/2"	62-1100	Chrome - w/stud	<b>62-0110</b>
5/8"	62-1110	Chrome - w/stud	<b>62-0111</b>
3/4"	62-1120	Chrome - w/stud	<b>62-0112</b>
1"	62-1130	Chrome - w/stud	<b>62-0113</b>
<b>3" TOP &amp; 2" LONG</b>			
1/2"	62-1050	Rubber	<b>62-0105</b>

*Legal in California ONLY for racing vehicles which may NEVER be used upon a highway*

### DIRECT MOUNT

#### UNIVERSAL CLAMP-ON STYLE CRANKCASE FILTERS

Filters clamp directly to vent tubes on valve cover or crankcase. Ideal for all engines, transmissions, oil and gas tanks.

Vent Size	K&N	Direct Mount	WPS#
<b>2" DIA. X 1 1/2"</b>			
1/2"	62-1330	Chrome Top	<b>62-0133</b>
5/8"	62-1340	Chrome Top	<b>62-0134</b>
3/4"	62-1360	Chrome Top	<b>62-0136</b>
1"	62-1370	Chrome Top	<b>62-0137</b>
<b>3" DIA. X 2 1/4"</b>			
1"	62-1420	Chrome Top	<b>62-0142</b>
1 1/4"	62-1380	Rubber Top	<b>62-0138</b>
1 1/4"	62-1390	Chrome Top	<b>62-0139</b>

#### UNIVERSAL ADAPTER

Universal 1/2 Valve cover vent adapter requires drilling 5/8" hole in valve cover **85-1050**

## CRANKCASE BREATHERS

- Crankcase vent filter with base
- For 3/8" hose
- Chrome finish
- Replacement filter available
- Sold each

Description	WPS#
A Crankcase Breather Assembly	<b>820-51578</b>
B Replacement filter (for 820-51578)	<b>820-51579</b>
C Dual Breather Filter	<b>820-51580</b>

## CRANKCASE VENTING SYSTEM

- Prevents blown or weeping gaskets
- Produces the proper amount of vacuum in the crankcase, at all RPM ranges
- Your engine gains quicker throttle response
- You'll gain 2-8% of usable rear wheel horsepower
- It snaps open for easy cleaning, and is light weight, compact and not restricted to position to fit all H-D models

Application	Year	WPS#
<b>HARLEY-DAVIDSON</b>		
Big Twins/Sportsters	All	<b>39-1206</b>

## THE 'OIL' FIX

- Fixes problem leaks associated with the base gasket
- With the oil control jet installed into the crankcase, the oil doesn't touch the gasket, thereby no leaking through the base gasket
- Oil Fix control jets control the oil coming from the head through the barrel and into the case

Application	Year	WPS#
<b>HARLEY-DAVIDSON</b>

## CARBONITE® CLUTCH KITS

This is our high end, highest heat resistance, and most durable product we offer. It is recommended for high end use and has been used in world class racing. It is very popular with the Police Drill Teams around the USA, because of its ability to slip and still maintain durability. It is far and away the best material available and comes with a lifetime warranty.

Carbonite® High Performance Clutch Kits are designed and engineered for maximum performance and durability in the most demanding performance applications.

### Carbon Carbonite® based friction material:

- Carbon offers superior coefficient of friction
- Carbon provides higher temperature capacity
- Decreases wear while increasing durability

### Single side extra capacity clutches reduce heat:

- Additional friction element increases surface area
- Additional steel elements increase conductivity
- Balanced temperature and rapid heat dissipation

## K2® KEVLAR CLUTCH PACK

This grade is a premium grade that offers similar heat resistance but is more durable and recommended for more heavy duty and hi torque applications. It is an economical alternative to OE and premium replacement material while offering significantly superior performance.

## PERFORMANCE CLUTCHES

All clutch plates are made of either 6061 T6 or high-tempered steel with our own race proven friction material. Each plate design was tested so that maximum performance is achieved. Different groove patterns were designed for maximum oil circulation and heat dissipation. The steady flow of lubricant will cool and determine the longevity of your clutch.

### A

- Kit Includes 5 friction plates with tempered steel cores
- Maximum groove pattern for excellent heat dissipation & oil circulation (run wet or dry)
- Steel plates not included
- Made in the USA

### B

- Includes five friction plates (6061 T6 aluminum core)
- With maximum depth groove pattern for efficient heat dissipation and oil circulation
- Included are four tempered steel drive plates
- Made in the USA

### C

- High performance extra plate kit
- Includes 6 friction plates with 6061 T6 aluminum cores, 5 tempered steel drive plates and 10 Zero crush coil type clutch springs
- Stack height is preset for easy, accurate installation (run wet or dry)

### D

- Includes six friction plates with tempered steel cores and seven tempered steel drive plates
- 25% wider than OEM clutch plates for a significant increase in clutch area
- Stack height is preset for easy installation (run wet or dry)

### E

- High Performance Extra Plate Kit
- Includes nine friction plates on tempered steel cores, eight tempered steel drive plates and 15% stronger diaphragm spring
- Starburst groove pattern for maximum heat dissipation and oil circulation
- Preset stack height for easy installation
- 15% more clutch area for high performance strokers
- Remove OEM rivet plate!

### PRIMARY CHAIN TENSIONERS

- Automatically adjust primary chain tension
- Assures proper chain tension during acceleration and deceleration
- Smoother shifting, transmission will “click” instead of “clunk”
- Provides a noticeably smoother ride

Application	Year	WPS#	Replacement Shoe
<b>HARLEY-DAVIDSON</b>			
Big Twins	A '65-00	39-1200	39-12009
	B '01-06	39-1201	39-12012
	C '07-17 (except M8) '17-Up M8	39-1202	39-12008
Sportsters	D '77-90	39-1203	39-12010
	E '91-03	39-1204	39-12011
	F '04-up	39-1205	39-12011

### MANUAL PRIMARY CHAIN ADJUSTER

- Ideal for bikes equipped with big displacement high performance engines
- Permits manual selection of primary chain tension and is a direct replacement for the original equipment automatic version
- The anodized billet aluminum adjuster allows you to fine tune & lock settings
- The manual adjustment locks the chain tension in place to prevent free play during severe shifting

Description	Application	WPS#
Manual Primary Chain Adjuster	Fits '06-16 Dynas, '07-16 Softails and Touring Models	820-52350
Replacement Shoe		820-51211

### FINE TOOTH ADJUSTMENT KIT

- The finer pitch teeth make it easier to dial in your primary chain slack
- The BAKER primary chain adjuster bracket looks like the stock 39990-01 style bracket but has 28% more adjuster teeth

Application	WPS #
'87-06 Big Twin Except 2006 Dyna	821-1064

## BIG TWIN PRIMARY COVERS

The EMD/Billy Boy primary cover is directly inspired by the design of the Panhead/ Knucklehead tin primary cover housings from the Forties. The Snatch primary cover design is inspired by the finned primary covers from the golden age of choppers. They install in place of your OEM primary cover and will bring the ultimate vintage, bobber and chopper look to your project!

Snatch

Snatch

Billy Boy

Snatch

JayDee

- Manufactured in die cast aluminum, CNC milled gasket surface
- OEM mounting hardware reusable

## 7-SPEED DIRECT DRIVE BUILDERS KIT

- Shorter first gear ratio (numerically higher) to help with the off the light get up and go, as well as slow speed maneuvering around the bar parking lot
- Fully assembled gear set and shift system. No adjustments needed for installation
- The DD7 re-uses the stock shifter pawl and includes a new main drive gear bearing and seal, door, top and side cover gaskets
- Compatible will all types of aftermarket hydraulic side covers, as well as the stock Screaming Eagle versions
- Direct slide in installation. No case modifications needed. Clears all exhaust and works with all after market clutches
- Includes a new transmission top cover that holds the linear, roller bearing mounted, shift detent
- Easy to find neutral, every time. Smooth shifting without the the stock clunks or 'jerks' when engaging
- Upgraded ARP 12 pt stainless steel bolts included. For transmission top and side cover as well
- Included BAKER Direct Drive 7 Speed Stock Side Cover emblem
- Backed by a 5 year limited warranty

Application	Description	Year	WPS#

## 6-SPEED DIRECT DRIVE BUILDERS KIT

- Pre-assembled gearset, ready to easily install, featuring helical cut 4th, 5th, and 6th gears for noise reduction, and straight cut gears in 1st - 3rd for strength in the torque ranges.
- 28 tooth compensating sprocket necessary for maintaining the stock 1st - 5th ratios included. Overdrive is obtained through the primary, reducing the overall rpm in 6th gear by 400-500rpm depending on the application.
- Roller detent shift drum with fixed spindle, eliminates shimming and misalignment. Finding neutral is very easy with a redundant neutral detent.
- Shifter pawl assembly with improved geometry for a perfect response. Includes a built in over-shift protection for smooth precise shifting.
- Gears are manufactured with 8620 hardened gear steel for long life and dependability.
- 120 ft-lb torque capacity, applications that exceed this rating should use the Overdrive 6-speed rated at 165 ft-lb torque capacity.
- Available with 3.24 1st gear, or 2.94 1st gear.
- Backed by a 5 year limited warranty.

## OVERDRIVE 6-SPEED BUILDERS KIT

### THE ORIGINAL 6-SPEED TRANSMISSION

This is the ORIGINAL 6-speed design that revolutionized the American V-Twin industry. Yet, it's still the best overdrive 6-speed built to this day...hands down. Our OD6 is built to comfortably handle the power from today's big-inch motors. This transmission is rated for motors putting out up to 165ft/lbs of continuous use. It is available as a complete transmission with a wide variety of case options and configurations, or as a builder's kit for your stock case application, which requires little to no modification. The BAKER OD6 is available with many optional gear ratios to match your engine torque and riding style.

- Billet 6061-T6 bearing door
- 1/8" thick bearing retainer plate
- Redundant Neutral smooth shift system
- Hard chrome plated shift forks
- Diamond cut gearset made out of 8620 steel
- Optional Gear Ratios
- All transmission seals, gaskets and hardware
- 5 year limited warranty

Application	Year	w/2.94:1 1st gear	w/3.24:1 1st gear

### ODR6 COMPLETE TRANSMISSION

- 6 Speed units only available as a complete build transmission
- Multiple gear ratio combinations available
- Full complement of straight cut gears for the ultimate in strength, with the tooth forms ground with diamond coated tooling
- Works with all primary and clutch configurations on the market
- Comes standard with zero offset pulleys and 530 chain sprockets, with many offset pulleys available at a nominal up-charge
- Pulley covers sold separately
- Keeps the motorcycle fully balanced by not needing any drivetrain offsets, strictly a bolt in design on all versions
- Backed by a 5yr limited warranty

## 6 – INTO – 4 TRANSMISSION

Years ago we came out with the 6-into-4 for Shovelheads. Sales of these transmissions have been a complete shocker and the message is loud and clear: People love their Shovelheads and they ride the piss out of them. We often get asked “why not a 5-into-4?”. This is because 4-speeds have a 1:1 fourth gear and Evo 5-speeds do as well. This provides no RPM advantage to your old iron. 6-into-4’s have a 1:1 fifth gear and a .86:1 sixth gear; good for a 500 RPM reduction on the highway. Our original 6-into-4 transmission is a direct replacement for the 1970-Early 1984 4-speed. This year we have main shaft options that allow fitment into wet (diaphragm) clutch model Shovels and 4-speed Evo models that require a longer main shaft and shorter ones for Pan and Knuckle. Available with different kicker covers

- 6061-T6 extruded billet case with the nostalgic look of 4-Speed and precision machined for no leaks
- 5th mounting stud machined into the case, for pure strength and no weak points
- BAKER Klassic Kicker gears, stainless steel kick arm, and bronze pedal standard
- Case available with or without primary flange; raw, wrinkle black, or polished
- 23 tooth sprocket standard. Optional 24 tooth and 33 tooth pulley
- Forged top cover available with or without neutral switch
- Modern 5-speed style shift drum and shifter pawl for smooth quick shifts
- Electronic speed sensor provision on right rear of case
- N1 drum, no cost option, for N-1-2-3-4-5-6 shift pattern
- Comes standard with a BAKER 5 Year/50,000 mile warranty

## ANTI-OVERSHIFT RATCHET PAWL ASSEMBLY

- Innovative ratchet pawl design utilizes a rectangular cross-section spring like the 21st century Big Twins
- Pawl shaft lever splines are hobbled on a gear cutter just like our gears for high strength
- Made in the U.S.A.

	Application	WPS #
A	'80-00 All Big Twin Except 2000 Softail	<b>821-1055</b>
B	'00-06 Softail, '01-06 Touring, '01-05 Dyna	<b>821-1056</b>

## HIGH TORQUE BEARING KIT

- High torque bearing kit is designed for bikes with over 100hp
- Replacement seal available separately
- Made in the U.S.A.

Description	Application	WPS #
High Torque Bearing Kit	'85-06 Big Twin All	<b>821-1111</b>
Oil Seal 25X52X7A	For use with BAKER High Torque Bearing	<b>821-1116</b>

## HEAVY DUTY THROWOUT BEARING KITS

- Heavy Duty Throwout bearing kit was developed to address the failures of the stock clutch throwout bearing
- The ball-and-ramp actuator and the larger thrust bearing features a 97% greater surface area and 77% greater static load capacity than the stock bearing
- Includes bearings, snap rings, gaskets, seals and retaining nuts
- Made in the U.S.A.

Application	WPS #
'87-Later All Evo and Twin Cam	<b>821-1114</b>

## KLASSIC KICKER GEARS

- Classic Kicker Gears roll smooth as glass
- The last set you will have to buy
- Made in the U.S.A.

Application	WPS #
'36-L86 stock 4-speeds, BAKER 4-speed and 6 in 4 transmissions	<b>821-1065</b>

### 5-SPEED ROLLER SHIFT KIT

- Our 5-speed drum is a direct replacement for all existing stock H-D 5-speeds, but features improvements for smoother shifting
- The pillow blocks included with the kit are machined from our 6061-T6 extrusion stock for a significant increase in strength over stock
- Made in the U.S.A.

Application	WPS #
'88-97 Big Twin All	821-1060

### BILLET STEEL SHIFT FORKS

- Our Shift Fork Kits include all three forks and are a direct replacement for the standard O.E.
- Cross section is three times thicker than stock
- These billet steel forks are hard chrome plated like a fine American made tool

Application	WPS #
'87-06 5-speed Big Twin	821-1063

### 5-SPEED SMOOTH SHIFT KIT

- 5-Speed smooth shift kit greatly improves the shifting
- The shift detent plate is made out of billet and securely bolted to the shift drum
- Made in the U.S.A.

Application	WPS #
'91-03 Sportster	821-1061

### TRANSMISSION DIPSTICK

- Our dipstick is made of billet aluminum and is show-chrome plated
- Redesigned dipstick with the largest radius possible for added strength
- Made in the U.S.A.

Application	WPS #
'87-06 Big Twin Except '06 Dyna	821-1070

## TRANSMISSION DIPSTICK NEW

These Knurled dipsticks replace the OEM # 37065-06 item and really clean up the look of the transmission. Our Knurled transmission dipsticks are machined from 6061 T6 billet aluminum and are brilliantly chrome plated or anodized black with machined accents.

Application	Chrome	Black
'07-18 FLH/FLT and Softails, '06-17 Dynas	811-20190	811-20191

## MAIN SHAFT NUT NEW

- OEM Reproduction
- Sold Each
- Made In The U.S.A

A

B

C

Application	WPS#
MAIN SHAFT NUT	
A For '92-UP XL and Big Twins	830-1144
B For '71-84 Sportsters	830-1163
C For '36-85 Big Twins	830-1155
For '36-91 4 Speed Big Twins	830-1185

## TRANSMISSION REBUILD KIT

- Transmission rebuild kit is an all inclusive kit designed to freshen up those high mileage bikes
- Developed to work specifically with our OD6, DD6, DD5 and OEM5 left side drive transmissions

### Includes:

- Transmission Case Bearings
- Transmission Case Snap Rings
- Transmission Trap Door Bearings
- Gearset Bearings
- Gearset Snap Rings and Thrust Washers
- Transmission Assembly Gaskets
- Transmission Assembly Seals

Application	WPS #
'94-06 Softail, FXR, FLT-FLH	821-1062

## MAIN DRIVE GEAR SEAL

- Replaces the H-D part number 12067B
- It's a 5-speed transmission main seal

Application	WPS #
'94-06 Big Twin	821-1110

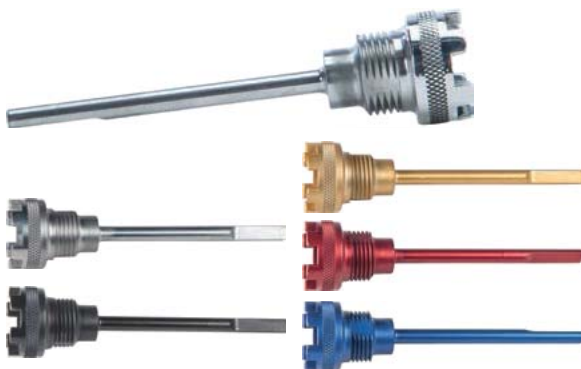

## INNER PRIMARY BEARING AND SEAL KIT

- Includes all parts needed for inner primary bearing replacement
- OE quality, fits stock and most aftermarket inner primaries

Application	WPS#
<b>HARLEY DAVIDSON</b>	
Twin Cam stock replacement	'08-17 <b>22-53103</b>
	'85-07 <b>22-53101</b>
Harley Davidson Big Twin HP Double row ball bearing designed for use on straight splined shafts only (exc. '06 Dyna)	'90-06 <b>22-53102</b>

## TRANSMISSION DIPSTICKS

- CNC Machined 6061 aluminum
- Six different anodized colored options
- Replaces OEM transmission dip stick #37065-06
- Made in the USA

'86-99 FXST/FLST, '84-03 FLT, FLHT, FLHR, FLTR, '91-99 FXD, '85-94 FXR	70T x 1 1/2"	<b>576-01272</b>

## PULLEY SPACERS

Aluminum spacers that are ideal for lining up pulleys and sprockets. The spacers can easily be machined down to the next size under without having to worry about the spigot alignment when you machine the face of the spacer down to the desired thickness. They are drilled for up to 7/16" bolts. Can also be used as disc spacers.

Application	Width	WPS Part#	Application	Width	WPS Part#

## BAKER SPROCKETS

• .900" offset sprockets are the maximum offset that can be used without any modification to the stock inner primary. This makes it possible to run a 180 rear tire with no transmission offset or primary drive monkey-business required. Some rear fender modification may be required

• .500" offset sprockets series permits use of a wider tire than stock and great flexibility in dialing-in your secondary drive ratio.  
 • .200" offset sprockets are modeled after the factory 21 tooth sprocket, except this series is available with various tooth counts for flexibility in dialing-in your secondary drive ratio

821-1100

821-1101

821-1098

Sprockets	Application	WPS #

## PULLEY LOCK PLATE

- Lockplate with bolts.

Application	WPS#
Fits Big Twins '93-06 except '06 Dynas (Repl. OEM 40251-92A)	<b>820-53210</b>

All sprockets are heat-treated one-piece construction, machined on computer controlled lathes to assure the highest quality and longest wear available. Remember, when you buy PBI sprockets, you are buying an unbeatable combination of guaranteed quality, experience, competitiveness and availability. Ask for PBI sprockets by name.

## REAR SPROCKETS

**MADE IN THE USA BY THE PROS FOR THE PROS!**

- Manufactured from 7075 T6-51 aluminum
- Stronger than steel sprockets in tensile, yield and shear strength
- Far lighter than steel for less unsprung weight
- Made from full thickness aluminum for maximum strength
- Available in a full range of tooth sizes

Material	Brinell Hardness	
Plain Aluminum	6061-T6	95
Mild Steel	1010	116
PBIs aircraft alloy aluminum	7075-T6-51	150

## COUNTERSHAFT SPROCKETS OEM REPLACEMENT

- CNC machined from solid high grade 8620 alloy steel
- Broached specially for maximum spline-to-shaft contact providing optimum load bearing
- Heat-treated for long life and extended wear resistance
- Finished with an electroless nickel plating for corrosion, wear resistance and lubricity
- Manufactured in USA
- ADD TOOTH COUNT TO END OF PART NUMBER WHEN ORDERING

# STEEL SPROCKETS

## TOP QUALITY AT ECONOMICAL PRICES

- Made exclusively from the finest Japanese 545C high carbon steel
- Heat treated and hand finished to meet or exceed O.E.M. standards
- Outlasts any mild steel or surface hardened sprocket as much as two or three times over
- To order, add tooth count to end of sprocket part number.
- Tooth count and chain length are for reference only, verify before ordering.

### 3D CHAIN

EK ThreeD (3D) Premium motorcycle chain is Elegant, Strong, Detailed and Magnificent. It offers the ultimate shape with flexibility and strength. EK Chain set out to produce a premium chain that was as beautiful as it is strong. An impressive outer plate shape that offers a curved form to reduce weight and increase appeal is connected together with inner plates and pins that feature lightening holes to further reduce mass. QX2 X-Rings have a better wear-resistance and performance than standard QX-Rings by 30% resulting in a chain that puts 1% more power to the rear tire.

#### 5 CONCEPTS TO MAKE OUR IDEAL "ThreeD" CHAIN A REALITY

##### IMPRESSIVE

- Ultimate plate shape
- 3D-designed with a beautiful curved form is an evolutionary shape

##### DYNAMIC

- Astonishing transmission efficiency
- Smooth and powerful acceleration

##### ELEGANT

- Bright Silver, Gold and Black premium chain
- Nothing but our 3D design makes it possible to have an elegant form and everlasting beautiful light reflection

##### ADVANCED

- Applying brand-new revolutionary process of manufacturing
- Far better than standard chains in every aspect such as fatigue strength, product quality and light weight
- Aiming for no initial stretch

##### LIGHT

- Slim design with minimum weight
- Produced by our exclusive technology to strengthen a chain without making it heavy.
- Weight per 100 links 530Z=4.81LB

### MVXZ2 SERIES COLORED CHAIN

- For Offroad, ATV and 600-1000cc street applications
- Lightening holes on side plates
- Friction reducing QUADRA-X Rings
- X-Rings have greater sealing surface and less friction than O-ring chains
- Gives your bike the factory works look
- Larger pin diameter than standard chains make chains stronger and last longer

### ZVX3 THE PINNACLE OF CHAIN TECHNOLOGY

- Ultra strong: ZVX3 series chains easily surpass every other brand with a tensile strength of 11,100lbs.
- New NX-ring lasts 15% longer than ZVX series
- Minimizing the clearance between the plates for improved stiffness and weight
- Available in metallic colors and natural finish

### SRO SERIES O-RING (SRO, SRO-Z, SRO-5)

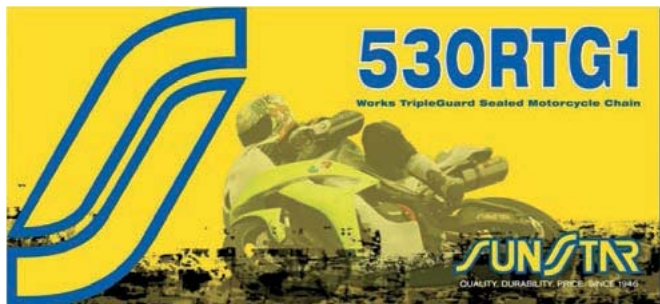

For Dirt, ATV and Street applications

- High quality O-ring chain seals in lube and keeps water and mud out
- Solid rollers and entended anti-kink bushings increase chain longevity
- Japanese made chain with quad staked riveting of pins into side plates
- Available in gold and standard finish

### RTG SEALED CHAIN

- Utilizes Sunstar's exclusive TG-ring (TripleGuard) where the ring seals with 3 lips per side for the ultimate in heat prevention and keeping the chain lubricated even in extremely harsh conditions
- The 520RTG1 is the perfect choice for racing / performance oriented applications with 520 chain size. With a tensile strength of 9900 lbs, the 530RTG1 is intended for the large displacement sport machines like Ninja 1400, GSX1300R Hayabusas and others
- Color option: Gold
- Uses rivet type connecting link

## CHAINS **VORTEX**

- Drilled links reduce rotating mass
- Tri Glide X rings reduce friction
- Quad peened pins, pre stretched to ensure proper fit
- RX3 Roadrace series chains are intended for road race/track use only
- All Vortex chains come with a rivet style master link, a clip style link is available for the SX3 series chains only (sold separately)

### SX3 TENSILE STRENGTH

- 520 - 8,500 lbs
- 525 - 9,000 lbs
- 530 - 9,000 lbs

### RX3 TENSILE STRENGTH

- 520 - 9,400 lbs
- 525 - 10,300 lbs
- 530 - 11,100 lbs

### RX3 ROADRACE TENSILE STRENGTH

- 520 - 8,500 lbs

## STANDARD & HEAVY DUTY CHAINS

- Designed and manufactured in Japan
- Hardened and shot peened components
- Solid rollers, pre-stretched
- All chains are available in natural finish, gold finish available depending on chain pitch/length

- All chains supplied with clip style master links.
- All rolls of chain include 5 master links per 25' of chain.

[See page 451 for specification chart.](#)

**MILWAUKEE 8 GASKETS AND SEALS** 

- At Cometic Gasket, our goal is to offer the latest in gasket technology
- Materials, manufacturing processes and gasket designs are constantly improving to match the higher level of performance for today's powerful V-Twin engines
- Cometic Gasket Kits for Harley Davidson models include every gasket, seal, washer, and o-ring needed for a complete overhaul

- When purchasing a Cometic gasket kit, you can rest assured that every component will be the best solution for your application
- EST "Extreme Sealing Technology" kits are available in Complete Motor Kits and Top End Kits
- Harley-Davidson® EST Gasket Kits contain MLS Head Gaskets, Steel Viton coated Base Gaskets, blue Viton Valve Stem Seals and AFM material

**TWIN CAM GASKETS & SEALS**

- At Cometic Gasket, our goal is to offer the latest in gasket technology
- Materials, manufacturing processes and gasket designs are constantly improving to match the higher level of performance for today's powerful V-Twin engines
- Cometic Gasket Kits for Harley Davidson models include every gasket, seal, washer, and o-ring needed for a complete overhaul
- When purchasing a Cometic gasket kit, you can rest assured that every component will be the best solution for your application
- EST "Extreme Sealing Technology" kits are available in Complete Motor Kits and Top End Kits
- **Harley-Davidson® EST Gasket Kits** contain MLS Head Gaskets, Steel Viton coated Base Gaskets, blue Viton Valve Stem Seals and AFM material

## EVO BIG TWIN GASKETS & SEALS

- At Cometic Gasket, our goal is to offer the latest in gasket technology
- Materials, manufacturing processes and gasket designs are constantly improving to match the higher level of performance for today's powerful V-Twin engines
- Cometic Gasket Kits for Harley Davidson models include every gasket, seal, washer, and o-ring needed for a complete overhaul
- When purchasing a Cometic gasket kit, you can rest assured that every component will be the best solution for your application
- EST "Extreme Sealing Technology" kits are available in Complete Motor Kits and Top End Kits
- **Harley-Davidson® EST Gasket Kits** contain MLS Head Gaskets, Steel Viton coated Base Gaskets, blue Viton Valve Stem Seals and AFM material

# PANHEAD & SHOVELHEAD GASKETS & SEALS

- At Cometic Gasket, our goal is to offer the latest in gasket technology
- Materials, manufacturing processes and gasket designs are constantly improving to match the higher level of performance for today's powerful V-Twin engines
- Cometic Gasket Kits for Harley Davidson models include every gasket, seal, washer, and o-ring needed for a complete overhaul
- When purchasing a Cometic gasket kit, you can rest assured that every component will be the best solution for your application
- EST kits are available in Complete Motor Kits and Top End Kits
- **Harley-Davidson® EST Gasket Kits** contain MLS Head Gaskets, Steel Viton coated Base Gaskets, blue Viton Valve Stem Seals and AFM material

## V-ROD GASKETS & SEALS

- Provide maximum sealing performance for today's high output engines and require no sealants
- Ideal for aluminum heads to aluminum blocks and aluminum heads to cast iron blocks withstanding the shearing force created by the two materials.
- No need to re-torque, the embossing design of the MLS gasket promotes an even clamp load across the sealing surface allowing for measurable reduced bore distortion

# EVOLUTION BIG TWIN GASKETS & SEALS

- Genuine James Gaskets uses state of the art materials and production methods to make the best gaskets available
- Comprehensive gasket kits for many applications as well as individual gaskets are available
- Various material choices available depending on application
- FOAMET - foam covered metal
- MLS - multi layered steel
- RCM - rubber covered metal
- Micropore paper gaskets with or without elastomer bead (Nitrile or Silicone)
- Made in the U.S.A.

# SHOVELHEAD GASKETS & SEALS

- Genuine James Gaskets uses state of the art materials and production methods to make the best gaskets available
- Comprehensive gasket kits for many applications as well as individual gaskets are available
- Various material choices available depending on application
- FOAMET - foam covered metal
- MLS - multi layered steel
- RCM - rubber covered metal
- Micropore paper gaskets with or without elastomer bead (Nitrile or Silicone)
- Made in the U.S.A.

## PANHEAD GASKETS & SEALS

- Genuine James Gaskets uses state of the art materials and production methods to make the best gaskets available
- Comprehensive gasket kits for many applications as well as individual gaskets are available
- Various material choices available depending on application
- FOAMET - foam covered metal
- MLS - multi layered steel
- RCM - rubber covered metal
- Micropore paper gaskets with or without elastomer bead (Nitrile or Silicone)
- Made in the U.S.A.

# EVOLUTION SPORTSTER GASKETS & SEALS

- Genuine James Gaskets uses state of the art materials and production methods to make the best gaskets available
- Comprehensive gasket kits for many applications as well as individual gaskets are available
- Various material choices available depending on application
- FOAMET - foam covered metal
- MLS - multi layered steel
- RCM - rubber covered metal
- Micropore paper gaskets with or without elastomer bead (Nitrile or Silicone)
- Made in the U.S.A.

## '57-85 SPORTSTER GASKETS & SEALS

- Genuine James Gaskets uses state of the art materials and production methods to make the best gaskets available
- Comprehensive gasket kits for many applications as well as individual gaskets are available
- Various material choices available depending on application
- FOAMET - foam covered metal
- MLS - multi layered steel
- RCM - rubber covered metal
- Micropore paper gaskets with or without elastomer bead (Nitrile or Silicone)
- Made in the U.S.A.

## GASKET BOARDS

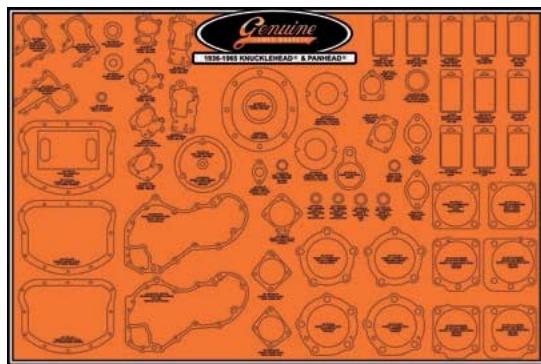

- Sturdy four-color gasket display boards
- 32" tall x 48" wide
- Come ready to mount 1/8" or 1/4" peg board
- Peg board hooks included
- Made from durable 20-mil stay flat vinyl
- Water and oil proof
- Large Stocking Kits include 1 package of each gasket seal and O-ring

### SHOVELHEAD

- Small Stocking kit includes 1 package of each
- 681-4740 (motor kit w/ beaded chain cover)
  - 681-4407 (primary cover gasket kit FXR/FLT)
  - 681-4763 (primary cover gasket kit FL/FLH/FXS)

### KNUCKLEHEAD/ PANHEAD

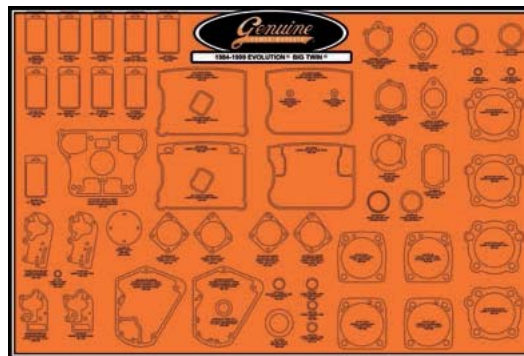

- Small Stocking kit includes 1 package of each
- JG# 17028-36 (motor gasket kit '36-47)
  - 681-5051 (copper embossed head gaskets, Knucklehead)
  - 681-5055 (primary cover seal kit)

### TWIN CAM

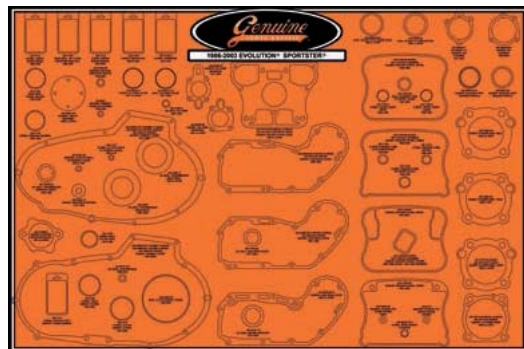

- Small Stocking kit includes 1 package of each
- 681-4002 (motor kit w/ .046 head gasket)
  - 681-4306 (5pk trans oil pan gaskets for Touring models)
  - 681-4028 (trans gasket kit Dyna 6speed)
  - 681-4033 (primary cover kit Touring 6speed)
  - 681-4037 (primary cover kit Dyna/Softail 6speed)

### EVO BIG TWIN

- Small Stocking kit includes 1 package of each
- 681-4383 (motor kit w/ metal base gaskets '84-91)
  - 681-4381 (motor kit w/ metal base gaskets '92-99)

### EVO SPORTSTER

- Small Stocking kit includes 1 package of each
- 681-5215 (motor kit w/ metal base gaskets)
  - 681-5213 (motor kit w/ rubber rocker cover gasket)

## TNT TACHOMETER

Built with the best components and strongest stepper motor on the market, this TNT tachometer is the perfect addition for all Harley Davidson® Motorcycles. Its large dial face and backlight makes it easy to read all day long.

- Tachometer Display range: 0-8,000 RPM
- Display internal <0.5 second
- RPM input signal number setting range 0.5, 1-6
- RPM input pulse setting range: HI (Positive wave pulse)
- Lo (Negative wave pulse)
- Backlight brightness setting range: 5 different levels available
- Setting unit: Each level represents 20%
- Effective voltage DC 12V
- Effective temperature range 14°F - 140°F
- Meter standard JIS D 0203 S2
- Measure 3" diameter (without bezel), 3.4" with bezel x 1.75" deep (without bezel)
- Meter weight Around 6 oz.

Description	WPS#
Black casing Black face Tach 8,000 RPM	27-5782
Chrome casing White face Tach 8,000 RPM	27-5783

## GEAR INDICATOR

- Plug-n-play gear indicator for Harley Davidson®
- Lightweight, compact, easy to use and to install
- Its big digits and blue back light makes it easy to read during day or night riding
- Made to fit most of the Harley Davidson® models
- Gear Display range: N, 1, 2, 3, 4, 5, 6
- Effective voltage DC 12V
- Effective temperature range 14° - 140°F
- Meter standard JIS D0203
- Meter size 1.5 x 2 x 0.5 inches
- Meter weight Around 2oz

Description	WPS#

- Speedometer Display range: 0~260 km/h or 0~160 MPH
- Display unit: KMH & MPH
- Display internal < 0.5 Second RPM
- Odometer Display range: 0~99999 km or mile,
- Display unit: 1 km or mile
- Trip meter Display range: 0~999.9 km or mile,
- Display unit: 1 km or mile
- The circumference setting Setting range: 300~2,500 mm
- Setting unit: 1 mm • Pulse setting: 1~60
- Top speed record Display range: 0~260 km/h or 0~160 MPH
- AVE speed Display range: 0~260 km/h or 0~160 MPH
- Riding time Setting range: 0~99'59"99 second.
- Fuel meter Display range: 0%~100%
- Setting range: 100 Ω , 510 Ω , no display
- Supply voltage DC 12V
- Effective temperature range: -10°C ~ +60°C
- Meter standard JIS D 0203 S2
- Sensor type Passive speed sensor

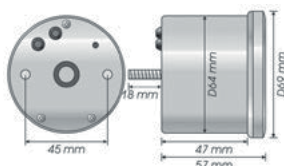

## D64 UNIVERSAL SPEEDOMETER

The new D64 speedometer was especially made to save room on your dashboard. The people at Koso were able to combine all basic functions in a 64mm classic needle gauge. This instrument can be installed on any type of vehicle that requires speed and indicator lights.

Want something different? This is the right gauge! Optional one bolt style mounting bracket available separately (27-5774).

- Speedometer Display range: 0-160 mph
- Display unit: 1 mph
- Display internal < 0.5 Second
- Odometer Display range: 0-99999 mile
- Display unit: 1 mile
- Trip meter Display range: 0-999.9 mile
- Display unit: 1 mile
- The circumference setting Setting range: 300-2,500 mm
- Setting unit: 1 mm • Pulse setting: 1-60
- Fuel level Display range: 6 segment bar graph
- Display unit: 16.6% for each segment
- Setting range: 100 Ω , 510 Ω , no display
- Supply voltage DC 12V
- Effective temperature range -10~+60°C
- Indicator lights: Repeater (Green), High Beam (Blue), Oil (Red) and Neutral (Green)
- Sensor type Passive speed sensor : BF019005

Description	WPS#

Replacement M8 S-Type bracket	27-5776
Replacement M10 S-Type bracket	27-5777

Optional Bracket

## SPEEDO TUNER®

Everyone deserves an accurate speedometer to prevent breaking the law and hurting the value of their motorcycles. Until now the only solution was limited to a few products that require complicated mathematical formulas to calculate an adjustment to offset a gearing or tire/wheel change, but it still carried the original factory offset along with it.

- Works on most any bike with an electronic speedometer
- No math required, no guessing
- Simple 3-step procedure to regain accurate speedometer and odometer readings within 1%
- Fixes calibration once and for all
- 6th gear indicator light function may be lost
- May interfere with cruise control functionality depending on severity of gear ratio change

Speedo Tuner® fixes the following problems:

- Any sprocket or gearing change (up or down)
- Tire profile change or using any of the new oversized tires
- Harley's changing to 6-speed and/or overdrive transmissions
- Anyone who's tired of poor OE speedometer inaccuracies

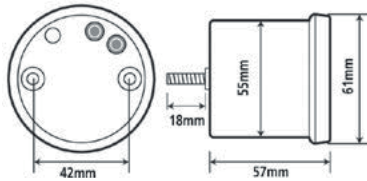

Application	Year	WPS#
<b>HARLEY DAVIDSON</b>		
Big Twin	'98-06	58-7900
Big Twin (w/ fact. 6 spd)	'07-up	58-7901
Sportster	'98-04	58-7900
	'05-up	58-7901
V-Rod	All	58-7901
<b>UNIVERSAL</b>		
Requires cutting 1 wire		58-7950

Available in "plug and play" bike specific and universal models.

A

**H-D TACH**

To make the needle stable for the high vibrations, a stepper motor is used. With the auto-scan function, the meter will scan when the engine is turned on. This Speedometer with illuminated needle is very easy to read at night. The odometer and trip meter on the digital screen give the precise mileage. This instrument will work with the OEM speed sensor. A matching tachometer (with integrated oil pressure indicator) is available and both gauges will fit the optional bullet housing or the optional one bolt mounting bracket (27-5773).

- Speedometer 0 -120 MPH
- Trip Meter Display Range 0-999.9 Miles
- Tachometer 0 -9000 RPM
- Oil Pressure 0-75 PSI

## GAUGE MOUNT FOR T-BARS

Accutronix Gauge mount adapters give you a place to mount your gauge bracket after you switch to T-Bar handle bars. These Gauge mount adapters are machined from 6061 T-6 Billet Aluminum and brilliantly Chrome plated or Black Anodized. Our Gauge Mount Adapters are designed to adapt FXD & XL OEM gauge mounts that normally bolt to your top riser clamp to a 1", 1-1/4", or a 1-1/2" T-Bar handle bar.

Description	Bar Diameter	Chrome	Black
T-Bar Gauge Mount	1"	811-20040	811-20043
	1-1/4"	811-20041	811-20044
	1-1/2"	811-20042	811-20045

Note: The late model DYNA and SPORTSTER Gauge Mount is also the top riser clamp. You will need an early H-D Gauge mount as well as our gauge mount adapter.

ELECTRICAL

## DUAL GAUGE MOUNT BRACKET KIT

- These new dual gauge mount kits have a steel construction
- Available in chrome or black
- Allows mounting of the Speedo & Tachometer easily
- Comes with backing plates and hardware as shown
- Sold as a kit

Application	Chrome	Black
'95-05 FXD and XL models	820-52380	820-52381

## GAUGE VISOR RING

Description	Application	WPS#
A Chrome 3-3/4" gauge	'99-Up XL, Dyna models (except FXDWG) and '98-Up Road Glide	820-2637
B Chrome 4-5/8" gauge	'99-Up FXDWG, Road King models (except '08), Softail models (except FXSTD, FLSTFSE or models equipped w/ chrome console	820-2638

A

B

## SPEEDO RELOCATION BRACKET

Relocates the OEM speedo to the left side of the motor for a clean and uncluttered look. Works well with our coil relocation brackets. A must for every custom Sportster.

Year	WPS#
<b>SIDE MOUNT SPEEDO BRACKET (FOR OE SPEEDO)</b>	
A '04-Up XL Models (except C, X and Superlow)	<b>750-01252</b>
B Choke Mounting Bracket for '04-06 Models	<b>750-01253</b>

- Will not fit XL883/1200C models with large tank
- '04-06 carburetor models require choke relocation bracket (750-01253)

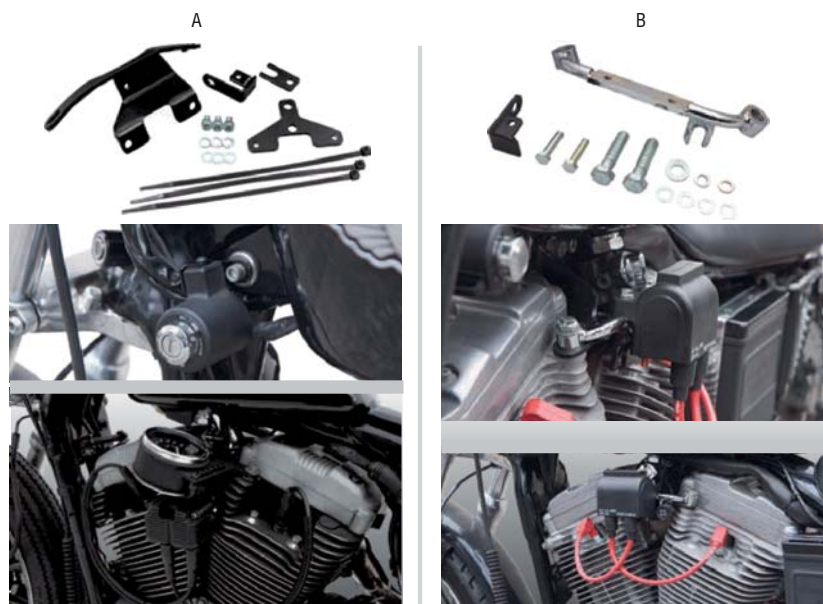

## SPORTSTER COIL RELOCATION KITS

Combine this sidemount coil relocation kit with our speedo bracket and tank lift kit to give your Sporty that ultimate custom look or use it on its own.

Year	WPS#
<b>COIL RELOCATION BRACKET</b>	
A '04-Up XL Models (except C, R and L)	<b>750-01250</b>
B '95-03 XL Models (except 1200C/S)	<b>750-01251</b>

- EFI models require purchase of aftermarket plug wires
- Includes ignition switch bracket, choke bracket and coil bracket
- Requires some wiring to be extended

## 1 AMP REPLACEMENT FUSE

- (3) 5x20mm 1 Amp fuses
- Replacement for all StreetFX light kits

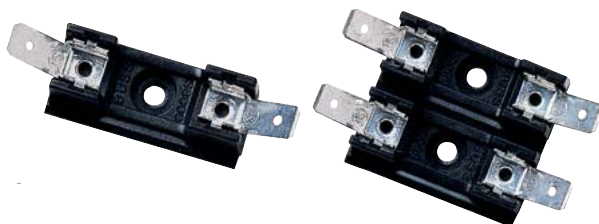

**WPS#**  
**12-6782**

## FUSE HOLDERS

	Description	WPS#
A	Crimp type connectors for #12 to #18 leads, use with AGX or ACG style fuses up to 30 amp (not included)	56-3271
B	#12 leadwires with protective cap, use with ATC style fuses up to 30 amp (not included)	56-3272
C	#16 leadwires (32volt) 2-20amp holder with cover	56-3273

## FUSE PANELS

• 1/4" blade terminals, for use with AGC /AGX style fuses (20 amp maximum - not included)

Description	WPS#
1 position panel	56-3280
2 position panel	56-3281
4 position panel	56-3282

## FUSE BLOCKS

• 1/4" blade terminals, for use with ATC style fuses (30 amp maximum - not included)

Description	WPS#
4 position block	56-3283
6 position block	56-3284
8 position block	56-3285
10 position block	56-3286

## TOGGLE SWITCHES

	Description	WPS#
A	20 amp on-off	56-3260
B	20 amp on-off-on	56-3262
C	15 amp on-off	56-3261
D	15 amp on-off-on	56-3263
E	20 amp w/red LED on-off	56-3264

• Top quality switches from the #1 name in fuses  
 • All switches have carded packaging designed for retail sale

## FUSE HOLDER

• In-line fuse holder with 9 amp fuse and 18" of 16 gauge wire. Made of Nylon material. Spring loaded.

## UNIVERSAL SWITCH BRACKETS

- Chrome finish
- Works great for OEM replacement and custom builds
- Mounts almost anywhere with 5/16" mounting holes

Description	WPS#
A Dual hole mount for '36-84 Big twin trans	820-2677
B Single hole mount w/ 7/8" hole	820-2678
C Single hole mount w/ 3/4" hole	820-2679

## 12 VOLT RELAY

- 12 Volt, 4 terminal, 40 amp electrical relay
- Terminal size: 1/4" (6.35 mm)
- Ideal for lighting, horns and many other accessories

Wiring pinout:

- 30: 12 Volt (+) fused power in from battery or main power source
- 85: Ground (-)
- 86: 12 Volt (+) power from accessory switch
- 87: 12 Volt (+) power out to accessory

H	Touring models	'04-17	31586-07	<b>275-01097</b>

## PUSH BUTTON SWITCHES

This extra heavy-duty momentary starter switch features 60 Amps at 12V, 40 Amps at 24V, silver contacts, flush terminals in molded insulator, a housing that is rolled over the insulator to seal out dust and moisture, hex back nut, bright polished face nut and a black molded plunger. Part also features a chrome plated protection collar for preventing accidental starts. Mounting stem 5/8" long, 5/8" diameter thread, overall length 1 13/16", housing diameter 15/16"

This heavy-duty two position, "Off-On" (normally "Off"), momentary switch features heavy duty contacts, two screw terminals and a 5/8" mounting stem. Rating: 12 Volts, 15 Amps. 24 Volts, 52 Amps.

WPS#  
**275-01120**

WPS#  
**275-01121**

## ILLUMINATED SWITCH

- Illuminated rocker switches can be used for many applications
- Snap in panel type switch with blade terminals

Description	WPS#
Green: 2 position ON/OFF blade terminals 12 Volts, 20 Amps	<b>275-01110</b>

# VACUUM OPERATED ELECTRIC SWITCHES

Standard Motor Products® Vacuum Operated Electrical Switches (VOES) are produced from high tech engineered thermoplastics and are 100% calibrated and vacuum tested to assure the accuracy and reliability of each part. Our self assembly kits allow the user to select a part from various preset levels of calibration for their specific tuning needs. Kits come complete with bracket, crimp terminals and instructions for easy installation.

Description	OEM#	WPS#
FXST '84-90, FLT '86-89, XL '86-93	26558-84	<b>275-01150</b>
FXR '84-90, XL '83-85	26557-83	<b>275-01151</b>

## HEADLIGHT CONNECTORS

- Replacement and retrofit headlight connectors for H4 bulbs in both male and female versions
- Female version is a complete replacement for the OE socket, terminals and wires
- Temperature thermoplastic withstands temperatures in the confined space of the headlight housing for long term use and reliability
- Male version is for off-road applications and can be used when converting to an LED headlight without the need to alter your factory wiring

Description	WPS#
Complete replacement for OE socket, female version	<b>275-01140</b>
LED headlight conversion connector, male version	<b>275-01141</b> *

\*Not DOT approved. For aftermarket LED headlight assemblies

## CONNECTOR ASSEMBLIES

These relay connector assemblies come pre-wired and are ready to install, making the life of the custom bike builder and the mechanic much easier

Description	WPS#

## ELECTRIC ROTORS

- Heavy duty replacement rotors
- High quality magnets enclosed by stainless steel
- Reinforced housing and splines for the ultimate in durability
- Perfect compliment to our Lectric Stators

## STATORS

- Precision machine wound using only the finest components
- Pure copper windings are coated with a high temperature insulation to protect from grounding
- Designed for maximum output and reliability
- All applications feature factory style connectors for plug and play installation
- Covered by ACCEL's famous Limited Lifetime Replacement Warranty

# ALTERNATOR KITS

- Cycle Electric alternator kits combine our state of the art stator with our legendary bullet proof rectifying regulator and a stock Harley rotor
- Better low speed output
- Smoother charge to the battery for crisper starting and longer battery life
- Durable and longer lasting system
- Full two year guarantee and are 100% American made

			<b>273-1138</b>	17	38
			<b>273-1138</b>	17	38

**Note 1:** These kits include the Screamin Eagle® Big Twin Compensator upgrade. Starting on the 2006 & later Dyna®, 2007-2010 Touring and 2007 & later Softail® models (except FXCW, FXCWC and FXSTSEE3) the compensator spring cup is built in to the alternator rotor.

**Note 2:** Not recommended for use with oil coolers that mount in front of the regulator. Cycle Electric Inc. does not recommend installing an oil cooler in front of any regulator.

**Note 3:** Will not fit with low mount oil cooler.

**(L)** = Low volt for use with battery in a horse shoe oil tank  
**(P)** = Pass through Wiring  
**(NB)** = No battery, requires a magneto for the ignition

# STATORS

- Insulation able to withstand temperatures of 600° F to eliminate stator burn out
- Better low speed output to reduce battery discharge at an idle
- Lower operating temperature for longer service life
- Improved plugs that will not swell or separate

## REGULATORS

- Meet / Exceed Original Equipment specifications
- High Power and quality SCR (Silicon Controlled Rectifier) utilized to allow a cooler operation
- High temperature and environmentally protected (sealed) encapsulation
- High temperature – Late technology circuit board utilized on higher watt-density surface mount applications where heat issues are a major concern. This approach minimizes thermal impedance and conducts heat more effectively and efficiently than standard printed wiring boards that are used on products available through OEM or other manufacturers.
- High temperate and voltage OEM grade wiring harness

## GENERATOR

- New replacement generator matches OEM specifications
- Double sealed bearing for longer life
- Needle bearings with high temperature lubricant for longer life
- High temperature epoxy armature provides strength to secure wires
- Includes self locking nylon nut

Application	Year	Description	OEM#	WPS#
<b>HARLEY DAVIDSON</b>				
Big Twin	'58-69	12V 10A black prestolite	29975-65/29978-77A	<b>280-2001</b>
XL	'54-84	12V 10A black prestolite	29975-65/29978-77A	<b>280-2001</b>

## GENERATOR

- Cycle Electric Inc. manufactures the model 65A 12V and model 61 6V generators to Harley-Davidson specifications for restoration purposes
- The model 65A is rated at 10 amps and the model 61 at 15 amps They are both capable of producing 20-30 amps. For this reason it is very important to have a properly working current limiting regulator to restrict amperage draw on the generator to (10 amps on the 65A, 15 amps on the 61 model). Improper regulation may cause generator damage not covered under warranty
- Complete charging system for generator bikes
- It features simplified wiring, higher output, longer service life
- This is the last generator you will have to buy for your bike.

Harley Davidson	OEM#	WPS#	Rep. Regulator
(model 65A) 12V OEM replacement for '65-81 models with Generators	29975-65A	<b>273-1451</b>	<b>273-1237</b>
12V high output Generator w/ built in Regulator for '65-84 models with Generators		<b>273-1452</b>	<b>273-1235</b>
12V low output Generator w/ built in Regulator use for upgrading from a 6V Generator		<b>273-1453</b>	<b>273-1236</b>
(model 61) 6V OEM stock replacement for '58-64 also fits '36-57 models	29975-61	<b>273-1456</b>	<b>273-1239</b>
6V charging system use on '36-64 models		<b>273-1457</b>	
Replacement end plate w/ bearing	30095-61	<b>273-1471</b>	

## 12V GENERATOR

- Replacement 12V generator for Pan and Shovel (early) motors
- Can be used to upgrade early bikes to 12V with addition of a compatible regulator

Model	Year	Description	OEM#	Black
Big Twin	'65-69	Generator 12V	29975-65A	<b>26-20003</b>

### SOLENOID END COVERS/ STARTER BUTTONS

- Can be used for primary or auxiliary starter button
- Easy to install
- Available in chrome and wrinkle black

Description	Chrome	Wrinkle Black
Direct starter button for '90-Up Big Twin and Sportster models	<b>820-2696</b>	<b>820-2697</b>

### STARTER MOTORS

- New (not rebuilt) starter motors
- Direct O.E.M. replacement
- 1 year limited warranty against manufacturer defects (warranty does NOT cover water damage due to submersion)

Model	Year	Description	OEM#	Black	OEM#	Chrome	Drive

### STARTER BUTTON

Tired of committing the reach around? The guys at NMC have come up with a stylish solution. Their new starter plunger is the perfect aftermarket alternative, with a 1 1/4" black knob and an overall length of 4 1/4". The plunger comes with a black powder coated steel body, steel shaft and bronze bushing. Just reach down and give it a push and start your bike.

## HIGH TORQUE STARTERS

- ALL BALLS starter motors are manufactured with all new components that have been fine-tuned for starting the H-D V-Twin engine
- All starters are supplied with a 10/32 threaded output shaft, and a conversion bolt for the earlier 1/4-20 threaded output shafts to cover all Big Twins from 1989 thru 2005
- Idler gears are manufactured from cold-heated steel
- End frames are cold-chamber die cast and machined on precision fixtures
- Armature hairpins are resistance-fused to the commutator
- Our clutches utilize 20% oversize rollers

## STARTER CLUTCHES

- Lifetime warranty
- Clutches come with heavy duty bearings and hardened intermediate gear
- These newly developed clutches are by far the most durable high quality clutches in today's marketplace
- They were developed by MES using special metals, high temperature springs, and special hardness coated cam and rollers
- Economy starter clutches are delivered without bearing, slipper mechanism only

Application	Year	Description	OEM#	Black

## DIAGNOSTIC SCAN TOOLS

**D. TWIN SCAN II ABS**

- Compatible with 2003-2006 carbureted models with new 12 pin ignition module
- Anti-Skid Brake System (ABS) brake bleeding functions for 2008-2013 Touring models
- Support for 2006-2013 closed loop fuel injection systems
- Real time display of engine data on instrument panel type display
- Uses laptop PC for display, includes Windows software

**E. TWIN SCAN 3 ABS**

- Anti-Skid Brake System (ABS) brake bleeding functions for 2008-2013 Touring models
- Real time display of engine data on instrument panel type display
- Includes two analog inputs with 0-20V or +200V range
- Features two channel scopemeter capability for waveform display
- Analog inputs can also be used for air/fuel ratio
- Uses laptop PC for display, includes Windows software

**F. TWIN SCAN 3 PROBE KIT**

- For scopemeter feature
- Two insulation piercing probes
- 12 volt power adapter

**G. TWIN SCAN WEGO UPGRADE KIT**

- For customers with any Twin Scan II or 3 version
- Includes WEGO IID Interface
- Two Bosch LSU 4.2 wide-band oxygen sensors, two 18 x 1.5 mm weld nuts, and two 18 x 1.5 mm hex socket plugs
- \*Compatible with 2001-2014 HD fuel injected models using the Delphi system (including V-Rod) with J1850 data bus.
- Not compatible with 2011-2014 Softail and 2012-2014 Dyna models with CAN data bus

# DIAG4<sup>®</sup> SERIAL DIAGNOSTIC SYSTEM

Professional diagnostic tool for Harley Davidson & Buell workshops and tuning centers. Diagnoses electronic fuel injection module (EFI) and others (Security modules, ABS, etc.) through the diagnostic connector. The system consists of a communication interface with Harley-Davidson adapter, USB cable for connection to your Laptop (PC) and software (SOLD SEPARATELY) compatible with Windows XP, Vista, 7, 8 and 10. A wireless Bluetooth version of the interface is also available. An adapter for CAN-BUS models is included. The system performs the following functions and more. Software for Indian and Victory is also available.

## OVERVIEW OF CONTROL UNITS THAT CAN BE DIAGNOSED ON HARLEY DAVIDSONS

- Ignition Module All models temperature, oxygen sensors, turn signals etc.)
- EFI (Electronic Fuel Injection Module) - All models
- TSSM (Turn Signal Security Module)..... Key FOB with button
- HFSM (Hands Free Security Module)..... Key FOB without button
- BCM (Body Control Module)..... Key FOB without button
- Gauges (Speedo, Tach and Instrument Module) -
- ABS Module (Delphi + CAN models) - All models
- Radio and Audio all models
- Thunder MAX EFI
- Read and Clear Diagnostic Trouble Codes..... All models
- Read Identification data (part numbers, VIN number)..... All models
- Monitoring real-time data (throttle position,
- Test actuators (injectors, coils, main relay, fuel pump, idle, turn signals, tachometer, lamps etc.)
- Buell diagnostics are incorporated in Harley-Davidson diagnostics
- Unit of measure selection metric/standard
- Communication interface is CAN ready (models with 6-pin connector)

## MOTORCYCLE REPORT

Search for and identify all embedded control units. Read fault code memory + generate and print a diagnostic report with odometer reading

## TOOLBOX

(Special functions that can be performed)

- Module replacement -TSM, TSSM, HFSM, BCM,
- ABS Service (Bleeding and configuration, Delphi + CAN models) - All models
- ACR (Automatic compression release during starting)
- Cruise Control, Exhaust actuator, EITMS..... enable/disable
- Side Stand Switch Configuration - All Models
- Intake Solenoid Valve Configuration on CAN Models
- Radio customization- region code and speaker configuration, radio
- J&M Audio Configuration
- ABS Telltale Configuration on CAN Models
- Idle speed adjustment 800 - 1200 rpm (models with Delphi Electronic Fuel Injection Module)
- TSSM Customization..... PIN read/change, Auto arming disable/enable etc.
- HFSM Customization..... Key FOB assignment/ replacement, Auto arming disable/enable, PIN read/change, Side car and Service Mode (disable/enable)
- BCM Customization..... Key FOB assignment/ replacement, Auto arming disable/enable, PIN read/change, Lights configuration, keyless ignition
- Disarming (HFSM/ BCM module)..... PIN read/FOB assignment on armed bike (for BCM modules a CAN disarming cable is needed)
- Buell TPS adjustment
- Dataloging
- ABS Module (embedded/ not embedded)
- Speedo module pairing
- Wheel size adjustment (Speedo calibration)
- Odometer unit setting

## OVERVIEW OF CONTROL UNITS THAT CAN BE DIAGNOSED ON INDIAN AND VICTORY

- Indian – 2014 - 2017
- Victory – 2008 - 2017
- Engine control module
- ABS control module

Replacement Interface to Bike Cable 6-Pin	867-02011
Replacement Computer to Interface Cable	867-02012

## PARALLEL DIAGNOSTIC SYSTEM

Parallel diagnostics are designed for measuring input and output signals from the electronic fuel injection module (EFI) and other modules. Measurements can be made on running engines. The system consists of a wiring harness adapter and breakout box. The breakout box is inserted between EFI module and motorcycle's wiring harness so that the system continues to function as normal. Monitoring points for all connector pins of the EFI module are clearly arranged on the breakout box. It is possible to measure signals and waveforms from all systems and actuators. Disconnecting the ECU from the breakout box allows quick and reliable check of the integrity of the wiring harness in respect to continuity, and leakage currents. Universal connector kit includes common adapters (73 connectors) for non-destructive diagnostic operations on the wiring harness.

## EFI TUNING SYSTEM

- The tuning system is intended for Harley-Davidson engines equipped with DELPHI EFI (diagnostic communication J1850 or CAN BUS)
- The tuning system is integrated into the software of the diagnostic system DIAG4BIKE, the basic tuning software DIAG4TUNE is included as a FREE option in the diagnostic software versions 12 and later. To tune an individual motorcycle a TUNING DONGLE must be purchased that can be used for that specific motorcycle.

- The tuning process does not require the installation of additional component(s) or any motorcycle harness modification. Tuning is achieved through modification of the EFI Calibrations (software modification/reflash) exclusively via the diagnostic connector.
- The first step in TUNING is saving of the original EFI calibration. The tuning operator can restore the original EFI Calibration at any time during tuning process (stock calibration)
- The tuning process is used to optimize FUEL MAPS to accommodate any changes to the configuration of engine components or accessories (exhaust or/and intake system etc.)

### A) BASIC TUNING DONGLE

The Basic Tuning Dongle enables EASY MODE in the tuning software. EASY MODE provides the ability to adjust fuel trim tables, acceleration enrichment and spark advance tables manually in a limited range of +/- 20%. Closed loop mode can be switched on or off and Throttle By Wire speed up function can be activated (crisper response). Other functions are restricted.

	Description	WPS#
A	Tuning Dongle Basic	867-02050
B	Tuning Dongle Advanced Dongle Pack 3+1	867-02051 867-02052
C	AFR Tuning Monitor	867-02070
D	Lambda Installation Kit	867-02071
E	Lambda Install Kit Mini	867-02072
F	Open Exhaust Adapter	867-02073

### B) ADVANCED TUNING DONGLE

The key function of the Tuning Dongle is to save the original EFI calibration. With this function the original calibration can be restored at any time, the tuning dongle also incorporates the tuning licence exclusively for one motorcycle and must be purchased for tuning of each individual motorcycle and will be mated to the ECM of that motorcycle. It enables ADVANCED MODE in the tuning software. Custom fuel maps and timing tables can be created as desired with the help of the AFR tuning monitor or downloaded from a database of preset maps.

### C) AFR TUNING MONITOR

The AFR Tuning Monitor is used for the advanced tuning mode and consists of two wideband Air/Fuel ratio sensors and a compact electronic unit. It is an option for the DIAG4BIKE communication interface and can be used with a roller station or on road tests to develop custom fuel maps.

### D) LAMBDA INSTALLATION KIT

This set is an option to the AFR Tuning Monitor. It allows you to install a pair of wide band sensors on all exhausts where it is not possible to simply replace the installed O2 sensors (M18 thread). The set contains a powerful double pump, which ensures high accuracy and measurement speed of the actual AFR in each cylinder. The pump is powered by a 12V supply and can therefore also be used for road testing.

### E) INSTALLATION SET LAMBDA MINI

This set is an option to AFR Tuning Monitor. It allows you to install a pair of wide band lambda sensors on all exhausts where it is not possible to simply replace the installed lambda sensors (M18 thread).

### F) OPEN EXHAUST ADAPTER

## 2000i 2KI PROGRAMMABLE IN CONE IGNITION

The Dyna 2Ki Programmable Ignition is the newest addition to the successful line of Dyna 2000 ignition systems. The 2Ki not only adds to, but extends many features of the best selling Dyna 2000 module out of sight in a completely new design that fits in the cone of Shovelhead and Evolution engines. **Not legal for use in California on pollution controlled vehicles - Check local laws before installing.**

- Single Fire operation down to zero rpm for easier cranking
- 8 advance curves to cover a broad range of engine builds and riding styles.
- Engine over rev protection adjustable from 6000 to 7500 rpm.
- Adjustable timing retard for nitrous and turbo applications.
- Active Dwell Control.

## DYNA 2000 PROGRAMMABLE IGNITION MODULE

The Dyna 2000 Digital Ignition System for Harley-Davidson Motorcycles, which has become the standard for performance and versatility in the Harley aftermarket, has been enhanced to include even more features. Including expanded advance curve functionality, vacuum advance compensation, and a special Retard Mode for use with turbocharged and nitrous bikes.

The Dyna 2000 allows selection between four different advance curves and four independent rev limiter settings from 6000 to 7500 rpm.

Dyna 2000 ignition modules use the stock factory pick-up and simply plug into the existing factory wiring harness on 1991-1998 model bikes.

**Not legal for use in California on pollution controlled vehicles - Check local laws before installing.**

Application	WPS#

## DYNA S IGNITION SYSTEM

The Dyna S High Performance Ignition System, designed for Harleys, is a complete self-contained electronic ignition system built with the latest state-of-the-art engineering. This is the same ignition used by top racers over the past 2 decades. The Dyna S is completely housed behind the ignition cover and uses a magnetic rotor with the original spark advancer, so the factory advance curve is maintained. **Not legal for use in California on pollution controlled vehicles - Check local laws before installing.**

Note: Must be used with 5 ohm coils for street operation

Description	WPS#
1970 & later (dual fire)	133-3001
1970 & later (single fire)	133-3002

## DYNA S IGNITION KIT

The Dyna S High Performance Ignition System, designed for Harleys, is a complete self-contained electronic ignition system built with the latest state-of-the-art engineering. This is the same ignition used by top racers over the past 2 decades. The Dyna S is completely housed behind the ignition cover and uses a magnetic rotor with the original spark advancer, so the factory advance curve is maintained.

Dyna high tech coils for Harley-Davidson Big Twins and Sportsters are American made, top quality performance coils. Tested and proven on street, racing, and touring motorcycles for over fourteen years. Dyna coils produce spark voltages in excess of 30,000 volts and spark energies second to none. All Dyna Coils are guaranteed against defects in materials and workmanship. **Not legal for use in California on pollution controlled vehicles - Check local laws before installing.**

- The 133-3003 Dyna S and coil system includes a 133-1086 high energy coil
- The 133-3004 Dyna S and coil system is designed for single-fire applications; includes two Dyna coils

Application	WPS#
1970 & later (dual fire)	133-3003
1970 & later (single fire)	133-3004

## DYNA 2000 TC IGNITION

Dynatek's TC88 Digital Performance Ignition signals a new era in Twin Cam ignition power and capability. The TC88 enhances the power of the Single Fire ignition by allowing selection between 16 programmable advance curves, covering the entire range of engine modifications. From stock to insanelly modified engines, the TC88 provides the widest range and highest level of advance curve functionality for Twin Cam available in today's market. There are also eight different rev limiter settings from 5750-7250 rpm. All TC88 functions have full digital accuracy to insure maximum performance with unparalleled quality. **Not legal for use in California on pollution controlled vehicles - Check local laws before installing.**

Application	Year	WPS#
Twin Cam (Carbureted)	'99-03	133-3005
Twin Cam (Carbureted)	'04-06	133-3006
Sportster	'04-06	133-3007

## DYNA COILS

Dyna Performance Replacement Coils are high tech, top quality coils, designed for maximum performance. They produce spark voltages in excess of 30,000 volts and spark energies second to none. Dynatek coils are available in a wide variety of resistances and output configurations to allow easy replacement of stock coils. Dynatek coils work with factory electronic ignitions, points, and aftermarket ignitions. Choose from four body styles and five different primary resistance ranges to match your ignition needs. Advanced magnetic core technology of the Dynatek Mini Series Coils delivers high output in one of the smallest packages available. Great for customs where coils need to be hidden.

Before selecting a coil, check the coil primary resistance requirements as specified by the manufacturer of the ignition being used.

The Dyna Twin Fire coil is the new standard for performance and packaging efficiency for single fire ignition installations on Harley-Davidson Motorcycles. The Twin Fire coil incorporates two individual performance ignition coils into one easy to mount package. This solves the problem of trying to mount two ignition coils on Harleys when installing single fire ignition systems. The Twin Fire coil is only slightly larger than the stock Harley coil and uses the stock mounting bracket. The Twin Fire coil will fit under the tank on XL AND FLH models as well as in the stock location on the side of the motor for FXR models or rear of the motor for Dyna and Softail models. The DC6-4 is used for all dual spark plug head applications. The Dyna Twin Fire coil can be used with any electronic advance ignition system that incorporates dwell control, but cannot be used with the DS6-2 Dyna S or similar ignitions. **Not legal for use in California on pollution controlled vehicles - Check local laws before installing.**

## MINI IGNITION COIL

- 3 ohm mini coils are 50 states street legal
- Do not use the 3 ohm mini coils for any breaker points, Dyna-S series, Harley-Davidson Twin Cam applications or for any Japanese/European motorcycles with CDI type ignition requiring low resistance coils.

	Application	WPS#
	'84-99 Evo Big Twin models, '86-93 XLH 883 and '86-87 XLH 1100	<b>132-7040</b>
	Coil Kit (includes two coils and universal spark plug wire set)	<b>132-7038</b>

## ACCEL SUPER COILS

- The standard by which other coils are measured
- Faster rise times, higher voltage, and maximum spark energy to the plug
- Delivers up to 45% more voltage than OE coils
- Available for both electronic and points triggered ignitions
- Designed to fit in stock locations and under most coil covers
- Covered by ACCEL's famous limited Lifetime Replacement Warranty
- **Not legal for use in California on pollution controlled vehicles - Check local laws before installing**

## STEALTH SUPERCOILS

The all new ACCEL Stealth SuperCoil is the hottest looking and best performing ignition coil on the market. The ACCEL Stealth SuperCoil eliminates the need for ignition wires forever by mounting the coil directly to the spark plug. A beautiful cast aluminum cover holds the coil in place and acts as a functional heat sink to pull heat away from the cylinder head. All wiring is hidden in the fins of the head for a clean and custom look. Like all of our SuperCoils, the Stealth SuperCoils are covered by ACCEL's famous limited lifetime warranty.

### Features

- Mounts the coil directly to the spark plug
- Custom, clean, wireless appearance
- Proven automotive technology for your air cooled Twin Cam
- Maximum spark energy to the plugs
- Limited Lifetime Warranty

## POINTS & CONDENSERS

- Blue Streak® Ignition Performance Points are built from only the highest quality materials
- Each point set features an extra heavy duty construction that includes the exclusive LubriWick® for continuous lubricant application, which virtually eliminates wear on the rubbing block
- Ventilated contacts
- Copper shunts for point bounce elimination
- Positive screw type terminal

## CUSTOM FIT WIRE SETS READY TO INSTALL

### 300+ RACE WIRE

- 8.8mm, 150 ohms per foot
- Designed specifically for race-winning or maximum street performance
- Compatible with both factory and aftermarket electronic ignitions and points
- Delivers peak performance even at temperatures over 550 degrees
- 8mm sets available for carbureted Twin Cam applications, not recommended for EFI systems
- Available in both ready to install custom fit sets and universal kits
- Gloss black

Model	Year	300+ Black

### 8MM S/S SPIRAL CORE WIRE

- 8mm, 500 ohms per foot
- Designed specifically for Harley Twin Cam applications
- Compatible with both carbureted and fuel injected systems
- Maximum RFI protection shields sensitive electronics
- Up to 5 times more peak energy than other "performance" wires
- Available in black and yellow
- Custom fit sets are ready to install, no cutting or splicing required

### 8.8MM UNIVERSAL WIRE SETS

- Premium quality ACCEL 8.8mm ignition wire in universal kits
- Available for 2 and 4 plug applications for electronic and points type ignitions
- Pre terminated with either a 90 deg or variangle heavy duty spark plug boots
- 2 plug kits contain one 42" wire, brass terminals, coil boots and instructions
- 4 plug kits contain two 42" wires, brass terminals, coil boots and instructions
- The ultimate in performance and reliability for street and racing use

## HIGH PERFORMANCE IGNITION WIRE

All Moroso spark plug wires feature silicone plug boots that withstand high temperatures (up to 600°), and have a silicone jacket to reduce heat and chafing. Locking stainless steel terminals that stay connected under high vibration and are fully compatible with the Harley-Davidson® ION sensing coils used on virtually all late model bikes. Moroso High Performance Ignition wire combines state of the art engineering with the Finest "Made In the USA" workmanship and the very highest standards of quality control available.

### Suppression

- Nylon Pull Tape provides unbeatable pull strength and terminal retention.
- Glass center Core offers high tensile strength
- 8mm Silicone Jacket
- Extra Thick EPDM Layer of Insulation provides greater dielectric strength
- Locking Stainless Steel Plug Terminals
- High-temperature silicone boots that can withstand heat up to 600 degrees

### Spiral Core

- Nylon Pull Tape provides unbeatable pull strength and terminal retention.
- Stainless steel alloy conductor greatly improves spark energy
- 8mm Silicone Jacket
- Extra Thick EPDM Layer of Insulation provides greater dielectric strength
- KEVLAR® core that's four times stronger than Aramid cores
- Locking Stainless Steel Plug Terminals
- High-temperature silicone boots that can withstand heat up to 600 degrees
- Ferrite Impregnated Core tunes EMI Suppression characteristics

### Ultra 40

- 8.65mm diameter, 40 ohms per foot resistance
- Features of these 8.65mm wires include:
- 100% Compatible with HD's ION Sense Ignition Coils
- KEVLAR® core that's four times stronger than Aramid cores
- Class-leading 40 ohms of resistance per foot
- Nickel copper alloy conductors for superior spark energy transfer
- Extra-thick EPDM layer for greater dielectric strength
- High-temperature silicone boots that can withstand heat up to 600 degrees
- Locking stainless steel plug terminals

## RACING CABLE

Designed to deliver maximum spark energy for today's extreme performance applications.

- High performance RED SILICONE outer shell for maximum heat resistance and durability
- High quality ceramic resistor (5k ohm) enhances protection against RFI (radio frequency interference) which can disrupt electronic ignition performance and lead to misfire
- Molded cap design keeps water out, giving you the confidence needed to win races
- Solid copper wire strand inner core
- Resistor covers in either straight or 90 (degree) configurations
- Fits most applications for watercraft, snowmobiles, motorcycles and karts
- In-line wire connector provides a hassle free watertight connection – sold separately

Description	WPS#
90 (degree) solid post terminal, 50 cm wire	14-1130
90 (degree) solid post terminal, 100 cm wire	2-CR6
90 (degree) threaded terminal, 50 cm wire	14-1131
90 (degree) threaded terminal, 100 cm wire	2-CR5
Straight solid post terminal, 50 cm wire	14-1132
Straight threaded terminal, 50 cm wire	14-1133
Wire connector	14-1135

## INDEXING WASHER KITS

Indexed spark plugs align the open end of the electrode toward the intake port. The hottest flame meets the new fuel charge for a performance gain, increases fuel mileage and plug life. This is a speed secret car racers have used for years. You simply

mark the electrode side of the plug with a magic marker on the porcelain. You then shim the plugs with the washers to align the electrodes toward the intake ports. **Fits 14mm threaded spark plugs.**

Application	Includes	WPS#
2 Cylinder	8 washers	14-1106
3 Cylinder	12 washers	14-1107

## LIGHTED SPARK PLUG CAPS

- Lights up to show electrical current
- Easily threads into spark plug wire

Description	Color	WPS#
See through tube spark plug cover set	Red	820-0170R
See through tube spark plug cover set	Blue	820-0170B
See through tube spark plug cover set	Clear	820-0170C

## SWIVEL PLUG WRENCH

- Swivel T-handle makes pulling plugs a breeze
- Fits both 5/8" and 13/16" plugs

Description	WPS#
180° Swivel Spark Plug Wrench	820-2570

## WRENCHES

### THREE WAY

Fits all 10mm, 12mm and 14mm spark plugs.

WPS#  
57-6023

### DOUBLE END

Fits spark plugs with 14mm or 18mm threads.

WPS#  
11-1082

**HIGH PERFORMANCE PLATINUM SPARK PLUGS**

- Made from the finest materials available to ensure long trouble free operation
- Premium quality platinum tip is more durable than other plug material
- Maintains proper gap much longer than standard plugs
- Pure copper center electrode for reduced fouling
- Enjoy easier starting, smooth idling and increased performance
- Sold in packs of 2

**HIGH PERFORMANCE U-GROOVE SPARK PLUGS**

- Patented U shaped ground electrode produces a wider, hotter spark
- Heavy duty 5 rib insulators prevent flashover
- High quality copper/nickel alloy electrode
- Highly foul resistant and dissipates heat better than any other material
- Improves engine efficiency and reduces emissions
- Increases throttle response

**COPPER CORE**

- Copper-glass seal bonds insulator, terminal post center electrode together; assures full required voltage at spark gap; gas-tight seal (100% leak proof)
- Multi-rib insulator reduces danger of “flash-over”
- One-piece terminal post adds strength
- Resistor reduces radio frequency interference (RFI) and electrode erosion
- Cold-formed steel shell precision rolled threads
- Full copper core electrode provides better performance in all conditions

*All Autolite Spark Plugs sold in BOX quantities of 4*

**XTREME SPORT**

- Engineered to meet or exceed OE designs and withstand the extreme operating temperatures experienced during a powersports engine's combustion
- Iridium-enhanced 0.6mm finewire design for improved ignitability, faster fuel combustion and a more focused ignition versus standard plugs
- Up to 26 percent quicker starts compared to that of standard plugs and as much as 21 percent less hydrocarbon emissions than standard plugs, which promotes better fuel efficiency and horsepower

AMERICAN V-TWIN PRODUCTS

## WMD LITHIUM BATTERIES

- Lithium Ion Polymer technology
- All components are designed, manufactured, assembled and packed in one location assuring high quality and consistency
- Fitments for most Harley Davidson® and other V-Twin motorcycles
- Extremely lightweight, 50% to 70% lighter than standard batteries
- Heavy duty case and terminals
- Increased cranking amps over lead acid batteries
- Fast recharge, can be brought up to 90% charge in within 6 minutes
- Easily 6 to 12 times more cycle life compared to lead acid batteries
- Long shelf life, up to 1 year before requiring recharging
- Can be mounted in any position
- No hazardous acid or heavy metals, non-explosive and non-combustible
- No shipping restrictions!
- More precise fitments, foam spacers are not required!
- 2 Year warranty

## FEATHERWEIGHT LITHIUM BATTERIES

- Lithium Ion Polymer technology
- All components are designed, manufactured, assembled and packed in one location assuring high quality and consistency
- Extremely lightweight, 50% to 70% lighter than standard batteries
- Built-in LED test gauge
- Increased cranking amps over lead acid batteries
- Fast recharge, can be brought up to a 90% charge within 6 minutes
- Easily 6 to 12 times more cycle life compared to lead acid batteries
- Long shelf life, up to 1 year before requiring recharging
- Can be mounted in any position
- No hazardous acid or heavy metals, non-explosive and non-combustible
- More precise fitments compared to other brands of lithium batteries
- 2 Year warranty
- No ground shipping restrictions to the lower 48 states.
- Carrier shipping restrictions to AK, HI and PR.

INDEX

**1 yr Warranty  
On All Fire  
Power Brand  
Batteries!**

## CONVENTIONAL 6 AND 12 VOLT BATTERY KITS

- Meets or exceeds EM specifications
- Extremely strong polypropylene cases to withstand impacts and vibration
- 1 year warranty on all batteries if properly pre-serviced and charged
- Anti-sulfate treated for longer life
- Shelf-life almost infinite due to dry-charged plates
- Designed for higher cold cranking AMP capacity
- Comes with pre-measured acid pack

## MAINTENANCE FREE 12 VOLT BATTERIES

- Absorbed Glass Mat (AGM) technology
- Sealed impact resistant polypropylene case
- A must for motorcycles and ATVs that require a sealed battery
- Must be mounted in upright position
- Comes with pre-measured acid pack

## SEALED FACTORY ACTIVATED BATTERIES

- Advanced Absorbed Glass Mat (AGM) technology
- Sealed maintenance free design
- 1 Year free replacement warranty
- Battery comes filled and pre-charged from the manufacturer - freshening charge recommended before installation

# PREMIUM FACTORY ACTIVATED BATTERIES

Freshening charge is recommended prior to installation.

- Higher CCA rating compared to same series standard factory activated batteries
- Non- spillable design
- A M separators
- Heavy duty terminals
- Made in the A
- 1 Year warranty

Battery Model Number	WPS#
YTX16L/YTX16HL	490-2658
YTX20/YTX20H	490-2656
YTX20L/YTX20HL	490-2657
YIX30L	490-2655

## FACTORY ACTIVATED SEALED BATTERIES

- Designed for American - win motorcycles
- Heavy duty brass terminals
- Activated and sealed at the factory freshening charge is recommended prior to installation
- Calcium alloy technology Improves cranking power and helps give the battery longer life
- alve regulated lead acid design ealed Non- spillable design eliminates leakage
- afety valve ame arrestor afely regulates internal pressure
- ight-pack absorbed glass mat separators Absorbs acid reduces damage due to vibration
- pill-proof sealed battery onically sealed cover allows for angled battery mounting if needed for more mounting options

# YUASA BATTERY

## GYZ SEALED

- Highest CCA rating compared to the same series lead acid batteries
- AGM separators, Non-Spillable design
- Heavy duty flush terminals
- 1 year warranty
- **Factory filled and sealed**

## GRT SEALED

- Once filled and permanently sealed "Install it and forget it"
- Easily meets or exceeds all OEM requirements
- Will hold a specific gravity 3 times longer than a conventional battery
- Contains sulfate stop to retard sulfation on plates
- 1 year warranty
- **Comes with pre-measured acid pack**

## YTZ MAINTENANCE FREE

- 12 Month Warranty
- Longer life than conventional batteries
- Spill-proof design
- No additional hazardous shipping fees
- Discharges less in storage for longer life
- 1 year warranty
- **Factory filled and sealed**

## YUMICRON

- 30% more cranking power than conventional batteries
- Heavy duty polypropylene case and cover heat sealed together
- Patented sealed posts
- Contains sulfate stop to retard sulfation on plates
- 1 year warranty
- **Must purchase acid pack separately**

## BATTERY CABLE KITS

- All Balls battery cables are manufactured with pure electrolytic grade, 36 gauge copper wire strands
- Increase starter performance by reducing voltage losses from undersized battery cables
- The 7 over 7 bundling of the copper strands maximizes current flow and flexibility of the cable
- The outer jacket material is rated for 257°F and is oil and gas resistant
- Cables are available in individual lengths, application specific cable kits, and 25ft custom cable kit allowing for custom build lengths

**DIGITAL BATTERY TESTER**

**FIREPOWER**  
 By WPS

- Tests cold cranking amps (CCA) on all 12 volt lead acid, lead gel and lithium batteries
- Works with powersport and automotive batteries
- 2000 CCA test capacity
- Shows, voltage, state of charge and state of health of the battery
- Adjustable backlight display, can be used in varying light conditions
- Also capable of testing most automotive and some powersport vehicle charging systems\*
- Includes storage case

CCA capacity of the battery will need to be known for proper testing, CCA list is included with the instructions. Contact WPS if your powersport battery is not listed.

\*The primary intention for this tester is to analyze a batteries condition, if it does not analyze a charging systems condition properly, it does not mean that the tester is at fault.

Description	WPS#
Digital battery tester	490-9951

**12 VOLT/2 AMP BATTERY CHARGER**

Charges and maintains all 12 volt lead acid, gel and lithium iron phosphate (LiFePO4)/lithium ion polymer powersport batteries.

- CONSTANT CURRENT CHARGE - If the battery voltage is over 10 volts, the charger will deliver a 2 amp charge until the battery reaches 14.2 volts
- MAINTENANCE CHARGE - When the battery reaches 14.2 volts, the charger will automatically convert to maintenance mode. The charger will revert to charge mode when the voltage drops below a specified voltage
- LOW VOLTAGE RECOVERY - If battery voltage is below 8 volts, the charger will apply a .2 amp charge to recover the battery, once the battery reaches 8 volts, the charger will apply a .5 amp charge, at 10 volts a full 2 amp charge is applied until the battery is fully charged
- AUTOMATIC VERIFICATION STAGE - Charger automatically stops charging if the battery does not reach at least 10 volts after 2 hours of charging
- SAFETY - Power is not passed thru the charging leads unless they are connected to a battery
- LED indicator light shows charging status
- Includes heavy duty clamps and fused ring terminal SAE adapter

WPS#
490-9950

**6 AND 12 VOLT BATTERY CHARGER**

- Converts from 6 to 12 volts at the flick of a switch
- Snap-cord style leads

### 4 AMP SELECTABLE

The Battery Tender® 4 Amp Selectable is an automatic and easy to use battery charger that will keep your battery fully charged and ready to go when you are. Whether it is 6 or 12 volt AGM, Lead Acid or Lithium, the Battery Tender 4 Amp Selectable has the proper charge algorithm for charge and maintenance to ensure long term battery health.

- Selectable Battery Chemistry- has battery chemistry selection with proper charge algorithm for lead-acid, flooded or sealed maintenance free (AGM and gel cell), and Lithium batteries.
- 6/12 volt selectable
- Complete 4-step charging program (Initialization, Bulk Charge, Absorption Mode, Float Mode)
- Automatically switches to float/maintenance voltage after fully charging the battery
- If the battery voltage drops too far under load, full charger output power resumes
- Solid state two color LED indicates stage of charger
- Spark proof reverse polarity protected
- Meets California and Oregon appliance energy efficiency standards for battery charging systems
- 5 year warranty

Description	WPS#
6/12 Volt, 4 amp	56-1120

### 1.25 AMP SELECTABLE

The Battery Tender® 1.25 Amp Selectable is a fully automatic battery charger that will keep your battery fully charged and ready to go when you are. With a 6 and 12 volt option, this charger has the proper charge algorithm for charge and maintenance to ensure long term battery health.

- 6 and 12 volt selectable
- Complete 4-step charging program (Initialization, Bulk Charge, Absorption Mode, Float Mode)
- Automatically switches to float/maintenance voltage after fully charging the battery
- If the battery voltage drops too far under load, full charger output power resumes
- Solid state two color LED indicates stage of charger
- Spark proof, reverse polarity protected
- Meets California and Oregon appliance energy efficiency standards for battery charging systems
- 5 year warranty

Description	WPS#
6/12 Volt, 1.25 amp	56-1115

### JUNIOR SELECTABLE

The Battery Tender® Junior Selectable is much more than a trickle charger. It has a brain. It's lightweight, compact, and fully automatic; very easy to use, especially in small spaces. It will keep your Lead Acid, AGM or Lithium battery fully charged so that it is ready to go when you are!

- Output: 12v @ 800mA
- Selectable Battery Chemistry- has battery chemistry selection with proper charge algorithm for lead-acid, flooded or sealed maintenance free (AGM and gel cell), and Lithium batteries
- Complete 4-step charging program (Initialization, Bulk Charge, Absorption Mode, Float Mode)
- Automatically switches to float/maintenance voltage after fully charging the battery
- If the battery voltage drops too far under load, full charger output power resumes
- Solid state two color LED indicates stage of charger
- Spark proof, reverse polarity protected
- Meets California and Oregon appliance energy efficiency standards for battery charging systems
- 12' output cord
- 5 year warranty

Description	WPS#
Junior 12 volt, .8 amp	56-1119

### JUNIOR™

- Lightweight, compact in size ideal for those hard to fit spots
- Trickle charger with a brain will assure batteries are maintained after charging and always ready to go!
- Fully automatic two-stage lead-acid battery charger is perfect for all lead-acid, sealed maintenance free and gel cell batteries
- After reaching peak 14.4 VDC, charger automatically switches to 13.2 VDC float voltage
- When voltage drops below 12.6 VDC, charger resumes charging back to 14.4 VDC
- Solid state two color LED indicates state of charger

Description	WPS#
12 volt waterproof	56-1131

These chargers do NOT meet California/Oregon appliance efficiency standards.

**PLUS**

**SAFE, RELIABLE, TROUBLE FREE BATTERY CARE!**

Developed to maintain batteries in vehicles not in constant use and stored over lengthy periods of time.

**FULLY AUTOMATIC CHARGER**

- Automatically switches after fully charging to storage charge; constantly monitors the battery without the damaging effects of trickle charging
- After a full charge is reached, the Battery Tender automatically converts to a float charger and monitors the battery at 13.6 volts
- Improved circuit design provides better absorption for sealed batteries
- 5 year warranty

**ALUMINUM CONSTRUCTION**  
Equipped with 6' power cord, 6" output cord with clamps, and 6" quick disconnect output cord.

Description	WPS#
Standard Type	56-1130
<b>QUICK DISCONNECT LEADS</b>	
Leads with Clamps black connector	56-1137
Quick Disconnect Leads black connectors	56-1138
12.5' Extension Lead	56-1142
25' Extension Lead	56-1139
Cigarette lighter adaptor	56-1141

These chargers do NOT meet California/Oregon appliance efficiency standards.

**MULTIPLE BANK PLUS**

The multiple bank Battery Tender Charging Stations have two or four encased 1.25 amp battery chargers designed to fully charge a battery and maintain it at proper storage voltage without the damaging effects caused by trickle chargers. This charger will operate anywhere in the world!

- 2 or 4 independent charging stations
- 12 volts @ 1.25 amps per station
- Operates anywhere in the world, 100-240 VAC 50/60 Hz
- Microprocessor controlled constant current charging
- Reverse polarity protected, spark proof
- Perfect for all AGM (absorbed glass mat), sealed maintenance free and flooded batteries
- Complies with US and international safety standards (UL/CE)
- 2 year warranty

Description	WPS

These chargers do NOT meet California/Oregon appliance efficiency standards.

**BATTERY MANAGEMENT SYSTEMS**

- Charges and maintains up to five or ten batteries simultaneously
- Absolutely no chance of overcharging or overheating a battery
- Charger will not operate if battery is connected incorrectly, causing no damage
- State of charge lights for each battery
- International battery tender system has a true universal electrical input that allows it to be used anywhere in the world

## BATTERY CHARGERS

- Smart, multi-step, fully automatic switch-mode battery charger/maintainer
- Automatically diagnosis, recovers, charges and maintains acid, gel, and AGM batteries
- Perfect for Motorcycle, ATV, Jet Ski, and Snowmobiles
- Designed for safety: Reverse polarity, short circuit, open circuit, spark proof, overheat, overcurrent and overcharge

- Powered by NOCO's VosFX processor: The revolutionary smart processor utilizing sophisticated levels of intelligence to alter the charging process
- Charges up to 2X faster than traditional linear chargers
- Uses 1/2 the power of standard chargers

### A. G750

- 5 step / .75 amp charging
- Charges all 6 and 12 volt lead acid (1.2 - 30 amp hour) batteries

### B. G1100

- 7 step / 1.1 amp charging
- Charges all 6 and 12 volt lead acid (2.2 - 40 amp hour) and 12 volt lithium batteries

### C. G3500

- 8 step / 3.5 amp charging
- Charges all 6 and 12 volt lead acid (1.2 - 120 amp hour) and 12 volt lithium batteries

### D. G4

- 4 bank shop charger
- 7 step / 1.1 amp per bank charging
- Charges all 6 and 12 volt lead acid (2.2 - 40 amp hour) and 12 volt lithium batteries

## BATTERY TESTER WITH PRINTER

- Developed exclusively for lead acid powersports batteries
- Designed to test batteries with amp hour ratings between 2.3 and 32
- Determines battery health and charge status in seconds
- Single load, dynamic resistance technology minimizes battery drain during test
- Tests both charged and discharged batteries accurately
- Tester prints recommended actions
- Charging system check
- 1 year limited warranty

Includes battery tester, storage case, 2 rolls of printer paper and 4 AA batteries.

Description	WPS#
Battery tester w/printer	49-9995
Repl. paper (2 rolls)	49-9996

## BATTERY TESTER

- Developed exclusively for powersports batteries
- Determines battery status in seconds without charging first
- Determines if the battery is good or bad and percent left

**WPS#**  
49-1607

## JUMPER CABLES

- Heavy-duty 8', 8 gauge cable won't freeze or stiffen in the cold
- Tangle resistant
- Comes with storage bag

**WPS#**

**JUMP START PACK** 

- 4000 mAh battery provides 400 amps of peak power (200 amp starting), capable of starting most powersport vehicles
- Compact size - 6 1/16" x 3 1/16" x 5/8", weighs just over 7 ounces (without cables)
- Smart jumper cables and built in jump pack protection guards against over-voltage and accidental reverse polarity hook-up
- 5 Volt/2.4 amp USB output port for charging cell phones and other personal electronic devices
- Built in LED flashlight
- Includes smart jumper cables and 3-in-one cable (micro USB/USB C and later iPhone) which allows for re-charging the jump pack and charging other devices
- 1 Year warranty. Read and follow all instructions prior to use

Description	WPS#

## XGB SERIES BATTERY PACKS

Water, dust and impact resistant portable charging.

### A/B. XGB3 SERIES

- Ultra-portable, 3000 mAh/11.1 Wh, 1 amp in/out
- Charges smartphones, HD cameras, GPS units and more
- Recharge from any USB port (charging cord included)
- XGB3L includes 250 lumen LED tactical flashlight w/3 brightness options and strobe

### C. XGB6 SERIES

- Ultra-portable, 6000 mAh/22.2 Wh, 2.1 amp in/out
- Built-in glow light
- Charges smartphones, tablets, eReaders, HD cameras, GPS units and more
- Recharge from any USB port (charging cord included)

### D. XGB12 SERIES

- Ultra-portable, 12000 mAh/44.4 Wh, 2.1 amp in/out
- Built-in glow light
- Charges smartphones, tablets, eReaders HD cameras, GPS units and more
- Recharge directly from a Noco XGrid® solar panel or any USB port (charging cord included)

Description	WPS#
A XGB3	56-1106
B XGB3L	56-1107
C XGB6	56-1108
D XGB12	56-1109

## GB20/GB40 BOOST LITHIUM JUMP START PACKS

**Safely jump start a dead battery in seconds!**

- UltraSafe™ reverse polarity protection, spark proof
- Capable of starting gasoline engines up to 4.0 liters (GB20) and 6.0 liters (GB40)
- Dual ultra-bright LED's, 7 light modes including flashlight and emergency strobe

**Included in box:**

- GB Boost jump starter
- 40" USB to micro USB cable
- 12V/2.1A USB charger
- Battery clamps
- Drawstring storage bag
- User guide and warranty

Description	WPS#
GB20	56-11000
GB40	56-11001

## BATTERY HARNESS AND JUMP START KIT

### BIKE-2-BIKE JUMP START KIT

- Includes the Battery Harness (listed above) along with a 5' long jump start extension cable (capable of handling 2000 amps!) with 2 BMW style plugs which allows you to jump start vehicles by just plugging them together
- Also includes 2' 3" long alligator clip leads with female BMW style ends, waterproof caps included

### BATTERY HARNESS

- State of the art 2' 3" long harness includes waterproof caps, 15 amp fuse, conventional SAE plug and a female BMW connector for easy access jump starting between two power sport vehicles
- Works with the Eklipes Bike-2-Bike Jumper Pack (WPS # 71-9127) and is compatible with the Eklipes Charger Adapter (WPS # 71-9125)

Description	WPS #
Battery Harness	71-9126
Jump Start Kit	71-9127

### BIKE 2 BIKE JR . PLUG-IN JUMP START ACCESSORY KIT FOR COBRA

- Plugs directly into the Battery Harnes Kit (WPS # 71-9126) in the EKLIPES Cobra Charging Stations (WPS # 71-9133, 71-9133BK, 71-9133BC)
- Includes a 5' long jump start extension cable with 2 male BMW style plugs which allows you to jump start vehicles by just plugging them together
- Also includes 2' 3" long alligator clip leads with a female BMW style plug for easy jump starting your motorcycle from a car or any other available vehicle

Description	WPS#
Bike 2 Bike Jumpstart for Cobra	71-9134

### BATTERY AND CHARGING SYSTEM TESTER

- The most convenient 12 volt tester on the market today, plugs directly into any cigarette lighter/power socket
- Immediately indicates battery state of charge and how your charging system is functioning in seconds

Description	WPS #
Battery Tester	71-9130

## HIGH DEFINITION 7" LED HEADLIGHTS

Projector Design: The light source behind a projector is much more intense and the projector lens helps project the light source further and wider down the road. This is why higher end vehicles use projectors and not reflectors in their headlight system.

- Better visibility day or night
- Impact resistant Polycarbonate Lens
- Dia-Cast aluminum
- Color Temp: 6000k
- 2400LM low beam and 3200LM high beam
- '14-Up Touring models require LED adapter 226-0036 sold separately (not required for '16 Freewheeler)
- Adapter ring required for Touring models with Batwing faring or Nacelle 226-0033 (sold separately)

Description	Black	Chrome

## VROD LED HEADLIGHT

Upgrade your visibility and see what's ahead. Easy plug & play installation for V-Rod VRSCAW, Muscle and VRSCDX models only. 6000K color temperature. 2800 Lumens low beam and 3450 Lumens high beam. One year warranty.

Description	WPS#
LED Headlight for V-Rod Models	<b>226-0047</b>

## ROAD GLIDE LED HEADLIGHT

- Over 3000lm per bulb (HIGH/LOW BEAM)
- These are the best LED light upgrade for your Road Glide
- There is no ballast or extra wiring to tuck away
- Further and wider beam pattern
- Fanless Heatsink Design
- Plug and play for an easy install
- Fits 2004-2013 Road Glide

Black	Chrome
226-0026	226-0027

### 4 1/2" LED PASSING LAMPS

- Sold in pairs
- Beam Pattern: - 25 Degree coverage
- Aluminum die cast heat sink design
- Weatherproof
- Power: 18W @950 Lumens per spot light/over 1900 Lumens combined.

Description	WPS#
Fits most bikes equipped with 4 1/2" passing lamps	226-0015

NOTE: Some wire crimping may be required.

### 4 1/2" PASSING LAMPS

- Sold in pairs
- Plug-n-Play
- Beam Pattern: - Horizontal Flat
- Powered by Cree
- Power: 30W
- 1260 Lumens
- Color temp: 6000K
- Die-cast aluminum heat sink design
- Polycarbonate lens
- 30,000 hour life span

Description	Chrome	Black
Fits most models with 4 1/2" passing lamps	226-0018	226-0019

\*Some wire crimping may be required on 2005 or older models.

### CAST HEADLIGHT

Add timeless vintage style to your motorcycle with this TC Bros. Streamliner headlight in raw cast or black powder coat finish. Inspired by the Streamliner luxury passenger trains of the 1930s, this light is beautifully hand cast from 356-T6 aluminum right here in the USA. DOT approved, 5-3/4" diameter, sealed beam H4467 halogen bulb combines period correct appearance with modern 12 volt lighting performance. Universal bottom-mount hardware is included.

**SPARTO TAIL LIGHTS**

- Classic sparto taillight for custom applications
- Available in three finishes

Description	WPS#
Sparto Tail Light Polished	820-51703
Sparto Tail Light Chrome	820-51704
Sparto Tail Light Black	820-51705

**FENDER LIGHTS**

- Stylish fender lights add a finishing touch
- High quality construction

Description	WPS#
A Fender Light w/fin Clear	225-5128
B Fender Light w/fin Amber	225-5138
C Fender Light Amber	225-5158

**HORIZONTAL/VERTICAL LICENSE MOUNT**

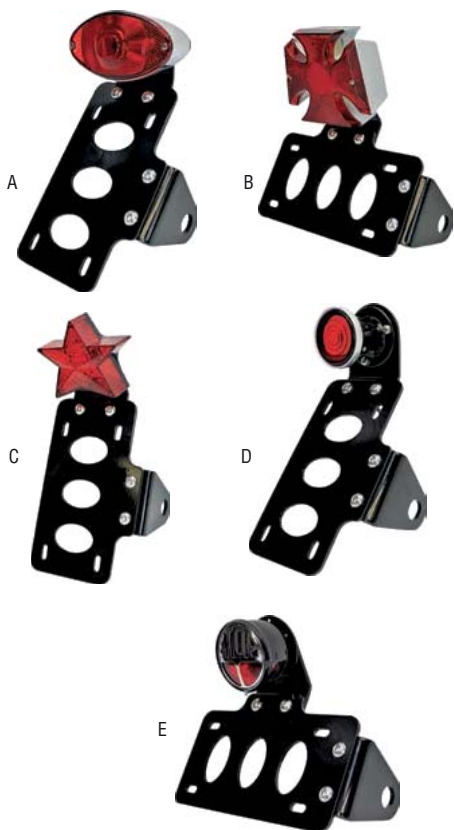

Accutronix "horizontal" and "vertical" side mount license plate kits will really clean up the back of your Sportster. They mount to the left side of the swing arm and are secured with the axle nut. Installation instructions and mounting hardware are included as required. Depending on how you assemble it, your license plate will sit "horizontal" or "vertical". Machined from 6061 T-6 Billet Aluminum.

Description	Application	Black	Chrome
Vertical/Horizontal Side Mount	All Sportster Models	811-20200	811-20201

## SIDEMOUNT TAIL LIGHT KITS

- Unique modular design
- License plate can be mounted horizontally or vertically on either the left or right side of the bike
- Bolt it together using the pre-cut mounting holes in the bracket
- Includes three different mounting brackets
- Bolt bracket to your axle, shock, or weld the included raw steel slug anywhere on your frame and clamp it to that
- Can be used on Harleys with 3/4" axles and metric bikes with 20mm axles
- This is the most versatile bracket on the market!
- Mix and match the mounts to give your bike a unique look
- Includes a 12V brake/tail lamp with license plate light
- The bracket is powder coated gloss black and comes with stainless steel button head bolts/nuts

**SDC LED LICENSE PLATE FRAMES**

- These dual intensity LED License Plate Frames have been designed to give greater visibility and conspicuity to your motorcycle
- Engineered to function in both high and low intensity brightness for a multitude of applications
- Because many motorcycles have only one brake/running light bulb, these units can easily be used as back-up brake, and running lights, providing you a greater degree of safety and added visibility
- Some models feature 3 amber LEDs on both sides of the light bars that function as auxiliary turning signals
- Mount and install this beautifully crafted license plate frame and give your bike an excellent finished appearance compared to an otherwise obtrusive license plate

	Description	WPS#
A	Standard Chrome/ Red Lens	28-02001
B	Standard Chrome/ Clear Lens w/ Turn Signals	28-02601
C	Standard Black/ Red Lens	28-02003

### BAG LIGHTS

These LED turn signals fit nicely between the saddlebag & fender on a custom FLH or on any flat surface. They are a great solution for adding rear lights to custom baggers. The LED unit is a 3-wire light & can be used as a running, turn and/or brake light. A load equalizer or turn signal controller may be needed for your application. The billet housing is 8-3/8" Long & 1-1/2" Wide. The LED unit has 10 LED's & is 5-1/4" Long & 1/2" Wide. Approximately 3/4" of clearance is needed behind the surface. Machined from 6061 T6 billet aluminum. They are available in a chrome plated finish or our "Night Series", brilliantly Black Anodized, then areas are machined again for a contrast of a black anodized & a raw aluminum finish. Sold in pairs.

## FENDER STRUT MARKER LIGHTS

CNC machined from solid billet aluminum, carefully polished, then hit with a super-durable black anodized or chrome finish that will never fade or flake off. Includes smoked lenses. LEDs are single function but can be converted to multifunction brake, turn signal, running lights, etc., by installing an optional conversion module. Fit '06-16 Dynas except FLD, FXDF, FXDB and FXDWG. Sold in pairs.

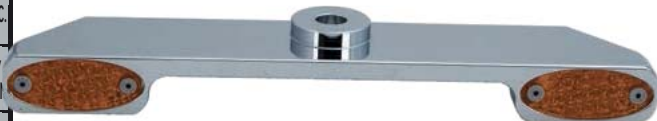

Application	Description	Chrome	Black
Fit '06-16 FXD	Amber	<b>812-02098</b>	<b>812-02099</b>
	Red	<b>812-02101</b>	<b>812-02100</b>

## TURN SIGNAL BARS

Pro One turn signal bars fit between the forks and mount to the headlight mounting bolt. Machined from billet aluminum. Come with elliptical amber lenses. Wide Glide version measures 8-1/8" x 3/4" x 1-1/2". Narrow Glide version measures 5-1/4" x 3/4" x 1-1/2". Load equalizer required to properly control the signal action on most models.

Application	Chrome	Black
Narrow Glide Forks	<b>812-02094</b>	<b>812-02095</b>
Wide Glide Forks	<b>812-02096</b>	<b>812-02097</b>

## TURN SIGNAL ELIMINATORS

Pro One turn signal eliminators are CNC machined from solid billet aluminum, carefully polished and then finished with a durable black anodized or chrome finish. Adds a custom billet accent when you relocate your stock front turn signals. Easy to install, mounts to the stock holes and includes chrome mounting hardware. Fits 06-13 FLHX, FLHXXX TRIKE models. Sold in pairs.

Description	Chrome	Black
Turn Signal Eliminators	<b>812-02090</b>	<b>812-02091</b>

**BILLET SIGNAL LIGHTS FLHX**

- Billet LED signal lights fit FLHX models and FLHT models without spotlight bars installed
- Load equalizer required for most models
- Sold in pairs
- Smoke lenses included

Description	Chrome	Black
Billet Signal Lights	<b>812-02102</b>	<b>812-02103</b>

**BILLET SIGNAL LIGHTS FLTR**

- For '98-13 FLTR models.
- CNC machined from solid Billet Aluminum, carefully polished, then triple-chrome plated.
- Includes both Smoked and Amber Lenses.
- Replaces your stock front turn signals for a cleaner, custom look. Bolts to stock mounting holes with no drilling.
- Load equalizer required on most models

Description	Chrome	Black
Billet Signal Lights	<b>812-02092</b>	<b>812-02093</b>

**REAR TURN SIGNAL BLOCK OFF PLATES**

- Used to cover the holes in fender struts when relocating rear turn signals
- Fit most models with rear strut mounted turn signals
- Black powder coated finish

Description	WPS #

## TURN SIGNAL MOUNTS

These brackets bolt to the head lamp nacelle on '94-13 Road King and other Touring models, except those equipped with non-vented fairing lowers. Allows fitment of many aftermarket turn signals that are to be mounted with a 5/16" bolt. Sold in sets in chrome or black.

Application	Chrome	Black
'97-13 Touring Models	820-52356	820-52357

## LIGHT BAR

- Available in black or chrome finish
- With standard amber lenses or smoked lenses
- DOT approved

Application	Lense Color	Chrome	Black
'86-16 FLST/FLSTC, 93-96 FLSTN and '91-08 FLHT, FLT, FLHR (except '04-14 FLHRS and FLTR Models) '09-14 FLHRC, FLHTC, FLHTCU and FLHTK Models	Amber	820-52361	820-52362
	Smoke	820-52363	820-52364

## LED CHOPPED FENDER TAIL LIGHTS

- Ideal for chopped fenders like Short Flat Bob or Bobber Style Type I & II
- More visibility for models with turn signal-tail light combos
- Will not work with OEM license bracket
- Requires side license plate mounting (sold separately)

Color	WPS#

## H-D TURN SIGNAL LED RETRO FIT KITS

- Convert your Harley Davidson deuce style marker/turn signal lights from incandescent bulbs to ultra-bright LED lights
- LEDs can last up to 100 times longer than incandescent bulbs. They draw 10 times less amperage and turn on significantly faster than standard factory bulbs, and because they are solid state, there is no filament to burn out or be damaged by vibration.

### Each Kit Contains:

- Two (2) Clear Polycarbonate Outer Bullet Light Lenses (specific for 'deuce' style bullet lights)
- Two (2) Harley Davidson Deuce Marker/Turn Signal LED Light boards
- Two (2) Amber or Red Inner Lens/Disc to be placed on the LED light board
- Six (6) male connectors for simple wire splicing
- Six (6) female connectors for simple wire connection
- Two (2) Jumper wires (Black, Blue and Purple to match stock HD wiring)
- One (1) DUAL LOAD EQUALIZER

Description	WPS#
Red Retro Fit Kit	<b>28-02450</b>
Amber Retro Fit Kit	<b>28-02451</b>

**PASSING LAMP BULB**

- These bulbs draw less than 1 amp, but they are amazingly bright!
- More visible either day or night
- They run extremely cool compared to your stock bulbs
- Your passing lights will have a nice clean look instead of the yellow tones of the standard stock bulbs
- Direct LED replacement for H-D # 68348-05

Description	WPS#
'06-Up H-D models w/ passing lamps	226-0001

**REPLACEMENT BULBS**

226-0002

226-0003

- Easily replace stock to LED
- Instant intensity
- Powered by Cree LED
- These are one of the best and brightest LED bulbs you can buy
- Impressive lighting output compared to your stock lights!
- Increase your visibility to other drivers/riders
- Lower the electric load on your alternator and battery
- Increase the life span of your lights

## HEADLIGHT LED BULB UPGRADE KITS

- Take the guesswork out of upgrading your headlight bulbs to LED
- Passive cooling heat sink
- Plug & play
- Ultra bright Hi/Lo beam LEDs
- Low amp draw
- 6000K color temperature with 4000 Lumens

Description	Application	WPS#
Headlight LED Bulb Upgrade Kit	Road Glide Models '98-13	226-0091
	Fat Bob Models '08-17	226-0090

## HIGH PERFORMANCE TRI-LED BULBS

New Generation LED's are here and it's easier than ever to replace the yellow dull stock headlight on your bike!

- Plug N Play and easy installation
- These bulbs are very bright and they put out some serious light, over 2000 lumens
- Drawing only a few amps and no ballasts required, it plugs directly into your bike's power connector
- Available in H4/H7/H11/H13 applications
- 226-0008 is recommended for 2014 H-D touring models that have a dual top and bottom head lamp system
- Color temp: 6000K
- 36W low power draw

H7 LED w/ fan heatsink	226-0009
H13 LED w/ fan heatsink	226-0010

## PERFORMANCE LED PASSIVE HEAT SINK

- Plug N Play
- This high performance LED headlamp is the closest LED replacement of an incandescent bulb but benefits in LED technology
- Low Power/AMP draw, Ultra bright white and about 2-3x better lighting coverage compared to your stock bulbs
- LO/HI BEAM - 2000/3000 LUMENS per bulb
- Available in H4 and H11 fits

Description	WPS#
H4 LED w/ fanless heatsink	<b>226-0022</b>
H4 LED w/ fanless heatsink (pair) *	<b>226-0023</b>
H11 LED w/ fanless heatsink	<b>226-0024</b>

\*Recommended for Road Glide models

## RUGGED FANLESS LED BULBS

- 4000 Lumens (SFS bulbs)
- H11 is a perfect fit for V-Rod models equipped with H11 bulb and '14-Up touring models that have a dual top and bottom headlight system
- Drop In Replacement Led Bulb
- Color temp 6500K
- Low AMP draw

Description	WPS#

OEM STYLE REPLACEMENT BULBS

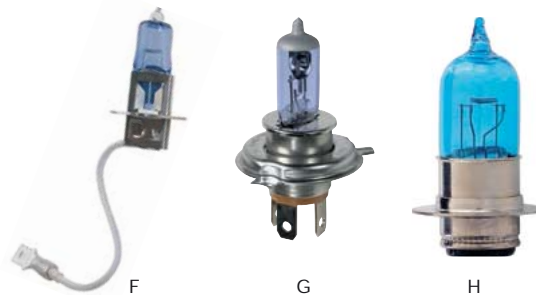

**GREATER PERFORMANCE:** PIAA bulbs are engineered with XTRA Technology for greater performance per watt than any other bulb on the road. (XTRA is a term coined by PIAA to designate a high-efficiency bulb that is designed to produce greater light output than its rated power consumption, i.e. 55W = 85W of light output.) Greatly enhance your ability to see and be seen. A metal bond holds the heat-resistant glass tube securely to prevent cracks and leaks. A welded focus ring and one-piece filament support assures proper positioning.

**BRILLIANT COLOR:** Beam color affects visibility and eye strain over long periods. The brilliant white/blue light allows comfortable night driving over extended periods of time. PIAA bulbs are both a performance upgrade and an aesthetic enhancement. You will see the difference even in the daytime.

**WARRANTY AND SUPPORT:** PIAA is so confident in the durability and reliability of our products that we offer a no questions asked, replacement of any halogen bulb that fails within one year of purchase. PIAA bulbs are an investment in safety and peace of mind.

**Super Plasma GT-X** - The Super Plasma GT-X bulbs offer an unmatched combination of fashion and performance with a bluish-purple color very similar to H.I.D. and the closest yet to sunlight.

**Xtreme White / Xtreme White Plus / Xtreme Plus Hybrid** - The Xtreme White Series of bulbs have a cool white light output that gives the driver better color recognition on depth perception and better contrast than stock halogen lamps. The blue top coat on this series of bulbs adds a slight blue tint to a lamp with no loss of performance.

# HALOGEN BULBS

- Putco Night White Pure Halogen bulbs in 3250 Kelvin (DOT approved) offer a whiter color output than OEM with a longer light beam that increases safety, style and performance. They feature a heavy duty filament and German quartz glass
- Putco Ion Spark White Pure halogen bulbs in 3800 Kelvin (DOT approved) offer vastly improved light output over OEM headlight bulbs

- Putco Nitro Blue Pure halogen bulbs in 6000 Kelvin (non DOT approved) offer a rich, blue color for those that want that custom look

- These bulbs improve driver awareness and are a direct replacement to your factory headlight or auxiliary bulbs

- Lifetime Guarantee\*

- Constructed of the highest grade materials

- Sold each

\* Putco's warranty is for the original purchaser of the product and specifically excludes defects resulting from misuse, abuse, neglect, alteration, modification, improper installation, unauthorized repairs, submersion, theft, vehicle crash, or by any other type of impact.

## HALOGEN HEADLAMPS

Designed specifically to meet the unique requirements of the motorcycle rider. Available in four popular sizes, these remarkable lamps combine a dual filament H-4 halogen bulb with a precision-built optical unit creating the ultimate in lighting safety and performance. Direct plug-in, no additional wiring required to replace the sealed beam in motorcycles, snowmobiles, cars, pickups and off-road vehicles using GE sealed beam numbers listed below.

## TRI-STAR TAIL LIGHT MODULE

The Tri-Star module converts the rear turn signal lights to function as brake and turn signal lights. When the brakes are applied, the turn signal lights illuminate. If a turn signal is applied, it has priority over the brake light function on the side that is selected. If the turn signal is canceled and the brakes are still applied, the brake light function of the turn signal lights illuminate steady on.

- Adds brake light function to existing turn signals
- Weather proof solid-state electronic components.
- Dimension: 2 1/4" L x 1 5/8" W x 5/8" H
- Mounting: Secure to flat surface with double sided VHB tape (included).
- NOTE: If your bike does not have a variable load turn signal flasher, a Dual Load Equalizer will be needed for this installation.

WPS#  
28-01006

## TRI-STAR XP TAIL LIGHT MODULE

- The Tri-Star XP module converts the rear turn signal lights to function as brake and turn signal lights...and now has running light capabilities!
- When the brakes are applied, the turn signal lights illuminate. If a turn signal is applied, it has priority over the brake light function on the side that is selected. If the turn signal is canceled and the brakes are still applied, the brake light functions of the turn signal lights illuminate steady on.
- Adds brake light function to existing turn signals
- Dimension: 2 1/4" L x 1 5/8" W x 5/8" H
- Mounting: Secure to flat surface with double sided VHB tape (included).
- Weather proof solid-state electronic components
- NOTE: If your bike does not have a variable load turn signal flasher, the included Dual Load Equalizer will be needed for this installation.

## SELF-CANCELING TURN SIGNAL MODULE

- Three turn signal timing modes - self canceling + hazard mode – non self-canceling.
- Non-Load Dependent Flash Duration - flash time constant whether using incandescent or LED lighting
- Weather proof solid-state electronic components - potted with soft cell technology to prevent wire chaffing and damage.
- Four unique turn signal modes of operation
- Mounting: Secure to flat surface with double sided VHB tape (included).
- Dimension: 2 1/4" L x 1 5/8" W x 5/8" H

Note: This unit will not work on bikes that have the left and right turn signal switch built into one unit that you must push to cancel.

**WPS#**

**28-01501**

## PENTA-STAR TAIL LIGHT MODULE

- The Penta-Star™ module combines all of the functions of the Self-Canceling Turn Signal Module and the Tri-Star Module
- Three turn signal timing Modes - Self Canceling non-load dependent flash duration: all three modes are flash time constant whether using incandescent or LED lighting
- Five unique turn signal modes of operation
- Hazard Mode – Non self-canceling
- Adds brake light function to turn signals
- Designed for use with individual momentary type turn signal switches mounted on the left and right handle bars
- Weather proof dependable solid-state electronic components
- Dimension: 2 1/4" L x 1 5/8" W x 5/8" H Mounting: Secure to flat surface with double sided VHB tape (included).

**WPS#**

**28-01007**

## PENTA-STAR XP MODULE

- This module combines all of the functions of the Self-Canceling Turn Signal Module and the Tri-Star Module ... and now has running lights capabilities!!!
- Three turn signal timing modes – self-canceling
- Five Unique Turn Signal Modes of Operation
- Hazard mode – Non self-canceling
- Adds brake light function to turn signals
- Non-load dependent flash duration: all three modes are flash time constant whether using incandescent or LED lighting
- Voltage: 12 VDC, Negative Ground. Max Load Capacity: 6 amps per left or right channel.
- Dimension: 2 1/4" L x 1 5/8" W x 5/8" H
- Mounting: Secure to flat surface with double sided VHB tape (included).
- Weather Proof Dependable Solid-state electronic components.

**WPS#**

**28-01017**

Note: This unit will not work on bikes that have the left and right turn signal switch built into one unit that you must push to cancel.

## DUAL-LOAD EQUALIZER

- The Dual Load Equalizer is designed to correct the issue of turn signals flashing too quickly or not at all. It does this by adding back the load to your mechanical flasher relay that was removed by converting stock incandescent turn signals to LED's
- Dependable weather proof Solid-state electronic components
- Dimensions: 2 1/4" L x 1 5/8" W x 5/8" H
- One equalizer per set of lights

**WPS#**

**28-01008**

## HEADS UP VOLTAGE MONITOR

- This module is a micro-processor that monitors the output of the charging system and is accurate to within 200 milli-volts. The Heads-Up Voltage Monitor's™ onboard microprocessor performs a self-test each time voltage is applied.. Additionally, you will be notified of serious fault conditions by an attention-getting flash of the LED.
- The single, multi-color LED (red-amber-green) visually indicates the state of your motorcycle's battery / charging system. At a glance, you will instantly know whether the voltage is normal or abnormal. Auto-dimming - after 8 seconds at a single voltage, the LED intensity is lowered to 50%
- Voltage Range: 6 to 17 VDC, Accuracy: within 200 millivolts, Amp Draw: 20–85 milli-amps.
- Dimension: 2 1/4" L x 1 5/8" W x 5/8" H

**WPS#**

**28-01050**

## THE ORIGINAL BACKOFF™

- Compact solid state module converts your ordinary brake light into an attention getting visual alerting device, more visibility and conspicuity when you are stopped or stopping
- With BackOFF installed, when you apply your brakes, it causes your brake light to automatically emit a visual alerting signal of 3 short light flashes, followed by 1 steady on light condition of 3.5 seconds
- Signal automatically repeats itself as long as the brakes are applied
- Compact size. - 2-1/4"L x 1-5/8"W x 5/8"H
- 12v DC, 10A max

**WPS#**

**28-01001**

WPS#  
 28-01020

**BACKOFF™ BRAKE HOLD MODULE**

- The Brake Hold Module connects to your bike's electronic speed pick-up sensor (will not work with cable driven speedometers); to keep your brake lights on when you release your brakes but are still decelerating
- Mode #1: Emits a visual signal of 3 short light flashes, followed by 1 long light flash (3.5 seconds). The signal automatically repeats itself as long as the brake lights are on. Mode #2: Emits a visual signal of 5 quick flashes, followed by a steady on light that remains steady as long as the brake lights are on
- 12 volts DC - Maximum Capacity: 10 Amps (normally up to 3 bulbs)!
- Compact size. - 2-1/4"L x 1-5/8"W x 5/8"H sealed weather resistant heat sink case.
- 1 Year limited warranty
- Your Bike MUST have Electronic Pick-Up Sensor for this module to function

WPS#  
 28-01009

**BACKOFF™ WIG WAG MODULE**

- The Wig-Wag enables your brake lights to alternate back and forth in a wig-wagging pattern.
- This module is specifically designed for use with motorcycle's that are equipped with 2 brake lights located side by side.
- Choice of 2 different modes during installation.
- 12 volts DC, Maximum Capacity 10 Amps!
- Compact size. - 2-1/4"L x 1-5/8"W x 5/8"H sealed weather resistant heat sink case
- Limited Warranty - One Year

WPS#  
 28-01004

**BACKOFF™ XP**

- This module converts your ordinary brake lights into your choice of two attention getting visual alerting signals when you apply your brakes:
- Mode #1: Emits a visual signal of 4 short light flashes, followed by 1 long light flash (3.5 seconds). The signal automatically repeats itself as long as the brakes are applied. Mode #2: Emits a visual signal of 5 short flashes, followed by a steady on light that remains steady on as long as the brakes are applied
- Compact - 2-1/4"L x 1-5/8"W x 5/8"H sealed weather resistant heat sink case
- 12 volts DC, 10A max capacity
- Limited Warranty - One Year
- NOTE: This module is rated at 10 Amps which will only drive 3 - 1156/1157 bulbs. Please DO NOT install any BackOFF Brake Light product on your turn signals, it is illegal and also confusing to following vehicles.

## SMART BRAKE LIGHT MODULE

New safety technology designed to reduce rear end collisions! GearBrake detects when you decelerate even in instances of downshifting and engine braking where the brake is not applied, automatically lighting your taillight with a flashing alert!

- Dimensions: 2.08 x 1.28 x 0.45 inches (L x W x H)
- Max Current: 10 amps
- Voltage: 12V DC
- Limited lifetime warranty
- Proudly made in the USA
- Flashes for 2 seconds then turns solid until you release the brake

Description	WPS#
Flashing	<b>28-03100</b>
Non-Flashing	<b>28-03101</b>

## VECTOR LASER

- Simple installation
- Laser can act as a brake light or running light
- Projects a bright red line on the ground behind you to mark your space in traffic

Description	WPS#
Vector Laser	<b>28-03102</b>

**FUSION LED SYSTEMS**

The most complete way to quickly customize your motorcycle with LEDs, yet not spend a fortune. The Fusion systems eliminate time consuming wiring of LEDs and simply plug into a main control module that can create the wildest flash patterns.

**FUSION MOTORCYCLE LED LIGHTING SYSTEM - STAGE 5 THE SHOW STOPPER**

Fusion LED Systems are the most complete way to quickly customize your motorcycle with LED's, yet not spend a fortune. Our Fusion systems eliminate time consuming wiring of LEDs and simply plug into a main control module that can create the wildest flash patterns. Fusion 21 color LED systems allow you to change colors with the press of a button. Every Fusion system comes with a wireless remote, CPU, LED light strips, and mounting hardware.

- Multi-color, three-zone, six lines, plug-n-play CPU with wireless remote
- 13 Flash Patterns (5 Music / Engine Thump Modes)
- 5 Speed Flash Driver
- 5 Levels of sound sensitivity
- 21 Colors, including million color mode and 7 color mode
- Secondary Power Up Option

Description	WPS #
Stage 5 kit	127-0017
Spare Remote Fob	127-0000

**FUSION MC STAGE 3**

Now we're talking about some serious lighting. Guaranteed to turn some heads, this kit will fully cover mid-weight cruisers and sport bikes. Whether you want to light up your Suzuki GSXR, Harley-Davidson Fat Boy, or any bike of similar size this kit is right for you. Fusion 21 color system allows you to change colors with the press of a button. Features: A multi-color, three-zone, six lines, plug-n-play CPU with wireless remote.

**FUSION LED SYSTEMS**

**FUSION LED SYSTEM - STAGE 1 HARLEY DAVIDSON**

The absolutely amazing Harley-Davidson Fusion LED Lighting system is designed to be the easiest, most affordable way to light a Harley-Davidson motorcycle from front to rear. The Fusion Stage 1 Harley-Davidson LED system is designed for the non-touring Harley-Davidson motorcycles such as Sportster, V-Rod, Dyna and Softtails.

- Multi-color, three-zone, six lines, plug-n-play CPU with wireless remote
- 13 Flash Patterns (5 Music / Engine Thump Modes)
- 5 Speed Flash Driver
- 5 Levels of sound sensitivity
- 21 Colors, including million color mode and seven color mode
- Secondary Power Up Option

- LED KIT Contains:
- CPU and Wireless Remote
  - (4) 4" Flex-Tech LED strips
  - (4) 15" Flex-Tech LED strips
  - (2) Y-Splitter cables
  - (2) 12" extension cables
  - Mounting hardware

**FUSION MC STAGE 1 STARTER KIT**

Here is a great LED kit that is inexpensive and quick to install. Consider the stage one kit if you don't want to go wild (yet). The ideal kit for mild accenting through out your bike, or to explode a single area such as the engine. Add more LED strips at any time.

Fusion systems come in two models: single color or million color systems. Million color systems allow you to change colors with the press of a button. Features: A multi-color, three-zone, six lines, plug-n-play CPU with wireless remote.

- 13 Flash Patterns (5 Music/Engine Thump Modes)
- 5 Speed Flash Driver
- 5 Levels of sound sensitivity
- 21 Colors, including million color mode and seven color mode
- Secondary Power Up Option
- CPU and Wireless Remote
- (2) 3" Flex-Tech LED strips
- (4) 5" Flex-Tech LED strips
- Mounting hardware
- Total number of LEDs: 90

Spare Remote Fob	127-0000

**MILLION COLOR FLEX-TECH PODS**

Add more million color pods to your FUSION MC-X6+ system. Pods are 100% waterproof and shock resistant. Each pod comes with four feet of cable and attached connector plug for easy, plug-n-play installation. Million color pods include double-sided adhesive tape for mounting. The double-sided 3M adhesive foam tape is pre-applied to the back of each pod to streamline the installation process. Our

Flex-Tech pods can bend 180 degrees, allowing the pods to flow with the natural curves of your bike. ATTENTION: You will need to purchase one Y-splitter cable for every pod you want to add to a system. For example: if you purchase three additional pods, you also will want to purchase three additional Y-Splitter cables.

**MILLION COLOR FLEX-TECH POD (3")**

Each million color pod has 3 SMD LEDs. Each SMD LED has 7 internal diodes making a total of 21 LEDs per 3" pod. Dimensions: 2.6" long, 1/2" wide, 1/4" high.

**WPS #**

**127-0020**

**MILLION COLOR FLEX-TECH POD (5")**

Each million color pod has six SMD LEDs. Each SMD LED has 7 internal diodes making a total of 42 LEDs per 5" pod. Dimensions: 4.75" long, 1/2" wide, 1/4" high.

**WPS #**

**127-0021**

**MILLION COLOR FLEX-TECH POD (10")**

10", waterproof, flexible LED strip with black PCB. 34" cable with attach plug. Extended 40" cable. 3M red tape applied. 15 of the 5050 SMD style LEDs. LED total: 45

**WPS #**

**127-0022**

**FRONT AND REAR FUSION LED RIM KIT**

LED Rim Lights are here! This is the motorcycle industry's first completely round LED lighting disk designed specifically for adding accent lighting to your motorcycle's wheels or rims. The Fusion Rim Lights plug into the Fusion MC-x6 or MC-x3 controllers and display 21 different colors and will flash in sequence with the existing Fusion LED Lighting System. With 36 LEDs shining outward in a perfect cylindrical pattern you will get an even spread of light on your entire rim. Must have a Fusion LED Kit to run these lights, as they are multi-color and require a controller.

- 72" wire leads for front mount rim lights and 40" cable for rear mounted rim lights
- Light weight black Delrin construction
- Size is .4" thick by 2.25" diameter. Check clearance between brake caliper and wheel spoke to ensure 1/2" of clearance
- Inner brake caliper must be smooth surface for mounting

**WPS #**

**127-0029**

**MILLION COLOR FUSION 24" EXTENSION CABLE**

- 24 inch extension cable for multi-color system. Male plug to female plug.

**WPS #**

**127-0028**

**MILLION COLOR Y-SPLITTER CABLE**

Y-Splitter cables make it easy to add more pods to your FUSION MC-X6 system. Simply attach the splitter cable to the L.E.D. driver (CPU) cable; making each cable capable of driving 2 pods instead of one.

Orange		12-67260R
Red	12-6725R	
White	12-6725W	
Yellow	12-6725Y	12-6726Y

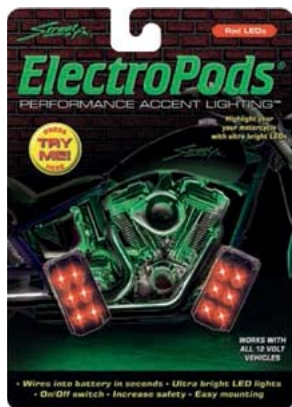

**Kits include:** 6 oval electropods (in black or chrome case), 2 9.5" flex light strips, on-off switch, wiring and mounting hardware..

## LIGHT STRIP KITS

**Kits include:** 1 rectangular shaped (six L.E.D.) light strip, wiring, main fuse, and mounting hardware. Works with all 12 volt vehicles. Modular design allows for more than one light strip to be mounted in series.

LED Color	WPS#
Blue	12-6707B
Orange	12-6707OR
Purple	12-6707P

## BOLT-FX

- Bolt anywhere on your motorcycle
- Perfect for license plates
- Stainless steel construction, 5/16" shaft size
- Long lasting L.E.D.'s, sold in pairs

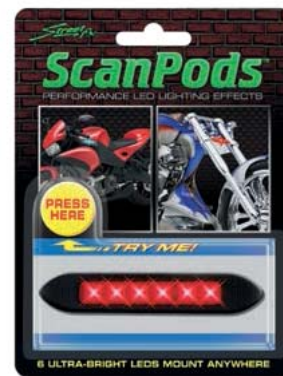

Color	WPS#
Blue	12-6730B

## SCAN PODS

- 6 ultra-bright L.E.D.s with a unique chasing effect
- Wires directly to a 12 volt battery
- Can be easily connected to an alarm system
- Peel and stick application

Color	WPS#
Green	12-6711G

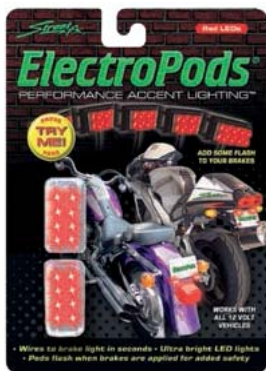

### STEP LIGHTS

*Put the light where you need it!*

**Kits include:** 2 rectangular shaped ultra brite (3 L.E.D.) light pods, wiring, and mounting hardware. Available in black or chrome, works with all 12 volt vehicles.

## L.E.D. REPLACEMENT BULBS

- Each bulb contains 15 ultra-bright L.E.D.s
- Much less power draw than standard incandescent bulbs
- Available in 1156 and 1157 bulb styles

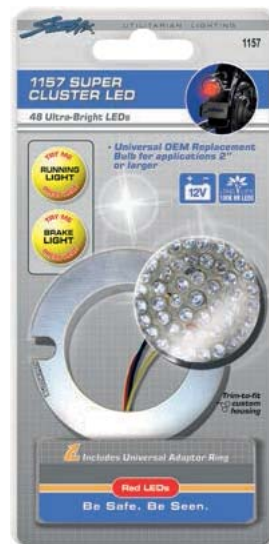

Base	Red	White	Amber
1156	12-6774R	12-6774W	12-6774A

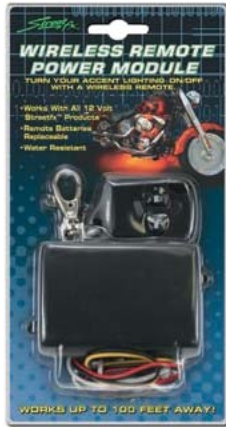

## L.E.D. SUPER CLUSTER REPLACEMENT BULBS

- Ultra-Bright replacement bulb
- 48 long lasting, energy efficient LEDs
- Includes adapter ring

Base	Amber	White
1156	12-6767A	12-6767W

**LIGHTING EFFECTS MODULES**

- Multi Function Power Module controls flash speed and brightness of lights. Controls up to 6 lighting accessories
- Power Distribution Module allows you to connect multiple pods to one power source
- Sound FX Sound Reactor module will flash your accessory lights to the sound of you motorcycle or any other outside sound source. Works with any ElectroPod product
- Wireless Remote works with all 12 volt ElectroPod lighting accessories, and allows you to turn your accessory lights on or off from a distance of up to 100 feet

## ILLUMINATED LICENSE PLATE BOLTS

- Stainless steel construction
- Bright white LED's with 16" leads
- Great for motorcycles, trailers, and automotive use
- Sold in pairs

Color	WPS#
Black	225-9160BK
Natural	225-9160

## TURN SIGNAL RESISTORS

- Corrects the "fast-flash" problem when using LED turn signals
- Simple splice in installation
- Sold in pairs - connectors included

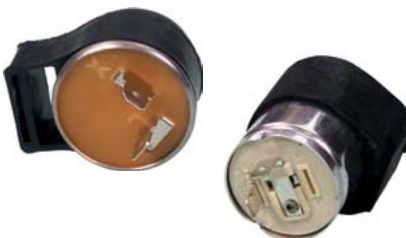

WPS#
225-9180

## FLASHER UNITS

Universal 12 volt 2 prong flasher unit. Capacity: 32cp (23W)-192cp(138W) Maximum 6 lamps.

Description	WPS#
12 volt Universal electronic 2-prong	10-1395
12 volt Universal electronic 3-prong	10-1396

## COMPACT LOAD RESISTOR

- Use with signals to correct high flash rate
- Splice tabs included for easy install
- Space saving compact design

WPS#
12-6769

# BLACK VINYL THROTTLE & IDLE CABLES

- Uses precise OEM component dimensions
- Manufactured to meet or exceed OEM specifications
- Part number embossed on each cable
- Color coded header card indicates brand of machine
- OEM part number listed on each package
- Special nylon inner liner assures smooth operation
- Extra outer sleeve to protect cable

# BLACK VINYL CLUTCH CABLES

- Uses precise OEM component dimensions
- Manufactured to meet or exceed OEM specifications
- Part number embossed on each cable
- OEM part number listed on each package
- Special nylon inner liner assures smooth operation
- Extra outer sleeve to protect cable
- Longitudinally-wound housing will not compress and feel mushy under heavy loads

Application	Coil Wound	Longitudinally Wound	OEM#	Over/Under	Housing Length	Free Length

# BLACK VINYL SPEEDO CABLES

- Uses precise OEM component dimensions
- Manufactured to meet or exceed OEM specifications
- Part number embossed on each cable
- OEM part number listed on each package
- Special nylon inner liner assures smooth operation
- Extra outer sleeve to protect cable
- Longitudinally-wound housing will not compress and feel mushy under heavy loads

# ARMOR COAT CLUTCH CABLES

- Uses precise OEM component dimensions
- Manufactured to meet or exceed OEM specifications
- Part number embossed on each cable
- OEM part number listed on each package

- Special nylon inner liner assures smooth operation
- Extra outer sleeve to protect cable
- Longitudinally-wound housing will not compress and feel mushy under heavy loads

Application	Coil Wound	Longitudinally Wound	OEM#	Over/Under	Housing Length	Free length

\*Will NOT fit wheels with perimeter style mounted rotors  
 \*Designed to fit wheels with HUB mounted rotors

**BRAKE ROTORS**

- Polished stainless steel rotors
- '84-Up part numbers include reducer spacer for '84-99 applications
- Fit most OEM wheels and HardDrive wheels

	11.5"	Machined	<b>820-51271</b>

## HIGH CARBON STEEL PHOENIX ROTORS

- High carbon steel offers a high coefficient with low wear character
- Lug-drive: Full floating design for predictable, repeatable hard stopping performance
- Fly cut for improved out gassing

- Crown-cut design offers increased cooling capacity while lowering the mass, making it almost half as light as a solid
- Work best with Gold Plus or Extreme Performance pads
- Made in the USA

**BRAKE ROTOR HARDWARE**

- Chrome plated hardware
- Made in the USA!

A	Description	Application	WPS#
A	Front rotor screw kit chrome plated 8mm x 1.25 x 30mm torx	'14-Up Touring models (OEM# 41500020)	<b>830-1107</b>
B	Front rotor screw kit chrome plated button head torx	'06-Up Dyna w/ cast wheels (OEM# 3762M)	<b>830-1105</b>
C	Front rotor screw and nut kit chrome plated 5/16-7 x 7/8 torx bolts and lock nuts	'84-Up FXST and FXDWG	<b>830-1115</b>
D	Front rotor screw kit chrome plated 5/16-7 x 7/8 torx	'84-Up FX, FXR, XL, FLT/FLH w/ single disc (dual disc require 2 sets)	<b>830-1114</b>
E	Rear rotor screw kit chrome plated 3/8-16 x 1 button head torx bolts	'97-Up all models w/ rear spoke wheel (OEM# 43567-92)	<b>830-1117</b>
F	Rear rotor screw and nut kit chrome plated 3/8-16 x 1 torx bolts and lock nuts	'92-Up XL, FLT/FLH, FLST, FXD models (OEM# 43567-92)	<b>830-1116</b>

**ROTOR BOLTS**

- Made in the USA!

- Put the finishing touches on your custom rotor
- Choose from chrome plated Torx or Allen head bolts
- Will not fit models with perimeter mounted rotors such as '14-up Touring and '06-up Dyna with cast wheels

Description	Application	WPS#
Front brake rotor chrome allen bolts	'84-Up Big Twin modes with laced wheels	<b>830-1057</b>

**Z PLUS  
BRAKE PADS**

- Z+ compound is racing pad material
- Optimum stopping power
- DuPont Carbon-Kevlar (organic)
- The most rotor friendly pad in the industry
- Produces no dust, no noise, while providing 20% more stopping torque than stock pads
- The service life generally averages about 18,000 miles
- Made in the USA

**GOLD PLUS  
BRAKE PADS**

- Gold Plus pads are a DuPont Carbon-Kevlar (Organic) compound
- High performance friction materials
- Extreme stopping power in both wet and dry conditions
- As close to a full race pad as you can get without it actually being a race pad
- We softened the compound to make it better for street riding while still providing premium stopping power
- The Gold Plus pads are ideal for heavy touring and hard stopping
- Produces no dust, no noise, and no rotor wear while providing 30% more stopping torque than stock pads
- The service life generally averages about 18,000 miles

**EXTREME PERFORMANCE BRAKE PADS**

- For use with Lyndall composite or steel rotors
- 40% more stopping power than stock brakes!
- No noise, no dust
- 15,000 service miles

**FRONT STREET APPLICATIONS**

EBC Brakes offer a full line of brake pads and brake shoes for most street bikes, dirt bikes and ATVs.

**BRAKE SHOES**

- Standard Shoes:** FS rated, higher rating than O.E.M. shoes for better stopping power.
- Grooved Shoes:** FG rated, high friction grooved linings, efficiency improves with heat, for wet and muddy conditions. Listed with suffix G

**BRAKE PADS - STREET**

**Black Coded:** Street Sport/Touring with Aramid fibre composite, the most popular pad for street use.

**V series:** Heavy duty organic/copper sintered material gives the feel of an organic pad with the wear characteristics of a sintered pad. Great for larger touring bikes, offers stable braking with minimal pad/rotor wear and lower brake dusting of wheels.

**Double-H:** New high friction superbike/race sintered formula. Double-H sintered pads offer the maximum brake effect and a lifetime approximately double that of any organic pad.

Race inspired pads with a very exotic blend of sintered bronze including Tungsten and Moly metal to bring you the grippiest, most fade resistant pad we have ever tested.

# EBC

## REAR STREET APPLICATIONS

EBC Brakes offer a full line of brake pads and brake shoes for most street bikes, dirt bikes and ATVs.

### BRAKE SHOES

**Standard Shoes:** FS rated, higher rating than O.E.M. shoes for better stopping power.

**Grooved Shoes:** FG rated, high friction grooved linings, efficiency improves with heat, for wet and muddy conditions. Listed with suffix G

### BRAKE PADS - STREET

**Black Coded:** Street Sport/Touring with Aramid fibre composite, the most popular pad for street use.

**V series:** Heavy duty organic/copper sintered material gives the feel of an organic pad with the wear characteristics of a sintered pad. Great for larger touring bikes, offers stable braking with minimal pad/rotor wear and lower brake dusting of wheels.

**Double-H:** New high friction superbike/race sintered formula. Double-H sintered pads offer the maximum brake effect and a lifetime approximately double that of any organic pad.

Race inspired pads with a very exotic blend of sintered bronze including Tungsten and Moly metal to bring you the grippiest, most fade resistant pad we have ever tested.

### ABS TUBE ADAPTERS

These adapters are used when installing tall bars on 2014 and later Touring models. They can be combined with extended Highend upper brake lines, so there is no need to purchase a complete 3 line kit.

Description	WPS#
Master Cylinder to ABS Box '14-16 Models	<b>817-02270</b>
Tri Front Tube for Non-ABS '14-16 Models	<b>817-02271</b>

### BRAKE LIGHT BANJOS

Goodridge brake light banjo bolts are banjo bolts with a built in pressure switch and are wired to adapt to virtually any model that utilizes a hydraulic stoplight system. Perfect for eliminating brake tees in HD rear brake line applications or converting Offroad bikes to street legal.

Description	WPS#
3/8-24	<b>817-02200</b>
10mm X 1.25	<b>817-02201</b>
10mm X 1.00	<b>817-02202</b>

### SPEEDBLEEDERS

- Speedbleeder, the patented bleeder screw with the built in check valve
- To bleed the brakes, simply loosen each bleeder 1/4 turn and pump the lever
- When the job is completed re-tighten the bleeder and you're done!

**UNIVERSAL BRAKE LINES**

Universal brake lines are the most efficient brake line solution for virtually all bikes. The lines come pre-assembled with -3 female swivels that mate with the accompanying universal fittings. Goodridge offers a variety of fitment options to match the appearance and geometry of any bike. Hoses are available in clear or black PVC coated stainless braided versions. Hardware is available in chrome or black zinc finish.

**SNIPER 2 BRAKE LINES**

Sniper 2 products are made to ride hard and excel in high performance applications. They are easily assembled without any specialty tools. Their micro size is ideal for routing through concealed areas such as forks, frames and handlebars. Available in clear or black PVC coated braided hose. Hardware is available in stainless steel or black. Complete Builders Kits are available on request.

INDEX

- Provides unbeatable performance and exceptional value, Hiflo filters are the best-selling brand of aftermarket filters for motorcycles worldwide
- To achieve our high quality and to ensure the consistency of our products, we use only premium raw materials from well known manufacturers
- Every oil filter goes through 16 individual quality control checks before it is ready to leave the factory. The whole manufacturing process, including the checking of raw materials and individual filter testing, is regularly audited and verified independently
- Race filters have a welded-on 5/8"/17mm nut with safety wire provisions to make installation and removal easier

### OIL COOLER/FILTER KIT

Cleaner cooler oil with the Feuling® oil cooler/filtration system, this oil cooler is designed with an internal spun glass element cartridge filter which is used as an additional oil filter in conjunction with the factory spin on oil filter. The Feuling® oil cooler system drastically reduces contamination and viscosity breakdown in the oil; protecting the engine from cylinder, piston, ring and bearing wear. Preventing extreme oil temperatures, promoting engine performance, longer engine life & extended oil change intervals.

This oil cooler system makes a clean custom look, mounting between the frame rails in position to take advantage of the air flow from the front tire. Available in chrome or gloss black, the housing measures 5 long and 3-3/4 in diameter.

Kits include filter cooler housing, replaceable spun glass cartridge filter, gloss black mounting bracket, off-set oil filter adapter, braided steel lines with swivel fittings, K&N® spin-on oil filter, ARP® 12 bolt fasteners and all necessary hardware. Kits available in chrome finish with stainless lines, & black finish with black lines.

## FOX SERIES FLH/FLT AIR SUSPENSION

Arnott's stylish new chrome rebound adjustable FOX® Air Suspension System has been custom designed for Harley-Davidson Touring models to give the rider superior control, additional ride comfort settings and fast ride height adjustability.

The FOX shock's custom valving, designed for your motorcycle, provides you with a safe and comfortable ride. Arnott's patent-pending kit offers TruAIR technology with a rugged Goodyear air spring bladder and shock damper design, not an air cylinder or air-assisted unit. For added ride comfort this kit includes FOX's adjustable rebound control dial so you can quickly and easily adjust your shocks' internal damping characteristics – a feature not found elsewhere in the air suspension market.

<b>WITH REBOUND ADJUSTMENT</b>			
FLH/FLT	'09-17	850-01033	850-01034

## FOX SERIES SOFTAIL AIR SUSPENSION

Arnott's new adjustable Air Suspension System for the Harley-Davidson Softail® has been custom designed for the Softail frame to provide the rider with superior control, ride comfort and height adjustability. The kit, featuring Arnott's TruAIR technology, includes a rugged air spring bladder and is not an air cylinder or air-assisted unit. Arnott includes a powerful compressor and black anodized cover which attaches to the regulator rectifier to hide and protect the compressor.

Application	Year	Black	Chrome
Softails	'01-17	850-01090	850-01091

## FOX SERIES V-ROD AIR SUSPENSION

At the core of this system are two custom nitrogen charged FOX shock absorbers. Then, using a patent-pending design, Arnott adds a rugged Goodyear® air spring, ensuring superior comfort, ride quality, and durability. Arnott pairs your shocks with a small but powerful compressor, application-specific mounting bracket, and air distribution valve block which include a muffler to control how fast air is released. Each kit includes everything you need for a fast and flawless installation including Detailed Installation Manual, fused wiring harness and relay assembly, handlebar-mounted inflation switch, all necessary tubing, cable ties, fittings, bolt covers, and mounting accessories.

## BILSTEIN SERIES AIR SUSPENSION

The chrome Bilstein® Series shocks feature a patented monotube shock and a Goodyear® air spring. Bilstein's patented valving will eliminate heat build up in the shock that can lead to unsafe driving conditions. These hand-crafted shocks are proudly made in the USA.

### Features

- Bilstein Monotube Shock
- Patented Monotube Design
- Fade-Free Dampening
- Black Anodize or Show Quality Chrome Finish
- Improves Ride Quality

## ACCESSORIES

Our handle bar mounted push button switch control is available as an option with every Harley-Davidson® suspension system, and features momentary push button controls that manage the air suspension. The left button activates the compressor to inflate the system, while the right opens the vent valve for deflation. This kit is pre-wired and easy to install, and comes in black anodize or chrome finish.

### Features

- Ideal Mounting Location
- Easy to Install
- CNC-Machined Aluminum
- Black Anodize or Chrome Finish
- Weather-Resistant Switches
- Engineered & Assembled in USA

**RUSTY BUTCHER SIGNATURE SERIES**

Mark Atkins (@MarkTheButcher) is the face behind Rusty Butcher, a premium clothing and leather goods brand.

Growing up he started riding motocross at 3 years old, racing at 4 and it was only a matter of time before his obsession with Harleys and love for jumping anything collided. Mark is a leader in innovation in free riding and dirt track racing on Harley Davidson Motorcycles. FOX worked closely with Mark to develop the Rusty Butcher Signature Series Street Performance QS3-R shocks.

**FEATURES:**

- High-performance Rusty Butcher-developed ride tune
- Aluminum piggyback reservoir
- Advanced high-flow deflective disc velocity-sensitive damping
- 1.5" 6061-T6 aluminum type III hard anodized body
- 5/8" low friction, super-finished hard chrome shaft
- Matte Black spring
- Billet preload adjuster and spring seat
- Fully rebuildable and revalveable
- Designed and Assembled in the US

## BAZOOKA REAR SHOCKS

HardDrive Bazooka rear shocks with RacingBros' race proven SAV, "Speed Adaptive Valving", damping system provides superior ride quality regardless of road conditions!  
Details:

- Speed Adaptive Valving (SAV)
- Internal Floating Piston (IFP) stabilizes damping performance
- One-Piece damping body construction forged from A7075 aluminum
- Easy set up spring preload cap, no special tool needed
- Rebound adjustable version available
- Available in 12", 12.5" or 13" lengths
- Heavy Duty spring rate recommended for riders over 200 lbs or frequent 2-up riding

## REMOTE RESERVOIR REAR SHOCKS

HardDrive remote reservoir rear shocks by RacingBros' feature full adjustability with preload, compression and rebound adjusters to easily adapt to all riding styles and conditions. Whether you choose stock 12.5" length for your Dyna or Sportster, or you want the tall 14" curb hopper club style look, these performance shocks with race proven "Speed Adaptive Valving" will provide you with the ultimate ride.

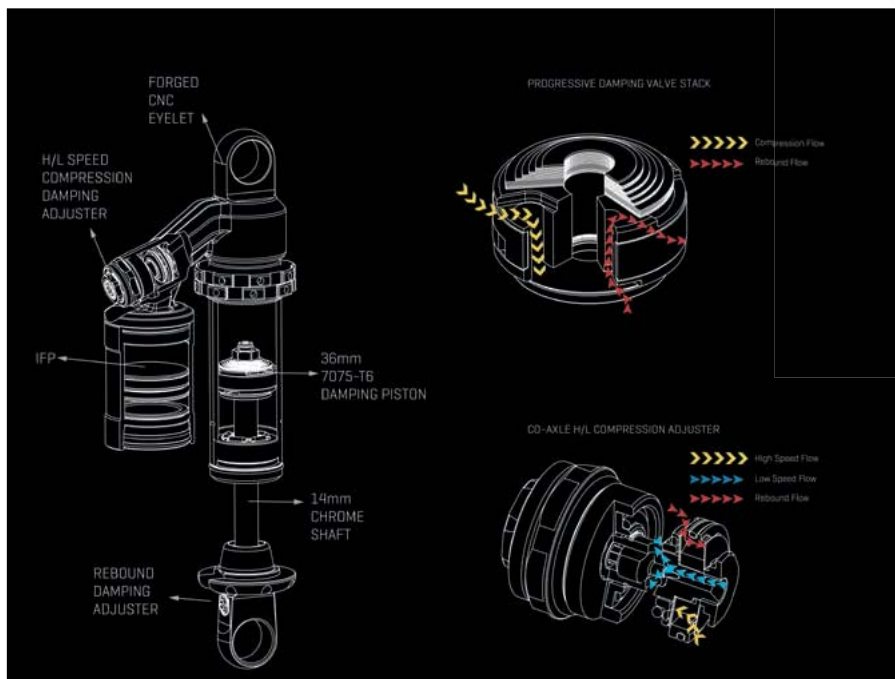

- Speed Adaptive Valving (SAV)
- Internal floating piston design for consistent performance
- Components made from A7075 forged aluminum then precision CNC machined
- Progressive rate springs with tapered ends to avoid bowing and bottoming
- '04-13 Sportsters may require relocation of rear master cylinder with 14" shocks

## BOLT ON RAKE KITS

“STOP” Do not cut your stock frame any longer. Because EZ-ON Rake Kits are a bolt on application, you simply remove your existing parts and bolt on our kit.

You can do all of this with your own basic tool kit. These kits provide precision alignment, great cornering stability along with high quality parts while maintaining stock linked ABS function. With the included wheel bearing installed there is no need for an expensive calibration unit.

Every single bolt included in the EZ-ON kit is made of SAE 4140 high strength steel and the main frame is made of 6061 T-6 aluminum.

The EZ-ON kit maintains stock steel ABS brake lines simply by using a unique bracket. The kit retains stock ground clearance and handling characteristics with built in fork extensions. Built in preload adjusters eliminate the need to disassemble the forks. Neck bearings can be adjusted via an external nut underneath the tree to optimize steering characteristics.

## FORK STOP KITS

"Hourglass" style kit is used in necks that are 7" long. Used on later stock Harley-Davidson frames and many aftermarket custom frames. Fits all Pro-One Triple Trees and other brands with 4 pre-drilled holes. On brands without the necessary holes, kit can still be installed by drilling and tapping 4 holes. Easy to follow instructions included. Bearing Race fits 1.990" neck bore. Measure the neck bore where the races install in the neck, or the length of the neck to be sure this is the kit you need.

Press-in bearing cup style kit is used on many older Harley-Davidson frames and many custom aftermarket frames. Designed for necks that are 5-11/16" long (not including the cups). Includes Polished Stainless Steel bearing cups. Easy to follow instructions included. Bearing cups fit 1.325" neck bore. Measure the neck bore where the external neck cups install in the neck, or the length of the neck to be sure this is the kit you need.

**PROGRESSIVELY WOUND FORK SPRING KITS**

**MULTIRATE FORK SPRING KITS**

Our Multirate fork springs are produced from the best spring materials available. They are precision wound and stress relieved and mechanically polished to increase surface density to improve corrosion resistance. Straight rate springs have the same rate every inch that they are compressed, which is fine on flat super smooth roads but they lack the ability of our Multirate fork springs to handle some of the more unpredictable road conditions without sacrificing ride quality. If you have a heavier bike or increased load, try our new "GENISIS SERIES" fork springs.

**MULTIRATE LOWERING KITS**

The Multirate lowering kits are engineered to lower the front end of your bike 1 to 2 inches and still preserve ride quality. The lowering springs undergo the same thorough process as the Multirate fork springs. The kit comes with two specially designed Multirate fork springs, washers, aluminum spacer, two lowering springs and instructions

# GENESIS SERIES FORK SPRING KITS

## STOCK HEIGHT KITS

The innovative Genesis Series dual spring set up contains a specially designed Multirate outer spring and a one of a kind Genesis inner spring that are assembled together to make the Genesis Series. The Genesis Series works great whether you ride alone or with a passenger, by putting the Genesis spring inside the outer fork spring it allows the springs to work together instead of against each other. The inner fork spring is there when you need it for hard braking and extreme riding conditions of any kind, making them almost impossible to bottom. Each standard Genesis Series kit comes with two Genesis series fork springs (preassembled), 4 Genesis washers, aluminum spacer and instructions.

## LOWERED KITS

We use the dual spring combination of the Genesis Series springs and our polished lowering springs to give you what we consider as one of the best front end lowering kits available today. By using the Genesis Series fork springs we are able to give you a comfortable ride without worrying about bottoming out because the Genesis inner spring is there to give you that extra power when you need it.

# GOLD VALVE EMULATORS FOR H-D FORKS

H-D Damping Rod Style Forks are notorious for being both too harsh and too mushy. Gold Valve Cartridge Emulators remedy this problem by controlling the motion with a tunable valve that sits on top of the damping rod. They are held in place by the main fork springs. Simply put; Emulators make damping rod forks perform like well-tuned cartridge forks.

- Increased tune-ability
- Dual stage tune-ability
- Personalized setup
- Reduced harshness
- Increased bottoming resistance
- Improved traction
- Consistent feel
- Technical support
- 100% Guaranteed
- Made in the USA

## FORK SPRING KIT

- RT Fork Suspension/Lowering Kits are designed to improve the ride, comfort and handling of your bike
- The kits allow the suspension to be customized for the rider
- They include a set of Gold Valve Cartridge Emulators, a pair of Hi-Performance Springs and Lowering Hardware
- The Lowering Hardware allows the option to lower the front end 1"-2"
- Lowering is not required and is recommended for show models only

## FORK DUST BOOTS

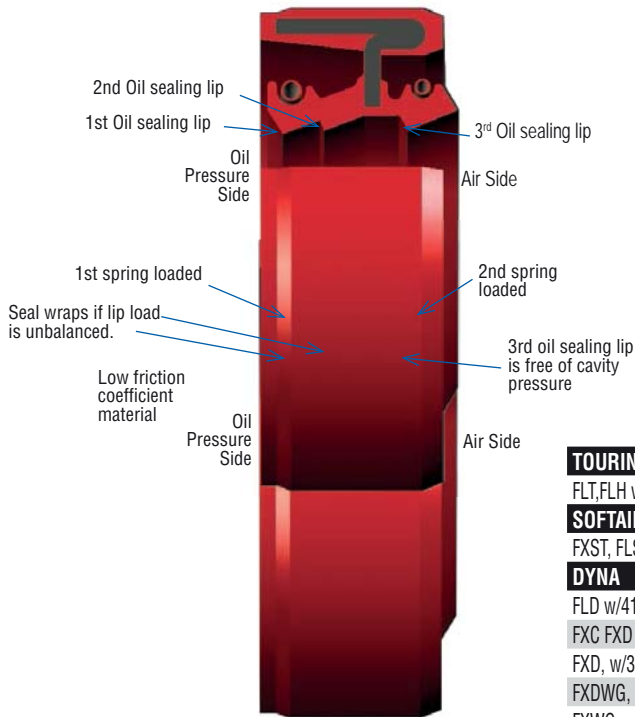

- OEM replacement fork dust boots
- Protect fork seals from debris
- Available for early Showa and Kayaba forks

Description	Application	WPS#
<b>FORK DUST BOOTS</b>		
A	Kayaba Forks XL, FX OEM 45983-73	<b>820-50307</b>
B	Showa Forks XL, FX OEM 45404-75	<b>820-50308</b>
C	Wide Glide Forks FL, FLH	<b>820-50309</b>

## FORK / DUST SEAL KITS

- Patented fork seal features a balanced 3 lip design that evenly distributes the pressure reducing operating temperature, wear and friction
- Custom Elastomer Fork Seals have been tested to outlast OEM fork seals. Extends typical seal life by 3 to 5 times over OEM seals
- Stiction (friction) measures from 1/3 to 1/2 less than OEM seals for smoother fork action
- Sold in pairs

## 23" COMPOSITE FENDER

- Our front fenders perfectly follow the contour of your 23" inch front wheel
- Carbon composite fenders are constructed from a blend of composite materials with a layer of carbon fiber for fenders as strong as steel with less than half the weight.
- These fenders are an average of 8 lbs lighter than most similar steel fenders, saving weight and improving gas mileage.
- Ready to paint finish

Description	Application	WPS#
Carbon Composite Fender for 23" Wheels	'14-Up Touring Models	<b>820-80011</b>
	'87-13 Touring Models	<b>820-80010</b>

## FENDER ADAPTER BRACKETS

- Used to re-position the front fender on '14-Up FLT models to allow the use of a 21" front wheel
- Jig-drilled for the perfect fit and simple bolt-on installation
- Steel with a powder-coated finish
- Sold in pairs

### SMOOTH FENDER SPACERS 49MM

The 49mm FLH "SMOOTH" fender spacers have a 2-bolt pattern for a smoother custom look.

Description	Thickness	Chrome	Black
Fender Spacers	7/16"	811-20064	811-20067
	5/8"	811-20065	811-20068
	7/8"	811-20066	811-20069

### FENDER SPACERS 41MM

These FLH billet fender spacers are designed to work with Arlen Ness "Hot Legs" billet lower legs, American Suspension "Bagger Legs" billet lower legs, or stock Harley Davidson 41MM FLH & FLT lower legs, not FX or XL legs. The 1-1/4" thick fender spacers can be used with a 6-3/8" wide custom front fender. The 1.0" thick fender spacers can be used with a 6" wide custom front fender. The 0.8125" thick fender spacers can be used with a 5-1/2" wide custom front fender.

Description	Thickness	Chrome	Black
Fender Spacers	0.8125"	811-20050	811-20053
	1"	811-20051	811-20054
	1-1/4"	811-20052	811-20055

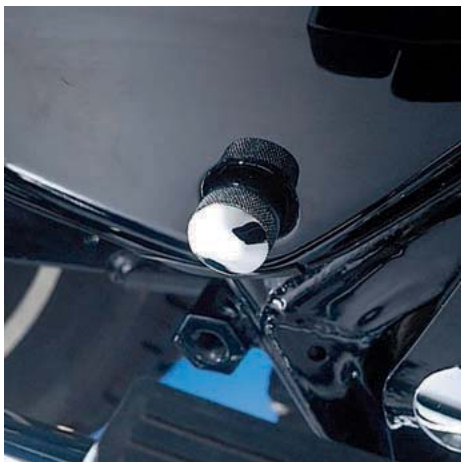

### SMOOTH FENDER SPACERS 41MM

FLH fender spacers fit H-D FLH & FLT 41mm fork legs. The bolt spacing is 3.0" on these spacers & they are radiused to clear the fork leg. These fender spacers are machined from 6061 T-6 Billet Aluminum and brilliantly Black Anodized or Chrome Plated.

NOTE: For use with a 5-1/2" wide custom fender on OEM FLH or FLT 41mm fork legs.

Description	Chrome	Black
Fender Spacers	811-20056	811-20057

## SOFTAIL FENDER AND SEAT KITS

These kits will give your Softail the most radical custom look. Extremely short fender with your choice of smooth or diamond stitch custom seat in a smooth or ribbed fender version.

- Made from gel coated fiberglass
- High quality vinyl seat with urethane foam
- Looks best with lowered suspension and side mount taillight
- OEM rear lighting must be relocated
- Mounting hardware included
- Check fitment and tire clearances before paint and final assembly
- Not for Rocker or Crossbone models

## BREAKOUT FENDER

- Bobber style rear fender for FXSB Breakout models
- Gel coated fiberglass (check fitment before paint)
- Custom solo seat required (not included)

Description	Year	WPS#
FXSB Bobber Fender	'13-17	<b>750-01084</b>

## DYNA FENDER KITS

Turn your Dyna into a bobber or just show off some more of that rear tire with one of these custom rear fender kits.

- Made from gel coated fiberglass
- Turn signal and taillight relocation may be required, we recommend a side mount taillight
- Glide style fender works well with chopped fender taillights (# 750-01280 thru 750-01282)
- Requires a custom solo seat (not included)
- Check fitment and tire clearances before paint and final installation

Application	Description	WPS#

C	Glide Rear Fender Kit	<b>750-01086</b>

## STILETTO SOFTAIL FENDER KIT

The ultimate short fender kit for Softails. Show off that rear tire and give your bike some attitude!

- Struts and fender are made from steel (unpainted)
- OEM taillight and turn signals will not work with this kit
- We recommend using a side mount taillight
- ECM mounting bracket included
- Will not fit Rocker models

## RIBBED FENDERS

- For use with 18", 19" or 21" rims
- For OE replacement or custom applications

Application	Description	WPS#
'73-Up Narrow Glide Forks	Ribbed Fender Raw Bracket	<b>820-52109</b>
	Ribbed Fender Chrome Bracket	<b>820-52110</b>
	Ribbed Fender No Bracket	<b>820-52111</b>

## RIBBED TANKS

- Available with cam style bung, screw bung or chrome pop up cap fitted on right hand side
- Tank measures approximately 17" L x 11.5" W & 2" W tunnel
- 3.3 Gal capacity, fitted center right hand 3/8" NPT gas outlet with 2 x 1/4" cross over outlets one either side at rear, allows for multiple choice routing of fuel lines

Application	Description	WPS#
Custom Applications	Ribbed Mustang Tank, Screw Bung	<b>820-52200</b>
	Ribbed Mustang Tank, Cam Style Bung	<b>820-52201</b>
	Ribbed Mustang Tank, Pop-Up Cap	<b>820-52202</b>

## GAS TANK PARTS

- Want a sight gauge on your gas or oil tank but don't want bulky lines and fittings hanging off the side? TC Bros. has the solution! Crystal clear glass viewing lens sealed tight into a CNC machined brass housing. Also included is a forged 3/4" NPT mild steel bung for easy welding. Proudly made in the USA!
- Aluminum filler cap for oil tanks (unvented). Standard 1 5/16"-12 thread fits many chopper oil tanks. CNC Machined From 6061 Billet Aluminum with a leak free O-ring seal. Cap is knurled for extra grip and features a dome top contour for classic looks. Proudly made in the USA!

Description	WPS#
A Sight Glass Kit	<b>563-01822</b>
B Aluminum Filler Cap (unvented)	<b>563-01823</b>
C Aluminum Filler Cap w/Weld in Bung	<b>563-01824</b>

**HAND SHIFT TANKS**

A reproduction of the long unavailable hand shift style 3.5 gallon tank set as used on the 1947 thru 1965 Big Twins. This reproduction takes original rod type shut-off valve, cam style gas caps, cross over gas line and is designed to accept the 1947 thru 1965 shifter guide. Measurement may slightly vary from OEM tank.

Application	Description	WPS#
'47-65 Big Twins	3.5 Gal, Rod Style Shut Off Valve	<b>820-52203</b>
	3.5 Gal, '75-Up Style Petcock Bung	<b>820-52204</b>

**FAT BOB TANKS**

Reproductions of the classic Fat Bob gas tank. Mounting is made to OEM specifications for a perfect fit on stock Harley 4 Speed Big Twin frames thru 1984 (except Softails). Also fits custom rigid and swing arm frames. Each tank is made to accept either the FX style dual instrument dash or the FL-FXWG style large speedo dash. Available in 3.5 gallon and 5 gallon. Tank accepts OEM or after market gas caps and fuel valve.

Application	Description	WPS#
4-Speed Big Twins to '84 (except Softails)	3.5 Gal, Cam Style Bungs	<b>820-52205</b>
	3.5 Gal, Screw Style Bungs	<b>820-52207</b>
	5 Gal, Cam Style Bungs	<b>820-52206</b>
	5 Gal, Screw Style Bungs	<b>820-52208</b>

**FLAT SIDE TANKS**

These tank sets are a duplication of the late style "Flatside" tank sets. They fit FXST models 1984 thru 1999 and are available with two versions of tank caps such as OEM style cam lock gas cap and Screw-In bung. Can be used for crash repairs or any other Custom application. Available in a 3.5 and a 5 gallon capacity. Accepts most FL, FXWG and FXST style dashes

Application	Description	WPS#
'84-99 Softails	3.5 Gal, Screw Style Bungs	<b>820-52209</b>
	5 Gal, Screw Style Bungs	<b>820-52210</b>

**SOFTAIL TANKS**

Gas tanks with dash mount for Twin Cam Softail models. Can be used with the stock or stock style seats. Made from heavy gauge steel for years of leak and trouble free riding. Tanks are available for use with OEM style Screw-In gas caps and the gauge equipped OEM left side cap. Available for carburetor and EFI models. Tanks take approx. 5.1 gallon.

Application	Description	WPS#
'00-07 Softails	5 Gal Tank for Carb Models	<b>820-52211</b>
	5 Gal Tank for EFI Models	<b>820-52212</b>
EFI Tanks	Block off kit for fuel gauge bung	<b>820-52227</b>

**SLIM LINE LEGACY GAS TANK**

- These new Slim-line Legacy gas tanks have been narrowed & tapered for a great new custom look
- Available with screw-in style center bung position
- Holds approx 2.75 Gal
- Old school rubber knee pad kits also available, sold separately

Application	Description	WPS#
'83-03 Sportster models	Comes with twin petcocks and chrome block-off nut. Replaces stock tanks 61023-93 and 61348-96A	<b>820-52220</b>
'04-06 Sportster models	Replaces stock tank 61348-04 with single LH petcock	<b>820-52224</b>
Legacy EFI Tank Screw in Style	Uses '07-Up OEM Sportster Fuel Pump	<b>820-52114</b>
Legacy EFI Lynx Style	Uses '07-Up OEM Sportster Fuel Pump	<b>820-52115</b>
Custom applications	Comes with 3 piece weld-on mounting bracket and bushing kit	<b>820-52222</b>
Legacy Tanks	Black rubber knee pad kit sold in pairs	<b>820-52225</b>

**XL EFI TANKS**

Peanut style tanks to fit 2004 to present stock Sportster frames. Fuel capacity is approximately 3.9 gallon. Available complete with your choice of stock style screw bung or pop-up style gas cap (included). Tanks are approximately 19" long, 11" wide, and 8" high.

Application	Description	WPS#
'04-06 XL Models	3.3 Gal. Pop-Up Cap	<b>820-52215</b>
'07-Up XL Models	3.3 Gal. Stock Screw Style Cap	<b>820-52216</b>
'07-Up EFI XL Models	3.3 Gal. Stock Screw Style Cap	<b>820-52112</b>
Custom Application EFI	3.3 Gal. Stock Screw Style Cap w/Weld on Brackets	<b>820-52113</b>
'07-Up EFI XL Models	Dished Tank 3.3 Gal. Stock Screw Style Cap	<b>820-52116</b>

**XL RUBBER MOUNTED TANKS**

This upgraded stock style Peanut Sportster gas tank features rubber mounting. Rubber mounts isolate the tank from engine vibration and prevent cracking of the welds. This is a great improvement over the OE tank. Tank holds approximately 2.25 gallons and is available with a screw-in type bung, gas cap not included.

Application	Description	WPS#
'83-94 XL Models	2.25 Gal	<b>820-52213</b>
'95-03 XL Models	2.25 Gal	<b>820-52214</b>

**XL KING TANKS**

King Size tanks for Sportster models have been a popular choice of Custom bike builders for many years. Will bolt to the Stock frame mounts on all '79-03 Sportsters. Has a larger than stock fuel capacity for extra mileage. Holds approximately 3.1 gallons. The '79-81 version accepts cam style gas caps while the later versions have screw style bungs. Gas caps sold separately.

Application	Description	WPS#
'79-81 XL Models	3.1 Gal	<b>820-52217</b>
'82-94 XL Models	3.1 Gal	<b>820-52218</b>
'95-03 XL Models	3.1 Gal	<b>820-52219</b>

**DISHED TANKS**

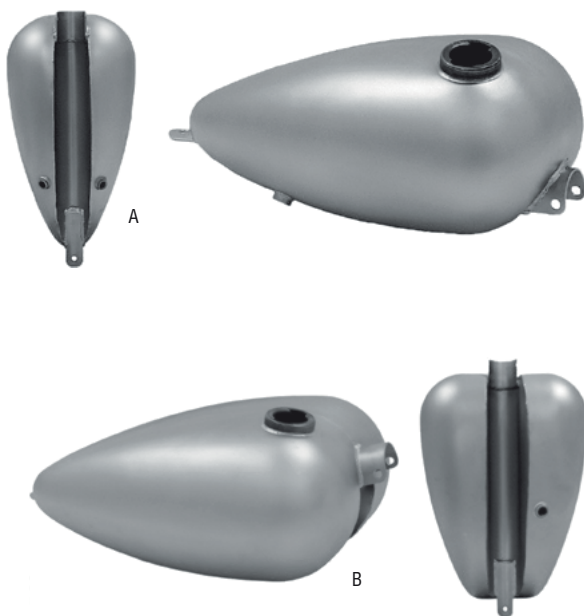

These single cap tanks have the late stock-style screw-in filler necks, and have 22mm petcock bungs on the 1995 thru 2006 tanks. Re-use your OEM fuel pump assembly on the 2007-up tanks

	Description	Application	WPS #

## TANK MOUNT KITS

- Our quick mount kit for Fat Bob tanks (820-52260) is a precise way to mount the OEM or aftermarket Fat Bob tanks to custom or original frames that have the OEM mounting tabs removed. Allows you to locate the bracket for a visual check of the tank location on the frame and once the position is selected the whole bracket set can be welded in place
- Our front bottom mount (820-52262) is an exact reproduction of the lower bracket as featured on the 4-speed frames thru 1984. Easy to weld on and can be adapted to many custom frames
- Our Flat-Side tank mounting kit (820-52265) makes it possible to mount the late style Flat-Side gas tank on your early style 4-speed Big Twin frame
- Our Flat-Side tank mount kit (820-52266) can be used to update your existing Flat-Side tank mounts, or for use on newly constructed vehicles instead of purchasing the original parts. The beveled washers and mounting screws are chrome-plated. Fits '84-99 Softail, and all other models with split tanks from '85-99.

**CAST FENDER TIPS**

- Cast in the traditional method by hand, not just a stamped sheet like the other guys
- An economical way to add shine and a custom touch
- Installation is determined by best styling, fit and material of stock fender; depending on model, application will include countersunk outside screws or concealed screw mounts
- Many models available including 2-piece front fender kits and rear fender applications

[See page 755 for applications.](#)

**CHROME SPEEDOMETER COWL**

- No more trouble seeing instruments in bright sunlight or having the backlit readout reflect on windshields at night
- Cast metal, not stamped, with quality polished chrome
- Stylish and functional
- Secure 3M® industrial tape mounting
- Fits all standard Harley-Davidson® tank console speedometers

[See page 755 for applications.](#)

Application	WPS#
Fits FXD '91-17 (Repl. OEM 47624-90A)	<b>820-53310</b>

## SWINGARM ISOLATOR MOUNT

- Meets or exceeds OEM specifications
- Sold each

Application	WPS#
'86-08 Touring and '86-94 FXR models (Repl. OEM 47564-86)	<b>820-5383</b>

## FXR TRACKER SWINGARM

Custom Design Studio's FXR Tracker swingarm takes the flex out of the rear end of your FXR. By adding a lower brace to stiffen the construction of the otherwise stock looking swingarm you retain the classic look of the bike but add a visual and functional upgrade. We recommend the use of Paughco's spherical bearing upgrade kit to further upgrade the stability.

Description	WPS#
Tracker FXR Swingarm	825-06000

## SPHERICAL BEARING SWINGARM CONVERSION KIT

Specially-designed to upgrade the quality and feel of the driveline on your FXR or Touring model bike. These 7-piece kits convert the old-style Original Equipment parts to high-tech spherical bearings with CNC-machined precision spacers and collars.

Description	Application	WPS#
Spherical Bearing Conversion Kit	FXR/FLT '80-01	830-4020

## RIGID FRAMES

Standard width rigid frames. They can be combined with a variety of drivetrains, including Shovelhead and Evolution engines, and most transmission combinations. Straight Leg or the timeless Wishbone frame styles with OEM-style necks, with or without tank mounts for pre-1984 Fat Bob gas tanks. These frames are not stock replacement frames, we recommend pre-fitting parts before painting.

All frames have 0° stretch up and out, neck rake is 30°

	Description	Application	WPS #
	Wishbone Frame	Without Fat Bob Tank Mounts	<b>830-4000</b>
A		With Fat Bob Tank Mounts	<b>830-4001</b>
B	Straight Leg Frame	Without Fat Bob Tank Mounts	<b>830-4002</b>

	Rigid Frame Axle		<b>830-4025</b>

## OIL TANKS

A. 830-3700 - when used with an FXE battery, will fit rigid and 1958–1964 swingarm frames, and will also clear 1979–up 4-speed transmissions. The tanks measure 55/8”-tall x 85/8”-deep x 12 1/4”-wide, and the battery compartment is 7 1/2”-wide x 51/8”-deep.

B. 830-3701 - for 1965–1986 FL and FX 4-speed models, that provide easy access to the battery, and bolt to the stock mounts. Each tank includes a two-piece front bracket for easy installation, and measures 59/16”-tall x 7 1/2”-deep x 12”-wide. The battery compartment is 73/8”-wide x 41/8”-deep.

C. Both tanks require the purchase of drain plug 830-3702. Oil tanks come with filler plug and fittings as shown.

	Description	Application	WPS #
A	3.5 Qt Custom Oil Tank	Fits '65-86 FL/FX 4-Spd Frames	<b>830-3700</b>
B	3.5 Qt Wrap Around Oil Tank	Fits rigid and '58-64 Swingarm Frames	<b>830-3701</b>
C	Oil Tank Drain Plug		<b>830-3702</b>

## UNIVERSAL HARDTAIL KIT

TC Bros. Choppers USA Made Universal Hardtail Kit. The CNC Mandrel Bent Tubing is 1 1/8" Diameter Steel with .120 (about 1/8" wall thickness. The axle plates are CNC laser cut from 3/8" thick steel and have an integrated mounting tab for easy fender mounting. The axle slots are 20mm (.787"). In addition to the cross tubes offered, we also include solid cold rolled steel slugs that fit tightly into the inner diameter of the tubing for joining the hard tail to the stock frame tubes. You can determine stretch, ground clearance, width, etc. Fitment possibilities are nearly endless. Remember that since this kit is universal, you will be responsible for modifying your frame and making this kit fit and function properly. All modification is done at your own risk.

Description	WPS#
Universal Weld-on Hardtail Kit	<b>563-01810</b>

## ELECTRONICS BOX

TC Bros. Choppers USA Made Custom Chopper/Bobber Battery Box and electronics box that looks like a round oil tank. The electronics box is 4.5" diameter and has removable caps for hiding all of your wiring and ignition components while still having access to them. Mounts are already TIG welded in for you and mounting bolts are included. Kit is raw finish steel and ready to paint. Mounting straps for both the battery box and electronics box are included and ready to bolt or weld on. Battery box fits a 12N14 type battery perfectly. Can fit many models and applications! Battery Box dimensions: 4-1/4" W, 5-1/2" H and 5-7/8" L. Electronics Tank(fake oil tank) dimensions: 4 1/2" diameter x 8" long with caps installed.

Description	WPS#
A Electronics Tank	<b>563-01800</b>
B Battery Box/Electronics Tank	<b>563-01801</b>

## BATTERY HOLEY BOX

TC Bros. Holey battery boxes come in two sizes for YTX14AH, 12N14 or YTX20, YB16 series batteries. Inside dimensions of small battery box are 3.75in wide x 5.5in long. Inside dimensions of large battery box are 4in wide x 7in long. Proudly made in the USA! Includes stainless mounting hardware and rubber cushion to isolate battery from vibration.

Description	WPS#
A Battery Box Small	<b>563-01820</b>
B Battery Box Large	<b>563-01821</b>

# RUBBER MOUNTING TABS

563-02011

563-02012

563-02013

- TC Bros. Choppers universal fit, weld-on rubber mounting tabs are CNC laser cut from 1/4" thick American made mild steel for easy welding.
- The CNC machined, 6061 aluminum tophat style spacer and military spec rubber grommet perform under the most demanding rigid frame applications. Included 5/16"-18 x 1" stainless steel button head mounting bolt looks great and is very corrosion resistant.
- These tabs save you a lot of time on your build and provide you with professional quality results. Perfect for mounting oil tanks, gas tanks, or any other component that can be easily damaged by excessive vibration. Sold individually.
- Proudly made in the USA.

# TOPHAT & COUNTERBORE STYLE BUNGS

563-02031

563-02032

563-02033

563-02034

- Save time and create a super strong mount for just about anything on your bike using these bungs. Proudly made in the USA from premium American 1018 cold rolled steel for easy welding. Counterbored bungs fit standard socket head bolts so that the head of the bolt is flush inside the bung for a clean looking installation. Pair these bungs with any of our matching threaded bungs and you have a professional quality mounting solution.
- Tophat style blind threaded hole bungs are perfect for mounting gas tanks, oil tanks, or any other item requiring a leak free mount. These bungs install easily by inserting into a hole and welding around the flange. See photos for all dimensions.

# RISERLESS HANDLEBAR BUNGS

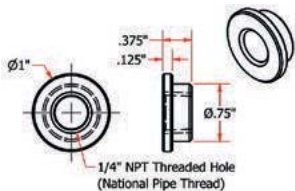

563-02050

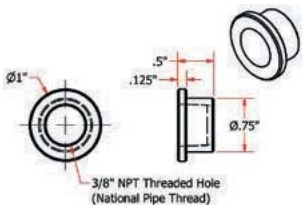

563-02051

563-02052

563-02053

563-02049

- 'Knurled' For Extra Grip
- Leak Free O-Ring Seal
- 100% Made In USA

563-02065

563-02066

- These bungs are perfect for building custom riserless handlebars. Proudly made in the USA from premium American 1018 cold rolled steel for easy welding.
- The internal riser bungs are designed to fit inside 1" outer diameter steel tubing with a maximum wall thickness of .120" (11 gauge). A machined chamfer allows for proper weld penetration. The 1" diameter is a perfect match to your tubing and the 1-1/4" overall length allows for sufficient thread engagement. The coped end bungs fit perfectly to 1" diameter tubing and the 1" length from edge of cope to flat face provides 1" of rise once welded to your handlebar.
- These bungs feature 1/2-13 internal threads for mounting to Harley Davidson® style triple trees. Your handlebar mounting bolts pass through the bottom of the triple trees and thread into these bungs for a much cleaner installation as compared to traditional clamp style risers. See photos for all dimensions.

Description	QTY	WPS#
Coped Handlebar Riser Bungs	Pair	<b>563-02050</b>
Internal Riser Bungs	Pair	<b>563-02051</b>

## NPT PETCOCK BUNGS

These NPT (National Pipe Thread) bungs are most commonly used for gas tank petcock bungs or for oil tank fittings. Proudly made in the USA from premium American 1018 cold rolled steel for easy welding. Note: NPT threads are tapered. They are only designed to be used with corresponding NPT threaded fittings or pipe. The tapered design allows the threads to create a leak proof seal when tightened. They are not to be used with standard bolts or hardware. These bungs install easily by inserting into a 3/4" diameter hole and welding around the 1" diameter flange. See photos for all dimensions.

Description	QTY	WPS#
1/8" NPT Weld In Bungs	Pair	<b>563-02052</b>
1/4" NPT Weld In Bungs	Pair	<b>563-02053</b>

## RADIUS BUNGS

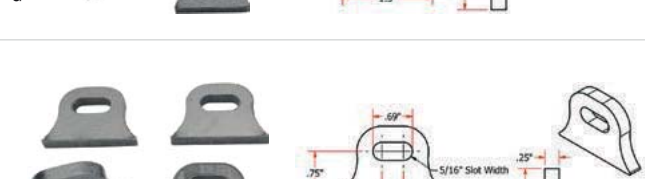

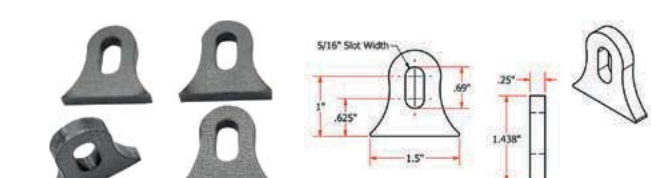

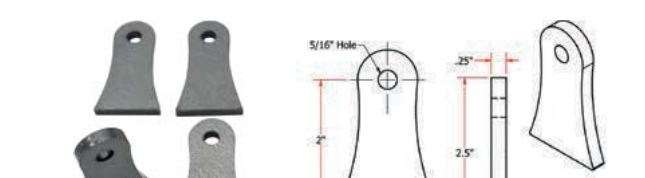

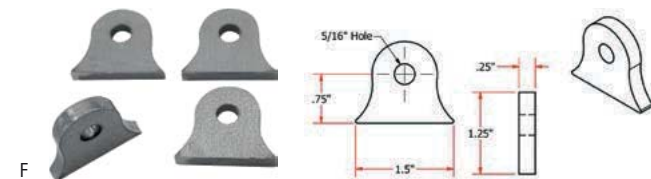

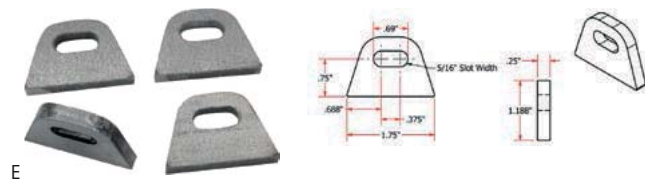

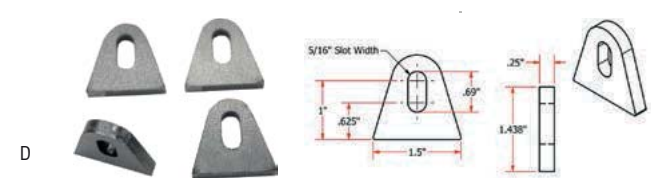

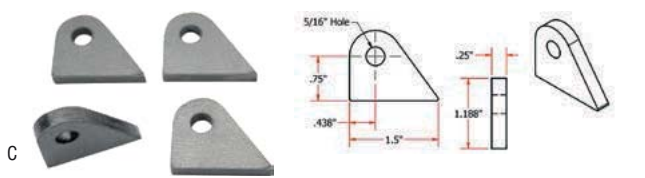

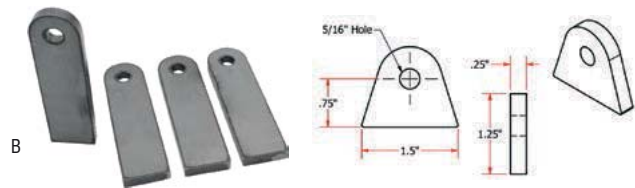

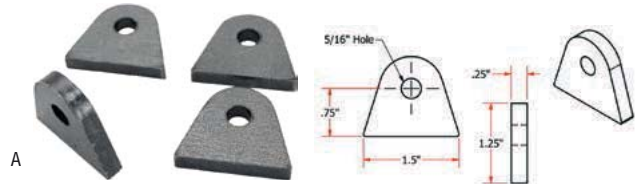

Radius Style Threaded 3/8-16 Short Length Steel Bungs by TC Bros. Save time and create professional quality mounts using these blind threaded radius bungs. Perfect for mounting fenders or anything where a clean, finished appearance is desired. Proudly made in the USA from premium American 1018 cold rolled steel for easy welding. 3/4" diameter x 1-1/4" long.

Description	QTY	WPS#

## WELD ON MOUNTING TABS

TC Bros. Universal Mounting Tabs are CNC laser cut from 1/4" thick American made mild steel for easy welding. Heavy duty design performs under the most demanding rigid frame applications. Save yourself a lot of time on your build by using these tabs to mount almost anything. Proudly made in the USA.

Description	QTY	WPS#

Coped for  $\phi 1.125$ " Tubing  
Easy fit to 1" and 1.25" Diameter

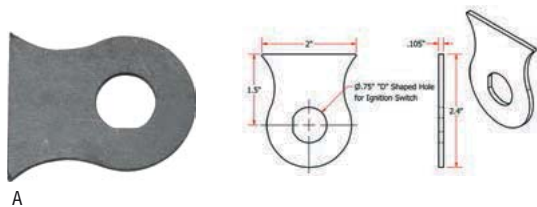

## WELD ON BRAKE STAY

TC Bros. Choppers universal fit, weld-on brake stay mounting tabs are CNC laser cut from 1/4" thick American made mild steel for easy welding. Vintage style curves and contours provide eye appeal while the 3/8" diameter hole makes for easy attachment of your brake anchor rod end.

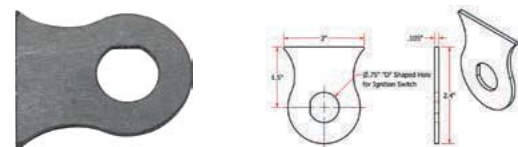

Description	QTY	WPS#
Brake Stay	Each	563-02014

## IGNITION SWITCH TABS

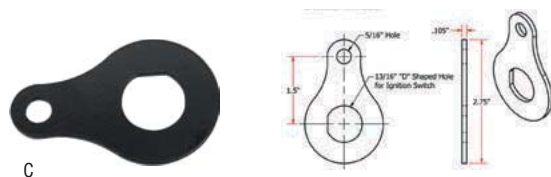

A

TC Bros. Choppers universal fit, ignition switch mounting tabs are CNC laser cut from 12 gauge (.105" thick) American made mild steel. Vintage style curves and contours provide eye appeal while saving you serious time on your build. Most ignition switches require a "D" shaped installation hole to prevent rotation while turning the key. These tabs have the proper shaped hole to fit most ignition switches with 3/4" or 13/16" diameter threads. The bolt-on ignition switch mounting tabs come with a durable black powdercoat finish.

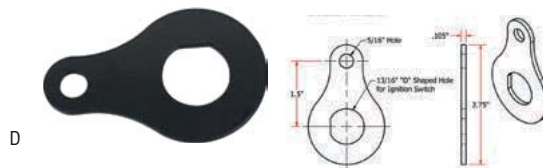

B

Description	WPS#
A 3/4" Ignition Switch Mounting Tab, Weld On	563-02020
B 13/16" Ignition Switch Mounting Tab, Weld On	563-02021

D 13/16" Ignition Switch Mounting Tab, Bolt On	563-02023

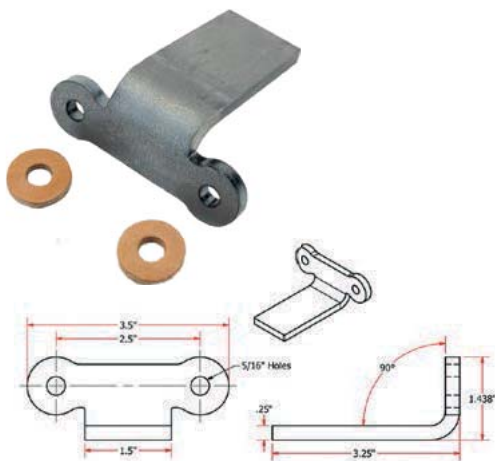

C

D

## WELD ON REAR FENDER MOUNT

TC Bros. Choppers universal fit, weld-on fender mounting bracket is constructed from a single piece of 1/4" thick American made mild steel for easy welding. Vintage style curves and contours provide eye appeal while the 5/16" diameter mounting holes make for a simple installation. Leather washers are provided to prevent paint damage and provide vibration resistance. This fender bracket is most commonly used to mount flat profile fenders (4.5" minimum width) to a frame cross member. The straight portion of the bracket is easily trimmed to length to fit your application.

Description	QTY	WPS#
Weld On Rear Fender Mount	Each	563-02030

## AXLE PLATES

TC Bros. Universal hardtail axle plates with 3/4" or 1" slots. They are cut from 3/8" thick steel and have an integrated fender mounting tab. Perfect for people building hardtails who have access to tubing, but can't get axle plates made.

Description	QTY	WPS#

# FORGED ALUMINUM WHEELS

- Set your bike apart from the crowd with a set of our custom billet wheels! Available in three distinct designs to complement the style you are going for. They come in black anodized finish with machined details or high gloss triple chrome finish. All wheels are CNC machined from forged aluminum for superior strength and durability. Our wheels fit most current Harley models and are designed to accept stock rotors and pulleys or our matching two piece custom rotors and pulleys that are listed in the brake and drive sections. Some wheels may require extra pulley and rotor spacers depending on application. We do not list all possible sizes for all models so if you can't find the size/application combo you are looking for contact your HardDrive sales rep, we will do what is possible to accommodate your needs

# LYNDALL WHEELS

Lyndall Wheels are manufactured in the USA combining cutting edge design and craftsmanship with premium quality rotary forgings. Bringing you the first and foremost in performance, Lyndall Wheels, are both stronger and lighter than stock; improving the performance, functionality, and beauty of your bike like no other can. Their B-52 and TT Tracker designs are available exclusively through HardDrive. Matching pulleys, sprockets and rotors are available separately to complete the look. Other applications available on request per special order, please allow at least three weeks for delivery.

# LYNDALL TT TRACKER AND B-52 ROTORS

Create your own rotors to match your Lyndall wheels. Choose your center carrier design and finish then choose the friction ring that fits your application in silver or black high carbon steel in crown cut or smooth. Lyndall's patented lug drive design allows for easy assembly and unmatched braking performance. Carriers fit 2000 and later wheels with hub mounted rotors, for perimeter style rotors (used on '14-Up Touring models and '06-Up Dynas with cast

wheels) see the Lyndall rotors in the brake section. Quick application guide (for exact rotor dimensions for your model refer to your OEM parts guide):

- '00-07 Touring models require 11.5" rotors front and back
- '08-13 Touring models require 11.8" rotors front and back
- '08-Up Dynas with laced wheels require 11.8" rotors front and 11.5" rear rotors

## SPROCKETS AND PULLEYS

- Matching pulleys and sprockets for Lyndall TT Tracker and B-52 wheels
- Pulleys are machined from rotary forged 6061 aluminum
- Sprockets are machined from rotary forged 7075 aluminum for maximum durability

**FRONT 40/48/60 SPOKE WHEELS**

- Chrome wheels available for many stock and custom applications in 40 and 60 spoke and the 48 Big Spoke
- Sealed for tubeless tires
- Application listed for axle size and location diameter only, additional spacing of rotors and pulleys may be required for exact fitment on some applications

- Wheels can be upgraded with 25mm bearings (sold separately) and bearing spacer (not included) for '08-Up applications
- Will not fit with front wheel speedometer drive on narrow glide front ends

### AXLE ADJUSTER PLATES

- Billet belt/chain adjusters for FXR and early FXD models
- Upgrade the look and strength of the OEM nickel plated steel plate
- Made from A7075 alloy
- Hardware included

	Description	WPS#
A	FXR Models '82-94	811-50080
B	FXD Models '91-05	811-50081

### RIGID AXLE LOCATORS

- Rigid frame axle locators keep the axle in place in the event the axle should come loose or try to shift when hitting a pothole
- Made from A7075 alloy for superior strength
- Available in matte silver or chrome finish
- Made for 3/4" axles and 7/8" axle slots common on most rigid frames

	Description	WPS#
A	Silver	811-50082
B	Chrome	811-50083

### REAR WHEEL ADJUSTMENT BOLTS

### PULLEY SPACERS

Aluminum spacers that are ideal for lining up pulleys and sprockets. The spacers can easily be machined down to the next size under without having to worry about the spigot alignment when you machine the face of the spacer down to the desired thickness. They are drilled for up to 7/16" bolts. Can also be used as disc spacers.

Application	Width	WPS#	Application	Width	WPS#

**WHEEL SPACERS**

- These unique spacer kits fill the gap between the front wheel & fork slider
- The rounded design complements any wheel & rotor combination
- Kit includes left & right spacers

**Description**

**Application**

**WPS#**

Domed Wheel Spacer Kit Chrome	Touring Models 00-07 front wheel	<b>820-50001</b>
-------------------------------	----------------------------------	------------------

**WHEEL COVER**

- "Toy" wheel covers turn any 16" spoke wheel into an old school solid disc wheel
- Sold in pairs
- Requires drilling for valve stem clearance and fasteners
- Use three threaded rods and acorn nuts to sandwich the wheel covers in place as you would with Moon discs
- Outside diameter 15.5", inside diameter 5.4"

**Application**

**Description**

**WPS#**

- Contains all of the bearings and seals required to re-fit a wheel
- Wheel bearings typically fail from water and dirt contamination. The All Balls wheel bearing was developed in partnership with KML Bearing and is designed to excel in the difficult operating environment street riding
- Premium EMQ quality, hi-speed-bearing featuring low drag, double lip rubber seals which provide superior exclusion of water, dirt and to improved grease retention
- Type TC Nitrile Elastomer wheel seals are specifically designed to keep out water and dirt
- The rubber coated outside diameter creates an optimum seal at the hub
- Steel garter spring guarantees constant pressure on the axle shaft over the life of the seal

# TIRE CONVERSION CHARTS

THESE REFERENCE CHARTS ARE AS ACCURATE AS THE INFORMATION AVAILABLE TO US.

**SIZE CONVERSION TABLES:** Use these tables to convert your older style inch size to the new style metric sizing.

## STREET TIRES

- Front and Rear tires should be properly matched and sized to maintain correct clearance
- Mount tube type or tubeless tires only on the rims designed for each type of tire
- Before mounting, check for directional arrows on tire tubes. It is advisable to replace tube
- Before use, check wheel balance, wheel alignment, and most importantly, tire air pressure

# CRUISER / TOURING TIRES

Introducing the REFLECTOR!!! The next evolution in motorcycle tire technology. Almost completely un-noticeable until light hits the reflective material on the sidewall and then BOOM...the sidewall of the tire lights up! BE SAFE. BE SEEN!

With a newly re-designed reinforced carcass, the 777 H.D. has higher load ratings and HIGHER MILEAGE! Heavier (Aramid) belting provides ample load capacity while also giving more stability and longer life. Specifically designed for cruiser machines and is available in a multitude of sizes to fit many V-Twin and metric cruiser models.

- Now available in REFLECTIVE sidewall in select sizes
- Higher mileage and load capacity
- H.D. (Heavy Duty) version with reinforced carcass
- H rated tubeless, 4 or 6 ply rated sidewall in select sizes
- Aramid belted (150/80-16, 100/90-19, 90/90-21 nylon belted)

**ARAMID BELTED**

**CRUISER / TOURING TIRES**

**SRT 777 20 INCH**

- Requires Paul Yaffe's 20" big wheel performance SRT Kit for installation
- This is a front tire designed specifically for it's purpose not like other fat front tire conversions that use a rear tire
- Fat 6.5" wide front tire with a true front tire profile and tread ensures superior handling

Description	Ply Rating	Load Index	WPS#
<b>FRONT</b>			
6.5" - 20	SRT 777	4	77 <b>87-4200</b>

**777 30 INCH**

- Specifically designed for the custom 30" front wheel market
- Legendary 777 handling and performance now available in a 30"!
- H-rated tubeless, 6-ply rated.
- Higher mileage and load capacity
- Tread compound designed for a great combination of traction and mileage
- Directional tread pattern offers excellent wet and dry traction
- Aramid belted
- DOT approved

**DRAG / RACE RADIALS**

**HOOK-UP PRO DRAG RADIAL**

- The ultimate DOT drag tire.....Just got better!!
- HOOK-UP PRO! All of the great features of the original Hook-Up, but lighter, faster and now even better at the top-end of the track! Competition-developed design allows for more horsepower to be used throughout the run due to a larger contact patch at high speed. Enhanced carcass resists distortion, chunking, and the stresses of centrifugal force to maintain a more constant footprint.
- Due to the soft compound of this tire, it is not for use on dynamometers!

*Ultra Lightweight!  
Hook-Up Like A Pro!*

Description	Speed Rating	Load Index	WPS#
190/50ZR17	W	73	<b>87-4651P</b>
200/50ZR17	W	75	<b>87-4652P</b>

**HOOK-UP DRAG RADIAL**

- Light weight extremely flexible carcass
- Softest street compound available from Shinko
- Tread pattern and profile designed specifically for the demands of drag racing
- Aramid belted, DOT approved, not intended for use on public roads or street use
- Combine with the Shinko 003 Stealth front tire for a matching tread pattern
- Due to the soft compound of this tire, it is not for use on dynamometers!

Description	Speed Rating	Load Index	WPS#

200/50ZR17	W	75	<b>87-4652</b>

**STEALTH-D**

- Specifically designed for V-Twin Drag racing
- DOT approved
- Ultra-Soft compound for maximum traction
- "W" speed rated (168 mph) DOT approved
- Fits right onto your stock 16" wheel!!

Stacey Bortz is the fastest female in the world of American V-Twin drag racing. She has run as fast as 8.86 seconds in the quarter mile with speeds over 150 MPH. She uses Shinko tires on her AMRA Outlaw Street bike as well as her 10 second Superglide.

Description	Speed Rating	WPS#
150/80ZR16	W	<b>87-4002U</b>

**REACTOR III**

**REACTOR DRAG SLICK**

- NEW light weight design
- Wider footprint and softer sidewall
- Wrinkle wall drag slick, for track use only
- Tread compound designed for maximum traction
- 26" x 7" x 17" size fits most sport bike rear wheels
- Recommended rim width 5½" to 7½"

Description	WPS #

**INNER TUBES**

- High quality 1.5mm thick butyl tube pre-loaded with Counteract Balancing Beads
- Balanced for the life of the tire
- Extend tire life, even tread wear, increases horsepower due to decreased rolling resistance.
- Provides the smoothest and most efficient ride possible
- No need for unsightly wheel weights or a tire balancer
- Cost effective
- Will not void tire warranties

**TIRE BALANCING BEADS**

- No more external weights!
- Made from micro-glass beads
- Increases tire life, improves fuel economy
- Reduced vibration and heat build up
- Tires are balanced all the time, not just at over 30 mph like other products
- No rebalancing every time you come to a stop
- No dust to clog valve cores
- Guaranteed safe for all tire pressure monitoring systems (TPMS)
- Can be used in tube type and tubeless tires
- Simply throw in a bag when mounting a new tubeless tire or use the DIY kit for "on the bike" and tube type installation

**Application Chart**

## VALVE STEMS

Description	WPS#	Sold
A Pop-in 412 series .453"	85-0447	4/pack
	85-0447B	50/pack
B Chrome .327"	85-0448	4/pack
C Pop-in 413 series .453"	85-0449	4/pack
	85-0449B	50/pack
D Chrome .453"/.625"	85-0450	4/pack
E 90° .327"	85-0445	4/pack
	85-0446	4/pack

- Pop-in valve stem seals well in OEM and aftermarket rims
- Shorter for ATV applications

- Threaded full 1-3/16" length for various rim thicknesses
- Fits .327" valve hole and equipped with O-ring seal

- Pop-in valve meets the same rigid standards required for OEM applications
- Designed to resist damage from ozone and premature rubber deterioration from valve hole compression, heat, cold and moisture

- Chrome plated sealing valve cap
- Grommets to fit either .453 or .625" valve holes

- 90° valve stem style
- 85-0435 fits .327 valve hole
- 85-0436 fits .453 or .625

## VALVE CORE REMOVER

- Made from Hex Steel
- Allows for easy removal and installation of standard valve cores

### LED SMART CAPS

- Ride-On LED Smart Caps are the easiest TPMS (Tire Pressure Monitoring System) to install on your tire valve stems
- The LED Smart Caps automatically calibrate to the pressure in the tire and sets itself when the cap are installed
- TPMS caps can be used with pressures from 10 psi to 70 psi
- Automatically compensates for ambient temperature changes to avoid false alarms
- Comes with integrated anti-theft device
- Ride-On TPMS LED Smart Caps blink red to alert of low pressure for up to 750 hours
- Low battery alarm - the LED Smart Caps will blink yellow for up to 100 hours to alert you that the batteries are running low
- Uses standard watch batteries
- Bright blinking LED light that is visible in daylight and night time

Description	WPS#
LED Smart Caps/pr	85-4210
Repl. anti-theft wrench	85-4211

The purchase of Ride-On LED Smart Caps entitles you to a free 1 year membership to Ride-On's exclusive road side assistance program

### SPOKED WHEEL WEIGHTS

- Weights are made from quality Zinc
- They are Non-Lead Compliant
- Sold in packs of 10

Description	WPS#
1/4 oz	232-7091

### TPS TIRE BALANCER AND SEALANT

- Ride-On TPS (Tire Protection System) is a tire balancer and sealant compound for tube or tubeless tires that evenly coats the inner surface of your tires
- Eliminates the need wheel weights, specially formulated to hydro-dynamically balance high speed tires, dampen road noise and vibrations that cause a rough ride
- If the tire is punctured in the contact patch, the centrifugal force of the rotating tire and the internal air pressure force Ride-On into the hole, sealing it instantly
- Ride-On is a Green biodegradable product that is designed to be non-hazardous and non-flammable, and contains corrosion inhibitors that protect all alloys of steel, aluminum, magnesium and yellow metals against oxidation
- Note: Refer to Dosage table/calculator to find the amount needed for each tire
- Ride-On TPS will act as a balancer and will result in erroneous readings from a dynamic spin balancer
- Available in motorcycle and ATV formulas, simply squeeze/pump the fluid into the tires and you are set to go, refer to dosage table below to find the amount needed for each tire

**IMPORTANT NOTE:** After installing Ride-On TPS Motorcycle Formula sealant into the tires, a slight vibration may be noticed until the sealant has warmed up and distributed evenly in the tires. This process usually takes 2 to 5 miles. DO NOT attempt to rebalance tires after the installation of Ride-On TPS Motorcycle Formula. Ride-On TPS is a balancing compound

Description	WPS#
<b>MOTORCYCLE FORMULA</b>	
8 oz	12/case <b>85-4200</b>
5 gallon pail	* <b>85-4201</b>
Pump for 5 gallon pail	<b>85-4202</b>

\*DOES NOT COME WITH PUMP

#### RIDE-ON DOSAGE (all measurements in inches):

High speed street tires: Diameter x Width x .055 = ounces of Ride-On  
 Off road tires: Diameter x Width x .075 = ounces of Ride-On  
 ATV tires: Diameter x Width x .087

### TIRE COVERAGE PLUS PROGRAM

The TCP/24 program is a comprehensive benefit program that is available with the purchase and installation of Ride-On TPS from select motorcycle repair shops and dealerships. It is for all on-road motorcycles, trikes, scooters and mopeds (non-commercial use). TCP/24 cards are sold to dealers in packs of 10. **Only one TCP/24 card is needed per vehicle, cards will be shipped direct from Ride-On to the dealership.**

#### The TCP/24 membership program includes the following:

- 1 Year membership in the program
- 24 Hour emergency towing up to 15 miles
- 24 Hour emergency road service (includes battery service and fluid/fuel delivery)
- Travel benefits and trip routing
- Trip interruption protection
- Online travel discounts
- Rental car and hotel discounts
- Theft and hit-and-run coverage
- Program covers street/dual sport motorcycles and trikes only

Description	WPS#
TCP/24 cards	<b>85-TCP24</b> 10/pack
Roadside Assistance cards	<b>85-RSA</b> 6/pack

### ROADSIDE ASSISTANCE PROGRAM

The Roadside Assistance Program includes all items listed above without the tire repair/replacement benefit. Purchase/installation of Ride-On TPS is not mandatory with the basic Roadside Assistance Program. **Roadside assistance cards are sold each and will ship from the nearest WPS warehouse.**

**SUPER DUTY AND ORIGINAL FORMULA**

**“THE FLAT TIRE ELIMINATOR”**

In tubeless tires the SLIME seal is as effective as a normal repair. In tubed tires, regard SLIME in the same way as you would a patch. If you would be content riding a patched tube, then the SLIME seal is fine. If you regard the patch as a “get you home” emergency repair, then fit a new tube. SLIME can be easily removed with cold water. There is no other product like SLIME on the market. There are no glues, no latex, no adhesives in its formulation. SLIME is the most innovative breakthrough in flat tire prevention.

- Uses:**  
 Motorcycle's / ATVs  
 Bicycles  
 Golf Carts  
 Utility Vehicles  
 Wheel Chairs  
 Wheelbarrows  
 Agriculture  
 Any pneumatic tire tube or tubeless

Application:	Ounces per tire
Motorcycle	8
Bicycle	4
Wheelbarrow	8
Boat/Snowmobile	8
Trailer	
Compact car/Lt.Truck	8
4x4/SUV	8
ATV	16-32
Riding Mower	20

- Super duty slime seals punctures up to ¼”
- Fine tunes balance of all tires
- Will not freeze down to -35°, dry-out or ball-up inside the tire
- Prevents corrosion of the tire and rim
- SLIME is formulated to last as long as the life of your tire

**Or simply use this formula**

Under 45 mph:

Tread Width (inches) x Height (inches) x .13 = \_\_\_\_\_ oz.                      Example 8 x 22 x .13 = 23 oz.

Over 45 mph:

(Tread Width (inches) x Height (inches) x .13) /2 = \_\_\_\_\_ oz.                      Example (8 x 22 x .13)/2 = 12 oz.

## GARAGE DOOR/GATE OPENER

The Flash2Pass system turns your existing headlight high-beam switch into a transmitter to open and close your garage door or gate.

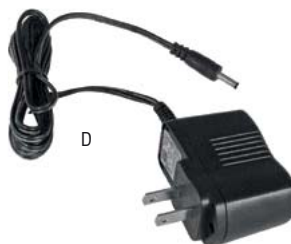

A

B

C

D

- Uses an encrypted radio frequency (RF) signal
- Safely and conveniently opens doors/gates; eliminates the need to carry and use a standard, push button door opener
- No extra switches or buttons needed, activated by the double clicking of the headlight high beam or other 12 volt switch
- Works with any vehicle with a 12-Volt electrical system: motorcycles, cars, trucks, ATVs, snowmobiles, golf carts
- Proprietary receiver operates with virtually all automatic garage door or gate opener brands manufactured from 1982 to the present
- Easy, DIY instructions; installs in less than 15 minutes with standard household tools

### Details

- Unobstructed range of more than 100 feet
- Weatherproof transmitter
- Patented technology
- 1-year limited warranty
- Made in the USA

D 12v Car Power Cable	<b>989-1408</b>

B

### The Mapping You Want

- Almost anywhere you want to go, GPSMAP 276Cx has a compatible map to take you there. It comes preloaded with worldwide basemap and includes a free 1-year BirdsEye Satellite Imagery subscription. It also supports a variety of other mapping options such as Garmin TOPO maps, Garmin HuntView™ maps, BlueChart® g2 HD marine charts, turn-by-turn directions on City Navigator® NT, Garmin Custom Maps, raster maps and vector maps.

### The Connected Navigator

- In addition to GPS and GLONASS reception, GPSMAP 276Cx is ANT+® compatible for the integration of external sensors like the Tempe™ ambient temperature sensor. You can even connect it to Wi-Fi® for over-the-air updates and Garmin Connect™ database syncs. Pair with your compatible mobile device¹ for additional features like LiveTrack and smart notifications¹.

### Tough and Ready

- GPSMAP 276Cx was designed for your rugged lifestyle. You'll navigate with confidence by seeing clearly on the large 5-inch sunlight-readable screen. The navigator's flexible mounting lets you keep the device exactly where you need it. Operate GPSMAP 276Cx with its reliable push-button controls that resist dirt, dust and grit, and best of all -- keep all your maps on hand with 8 GB of internal memory, expandable by a microSD™ card (sold separately).

### More Power Options

- Get peace of mind knowing that the GPSMAP 276Cx GPS navigator is going to be ready when you need it, now that there are more ways to power your device. It features in-unit charging with an included lithium-ion battery pack and even has the ability to use standard AA batteries.

### 276Cx ALL-TERRAIN GPS NAVIGATOR

- Internal antenna with GPS and GLONASS satellite reception for tracking in more challenging environments than GPS alone; for better reception in vehicle interiors add an external antenna (sold separately) to the built-in MCX connector
- Built-in worldwide basemap and free 1-year BirdsEye Satellite Imagery subscription
- Supports Garmin TOPO maps, Garmin HuntView™ maps, BlueChart® g2 HD marine charts and more
- Supports Active Weather forecasts and animated weather tracking
- Pairs with your compatible smartphone¹ for automatic uploads, smart notifications and more

#### Includes:

- GPSMAP 276Cx
- 1 year BirdsEye Satellite Imagery subscription¹
- AMPS powered mounting bracket with marine bail mount
- Lithium-ion rechargeable battery pack
- USB cable
- AC charger
- Quickstart Guide

# ZUMO 595LM NAVIGATOR

Zumo® 595LM motorcycle GPS navigator offers a premium navigation experience with adventurous routing for those twisty, thrilling rides, along with a big 5-inch sunlight-readable touchscreen, Bluetooth® connectivity for hands-free calling, music streaming from Pandora® and Spotify®, smart notifications<sup>4</sup> plus rider alerts to encourage a safer ride. You're warned of sharp curves, animal crossings, nearby red light, speed cameras and more.

Description	WPS#
595LM Navigator	989-1385

- Large 5-inch dual-orientation touchscreen display that is glove friendly and easy to read — even in bright sunlight
- Rugged design withstands fuel vapors, UV rays, rain and harsh weather, IPX7 rated
- Garmin Adventurous Routing™ lets you avoid major highways and find curvy, hilly roads—even see upcoming elevation information.
- Rider alerts for upcoming sharp curves, animal crossings, state helmet laws, wrong way on a one-way street, fatigue warning and more
- Warnings for nearby red light and speed cameras, where applicable
- Lets you control music and media from compatible MP3 player or smartphone right on your Zumo® navigator display — and even streams Pandora® and Spotify® music services
- Preloaded with detailed 3-D terrain maps of North America, plus lifetime<sup>1</sup> map updates
- Hands-free phone control and spoken directions heard in-helmet via Bluetooth® technology, with compatible headset
- Smart notifications<sup>4</sup> (calls/texts, calendar updates, etc.) via free Smartphone Link app
- LiveTrack tool lets you use free Smartphone Link app<sup>4</sup> to wirelessly share your live route — great for riding in groups
- Motorcycle-specific points of interest (POIs) for cycle repair services, dealers, etc.
- Live weather radar and live traffic via Smartphone Link<sup>4</sup> app (subscription may be required)
- PhotoReal and Bird's Eye junction views with Active Lane Guidance help you navigate interchanges with ease
- Easily see places along your route and milestones up ahead, without leaving the map
- Easy Route Shaping feature lets you easily add a point on the map to ride through preferred areas or follow specific roads
- Spoken Garmin Real Directions™ feature guides like a friend, using recognizable landmarks, buildings and traffic lights
- Foursquare® data for millions more new and popular places
- Service history log helps simplify your record keeping for bike maintenance
- Round trip routing lets you plan your ride based on time, distance or location
- TracBack® feature makes it easy to follow the same route for your return trip
- Supports custom and TOPO maps (additional mapping sold separately)
- Easily find addresses and millions of points of interest
- Displays current street, current speed, speed limit and arrival time
- Compatible with VIRB® action cameras (sold separately); start and stop recording right from your Zumo® navigator display
- Monitor motorcycle tire pressure on Zumo® display with TPMS accessory<sup>6</sup> (sold separately)
- Motorcycle and automotive mounts included
- Music and Media control work with iPhone® 4 or later, some iPod® devices, and some Android™ devices.

- Preloaded with detailed maps of North America with free lifetime<sup>1</sup> updates
- Hands-free phone control and spoken directions heard in-helmet via Bluetooth® technology, with compatible BT headset
- Motorcycle-specific points of interest (POIs) for cycle repair services, dealers, etc.
- Lane assist with junction view eases navigation of complex interchanges
- Easily see places along your route and milestones up ahead, without leaving the map
- Easy Route Shaping feature lets you easily add a point on the map to ride through preferred areas or follow specific roads

- Spoken Garmin Real Directions™ feature guides like a friend, using recognizable landmarks, buildings and traffic lights
- Foursquare® data for millions more new and popular places
- Service history log helps simplify your record keeping for bike maintenance
- Round trip routing lets you plan your ride based on time, distance or location
- TracBack® feature makes it easy to follow the same route for your return trip
- Supports custom and TOPO maps (additional mapping sold separately)
- Easily find addresses and millions of points of interest
- Displays current street, current speed, speed limit and arrival time
- Compatible with VIRB® action cameras (sold separately); start and stop recording right from your Zumo® navigator display
- Monitor motorcycle tire pressure on Zumo® display with TPMS accessory (sold separately)
- Motorcycle and automotive mounts included

# VIRB™ ULTRA 30 ACTION CAMERA

- Ultra HD video - Crystal-clear 4K/30fps footage, 1080p/120fps or slow motion capability at 720p/240fps
- G-Metrix - GPS data overlays help prove how far, how high and how fast you went
- LCD color touchscreen - 1.75-inch display is easy to operate; fully functional in and out of waterproof case
- Voice control - Shoot hands-free by using voice commands to start/stop recording, take a photo or tag footage
- 3-axis image stabilization - Captures steady footage up to 1080p/60fps
- High-sensitivity microphone - Captures clear audio, even in windy conditions or underwater
- Automatic video creation - Create videos that show off the best moments from your activity
- 1-touch live streaming (for compatible Apple® devices) - Share your video with friends in real-time
- Simple, 1-touch controls and dedicated “instant on” record switch to turn on the camera and start/stop recording; use the separate photo button to capture still images
- Presets let you save camera configurations for fast setup when switching operation
- Auto pause sensing: starts recording when VIRB® starts moving; avoids capturing boring footage before activity begins
- Photo - 12 megapixels; burst up to 60 frames per second

- in wide mode (8 megapixels); night shots, time lapse, extended time lapse and travelapse photo capture
- Multicamera sync - VIRB Edit® software syncs clips from multiple angles based on GPS time
- Custom, wide-angle aspherical glass lens: maximum image sharpness, lowest distortion above and below water
- Built-in motion sensors sync to video, using 10 Hz GPS, gyroscope, compass, altimeter and accelerometer to capture motion data
- VIRB® Ultra 30 works with many compatible Garmin devices using ANT+® wireless technology to remotely control the camera and capture sensor data for performance data sharing or display on footage
- Free VIRB® app turns your compatible smartphone or tablet into a Wi-Fi® remote control for your camera; lets you view and control multiple cameras, add G-Metrix™ overlays, select highlight clips, live-stream3 footage online and more
- Free VIRB® Edit software lets you easily create and edit video. Add music and/or G-Metrix™ animated data graphs and gauges to your footage; share with friends online

**VIRB™ 360 CAMERA**

If it's worth remembering, it's worth a VIRB® 360. With one touch or a voice command, this rugged, waterproof camera captures fully-spherical 360-degree video in up to 5.7K/30 fps resolution with 360-degree audio, and it includes built-in sensors for augmented reality G-Metrix™ data overlays. 4K spherical stabilization ensures smooth video regardless of camera movement. Videos and photos are automatically stitched in camera, enabling fast sharing as well as instant livestreaming with the free, easy-to-use VIRB Mobile app.

- Video Resolution 5.7K/30 FPS unstitched, 5K/30FPS unstitched, 4K/30FPS Stitched
- 360 Audio 4 Microphones
- Stabilization Modes (up to 4K) 3 Modes: Stabilize, Lock, Follow
- Water Rating 10m
- Replaceable Glass Cover Lens
- Works with VIRB Mobile App and VIRB Edit on desktop Control, edit, stabilize, share and add G-Metrix overlays
- Livestream to Facebook and YouTube iOS only
- Connectivity Wi-Fi®, Bluetooth®, NFC (one-tap connection w/ Android), ANT+
- Field of View 360 degrees vertical and horizontal
- Android and IOS Compatible
- Battery Life Rechargeable Lithium-Ion, up to 1 hour 5 minutes
- Voice Control
- Photo Resolution Up to 15MP (stitched-in-camera)
- Photo Modes Single Capture, Burst Shooting, Time Lapse, Travelapse
- Sensors barometer, accelerometer, gyroscope & compass
- Real-Time 360 Viewing with VIRB Mobile App
- VR Compatible
- VR Mode with VIRB Mobile App Immediate Playback with VR Headsets
- Memory up to 128GB microSD card; UHS-I, class U3 or higher (sold separately)

**VIRB® X CAMERA**

The Garmin VIRB® X action camera shoots rich, high definition, video at 1080p/30fps, 12MP photos at up to 10 frames per second. The rugged compact camera fits every activity and all conditions with a waterproof rating of 50 meters, with no case needed. VIRB® X features an intuitive user menu and one touch control switch, making it incredibly easy to use. Combined with VIRB® App on your smart phone VIRB® X even provides live preview before and during recording, remote control, and editing/transfer of video for sharing. G-Metrix™ creates true excitement by recording video and data at the same time so you can add auto-synched gauges and graphs with speed, distance, g-force and more.

**ADAPTIV™**  
 TECHNOLOGIES

**TPX™ PRO RADAR/LASER DETECTOR**

- Superior radar and laser detection performance
- Equipped with GPS data points for Red Light Camera and Radar Camera locations
- Free lifetime monthly GPS data points updates
- Six selectable detection modes
- Ability to turn Radar Detection and GPS functions on and off
- Specifically designed for motorcycle use; water, shock, and vibration resistant
- Detects all radar and laser bands and is certified by Speed Measurement Labs
- Audio and visual alerts
- Oversize, backlit control buttons, easy to operate even with gloves on
- Angled, backlit, daylight visible liquid crystal display
- 3.5mm auxiliary out jack for integration with other audio or communication systems, including Bluetooth systems with use of TPX Bluetooth Transceiver (sold separately)
- Optional TPX Wireless Headset for in helmet audio alerts (sold separately)
- Includes Visual Alert, Wiring Harness, Universal Mount Plate Adapter with hardware
- Industry leading 2 year warranty

WPS#  
**71-9101**

**TPX™ 2.0 RADAR/LASER DETECTOR**

- Version 2.0 features increased detection sensitivity and 3 additional user modes compared to the original version Adaptiv detectors
- Specifically designed for motorcycle use, water, shock, and vibration resistant
- Detects all radar and laser bands and is certified by Speed Measurement Labs
- Audio and visual alerts
- Oversize, backlit control buttons, easy to operate, even with gloves on
- Angled, backlit, daylight visible liquid crystal display
- 3.5mm auxiliary out jack for integration with other audio or communication systems
- Recommended for use with TPX Wireless Headset and/or TPX visual alert
- Includes visual alert, wiring harness, universal mount plate adapter with hardware

WPS#  
**71-9103**

**BLUETOOTH TRANSMITTER & 12 VOLT POWER SUPPLY**

**TPX™ BLUETOOTH TRANSMITTER**

- Wirelessly syncs with most any Bluetooth audio device
- Transmits alerts from the TPX radar detector and laser jammer along with music and sound from any device with a 3.5mm audio-out plug
- Includes AC wall charger

Description	WPS#
TPX Bluetooth transmitter	<b>71-9115</b>

**TPX™ 12 VOLT POWER SUPPLY**

- Power or charges any USB device
- Can also be used in conjunction with the TPX™ Bluetooth adapter, eliminating the need to charge with the AC wall charger

Description	WPS#
12 volt power supply	<b>71-9116</b>

**WIRELESS HEADSET**

- For use with the TPX Radar/Laser Detector main console
- Alerts the rider to the detection of radar/laser signals by audio beeps through the earphone
- Wireless, water resistant design easily attaches to most open or full face helmets
- Can be used in conjunction with the TPX Visual Alert
- Powered by a lithium coin cell battery (included)

WPS#  
**71-9102**

**VISUAL ALERT**

- For use with the TPX Radar/Laser Detector main console
- Alerts the rider to the detection of radar/laser signals by flashing 3 ultra bright LEDs
- Water resistant and designed to be mounted most anywhere: gauge cluster, handlebars etc.
- Ideal for riders that don't wear a full or open faced helmet, can be used in conjunction with the TPX Wireless Headset

WPS#  
**71-9106**

For radar detector mounts, see pages 831

**ACCESSORIES AND MOUNTS FOR TPX SERIES RADAR/LASER DETECTOR**

- AdaptivMount mounting assemblies are constructed from high strength steel and aircraft grade aluminum and feature AdaptiSorb anti-vibration technology
- Universal Mount Adapter - Only needed if you want to replace a lost or damaged mount adapter or want an addition mount for another motorcycle
- AdaptivGrip device holder - holds devices up to 5/8" thick and 4 1/4" wide, compatible with all mounts w/AMPS hole pattern

- Automotive Mount - Allows you to use the TPX Main Console in a car, truck, SUV etc. Includes mount plate and cigarette lighter adapter
- Replacement Wiring Harness - Only needed if you want to replace a damaged harness or use your TPX Main Console on another motorcycle

Base Descriptions

RAM #

WPS #

	Base Descriptions	RAM #	WPS #
A	2.5" Composite base that connects to a 1" ball, double-sided adhesive PSA stick pad and sealed alcohol prep pad	RAP-B-378U	71-7207
B	2.25" x 0.875" base with 11mm hole provides a universal platform to mount on using a 1" diameter rubber ball	RAM-B-252U	71-7208
C	1" diameter ball and base with an offset 9mm hole	RAM-B-272U	71-7209
D	Motorcycle handlebar base designed to mount on rails that are 0.5" to 1.25" in Diameter and provides a 1" diameter rubber ball to mount from	RAM-B-231ZU	71-7210
E	Connects to a handlebar that is from .5" to 1.25" in diameter or the brake/clutch reservoir clamp. Provides a 1" diameter rubber ball to mount off of	RAM-B-309-7U	71-7212
F	Fork stem mounted motorcycle base that fits .5" to 1.10" diameter holes and provides a 1" diameter rubber ball to mount off of	RAM-B-342U	71-7213
G	Hardware replaces most M8 size bolts and provides a 1" diameter ball to mount from. Comes with the following bolts, M8 x 55 bolt (1.25 thread pitch), M8 x 60 bolt (1.25 thread pitch), M8 x 65 bolt (1.25 thread pitch)	RAM-B-367U	71-7214
H	Steel strap base to fit rails .5" to 3.15" in diameter with a 1" diameter rubber ball to mount off of	RAM-B-231Z-2NUBU	71-7221
I	3.25" Twist lock suction cup base that is connected to the RAM-B-238U diamond base with 1" rubber ball	RAM-B-224-1U	71-7216
J	Fits over your brake/clutch reservoir cover using the existing hardware and comes with the 1" ball offset to mount off of	RAM-B-346U	71-7218
K	M10 x 1.25 Pitch threaded stud connected to a 1" rubber ball	RAM-B-349U	71-7242
L	Stainless steel double u-bolt base connected to a 1.5" diameter ball. The double u-bolt base will accommodate rails from 1" to 1.25" in diameter	RAM-235U	71-7222
M	1.5" Diameter rubber ball connected to a 2.5" universal AMPS hole pattern	RAM-202U	71-7223
N	1.5" Ball quick release track base (track dimensional range .25"-.562")	RAP-383U	71-7224
O	EZ-ON/OFF™ low profile handlebar mount. Attaches with zip ties and will fit on almost any handlebar over .5" in diameter. Needs adapter WPS # 71-7206	RAP-274-1U	71-7225
P	Tough-Claw mount universal clamp w/1" ball, fits rails .625"-1.5" in diameter	RAP-B-400U	71-7026
P	Tough-Claw mount universal clamp w/1" ball, fits rails 1"-2.25" in diameter	RAP-B-401U	71-7033
Q	Medium Tough-Claw w/1" diameter ball	RAP-B-404U	71-7230
R	2"x1.7" Base w/1" ball and AMPs hole pattern to fit Garmin Zumo, Tom Tom Rider & Urban Rider	RAM-B-347U	71-7226
S	Rail base w/stainless U-bolt & 1" ball, fits .5" to 1" rails	RAM-B-231U	71-7211
T	Rail base w/stainless U-bolt & 1" ball, fits .5" to 1" rails (chrome)	RAM-B-231CHU	71-7211C
U	Brake/clutch reservoir base with 1" Ball	RAM-B-309-1U	71-7241
V	Brake/clutch reservoir base w/qty. 2 1" balls	RAM-B-309-2U	71-7240
W	Brake/clutch reservoir base w/qty. 2 1" balls (chrome)	RAM-B-309-2CHU	71-7240C
X	Brake/clutch reservoir cover base w/1" centered ball	RAM-B-345U	71-7229
Y	Rail base w/zinc coated U-bolt, ATV/UTV strap & 1" ball for rails to 3.15" in diameter	RAM-B-231Z-2U	71-7215
Z	U-Bolt handlebar base with 1/4" NPT threaded hole	RAM-B-241U	71-7217
AA	1" Ball adapter for brake/clutch reservoir base	RAM-B-309-3U	71-7243
BB	1/4"-20 x 2 1/4" Threaded stud w/1" ball	RAM-B-273U	71-7244
CC	3/8" Threaded post w/1" ball	RAM-B-236U	71-7246
	M10 x 1.5 Threaded stud w/1" ball	RAM-B-349-1U	71-7252
DD	1" Tough-Ball™ w/1/4"-20 x 1/4" male threaded post	RAP-B-379U-252025U	71-7248
EE	Composite rail base w/1" ball for rails from 3/4" to 1" in diameter	RAP-B-231U	71-7272
FF	Pivot mount w/1" ball, inc. M8 & M10 stud mounts	RAM-B-360U	71-7204
GG	1" ball with V-mount, fits rails 1" - 2.1" in diameter	RAM-B-108BU	71-7227
HH	Torque™ mount w/1" ball, fits rails 3/8" - 5/8" in diameter	RAM-B-408-37-62U	71-7253
II	Torque™ mount w/1" ball, fits rails 3/4" - 1" in diameter	RAM-B-408-75-1U	71-7254
JJ	Torque™ mount w/1" ball, fits rails 1 1/8" - 1 1/2"	RAM-B-408-112-15U	71-7255
KK	Gas tank mount w/1" ball, fits most Honda, Suzuki, KTM, Victory and Yamaha models with 3.5" bolt circle gas cap	RAM-B-410U	71-7231
LL	Gas tank mount w/1" ball, fits most BMW and Kawasaki models with 4" bolt circle gas cap	RAM-B 411U	71-7232

STEP 2

4 STEPS TO CONFIGURING YOUR MOUNTS:

STEP 1  
Pick a base

STEP 2  
Pick an arm

STEP 3  
Pick an adapter

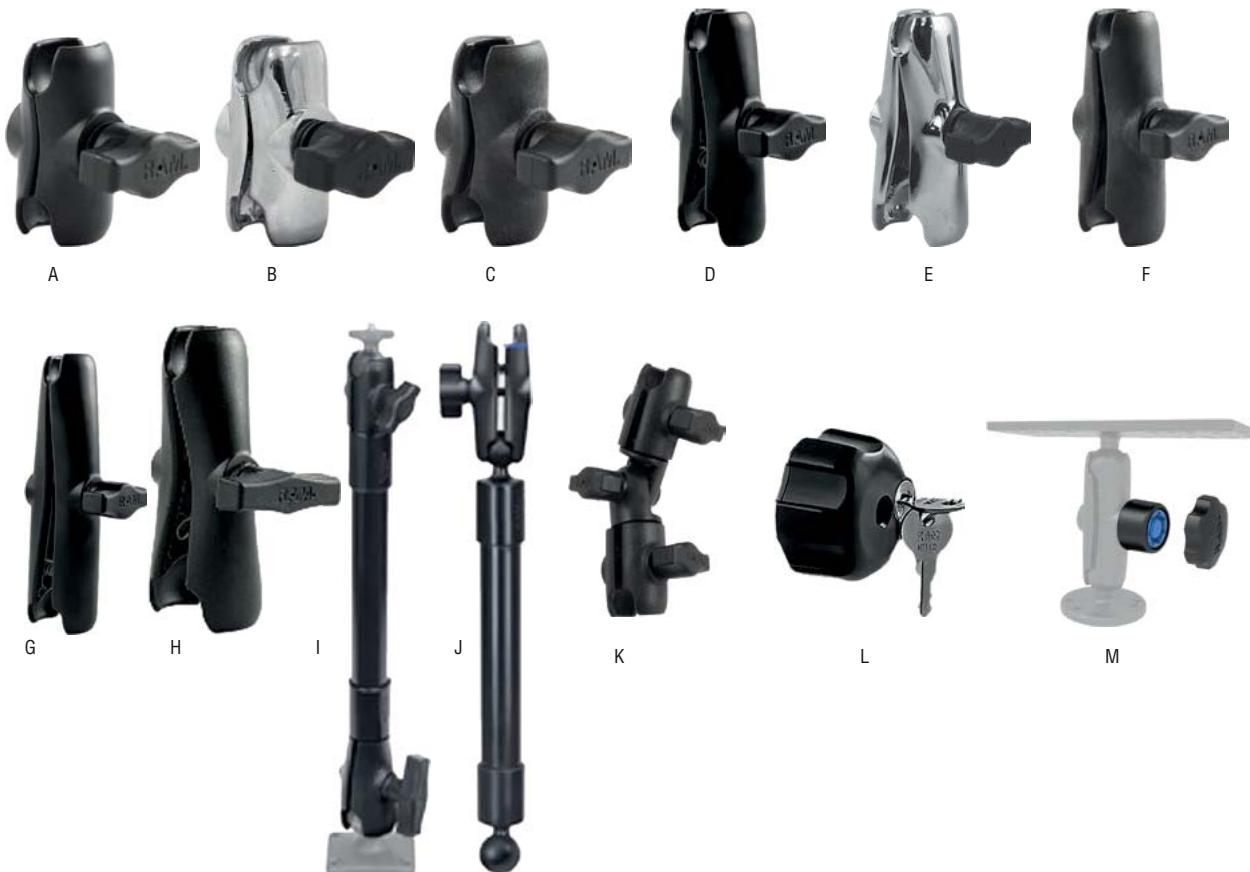

STEP 4  
Pick a cradle

Arm Descriptions

	ARM DESCRIPTIONS	RAM #	WPS #
A	Short double socket arm for 1" ball, overall length 2.38", socket-to-socket length 2"	RAM-B-201U-AU	71-7262
B	Short double socket arm for 1" ball, overall length 2.38", socket-to-socket length 2" (chrome)	RAM-B-201-ACHU	71-7262C
C	Composite short double socket arm for 1" ball, overall length 2.38", socket-to-socket length 2"	RAP-B-201U-AU	71-7273
D	Standard double socket arm for 1" ball, overall length 3.69", socket-to-socket length 3"	RAM-B-201U	71-7263
E	Standard double socket arm for 1" ball, overall length 3.69", socket-to-socket length 3" (chrome)	RAM-B-201CHU	71-7263C
F	Composite double socket arm for 1" ball, overall length 3.69", socket-to-socket length 3"	RAP-B-201U	71-7274
G	Long double socket arm for 1" ball, overall length 6", socket-to-socket length 5.1875"	RAM-B-201U-C	71-7264
H	Standard double socket arm for 1.5" ball, overall length 4.5", socket-to-socket length 5.625"	RAM-201U	71-7265
I	Camera boom stick w/1.5" ball socket base on bottom and 1" ball socket on top, overall length 14"	RAP-CB-201-14U	71-7266
J	14" Long extension pole for camera boom stick with (2 qty) 1" diameter ball ends, and double socket arm to attach to a camera adapter. overall Length 14"	RAP-BB-230-14-201U	71-7267
K	Double socket swivel arm for 1" bases, overall length 6.25", socket to socket 5.5"	RAP-B-200-2U	71-7275
L	Locking Knob with 1/4"-20 Brass Hole (Replaces existing "wing" style nut)	RAM-KNOB3LU	71-7268
M	Pin-lock security knob and key knob for 1" diameter B size arms	RAP-S-KNOB3U	71-7191

STEP 3

4 STEPS TO CONFIGURING YOUR MOUNTS:

STEP 1  
Pick a base

STEP 2  
Pick an arm

STEP 3  
Pick an adapter

STEP 4  
Pick a cradle

	Adapter Descriptions	RAM #	WPS #
A	1" diameter rubber ball connected to a 2.5" universal AMPS hole pattern	RAM-B-202U	71-7205
B	1" diameter rubber ball connected to a 2.43" x 1.31" diamond shaped base. USE THIS BASE WHEN ATTACHING TO GPS CRADLES	RAM-B-238U	71-7206
C	Universal camera and camcorder base, 1" diameter rubber ball, connected to a small round plate with 1/4"-20 camera thread	RAP-B-366U	71-7219
D	1" diameter rubber ball, connected to a 1/4"-20 camera thread	RAM-B-237U	71-7245
E	1" diameter rubber ball, connected to a custom GoPro® adapter. The adapter attaches directly to the under-side of the camera, replacing the factory mounting bracket	RAP-B-202U-GOP1U	71-7247
F	Universal camera and camcorder base, consists of a 1" diameter rubber ball, connected to a 2.5" diameter round plate with 1/4"-20 camera thread	RAM-B-202AU	71-7249
G	Mirror post mount for Harley-Davidson with 1" diameter rubber ball	RAP-B-379-HA1U	71-7250
H	Garmin Virb adapter w/1" ball	RAM-B-202U-GA63U	71-7027

NOTE: When purchasing a RAM Cradle, make sure to purchase the "Required Adapter" to complete the mounting kit

STEP 4

4 STEPS TO CONFIGURING YOUR MOUNTS:

STEP 1  
Pick a base

STEP 2  
Pick an arm

STEP 3  
Pick an adapter

STEP 4  
Pick a cradle

NOTE:  
When purchasing a RAM Cradle, an adapter is needed for the back of the cradle to make it usable with the socket arm.

	Cradle Descriptions	Required Adapter	RAM #	WPS #
A	Cradle for the nvi 50/50LM	71-7206	RAM-HOL-GA50U	71-7105
B	Cradle for the nvi 200/205/250/255/260/265T/270	71-7206	RAM-HOL-GA24U	71-7106
C	Cradle for the nvi 200W/205W/250W/255W/260W/265W/265WT/285WT/465T	71-7206	RAM-HOL-GA25U	71-7101
C	Locking cradle for the nvi 200W/205W/250W/255W/260W/265W/265WT/285WT/465T	71-7206	RAM-HOL-GA25LU	71-7107
D	Cradle for the nvi 1300/1310T/1350/1350T/1370T/1390/1390T/2455LT/2455LMT/2475LT/2495LMT	71-7206	RAM-HOL-GA34U	71-7108
E	Cradle for the nvi 1440/1450/1490T	71-7206	RAM-HOL-GA35U	71-7109
F	Cradle for the Astro 320, GPSMAP 62/62s/62sc/62st/62stc	71-7206	RAM-HOL-GA41U	71-7102
G	Cradle for the TomTom ONE XL/XLS	71-7206	RAM-HOL-TO5U	71-7110
H	Designed to hold the Apple iPhone® 5 without case, skin or sleeve	71-7206	RAM-HOL-AP11U	71-7111
I	Designed to hold the Apple iPhone® 4 without case, skin or sleeve and Apple iPhone 4S without case, skin or sleeve	71-7206	RAM-HOL-AP9U	71-7112
J	Weather proof box with clear screen that holds devices up to Width=2.88", Height=5.75", Depth=1.188" inches	71-7205	RAM-HOL-AQ2U	71-7135
K	Weather proof box with clear screen that holds devices up to Width=6", Height=4", Depth=1.75" inches	71-7205	RAM-HOL-AQ6U	71-7136
L	With the introduction of the AQUA BOX™ Pro, you have access to side buttons and full use of the touchscreen. Holds Smart Phones Up To 5.38"(H) X 2.8"(W) X 0.55"(D) (depth will flex). Comes with lanyard, button & belt clip.	71-7206	RAM-HOL-AQ7-2C	71-7137
M	Spring tensioned cradle that holds devices from 2.25" - 3.25" wide and 4.75" - 6.25" tall	71-7206	RAM-HOL-PD3U	71-7132
N	Holds cell phones and electronic devices up to 3.5" wide and 6" tall. The holder comes with (3 sets) of four flexible rubber coated fingers	71-7206	RAM-HOL-UN4U	71-7133
O	X-Grip universal cell phone holder fits devices that are up to 3.25" wide and comes with a 1" diameter rubber ball		RAM-HOL-UN7BU	71-7134
P	X-Grip tablet holder fits devices that are up to 4.5" wide and comes with a 1" diameter rubber ball		RAM-HOL-UN10BU	71-7023
Q	X-Grip medium tablet holder fits with devices that are up to 5.75" wide and comes with a 1" diameter rubber ball		RAM-HOL-UN8BU	71-7024
R	X-Grip large tablet holder fits devices that are up to 8.1" wide, mount not included, order 71-7205 for 1" ball mount		RAM-HOL-UN9U	71-7025
S	Bracket will attach to most hand gun holsters with a belt loop attachment and then connects to 71-7205 or 71-7206 adapter.	71-7205	RAM-HOL-GUN1U	71-7138
T	EZ-Roller™ cradle for SPOT Gen3™		RAM-HOL-SPO4U	71-7113
U	Holder for Garmin NUVI 750/760/770/780		RAM-HOL-GA26U	71-7115
V	Holder for Garmin Rino 610/650/655T		RAM-HOL-GA47U	71-7100
W	Holder for Garmin NUVI 52/54/55/56/58		RAM-HOL-GA55U	71-7104
X	Holder iPhone 6		RAM-HOL-AP18U	71-7116
Y	Holder iPhone 6 Plus		RAM-HOL-AP19U	71-7117
Z	Holder for Garmin Montana 600/650/650T		RAM-HOL-GA46U	71-7118
AA	Cup holder w/cozy with 1" diameter ball		RAM-B-132BU	71-7141
BB	Level Cup™ XL w/cozy with 1" diameter ball, fits cups up to 3.5" wide and 11" tall		RAP-B-417B	71-7142
CC	Replacement X-Grip® post caps (4 qty)		RAP-UN-CAP-4U	71-7190

	Kit Descriptions	RAM #	WPS #
A	EZ-ON/OFF low profile handlebar mount with universal X-Grip phone holder that holds devices up to 3.25" wide. Attaches with zip ties and will fit on almost any handlebar over .5" in diameter	RAP-274-1-UN7	71-7021
B	Cup holder w/cozy, connected to a double socket arm with 1" diameter rubber ball and comes with hardware for mounting to rails that are .5" to 1.25" in diameter	RAM-B-132R	71-7022
C	Cup holder w/cozy, connected to a Tough Claw mount with 1" diameter rubber ball and comes with hardware for mounting to rails that are .625" to 1.5" in diameter	RAM-B-132-400	71-7034
D	Cup holder w/cozy, reservoir mount	RAM-B-132-309	71-7028
E	Spotlight uses a 1" diameter rubber ball which is connected to an adjusting arm and then a rail base that will fit any bar that is .5" to 1.25" in diameter	RAM-B-152R	71-7016
F	Double socket arm, double u-bolt base that will fit pipes from .5" to 1.25" in diameter and back rest pad for ATV's	RAM-101U-235Z-BR1	71-7010
G	Handlebar mini camera mount	RAM-B-149Z-GOP1	71-7006
H	Tough Claw mount with X-Grip (standard phones), fits rails .625" to 1.5" in diameter	RAM-HOL-UN7-400	71-7035
I	Tough Claw mount with X-Grip (large phones/Phablets), fits rails .625" to 1.5" in diameter	RAM-HOL-UN10-400	71-7038
J	Torque mount with X-Grip (standard phones, short arm), fits rails 3/4" to 1" in diameter	RAM-B-408-75-1-A-UN7	71-7042
K	Torque mount with X-Grip (standard phones, med. arm), fits rails 1 1/8" to 1 1/2" in diameter	RAM-B-408-112-15-UN7	71-7043
L	Torque mount with X-Grip (large phones/Phablets, med. arm), fits rails 3/4" to 1" in diameter	RAM-B-408-75-1-UN10	71-7040
M	Torque mount with X-Grip (large phones/Phablets, med. arm), fits rails 1 1/8" to 1 1/2" in diameter	RAM-B-408-112-15-UN10	71-7041
N	Motorcycle U-bolt mount with X-Grip, fits rails .5" to 1.25" in diameter	RAM-B-174-UN7	71-7008
O	Motorcycle U-bolt mount with X-Grip (for large phones/phablets), fits rails .5" to 1.25" in diameter	RAM-B-149Z-UN10U	71-7139
P	Motorcycle U-bolt mount with X-Grip, fits rails .5" to 1.25" in diameter	RAM-B-149Z-UN7	71-7037
Q	U-bolt universal holder, fits rails .5" to 1.25" in diameter	RAM-B-174-UN4	71-7015
R	U-bolt Mount with 1/4" -20 thread, fits rails .5" to 1.25" in diameter	RAM-B-174-202A	71-7012
S	Hand gun holster handlebar mount, fits rails .5" to 1.25" in diameter	RAM-B-149Z-GUN1	71-7009
T	Brake/clutch reservoir U-bolt mount w/diamond base adapter, fits rails .5" to 1.25" in diameter	RAM-B-174	71-7019
U	Handlebar rail mount w/zinc coated U-bolt base & round base adapter that contains the AMPs hole pattern	RAM-B-149Z-202U	71-7018
V	Brake/clutch reservoir U-bolt mount w/diamond base adapter (chrome), fits rails .5" to 1.25" in diameter	RAM-B-174CH	71-7019C
W	Brake/clutch reservoir U-bolt mount w/round base adapter, AMPs hole pattern, fits rails .5" to 1.25" in diameter	RAM-B-174-202	71-7020
X	Brake/clutch reservoir U-bolt mount w/round base adapter, AMPs hole pattern (chrome), fits rails .5" to 1.25" in diameter	RAM-B-174CH-202	71-7020C
Y	Fork stem mount w/univ. Finger Grip™ phone/radio holder	RAM-B-176-UN4	71-7029
Z	Handlebar rail mount w/stainless steel U-bolt base, fits rails .5" to 1" in diameter ATV/UTV Rail mount	RAM-B-149	71-7030 71-7011
AA	Handlebar rail mount w/stainless steel U-bolt base (chrome), fits rails .5" to 1" in diameter	RAM-B-149CH	71-7030C
BB	Twist Lock suction cup mount, std. double socket arm & 1" ball w/X-Grip std. phone	RAM-B-166-UN7	71-7039
CC	Twist Lock suction cup mount, std. double socket arm & 1" ball w/X-Grip lrg. phone/phablet	RAM-B-166-UN10	71-7044
DD	Twist Lock suction cup mount, short double socket arm & 1" ball w/GoPro® Hero adapter	RAM-B-166-A-GOP1	71-7004
EE	Motorcycle handlebar mount w/8mm bolts	RAM-B-186	71-7003
FF	Fork stem mount w/standard X-Grip (fits devices up to 3.25" wide), fits 12-33mm stem holes	RAM-B-176-A-UN7	71-7036
GG	Fork stem mount w/large X-Grip (fits devices up to 4.25" wide), fits 12-33mm stem holes	RAM-B-176-A-UN10U	71-7045
HH	Fork stem base w/double socket arm and diamond base adapter	RAM-B-176	71-7031
II	Strap clamp roll bar mount w/1" ball & GoPro® Hero adapter, fits rails .5" to 1.25" in diameter	RAM-B-149Z-2-GOP1	71-7002
JJ	Handlebar rail mount, U-bolt, short double socket arm w/1" ball & GoPro® Hero adapter, fits rails .5" to 1.25" in diameter	RAM-B-149Z-A-GOP1	71-7032 37.49

### CELL PHONE/GPS CHARGER ADAPTER

First and only cell phone and GPS charger adapter. It is a complete ready-to-go system, patented and manufactured by Brookshire innovations LLC in Roseville CA.

- Adapter includes a waterproof fused 15 amp 4' wiring harness with an SAE dual pin connector (works with many popular battery chargers) and a power socket that is compatible with most all 12 volt powered equipment (radar detectors, heated clothing, GPS, cell phone chargers etc.)
- Easy to install and works on any motorcycle, ATV, watercraft, snowmobile or scooter, and carries an unlimited 5 year manufacturers electronics warranty
- Kick Start Finalist winner at the 2009 Dealer Expo
- Dealer display pack includes 12 adapters, point of sale display, header card and poster. Refill pack includes 12 adapters
- Optional chrome plated handlebar mount available; works with Eklipes adapter along with most 1" diameter power sockets

Description	WPS#
A Dealer display pack	71-9120
B Adapter (single)	71-9125

A

### VIPER CHROME SOCKET

- Chrome socket system with a 3'6" long wiring harness and SAE dual pin adapters
- Compatible with most all 12 volt powered equipment that uses a cigarette style plug-in
- Includes the Battery Harness Kit (WPS # 71-9126) and works with the Jump Start Kit (WPS # 71-9127)

Description	WPS #
Chrome Adapter	71-9123

### HANDLEBAR MOUNTING SYSTEMS FOR EKLIPES ADAPTERS

Perfect for mounting the cell phone/GPS charger adapters (WPS #'s 71-9125 / 71-9123) and most 1" diameter power sockets (power socket not included).

Dual Ring Mount:

- Innovative adjustable ring design fits all handlebars up to 1 1/4" in diameter

A

Chrome Riser Mount:

- Attaches to handlebar mounting clamp

B

Description	WPS #
A Dual Ring mount chrome	71-9132
B Dual Ring mount black	71-9132BK
C Riser mount	71-9131

C

### BIG BIKE PARTS

### USB CHARGER

- Waterproof USB charger
- 7/8" & 1" handlebar fitment
- 2.1 amp and 1.0 amp charging ports
- Enough separation to allow for both ports being used simultaneously

Description	WPS#
Dual port USB charger	94-13208

### COBRA CHARGING STATION

- Full feature charging station that includes a 12 volt charging socket and a USB charging port
- On/off switch with LED indicator light
- USB port will charge most any device including iPhone®, iPod®, iPad®, Android phones, MP3/MP4 players and more
- 3'6" long wiring harness and SAE dual pin adapters, includes the Battery Harness Kit (WPS # 71-9126) and works with the Jump Start Kit (WPS # 71-9127)
- Includes a waterproof cap and chrome mount that will fit all handlebars up to 1¼" in diameter

Description	WPS #
Black	71-9133BK
Black w/chrome insert	71-9133BC
Chrome	71-9133

**FUEL SLING WITH BOTTLE**

Tired of running out of fuel with nothing left but your legs to get you where you need to go? NMC's new fuel sling holds an extra quarter gallon of fuel to give you that extra boost in desperate riding situations. The 33 fl.oz. fuel bottle will give you an average of 10 miles extra riding time, and 10 less miles you have to walk or ditch your bike on the side of the road. The fuel sling is hand made out of high grade American leather, will fit just about any application with easy adjustable straps, brass hardware, and quick snaps on top and bottom so you can slide the bottle out quickly and get back on the road. The aluminum bottle is included with the sling and has a 1" opening so that it's easy to fill at the pump. If you want to have extra security, get two of them.

Description	WPS #
Fuel Sling	811-30210

**HAMMER HANGER**

Ever been on a long ride and realized you brought all the tools you need except your hammer? You tried really hard, but you were trying to save all the space you could for your ride. Here at Nash, we came up with the perfect solution. Introducing the Hammer Hanger! Made from high quality leather hand stitched right here in our shop. The hammer hanger can mount anywhere you need using the 3/4" strap system. The sling is made for larger hammers 16 oz or bigger.

Description	WPS #
Hammer Hanger	811-30121

**KEY KEEPER**

Never get caught without your keys again. This brand spankin' new Nash Key Keeper attaches to your belt with a snap to keep your keys handy.

B Two-hole OEM style mounting bracket	820-2676

### LICENSE PLATE FRAME

- Handcrafted from 6061 Billet Aluminum
- Perfect piece to finish off your Darkside Edition!
- Darkside License plate holder is available in our Contrast Cut Black or Show Chrome finishes
- Made in the USA

Description	WPS#
Darkside Black	810-0802
Darkside Chrome	810-0801

### LICENSE PLATE FRAMES

Description	Black	Chrome
Frame only	60-1305	60-1310
Frame w/4 amber reflectors	60-1306	60-1311
Frame w/4 red reflectors	60-1307	60-1312
Frame w/4 blue reflectors	60-1308	60-1313
Frame w/4 green reflectors	60-1309	60-1314

### MINI REGISTRATION TUBES

Conveniently stores your registration behind your license plate holder. Adjustable brackets mount to the rear of most stock license plate assemblies. The hardware mounts through the front of the license frame. The end caps on the tube are sealed with o-rings to insure a water-tight seal. The length of the tube is 4.5". The Tube is constructed of polished Stainless Steel. The brackets are machined from 6061-T6 Billet Aluminum, then polished and chrome plated. Includes all necessary mounting hardware.

Application	Description	WPS#
Universal	Upright Style	812-02075
	Laydown Style	812-02076

### STASH TUBE

- Chrome Billet, Ball-milled stash tube kit safely keeps registration and important documents clean and dry
- 10" L x 2.2" Dia
- Inserts to fit 1", 1.125", 1.25" & 1.5" frame tubes

**INDIAN GRIPS** **NEW**

Your hands engage with your bike on a more personal and tactile level than the rest of your body. They control your bike. Shouldn't your grips be amazing? Like the leather wrapped steering wheel of a premium automobile, our uniquely designed, precision crafted and hand stitched leather wrapped grips deliver an experience like no other.

First they are CNC machined from billet aircraft grade aluminum with a recessed knurled surface to ensure the leather will not slide or twist. The leather is laser cut to shape then the pattern embossed. Next the leather is dyed & airbrushed. Finally the grips & leather have bonding agent applied. The leather glued and skillfully hand stitched around the grip.

Feel the POWER of FREEDOM

## EXHAUST HEADERS FOR INDIAN CHIEF MODELS

- Reduces heat by 30%
- Independent right & left side 1¾" headpipes
- 2 1/8" 220° heavy duty 16 gauge full coverage heat shields
- Compatible with many major manufacturers slip-ons
- Complete with mounting hardware and brackets
- Unbeatable performance
- Made in the U.S.A
- **Not legal for use in California on pollution controlled vehicles - Check local laws before installing**

### TRUE DUAL HEADERS

Application	Year	Chrome	Black
All models (except Scout)	'14-18	<b>82-800034</b>	<b>82-800035</b>

### TRUE DUAL HEADERS WITH SHARKTAILS

Application	Year	Description	Chrome	Black
Classic, Vintage and Darkhorse	'14-18	Chrome full system w/ 2.5" OD Mufflers	<b>82-800036</b>	<b>82-800037</b>
Chieftain and Roadmaster	'14-18	Chrome full system w/ 2.5" OD Mufflers	<b>82-800047</b>	<b>82-800048</b>

## COMPLETE EXHAUST FOR INDIAN CHIEF MODELS

### DUAL SYSTEMS w/2½" M-16 MUFFLERS

- Performance system with full range torque and optimal horsepower
- 220° one-piece 16 gauge heavy duty heat shields
- Removable baffles
- O2 ports & plugs provided if needed
- Offered in chrome or black hi-temp finish
- Complete with mounting hardware and brackets
- **Not legal for use in California on pollution controlled vehicles - Check local laws before installing**

Application	Year	Chrome w/ Black End Caps
Indian Chief Deluxe/Roadmaster/Standard/Vintage	'09-12	<b>82-80014</b>

### SHARKTAIL SYSTEMS

- The worlds only 3-step Sharktail performance exhaust system with triple stepped headers for anti-reversion, full range torque and optimal horsepower
- Exclusive full-length, 1-piece 220° heavy duty 16 gauge heat shields
- Removable performance baffles
- O2 ports & plugs provided for early models
- Complete with mounting hardware and brackets
- Stylish Sharktail tips
- **Not legal for use in California on pollution controlled vehicles - Check local laws before installing**

# COMPLETE EXHAUST FOR INDIAN CHIEF MODELS

## DUAL SYSTEMS w/4" RACING MUFFLERS

- Exclusive triple stepped headers for anti-reversion, full range torque and optimal horsepower
- 1-piece full length heat shields prevent chipping, rust and peeling between sections
- 16 gauge heavy duty 220° blue proof shields available in chrome or black hi-temp finish
- Removable baffles
- O2 ports & plugs provided for early models
- Complete with mounting hardware and brackets
- Unmatched sound & performance
- **Not legal for use in California on pollution controlled vehicles - Check local laws before installing**

## FUSION FUEL CONTROLLER

- Uses factory connectors for easy installation
- USB powered from computer (9 volt adapter is no longer needed for programming)
- 2 position map switching function built in (map switch not included)
- Gear input (allows for map adjustment based on gear and speed)
- Analog input (allows user to install any 0-5 volt sensor and build an adjustment table based on its input such as boost or temperature)
- With gear position input connected the Fusion is capable of allowing each cylinder to be mapped individually and for each gear (for example: on a 4 cylinder bike with a six speed transmission there could be up to 24 separate fuel tables).
- Unit has a -100/+250% fuel change range
- 10 throttle position columns
- Enhanced "accel pump" utility (increased adjustment and sensitivity ranges)
- Can use Power Commander maps
- Self tuning available with the optional Dynatune Autotune controller, see AIR/FUEL section

Notes:

- 1 - Includes single channel O2 Optimizer
- 3 - Includes dual channel O2 Optimizer
- 4 - Optional oxygen sensor eliminator required for California and some overseas models, 2 eliminators required - call Dynojet, part #76423005
- 5 - Optional oxygen sensor eliminator required for some overseas models, 2 eliminators required - call Dynojet, part #76423008

- 6 - Optional oxygen sensor eliminator required for California "C" models, 2 eliminators required for California "Retro" models - call Dynojet, part #76423005
- 7 - Requires additional Dynojet hardware for Quickshifter to function - call Dynojet
- 9 - European models require O2 optimizer for closed loop control
- 11 - Optional oxygen eliminator available for California and European models - call Dynojet, part #76423007
- 12 - Includes ignition adjustment

Not legal for use in California on pollution controlled vehicles, race use only in California - waiver available

## Z-FI FUEL CONTROLLER

Bazzaz has developed an in-line unit that precisely controls fuel delivery to optimize engine performance. It is a plug and play unit that piggy-backs onto the stock ECU. Each unit comes with an application specific harness that utilizes OEM connectors for simple installation, and comes pre-programmed for either the stock exhaust or a slip-on. The Z-Fi also features a USB interface with easy to use software, allowing tuning modifications by the end user that can be done at the bike or at a PC being that the system can be powered using the USB connection. The Z-Fi is the first piggyback system on the market that can run up to 8 injectors independently. Bazzaz uses the latest in semi conductor technology creating a control unit that runs on less power, is more efficient, and process faster to make your bike perform better. This all translates into ease of tuning, and significantly better throttle response and performance on applications that utilize 8 injectors like the modern day sportbikes. The Z-Fi can be tuned to perfection using the Z-AFM self mapping module.

- Supplied with application specific harness for easy Plug and Play installation – no cutting into OEM wires
- Pre-programmed with 2 maps, one for stock and one for a slip-on exhaust
- Comes with easy to use software and USB cable making tuning a snap
- Runs up to 8 injectors independently
- TPS Calibration, to account for slight variations between bikes
- Self mapping capability with purchase of optional Z-AFM Kit
- Optional handlebar mounted MAP switch available separately (WPS # 277-A868)

Not legal for use in California on pollution controlled vehicles, race use only in California - waiver available

## ELECTRONIC JET KIT

### “INSTALL AND RIDE, EFI MADE EASY.”

The EJK (Electronic Jet Kit) evolved out of the need to address the ever-increasing complexity of factory fuel injection. For the newcomer to the market or professionals wanting an easier method for tuning fuel injection, the EJK is a customizable solution for the shop that wants to take control of their tuning needs.

- No computer needed
- No dyno required
- Quick "plug and play" installation, initial settings are all preset based on make/model
- Full range tunability, does not interfere with stock ECU
- Simple push button adjustment interface
- 2 year warranty

The GEN 3 is a piggy-back EFI controller because it does not replace the stock ECU, but rather monitors the signals to the injectors and makes fuel adjustments based on the mode settings. The GEN 3 has a push button interface allowing access up to 6 different modes to allow for quick fine tuning by the end user without needing a computer. The GEN 3 also is nitrous oxide compatible, and allows the user to add fuel thru the stock fuel injection when using nitrous oxide.

The GEN 3.5 EFI controller is an extension to the GEN 3 controller. The GEN 3.5 controller has the ability to add or pull fuel within each available fueling zone. The GEN 3.5 is NOT compatible with nitrous oxide systems.

Not legal for use in California on pollution controlled vehicles, race use only in California - waiver available

## FUEL TUNER

The AFR+ brings together two technologies within one system to make it the most powerful, user-friendly tuning device on the market. AFR+ combines an EFI controller with a wideband O2 sensor and AFR gauge to provide a user instant fuel trimming ability and feedback about their vehicle's state of tune.

- Maximizes power and fuel economy
- Plug and play installation
- On the fly tuning, no dyno required
- Works with all ECU downloads and all brands of aftermarket ECU controllers
- Does not interfere with stock ECU operation
- Includes air/fuel ratio gauge (2 1/8" diameter), wideband controller and Bosch O2 sensor (gauge mount and O2 sensor bung not included)

The AFR+ can handle all of your fueling needs or compliment ECU downloads and already installed EFI controllers. The AFR gauge allows you to know exactly how well your tune-up is performing. The EFI fueling allows you to control any necessary fine tuning without spending more money or valuable time.

- Harley Davidson AFR gauge is chrome w/grey face/orange needle, Indian and Victory AFR gauge is chrome w/white face/orange needle, all others are black w/black face/orange needle. Gauge can be exchanged direct with Dobeck if another color is wanted.
- 1 Year warranty, will not void any OEM factory warranties

Not legal for use in California on pollution controlled vehicles, race use only in California - waiver available

CCT is an acronym for “Consecutive Cycle Tuning”. We use CCT to describe our fuel tuning process, which is the measuring of consecutive cycles of power, with unique amounts of fuel to determine which fuel amount provides the best acceleration.

The process, in many ways, is identical to the acceleration measuring procedure used in today’s most popular tuning dynamometers, such as, those made by Dynojet and other companies. The important thing to remember is the time between consecutive cycles of power and between fuel adjustments on a dynamometer are measured in minutes and is based on one style of load or acceleration simulation at any given time, while the Tier 1 Tuners innovative +CCT Acceleration Optimizer technology has a time between consecutive cycles of power and tuning of fuel that is measured in milliseconds and is based on Real Time/Real Life constant feedback.

The Tier 1 Tuners +CCT Acceleration Optimizer can now provide your motorcycle with Real Time fuel adjustments that will optimize acceleration and compensate for the constantly changing Real Life conditions, (i.e. 1up/2up, head winds, tailwinds, uphill, down hills, etc.) which substantially affects the performance mode operations of your motorcycle throughout your normal daily driving.

The +CCT’s patented technology adds a “Closed Loop” control system to your bikes fuel injection system. Almost all motorcycle fuel injection systems in use today are using “open loop” control systems when they are being driven in a performance manner. “Open loop” refers to a control system that does not have feedback to adapt to conditions outside of its current programming, while a “closed loop” control system functions by its ability to take feedback from an engine sensor. For example, the oxygen sensors common on many of today’s motorcycles use this type of system in cruise, but not in power mode.

The +CCT Acceleration Optimizer unit will add a “closed loop” control system to your current fuel injection system while it is in performance mode. The +CCT Acceleration Optimizer adjusts fuel while receiving feedback from the engine’s acceleration in Real Time/Real Life. The fuel is changed to whatever is needed to optimize the engine’s acceleration while in performance mode.

Tier1Tuners +CCT Acceleration Optimizer can provide up to 95% optimization under Real Time/Real Life performance acceleration.

Most motorcycles today that use an “open loop” control system during power mode operation are typically about 70% optimized (because of various Real Time/Real Life road conditions). When optimizing the fuel map to 70%, a 30% margin is created to maintain good drivability over the full range of acceleration rates found in real life performance driving. The +CCT Acceleration Optimizer’s “closed loop” functionality cuts this margin of error from 30% to only 5% thus giving you up to 95% optimization under Real Time/Real Life performance.

Tier1Tuners new +CCT Acceleration Optimizer is a standalone performance product. It requires no other modifications to deliver its performance potential. The +CCT Acceleration Optimizer derives its benefit from its Real Time/Real Life “closed loop” functionality, not from making a better or different open loop fuel map.

- Real Time Fuel Adjustments
- Up To 95% Optimization Under Real Life Acceleration
- Works On Stock Or Currently Mapped Bikes
- Made In The U.S.A

# HIGH FLOW REPLACEMENT AIR FILTERS

- Designed to provide increased performance
- Pleated media provides a large filtration area offering long service intervals
- Multi-Layers of woven cotton gauze media offers excellent filtration
- Fits directly into OEM Airbox with application specific sealing bead to ensure a precise fit
- Fuel management modifications are not normally required for increased performance
- Made in the USA for over 40 years
- Washable & reusable, pre-oiled and ready to ride!

## 12V GENERATOR

Cycle Electric Inc. makes generators to fit Indian Chiefs in 6V and 12V configuration. These generators offer a higher than stock output and are therefore equipped with a built in regulator, except 273-1454 which must be used with a high output regulator. They fit in the stock mounting clamp and use the stock 1/2" straight bore pulley.

Indian	WPS#
12V Generator for Indian Chief	<b>273-1454</b>
12V Generator w/built in Regulator for Indian Chief	<b>273-1455</b>
6V Generator w/built in Regulator for Indian Chief	<b>273-1458</b>

## FRONT BRAKE APPLICATIONS

USA made, they range has a highly refined copper alloy including extra expensive ingredients to further enhance lifetime and silence the brakes during operation.

**Black Coded:** Street Sport/Touring with Aramid fibre composite, the most popular pad for street use.

**V series:** Heavy duty organic/copper sintered material gives the feel of an organic pad with the wear characteristics of a sintered pad. Great for larger touring bikes, offers stable braking with minimal pad/rotor wear and lower brake dusting of wheels.

**Double-H:** High friction superbike/race sintered formula. Double-H sintered pads offer the maximum brake effect and a lifetime approximately double that of any organic pad. Add "H" to end of part number.

# HIGH PERFORMANCE BRAKE PADS

- All Braking® brake pads are asbestos and nickel free
- Other brake companies stress friction over other performance factors — Braking® uses an organic base material for outstanding friction along with a soft, non-aggressive metal that allows the pad to glide on the disc, providing better control
- All Braking® brake pads are compatible with cast iron, stainless steel and Carbiron® materials and, when used with Braking® rotors, provide the greatest control and braking power available

### • SM1 SEMI-METALLIC PADS

- Perfect alternative to OE replacement
- Deliver dependable, rugged performance certain to satisfy the most demanding sport riders, commuters and touring enthusiasts
- Superior performance in wet or dry conditions
- SM pads are fade-free, noise-free and dust-free
- Smoothness, consistency and responsiveness from the lowest to highest possible temperature
- Gentle on all rotors

### • SPORT COMPOUND CM55/56 SINTERED METAL PADS

- Upgrade from stock
- CM55/56 sportbike pads are a sintered mixture designed to give power and longevity
- CM55/56 pads offer strong power, stability and improved brake modulation and feel

## OIL FILTERS

- Provides unbeatable performance and exceptional value, Hiflo filters are the best-selling brand of aftermarket filters for motorcycles worldwide
- To achieve our high quality and to ensure the consistency of our products, we use only premium raw materials from well known manufacturers
- Every oil filter goes through 16 individual quality control checks before it is ready to leave the factory. The whole manufacturing process, including the checking of raw materials and individual filter testing, is regularly audited and verified independently

## OIL FILTERS

Quality oil filters manufactured by one of the largest manufacturers and suppliers of motorcycle filters.

Today's motorcycles require a high performance oil filter with a high oil flow capacity in order to withstand high heat and pressures. EMGO oil filters meet or exceed these requirements.

## FLO® REUSABLE OIL FILTERS

- Reusable filters made from type 304 stainless steel micronic filter cloth
- Rare earth magnet is attached to the top of the element for pre-filtering the oil
- Sophisticated bypass system is engineered for greater oil filtration and proper bypass pressures
- Anodized aluminum housing looks great and helps dissipate heat

## WHEEL BEARING AND SEAL KITS

- Contains all of the bearings and seals required to re-fit a wheel
- Wheel bearings typically fail from water and dirt contamination. The All Balls wheel bearing was developed in partnership with KML Bearing and is designed for the difficult operating environment of the Power Sport industry
- Premium EMQ quality, hi-speed-bearing featuring low drag, double lip rubber seals which provide superior exclusion of water, dirt and to improved grease retention
- Type TC Nitrile Elastomer wheel seals are specifically designed to keep out water and dirt
- The rubber coated outside diameter creates an optimum seal at the hub
- Steel garter spring guarantees constant pressure on the axle shaft over the life of the seal

## FORK/DUST SEAL WIPER KITS

- Patented fork seal features a balanced 3 lip design that evenly distributes the pressure reducing operating temperature, wear and friction.
- Custom Elastomer Fork Seals have been tested to outlast OEM fork seals. Extends typical seal life by 3 to 5 times over OEM seals.

- Stiction (friction) measures from 1/3 to 1/2 less than OEM seals for smoother fork action.
- Lower Stiction, Longer Life! It doesn't get any better than this!
- Plus, the only complete line of dust wipers! Wipers should be replaced with the fork seals to assure peak performance.

Functions smoothly during repetitive jumping. Seal life is 540,000 strokes, equal to 100 hours of continuous 28.8' jumps. Seal life exceeds current seals by 496,800 strokes (8 hours of continuous 28.8 foot jumps).

## SPEEDWAY SHELTER

- Speed-Way Shelters fit virtually all Standard, Sport and Touring Motorcycles
- Very fast assembly less than 30 minutes
- Waterproof material. Durable Polyester Fabric with 700mm Polyurethane Coating and Fully Taped Seams for waterproofing
- Includes a 48 lamp LED Bright Light with 3 operating functions. Helpful for night parking or general night access.
- Built-In Locking Hardware allows the SPEED-WAY Shelter to be locked in the lowered position.
- Provides full coverage protection from Sun, Rain, Snow, Dust, Kids, Toys, etc.
- Works great outside or even inside the garage
- Two Large Side Windows offering full ventilation & full closure window covers
- Easy to Use – Simple hand-lift retractable function for covering & uncovering your bike
- Your SPEED-WAY Shelter allows you to park and cover your bike with hot pipes
- Powder coated steel tube structure for rust protection
- Optional Heavy Duty diamond plate rubber floors available to provide moisture control, and protect floors from oil and gas

## DELUXE MOTORCYCLE COVER

- Elastic cord with barrel lock allows rider to attach non-marring plastic hook under cover without kneeling on the ground or reaching under the bike
- Two reinforced 30mm grommets to put a cable lock through the front wheel and two in the center for more lock options
- Rain-resistant polyester construction for protection and durability
- Built-in ventilation to prevent condensation
- New hook-and-loop tabs allow the upper vent to stay open, keeping bike cooler on hot days
- Aluminized polyester lower section protects cover on warm pipes
- Custom fit elastic bottom
- Cover includes carrying bag
- Full 12 month warranty

Size	Fits	Black/Silver	Blue/Silver
L	Up to 1100cc sport bikes	27-6028	27-6025
XL	Larger touring models	27-6029	27-6026

## DAY MOTORCYCLE COVER

- Takes up less room in your saddlebags
- Easy to put on and take off for everyday use
- Elastic straps hook to footpegs to secure cover
- Rain-resistant rip-stop nylon construction for protection and durability
- Custom fit elastic bottom
- Cover includes carrying bag
- Full 12 month warranty

Size	Fits	WPS#
L	Up to 1100cc sport bikes	27-6030
XL	Larger touring models	27-6031

## MOTORCYCLE COVERS

Applications on the following pages

### WEATHERALL PLUS

- Features 4 built in alarm sleeves (n/a with medium cruiser and trike covers) for use with up to 2 secure alarm systems
- Waterproof heavyweight polyester construction
- Moisture guard venting system to eliminate condensation
- Flannel liner to protect windshields on large and extra large covers
- Scorch-resistant aluminized lower panels
- Elastic corded bottom hem for a snug fit
- Stuff bag for travel storage
- For 130db secure alarm use 27-6350

### WEATHERALL

- Economically priced
- Urethane coated polyester construction
- Moisture guard venting system
- Flannel windshield liner on large and extra large covers
- Aluminized lowers with an elastic corded hem
- Also available in Urban Camo for sportbikes and scooters

### WEATHERALL PLUS EZ-ZIP

- Heavy duty polyester material for long lasting durability
- ClimaShield Plus fabric coatings ensure water repellency, UV stability and retard the growth of mildew
- Aluminized panels to guard against hot engine and pipes
- EZ On and EZ Off zipper make installation/removal of cover hassle free
- Windshield liner protects windshield from scratching
- Shock cord hem and sewn-in grommets for added security

### ULTRALITE PLUS

- Water repellent rip-stop polyester
- Better tear and abrasion resistance than standard ultralite cover
- Sewn-in storage bag
- Full perimeter elastic cord with locking grommets
- Gray/Silver color

### ULTRALITE

- Water-repellent, lightweight polyester
- Shock cord hem and locking grommets
- Storage bag
- Available in blue, gray, khaki and yellow

### SCOOTER COVER

- Lightweight, urethane coated polyester
- Heat shields allow for immediate use after riding
- Grommets allow use of a cable lock (not included)
- Limited lifetime warranty

## MOTORCYCLE COVERS

Applications on the following pages

### STREET/CHOPPER DUST COVER

- Soft cotton fabric with “napped” interior for superior scratch prevention
- Breathable fabric allows moisture to escape
- Lockable with reinforced grommets
- Shock cord in hem ensures a snug fit

### LEGEND TRAVELER COVER

- Covers the top half of your bike
- Tough, lightweight synthetic fabric for strength and durability
- Breathable and water repellent
- Covers fairing, seat, and rear trunk
- Elastic cord ensures a snug fit
- Compact design folds easily into tank bag or trunk

### GUARDIAN COVER COMPRESSION BAG

- Compresses your heavy duty cover for maximum packability
- Uses cinch straps and compression pockets to squeeze the cover to its minimum size

See page 895 for list of part numbers and for applications

# KRYPTONITE®

## NEW YORK LEGEND CHAIN

- 15mm round chain links made of 3T hardened steel
- Includes New York Padlock with a 16mm hardened steel shackle and high security disc-style cylinder

Size	WPS#
5' long chain	57-98051

## NEW YORK FAHGETTABOUDIT

- Kryptonite's ultimate security locking system - the toughest they make
- Comes with a New York Disc Lock with case hardened 15mm steel shackle
- Six-sided 14mm hexagonal chain links that are made of case-hardened, triple-heat-treated boron manganese steel

Size	WPS#
5' long chain	57-98012

## EVO 4 CHAIN

- 10mm 6 sided chain links made of manganese steel
- High security disc-style cylinder is pick and drill resistant
- Weather resistant nylon sleeve prevents scratches to painted finishes; compact coiling for easy carrying
- Includes 3 stainless steel keys (one with high-intensity LED bulb)

Size	WPS#
5'-3" chain length	57-98021

## NEW YORK CHAIN W/EVOLUTION SERIES 4 DISC LOCK

- 12mm 6 sided chain links made of triple heat-treated boron manganese steel
- Evolution 4 series disc lock included

Size	WPS#
3'-3" long chain	57-98013
5'-6" long chain	57-98014

## NEW YORK NOOSE W/EVOLUTION SERIES 4 DISC LOCK

- 12mm 6 sided chain links made of triple heat-treated boron manganese steel
- Cinch-loop design enables effective lock up with less length of chain
- Evolution 4 series disc lock included

Size	WPS#
4'-3" long chain	57-98016

## SERIES 2 CHAIN

- 9.5mm 4 sided chain links made of manganese steel
- High security disc-style cylinder is pick and drill resistant
- Weather resistant nylon sleeve prevents scratches to painted finishes; compact coiling for easy carrying
- Includes 2 stainless steel keys

Size	WPS#
5' long chain	57-98023

**KRYPTODISC LOCK**

- Will fit all discs with an opening of at least 10mm in diameter and 2-1/2" from outside edge
- New style keys included
- Lifetime key registration and replacement
- Made from the strongest forged steel to resist cutting, sawing, freezing, and chisel attacks
- Includes carrying pouch and belt clip, unless noted

Color	WPS#
Neon Orange	57-9778*
Chrome	57-9720
Yellow	57-9779

\* Pouch not included

**DISC LOCK REMINDER**

- An added safety reminder to prevent riding away while disc lock is still engaged
- Flexible coiled cable loops from your hand grip

WPS#
57-9726

**KRYPTO DISC 5S**

- Dual reinforced high security disc style cylinder
- 5mm pin diameter fits smaller vent holes
- Compact, lightweight and weatherproof
- Includes disc lock reminder cable

Color	WPS#
Yellow	57-9772
Chrome	57-9773

**NEW YORK 3000 MC**

- Extra thick 5/8" kryptonium™
- Steel sleeve in a "crossbar over crossbar" construction
- High security, anti-pick disc style cylinder with double dead bolt lock
- Included lighted key
- 4" x 10 1/4" shackle

WPS#
57-9746

# KRYPTONITE®

## KRYPTOFLEX KEY CABLE LOCK

- Flexible braided steel strands for increased cut resistance
- Advanced design cylinder provides greater protection from picking
- Lock head rotates 360 degrees for easier handling during lock up and removal
- Weatherproof vinyl skin protects bike surface

Size	WPS#
3/8" diameter x 6' long	57-98041

## HARDWIRE CABLE LOCK

- Flexible braided steel strands for increased cut resistance
- Reinforced lock head construction with the "Talon" lock pin retention system
- High security disc-style cylinder with anti-drill guard and more than a million different key variations
- Lock head rotates 360 degrees for easier handling during lock up and removal
- Weatherproof vinyl skin protects bike surface

Size	WPS#
20mm diameter x 33" long	57-98043
20mm diameter x 6' long	57-98044

## R2 COMBINATION CABLE

- 2.4mm vinyl coated retracting 3' long cable
- Patented 4 digit resettable combination with easy-grip dials
- Recommended for helmet, jacket and accessory lock up

WPS#
57-9718

## KRYPTOFLEX CABLES

- Braided steel cable has a greater density than twisted cable
- Double-looped cable for use with all U-locks and padlocks

Size	WPS#
2½' long	57-9719
4' long	57-9763
7' long	57-9732
30' long	57-9733

## KRYPTOFLEX COMBO CABLE

- Integrated 4 digit re-settable combination lock with indexed number dials for error free setting
- Flexible, braided steel cable for increased cut resistance
- Lock head rotates 360 degrees for easier handling during lock up and removal

Size	WPS#
3/8" diameter x 6' long	57-98045

## COMBO CABLE

- Self-coiling, flexible twisted steel cable
- Integrated 4 digit re-settable locking head
- Protective vinyl cover

Size	WPS#
5/16" diameter x 5' long	57-98046

Orange w/pouch and reminder cable	57-98001

## EVOLUTION SERIES 4 DISC LOCK

- Oval crossbar design with a hardened 5/16" shackle resists cutting and leverage attacks
- Reinforced anti-drill/pull cylinder with more than a million key variations
- 3 keys included, 2 "I" keys and 1 LED lighted key with high intensity bulb and replaceable battery
- Lifetime key registration and replacement service available
- Vinyl coated and weatherproof

## KRYPTOLOK SERIES 2 DISC LOCK

- 1/2" Hardened performance shackle resists cutting and leverage attacks.
- Patented deadbolt locking mechanism for extensive holding power.
- High security, pick and drill resistant disc style cylinder.
- 2 "I" keys included.
- Rotating dust cover protects cylinder.
- Lifetime key registration and replacement service available.
- Vinyl coated and weatherproof

Color	WPS#
Black/Yellow	57-98010

## NEW YORK DISC LOCK

- 1/2" Kryptonium™ steel shackle
- Steel sleeve in a "crossbar over crossbar" construction
- High security, anti-pick disc style cylinder with double dead bolt lock
- Included carrying pouch and disc lock reminder cable

Color	WPS#
Black/Yellow	57-9727

## 70MM ROUND LOCK

- 19mm Armor protected shackle
- Stainless steel, deep welded body
- 5 pin brass cylinder

WPS#
57-9744

## 44MM PADLOCK

- Hardened steel shackle
- Double dead bolt locking mechanism
- Laminated steel padlock with plated steel body

# TOUGH UNDER FIRE

## TRUCK BED U-LOCK

- Provides locking 190° swivel tie down point
- Hardened steel shackle and lock body
- Fits into pick-up truck bed stake hole pockets or onto the stock tie down locations of the following:

Dodge Ram and Dakota '06-up  
 Ford F-Series '02-up  
 GMC/Chevy 1500/2500 '02-up  
 Toyota Tundra '05-up

**WPS#**  
**57-7621**

## PYTHON ADJUSTABLE CABLE LOCK

- Cut resistant 6' long, 3/8" diameter vinyl coated braided steel cable
- Weather Tough aluminum alloy lock, cylinder shutter

Description	WPS#
Python cable lock	57-7640

## QUANTUM ARMORED CABLE LOCK

- 6' long braided steel cable with 1 3/16" O. D. hardened steel sleeve
- Anti-drill lock cylinder
- Vinyl coated cable for scratch resistance

**WPS#**  
**57-7650**

## QUANTUM 20 CABLE LOCK

- 5' long 20mm vinyl coated braided steel cable
- Integrated mini U-lock for enhanced security
- Looped cable end for increased versatility
- Anti-drill lock cylinder

**WPS#**  
**57-7651**

## TITANIUM SERIES PADLOCKS

- Reinforced with titanium
- Hardened steel shackle
- Ideal with looped cables

Description	WPS#
Keyed	57-7662

## QUANTUM CABLE LOCK

- 6' long 15mm vinyl coated braided steel cable
- Anti-drill lock cylinder

**WPS#**  
**57-7652**

## TUFF LINKS

- 3' long hardened chain with attached lock
- Black nylon sleeve protects from scratches

**WPS#**  
**57-7610**

## CABLE AND PADLOCK

- 1/4" X 6' self coiling cable
- 1 9/16" wide laminated steel lock with weather proof cover
- Hardened steel shackle with molded cover

**WPS#**  
**57-7665**

WPS#  
57-7613

### QUANTUM CUFF AND CAB

- 6' long braided steel, vinyl coated cable
- Super strong cuff type lock assembly
- 3" cuff diameter to fit fork tubes, frames, sign posts, and parking meters

### STREET CUFF LOCK

- Hardened chrome plated steel resists cutting or prying
- Compact and lightweight, folds in half for easy storage
- 3" diameter to fit fork legs or frames, can be secured to sign posts, parking meters or another bike
- Push button keyless locking
- Pivoting action combined with 22" length provides lockdown versatility

WPS#  
57-7601

### STREET CUFF HOLSTER

- Full grain leather holster provides storage and easy access for the 57-7601 Street Cuff
- Compact for comfort and convenience
- Heavy duty snap hold securely while riding

WPS#  
57-7605

### MINI U-LOCK

- 14mm U-lock shackle
- Inside measurements 3 11/16" long X 1 7/8" wide
- Hardened shackle resists cutting and sawing
- Vinyl coated to prevent scratches

WPS#  
57-7620

### 2" DISC BRAKE LOCK

- Prevent roll-away theft
- 2" throat depth with a 6.3mm shackle
- Push button locking system with high security lock
- Orange in color

WPS#  
57-7630

### 3" DISC BRAKE LOCK

- Prevent roll-away theft
- 3" throat depth with a 9.5mm" shackle
- Push button locking system with high security lock
- Orange in color
- Carrying case included

WPS#  
57-7631

### STAINLESS STEEL ROUND PADLOCK

- 2 3/4" wide corrosion resistant stainless steel body
- Fully shielded design minimizes shackle exposure and protects against bolt cutter attacks
- 19mm hardened steel shackle for extra cut resistance

WPS#  
57-7663

### LAMINATED STEEL PADLOCK

- 1 3/4" wide laminated steel body
- 4 pin cylinder helps prevent picking
- Dual locking levers and hardened steel shackle for extra pry and cut resistance

WPS#  
57-7664

### X1 DISC LOCK

- Pushdown, 1/4" hardened steel pin
- Ice spray proof body and barrel
- No alarm

Finish	WPS#
Yellow	56-9655

### X2 DISC LOCK

- 1/2" Carbide reinforced double locking pin
- Ice spray proof body and barrel
- No alarm

Finish	WPS#
Yellow	56-9657

### XCH10-120L

- 10mm Hardened-steel loop chain,
- 46" long, chain bag included
- Works with XXA and XZA cable adaptors

Decription	WPS#
XC14	56-9694
XCH10-120L	56-9673

### XZA-150

Cable adaptor Combo, 150cm 12mm loop cable with XZZ Adaptor (lock sold separately) Ideal for locking helmets

- 150 cm flexible steel cable and XZZ lock adaptor
- For use when disc lock is locked on to disc

WPS#
56-9678

### XX15 ADAPTER

WPS#
56-9674

- Chain adaptor for XX15 locks

### XXA-150

Cable adaptor Combo, 150cm 12mm loop cable with XX6 Adaptor (lock sold separately) Ideal for locking helmets

- 150 cm flexible steel cable and XX lock adaptor
- For use when disc lock is locked on to disc

WPS#
56-9679

## XX SERIES ALARM DISC LOCKS

All XX series locks feature a self-arming 120 db lithium powered alarm, shock and motion sensors, maximum security key barrel, ice spray proof body.

### XX6

- Easy to use push-down locking, 1/4" hardened steel pin
- 120 db lithium powered alarm
- Dimensions 3.3" long x 2.3" high

Finish	WPS#
Yellow	56-9661
Stainless Steel	56-9662

### XX10

- XX10 304 stainless steel,
- XX10-Y Hardened steel
- 120 db lithium powered alarm
- 3/8" Carbide reinforced double locking pin
- Dimensions 3.3" long x 2.4" high

Finish	WPS#
Yellow	56-9668
Stainless Steel	56-9663

### XX14

- High nickel content 304 stainless steel construction
- 120 db lithium powered alarm
- 5/8" Carbide reinforced double locking pin
- Dimensions 3.3" long x 2.4" high

WPS#
56-9664

### XX15

- High nickel content 304 stainless steel construction
- 120 db lithium powered alarm
- 5/8" Carbide reinforced double locking pin
- Dimensions 4.13" long x 2.3" high

WPS#
56-9659

## REPLACEMENT BATTERIES

### XBP4

- Replacement battery for the XX locks, XZZ6L locks and XN18

Description	WPS#
CR2 Lithium Battery Pack	56-9648

### XX15 ADAPTER

WPS#
56-9674

- Chain adapter for XX15 locks

## XZZ6L SERIES ALARM DISC LOCKS

XZZ6L series locks are designed to work on scooters and full sized motorcycles and measure 2 3/4" long x 2 1/2" long

### XZZ6L-Y

- Easy to use push-down locking,
- 1/4" hardened steel pin
- 120 db lithium powered alarm
- Yellow finish hardened steel body

WPS#
56-9666

### XZZ6L-SS

- Easy to use push-down locking,
- 1/4" hardened steel pin
- 120 db lithium powered alarm
- Hardened steel body, stainless steel finish

WPS#
56-9667

## XSU LOCKS

- XENA XSU locks pair the highest-quality materials with top-notch design for rugged build-quality that stays highly resistant to the elements through years of use.
- Constructed from high-grade stainless and inert gas-hardened steels,
- XSU69- 16mm Chrome Steel U-Bar
- XSU102- 18mm Chrome Steel U-Bar
- XSU310- 18mm Chrome Steel U-Bar

## GORILLA 9000 CYCLE ALARM W/REMOTE TRANSMITTER

- Powerful 120 dB siren
- 2-stage shock sensor
- Internal tilt sensor
- Current sensor
- LED warning light
- Waterproof siren and connectors
- Compatible with the optional 2-way paging system
- Includes: ultra-compact siren, 3-button remote transmitter, wiring harness, LED warning light, cable ties, hook&loop tape, and user manual

Description	WPS#
Cycle Alarm with Remote	57-0037
Optional add-on 2-way paging system	57-0039

## GORILLA 9100 CYCLE ALARM WITH 2-WAY PAGING SYSTEM

- Powerful 120 dB siren
- 2-stage shock sensor
- Internal tilt sensor
- Current sensor
- LED warning light
- Waterproof siren and connectors
- 2-way paging system
- Includes: ultra-compact siren, 2-way pager transmitter, 2-way antenna module, 3-button remote transmitter, wiring harness, LED warning light, cable ties, hook&loop tape, and user manual.

Description	WPS#
Cycle alarm with 2-way paging system	57-0038

## STRAP IT-LOCK IT- SECURE IT = PEACE OF MIND

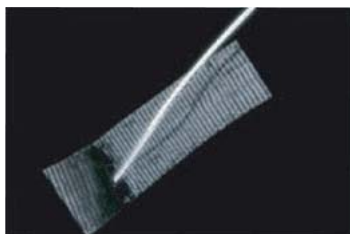

### Protect Valuables from Smash & Grab Theft

Most theft is see it, grab it, run. Prevent opportunistic theft without the burden of cumbersome chains, cables or locks. Lockstraps are well-constructed, using an eight bound steel cable between double nylon webbing, tough rivets and dual combination carabiner locks. Lockstraps also incorporated a soft tie-extension so no scratching occurs. Lockstraps provide piece of mind, security and unsurpassed quality. Best of all, our Lockstraps will not come loose and "pop" off like typical straps with "S" hooks.

### 2 Combination Locking Carabiners "No Hooks"

- Combination locks to secure your stuff easily
- Keep your Lockstraps locked to your truck so that you don't lose them
- Lock both ends of the Lockstrap so that the hooks never come loose or "pop" off
- Don't have to worry about keeping track of keys

### Full Length Stainless Steel Cable

- Prevent theft
- Adds extra strength and durability
- Peace of mind with heightened security

### Superior Rivets for Super Strength

- Solid industrial strength construction
- 600lb working load capacity 1200lb break strength
- Built to last

### Built in Soft Tie Extensions

- Keeps locks away to prevent scratching
- Perfect for motorcycles, ATV, Water Craft Etc...

Description	WPS#
Locking tiedown	29-0101
24" extension w/carabiner	29-0103
2' Universal cable/lock strap	29-0104

"Free Logo Printing on ALL 150 pr assorted Powertye tie-downs"

## FAT STRAP RATCHET TIEDOWN WITH LATCH HOOKS

The Fat Strap Ratchet Tie-Down is similar to our 1" Ratchets, but in a wider 1½" configuration. Comes in a standard 6½ ft length with Secure Latch Hooks, which help keep your bike from falling over. Great for those tougher applications where a 1" Ratchet just isn't enough.

- 1½" wide Heavy-Duty Ratchet
- Secure Latch Hooks (vinyl-coated)
- 6,000 lb. test nylon webbing
- Double Security Stitching
- 800 lb. rated assembly
- 6½ ft. length
- Sold in pairs

Color	WPS#
Black	29-1129

**KIT INCLUDES:**  
 4 - 2" 6ft Auto/Axle Strap w/ Secure Twist Hooks & Protective Nylon Sleeve 1 - XL Storage Bag

## 2" X 6' UTV TRAILER KIT

- Super Heavy-Duty 2" Secure-Locking Ratchet with Extra Wide Handle
- Integrated, Adjustable Axle Loop with 12" Protective Nylon Sleeve
- **Heavy-Duty Secure Twist Hooks**
- Durable Extra Security Stitching
- **8,000 lb. Capacity**
- 6ft Length
- 4 Pieces

WPS#
29-3006

**KIT INCLUDES:** 2 Pair 2" BIG DADDY'S Deluxe Ratchet w/ Secure Hooks & Sheepskin Softtye, 1 Tie-Down Storage Bag

## 2" BIG DADDY PREMIUM TRAILER KIT

- 2" wide Heavy-Duty Ratchet w/ Ergonomic Rubber Handle
- Genuine Sheepskin Sleeve
- Black Webbing Soft-Tye sewn-in
- 7,400 lb. test nylon webbing
- Heavy-Duty Secure Hooks (vinyl coated)
- Double Security Stitching
- 2,600 lb. rated assembly
- 6 1/2 ft. length

Color	WPS#
Black	29-3004
Orange	29-3005

## 1 1/2" FAT STRAP TRAILER KIT

- 1 ½" wide Heavy-Duty Ratchet w/ Ergonomic Rubber Handle
- Genuine Sheepskin Sleeve
- Black Soft-Tye sewn-in
- 6,000 lb. test nylon webbing
- Rubber-Coated Latch Hooks (vinyl coated)
- Double Security Stitching
- 1,500 lb. rated assembly
- 6 1/2 ft. length

## ORIGINAL BAR - HARNESS

eliminates the use of hooks on the motorcycle while transporting  
made from 1/2" and 3/4" lb test nylon webbing

slip nylon cuffs over grips, tug on cross straps and hook into loops  
Cross straps are covered with a sleeve of soft polar fleece to protect the tank from chafing

The patented Bar harness is the safest way to tie down motorcycles securely without using hooks directly on the bike

short fits bars up to 12" wide, standard up to 16" wide and wide up to 20" wide

Not for use on high rise or rubber mounted bars

Size	Fits	Black	Blue	Red
Short	up to 28" wide	<b>28-2037S</b>	<b>28-2039S</b>	<b>28-2038S</b>
Standard	up to 32" wide	<b>28-2037</b>	<b>28-2039</b>	<b>28-2038</b>

**UTILITY TRAILER** **NEW**

The K&L Universal Transportation/Utility Trailer is the perfect solution for transporting motorcycles, ATV's, wide UTV's, Golf Carts and more. The unique air bag system raises and lowers the trailer bed to prevent vehicles from high centering.

- Stand & roll design for easy storage
- Automatic lifting deck for loading & unloading
- Built in air compressor for trailer height adjustment and tire inflation
- Adjustable/removable wheel chocks
- Transport up to 3 motorcycles, 2 ATV's or 1 UTV
- Wide base to fit the largest UTV's and golf carts
- Deck dimensions: 103" long x 69" wide
- 2,500 lb capacity

Shipped direct from K & L warehouse in California, **NOT INCLUDED IN OUR FREE FREIGHT PROGRAM**

# DeadBolt™ TOW AND STOW KITS

Our new TOW & STOW Anti-theft Lock Kit is an all-in-one towing solution. Imagine using one key to lock your hitch and trailer when towing and storing. Security and convenience in one package. Plus, it's a great value. Two models to choose from. Made in USA.

### Model 57-9681 for 1-7/8" & 2" couplers includes:

- TCL1-AS BLOCKHEAD Trailer Coupler Lock for unattended trailers; Fits 1-7/8" & 2" flat lip couplers (3-3/4" max width)
- RC1 Adjustable Trailer Coupler Latch Lock. Adjusts from 1/2" to 2-1/2" opening
- RH3 Receiver Hitch Lock. 5/8" diameter. Fits all Class III and IV hitches
- Two keys

Description	WPS#
Tow & Stow Kit 1-7/8" and 2"	57-9681

### Model 57-9862 for 2" & 2-5/16" couplers includes:

- TCL3-AS BLOCKHEAD Trailer Coupler Lock for unattended trailers; Fits 2" & 2-5/16" flat lip couplers (4-1/2" max width)
- RC1 Adjustable Trailer Coupler Latch Lock. Adjusts from 1/2" to 2-1/2" opening
- RH3 Receiver Hitch Lock. 5/8" diameter. Fits all Class III and IV hitches
- Two Keys

## PIT STOP WHEEL CHOCK

Make your life easier with the Pit Stop/Trailer Stop. Just place it in your garage, and ride your bike right into it - no kickstand required. Now the bike takes up less room in your garage because it sits upright, and you can check the fluids, service it, or use it outside to wash and detail your ride.

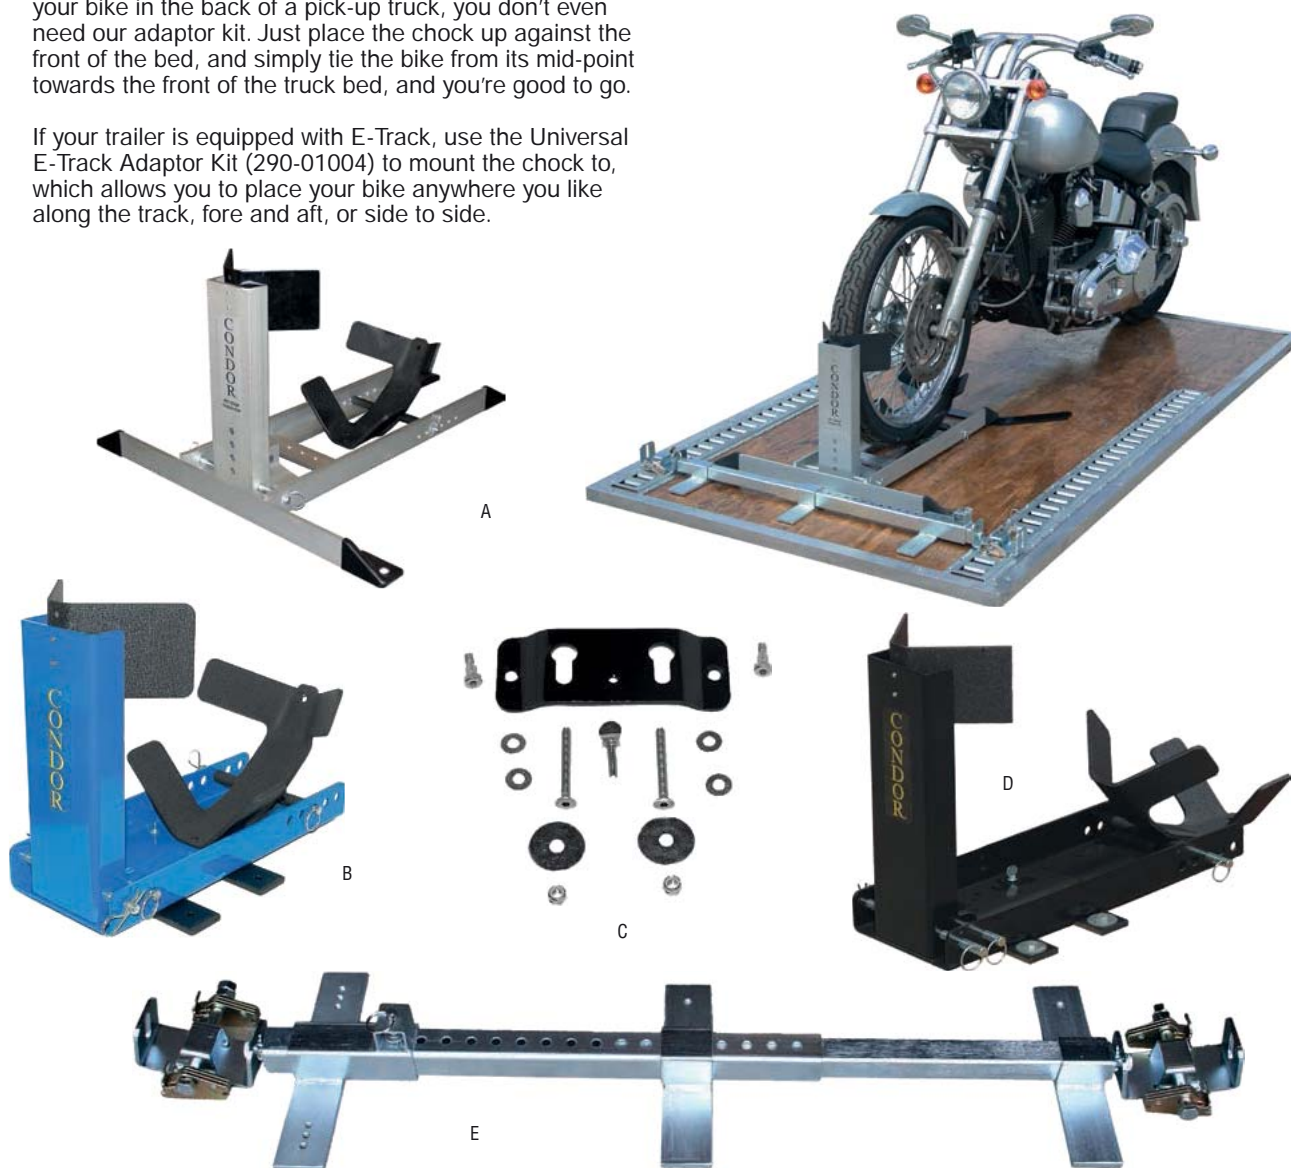

When the time comes to trailer your motorcycle, the Pit Stop/Trailer Stop simply snaps into the Trailer Adaptor Kit (290-01002) that mounts to the floor of your trailer, and you're ready to secure your motorcycle for safe transporting. The chock will hold your motorcycle so securely, only one person is needed to load and unload any bike, and only two tie-down straps are required. And you won't damage your sensitive suspension parts because you never need to overtighten your straps. If you are transporting your bike in the back of a pick-up truck, you don't even need our adaptor kit. Just place the chock up against the front of the bed, and simply tie the bike from its mid-point towards the front of the truck bed, and you're good to go.

If your trailer is equipped with E-Track, use the Universal E-Track Adaptor Kit (290-01004) to mount the chock to, which allows you to place your bike anywhere you like along the track, fore and aft, or side to side.

The patented adjustable cradle fits ALL bikes from dirt bikes and sportbikes, to cruisers and heavy touring bikes, and anything in between, up to 3,000 lbs. It will work on front and rear tires from 14" to 22" and 80mm to 230mm. The Pit Stop is also perfect for racers and track day riders, since you can haul your bike to the track in the chock, and then take the Pit Stop out of the trailer and use it as a track stand.

The Scooter Pit Stop/Trailer Stop works with scooters and smaller motorcycles with wheel diameters ranging from 8" to 16" and tire widths from 80mm to 120mm.

The CONDOR® Pit-Stop/Trailer-Stop is made of light weight aluminum, weighing only 30 lbs., and folds down for easy storage.

### 3 FT. AERO TRACK KIT

AERO-TRACK is the all new anchoring system from Powertye. It offers a clean, finished look that works great in trailers and truck beds.

- Great for both trailers and truck beds
- Curved profile for easy roll-over
- High-Strength Aluminum Construction
- Sleek, finished look

**Pack includes:**

- 2 X 3ft Aero-Tracks
- 2 X Aero-Track Standard Connectors
- Mounting Hardware (8 pcs - 1" Screw & Nut)

Description	WPS#
3ft. Aero Track Kit	29-3081

### 5 FT. AERO TRACK KIT

This special Heavy Duty Pack comes with TWO 5ft Aero-Tracks, FOUR Aero-Track Heavy Duty Connector Rings and Mounting Hardware.

- Pack includes:
- 2 X 5ft Aero-Tracks
- 4 X Aero-Track Heavy Duty Connectors
- Mounting Hardware (14 pcs - 1 1/4" x 1/4" Metal Bolt + Nut)

Description	WPS#
5 ft. Aero track kit	29-3080

## E-TRACK KITS

**E-Track** is a heavy-duty modular anchoring system, great for anchoring larger loads like motorcycles and other vehicles.

- Made of High-Strength 12-Gauge Steel
- Silver Zinc-Plated
- Compatible with all E-Track Fittings
- Great for personal or commercial trailers
- 5" wide

This **E-Track Plate** is a great addition for any existing E-Track setup. Offers 2 extra E-Track mounting points wherever you need them!

- Fits Standard and Heavy Duty E-Track Clips
- Sloped Edges for Easy Rollover
- High-Strength Steel Construction

**Kit Includes:**

- 1 x E-Track Floor Plate
- 1 x Optional Rubber Spacer
- 4 x Carriage Bolts, 2" x 3/8"
- 4 x Large Washers, 2 1/2" wide

Our **E-Track Clips w/D-Rings** are perfect for securing everyday cargo into the E-Track system

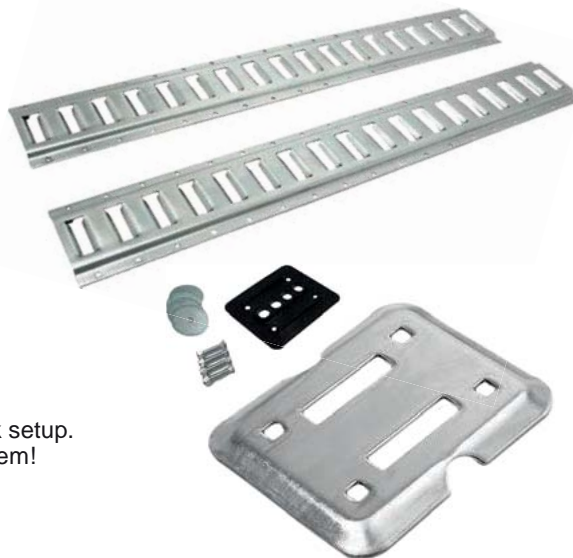

- 3,000 lbs. Heavy Duty Rating
- Compatible with all E-Track mounting points
- Quick release mechanism allows for easy adjustment

Our **E-Track Heavy Duty O-Ring** is perfect for securing heavier cargo into the E-Track system.

- 6,000 lbs. Heavy Duty Rating
- Compatible with all E-Track mounting points
- Quick release mechanism allows for easy adjustment
- 1 1/2" Diameter O-Ring

**E-Track Rubber End Caps** protect your E-Track ends in style. Fits all Horizontal-style E-Tracks

- Made of durable, high-impact rubber
- Fits Horizontal E-Tracks
- Prevents things getting caught underneath track ends
- Gives your E-Track a clean, professional look

WPS PAYS 1/2 FREIGHT ON DRUMS OF OIL

## SINGLE WEIGHT ENGINE OIL

- Recommended for pre-Evolution V-twin motorcycles
- Meets or exceeds Harley Davidson warranty criteria
- Made from severely hydrocracked base oils for the ultimate in purity
- Superior film strength resists break down and increases service life
- Meets or exceeds API CI-4/SL service rating
- Sold in quarts (12 per case)

Description	WPS #		
50 wt	1 qt	12/case	<b>822-1011</b>
60 wt	1 qt	12/case	<b>822-1021</b>

## FULL SYNTHETIC ENGINE OIL

- Produced using ultra high grade fully synthetic base oil
- Stable base oil molecules minimize oxidation and pre-mature breakdown
- Engineered specifically as a "multi-fill" lubricant for Harley Davidson engines, transmissions and primaries
- Excellent protection against engine wear and sludge buildup
- Meets or exceeds all Harley Davidson warranty criteria
- Meets or exceeds API CI-4/SL service rating
- Sold in quarts (12 per case) and gallons (6 per case)

Description	WPS #

### TRANSMISSION OIL

- Developed for use in 4, 5 and 6 Speed Harley Davidson transmissions
- Blended for ultra high film strength offering excellent wear protection and durability
- HardDrive's extreme pressure additive package provides smooth shifting across all RPM ranges
- Meets or exceeds API GL-5 classifications
- Sold in quarts (12 per case)

Description			WPS #
Primary Oil	1 qt	12/case	822-1053

### BIG TWIN PRIMARY OIL

- Developed for use in all '84 and newer Big Twin Harley Davidson motorcycles equipped with a wet type diaphragm spring clutch
- Blended with extreme pressure additives for outstanding film strength, wear protection and durability
- Specifically formulated for high performance primaries
- Sold in quarts (12 per case)

Description			WPS #
Gear & Chaincase Oil	1 qt	12/case	822-1054

### SPORTSTER GEAR/CHAINCASE OIL

- Developed for use in '71 and newer XR and XL models where transmission and primary chain case share a common lubricant
- Blended with extreme pressure additives for smooth shifting throughout the RPM range
- Specifically blended for high performance gear boxes
- Meets or exceeds API GL-5 classification
- Sold in quarts (12 per case)

Description			WPS #
5 wt (repl. Type B)	1 qt	12/case	822-1061
20 wt (repl. Type E)	1 qt	12/case	822-1064

### FORK OIL

- Developed for use in both OEM and aftermarket fork assemblies
- Designed for use in hot or cold climates
- Formulated for consistent damping action and to resist fading or surging
- Meets or exceeds API GL-5 classifications

### V-TWIN SYNTHETIC ENGINE OIL

- Synthetic ester infused with Extreme Pressure (anti-wear additive) for large displacement V-Twin engines
- Lowers engine temperatures and increases horsepower
- Longest change intervals
- For V-Twin, air-cooled / liquid-cooled 4-stroke engines

### V-TWIN SEMI-SYNTHETIC ENGINE OIL

- Synthetic blend infused with Extreme Pressure (anti-wear additives) for large displacement, V-Twin engines
- Lowers engine temperatures and increases horsepower
- Extended change intervals
- For V-Twin, air-cooled / liquid-cooled 4-stroke engines

### V-TWIN MINERAL ENGINE OIL

- Petroleum-based formula infused with Extreme Pressure (anti-wear additives) for large displacement, V-Twin engines
- Reduces oil consumption
- Long change intervals
- For V-Twin, air-cooled / liquid-cooled 4T engines

### BIG TWIN TRANSMISSION OIL

- Formulated for motorcycles with separate transmissions and or final drives
- Wear protection extends gear life
- Quiets gear whine and improves shifting
- For Big Twin, air cooled / liquid cooled transmissions and final drives

### SPORT TRANSMISSION FLUID

- Formulated for the transmission and primary of Sportster® motorcycles
- Wear protection extends transmission life
- Prevents clutch slipping and chatter for consistent engagement
- Distinctive red color for leak detection
- For Sportster® transmissions

### PRIMARY CHAINCASE LUBRICANT

- Formulated for primary chains and wet clutches
- Wear protection extends primary chain life
- Prevents clutch slipping and chatter for consistent engagement
- Distinctive red color for leak detection
- For Big Twin, air-cooled / liquid-cooled primary chaincases

## GEAR SAVER TRANSMISSION OIL

- Formulated to protect transmission gears from wear
- Positive clutch engagement for better starts and longer clutch life
- Protects shafts, bearings and gears
- For air-cooled / liquid-cooled 2T / 4T engines with wet clutches

Description			WPS #
75W	1 lt	12/case	840-0406
80W	1 lt	12/case	840-0401
80W	55 gal		840-0402
Oil Drum Pump			27-0190

**WPS PAYS 1/2 FREIGHT ON DRUMS OF OIL**

## THUMPER GEAR SAVER TRANSMISSION OIL

- Formulated for motorcycle racing transmissions
- Maximum clutch performance and smooth shifting
- Wear protection extends clutch life
- For air-cooled / liquid-cooled, 4T engines with wet clutches

Description			WPS #
80W-85	1 lt	12/case	840-0411

## GEAR SAVER HYPOID GEAR OIL

- Formulated for separate transmissions and final drive units
- Smoother shifting and reduced gear whine
- Extreme Pressure additives reduce component wear
- For motorcycles and ATVs (not for wet clutches)

Description			WPS #
<b>FULL SYN</b>			
75w-90	1 lt	12/case	840-0445
75w-140	1 lt	12/case	840-0435

85w-140	1 lt	12/case	840-0431

## HIGH PERFORMANCE FORK OIL

- Formulated for front suspension forks
- Reduces fade for smooth operation
- Eliminates stiction and drag, improving fork action
- Anti-wear and anti-foam
- For front forks

Description			WPS #
2.5W	1 lt	12/case	840-1010
5W	1 lt	12/case	840-1011

30W	1 lt	12/case	840-1051

## HV-1 RACING SUSPENSION FLUID

- Formulated for rear shock absorbers
- Consistent dampening at elevated temperatures
- Extreme Pressure additives reduce component wear
- For rear shocks

Description			WPS #
3W	1 lt	12/case	840-3201
5W	1 lt	12/case	840-3206

Description	WPS#	
175 ml aerosol	24/case	<b>840-0210</b>
400 ml aerosol	12/case	<b>840-0212</b>

### **SUPER CLEAN CHAIN LUBE**

- Designed to resist fling-off (even in high speed applications)
- Protective coating dries white to ensure complete coverage
- Will not fling-off or attract dirt, sand or grit
- Wear and corrosion protection for long chain and sprocket life
- For chain applications, including 'O', 'X' and 'Z' ring units and roller chains

Description	WPS#	
175 ml aerosol	24/case	<b>840-0200</b>
400 ml aerosol	12/case	<b>840-0208</b>

### **BLUE TAC CHAIN LUBE**

- Designed to resist fling-off (even in high speed applications)
- Wear and corrosion protection for long chain and sprocket life
- Dries clear
- Anti-wear and anti-foam
- For chain applications, including 'O', 'X' and 'Z' ring units and roller chains

Description	WPS#	
400 ml aerosol	12/case	<b>840-3800</b>

### **FIBER FILTER OIL**

- Traps microscopic particles to extend engine life
- Will not clog or restrict air flow
- Water-resistant
- For fiber / gauze air filters

Description	WPS #	
400 ml aerosol	12/case	<b>840-2207</b>

### **6 IN 1 MULTI-PURPOSE LUBRICANT**

- All purpose lubricant
- Cleans, lubricates, protects, displaces water, reduces friction, penetrates rust
- Safe on electrical contacts, vinyl, wood and paint

## SUPER DOT 4 BRAKE FLUID

- Formulated for hydraulic brake systems
- Mixes with all fluids meeting DOT 3 and DOT 4 specifications
- Boiling point: dry 230°C (446°F), wet 155°C (311°F)
- For brake systems and hydraulic clutches, except systems using mineral base fluids

Description	WPS#
355 ml 12/case	840-2701

## SILICONE DOT-5 BRAKE FLUID

- Formulated for hydraulic brake systems
  - Mixes with all fluids meeting DOT 5 specifications (not compatible with DOT 3 or DOT 4)
  - Boiling point: dry 260°C (500°F), wet 185°C (365°F)
  - Will not damage paint or absorb moisture
- For brake systems and hydraulic clutches, except systems using mineral base fluids

Description	WPS#
355 ml 12/case	840-2500

## WATERPROOF GREASE

- Waterproof grease for all bearing and bushing applications
- Corrosion protection (even in salt water)
- Wear protection extends bearing life
- Will not melt or run
- For bearings and bushings

Description	WPS#
16 oz tub	12/case 840-1100
14 oz cartridge	12/case 840-1101

## ASSEMBLY LUBE

- Molybdenum disulfide formula prevents metal-to-metal contact in extreme pressure conditions
- Prevents galling and seizing
- Provides initial lubrication for newly assembled engine parts
- For final drive spline assemblies

Description	WPS#
10 oz 12/case	840-0800

## FOAM FILTER CLEANER AND DEGREASER

- Designed to clean foam air filters
- Can also be used as an engine degreaser
- Will not discolor metals, paints or finishes
- For foam air filters

Description	WPS#
400 ml aerosol	12/case 840-2100

### FOAM FILTER OIL

- Designed to improve air flow
- Traps microscopic particles to extend engine life
- Waterproof formula prevents clogging when wet
- For foam air filters

Description	WPS#	
1 lt	12/case	840-0601
400 ml aerosol	12/case	840-3802

### BIKE WASH

- Softens and lifts accumulated dirt and grime without rubbing or brushing
- Easily rinses away with water
- Environmentally friendly, contains no volatile or potentially harmful solvents

Description	WPS#	
32 oz	12/case	840-2205

### CHAIN CLEANER

- No residue ensures optimum chain performance
- Fast, economical - safe for 'O', 'X', 'Z' rings and std chains
- Excellent compliment to BEL-RAY chain lubes

Description	WPS#	
400 ml aerosol	12/case	840-0214

### CONTACT CLEANER

- Aerosol spray applicator allows pinpoint use
- No messy clean-up
- Suitable for world wide use

Description	WPS#	
400 ml	12/case	840-0902

### ALL IN ONE FUEL TREATMENT

- Increases octane for more efficient combustion and increased engine power
- Cleans fuel lines and injectors to ensure smooth fuel delivery into the combustion chamber
- Neutralizes all of the harmful effects ethanol has on gasoline
- Keeps fuel fresh during storage
- Simple application to fuel with no complicated measuring or mixing

Description	WPS#	
1 oz	24 bottle display	840-2211
4 oz	12 bottle display	840-2212

# "Blendzall"

Racing Oils since 1959

## EXCELL - 4 CYCLE

- A premium based multi-viscosity racing oil formulated to protect your engine during the extreme demands of all out competition
- Contains the latest in EP (Extreme Pressure) and anti-friction additives
- High resistance to thermal and foaming break down
- Recommended for all 4-cycle engines, burning alcohol, gasoline and nitro fuels in racing or high performance applications

Description	Oil Weight		WPS#
1 qt	0W/5 kart	12/case	55-0454
1 gal	0W/5 kart	4/case	55-0453
1 qt	10W/30	12/case	55-0483
1 gal	10W/30	4/case	55-0484
1 qt	20W/50	12/case	55-0464
1 gal	20W/50	4/case	55-0463

## FUEL OIL - 4 CYCLE TOP END RACING LUBRICANT

- Blends with gasoline, alcohol, methanol and other racing fuels
- Uniquely formulated to prevent engine galling, seizure and premature wear
- Fuel oil is attracted to heat allowing closer clearances and leaner fuel ratios for more horsepower
- Mix ratio is 1/2 to 3/4 oz per gal depending on type of fuel

Description	WPS#
16 oz 12/case	55-0501
1 gal 4/case	55-0502

## "GOLD LABEL" 2 OR 4 CYCLE

- Combination racing castor/octane booster
- Increased RPMs without carburetor modification
- Blends completely with gasoline or alcohol
- Promotes quick cold weather starting
- Reduces heat build-up in hot weather

Description	WPS#
16 oz 12/case	55-0485
1 gal 4/case	55-0486

Racing Oils since 1959

“Blendzall”

Description	WPS#
32 oz 45W 12/case	55-0465

### RACING CASTOR LUBE - 4 CYCLE

- The ultimate racing lubricant for all 4 stroke engines
- Reduces wear to vital engine parts in all gasoline/ alcohol high performance 4 cycle engines
- Improved ring seal
- Maximum lubrication without exhaust smoke and keeps internal parts like new

Description	WPS#
32 oz 12/case	55-0469

### CONVERSION FLUID

- Flushing fluid for 4 cycle lubrication systems when changing from mineral oil to castor oil or vice-versa
- Compatible with either oil and leaves no residue
- Conversion fluid prevents lumping or congealing of lubricants that do not mix

Description	WPS#
16 oz 12/case	55-0490

### OCTANE BOOSTER

- Increases horsepower by relieving detonation
- Lowers combustion chamber temperatures
- Blends with pump, racing gas and methanol fuels
- Controls condensation in fuel tanks without harmful additives

Description	WPS#
14 oz 12/case	55-0500

### CHAIN LUBE

- Racing chain lubricant with high film strength and the unique ability to cling to metal without washing off
- Protects standard and O-ring chains from wear and corrosion

Description	WPS#
1 qt 12/case	55-0555

### TIRE TRACTION TREATMENT

- Reinstates chemicals into race tires that are lost when tires are heated
- Restores original softness

Oil Drum Pump		<b>27-0190</b>

**4-STROKE GO DRUM ENGINE OIL**

- Premium quality 10W40 4-stroke mineral engine oil
- API SG and JASO MA certified
- Exceeds all OEM manufacturers warranty requirements
- Suitable for all new bike setup and service oil changes
- Available in 55 gal drums only

Description	WPS#	
10W40 GO 55 gal		<b>83-0127</b>
20W50 GO 55 gal		<b>83-0128</b>
20W50 55 gal		<b>83-0138</b>
Oil Drum Pump		<b>27-0190</b>

*WPS PAYS 1/2 FREIGHT ON DRUMS OF OIL*

**BRAKE FLUID**

- Exceeds DOT 3/4 specifications
- Improves handling in high braking temperatures
- Reduces brake fade

Description	WPS#	
12 oz	12/case	<b>83-0341</b>

**MTX GEAR OIL**

- Advanced formula designed to stand up to the tough shearing action of gears
- Strong flushing action keeps all components clean and protected
- Saves your clutch by reducing drag and noise for smoother gear changing

Description	WPS#	
80W Synthetic 1 lt	12/case	<b>83-0308</b>

**SRF RACING BRAKE FLUID**

- DOT 3/4 specifications
- High performance product formulated specifically to satisfy the ever increasing stresses placed upon braking systems

Description	WPS#	
1 lt	12/case	<b>83-0345</b>

## 4 CYCLE LUBRICATION

### 4-STROKE V-TWIN SYNTHETIC LUBRICANT

- Recommended for the Harley Davidson Revolution, Twin Cam 88, Evolution XL, Evolution 1340, Pre-Evolution (20W/50 and 25W/60) and Buell engines
- Certified warranty compliant: API-SH/CG-4 service
- Custom formulated for the v-twin air-cooled engines
- Reduces engine temperature and detonation
- High temperature film strength improving anti-wear protection

Description	WPS #
20W50 32 fl. oz. 10/case	842-0050
25W60 1qt 10/case	842-0058

### AMERICAN V-TWIN SYNTHETIC LUBRICANT

- Certified warranty compliant
- Custom formulated for the Harley-Davidson Big Twin models
- Smoother and quieter shifting
- Reduced driveline friction
- Provides protection from shock loading and galling
- Extended bearing and gear life
- Reduced gear and transmission temperatures

Description	WPS #
80W90 32 fl. oz. 10/case	842-0061
75W140 32 fl. oz. 10/case	842-0060

### AMERICAN V-TWIN PRIMARY CASE LUBE

- Works great in all fabric type filters
- Will quickly penetrate and saturate fabric
- Straightens turbulent air, improving engine performance

Description	WPS #
32 fl. oz. 10/case	842-0115

### FORK OIL

- Formulated for Street and MX Bike suspension technology
- Anti-foam and anti-fade additive system reduces friction and cavitation
- Anti-wear seal conditioners help prevent hardening, extend fork seals and bushing life
- Superior control with Zero-drag formula
- Stabilizes viscosity in extreme heat or cold conditions

Description	WPS #
5 W 32 oz 10/case	842-0110
10 W 32 oz 10/case	842-0111
15 W 32 oz 10/case	842-0112

### SYNTHETIC STRAIGHT WEIGHT V-TWIN

- Certified warranty compliant: API-SH/CG-4 service
- Custom formulated for the Harley-Davidson pre-Evolution® engines
- Reduces friction for Less Drag—More Power®
- High temperature film strength improving anti-wear protection
- Reduces engine temperature and detonation

Description	WPS #

## CHAIN AND CHAIN CASE LUBE

- Black formula contains graphite
- Dramatically reduces friction
- Provides maximum power and performance in extreme conditions
- Unique formula protects chains and sprockets from wear and breakage

Description	WPS #
12 oz. 10/case	842-0116

## CHAIN LUBE

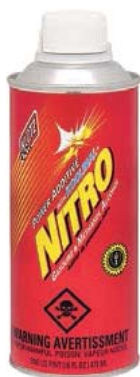

- EXTRATAC™ penetrates deeply and dries tacky
- Waterproof formula prevents rust and wash off
- Approved for conventional and "O" ring chains
- Extends chain and sprocket life
- Loosens stiff chain links
- Environmentally safe formula

Description	WPS #
15.5 oz. 10/case	842-0119

## NITRO RACING ADDITIVE WITH KOOLINAL

- Oxygenating power additive
- Developed for gasoline, methanol and diesel fuel
- 50% Nitro, 50% Koolinal
- Koolinal is a blending agent that resists detonation and pre-ignition
- Extracts maximum HP from stock and modified engines

Description	WPS #
16 oz 10/case	842-0130

## HITRATE® RACING GAS CONCENTRATE

- Converts 92 octane pump gasoline to 103-105 octane racing gas
- Unleaded formula
- Provides smoother torque curves for more usable power
- Cost-effective alternative to race gas
- Blends gasoline and ethanol enriched fuels

Description	WPS #
1 gal	842-0054

## OCTANE BOOSTER AND GAS STABILIZER

- Cleans metal surfaces, fouled spark plugs and other small parts
- Non-conductive formula
- Residue free formula quickly cuts through grease, oil, carbon, tar, adhesives and other contaminants
- Excellent for drying out parts in damp humid conditions

Description	WPS #
16 oz 10/case	842-0133
1 gal	842-0134

## CONTACT CLEANER AND DEGREASER SHOP SIZE

- Convenient, fast cleaner and degreaser
- Removes gum, varnish and carbon build-up
- Cleans fouled spark plugs
- Fast evaporation leaves no residue
- Non-conductor, safe for electrical systems
- Displaces moisture and water
- Cleans gasket surfaces

Description	WPS #
20 oz 10/case	842-0146

## FILTER CLEANER

- Improves airflow and performance
- Cleans fabric and foam air filters
- Cleans oil, dust, dirt, and sand from filters
- Rinses clean with water
- Environmentally safe formula

Description	WPS #
16 oz 10/case	842-0120

### FOAM AIR FILTER OIL

- Blocks out moisture, dirt and water
- For waterproof protection

Description	WPS #	
15.25 oz	10/case	842-0140

### FABRIC AIR FILTER OIL

- Works great in all fabric type filters
- Will quickly penetrate and saturate fabric
- Straightens turbulent air, improving engine performance

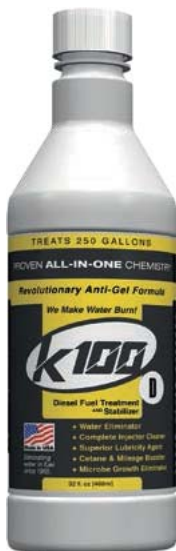

Description	WPS #	
16 oz	10/case	842-0143

### GASOLINE TREATMENT

- Eliminates water and water related problems
- Improves overall engine efficiency
- Burns cleanly and completely with no ash deposits
- Dissolves gums and varnishes
- MG also revitalizes fuel and stabilizes for extended storage

Description	WPS#		
K-100-G 8oz	12/case	57-4100	
K-100-MG 2.5oz	24/pack	57-4465	
K-100-MG 8oz	12/case	57-4401	
K-100-MG 32oz	12/case	57-4403	

### DIESEL FUEL TREATMENT

- Eliminates water and water-related problems
- Eliminates conditions necessary for microbe growth
- Improves overall engine efficiency
- Dissolves gums and varnishes
- MD revitalizes fuel and stabilizes fuel for long-term storage

Description	WPS#		
K-100-D 8oz	12/case	57-4404	
K-100-D 32oz	4/case	57-4514	
K-100-MD 8oz	12/case	57-4406

## ENGINE OIL

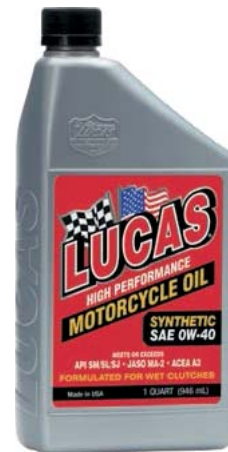

- Formulated with the highest quality base oils
- Made with exclusive additives
- Lowers engine oil temperatures
- Longer engine oil life
- Extends engine component life
- Reduces engine noise, helps prevent leaks
- Meets JASO specifications

Description	WPS #
10W40 1 qt 6/case	58-5240
20W50 1 qt 6/case	58-5241
50 W 1 qt 6/case	58-5242
70 W 1 qt 6/case	58-5243

## SYNTHETIC ENGINE OIL

- Formulated from the highest quality synthetics
- Made with exclusive additives
- Lowers engine oil temperatures
- Longer engine oil life
- Extends engine component life
- Reduces engine noise, helps prevent leaks
- Meets JASO specifications
- Moly engine oil is not for use in wet clutch applications

Description	WPS #
0W40 Full Syn. 1 qt 6/case	58-5220
5W20 Full Syn. 1 qt 6/case	58-5227
5W30 Full Syn. 1 qt 6/case	58-5229
10W30 Full Syn. 1 qt 6/case	58-5221
10W40 Moly 1 qt 6/case	58-5222
10W40 Semi Syn. 1 qt 6/case	58-5235
10W40 Full Syn. 1 qt 6/case	58-5226
10W50 Full Syn. 1 qt 6/case	58-5223
20W50 Full Syn. 1 qt 6/case	58-5224
50 W Full Syn V-Twin 1 qt 6/case	58-5225

## PRIMARY CHAIN CASE OIL

- Smooth clutch action, less slippage
- Extends chain and sprocket life
- Delivers cooler and quieter operation
- Designed for heavy duty, high performance application
- Meets or exceeds all OEM requirements

Description	WPS#
1 qt 6/case	58-5203

## V-TWIN GEAR AND TRANSMISSION OIL

- Formulated for cool quiet performance
- Minimum wear and minimum drag
- Withstands high power and high temperature
- Designed especially for V-Twins, high performance or heavy duty
- Meets or exceeds all OEM requirements

Description	WPS#
75W/140 1 qt 6/case	58-5202

## HEAVY DUTY GEAR OIL

- Designed for racers
- Contains special anti-wear and lubricity agents
- Helps control heat
- Excellent for high performance and heavy-duty applications

Description	WPS #
80W90 1 qt 12/case	58-5200
85W140 1 qt 12/case	58-5201

## SYNTHETIC GEAR AND TRANSMISSION OIL

- Designed to cushion gears and resist "squeezing out"
- formulated for high performance and heavy duty applications
- Withstands high temperatures
- Super slick long lasting lubrication

Description	WPS #
75W90 1 qt 12/case	58-5205
75W140 1 qt 12/case	58-5206
80W85 1 qt 12/case	58-5207

## ETHANOL FUEL CONDITIONER

- Developed to prevent corrosion and degeneration of fuels containing ethanol
- Cleans injectors, valve seats and combustion chamber while running
- Works in any alcohol fuel mixes or gasoline
- Great for 2-stroke and 4-stroke engines
- 1 oz treats 5 gallons

Description	WPS #
5.25 oz 24/case	<b>58-5281</b>
16 oz 12/case	<b>58-5280</b>

## FUEL STABILIZER

- Developed to prevent gasoline breakdown during storage
- Safe for all grades of gasoline
- Excellent for 2-stroke and 4-strokes
- 1 oz treats 1 gallon

Description	WPS #
8 oz 12/case	<b>58-5285</b>
1 qt 12/case	<b>58-5286</b>

## FUEL TREATMENT

- Formulated for use in gasoline, diesel and LPG engines
- Known as tune-up in a bottle
- Cleans and lubricates the entire fuel system, pumps, injectors or carburetors
- Neutralizes low sulfur fuel problems
- Increases power and mileage by efficient burning
- 1 oz treats up to 5 gallons of fuel

Description	WPS #
5.25 oz 24/case	<b>58-5288</b>
32 oz 12/case	<b>58-5370</b>

## OCTANE BOOSTER

- A real octane booster
- Safe for use with turbos, oxygen sensors and catalytic converters
- Good in carbureted or injected engines
- Promotes cleaner fuel burn resulting in less exhaust emissions
- Not street legal, for use in 4 stroke engines only
- 15 oz bottle treats up to 25 gallons of fuel

Description	WPS #
2 oz 18/case	<b>58-5290</b>
15 oz 12/case	<b>58-5291</b>

## SYNTHETIC FORK OIL

- Made from the highest quality SYNTHETIC base oils
- Delivers more responsive handling
- Prevents foaming
- Reduces thermal expansion
- Prevents seal hardening
- Prevents static friction and gives great wear protection

Compatible use in all suspensions

Description	WPS #
5 W 16 oz 12/case	<b>58-5250</b>
10 W 16 oz 12/case	<b>58-5251</b>
15 W 16 oz 12/case	<b>58-5252</b>
20 W 16 oz 12/case	<b>58-5253</b>

## CHAIN LUBE

- Designed for deep penetration for the pins and bushings
- Foam facilitates penetration into chain
- Maintains and excellent corrosion inhibitor and water resister
- Provides a film protection to ensure minimum wear and drag
- Suitable for all types of chains
- Minimizes sling off

Description	WPS #
11 oz 12/case	<b>58-5272</b>

## ASSEMBLY LUBE

- Formulated from ZINC, MOLY and other high pressure additives
- Eliminates dry starts
- Perfect for engine building or rebuilding
- Prevents seizing, galling or scuffing
- Compatible with all oils
- Super slick and tacky
- Easy to use

Description	WPS #
4 oz 12/case	<b>58-5265</b>
8 oz 12/case	<b>58-5266</b>

## TOOL BOX BUDDY

- Dissolve rust and corrosion without drying
- Provides a very light film to stop rust for up to one year
- Low odor
- Fortified with anti-seize agents
- Easy to use

Description	WPS #
11 oz 12/case	<b>58-5270</b>

### AIR TOOL OIL

- Extends air tool life
- Protects under extreme operating temperatures
- Disperses water
- Resists blow out
- Excellent for locks

Description	WPS #
16 oz 12/case	<b>58-5274</b>

### SLICK MIST SPEED WAX

- Premium paint gloss intensifier
- Great for motorcycles, cars, trucks, boats and airplanes
- Shines and protects in one easy application
- Excellent on chrome, glass and vinyl
- Use on wet or dry surfaces
- Quick and easy

Description	WPS #
2 oz 20 pack w/counter display	<b>58-5304</b>
24 oz 12/case	<b>58-5301</b>

### FOAM FILTER OIL

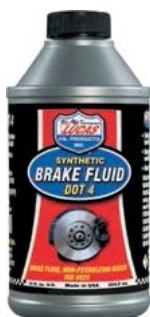

- Easy pour on
- Low solvent
- Low viscosity
- Repels moisture
- Penetrates filter easier to trap dirt and dust
- Improve air flow

Description	WPS#
1qt 12/case	<b>58-5277</b>

### SYNTHETIC BRAKE FLUID

- Designed for all disc and drum brake systems requiring DOT 3/DOT 4 brake fluid
- Safely mixes with DOT 3 brake fluid
- Minimum wet boiling point is 311° F (155° C)
- Meets FMVSS 116 and SAE J1704 specifications

Description	WPS#
12 oz 12/case	<b>58-5320</b>

### GUN OIL

- Protect your guns and equipment with the latest in lubricating technology
- Super slick formula clings well for easier operation and reduced wear
- Heat and water resistant, environmentally friendly
- Neutralizes acids caused by contact with human hands and resists drying during long storage periods

Description	WPS#
2 oz 18/case	<b>58-5350</b>

### HEAVY DUTY GREASE

- Last four times longer than regular grease
- Virtually waterproof
- All temperature stable
- Exceeds Lube for life specifications
- The ultimate grease for high speed bearings

Description	WPS #
1 lb tub 12/case	<b>58-5295</b>
14.5 oz cartridge 10/case	<b>58-5296</b>

### RED 'N' TACKY GREASE

- Formulated with rust and oxidation inhibitors
- Water resistant
- Maintains excellent mechanical stability
- Long storage life
- Fortified with Anti-Seize compounds
- Wide variety of applications

Description	WPS#
1 lb tub 12/case	<b>58-5298</b>
14.5 oz cartridge 30/case	<b>58-5299</b>

### MARINE GREASE

- Heavy duty lithium complex
- Designed to provide maximum lubrication under the most severe conditions
- A true marine trailer wheel bearing and chassis grease
- Long lasting
- Protects in both salt and fresh water
- Extreme friction reducer

Description	WPS#
14 oz 30/case	<b>58-5297</b>

### CONTACT CLEANER

- Formulated with a unique blend of solvents, cleaning agents and propellants
- Removes oil, dirt and moisture
- Non-chlorinated CFC free formula dries quickly and leaves no residue
- Not for use on plastic

Description	WPS#
14 oz 12/case	<b>58-5309</b>

### LUCAS APPLICATOR

- Convenient bottle for tool box, range box and tackle box
- Durable removable metal needle
- Bottle has writable area for identification of contents
- Made in the U.S.A.

Description	WPS#
1 oz	<b>58-5390</b>

## V-TWIN FULL SYNTHETIC ENGINE OIL

- Full synthetic, ester based motorcycle oil specifically formulated for V-Twin engines
- Advanced technology lowers operating temperatures, reduces wear, increases film strength and offers extended protection
- Regenerative polymer system resists mechanical shearing and heat breakdown of the oil offering exceptional viscosity retention in severe climates
- Superior additive package keeps engines clean, protects against sludge and allows for trouble-free operation
- Engineered and approved to be used as multi-compartment oil for H-D V-Twin engines, transmissions and primaries.
- Meets all warranty requirements for Harley- Davison engines and does not void new motorcycle warranties.

Description	WPS#
20W50 1 qt 12/case	78-99920

## V-TWIN MINERAL ENGINE OIL

- High-quality mineral based motorcycle oil specifically formulated for V-Twin engines
- Advanced polymer system resists mechanical shearing and heat breakdown of the oil offering unsurpassed viscosity retention
- Industry leading anti-wear and extreme pressure additives protect critical engine components
- Superior additive package keeps engines clean, protects against sludge and allows for trouble-free operation
- Meets all warranty requirements for Harley- Davison engines and does not void new motorcycle warranties.

Description	WPS#
10W40 1 qt 12/case	78-99910
20W50 1 qt 12/case	78-99911

20W50 55 gal	78-99914
25W60 1 qt 12/case	78-99915
Oil Drum Pump	27-0190

## V-TWIN SYNTHETIC BLEND ENGINE OIL

- Semi-synthetic, ester based motorcycle oil specifically formulated for V-Twin engines
- Advanced technology lowers operating temperatures, reduces wear, increases film strength and offers extended protection
- Advanced polymer system resists mechanical shearing and heat breakdown of the oil offering unsurpassed viscosity retention
- Superior additive package keeps engines clean, protects against sludge and allows for trouble-free operation
- Meets all warranty requirements for Harley- Davison engines and does not void new motorcycle warranties.

Description	WPS#
20W50 1 qt 12/case	78-99919

## V-TWIN MINERAL ENGINE OIL

- Recommended for Pre-Evolution® V-Twin engines
- High-quality mineral based motorcycle oil specifically formulated for V-Twin engines
- Shear stable formula offers good protection against mechanical breakdown
- Industry leading anti-wear and extreme pressure additives protect critical engine components
- Superior additive package keeps engines clean, protects against sludge and allows for trouble-free operation
- Meets all warranty requirements for Harley- Davison engines and does not void new motorcycle warranties.

Description	WPS#
50WT 1 qt 12/case	78-99916
60WT 1 qt 12/case	78-99917
70WT 1 qt 12/case	78-99918

## V-TWIN HEAVY DUTY TRANSMISSION / GEAR OIL

- Heavy duty formula offers extended performance in severe operating conditions
- Ultra high film strength gear oil provides excellent protection against shock loads, wear and increases fluid durability
- Unsurpassed extreme pressure additives and surface active chemistry allow smooth shifting under peak loads and RPMs
- Recommended for use in 4-, 5- and 6-speed high performance gear boxes
- Meets and exceeds all known OEM requirements and API GL-5 specifications

Description	WPS#
85W140 1qt 12/case	78-99921

## V-TWIN SYNTHETIC PRIMARY OIL

- Full Synthetic Formula Offers Long-Term Protection
- Developed & Tested in H-DR Gear & Chain cases
- Clutch-saver Wet Clutch Formula
- Designed for use in '84 and newer models with wet diaphragm spring clutches
- Meets and exceeds all known OEM requirements

Description	WPS#
1qt 12/case	78-99928

## V-TWIN SPORTSTER GEAR / CHAIN CASE OIL

- Formulated for high-performance transmissions and primary chain cases
- Recommended for use in 1971 and newer XR and XL H-D motorcycles
- Unsurpassed extreme pressure additives and surface active chemistry allow smooth shifting under peak loads and RPMs
- High film strength provides excellent wear protection and durability

Description	WPS#
1 qt 12/case	78-99923

## V-TWIN TRANSMISSION / GEAR OIL

- High film strength gear oil provides excellent protection against shock loads, wear and increases fluid durability
- Unsurpassed extreme pressure additives and surface active chemistry allow smooth shifting under peak loads and RPMs
- High performance formula offers extended performance in high-stress operating conditions
- Recommended for use in 4-, 5- and 6-speed high performance gear boxes
- Meets and exceeds all known OEM requirements and API GL-5 specifications

Description	WPS#
80W90 1qt 12/case	78-99922

## V-TWIN PRIMARY OIL

- Designed for use in all 1984 and later models with wet diaphragm spring clutches
- Formulated specifically for high-performance primaries
- Advanced additives reduce clutch and fluid drag while lubricating gears, sprockets, chains and all critical primary case components
- Superior film strength for greater protection against shock loads

Description	WPS#
1 qt 12/case	78-99924

## V-TWIN FORK OIL

- V-Twin Fork Oil with Lubricinol reduces stiction and provides uniform fork action over a wide temperature range
- Regenerative synthetic polymer system resists viscosity loss offering ultra-smooth, consistent suspension operation
- High viscosity index (VI) fluid contains special additives to condition seals, control foaming, oxidation, rust & corrosion
- 5WT (Type B); 10WT (Type E); 20WT (Type H/D)

Description	WPS#
5WT 1 qt 12/case	78-99925
10WT 1 qt 12/case	78-99926
20WT 1 qt 12/case	78-99927

## HYPOID SYNTHETIC GEAR OIL

- 100% synthetic gear oil is formulated for Hypoid gears on shaft drive and motorcycles with clutch lubricant separate from transmission
- Greatly enhances shifting in twin cylinder motorcycles such as BMW® and Harley Davidson®
- Anti-foaming, rust and corrosion resistant
- Exceeds API GL-5 specs

Description	WPS#
75W90 1 lt 12/case	78-9900

## RACING SHOCK FLUID

- Formulated to prevent foaming and seal hardening
- Reduced friction and increased rust and corrosion protection
- Viscosity index of 385+ for light and 394+ for medium weight fluid
- Will work in steel or aluminum bodied suspension components

Description	WPS#
3WT 1qt 12/case	78-98301
3WT 5 gal	78-98302
Light 1 qt 12/case	78-9930
Light 5 gal	78-9938
Medium 1 qt 12/case	78-9931
Medium 5 gal	78-9939
Heavy 1 qt 12/case	78-9936
Heavy 5 gal	78-9937
Pump for 5 gal pail	78-9829

## RACING FORK FLUID

- Zero drag fluid is the latest in anti-frictional fork oil
- Contains rust and corrosion inhibitors with anti-foam and oxidation stabilizers
- May be used in standard or cartridge forks

Description	WPS#
5W 1 lt 12/case	78-9925
5W 5 gal	78-9916
7W 1 lt 12/case	78-9926
7W 5 gal	78-9920
10W 1 lt 12/case	78-9927
10W 5 gal	78-9921
15W 1 lt 12/case	78-9929
Pump for 5 gal pail	78-9829

## SUSPENSION CLEAN

- Quickly removes suspension fluid and grease
- Professional formula is fast drying - leaves no residue
- Displaces moisture
- Will not harm O-rings or seals
- Specifically formulated for the Powersports Industry

Description	WPS#
16.1 oz 12/case	78-9946

## CHAIN WAX

- For street, road racing, dual sport, off road and control cables
- Eliminates "fling-off" and seals lubricant to chain
- Special paraffin base creates a waxy film that protects metal from rust and corrosion
- O-ring safe

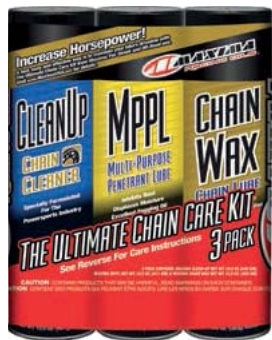

Description	WPS#
7.4 oz 20/case	78-9934
17.3 oz 12/case	78-9935

## CHAIN WAX ULTIMATE CHAIN CARE KIT COMBO 3-PACK

- Includes Clean-Up 15.5 oz., MPPL 14.5 oz. & CHAIN WAX 13.5 oz.
- Extends chain and sprocket life
- Increases horsepower and torque to the rear wheel
- Safe for all sealed and non sealed chain
- For Street and Off-Road use

Description	WPS#
17.1/14.5/17.3 oz 4/case	78-9949

## 100% SYNTHETIC CHAIN GUARD

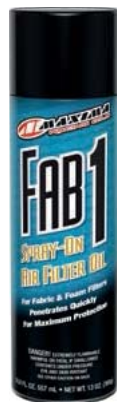

- 100% synthetic chain lube
- Clear formula resists fling off
- Safe for sealed and non sealed chain
- Allows lube to penetrate critical inner pins & rollers protecting them from friction and temperatures

Description	WPS#
7.4 oz 20/case	78-9932
17.3 oz 12/case	78-9933

## FAB-1 FABRIC & FOAM FILTER SPRAY

- Use on fabric or foam filters
- Fast penetrating
- Dust proof and water proof
- Effective polymer and co-polymer system
- Increases filter efficiency

Description	WPS#
18.8 fl oz 12/case	78-9928

## MPPL

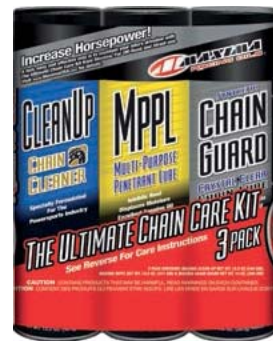

- Multi purpose penetrating lube
- Excellent fogging oil
- Displaces moisture to inhibit rust
- Frees corroded parts

Description	WPS#
14.5 oz 12/case	78-9945

## SYN CHAIN GUARD ULTIMATE CHAIN CARE KIT COMBO 3-PACK

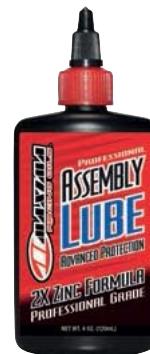

- Includes Clean-Up 15.5 oz., MPPL 14.5 oz. & Chain Gaurd 14 oz.
- Extends chain and sprocket life
- Increases horsepower and torque to the rear wheel
- Safe for sealed and non sealed chain
- For Street and Off-Road use

Description	WPS#
17.1/14.5/18.1 oz 4/case	78-9957

## ASSEMBLY LUBE

- 2X Zinc activates at both high and low temperature
- Prevents metal-to-metal contact
- Gives excellent rust and corrosion protection
- Protects against wear on initial break in
- Mixes with petroleum and synthetic oils

Description	WPS#
4 oz 12/case	78-9970

## CLEAN UP DEGREASER & CHAIN CLEANER

- Excellent chain cleaner and degreaser
- Removes caking and build-up on chain and sprockets
- Won't harm sealed or non sealed chain
- Easily washes off with water

Description	WPS#
17.1 oz 12/case	78-9942

## SPEED WAX

- All-in-one detailer cleans, shines and protects
- Fast, easy and effective
- Carnuba wax formula
- Brilliant, long lasting shine in seconds

Description	WPS#
17.8 oz. 12/case	78-9973

### CITRUS CONTACT/ BRAKE CLEANER

- Environmentally safe with a citrus scent
- Dries quickly and leaves no surface film or residue
- Quickly removes grease, oil and adhesives while displacing moisture
- Safe for painted and most plastic surfaces

Description	WPS#
17.5 oz. Aerosol	12/case <b>78-9941</b>

### SC1 SILICONE SPRAY

- Restores factory shine to plastic, fiberglass and painted surfaces
- Prevents mud and dirt from adhering to plastic

Description	WPS#
12 oz	12/case <b>78-9944</b>

### AIR FILTER MAINTENANCE CARE KIT COMBO 2-PACK

- Includes large can air filter cleaner 15.5 Fl oz
- Includes large can FAB-1 spray on air filter oil 13 fl oz
- Provides ultimate protection for your engine
- Championship winning formulas
- Unsurpassed protection against the passage of dirt, dust and water

Description	WPS#
Cleaner/Fab 1	17.1 fl oz/18.8 fl oz <b>78-9947</b>

### AIR FILTER CLEANER

- Voted best air filter cleaner by Dirt Rider magazine
- For use on Motorcycles and ATVs
- Excellent foam and fabric air filter cleaner that washes out with water
- Highly effective emulsion formula contains no caustic chemicals
- Removes heavy filter oils, grease and other contaminants

Description	WPS#
17.1 oz aerosol	12/case <b>78-9940</b>
64oz	6/case <b>78-9976</b>

### HI-TEST OCTANE BOOSTER

- All organic, containing no metal (lead, manganese or phosphorus)
- Readily mixed with gasoline, alcohol and nitro mixtures
- Raises octane level to stop knocking and pinging
- Increases horsepower in 2-cycle and 4-cycle engines

Description	WPS#
16 oz.	12/case <b>78-9950</b>

### FUEL STORAGE STABILIZER

- Prevents the deterioration of fuel and stops the formation of gum and varnish
- Eliminates the need to drain or dispose of fuel over long storage periods
- Works with both gasoline and diesel fuels
- 1 oz per gal protects system from corrosion due to the use of ethanol based fuels

Description	WPS#
8 oz.	12/case <b>78-9971</b>
1 qt	12/case <b>78-9972</b>

## BRAKE FLUID

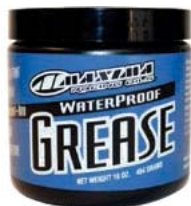

- Available in DOT 4, DOT 4 Racing and DOT 5
- Advanced Glycol blends with the latest additives and an anti-vapor lock formula
- DOT Racing grade has a 600° minimum boiling point that assures fade free performance
- DOT 5 Silicone brake fluid will not harm painted surface or plastic

Description		WPS #
DOT 4	12 oz 12/case	<b>78-9967</b>
DOT 4 Racing	12 oz 24/case	<b>78-9966</b>
DOT 5 Supreme Silicone	11 oz 12/case	<b>78-9968</b>

## WATERPROOF GREASE

- Excellent resistance to water wash-out
- Smooth texture is ideal for sealing air filters
- Hi-temp formula approved for use in disc brake applications

Description	WPS#
16 oz. 12/case	<b>78-9948</b>

## FUEL DE-ICER

- Eliminates moisture in fuel system
- Guards against rust and corrosion
- Safe for all gasoline; race or pump gas

Description	WPS#
8 oz 12/case	<b>78-9953</b>

## BIO WASH

- Biodegradable all-purpose cleaner
- Powerfull cleaning action on dirt, grime and oil based deposits
- Gentle enough for daily use on painted surfaces, plastic, chrome, anodizing, rubber and carbon fiber
- Micro chemistry protects aluminum, magnesium and other alloys

Description	WPS#
32 oz. 12/case	<b>78-9975</b>

**TWIN 20W50 MOTOR OIL** **NEW**

- Specially formulated, high performance, 100% triple synthetic motorcycle oil with ESTER
- Engineered to handle and protect against high temperatures found in big air-cooled Twins
- Molecular polar bonding technology enables oil to cling to metal parts, providing a protective film to help reduce wear at start-up
- Exceeds requirements for Twins with separate clutches and primary cases found on Harley-Davidson® models
- Designed to provide outstanding grip on wet clutches to prevent slippage
- High levels of ZDDP extreme pressure additives, combined with anti-oxidant and anti-foam properties
- Recommended for use in H-D Milwaukee 8®, Twin-Cam®, Evolution®, Sportster® engines and primary case.

Description	WPS#
1qt 12/case	82-2004

**TWIN 75W90 GEAR OIL** **NEW**

- An exceptionally high performance 100% synthetic transmission oil with ESTER
- Engineered for use in 4-speed, 5-speed and 6-speed transmissions
- API GL-5 rated, extreme pressure lubricant for helical or straight cut gears
- Ideally made to handle the high shock loads in Big Twin transmissions
- Molecular bonding technology enables the oil to cling to metal parts under extreme conditions
- Provides a protective film that extends the life of gears and bearings while reducing drag

Description	WPS#
1qt 12/case	82-2111

**TWIN PRIMARY OIL** **NEW**

- Engineered for use in Big Twin primary drives with wet clutches
- Provides outstanding grip for wet clutches to help prevent slippage and chatter
- Features a protective film that reduces wear and extends the life of bearings, chains and sprockets

Description	WPS#
1qt 12/case	82-2112

**TWIN GEAR AND CHAINCASE OIL** **NEW**

- Engineered to handle the combined duties of protecting the primary drive and transmission on Sportsters
- Formulated to reduce drag and provide quieter and smoother shifting while providing outstanding grip for wet clutches, helping prevent slippage and chatter
- Exceptionally high performance 100% triple synthetic oil with ESTER

## 300 V 4T

- 100% Synthetic Double Ester
- Designed for highly modified engines
- Electrochemical bonding to metal parts
- Up to 5x higher film strength
- 0% shear loss on Bosch ASTM D6278 test

Description	WPS #
5W30 1 lt 12/case	<b>82-2032</b>
5W40 1 lt 12/case	<b>82-2034</b>

## E-TECH 100

- 100% Synthetic Ester/PAO
- Formulated with performance and cite in mind
- Excellent for wet clutches, gear boxes and cams
- Electrochemical bonding to metal parts
- Good for off road applications
- Standards: API SJ, JASO-MA

Description	WPS #
10W40 1 qt 12/case	<b>82-2005</b>

## 7100 4T

- 100% Synthetic Ester
- Formulated for catalytic converters and O2 sensors
- Electrochemical bonding to metal parts
- Meets US V-twin requirements for use in all 3 compartments (20w50 only)
- Standards: API SJ, JASO-MA

### GEAR 300

- 100% Synthetic Ester
- Formulated with extreme pressure, anti-wear, anti-corrosion and anti-foaming additives
- Specifically designed for gear boxes without a wet clutch or hypoid rear axles
- Standards: API GL-4 and GL-5

Description	WPS #	
75W90 1 lt 12/case	82-2107	

### FORK OIL FACTORY LINE

- 100% Synthetic
- Excellent for conventional and upside down forks
- Anti-friction, anti-foam, anti-corrosion and high viscosity index

Description	WPS#	
Very light 2.5 W 1 lt 6/case	82-2118	
Light 5 W 1 lt 6/case	82-2122	
Light/Med. 7.5-5 W 1 lt 6/case	82-2124	
Medium 10 W 1 lt 6/case	82-2134	

### RBF660 RACING BRAKE FLUID

- 100% Synthetic
- One of the highest dry boiling points on the market
- Mixes with DOT 3 and 4 systems (Not DOT 5)
- Super high boiling points: Dry 617°F, Wet 399°F

Description	WPS#
1/2 lt 12/case	82-2155

### SHOCK OIL FACTORY LINE

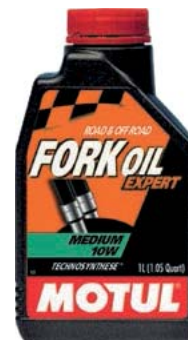

- 100% Synthetic hydraulic fluid for racing shock absorbers
- For road and off road
- Very high viscosity index at 400

Description	WPS#	
2.5-20W 1 lt 12/case	82-2141	

### FORK OIL EXPERT

- Semi-Synthetic
- Excellent for conventional and upside down forks
- Anti-friction, anti-foam, anti-corrosion and high viscosity index

Description	WPS#	
Light 5 W 1 lt 12/case	82-2129	
Medium 10 W 1 lt 12/case	82-2131	
Medium Heavy 15 W 1 lt 12/case	82-2024	
Heavy 20 W 1 lt 12/case	82-2128	

### RBF600 RACING BRAKE FLUID

- 100% Synthetic
- Most popular brake fluid on the market
- Mixes with DOT 3 and 4 systems (Not DOT 5)
- Super high boiling points: Dry 594°F, Wet 421°F

Description	WPS#
1/2 lt 12/case	82-2156

### DOT 5.1 BRAKE FLUID

- 100% Synthetic
- Mixes with DOT 3, 4 and 5.1 systems (Not DOT 5)
- High boiling points: Dry 522°F, Wet 365°F

Description	WPS#
1/2 lt 12/case	82-2151

### CHAIN LUBE FACTORY LINE

- Specifically developed for road racing
- Compatible for o-ring, x-ring and z-ring chain
- Not recommended for off road use
- Milky in color

Description	WPS#
9.3 oz 12/case	82-2213

### CHAIN LUBE ROAD

- Super tacky to resist high speed fling
- Compatible with standard o-ring, x-ring and z-ring chain
- Colorless

Description	WPS#
9.3 oz 12/case	82-2211

### WASH & WAX

- Dry cleaner
- Carnuba wax base
- Protects and makes motorcycle paints plastics shine
- Spray on, wipe off

Description	WPS#
11.4 oz 12/case	82-2220

### CHAIN LUBE PASTE

- Excellent for road and kart use
- Very low rolling resistance for more power
- Compatible with o-ring, x-ring and z-ring chain
- Brush applicator
- White in color

Description	WPS#
5.7 oz 12/case	82-2214

### PERFECT SEAT

- Powerful cleaner and restorer for all vinyl saddles
- Non - slip formula
- UV protection to protect from sun fading

Description	WPS#
8.45 oz 12/case	82-2222

### MOTO WASH

- Powerful cleaner / degreaser
- Safe on all paint, metallic components and plastics
- Leaves a corrosion resistant film

Description	WPS#
1 lt 12/case	82-2227

### ENGINE CLEAN

- Lowers engine wear
- Decreases oil and fuel consumption
- Reduces emission and pollutants
- Reduces deposits, varnishes and other combustion residues from areas such as lifters, piston grooves and rings

Description	WPS#
6.7 oz 12/case	82-2130

## CHROME & ALUMINUM POLISH

- Cleans, restores and shines all chrome and aluminum

Description	WPS#	
3.38 oz 12/case	82-2224	

## INSECT REMOVER

- Removes splattered insects, organic residues and tar from wind screens, fairing, paint, metal and plastics

Description	WPS#	
13.5 oz 12/case	82-2225	

## SCRATCH REMOVER

- Removes superficial scratches on any painted or varnished surfaces
- Restores gloss shine
- Good on fairings and helmets

Description	WPS#	
3.38 oz 12/case	82-2226	

## HELMET CLEAN

- Cleans the outside of helmets leaving no marks
- Suitable for all helmets

Description	WPS#	
8.45 oz 12/case	82-2230	

## PERFECT LEATHER

- Cleans, nourishes and revives all types of leather
- Protects against external aggressions
- Makes apparel water resistant
- Prolongs the life of leather

Description	WPS#	
8.45 oz 12/case	82-2231	

## HANDS CLEAN

- Cleans hands without water
- Dissolves grease, oil and other stubborn dirt
- Non-aggressive
- Dermatological tested formula
- Does not dry out skin

Description	WPS#	
3.38 oz 12/case	82-2232	

## SHINE & GO

- Clear Coat
- Silicone base
- Restores the beautiful luster of plastics, rubber and paints
- Leaves a protective non - stick film

## FOG BLOCKER

- Specifically formulated to prevent fogging under the most extreme environments
- Increase safety through increased visibility

Size	WPS#	
4 oz pump	12/case	57-0254

## SILVERFIRE 4-STROKE ENGINE OIL

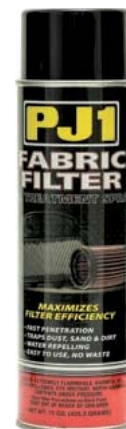

- Meets or exceeds API SG, JASO MA
- Low coefficient of friction increases power and engine efficiency
- Shear stable viscosity improver protects against viscosity breakdown
- Keeps engine clean and protects against varnish and sludge formation
- Good for motors with wet or dry clutches

Description	WPS#	
10W40 1 lt	6/case	57-0935
10W40 1gal	2/case	57-0936

**PRO-ENVIRO SHOP CHEMICALS**

No Chlorinated Solvents to Destroy the Environment

**CARBURETOR AND CHOKE CLEANER**

- Ideal for quick cleaning of injectors, carburetors, jets and linkage
- High power spray, not harmful to rubber, vinyl or plastic
- May be harmful to painted surfaces

**BRAKE CLEANER**

- Cleans and degreases all brake units
- Evaporates quickly without residue
- Will not harm rubber, plastic or painted surfaces

**CONTACT CLEANER**

- Removes carbon and contaminants from electrical components
- Evaporates quickly without residue
- Will not harm rubber, plastic or painted surfaces

**BLACK LABEL CHAIN LUBE**

- Penetrates deep into the chain
- Lubricates pins, rollers, side plates, and sprocket
- Reduces chain stretch and the requirement for frequent adjustments
- Protects chain against the elements

**BLUE LABEL**

- Clear formula won't fly off
- Displaces and repels water
- Reduces chain stretch and the requirement for frequent adjustments
- Lubricates between roller and sprocket
- Preserves O-Rings
- Can also be used on standard chains

**TRACKBITE TRACTION COMPOUND**

- Custom formulated resin that provides controlled traction for competition racing
- A water resistant liquid for track and tire which improves traction on asphalt and concrete surfaces
- It achieves added traction by means of adhesion and does change tire compounds
- NHRA & IHRA approved
- Ideal for drag and other race applications

Description	WPS#
1 gal 2/case	<b>57-0140</b>

**WHEELY BAR SPRAY CHALK**

- Has been developed to replace messy shoe polish
- Commonly used on Wheely bar wheels in drag racing
- Effectively helps in determining chassis and clutch adjustments
- Available in white only.

Description	WPS#
10 oz aerosol 6/case	<b>57-0145</b>

## 20W50 MOTOR OIL

- Blended with specific friction modifiers that are compatible with wet-clutches, suitable for JASO MA applications
- Extended drain intervals over other brands due to higher quality basestocks and excellent dispersants
- Designed for the latest Big-Twin motorcycle engines that specify 20W50 motor oil, including Evolution, Twin Cam, and aftermarket engines of similar design
- Superior film strength through the use of ester base stocks for protection and ring seal

Description	WPS#
1 qt 12/case	57-6531
55 gal	57-6537

WPS PAYS 1/2 FREIGHT ON DRUMS OF OIL

## V-TWIN PRIMARY OIL

- Same fluid as our famous MTL gear oil
- This product is for use in the primary chaincase with wet-diaphragm spring clutches.
- Improves clutch operation while reducing wear and temperature
- For 1984-to-present V-Twin American motorcycle engines, including Evolution, Twin Cam, and aftermarket engines of similar design
- Where most synthetics are too slippery for clutch operation, this friction-balanced product is balanced to provide less slip, smoother operation, and helps to apply more power in modified engines

Description	WPS#
1 qt 12/case	57-6522

## FUNNEL

- That funnel that works
- Rotate around to get into those extremely difficult areas
- Works with all fluids

WPS#  
57-6599

## 20W60 MOTOR OIL

- Recommended for V-twins that need more viscosity due to operation in extremely hot climates.
- Popular for Evos and Twin Cam engines with big bore kits, stroker kits or issues with valvetrain noise
- Specifically blended for air-cooled V-Twin engines with traditionally wide clearances like Knuckleheads, Shovelheads and Panheads
- Superior film strength through the use of ester base stocks for protection and ring seal
- Extended drain intervals over other brands due to higher quality base stocks and excellent dispersants

Description	WPS#
1 qt 12/case	57-6532
55 gal	57-6538

WPS PAYS 1/2 FREIGHT ON DRUMS OF OIL

## V-TWIN TRANNY OIL

- This product dampens transmission noise (reducing the notorious shifting clunk found in these gearboxes), dramatically reduces temperature, provides thicker oil films between gear teeth and resists throw-off
- For all aftermarket versions like Baker, JIMS, S&S, etc.
- For all H-D® trans including with Evolution engines, Twin Cam engines, and latest 6-speed Cruise Drive
- Same fluid as our unique Heavy ShockProof® Gear Oil

Description	WPS#
1 qt 12/case	57-6521

## 80W GEAR OIL

- Popular for Sportster V-Twin transmissions
- ShockProof® features microscopic solid medium to provide cushioning between gear teeth, while maintaining lower drag
- Provides consistent shifting and wet-clutch operation

Description	WPS#
1 qt 12/case	57-6520

## POWERPACKS

- Complete kit for Big Twins with either 20W50 or 20W60 motor oil
- Includes 5 quarts of Motorcycle Oil, 1 quart of V-Twin Transmission Oil with ShockProof, 1 quart of Primary Chain Case Oil, 1 bottle of Fuel Injection Cleaner for Motorcycles, a sticker kit, a Red Line Oil embroidered hat, and a versatile funnel

Description	WPS#
20W50	57-6560
20W60	57-6561

## SYNTHETIC DOT 4 BRAKE FLUID

- Engineered to maintain viscosity and lubricity at extreme temperatures
- Safeguards against vapor lock and brake fading
- Blends with and meets specifications of DOT 3, DOT 4, DOT 5.1
- 604 degrees Fahrenheit dry, 400 degrees Fahrenheit wet

Description	WPS#
DOT 4 16 oz 6/case	57-6575

## SUSPENSION FLUID

- Superior shear stability over most popular shock oils
- Allows use of lower viscosities
- Far less shock fade, provides lower operating temps for same viscosity when compared to conventional fluids
- Eliminates most foaming and provides excellent seal lubricity
- Anti-wear additives assist in longer shock life
- These products can be mixed together to create intermediate viscosities, customized for a dampener's particular characteristics

Description	WPS#
Likewater 16 oz 12/case	57-6550
2.5W16 oz 12/case	57-6551
5W16 oz 12/case	57-6552
10W16 oz 12/case	57-6553
30W16 oz 12/case	57-6554

## ASSEMBLY LUBE

- Prepares potential wear surface and prevents metal contact before adequate lubrication can be supplied
- Unlike other assembly lubes, Red Line's will not plug filters after initial engine start-up
- Provides 3x greater film strength than conventional black Molybdenum Disulfide greases
- Excellent rust and corrosion inhibitor, allows for long-term storage
- For use on camshafts, lifters, pushrods, piston skirts, main and rod bearings, and bolt threads
- Do not use on exhaust bolts or other high temperature bolts which require an anti-seize
- Recommended and used by top camshaft and drivetrain manufacturers

Description	WPS#
4 oz 12/case	57-6565
12 oz 6/case	57-6566

## FUEL SYSTEM CLEANER

- Concentrated, high-temp detergents clean your carburetors or fuel injectors, fuel lines, tank, intake valves, combustion chambers, fouled plugs
- Improves fuel economy, throttle response, hesitation and stalling
- Compatible with both pump gas and race fuel, pre-mixed or injected two-strokes
- Cleans deposits on intake valves and combustion chambers, lubricates upper cylinder
- Reduces octane demand and regain lost power and improve fuel economy
- Cleans emission control systems (safe for the latest catalytic converters and sensors)

Description	WPS#
4 oz 12/case	57-6545

## 4 CYCLE LUBRICATION

### T4SR MPZ 100% SYNTHETIC ENGINE OIL

- A combination of the best synthetic based oils, shear stable-ring sealing polymers and MPZ additives
- Withstands high temperatures and RPMs without fluid film breakdown
- Provides the ultimate in protection, performance and cleanliness
- Increases horsepower and RPM while improving shifting

Description	WPS#
10W40 1 lt 12/case	<b>88-6070</b>
20W50 1 lt 12/case	<b>88-6071</b>

### T4 PETROLEUM MOTORCYCLE OIL

- Specially formulated for high-performance 4-cycle motorcycles, which place exceptional demands on motor oils
- Provides greater lubrication at higher RPMs and at high operating temperatures
- Resists shearing action of the transmission

Description	WPS#
10W30 1 lt 12/case	<b>88-6051</b>
10W40 1 lt 12/case	<b>88-6054</b>
10W40 55 gal	<b>88-6052</b>

20W50 55 gal	<b>88-6053</b>
Oil Drum Pump	<b>27-0190</b>

### TR-1 MPZ MOTORCYCLE ENGINE OIL

- The ultimate petroleum base high performance oil designed for motorcycles
- Formulated with Torco's exclusive synthetic viscosity improver and race proven MPZ additive
- MPZ provides better cooling, cleaning, ring sealing and wear protection

Description	WPS#
10W40 1 lt 12/case	<b>88-6030</b>
20W50 1 lt 12/case	<b>88-6032</b>
10W40 55 gal	<b>88-6031</b>
Oil Drum Pump	<b>27-0190</b>

### T-4MXR/T-4R SYNTHETIC/PETROLEUM BLEND

- New generation of MPZ racing oil with an unmatched formula of synthetic and petroleum based oils, polymers and performance additives
- Flows freely in a cold engine and maintains a heat resistant oil film when hot
- Reduces piston scuffing, valve train wear and maintains better ring sealing

\* T-4MXR Recommended for Offroad 4-Stroke racing engines

Description	WPS#
10W40 1 lt T-4R 12/case	<b>88-6062</b>
20W50 1 lt T-4R 12/case	<b>88-6063</b>
15W40 1 lt T-4MXR 12/case	<b>88-6064*</b>

**WPS PAYS 1/2 FREIGHT ON DRUMS OF OIL**

### ENGINE OIL

- Formulated using highly stable hydrocracked base stocks and our race proven MPZ additive providing better cooling, cleaning, ring scaling, deposit control and wear protection
- Special additive components maintain viscosity and provide thermal stability under high heat environments found in air-cooled V-twin engines

Description	WPS#
20W50 1 lt 12/case	<b>88-6086</b>
50W 1 lt 12/case	<b>88-6087</b>
60W 1 lt 12/case	<b>88-6089</b>

### TRANS LUBE

- V-Series Trans Lube is a selective blend of synthetic and petroleum-based oils designed to protect all gear face surfaces and bearing compounds
- Race-proven extreme pressure and anti-friction chemistry promotes the highest degree of protection for extended transmission life
- This shear stable formula also provides smooth shifting and prevents the formation of rust and oxidation

Description	WPS#
75W90 1 lt 12/case	<b>88-6195</b>

## PRIMARY CHAINCASE LUBRICANT

- V-Series Primary Chaincase Lubricant is a synthetic and petroleum-based fluid designed to protect all critical drive components found in Harley® and aftermarket primary chaincases
- Selective blend of extreme pressure and anti-friction additives provide the highest degree of protection as well as smooth positive clutch operation

Description	WPS#
1 lt 12/case	<b>88-6191</b>

## RFF RACING FORK FLUID

- Designed to exceed the demands of all cartridge and conventional fork applications
- This high VI synthetic blend formula features the best anti-stiction technology and promotes consistent dampening under the most extreme temperature conditions
- Best protection against foaming, seal swell, oxidation, corrosion, friction and wear

Description	WPS#
5W 1 lt 12/case	<b>88-6100</b>

Pump for 5 gal pail	<b>78-9829</b>

## MGO HYPOID GEAR OIL

- A blend of the finest synthetic and petroleum base oils and polymers with extreme pressure, anti-wear, anti-foam and anti-oxidant additives
- For use when heat, speed and shear are critical factors

Description	WPS#
80W90 1 lt 12/case	<b>88-6181</b>

## RSF RACING SHOCK FLUID

- Viscosity controlled formula for the highest degree of consistency
- Extreme anti-wear, anti-friction, anti-foam and anti-oxidation protection
- Extends seal life

Description	WPS#

Oil Drum Pump	<b>27-0190</b>

## ACCELERATOR RACE FUEL CONCENTRATE

- A blend of components which transforms the make up of premium pump gas to closely resemble race fuel
- Significantly raises the octane of premium fuel (91 octane): 32 oz To 10 gals = 102 octane, 32 oz to 5 gals of fuel = 105 octane!
- Will not harm sensitive O2 sensors or catalytic converters
- Great for motorcycle, ATV, snowmobile, watercraft and automotive use

Description	WPS#
32 oz 12/case	<b>88-6325</b>

## TITANIUM CHAIN LUBE

- Eliminates "Fling off"
- Formulated with anti-rust chemistry
- Extreme pressure and shear stable formula
- Designed for all standard, O-ring and racing chains

Description	WPS#
5.5 oz 12/case	88-6311
13 oz 12/case	88-6312

## BRAKE/CONTACT CLEANER

- Effectively removes brake fluid, oil and greases
- For use on brakes, electrical components and all metal surfaces
- Quick drying with no residue
- Noncorrosive and nonstaining

Description	WPS#
13 oz 12/case	88-6315

## MOTO-PREP SILICON SPRAY

- Revives dull faded surfaces to dry shiny finish
- Formulated for use on plastic, painted, fiberglass and metal surfaces providing a long lasting shine
- Highly recommended for the underside

Description	WPS#
19 oz 12/case	88-6306

## MPZ SPRAY LUBE

- Same qualities as the MPZ engine assembly lube in the convenience of an aerosol spray
- Heat proof, wear proof, rust proof
- Unique high tech multi purpose lubricant that stays put and won't let go

Description	WPS#
5.4 oz 12/case	88-6305

## MPZ ENGINE ASSEMBLY LUBE

- Friction proof, wear proof, corrosion proof, water proof
- Excellent lube for engine assembly. Use on wrist pins, bearings, bushings and gears

Description	WPS#
4oz tube 12/case	88-6300

## MPZ CAM LUBE

- Recommended as a pre-lube for engine assembly
- For coating cams, rocker arms, valves and springs
- Same formula as engine assembly lube in a thicker viscosity

Description	WPS#
1oz tube 12/case	88-6308

## WATERPROOF GREASE

- Lithium complex grease offers excellent lubricating properties
- Race proven formula is designed to protect against shock loading, extreme pressure and water washout

Description	WPS#
8oz tube 12/case	88-6307

## BIG BIKE WASH

- Hog Wash Brand Big Bike Wash has got you covered
- This proprietary formula removes grease, bugs, dirt and road grime
- Leaves a shine better than any of the competitors
- With its spray on, rinse off, no scrub formula you will be out cruising
- Safe for all bike surfaces when used as directed
- Non-corrosive and biodegradable

Description	WPS#	
22oz	12/case	80-0280
1gal	4/case	80-0281

## SWINE SHINE

- Cleans and shines all surfaces SAFELY and QUICKLY without using water
- Good on painted surfaces, windshields, chrome, aluminum, fiberglass rubber and laminated graphics
- No need for scrubbing, rinsing or drying
- This great smelling formula contains no harsh solvents
- Fortified with Polyseal Protection
- Give your bike a deep rich shine that protects from UV damage
- Protects against acid rain, and water spotting
- Its high lubricating agents encapsulate dirt and grime for easy removal

Description	WPS#	
4oz	12/case	80-0282
22oz	12/case	80-0283

## WINDSHIELD CLEANER & PROTECTANT

- High tech blend of surfactant cleaners and polymers
- Cleans and protects your windshields in one easy step
- Advanced polymers repels rain, prevent bugs from sticking and eliminate fingerprints
- Leaves a finish unequaled by other products
- Prevents fogging and safely cleans without scratching
- Safe for all windshield surfaces including polycarbonate and Lexan®

Description	WPS#	
4oz	12/case	80-0286

## MATTE FINISH CLEANER & PROTECTANT

- Cleans all matte, denim and carbon fiber surfaces SAFELY and QUICKLY
- No water needed, no scrubbing, rinsing or drying!
- Contains no harsh solvents
- Fortified with Polyseal, shields surfaces from UV damage
- Protects against acid rain, water spotting and fingerprints
- Just spray on, wipe, and you're done
- Good for all painted surfaces, anodizes, powder coated, chrome, aluminum, fiberglass, plastic, rubber and windshields

Description	WPS#	
8oz	12/case	80-0287

## MELT MAGIC BURN REMOVER

- A fast and easy answer to removing unsightly burn marks
- Caused by rubber and plastic that has been melted onto exhaust pipes and motors from boots or rain gear
- Safely and effectively removes debris without damaging bike surfaces or chrome pipes

Description	WPS#
4oz 12/case	80-0290

## METAL POLISH

- Thick no-run formula that stays where you want it
- Cleans, polishes and preserves most metal surfaces
- Good for chrome, aluminum, brass, nickel, stainless steel, bronze, copper, magnesium, platinum
- Contains white jewelers rouge that makes billet aluminum shine like chrome
- Not for use on clear coated or anodized surfaces

Description	WPS#
8oz 12/case	80-0291

## BLACK BACK

- Advanced silicone product that is the perfect finishing touch
- A great melon scented spray quickly brightens, protects and restores
- Good for paint, plastics, vinyl and rubber
- Contains no ozone depleters or chlorinated solvents
- Prevents dirt from adhering to treated surfaces

Description	WPS#
12oz 12/case	80-0292

## PIG GREASE

- Retards rust, repels moisture, lubricates and penetrates rust on any metal
- Harmless to paint, plastics, rubber or fabric
- Does not contain silicones
- Good for motorcycle, automotive, boat and marine equipment
- Ideal for sporting goods or household items
- Dries out wet ignition systems and motors, stops battery corrosion, and loosens rusty bolts
- Use on fishing tackle, guns, tools or any metal item where lubrication or rust and corrosion protection is needed

Description	WPS#
11oz 12/case	80-0293

## MICROFIBER DETAILING CLOTHS

- 16" x 16"
- Non-electrostatic, super absorbent, hypoallergenic, lint free and non-abrasive
- Reusable and machine washable

## LEATHER CLEANER & PROTECTANT

- A one step advanced formula for cleaning, restoration and protection
- When dry it leaves a transparent, non-slippery, and water repellent gloss coating
- Beautifies and restores surfaces
- UV protection ingredients helps to prevent drying, cracking and fading

Description	WPS#	
4oz	12/case	80-0284
22oz	12/case	80-0285

## COMPLETE FUEL TREATMENT

- Reduces problems caused by ethanol and non ethanol fuels
- Removes water from fuel
- Increases horsepower
- Stabilizes fuel for up to 36 months
- 1 oz treats up to 10 gallons of fuel, boosts octane up to 4 points

Description	WPS#	
1oz	80-0296	

Description	WPS#

## STREET BIKE CLEANING AND DETAIL KIT

- Attractively packaged in a retail quality box
- A great gift idea

**Kit contains:**

- 1-32 oz bottle of Street Bike Wash
- 1-14 oz can of Spray Cleaner and Polish
- 1-8 oz bottle of Metal Polish
- 1-2 pack of Micro-fiber detailing cloths

Description	WPS#
Cleaning and detail kit	12/case <b>80-0240</b>

## DETAILING KITS

**Quick Detailing Kit contains:**

- 1-14 oz can of Spray Cleaner and Polish
- 1-2 pack of Micro-fiber detailing cloths

Description	WPS#
Quick Detailing Kit	8/case <b>80-0224</b>
Roadside Detailing Kit	6/case <b>80-0225</b>

**Roadside Detailing Kit contains:**

- 1-5 oz can of Spray Cleaner and Polish
- 1 Micro-fiber detailing cloth

## CLEANER AND POLISH

- Formulated to remove road grime, dirt, grease and bugs on contact
- This roadside detailer with its spray on, wipe-off formula requires no water and leaves a showroom shine
- Protects against sun and ozone damage, safe for all surfaces

Description	WPS#
5oz	12/case <b>80-0218</b>
14oz	12/case <b>80-0219</b>

## STREET WASH

- Premium street bike wash has got you covered with a secret formula that removes grease, dirt and road grime better than any other competition
- Non-corrosive, biodegradable and safe for all surfaces

Description	WPS#
32 oz 12/case	80-0211
1 gal 4/case	80-0212

## BLACK STREAK REMOVER

- No-scrub, spray on, wipe off formula
- Quickly and easily removes those hard to clean black streaks
- Spray on soiled area and wipe clean with a clean wet cloth or sponge
- Works great on fiberglass, aluminum and all painted surfaces

Description	WPS#
32oz 12/case	80-0270
1 gal 4/case	80-0271

## TOPKOTE

- Topkote finishing spray is an advanced silicone product that is finishing tough
- Quickly treats plastics, vinyl, rubber and more
- Helps prevent mud and dirt from sticking to treated surfaces

Description	WPS#
12 oz 12/case	80-0221

## LP-33 PENETRATING LUBRICANT

- Retards rust, drives out moisture
- Lubricates and penetrates rust on any metal
- Wont harm paint, plastics, rubber or fabric
- Contains no silicones

Description	WPS#
11oz 12/case	80-0258

## CYCLE WASH

- Cycle Wash is a surfactant based formula that lifts dirt from the surface and leaves a shine unequaled by any other cleaner
- Safe for all of today's high tech metal or plastic offroad motorcycle surfaces
- Non-corrosive and biodegradable

Description	WPS#
32 oz 12/case	80-0200
1 gal 4/case	80-0201
5 gal pail	80-0203

## RDX RUBBER & ADHESIVE REMOVER

- RDX is an environmentally friendly cleaner
- Removes adhesive residue, rubber, soils and grease

Description	WPS#
15 oz 12/case	80-0233

## CONTACT CLEANER

- Concentrated blend of solvents removes grease, grime, brake fluid and other contaminants from brake components
- Evaporates instantly and completely, leaving no residue to hinder performance
- VOC compliant

Description	WPS#
14oz 12/case	80-0230

## POLY WAX

- Provides long lasting protection from dirt, road salts, detergents and oxidation
- Easy to use formula delivers a deep, wet-looking high-gloss shine
- No white residue of traditional waxing
- Provides months of protection in one easy step

Description	WPS#
8oz 12/case	80-0259

## METAL POLISH

- Cleans, polishes and preserves most metal surfaces
- Works great on chrome, aluminum, brass, nickel, stainless steel, bronze, copper, magnesium, platinum and more

Description	WPS#
8 oz 12/case	80-0223

## PAINT POLISH

- Swirl mark reducer and gloss enhancing polish
- Restores full gloss after compounding or to remove fine scratches, swirl marks or light oxidation
- Apply by hand or machine
- Contains no silicone, fillers or waxes and is clearcoat safe

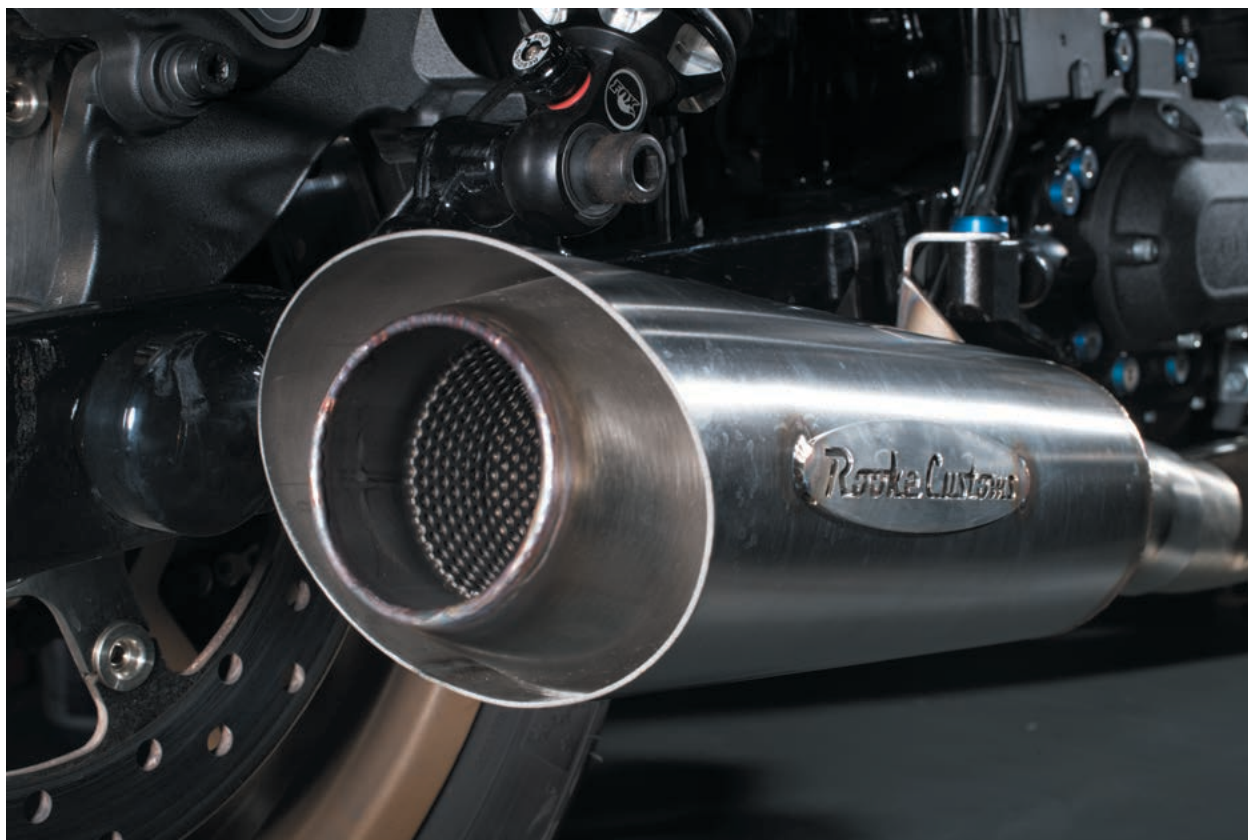

Description	WPS#
8oz 12/case	80-0260

## MICRO FIBER DETAILING CLOTHS

- Detailing cloths feature a soft surface that is ideal for high quality cleaning and detailing
- Can absorb up to seven times their weight in water
- Perfect for use in drying or polishing any reflective surface

Description	WPS#
2 per pack 12/case	80-0220

## POLISHING STRIPS

- Great for polishing aluminum, stainless steel, brass, copper, magnesium and most any other bare metal surface
- Long strips allow you to polish 360° around tubing so you don't miss a spot
- Narrow strips include 14 strips (½" x 16")
- Combo strips include 4 narrow strips, 3 medium strips (¾" x 20"), and 6 wide strips (1¼" x 26")

Description	WPS#
Narrow strips	58-9150
Combo strips	58-9151

## LUSTER PAD

- Great for polishing aluminum, stainless steel, brass, copper, magnesium and most any other bare metal surface
- Pad measures ¾" x 5"

Description	WPS#
Luster Pad	58-9155

## LUSTER COMBO KITS

- Kit A includes 8 oz. Luster Seal, 8 oz. chrome polish and 8 oz. metal polish
- Kit B includes Luster Pad, narrow polishing strips, 8 oz. Luster Seal and 8 oz. Instant Detailer

Description	WPS#
Kit A	58-9156
Kit B	58-9157

## PAINT POLISH

- Clean, polish and protect paint, plastic and fiberglass in one easy step
- Deep shine formula removes minor swirl marks, scratches and blemishes
- Leaves a UV protective coating for a deep glossy shine
- Contains Carnauba

Description	WPS#
16 oz	58-9159

## DEEP 6 WAX

- Easy to use premium industrial strength cream cleaner wax
- Non-abrasive formula leaves a durable, brilliant clear shine with optimum protection from the elements

Description	WPS#
16 oz	58-9160

## LUSTER SEAL

- Polishes, seals and protects paint, chrome, gold plate, clear coat, brass, aluminum, stainless steel and most any other bare metal surfaces
- Seals in shine and seals out pollution and oxidation for up to 6 months

Description	WPS#
8 oz	58-9162

## CHROME POLISH

- Non-abrasive polish and super protectant
- Specially formulated to bring a brilliant shine to chrome and other fine metal finishes

Description	WPS#
8 oz	58-9161

## DETAILER

- Easily lifts dust, bugs, tree sap, light road film, water spots and bird droppings from paint, chrome, fiberglass, plastic and glass
- Formulated to clean without scratching leaving a smooth, slick, deep shine and a water repellent coating

Description	WPS#
22 oz	58-9165

## SATIN MAGIC

- Long lasting dressing that provides a satin sheen on rubber, vinyl and plastic surfaces
- Protects from harmful UV rays that can cause surfaces to dry out and crack

Description	WPS#
24 oz	58-9158

## LEATHER LIFE

- Protects leather from cracking and premature aging
- Provides essential oils and lubrication that leather needs to remain soft and supple

Description	WPS#
8 oz	58-9163

## DRY LUBE

- Designed to lubricate O, X and Z-ring chains
- Dry Lube keeps your chain, rim and spokes clean and will help your chain and sprockets to last longer
- Does not turn into a sticky abrasive like most other chain lubes
- Excellent flow properties for optimum lubrication between to roller and outer sleeve
- One can of Dry Lube can replace 2 to 3 cans of standard adhesive chain lube

Description	WPS#
5 oz	12/case 58-9170
13.5 oz	12/case 58-9171

### ENGINE CLEANER

- Original - Restores dull or faded rubber, tires, trim, vinyl, paint, chrome and other surfaces

Description	WPS#
Original 9 oz aerosol 12/case	83-1015

### SIMICHROME POLISH

- Effectively cleans & brilliantly polishes tool and die molds and extrusion dyes
- Used with confidence when polishing the most delicate, precision equipment
- Yields unequaled smooth finish on steel die interiors
- Outstanding agent for purging plastic injection and molding equipment
- A unique, non-toxic and non-corrosive compound
- Provides lustrous finish for all fabricated products

Description	WPS#
1.76 oz tube 12/case	27-4825

## ThreeBond

### PLASTIC REPAIR KIT

Designed for dealerships, custom fabrication, garage/repair shops, salvage yards and the "do-it-yourselfers". Includes instructions, slow-curing glue, PP/PE Primer, accelerator, glue remover, 6 pieces of sandpaper, fibercloth 30" x 1.5" and applicator stick. Mini kit contains enough product for one to two repairs. The shop kit will do 4 to 5 repairs. Not recommended for fiberglass repairs.

Description	WPS#
Shop kit	59-9106

### WINDSHIELD CLEANER & POLISH

- For polishing and cleaning plastic

Description	WPS#
8 oz 12/case	56-6550

### PROTECT ALL

Dealers — This easy to use cleaner and polish keeps showroom display machines looking their very best.

- Cleans, polishes, protects
- Gives extra protection against harmful sun, ozone and smog

Description	WPS#
6 oz aerosol 12/case	27-4805
13.5 oz aerosol 12/case	27-4806

### PLASTIC CLEANER, PROTECTANT AND POLISH

- Meets aircraft industry's high standards
- The most effective product you can buy for cleaning, polishing and protecting plastic
- Use on plastic, fiberglass, Kevlar, carbon fiber, acrylic paint, chrome and aluminum
- Seals surface pores with a micro thin layer of glossy protective wax
- Resistant to debris, oil, scratches and reduces fading and yellowing
- Anti-static properties repel dust and lint
- Spray it on — Wipe it off

Size	Description	WPS#
7 oz	12/case	27-4837
13 oz	12/case	27-4839

### Plastic Renew™ PLASTIC RESTORING KIT

- Restores color and shine to dull and faded plastic
- Will not build up or discolor plastic
- Permanent; will not come off with normal washing

Description	WPS#
8oz Kit	27-4842

## ORIGINAL BIKE SPIRITS

- “Roadside Detailer” Cleans Road Grime, Grease & Bugs Without Water
- Polishes Paint & Chrome
- Repels Water
- Anti-Static Properties
- Reduce Dust Buildup
- 50-State VOC Compliant

Description	WPS#
5 oz 12/case	58-7710
14 oz 12/case	58-7700

## FUEL SYSTEM SUPREME

- Fuel system and carbon deposit cleaner
- Improves fuel efficiency and drivability
- Reduces engine ping and knock, helps reduce emissions
- Use as regular maintenance every 3,000 miles
- For gasoline engines only

Description	WPS#
8 oz 12/case	58-7706

## CHAIN LUBE

- Contains P.T.F.E. and moly for superior lubrication
- Fast drying no sling-off formula
- Dyeless, won't stain white paint
- Repels dirt and water
- Superb rust protection
- For use on o-ring and standard chains
- 50-State VOC compliant

Description	WPS#
13 oz 12/case	58-7713

## CHAIN LUBE WITH GRAPHITE

- White graphite technology for superior lubricity
- Compatible with o-ring and conventional chains
- Quick drying to a white tacky lubricating film
- No sling-off formula minimizes attraction of grit, sand and dirt
- Resists wash-off
- 50-State VOC compliant

Description	WPS#
13 oz 12/case	58-7704

## BRAKE CLEANER

- Non-Chlorinated
- Removes grease, oil, road grime, brake fluid and chain lube overspray
- Instant evaporation
- 58-7701 CAN NOT BE SOLD IN CALIFORNIA OR UTAH
- 58-7702 Low VOC is 50 state/CARB compliant

Description	WPS#
14 oz 12/case	58-7701
14 oz low VOC 12/case	58-7702

## CARBURETOR CLEANER

- Cleans carburetors, chokes and throttle bodies
- High pressure blast spray
- Helps eliminate stalling and rough idling
- Cleans inside and out
- 50-State VOC compliant

Description	WPS#
12 oz 12/case	58-7705

## TOTAL CYCLE CLEANER

Rider Magazine called it "the Revolution for the Saturday morning wash" and no wonder! A clean bike in 15 minutes with no muss and no fuss.

- Spray on, hose off formula
- More riding time, less cleaning time
- Factory approved and supplied to leading bike manufacturers
- All surface safe

Description		WPS#
A 500 ml bottle with sprayer	12/case	59-9300
B 21 oz aerosol	12/case	59-9301
C Deluxe set with sprayer, sponge and booklet	12/case	59-9302
1 liter refill for deluxe set	12/case	59-9303
5 liter canister		59-9304
100 liter drum		59-9305

## ACCESSORIES

### SPRAYER FOR 5 LITER CANISTER INCLUDES:

- Heavy duty spray head and cap
- 6 foot hose eases cleaner application
- Perfect for bike prep, shop use

WPS#  
**59-9330**

### DRUM PUMP FOR 100 LITER DRUM INCLUDES:

- Thread adapter
- Pumps approximately
- 1 pint/stroke

WPS#  
**59-9331**

## SHINE ENHANCING CLEANSER

- Removes water spots and small swirl marks
- Clear coat safe
- Preps bike for the perfect wax job

Description WPS#  
11.8 oz 12/case **59-9307**

## CARNAUBA PASTE WAX

- The ultimate in depth of shine
- Easy on, easy off formula
- Does not contain cleaners or abrasives
- Non-powdering; won't stain rubber or plastics

Description WPS#  
6.2 oz 12/case **59-9306**

## DETAIL + WAX

- Clean and shine in one easy step
- Incredible water-repellent shine
- Contains Carnauba
- Helps resist damaging UV rays

Description	WPS#
10 oz aerosol 12/case	59-9311

## SPECIAL SURFACES CLEANER

- Spray on, wipe off streak-free plastics cleaner
- Removes bugs, rains spots, road film
- Use on helmets, visors, fairings, instruments etc.
- Safe for all types of plastics

Description	WPS#
10 oz 12/case	59-9314

## WHEEL CLEANER

- Removes the toughest brake dust
- Non-acid, non-lye based formula
- Safe for all wheels and coatings, even anodized
- Unique gel formulation clings for better cleaning

Description	WPS#
500 ml	59-9308

## ENGINE BRIGHTENER

- Makes engines look "factory new" again
- Easy spray-on formulation
- High temperature stable
- Detergent resistant

Description	WPS#
4.5 oz aerosol 12/case	59-9312

## CORROSION PROTECTANT

- Keeps metals corrosion-free during riding season
- Easy spray on formulation
- Salt spray tested at Daytona
- Perfect for winter lay-up

Description	WPS#
7.4 oz aerosol 12/case	59-9309

## FINISH RESTORER

- Quickly shines up tarnished metals
- Use on chrome, aluminum, stainless
- Buffs out easily
- No ammonia odor

Description	WPS#
3.5 oz	59-9310

## CHAIN LUBE NEW

Unique protection that performs

Our BananaSlip Chain Lube has been specifically formulated to perform exceptionally well under intense use in all weather conditions, while providing long lasting protection. Upon application it penetrates deep into all parts of the chain to give optimum coverage. BananaSlip Chain Lube contains a unique combination of properties in order to reduce frictional losses while leaving an anti-fling wet film with a slippery banana-flavored scent to protect against even the harshest environments.

Uses for BananaSlip Chain Lube:

- High performance motorcycles
- Street, track or race riding
- Regular application of chain oil
- Aggressive or fast riding
- Frequent gear changes and quick-shifting
- 500ML

WPS#

**59-2810**

## PRIMESHINE NEW CHAIN CLEANER

- Perfectly removes all grease, oil and dirt build up
- Added chain protection
- Highly effective and easy to use
- Suitable for standard O, X and Z-Ring chains
- Reduces friction
- Brilliant for all road, off road and race chains
- 500ML

WPS#

**59-2812**

## CHAIN WAX NEW

Hard wearing, anti-fling Chain Wax

BananaSlip anti-fling PTFE Chain Wax is perfect for motorcycle and motorsport chains that will experience prolonged cycles and high impact environmental conditions.

Our unique formulation penetrates deep into the links of the chain before drying externally to leave a protective layer against water and dirt.

By producing an ultra-long lasting wax, BananaSlip keeps the joints of the chain well lubricated and reduces frictional losses between the chain and the sprocket up to twice as long as traditional chain oils. As a result, BananaSlip Chain Wax not only lubricates and protects but also enhances performance and the life of moving components.

Uses for BananaSlip Chain Wax:

- Touring, Sports Touring
- Off-road riding
- Commuting & motorway
- Mixed riding style
- 500ML

WPS#

**59-2811**

## PRIMESHINE NEW BRAKE CLEANER

- High powered nozzle blasts away dirt and grime
- Removes all brake dust, oil and grease
- Fast drying action with no residue
- Protects all seals and rubber components
- Perfect for brakes and clutches
- 500ML

## WIZARDS MIST-N-SHINE

### PROFESSIONAL DETAILER

- Adds a show-winning gloss and slickness to any vehicle
- Brightens all paint, clear coat, fiberglass and chrome
- Perfect to use between complete wax applications
- Great for spot cleaning to remove dust, bugs, fingerprints, etc
- Safe for show chrome and Lexan
- Hides swirls
- Will not scratch or streak, even in direct sun
- Anti-static
- Contains no wax, solvents or silicone - body shop recommended

Description	WPS#
8oz	57-6314
22oz 12/case	57-6315
1 gal	57-6315G

## WIZARDS MYSTIC SPRAY AND WAX

### SLICK FINISH DETAILER

- Slick Nano Technology Protection
- Best in class spray wax-detailer-dry wash
- Instant bonding to paint, chrome, glass, fiberglass or any hard surface
- Relentless water beading wash after wash
- Extremely slick protective finish, adding gloss, depth and clarity with each application
- VOC compliant, contains no petroleum solvents or abrasives
- Pleasing fragrance

Description	WPS#
22oz 12/case	57-6300

## WIZARDS WIPE DOWN

### MATTE PAINT DETAILER

- Safe for all paint systems
- Quickly cleans matte finishes: suede, denim, satin primer, powder coat and all flat clears
- Adds no gloss or protection
- Contains no wax, solvents or silicone
- Removes dust, fingerprints, road grime and oily residue without adding gloss
- Removes streaks and smears from overuse of waxes, glazes, etc.
- Removes oily residue after buffing

Description	WPS#
22oz 12/case	57-6316
1gal	57-6316G

## BIKE WASH

### COMPLETE BIKE CLEANER

- Safe for paint, chrome, and plastics
- Foams away road grime, oil, grease, brake dust, and more
- Strong enough to degrease engines and wheels
- Ease rinse formula cleans without spotting
- Biodegradable, ph controlled, no caustic soda, acids or bleach

Description	WPS#
22oz 12/case	57-6313

## WASH CONCENTRATE

- Rich thick foam
- Easy cleaning
- Streak free rinsing
- Retains gloss and protection
- Safe for all surfaces

Description	WPS#
16 oz	57-6223

## SCRATCH REMOVER SCRATCH REMOVER & PRE-WAX CLEANER

- Levels minor scratches & swirls
- Removes light fading & blemishes
- Excellent pre-wax cleaner
- Safe on all paint, clears, & most plastics
- Hand or buffer application
- Safe alternative to harsh rubbing compounds

Description	WPS#
8oz	57-6310

## SHINE MASTER NEW

- Easy on, easy off
- Use as a wax replacement, swirl mark remover or finishing glaze by hand or machine
- No free silicone or wax
- No streaks or smears
- Awesome gloss

Description	WPS#
16oz	57-6324

## CRYSTAL CLEAR

### PLASTIC CLEANER AND POLISH

- Restores windshield clarity
- Removes hairline scratches and hazing
- Safe for clear plastics, Plexiglas and Lexan
- No harsh abrasives or hydrocarbon solvents

Description	WPS#
8oz	57-6304

## BLACK RENEW

### ALL COLOR EXTERIOR TRIM TREATMENT

- Works on all colors of exterior trim
- Instantly removes embedded wax and compound from textured body side moldings
- Cleans and renews faded trim
- Concentrated cream outlasts sprays
- No airborne silicone contaminants

Description	WPS#
8oz	57-6320

## METAL RENEW

### ALL METAL LIQUID POLISH

- Fast cut, high gloss
- Easier to apply and remove
- Brightens and renews aluminum, stainless steel and dull chrome\*
- For show chrome use Mist-N-Shine®
- Creamy emulsion does not require constant shaking
- Use by hand or with Metal Buffs Kit

Description	WPS#
8oz	57-6307

## LEATHER CARE PLUS

- Preserves and protects all fine leather, naugahyde and vinyl surfaces
- Contains moisturizers and lanolin oils
- Concentrated cream forms a penetrating leather lotion
- Use on auto, apparel, luggage and furniture

Description	WPS#
8oz	57-6341

## MYSTIC CLAY SMOOTHS ROUGH SURFACES

- Makes paint very smooth
- Removes all surface contaminants: brake dust, paint over spray, tree sap
- Safe on all paint/clears, metals, fiberglass and glass
- Made in the USA
- Will not harden over time
- Will not damage the finish

Description	WPS#
120 grams	57-6301

## METAL BUFFS KIT

- Fast, easy, power polishing, four types of Metal Buffs
- Use with Wizards® Metal Renew™ for fast polishing
- 4 unique sizes and shapes of buffs
- 1/4" shank fits most electric and air drills

Description	WPS#
Kit	57-6319

## POWER SEAL ALL METAL SEALER

- Environmental shield for all polished metals
- Provides an acrylic barrier to stop air and moisture corrosion
- Super seals and protects against rust and corrosion
- Provides easy, high gloss maintenance as a micro polish

Description	WPS#
8oz	57-6308

## METAL POLISH THE MAGIC IS IN THE CLOTH™

- Fast cutting, highest gloss possible
- Brightens and protects all metals: aluminum, chrome\*, stainless, brass, copper, nickel
- For show chrome use Mist-N-Shine®
- Removes tarnish corrosion, oxidation, brake dust, and tar

Description	WPS#
3oz	57-6305

## DETAIL CLOTHS

- High Performance, Super Absorbent
- Best choice for use with Mist-N-Shine® and Wipe Down™
- Guaranteed to absorb faster than any terry towel, cotton cloth or paper towel
- Will not lint, streak, or scratch surfaces
- Can be washed by hand or machine hundreds of times with no performance loss

## FUEL CATALYST YOU EITHER HAVE FITCH OR YOU NEED IT!

- Insure fuel quality during storage
- Increase gasoline octane or diesel cetane
- Improve engine performance (horsepower and torque)
- Improve fuel economy
- Reduce emissions - green house gases
- Reduce engine maintenance
- Improve oil burner efficiency

- One application good for 250,000 miles or 5000 operating hours
- Sold two capsules per display card
- One capsule is good for up to a 10 gal tank

Description	WPS#
2/pak	57-1290

## STA-BIL<sup>®</sup> ETHANOL TREATMENT

- A new formula designed to prevent corrosion from moisture and ethanol induced water attraction
- Best ethanol problem fighter with more than four times the fuel system cleaner than regular STA-BIL
- Contains twice the corrosion preventer than STA-BIL, as well as two non-alcohol water removers
- Designed for use with every fill up in all 2-4 stroke marine engines running gasoline, gas-oil mixtures, and ethanol blends
- Can also be used as a safe storage treatment in snowmobiles, motorcycles, motor homes, and all outdoor power equipment including lawn mowers and tractors
- 8 oz treats up to 80 gals and  
32 oz treats up to 320 gals

Description	WPS#
8 oz	57-1109
32 oz	57-1130

## GAS STABILIZER

- Prevents gum, varnish, rust and corrosion in the fuel system and combustion chamber
- Keeps stored gas fresh indefinitely
- For use in all 2-cycle and 4-cycle engines
- Recommended by 20 top engine manufacturers
- 4 oz treats 10 gals
- 8 oz treats 20 gals
- 32 oz treats 80 gals
- 1 gal treats 320 gals

Description	WPS#
4 oz	24/case 57-1104
10 oz	12/case 57-1108
1 qt	12/case 57-1132
1 gal	4/case 57-1128

## FOGGING OIL

- Protects internal engine parts during storage
- Prevents corrosion of surfaces inside engine
- For all 2-cycle & 4-cycle engines

Description	WPS#
12 oz	6/case 57-1110

## “ISO-HEET” FUEL SYSTEM ANTI-FREEZE

- Prevents gum, varnish, rust and corrosion in the fuel system and combustion chamber
- Keeps stored gas fresh indefinitely
- For use in all 2-cycle and 4-cycle engines
- Recommended by 20 top engine manufacturers
- 4 oz treats 10 gals
- 8 oz treats 20 gals
- 32 oz treats 80 gals
- 1 gal treats 320 gals

Description	WPS#
12 oz	24/case 27-1006

## XTREME CLEAN

- Engineered to remove the toughest dirt, grime and greasy stains
- Formulated to clean vinyl, fiberglass, plastic, rubber, metal carpets and more

Description	WPS#
22 oz 12/case	57-1162

## BIKE GUARD DETAILER

- Cleans and adds shine to all fiberglass, metal, chrome and painted surfaces
- Removes bug debris, grime, grease, dirt and water spots
- Protective polymers repel UV rays

Description	WPS#
22 oz 12/case	57-1163

## MATTE FINISH DETAILER

- Silicone and wax free alkaline neutral formula cleans all matte, denim, satin and all other non-glossy finishes and surfaces
- Removes road grime, fingerprints, grease, bug deposits and more
- PTFE polymers leave a protective, invisible, non-glossy, non-sticky barrier to repel damaging UV rays and dirt
- Formulated for use on all metal, fiberglass, plastic, wrapped and printed surfaces, helmets, fuel tanks, chrome, bags and more

Description	WPS#
22 oz 12/case	57-1164

## WATERSPOT REMOVER

- Instantly removes stubborn waterspots
- Works on fiberglass, metal and painted surfaces
- Spray on, wipe off formula, non toxic and non abrasive

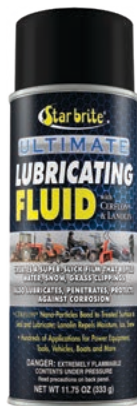

Description	WPS#
22 oz 12/case	57-1160

## ULTIMATE LUBRICATING FLUID

- Contains Cerflon® for unsurpassed lubrication and Lanolin to coat surfaces and repel dirt and water
- Forms a micro-thin film that seals the treated surface for long-lasting lubrication and protection against corrosion
- Cerflon® nanoparticles bond to treated surfaces for long-lasting lubricity of all metal moving parts
- Dielectric formula is ideal for forming a barrier against moisture and corrosion on battery terminals, junction blocks and wiring
- Deep-penetrates to loosen frozen bolts; displaces moisture; prevents further corrosion of rusted surfaces

Description	WPS#
11.75 oz aerosol 12/case	57-1180
22 oz Spray bottle 6/case	57-1181

## CORROSION BLOCKER

- Provides an invisible, long lasting, non-sticky barrier to corrosion
- Protects engines, wiring terminals, metal hardware and more
- Safe for all metal surfaces, displaces moisture and provides a non-conductive dielectric coating

Description	WPS#
22 oz 12/case	57-1161

### CLEANER DISPLAY

Countertop display includes 6 bottles each of the following:

- Bike Guard Detailer (WPS# 57-1163)
- Matte Finish Detailer (WPS# 56-1164)
- Waterspot Remover (WPS# 56-1160)
- Xtreme Clean (WPS# 56-1162)

**Description**

Display with product

### SYNTHETIC ENGINE COOLANT

- Utilizes Star Brite's revolutionary PCT additive package which is designed to maintain an engine's optimum operating temperature in order to develop maximum horsepower
- Allows engines to quickly reach and maintain proper temperature and reduce operating temperatures faster than other coolants
- Formulated to meet or exceed all OEM and appropriate ASTM standards
- Non-toxic propylene glycol formula, does not contain nitrates, amines, phosphates, silicates, borates or other ingredients that can clog radiators
- Formulated to seal pinhole leaks and fissures
- Ready to use, protects against freezing down to -26°F and boil-over to 265° F

**Description WPS#**

64 oz 4/case **57-1155**

### LIQUID ELECTRICAL TAPE

- Forms a protective, waterproof, UV resistant dielectric coating
- Prevents corrosion on wires and terminals
- Flexible and fire resistant
- Patented UL® tested fast drying formula
- Dries to the touch in 10 minutes, fully cures in 24 hours

## PRO STAR HIGH PERFORMANCE GREASE

- High-tech formulation significantly outperforms traditional greases
- Provides unsurpassed protection against wear, corrosion and heat
- Highly resistant to water washout
- Environmentally responsible formula is bio-renewable and biodegradable
- Fits most standard grease guns

Description	WPS#
14 oz 10/case	57-1168

## WHEEL BEARING GREASE

- Excellent corrosion protection from salt water and atmospheric chemicals
- Water insoluble formula resists water wash out
- Highly recommended for all marine applications, trailer wheel bearings and most all other applications a high quality grease is needed
- Fits most standard grease guns

Description	WPS#
14 oz 10/case	57-1167

## WHITE LITHIUM GREASE

- Ideal for use marine, powersport and automotive applications
- Can be used to lubricate plastic components
- Helps prevent corrosion
- Fits most standard grease guns

Description	WPS#
14 oz 10/case	57-1169

## LITHIUM GREASE

- Ideal for powersports, marine, automotive and general shop lubrication
- Excellent adhesion for maximum protection, provides effective moisture protection
- Fits most standard grease guns

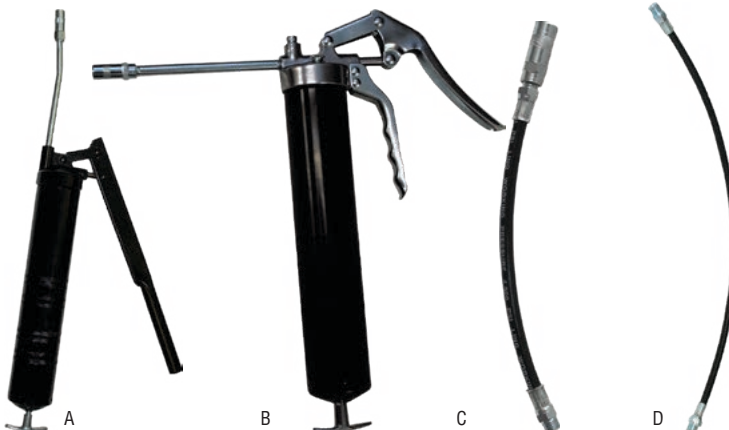

Description	WPS#
14 oz 10/case	57-1166

## GREASE GUNS

- Available in lever and pistol style
- Ideal for most all lubrication tasks
- Corrosion resistant finish
- Fits standard zerk fittings
- Accepts all 14 oz grease cartridges
- Flexible extension hoses available separately

Description	WPS#
A Lever style	57-1171
B Pistol style	57-1172
C 12" Extension hose w/nozzle	57-1173
D 18" Extension hose no nozzle	57-1174

## STARTING FLUID

- Helps with starting in all types of engines
- Saves battery draw in extremely cold weather

Description	WPS#
11 oz 12/case	59-9083

## CARBURETOR CLEANER

- Removes carbon, gum, and varnish deposits
- Safe for oxygen sensors
- California compliant

Description	WPS#
12 oz 12/case	59-9084

## BRAKE CLEANER (CALIFORNIA)

- Economical
- Fast drying
- Non-chlorinated
- Low VOC
- California compliant

Description	WPS#
13 oz 12/case	59-9081

## GASKET SEALER

### UNLIMITED USES

Because of its special composition, Gasgacinch has many more uses than just a gasket sealer. Due to the flexible bonding powers of Gasgacinch, it can also be used for the following:

- Grip belt dressing
- Preventing rim leaks on new and used tubeless tires
- Tire boot patches
- Head gasket seal

GASGACINCH CONTAINS NO HEAT RETAINING METAL POWDERS SOLIDS ARE OF HEAT RESISTING FORMULA COMPOUNDS

Description	WPS#
4 oz 24/case	59-9090
8 oz 12/case	59-9091

## STEEL REINFORCED EPOXY PUTTY

- Dries steel-hard in 15 minutes
- Ready to drill and tap in 1 hour
- Easy to use - no waste
- 500° Temperature resistant
- 3-year shelf life
- Sets up under water
- Impervious to chemicals
- Permanently bonds to aluminum, brass, copper, steel, PVC, fiberglass, plastics and much more

## QuikSteel

## PETROCHEM CABLE CARE KIT

PREVENTS THROTTLE FREEZE OR HANG UP

The easy way to lubricate the cables on your motorcycle. Lubricates completely in five seconds! The CABLE LUBER power injects Petrochem CABLE LIFE into the cable with no spill-over or mess. Just attach the CABLE LUBER to either end of the cable, insert the snorkel and press the button. The cable will be cleaned out while being recharged with fresh lubricant. Cables need not be removed from the machine. Aids in preventing throttle from freezing in the open position. Good to -70°F. Lubricates and rust proofs.

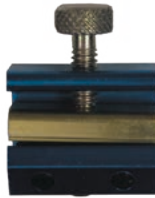

Cable Care Kit includes 1 6 1/4 oz Cable Life and 1 Cable Luber

Description	WPS#
Cable Care Kit	27-4800
Cable Life 6 1/4 oz can 24/case	27-4801
Cable Luber	27-4802

### CABLE LUBER

- Injects lubricants into cable with a minimum of mess
- Makes cables work as good as new
- Inexpensive

Description	WPS#
cable luber	57-8182
cable lube	57-0002

### CABLE LUBER

WPS#  
27-4820

## WD-40

- Prevents rust and corrosion
- Lubricates and will not gum up, even in freezing temperatures
- Penetrates rusted parts and frees them
- Displaces moisture on chains or electric parts
- Excellent for shop use

Description	WPS#
8 oz aerosol California Compliant 12/case	27-1125
11 oz aerosol California Compliant 12/case	27-1126
1 gal refill California Compliant 4/case	27-1127
Spray applicator (empty)	27-1122

## TRI-FLOW

### PENETRATING LUBRICANT

Light viscosity and high penetration. Resists water washout and the need for constant reapplication. Can carry heavy stress loads. Cleans and protects against dirt and build-up. Displaces moisture, prevents icing and inhibits the formation of rust and other corrosive build-ups. Sold Each.

Description	WPS#
2 oz Drip 12/case	27-4761
4 oz 12/case	27-4750
6 oz 12/case	27-4760
12 oz 6/case	27-4751
1 gal 4/case	27-4752
6.25 oz grease	27-4766

### CABLE LUBE

Description	WPS#
11 oz 6/case	57-0112

## ENZYME FUEL TREATMENT

### CURES AND PREVENTS ETHANOL FUEL PROBLEMS

Unique enzyme formula prevents phase separation and fuel gelling by breaking down water and sludge to sub-micron size particles allowing it to be safely burned away during normal engine operation, eliminating ethanol fuel problems.

Description	WPS#
1 oz single 24/case w/counter display	57-1150
1 oz 2/pk qty 12/2pk per case	57-1142
8 oz 6/case	57-1140
8 oz 12/case (High Concentrate)	57-1147
8 oz Diesel Treatment 6/case	57-1146
8 oz 6 pack w/counter display	57-1141
8 oz 24 pack w/counter display	57-1151
8 oz 48 pack w/floor display	57-1143
8 oz 96 pack w/floor display	57-1144
16 oz 12/case (High Concentrate)	57-1145
32 oz 12/case (High Concentrate)	57-1149
1 gal (High Concentrate)	57-1148

- Safe for all 2 and 4 cycle engines
- Stabilizes fuel for up to 2 years
- Rejuvenates old fuel
- Removes carbon and varnish
- Improves fuel economy
- Cannot be overdosed
- 8 oz bottle treats up to 48 gallons of gasoline
- 8 oz high concentrate bottle treats up to 128 gallons
- 16 oz bottle (highly concentrated) treats up to 256 gallons of gasolines
- 8 oz diesel formula treats up to 128 gallons of diesel

## DIESEL DR. COMPLETE

- Removes water from fuel
- Cleans and lubricates
- Prevents gelling to -40 degrees
- Reduces smoking
- Prevents algae growth
- Increases fuel mileage
- Boosts Certane and horsepower

Description	WPS#
4 oz 12/case	80-0244
16 oz 10/case	80-0245
1 gal 4/case	80-0246

## COMPLETE FUEL SYSTEM CLEANER

- Advanced combustion detergent
- Cleans injectors, carburetors and intake valves
- Removes carbon
- Improves air/fuel induction system
- Reduces exhaust emissions
- Improves fuel mileage

Description	WPS#
1 oz 24/case	80-0237
4 oz 12/case	80-0238

## ETHANOL EQUALIZER

- Stops all ethanol fuel problems
- Removes water from fuel
- Increases fuel mileage
- Increases horsepower
- Stabilizes fuel
- Boosts octane
- EPA registered

Description	WPS #
4 oz 12/case	80-0234
1 oz 24/case	80-0235
16 oz 10/case	80-0236
32oz 8/case	80-0242
1 gallon 4/case	80-0243

## WATER CELL

- Stops water problems by trapping it inside the Sta-Dri Water Cell before it enters your fuel system
- Weighted bag stays at bottom of tank
- Protective cylinder extends bag life

## METAL RESCUE™ RUST REMOVER BATH

- De-rust your motorcycle/ATV gas tank and all vehicle parts in one easy step!
- No messy creams or acids
- Safe, water-based formula is designed to remove rust from iron and steel
- Metal Rescue is non-toxic, easy to dispose of, biodegradable and re-usable
- Metal Rescue™ will not harm, paint, seals, gaskets, plastic, rubber, and is safe on bare skin
- Works well in all rust-removal applications such as chrome, wheels, mirrors, handle bars, kick stands
- For optimal results in fuel tank de-rusting, fill tank to its entirety with Metal Rescue™

Description	WPS#
1 quart bottle	27-4852
14 oz concentrate (makes 1 gallon)	27-4853
5 gal bucket	27-4851

## DRY COAT™ RUST PREVENTATIVE SPRAY

- Rust protection for your powersports vehicle during indoor storage or restoration projects.
- Safe, water-based formula prevents rust on iron and steel
- Quick and easy spray application
- Unique, non-sticky formula dries to the touch-not attracting dirt or dust
- Forms barrier coating to protect metal from rust formation
- Provides rust protection for up to 1 year of indoor storage
- Easily removed for paint or powder coat application

Description	WPS#
16 oz bottle	27-4862

## WORLD'S BEST CHROME POLISH™

### CHROME POLISH

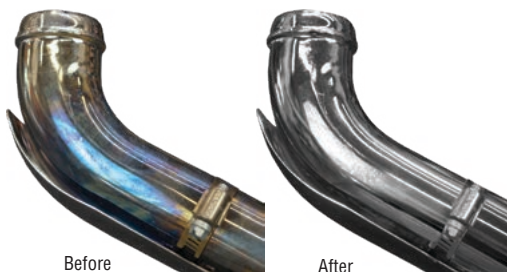

- Removes blue, yellow and gold discoloration as well as rust and fingerprints
- Fine powder formula will not scratch chrome
- For use on chrome and stainless steel surfaces only
- Sold in a 12 pack, includes display box
- For best results, use with Blue-Job® Pipe Wipes™

### PIPE WIPES™

- 9½" x 4½" microfiber cloth
- Ideal for use with Blue-Job® chrome polish
- Sold in a 36 pack, includes display box

Description	WPS#
Chrome Polish	58-9300
Pipe Wipes	58-9305

**COMBO PACK™**

Contains 1 pint Fuel Tank Liner, 1 pint Tank Prep A, 1/2 pint Tank Prep B. Enough for complete treatment of average size tanks. Shrink wrapped for convenience.

**TANK-PREP™**

Contains 1 pint Prep A, 1/2 pint Prep B. Prep A is a concentrated cleaner that dissolves rust and etches the tank surface. Prep B is a final rinse and conditioner to prepare the tank for KREEM liner.

**FUEL TANK LINER**

1 pint. Sold each. Produces a "tank within a tank", a tough lining that protects from rust and corrosion.

Approximately 1 pint is required per three gals of tank capacity.

**TANK-MASK**

Contains 1/2 pint of protective coating to be used on the outside painted surface of fuel tank while using Kreem tank liner. Washes off easily with soap and water.

	Description	WPS#
A	Combo Pack	27-4732
B	Tank Prep	27-4734
C	Fuel Tank Liner	27-4730
	Tank Mask	27-4735

**RECHARGER  
FILTER CARE SERVICE KIT**

A six-step maintenance system designed to recharge your K&N Filtercharger® Air Filter. Completely restores air flow efficiency so your Filtercharger® performs like new!

**KIT "A" CONTAINS:**

- 1 - 12 oz. Air Filter Cleaner Spray Bottle
- 1 - 8 oz. Squeeze Oil and Service Decal

**KIT "B" CONTAINS:**

- 1 - 12 oz. Air Filter Cleaner Spray Bottle
- 1 - 6.5 oz. Air Filter Oil Aerosol

	Size	WPS#
A	12/case	62-1514
B	12/case	62-1515

Size	WPS#
6.5 oz 12/case	62-1506
12 oz 12/case	62-1512
1 gal	62-1513

**AIR FILTER OIL**

Specially formulated to work in combination with the cotton fabric in K&N air filter elements providing a superior air filtration system. When used as directed, it quickly penetrates the filter pleats where it remains suspended in the cotton fabric. Saturation is maintained until the element is eventually cleaned with K&N Air Filter Cleaner and Degreaser.

Size	WPS#
12 oz 12/case	62-1530
32 oz 12/case	62-1532
1 gal 4/case	62-1531
5 gal Bucket	62-1533

**AIR FILTER CLEANER AND DEGREASER**

Formulated to clean K&N (cotton fabric type) air cleaners and air filter elements. K&N Cleaner and Degreaser works to dissolve oily dirt build-up and can be washed away with water. It is biodegradable and safe on paint, chrome, aluminum, plastic, rubber and vinyl.

**SEALING GREASE**

Provides an airtight fit around sealing surfaces on all types of air filter elements. It resists heat and will not melt and run off. K&N Sealing Grease is not to be used on clamp-on filter elements.

Size	WPS#
6 oz 12/case	62-1509

# ThreeBond

## ADHESIVES AND THREAD LOCK

**A Low Strength Thread Lock #1342:** Perfect for small screws and bolts with applications that require a force of only 10-20% greater than used for tightening.

**B Medium-Strength Bearing and Stud Thread Lock #1333:** Retains high-strength properties for bearings and studs. Apply heat to soften for easier removal.

**C Medium-Strength Hi-Temperature Thread Lock #1360:** Incorporates anaerobic locking agents, and a heat-resistant element for sealing engine and exhaust parts.

**D Hi-Strength Thread Lock #1303:** For various threads, bolts and joints which must remain secure.

**E Liquid gasket #1184:** Excellent padding properties make this semi-drying sealer perfect for joint surfaces with large clearance. The synthetic rubber absorbs vibrations and impacts without failure, especially when coolants are involved.

**F Silicone liquid gasket #1211:** Silicone rubber. Perfect for sealing complex 3-point surfaces. 100% effective for temperature ranges of -60° to 250° C.

**G Synthetic Rubber Adhesive #1521:** Rubber-based contact cement for flexible hold to bond rubber, plastic, vinyl, metal, leather, wood, ceramic etc. Sets up in 5-10 min. Waterproof.

**H Super Glue #1742-B:** Attains practical use strength in seconds. No evaporative elements and no shrinkage to weaken bonding. Excellent for nonporous materials.

**I RTV Sealant (grey):** For sealing against oil and coolant leaks. Highly resistant to heat and cold. OEM specified for use on Motorcycles, ATV, UTV and Snowmobiles.

**J Gasket-Maker (black):** High viscosity, high performance, high heat. OEM specified, non-slumping paste highly resistant to oils, chemicals and coolant. Effective in vibrating conditions, containing strong adhesion properties.

**K Liquid Gasket (grey)** Solventless silicone sag type. Use in case to case Where NO GASKET is used.

**L Formed-In-Place (dark grey)** Engine RTV, formulated as a high performance temperature vulcanized silicone.

## HIGH TACK™ GASKET SEALANT

- Fast drying, all purpose sealant dries to a tacky, non-brittle film
- Resists gasoline, oil, antifreeze, diesel, kerosene, propane and butane
- Temperature range -65° F to 500° F

Description	WPS#
4 oz brush top can	59-9189
4 oz aerosol	59-9190

## MOTOSEAL™

- Solvent-based bond fully seals within 20 minutes
- Resists gasoline and other damaging fluids
- Flexible bond that is highly effective on irregular and uneven joint surfaces
- Ideal for use on frequently disassembled engines

Description	WPS#
2.7 oz tube	6/case 59-9183

## ULTRA BLACK HI-TEMP RTV SILICONE

- Fast-curing formula, sensor safe, low odor, noncorrosive
- Meets performance specs of OE silicone gaskets
- Retains high flexibility, oil resistance properties
- Temperature range -65°F to 550°F intermittent

Description	WPS#
Ultra Black 3.35 oz	12/case 59-9219

## COPPER SPRAY-A-GASKET®

- Fast drying, metallic copper sealant helps dissipate heat, prevents gasket burnout, and improves heat transfer
- Fills minor surface irregularities, seals instantly
- Temperature range -50° F to 500° F, resists all types of automotive fluids, especially gasoline

Description	WPS#
9 oz aerosol	12/case 59-9194

## HIGH TEMP RTV SILICONE

- Recommended for valve covers, oil pans, timing covers, thermostat housings and transmission covers
- Temperature range -75° to 650°F

Description	WPS#
3 oz tube	12/case 59-9185

## BLUE RTV SILICONE

- Recommended for valve covers, oil pans, timing covers, thermostat housings and transmission covers
- Temperature range -65° to 500°F

Description	WPS#
3 oz tube	12/case 59-9184

## RIGHT STUFF™ POWERBEAD™ GASKET MAKER

- Elastomeric rubber gasket rubber gasket technology is blowout resistant and out performs pre-cut gaskets
- Protects against leaks caused by vibration and thermal expansion, sensor safe
- Temperature range -75° F to 450° F continuous, 500° F intermittent
- 7.5 oz size in a PowerBead™ pressurized can

Description	WPS#
7.5 oz can	6/case 59-9193
3 oz can	6/case 59-9203

## ULTRA COPPER® SILICONE GASKET SEALANT

- The most advanced RTV silicone gasket available
- Three times more oil resistant than conventional silicones, eight times more flexible than cut gaskets
- Temperature range -65° F to 700° F

Description	WPS#
3 oz tube	12/case 59-9192

## GASKET REMOVER

- Quickly removes solvent based gasket adhesives and sealants, even baked on gaskets
- Eliminates scraping and potential damage to flanged surfaces
- Prepares surfaces for new gaskets
- Not for use with silicone sealants

Description	WPS#
4 oz aerosol 6/case	59-9195

## ANAEROBIC GASKET MAKER

- Non-corrosive gasket material designed for use on aluminum, iron and steel flanged mating surfaces
- Fills gaps up to .015" and cures to a solvent resistant that will not tear or decay during service
- Allows for easy disassembly, old gasket material can be removed with a putty knife
- Great for split crank cases, water pumps, chain cases and transmission cases

Description	WPS#
50 ml tube 6/case	59-9191

## WEATHER STRIP ADHESIVE

- A superior adhesive ideal for many applications including rubber, metal, auto or van carpeting and fabric-backed vinyl upholstery and automotive gaskets
- Allows for repositioning parts after contact is made
- Withstands extreme temperatures is waterproof and resists gasoline, kerosene, antifreeze and most solvents
- Also works great as a grip glue

Description	WPS#
2 oz tube 12./case	59-9180

## ANTI-SEIZE LUBRICANT

- A highly refined blend of aluminum, copper and graphite lubricants
- Prevents galling, corrosion and seizing
- Great for spark plugs, cylinder head bolts and exhaust bolts
- Temperature range -60° F to 1600° F

Description	WPS#
1 oz tube 12/case	59-9196
4 oz bottle 12/case	59-9197

## COLD WELD BONDING COMPOUND

- A 15 minute, two-part adhesive and filler system that hardens like steel
- It can be drilled, sanded, painted and filed
- Resists most automotive, shop and cleaning fluids
- Withstands temperatures to 300° F

Description	WPS#
Two 1 oz tubes 12/case	59-9200

## GENERAL PURPOSE EPOXY

- Versatile, easy to use, general purpose epoxy
- Works for ceramic, chrome, fabric, fiberglass, glass, hard plastic, rubber and metal
- Resists most liquids.
- Convenient 2-part dispensing syringe
- Fills gaps and bonds trim
- Crystal clear appearance
- Resists temperatures up to 180° F.

Description	WPS#
General purpose .84 fl oz 12/case	59-9223

## DIELECTRIC GREASE

- Protects electrical connections and wiring from salt, dirt and corrosion
- Prevents voltage leakage around any electrical connection
- Keeps spark plugs from fusing to boots

Description	WPS#
3 oz tube 12/case	59-9199

## VALVE GRINDING COMPOUND

- Aids in valve grinding and seating operations
- Can be used for lapping and grinding chromium
- Mixes with water to form an easy to use paste

Description	WPS#
3 oz tube 12/case	59-9198

## PENETRATING THREADLOCKER

- Low viscosity thread locking liquid which always it to wick down the threads of assembled fasteners
- This allows preventive maintenance procedures to be greatly simplified
- Recommended for fasteners from #2 to 1/2 inch

Description	WPS#
Green Threadlocker 6ml	6/case 59-9216
Green Threadlocker 36ml	6/case 59-9217

## MULTI-METAL EPOXY

- Versatile, easy-to-use, multi-metal epoxy adhesive is two-part adhesive and filler
- Eliminates the need for welding or brazing
- Sets in four minutes with no clamping needed
- Fills gaps and will not shrink
- When cured, can be drilled, sanded, threaded or filed
- Resistant to water and solvents
- Temperature range -60°F to 300°F (-51°C to 149°C)
- Permanent strength up to 4500 PSI

Description	WPS#
Multi-Metal .84 fl oz	12/case 59-9224

## FUEL TANK REPAIR KIT

- Permanent repair
- Easy-to-use complete kit
- Repairs all types of metal tanks

Description	WPS#
Kit	6/case 59-9181

## HIGH TEMPERATURE THREAD SEALANT

- Locks and seals threaded fittings, great for fuel, cooling and hydraulic fittings
- Resists leakage, vibration loosening and moisture
- Won't shred or wear like thread sealing tape
- Temperature range -65° F to 400° F

Description	WPS#
6 ml tube	12/case 59-9187
50 ml tube	6/case 59-9188

## GEL THREADLOCKER

- Gel formula provides "liquid-reliability" without drips, globs, mess or waste
- Available in blue (medium strength) and red (high strength) formulas in a 5 gram tube and 10 gram twist applicator

Description	WPS#
Blue Threadlocker 5gr	6/case <b>59-9172</b>
Blue Threadlocker 10gr	6/case <b>59-9173</b>
Red Threadlocker 5gr	6/case <b>59-9174</b>
Red Threadlocker 10gr	6/case <b>59-9175</b>

## LIQUID THREADLOCKER

- Liquid formula is the standard in the industry, give the protection of security with out the use of lock washers or lock nuts.
- Available in blue (medium strength) and red (high strength) formulas in convenient sizes.

Description	WPS#
Blue Threadlocker 6ml	6/case <b>59-9212</b>
Blue Threadlocker 36ml	6/case <b>59-9213</b>
Red Threadlocker 6ml	6/case <b>59-9214</b>
Red Threadlocker 36ml	6/case <b>59-9215</b>

## ENGINE ASSEMBLY LUBE

- Gives proper lubrication of metal mating surfaces prior to starting a new or rebuilt engine
- Adheres to component surfaces to prevent scuffing and galling during initial start-up
- This high quality formulation meets or exceeds OEM performance specs for engine assembly lubricants

Description	WPS#
Engine Assy. Lube 4oz	12/case <b>59-9218</b>

## DECAL AND ADHESIVE REMOVER

- Fast-acting formula quickly removes adhesive residue, decals, bumper & window stickers, tape, tar, sap, bugs, grease, and other sticky substances
- Contains no acetone and is safe for use on virtually any surface including windows, auto body paint, bumpers, vinyl, leather, fabric, metal, plastic, and wood
- Safe for indoor use, great for removing dirt bike graphics

Description	WPS#
5 oz Aerosol	12/case <b>59-9176</b>

## LIQUID ELECTRICAL TAPE

- Weatherproof protectant for wiring and electrical connections
- Goes on as a liquid and dries to a vinyl polymer that resists dirt, dust, chemicals and moisture
- Brush top applicator allows coverage without gaps and enables access to tight spaces that roll tape and shrink tubing can't get to

Description	WPS#
4 oz Bottle	6/case <b>59-9178</b>

## GREZ OFF™ DEGREASER

- A biodegradable, water based, heavy-duty degreaser that effectively removes grease and dirt
- Works as well as traditional solvents, is non-flammable and VOC compliant in all 50 states

Description	WPS#
32 oz bottle	12/case <b>59-9179</b>

## BLACK NITRILE GLOVES

- 100% synthetic rubber that provides superior resistance to a wide range of solvents and hazardous chemicals
- They feature textured fingers that provide a secure grip on dirty parts and tools.
- These powder-free 5 mil thick gloves provide increased durability and protection and are suitable for users with latex sensitivity

Description	WPS#
L 10/case	59-9211L
XL 10/case	59-9211X

## HAND CLEANER

- Biodegradable, waterless, petroleum solvent free hand cleaner
- Contains no harsh chemicals, mineral oils or ammonia
- Citrus cleaning power with fine pumice, fortified with lanolin, glycerin, and other skin conditioners

Description	WPS#
1 gal bottle w/pump	4/case 59-9202

## HAND WIPES

- Removes the toughest grease, tar, grime, ink, paints, sealants, adhesives and other difficult soils
- Each pre-moistened wipe has a textured surface on one side that is ideal for cleaning heavy-duty soils from hands, tools and work areas

Description	WPS#
25 ct tube	8/case 59-9206

# SERIAL DIAGNOSTIC SYSTEM

Professional diagnostic tool for Harley Davidson & Buell workshops and tuning centers. Diagnoses electronic fuel injection module (EFI) and others (Security modules, ABS, etc.) through the diagnostic connector. The system consists of a communication interface with Harley-Davidson adapter, USB cable for connection to your Laptop (PC) and software (SOLD SEPARATELY) compatible with Windows XP, Vista, 7, 8 and 10. A wireless Bluetooth version of the interface is also available. An adapter for CAN-BUS models is included. The system performs the following functions and more. Software for Indian and Victory is also available.

## OVERVIEW OF CONTROL UNITS THAT CAN BE DIAGNOSED ON HARLEY DAVIDSONS

- Ignition Module
- EFI (Electronic Fuel Injection Module) - All models
- TSSM (Turn Signal Security Module)..... Key FOB with button
- HFSM (Hands Free Security Module)..... Key FOB without button
- BCM (Body Control Module).....Key FOB without button
- Gauges (Speedo, Tach and Instrument Module) - All models
- ABS Module (Delphi + CAN models) - All models
- Radio and Audio all models
- Thunder MAX EFI
- Read and Clear Diagnostic Trouble Codes.....All models
- Read Identification data (part numbers, VIN number).....All models
- Monitoring real-time data (throttle position, temperature, oxygen sensors, turn signals etc.)
- Test actuators (injectors, coils, main relay, fuel pump, idle, turn signals, tachometer, lamps etc.)
- Buell diagnostics are incorporated in Harley-Davidson diagnostics
- Unit of measure selection metric/standard
- Communication interface is CAN ready (models with 6-pin connector)

## MOTORCYCLE REPORT

Search for and identify all embedded control units, read fault code memory + generate and print a diagnostic report with odometer reading

## TOOLBOX (special functions that can be performed)

- Module replacement -TSM, TSSM, HFSM, BCM,
- ABS Service (Bleeding and configuration, Delphi + CAN models) - All models
- ACR (Automatic compression release during starting)
- Cruise Control, Exhaust actuator, EITMS..... enable/disable
- Side Stand Switch Configuration - All Models
- Intake Solenoid Valve Configuration on CAN Models
- Radio customization-region code and speaker configuration, radio pairing
- J&M Audio Configuration
- ABS Telltale Configuration on CAN Models
- Idle speed adjustment 800 - 1200 rpm (models with Delphi Electronic Fuel Injection Module)
- TSSM Customization..... PIN read/change, Auto arming disable/enable etc.
- HFSM Customization..... Key FOB assignment/ replacement, Auto arming disable/enable, PIN read/change, Side car and Service Mode (disable/enable)
- BCM Customization..... Key FOB assignment/ replacement, Auto arming disable/enable, PIN read/change, Lights configuration, keyless ignition
- Disarming (HFSM/ BCM module).....PIN read/FOB assignment on armed bike (for BCM modules a CAN disarming cable is needed)
- Buell TPS adjustment
- Datalogging
- ABS Module (embedded/ not embedded)
- Speedo module pairing
- Wheel size adjustment (Speedo calibration)
- Odometer unit setting

## OVERVIEW OF CONTROL UNITS THAT CAN BE DIAGNOSED ON INDIAN AND VICTORY

- Indian - 2014 - 2017
- Victory - 2008 - 2017
- Engine control module
- ABS control module
- Gauge (Speedo, Tacho ...) module
- Vehicle control module
- Radio control module
- Read Vehicle information
- Read and Clear
- Diagnostic Trouble Codes
- Monitoring Real-Time data

## MOTORCYCLE REPORT

Search for and identify all embedded control units, read fault code memory + generate and print a diagnostic report.

	Replacement Interface to Bike Cable 6-Pin	867-02011
	Replacement Computer to Interface Cable	867-02012

**PARALLEL DIAGNOSTIC SYSTEM**

Parallel diagnostics are designed for measuring input and output signals from the electronic fuel injection module (EFI) and other modules. Measurements can be made on running engines. The system consists of a wiring harness adapter and breakout box. The breakout box is inserted between EFI module and motorcycle's wiring harness so that the system continues to function as normal. Monitoring points for all connector pins of the EFI module are clearly arranged on the breakout box. It is possible to measure signals and waveforms from all systems and actuators. Disconnecting the ECU from the breakout box allows quick and reliable check of the integrity of the wiring harness in respect to continuity, and leakage currents. Universal connector kit includes common adapters (73 connectors) for non destructive diagnostic operations on the wiring harness.

A

Description	WPS#
A Breakout Box	<b>867-02022</b>
B 36 Pin Delphi EFI Adapter	<b>867-02023</b>

D

### D. TWIN SCAN II ABS

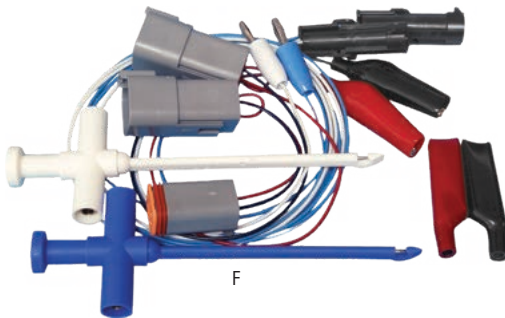

- Compatible with 2003-2006 carbureted models with new 12 pin ignition module
- Anti-Skid brake system (ABS) brake bleeding functions for 2008-2013 Touring models
- Support for 2006-2013 closed loop fuel injection systems
- Real time display of engine data on instrument panel type display
- Uses laptop PC for display, includes Windows software

E

### E. TWIN SCAN 3 ABS

- Anti-Skid brake system (ABS) brake bleeding functions for 2008-2013 Touring models
- Real time display of engine data on instrument panel type display
- Includes two analog inputs with 0-20V or +200V range
- Features two channel scopemeter capability for waveform display
- Analog inputs can also be used for air/fuel ratio
- Uses laptop PC for display, includes Windows software

F

### F. TWIN SCAN 3 PROBE KIT

- For scopemeter feature
- Two insulation piercing probes
- 12 volt power adapter

G

### G. TWIN SCAN WEGO UPGRADE KIT

- For customers with any Twin Scan II or 3 version
- Includes WEGO IID Interface
- Two Bosch LSU 4.2 wide-band oxygen sensors, two 18 x 1.5 mm weld nuts, and two 18 x 1.5 mm hex socket plugs
- \*Compatible with 2001-2014 HD fuel injected models using the Delphi system (including V-Rod) with J1850 data bus.
- Not compatible with 2011-2014 Softail and 2012-2014 Dyna models with CAN data bus

### QUICK RELEASE RATCHETS

- Chrome vanadium construction for strength and durability
- Larger gear teeth for higher torque capabilities and added strength
- Quick release feature for fast and easy socket changes
- Polished nickel chrome plated finish
- Lifetime warranty

Description	WPS#
1/4" Ratchet	117-1066
3/8" Ratchet	117-1073
1/2" Ratchet	117-1055

### TORQUE WRENCHES

- High grade spring steel torque mechanism
- Patented torque adjusting lock/unlock collar
- Includes heavy duty storage case

Description	WPS#
1/4" Torque wrench, 25 - 250 in/lbs	117-1100
3/8" Torque wrench, 10 - 100 ft/lbs	117-1101
1/2" Torque wrench, 25 - 250 ft/lbs	117-1102

### SOCKET EXTENSION SETS

- Chrome vanadium alloy steel for strength and durability
- Polished nickel chrome plated finish
- Available in standard and wobble versions, sold in sets
- Lifetime warranty

Description	Standard	Wobble
1/4" Drive, 2"/3"/6" set	117-1071	
3/8" Drive, 1 3/4"/3"/8" set	117-1075	117-1076
1/2" Drive, 3"/5"/10" set	117-1057	117-1054

### SOCKET U-JOINT AND ADAPTER SETS

- Chrome vanadium construction for strength and durability
- Polished nickel chrome plated finish
- U-joint set includes 1/4", 3/8" and 1/2" sizes
- Adapter set includes 1/4" to 3/8", 3/8" to 1/4", 3/8" to 1/2" and 1/2" to 3/8" adapters
- Lifetime warranty

## HEX AND STAR SOCKET SETS

- Chrome vanadium alloy steel construction for strength and durability
- Hardened alloy steel bits
- Polished nickel chrome plated finish
- Lifetime warranty
- SAE hex socket sets include: 1/8", 9/64", 5/32", 3/16", 7/32", 1/4", 5/16" and 3/8" sockets
- Metric hex socket sets include: 3 mm, 4 mm, 5 mm, 6 mm, 7 mm, 8 mm, 9 mm and 10 mm sockets
- Star socket sets include: T10, T15, T20, T25, T27, T30, T40, T45 and T50 sockets

Description	WPS#
SAE hex socket set, 3/8" drive	117-1081
Metric hex socket set, 3/8" drive	117-1082
Star socket set, 3/8" drive	117-1028

## SPARK PLUG SOCKET SET

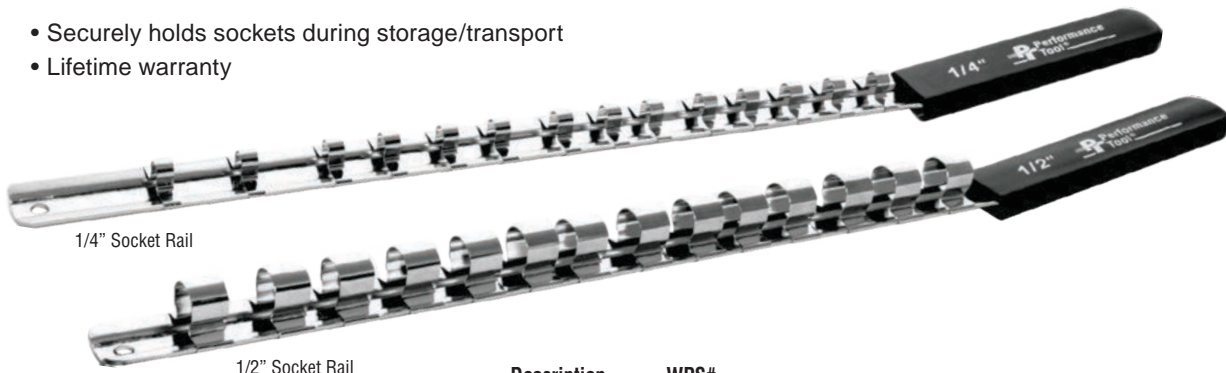

- Chrome vanadium alloy steel for strength and durability
- Polished nickel chrome plated finish
- Lifetime warranty
- Set includes: 5/8", 3/4", 13/16", 14 mm and 18 mm spark plug sockets

Description	WPS#
Spark plug socket set	117-1052

## SOCKET RAILS

- Securely holds sockets during storage/transport
- Lifetime warranty

Description	WPS#
1/4" Socket rail	117-1064
3/8" Socket rail	117-1072
1/2" Socket rail	117-1053

SAE Shallow

Metric Deep

### 3/8" IMPACT SOCKET SETS

- Made from drop forged chrome vanadium steel for strength and durability
- Rounded corners for a tighter grip
- Large size laser etching for easy identification
- Lifetime warranty
- SAE shallow socket sets include: 5/16", 3/8", 7/16", 1/2", 9/16", 5/8", 11/16" and 3/4" sockets
- SAE deep socket sets include: 3/8", 7/16", 1/2", 9/16", 5/8", 11/16", 3/4" and 13/16" sockets
- Metric shallow socket sets include: 8 mm, 10 mm, 11 mm, 12 mm, 13 mm, 14 mm, 17 mm, 19 mm
- Metric deep socket sets include: 10 mm, 11 mm, 12 mm, 13 mm, 14 mm, 16 mm, 17 mm, 19 mm

### OXYGEN SENSOR SOCKET

- Fits 7/8" hex oxygen sensors
- 3/8" Drive 6 point socket with cutaway portion for wire clearance
- Offset design for confined areas
- Heavy duty alloy steel construction
- Lifetime warranty

Description	WPS#
Oxygen sensor socket	<b>117-1103</b>

## COMBINATION WRENCH SETS

- Chrome vanadium steel construction
- Polished chrome plated finish
- Includes storage rack
- Lifetime warranty
- SAE set includes: 1/4", 5/16", 3/8", 7/16", 1/2", 9/16", 5/8", 11/16", 3/4", 13/16" and 7/8" wrenches
- Metric set includes: 9 mm, 10 mm, 11 mm, 12 mm, 13 mm, 14 mm, 15 mm, 16 mm, 17 mm, 18 mm and 19 mm wrenches

Description	WPS#
SAE wrench set	117-1025
Metric wrench set	117-1026

## RATCHETING WRENCH SETS

- Drop forge chrome vanadium steel
- 72 Gear teeth for a precise 5° sweep
- Low profile head for access in tight spaces
- Triple chrome plated, fully polished
- Lifetime warranty
- SAE set includes: 1/4", 5/16", 3/8", 7/16", 1/2", 9/16", 5/8", 11/16", 3/4", 13/16", 7/8" and 1" wrenches
- Metric set includes: 8 mm, 9 mm, 10 mm, 11 mm, 12 mm, 13 mm, 14 mm, 15 mm, 16 mm, 17 mm, 18 mm and 19 mm wrenches

Description	WPS#
SAE ratchet wrench set	117-1047
Metric ratchet wrench set	117-1048

### FLARE NUT WRENCH SETS

- Drop forged and hardened chrome alloy steel
- Nickel chrome plated, fully polished
- 15° offset head
- Lifetime warranty
- SAE set includes: 1/4" x 5/16", 3/8" x 7/16", 1/2" x 9/16" and 5/8" x 11/16" wrenches
- Metric set includes: 9 mm x 11 mm, 10 mm x 12 mm, 13 mm x 14 mm and 16 mm, x 18 mm wrenches

Description	WPS#
SAE flare nut wrench set	117-1045
Metric flare nut wrench set	117-1046

### 3/8" DRIVE CROW FOOT WRENCH SETS

Description	WPS#
Crow foot SAE wrench set	117-1062
Crow foot metric wrench set	117-1063

- Drop forged, heat treated alloy steel
- Great for hard to reach fasteners
- Polished chrome plated finish
- Includes storage rail
- Lifetime warranty
- SAE set includes: 3/8", 7/16, 1/2", 9/16", 5/8", 11/16", 3/4" and 7/8" wrenches
- Metric set includes: 10 mm, 11 mm, 13 mm, 14 mm, 15 mm, 17 mm, 18 mm and 22 mm wrenches

### ADJUSTABLE WRENCH SET

- Heat treated alloy steel with polished heads
- Machine knurled thumb adjuster for precision jaw positioning
- Lifetime warranty
- Includes: 6" and 8" adjustable wrenches

Description	WPS#
2 pc adjustable wrench set	117-1039

- WINDSHIELDS / FAIRINGS
- AUDIO / COMMUNICATION
- SEATS / LUGGAGE

## HEX AND STAR T-HANDLE SETS

- Single piece construction runs thru the handle for greater strength
- Color coded handles for easy identification
- Two drive ends: long end for hard to reach areas, short end for extra torque
- Non-slip molded grips and chrome plated shafts
- Lifetime warranty
- SAE T-handle sets include: 3/32", 1/8", 5/32", 3/16", 1/4", 5/16" and 3/8" keys
- Metric T-handle sets include: 2.5 mm, 3 mm, 4 mm, 5 mm, 6 mm, 8 mm and 10 mm keys
- Star socket sets include: T10, T15, T20, T25, T27, T30 and T40 keys

Description	WPS#

Metric T-handle set	117-1037
Star T-handle set	117-1038

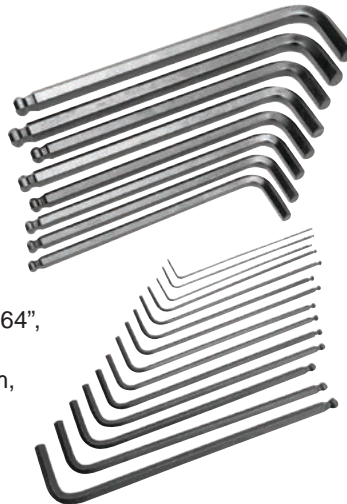

SAE Set

Star Set

## HEX KEY SET

- Alloy steel construction
- Ball end hex keys work at angles up to 25°
- Includes plastic holder for easy storage
- Lifetime warranty
- SAE hex keys included: .05", 1/16", 5/64", 3/32", 7/64", 1/8", 9/64", 5/32", 3/16", 7/32", 1/4", 5/16" and 3/8"
- Metric hex keys included: 1.5 mm, 2 mm, 2.5 mm, 3 mm, 4 mm, 5 mm, 6 mm, 8 mm and 10 mm

Description	WPS#
SAE/metric ball end hex key set	117-1033

## 4 PC PLIERS SET

- Drop forged chrome vanadium steel
- Induction hardened cutting edges, precision machined jaws
- Non-slip molded grips
- Lifetime warranty
- Includes 1 piece each: 6" slip joint pliers, 6" diagonal cutter pliers, 6" needle nose pliers, 7" linesman pliers

Description	WPS#
4 pc pliers set	117-1065

- WINDSHIELDS / FAIRINGS

### LOCKING PLIERS SET

- Drop forged steel construction
- Hardened and tempered milled teeth
- Wire cutters and quick release levers
- Lifetime warranty
- Includes: 5", 7" and 10" locking pliers

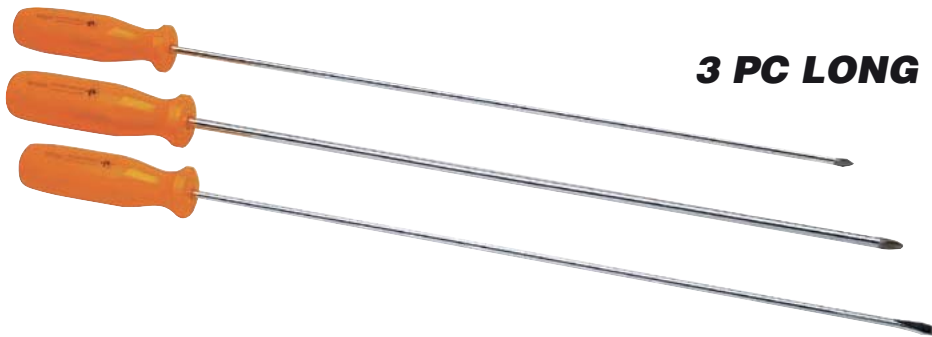

Description	WPS#
3 pc locking pliers set	117-1027

### 6 PC SCREWDRIVER SET

- Chrome vanadium steel with magnetic tips
- Non-slip molded grips
- Lifetime warranty
- Slotted screwdrivers included: 1/8" x 3", 3/16" x 3" and 1/4" x 4"
- Phillips screwdrivers included: #0 x 2 1/2", #1 x 3", #2 x 4"

Description	WPS#
6 pc screwdriver set	117-1049

### 3 PC LONG SCREWDRIVER SET

- Chrome vanadium steel shafts with magnetic tips
- High visibility pro style handles, 22 1/2" overall length
- Lifetime warranty

Description	WPS#
3 pc long screwdriver set	117-1097

### 6 IN 1 SCREWDRIVER

- Includes handle, reversible shank and 2 double sided bits
- Chrome vanadium steel bits
- Shank openings serve as 1/4" or 6 mm and 5/16" or 8 mm nut driver
- Bit sizes: Slotted - 3/16" and 1/4", phillips - #1 and #2
- Handle and shank feature ball spring retention for a positive fit
- Lifetime warranty

### 4 PC PRY BAR SET

- Drop forged steel construction
- High visibility molded handles
- Lifetime warranty
- Includes: 8", 12", 18" and 24" pry bars

Description	WPS#
4 pc pry bar set	117-1041

### 5 PC SCRAPER AND HOOK SET

- Durable alloy steel shafts
- Tough plastic handles
- Lifetime warranty
- Includes: 8" and 11" multi-purpose scrapers, 7" hose remover, 9" scratch awl and cotter pin puller

Description	WPS#
5 pc scraper/hook set	117-1042

### 6 PC HOOK AND PICK SET

- Durable alloy steel shafts
- Double injection molded handles
- Includes storage tray
- Lifetime warranty
- Includes: Straight pick, 90° pick, double angle pick, complex pick, combination pick and hook pick

Description	WPS#
6 pc hook and pick set	117-1098

## RIVET GUN

- Precision die cast aluminum body, drop forged steel upper handle
- Ergonomically friendly handle
- For use with 1/8", 3/32", 5/32" and 3/16" steel and aluminum rivets
- Thick cushion-molded vinyl grips
- Lifetime warranty

Description	WPS#
Rivet gun	117-1040

## HEAVY DUTY AIR RIVET GUN

- Works with 3/32", 1/8", 5/32" and 3/16" steel and aluminum rivets
- Capable of over 1500 lbs of pull @ 4 cfm
- Air relief valve prevents overloading

Description	WPS#
Air rivet gun	117-1099

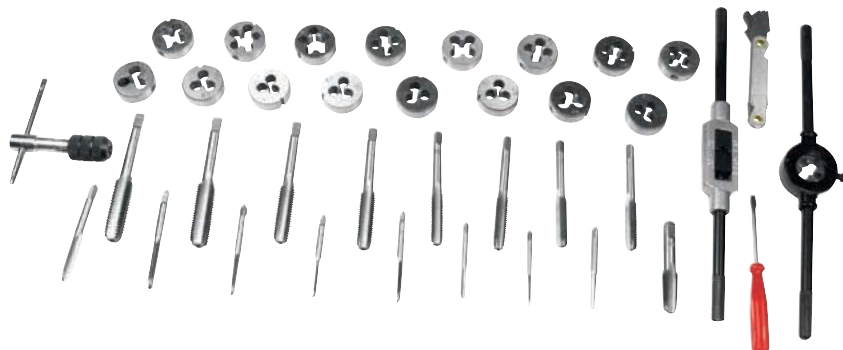

## STUD REMOVER/INSTALLER

- Removes studs from 1/4" to 3/4" in diameter
- Knurled roller uses cam action to grasp stud firmly while minimizing damage
- 1/2" drive ratchet required for use (not included)
- Lifetime warranty

Description	WPS#
Stud remover	117-1094

### 40 PC TAP AND DIE SETS

Includes: 17 taps and 17 dies (course/fine thread and NPT), T-handle tap wrench, tap/die holders, screw driver, pitch gauge and storage case.

Description	WPS#
SAE tap and die set	117-1083
Metric tap and die set	117-1084

### 5 PC SCREW EXTRACTOR SET

- Removes damaged screws, broken studs, set screws and pipe fittings
- For screws/bolts/fittings 5/32" thru 3/4"
- Chrome Moly steel construction
- Includes storage case
- Lifetime warranty

Description	WPS#
5 pc screw extractor set	117-1043

### FEELER GAUGE SET

- 26 straight blades
- SAE and metric markings
- Check for clearance on valves, ignition points etc.
- Lifetime warranty
- Includes 26 blades varying in thickness from .0015"/.038 mm to .025"/.635 mm

Description	WPS#
26 Blade feeler gauge set	117-1034

## SPARK PLUG GAUGE SET

- Round wire gauge blades
- SAE and metric sizes
- Includes electrode adjuster
- Lifetime warranty
- Includes gauge blades to measure from .015"/.40 mm to .040"/1.00 mm

Description	WPS#
Spark plug gauge set	117-1031

## 7 PC CHISEL AND PUNCH SET

- Hardened and tempered high carbon steel construction
- Vinyl covered shank absorbs shock and reduces vibration
- Includes storage pouch
- Lifetime warranty
- Includes: 3/16" x 6" pin punch, 1/8" x 6" and 3/16" x 6" taper punches, 3/8" center punch, 3/8", 1/2" and 5/8" cold chisels

Description	WPS#
Chisel and punch set	117-1091

## 6 PC FILE SET

- Heat treated carbon steel files
- Durable black rubber handles with plastic inserts
- Lifetime warranty
- Includes: 6" mill file, 8" mill file, 6" taper file, 8" half round file and 2 handles

Description	WPS#
File set	117-1087

### DIGITAL MULTI-METER

- AC and DC voltage, current, and resistance measurements, diode and ohms test
- LCD screen, on/off switch and two 32" test leads
- Low battery and over range indicators
- 9 volt battery included

Description	WPS#
Digital multi-meter	117-1080

### DIGITAL CALIPER

- Stainless steel construction
- Measures inside, outside, step and depth
- 0" to 6" range, SAE to metric conversion
- Large easy to read LCD display, zero setting at any position
- Thumb wheel with lock
- Battery included

Description	WPS#
Digital caliper	117-1092

### SELF POWERED TIMING LIGHT

- Designed for use with all gasoline powered engines
- Detachable inductive pickup
- Powered by 2 D cell batteries (not included)

Description	WPS#
Timing light	117-1093

### 5 GALLON PORTABLE AIR TANK

- Lightweight and portable
- Handle for easy transport
- On/off outlet valve
- 125 max. psi

Description	WPS#
5 Gallon air tank	117-1023

### 5 GALLON TIRE BEAD SEATING TANK

- Designed to seat tires on the bead of a wheel safe and fast
- Perfect for car, truck, ATV and motorcycle tires
- Heavy duty ball valves on the air inlet and exhaust port
- 5 gallon capacity

Description	WPS#
Tire bead seating tank	117-1024

### NON-AEROSOL LIQUID SPRAY TANK

- Heavy duty steel construction
- Reusable and refillable, 32 oz capacity
- Pressurize with your air compressor
- Not for use with flammable materials or paint

Description	WPS#
32 oz spray tank	117-1012

### 4" ANGLED BLOW GUN

- 4" Long barrel angled at 15°
- Insulated fiberglass reinforced handle
- Brass air flow valve

Description	WPS#
4" Blow gun	117-1079

### MAGNETIC RETRIEVER

- Extends up to 25"
- Heavy duty magnet retrieves objects up to 3 1/2 lbs
- Handy pocket clip
- Lifetime warranty

Description	WPS#
Magnet retriever	117-1029

### TELESCOPING INSPECTION MIRROR

- 2" round mirror with multi-directional swivel
- Chrome plated shaft extends from 11 1/2" to 18"
- Vinyl grip
- Lifetime warranty

Description	WPS#
Inspection mirror	117-1030

### 2 PC RAZOR SCRAPER SET AND RAZOR BLADES

- Ergonomic grips for greater comfort and control
- Mini razor scraper features durable composite construction
- Extended reach scraper gives you increased reach and leverage
- Lifetime warranty on scrapers
- Single edge razor blades fit most all standard razor scrapers
- Razor scraper set includes: Extended reach and mini razor scrapers and 10 razor blades

Description	WPS#
Razor scraper	117-1114
Razor blades, 100/box	117-1090

- Locking blade
- Durable casing stands up to rough treatment
- Lifetime warranty

Description	WPS#
12' tape measure	117-1085
25' Tape measure	117-1086

### SHOP TOWELS

- Soft all cotton weave
- Absorbent, machine washable
- 13 3/4" x 13"
- Sold 25/pack

Description	WPS#
25 pk shop towels	117-1035

### 2 PC VALVE LAPPER SET

- Heavy duty rubber suction cups
- Hardwood handles
- Lifetime warranty
- Lapping compound not included

Description	WPS#
2 pc valve lapper set	117-1095

### PISTON RING COMPRESSOR SET

- Includes 6 sizes of bands for multiple applications
- Fits pistons 2 7/8" (73 mm) thru 4 3/8" (110 mm) in diameter
- Lifetime warranty

Description	WPS#

## COOLING SYSTEM PRESSURE TEST KIT

- Detects internal engine cooling system leaks
- Quickly reveals external cooling system leaks
- Kit includes hand pump with pressure gauge, 12 adapters to fit most powersport/automotive applications and storage case

Description	WPS#
Pressure test kit	117-1056

## 5 QT FLEX SPOUT DISPENSER

- 5 Quart capacity, 14" flexible metal spout
- Designed for one handed operation
- Thumb operated control valve
- Rolled edge top helps prevent oil spillage
- Lifetime warranty

Description	WPS#
5 qt flex spout dispenser	117-1088

## 120 VOLT LED WORK LIGHT

- 30 Bright white LED's
- Impact, moisture and chemical resistant
- Magnet and dual hooks for hands-free lighting
- Heavy duty switch, 6 ft/18 gauge cord
- UL listed

Description	WPS#
LED work light	117-1077

**ECONOKITS**

**H1**

- Five combination wrenches cover most fasteners, and an eight-inch adjustable wrench handles the rest, including most axle nuts
- Locking pliers, tire gauge, hex and star keys, and much more
- The double-panel 600-denier polyester pouch is designed to last

**WPS#**

**57-00210**

**H2**

- Five combination wrenches, plus a stout 6-in-1 screwdriver, tire gauge, hex and star keys, 2-in-1 spark plug socket, and more
- The rugged pouch, with self-healing zippers, won't let you down

**WPS#**

**57-00211**

**ROADTECH H3**

- We've combined the road-proven EconoKIT H1 with the best of our MiniSet™ for this super charged roadside solution
- Includes our top-grade combination wrenches, adjustable wrench, locking pliers, tire gauge, hex and star keys, screwdriver and more
- But you'll also love the mini ratchet and socket set, making this the last tool kit you'll ever need to buy

**WPS#**

### SPEEDKIT FOR HD

- Our new SPEEDKIT tool kit series provides a new standard for capability and compactness
- Developed to cover the most common needs for all Harley-Davidson models except the V-Rod
- With wrenches, nut drivers, star bits, hex keys, screwdriver, pliers, 2-in-1 spark plug socket, and tire pressure gauge
- Everything fits into a rugged pouch that measures only 7" x 2" x 2"

WPS#

57-00229

### ROADTECH TEARDROP

- The RoadTech tool kit series combines road-proven EconoKIT content with a mini ratchet and socket set
- RoadTech Teardrop packs virtually everything from the RoadTech H3 into a compact pouch designed to fit genuine and aftermarket teardrop tool boxes
- While the pouch is designed for teardrop boxes, the tool set is equally applicable to all air-cooled models

### HEX-PRO SAE HEX SET

- 180 degree swivel head with extra long handle for accessing hard to reach places
- Kit includes 3/16, 7/32, 1/4, 5/16, and 3/8 inch wrenches
- Pivot design allows for easy rotation around obstructions
- Pivot design allows you to keep the wrench and fastener engaged when access is limited
- Great time saver
- Heat treated alloy tool steel
- Chrome plated finish
- Includes heavy duty folding canvas storage pouch
- Takes up less storage space than a typical hex key set

Description	WPS#
SAE Hex set	57-8419

### STAR-PRO WRENCH SET

- 180 degree swivel head with extra long handle for accessing hard to reach places
- Kit includes T-25, T-27, T-30, T-40, T-45, and T-50 wrenches
- Pivot design allows for easy rotation around obstructions
- Pivot design allows you to keep the wrench and fastener engaged when access is limited
- Great time saver
- Heat treated alloy tool steel
- Chrome plated finish
- Includes heavy duty folding canvas storage pouch
- Takes up less storage space than a typical hex key set

Description	WPS#
Star-Pro wrench set	57-8421

### 90° 1/4" HEX DRIVER

- Precision made of high grade aluminum and stainless steel
- Designed for hard to reach pilot air screws
- Gear driven 1/4" hex, 17.5" long
- Includes five hex drive bits - straight slot, phillips, D-shaped pilot screw bit, 6mm hex jet bit and 1/4" hex to 1/4" drive bit
- Strongest tool of its type on the market
- Max torque is 50" lbs

## IMPACT DRIVER

- Heavy duty design for general shop use
- Tightens or loosens screw or bolts on impact
- Complete with four bits and metal storage case
- 3/8" square drive

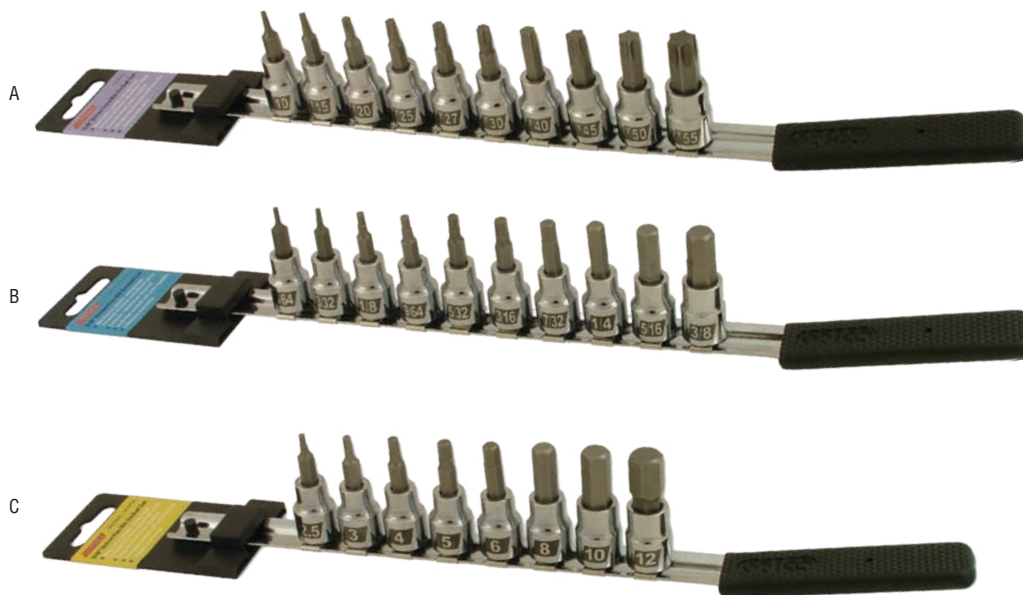

Description	WPS#
Driver	56-4038
<b>REPLACEMENT BITS</b>	
Set of 4, 5/16" hex shank	56-4252

## SOCKET BIT SETS

Motorcycles, ATVs, snowmobiles, and personal watercraft make widespread use of set and cap screws that require hex ("Allen") and Torx® wrenches. Such fasteners are very vulnerable to damage from tools with loose tolerances and/or inferior materials.

Every rider should have a comprehensive set of socket bits for home, pit, or mobile use. Our three new sets are professional tool quality, yet priced to meet any budget. Socket bodies are polished chrome, and bits made of a heat treated chrome vanadium alloy that exceed ANSI standards. Unlike most socket bit sets found elsewhere, all sockets are 3/8" drive so you only need one ratchet or T-handle for all sizes. A reverse laser imprint provides for easy size identification. To help keep your socket drawer organized, each set ships on a rail with handle. Tools are lifetime guaranteed.

	Description	WPS#

## PRO TORQUE WRENCH

CLICK-TYPE MICROMETER TORQUE WRENCH

Description	WPS#
Pro Torque Wrench	57-0634

- Features a quarter-inch reversible ratcheting drive and heat-treated steel construction
- Quickly set torque using a micrometer-style dial and simple locking mechanism
- Adjustable from 6-30Nm

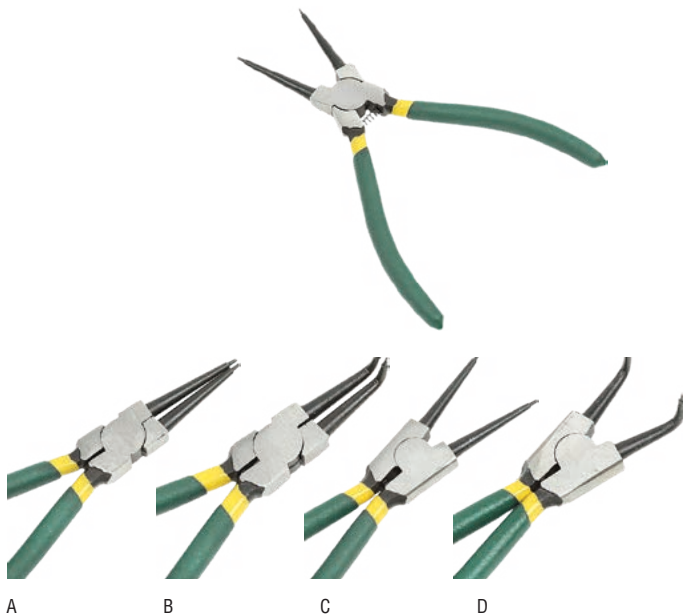

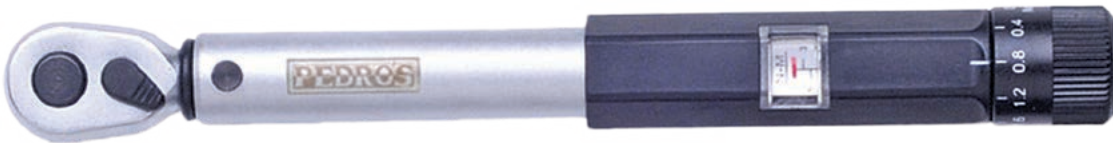

## DEMI TORQUE WRENCH

CLICK-TYPE MICROMETER TORQUE WRENCH

- Features a quarter-inch reversible ratcheting drive and heat-treated steel construction
- Quickly set torque using a micrometer-style dial and simple locking mechanism
- Adjustable from 3-15Nm

Description	WPS#
Demi Torque Wrench	57-0635

## SNAP RING PLIERS

Pliers for C type snap rings. 4 different pliers available, internal and external, straight and bend head.

Description	WPS#
A Internal straight 185mm length	634-68001
B Internal 90°, 158mm length	634-68002
C External straight, 165mm length	634-68003

## COMBO Y-DRIVE WRENCH

- Innovative dual-use design combines 6 tools into one
- 8 mm, 10 mm and 12 mm hex socket
- 4 mm, 5 mm and 8 mm hex drive
- Padded Y-shape for excellent grip and leverage
- Compact design is ideal for trail tool packs
- Chrome-Vanadium tool steel
- Limited lifetime warranty

Description	WPS#
Y-Drive wrench	57-8547

## DUAL DRIVE L-HANDLES

- Impact resistant ergonomic molded handle reduces hand fatigue
- Use drive side to tighten/loosen fasteners and shaft side for quick installation/removal of fasteners
- Minis are a compact 7 5/8" shaft for tight access & easy transport
- Durable nickel pewter finish
- Lifetime replacement warranty

Description	WPS#
3/8" L-Handle (10" long)	57-8361
1/4" L-Handle (10" long)	57-8363

## 1/4 SPINNER T-HANDLE

- Knurled bearing mounted spinner provides faster and easier removal and installation of nuts and bolts
- Padded grip handle
- Lifetime replacement warranty

## TRI-DRIVE MINI T-HANDLES

Use T-handle drive to tighten/loosen fasteners and shaft drive for quick installation/removal of fasteners

- 1/4" drive has a compact 6" drive shaft length
- Compact size for use in tight spaces & easy to carry
- Includes 8mm, 10mm, 12mm and 13mm sockets

- Use with 1/4" drive sockets, hex drives, crow's foot, swivels, etc.
- Chrome-vanadium tool steel shaft and T-Handle
- Durable nickel pewter finish
- Lifetime replacement warranty

Description	WPS#
Mini T-Handle	57-8389

## DUAL DRIVE MINI T-HANDLES

- Use T-Handle drive to tighten/loosen fasteners and shaft drive for quick installation/removal of fasteners
- 1/4" drive has a compact 6 1/2" drive shaft length
- 3/8" drive has a compact 7 3/4" drive shaft length

- For tight access and easy transport
- Use with 1/4" or 3/8" drive sockets, hex drives, swivels, etc.
- Chrome-vanadium tool steel shaft and T-Handle
- Durable nickel pewter finish
- Lifetime replacement warranty

Description	WPS#
1/4" Drive (6 1/2" long)	57-8359
3/8" Drive (7 3/4" long)	57-8360

## 1/4" AND 3/8" DRIVE T-HANDLES

- T-handle socket drivers allow optional ways to use any 1/4" or 3/8" drive attachments such as sockets, hex drives, crow's foot or swivels
- Manufactured from chrome vanadium tool steel with carbon steel T-Handles
- Hard nickel - pewter finish
- Lifetime warranty

Size	WPS#
1/4"	57-8158
3/8"	57-8159
3/8" x 5mm x 6" extension	57-8184

## 1/4" SLIDING "T" DRIVER

- T-handles are extremely useful for all sorts of applications
- At about 7", it can be easily carried on your bike and likely to become a staple in your tool box as well
- Unique sliding "T" feature and a polished chrome finish

## DELUXE TOOL POUCH

- Made from heavy duty Cordura™ nylon
- 6 pockets for pliers, screw drivers, etc.
- Zippered compartment for smaller sockets, bolts, spark plugs, etc.
- Velcro® closure keeps pouch rolled up

Color	WPS#
Black	12-1858

Tools not included

## ECONOMY TOOL KIT

- 5" slipjoint pliers
- 3 open end wrenches (8x10mm, 10x12mm, 14x17mm)
- Spark plug wrench (21x24mm)
- Screw driver set (#2 & #3 Phillips, Flat Driver)
- Carrying pouch

Color	WPS#
Black	12-1867

## PRO TORQUE T-HANDLE

- The speed of a 1/4" or 3/8" T-handle driver with the accuracy of a precision torque wrench
- Quickly and accurately torque's those important fasteners
- Constructed of high grade stainless steel and 6061 anodized aluminum
- Choice of measurement range 4 -20 FT\*LBS or 6-27 Newton Meters
- Laser etched markings
- Hardened 3/8 or 1/4 socket end
- No setting of torque, No need for re-calibration
- Calibration certificate specific to each driver insuring exacting accuracy
- As with all torque wrenches, THEY ARE INTENDED FOR TORQUE ONLY they are NOT for loosening
- Includes a padded tool box insert for years of safe storage
- MADE IN THE USA

Description	WPS#
1/4 in Torque T FT* LBS 4lbs to 20lbs	57-0046
1/4 in Torque T N*M 6 to 27 N* M	57-0047
3/8 in Torque T FT* LBS 4lbs to 20lbs	57-0044
3/8 in Torque T N*M 6 to 27 N*M	57-0045

## HAMMER T-HANDLE

- The perfect (go to) T-HANDLE with a huge advantage over any other
- Features include replaceable BRASS and over molded Plastic tips
- Perfect to tap on those expensive parts without damaging them
- Precision machined
- Constructed from High Carbon Steel
- Durable chrome finish
- Replaceable tip kit includes: 1 Brass tip and 1 Plastic tip

Description	WPS#
A Hammer T 1/4 in drive	57-0041
B Hammer T 3/8 in drive	57-0042
C Replaceable Tips 1 brass/ 1 plastic	57-0043

- No Figuring
- No Guessing
- No Mistakes

### PERFECT GAS - OIL MIXTURE

Get a perfect mix every time. Fill your polypropylene Ratio Rite™ to the precalibrated ratio mark and pour into gas. Ratios are from 16:1 to 70:1 for 1, 1½, 2, 2½ gallons. Calibrations also include oz., c.c.'s and pints on the opposite side for transmission oil, fork oil, etc. Total capacity 24 oz.

Description	WPS#
Ratio Rite measuring cup	28-1111
Lid for Ratio Rite cups	28-1115

### DRIP FREE OIL FILTER FUNNEL

- For '85 and up Harley Davidson Evo and Twin Cam models with forward mounted oil filter
- Eliminates the mess of oil filter changes, no more oil all over the front of the engine

WPS #  
57-9996

### FUNNEL PRE-FILTERS

- Water repellant pre-filter prevents moisture from entering fuel tank by catching and holding water
- Also filters out wind-blown sand and dirt as small as .005 in diameter keeping fuel systems clean
- A must when you are at the dunes
- Color red

Size	WPS#
2 quart	28-1019
6 quart	28-1020

### HEAVY DUTY POLYETHYLENE FUNNELS

- Polyethylene plastic remains flexible in all temperatures
- Heavy construction assures a long life
- Funnels incorporate a fine mesh brass screen and a hang tab for easy storage
- Ideal for marine use - It floats!

Size	WPS#
2 quart	28-1009
6 quart	28-1010

### REDLINE FUNNEL

- That funnel that works
- Rotate around to get into those extremely difficult areas
- Works with all fluids

## DRAIN PANS AND FUNNELS

- Made from durable, high density polyethylene
- Petroleum resistant
- Easy to use
- Easy to store
- MADE IN AMERICA

Description	WPS#
A 7 1/2 qt triangle drain pan	28-1340
B 9 qt closed top drain pan	28-1341
C 3 pc funnel set	28-1346
D flexible funnel	28-1347

### PRO FUNNEL **NEW**

- Integrated shutoff valve allows precise amount of liquid to be dispensed
- Graduation marks for cubic centimeters, fluid ounces and premix ratio
- One liter capacity
- Easy to understand premix ratio graduations for 32:1, 40:1, 50:1, and 60:1 for 1 to 3 gallons
- Adjustable ball-pivot spout allows easy, spill-free filling
- Top cover keeps dust and dirt out when not in use
- Magnet allows funnel to be stored conveniently on the side of your tool box
- Tip size can be trimmed to fit your application

WPS #  
**57-8560**

- 4.0 peak horsepower (29,000 fpm) motor
- Rugged all steel construction
- 10 foot heavy duty hose
- Heavy duty neoprene blower nozzle
- Proudly made in the USA
- Completely safe for all paint and chrome finishes

## MOTORCYCLE DRYER

The Metro Air Force Blaster motorcycle dryer was specifically designed for cleaning and drying motorcycles with dry, filtered warm air (about 20-25 degrees above ambient temperature). The Metro Air Force Blaster will cut cleaning time by 80%! The Air Force Blaster is the quickest and most efficient method to dry motorcycles thoroughly and eliminate water spots. Five to seven minutes is all it takes to quickly and effectively dry motorcycles.

Description	WPS#
Blaster Dryer	57-8203
<b>ACCESSORIES</b>	
10' extension hose kit with coupler	57-8205
Wall/table mount kit with 10' extension hose	57-8204
Carrying case	57-8206
4 wheel dolly	57-8207

- 8 peak horsepower dryer unit on wheels
- 12 foot cord
- Rugged all steel construction
- Heavy duty neoprene blower nozzle
- 10 foot heavy duty hose
- Air concentrator nozzle
- Air stream tool
- Proudly made in the USA
- The ideal unit for use in motorcycle dealer service departments

## MASTER BLASTER MOTORCYCLE DRYER

The Air Force Master Blaster Motorcycle Dryer features a total of 8 peak horsepower. Two twin fan, 4.0 peak horsepower motors deliver up to 58,500 feet per minute of clean, filtered, warm airflow. Two switches allow users to set the airflow and temperature at 3 different levels. Use either motor (front or rear) independently or both simultaneously for maximum power. Different nozzles enable users to position airflow where desired and eliminate water spots.

Description	WPS#
Master Blaster Dryer	57-8201
<b>ACCESSORIES</b>	
10' extension hose kit	57-8205
30' extension hose kit	57-8209

## SIDEKICK PORTABLE BIKE DRYER

- Powerful 950 watt, 1.3 HP, 120 volt motor
- Weighs just 3 lbs., small enough to fit in most saddlebags
- Includes blower and flare nozzles, 3' 6" stretch hose, shoulder strap and mounting hooks

## TIRE STATION

- Combine with your air tank to make the ultimate tire changing station
- Forms a cage around your air tank and protects it from damage
- Works best with 11 gallon air tanks
- Can be used with or without air tank installed
- Durable steel construction
- Long lasting powder coat finish
- The perfect pit accessory

WPS#

57-8477

## ROLLSTAND®

- Allows you to easily clean front and rear tires/rims
- Sealed bearings, powder coated finish
- One person operation, just roll the front or rear tire onto the Rollstand® and place the bike on the sidestand
- Great for tire inspection, chain maintenance and checking air pressure
- Sportbike and Cruiser/Harley Davidson® models available (cruiser works on all motorcycles)

Description

WPS#

Sportbike 25-2020

Cruiser/Harley Davidson® 25-2021

## ARMOR RIM STRIP TAPE

- Ultra tough and durable material protects tubes
- Won't shift or move like rubber rim strips
- Self -adhesive backed for easy no mess installation
- Pre cut hole for valve
- Protects inner tube like no other rim strip

Rim Size

WPS#

18" - 19" 87-10062

21" 87-10061

## MC680 TIRE CHANGER

( MC680 with Strongarm II pictured )

- Specially designed for motorcycle/ATV tire changing
- Affordable solution to shops requiring a powered tire machine
- Available with optional air operated Strongarm II which aids in the mounting and removal of stiff sidewall tires
- One year parts warranty, replacement parts available by special order

Specifications:

Motor: 1.5 H.P.  
 Air Requirements: 115-145 PSI  
 Wheel diameter: 6"-24"  
 Tire width: 2"-10"

Description	WPS #
MC680 Tire Changer	135-9998

## MC205 WHEEL BALANCER

- The K&L MC205 Wheel Balancer incorporates the latest advancements in state of the art motorcycle wheel balancing
- This balancer features a spring loaded "Quick Clamp" wheel-mounting package and offers static (single plane) balancing
- Keypad data entry, in house calibration, and a choice of display modes (gram or ounce) all make this machine technician friendly
- Standard equipment includes: Universal motorcycle clamp, tapered mounting cones, rim width gauge, spanner wrench, and calibration weight
- Accuracy is greatly enhanced with the optional sleeve kit (135-0941)
- BMW/Honda 5-lug wheel adapter available separately (135-6631)

Specifications:

Accuracy: 5g or 0.25oz.  
 Rim Diameter: 10"-24"  
 Power Requirement: 110 Volt 60 Hz 1 Phase  
 Data Entry: Keypad  
 Rim Width: 1.5" - 16"  
 Shipping Weight: 359 lbs  
 Motor: 1/2 H.P.  
 Tire Diameter: Up to 30"

## TIRE IRONS

### A. FORGED STEEL

- 8 1/2" long zinc plated tire irons
- One curved end, one straight end
- Reduces marring of alloy rims
- Sold with ten irons on a display card

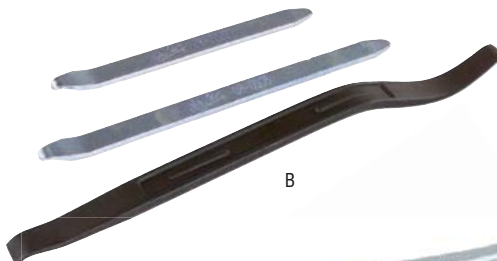

A

### B. ASSORTED SET

- Skin packed kit includes 8.5", 11" and 16" Motion Pro Tire Irons

B

### C/D. SPOON/PAIR

- Unique "spoon" shape on the end of this tire iron makes tire mounting and removal a breeze
- Large curved end fits securely in the hand
- Heavy duty silver zinc plated finish
- Small enough to fit in most fanny packs
- Spoon set includes a handy vinyl carrying pouch

C/D

### E. 8 1/2" FORGED

- Originally designed for professional Six Day Enduro riders
- Hot forged chrome vanadium steel
- 8 1/2" long, lightweight 4 1/2"oz.
- Extremely easy to use

E

### F. 11" PAIR

- Skin packed kit includes 1 pr 11" Tire irons

F

### G. 16" CURVED TIRE IRON/EACH

- Special design for easier tire changing
- Installation end will not abuse tire bead
- Less risk of damaging tube or rim
- Drop forged steel
- Special removal end will force bead down into rim drop center
- An absolute must for manual tire changing
- Measures 16" x 1 x 1 3/4"

G

	Description	Sold	WPS#
A	8 1/2" forged steel	10/cd	57-5503
	8 1/2" forged steel	Each	57-5500
B	Assorted	3/pk	57-8049
C	10" Spoon tire iron	Each	57-8115

E	8 1/2" Enduro	Pair	57-8051
F	11" tire iron	Pair	57-6210
G	16" forged steel	Each	57-6212

## TIRE IRONS

### A. 8 1/2" STEEL

- Drop forged heat treated steel
- Perfect size for fanny packs

### B. 10" SPOON

- Wide-radiused spoon area to ensure smooth action while preventing accidental tube pinching
- Comfortable rubber-covered handle to prevent slipping

Description	WPS#
A 8 1/2" Steel	57-6225
B 10" Spoon	57-6226

### C. 15" ECONOMY

- Maximum leverage
- 15" long x 1" wide
- Both ends are curved

### D. 16" ECONOMY

Description	WPS#
C 15" Economy	57-6211
D 16" Steel	57-6213

## SAFETY WIRE PLIERS KIT

- 6" wire twisting pliers with return spring mechanism for easy safety wire twisting
- A must have for safety wiring your grips
- Comes with 25' of .032 stainless wire

WPS#
27-0180

## SAFETY WIRE

- T302/304 Stainless steel
- Required by most race organizations
- Great for securing nuts, bolts and grips
- A must have in the shop or tool box
- Made in the U.S.A.

Description	.032"
25' roll	27-0179
1/4 lb spool	27-0176
1 lb can	27-0181

## TIRE TAMER

- No more skinned knuckles!
- Revolutionary tool holds the bead away from the rim for easy valve stem, rim lock and tube installation

**WPS#**  
**235-9264**

## TIRE VALVE STEM PULLERS

- For removing and installing valve stems on mag wheels, auto and ATV rims
- Available in solid and cable type puller

Model	WPS#
Cable	235-8885
Solid	235-4107

## TIRE BEAD STARTER

- All-in-one safe and effective answer to stubborn to seat street and ATV tires
- Works great on the largest ATV tires and up to 300mm street tires
- The expandable linked straps apply even seating pressure to tire beads without compressed air so it can be used in the shop or "out in the field"

**WPS#**  
**235-9016**

### RIM PROTECTOR

- Protects your wheel from scratches and dings caused by tire changing tools
- Retrieval cords are included for easy use

WPS#

57-0357

### BEAD POPPER

- Designed for breaking the bead on street and off-road motorcycle tires
- Compact and lightweight (only 3.7 oz.) stores easily in your emergency tool pack or tool box
- Can be used with the wheel on or off the motorcycle
- Will not scratch the wheel
- Easier and more convenient than press or lever tools
- Made of a durable high-impact plastic
- Not for use on ATV tires
- Made in the USA

WPS#

57-8439

### WHEEL TRUING STAND

- TS-7M is constructed from heavy gauge steel
- Allows for extremely accurate and reliable wheel truing at an economical price
- For wheels up to 180mm wide and 740mm in diameter
- Uses axle

Description	WPS#
Truing Stand	57-00730
Axle Adaptor	57-00734

### MC310 3 IN 1 TRUING STAND

- The three-in-one truing stand from K&L Supply helps you make the most of your workspace. This tool allows you to perform the following:
  - Build and true spoke wheels
  - Check for runout on crankshafts, wheels and fork tubes
  - Balance spoke and mag wheels
- The MC310 features rugged construction throughout with ease of use being given priority.
- Note: Does not include Dial Indicator.

Description	WPS #
MC310 Truing Stand	235-9573
Indicator Arm Assembly	235-9577
Dial indicator w/ Magnet Mount	235-8421

### MC305 WHEEL TRUING & BALANCE STAND

This portable wheel truing stand from K&L Supply works on all motorcycle wheel sizes from 14" to 21" wheels. Wheel can be mounted on adjustable centering cones or ball bearings (using axle) for truing and static balancing of wheels. Frame rails can be adjusted for wide rims/wheels. Lightweight, zinc plated press steel frame.

Economy stand available (includes rollers only).

Description	WPS #

## ERGO SPOKE WRENCHES

- Unique combination wrench design has 3-sided open end and semi-closed end
- Use open end for quick adjustment of spoke nipples and semi-closed end for those hard to turn nipples that require more torque
- Specially designed ergonomic handle allows larger turning radius and excellent grip and feel
- Polished finish with laser engraved logo and size markings
- Limited life time warranty
- Patent pending

Description	WPS#
Set of 6	57-8526
5.0mm	57-8520

7.0mm	57-8525
Spline Drive	57-8580

## SPOKE WRENCH

- Features unique square end openings which grip the spoke nipple on all four sides instead of just two, assuring that the nipple corners are not rounded off during tightening
- With many nipples being made from aluminum or brass, this square tool is important
- Sizes are 6mm and 6.3mm which will fit most Japanese dirt bikes and many street models

Size	WPS#
6mm x 6.3mm	57-8133
6.5mm x 6.8mm	57-8157

## PROFESSIONAL TIRE PRESSURE GAUGES

- Liquid glycerin filled gauge gives consistent readings regardless of temperature or elevation
- Pressure range of 0-60 psi for checking sport bike tire
- Liquid filled 2.5 inch dial gauge with protective rubber boot
- Blue anodized 6061 T-6 body with pressure relief valve
- High pressure hose with dual swivels and brass ball type air check

Gauge Holder

Description	WPS#
0-60 psi	57-8402
0-30 psi	57-8258
0-60 psi (Digital)	57-0468
Gauge Holder	57-8475

## TIREPRO DIGITAL TIRE GAUGE

- Ideal for motorcycle and ATV use
- Large display, readings are shown to 0.1 psi levels, with bar, Kpa and Kg-cm2 scales also provided
- Reads up to 99 psi
- An ergonomic shape fits nicely in your hand

WPS#  
57-0012

## TIREPRO GAUGE

- 12" flexible hose makes even hard-to-get-to valves an easy endeavor
- Built-in valve lets you "bleed" down to desired pressure
- Readings are in psi and Kpa (up to 60 psi)
- Dial is protected by a rubber boot

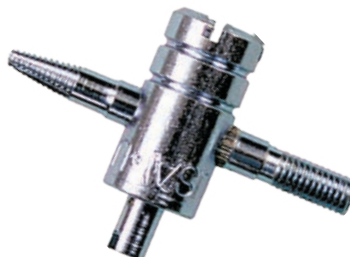

WPS#  
57-0011

## TIRE VALVE REPAIR TOOL

- Inserts & removes valve cores & cores with broken swivels
- Cleans & recuts threads on both inside and outside of valve

WPS#  
85-4106

Description	WPS#
Recoil Nylon Air hose 12 ft.	85-5546

## AIR HOSES

Abrasion resistant with permanent "recoil memory". Swivel fittings ensure twist free action. Impervious to paint, solvents, and most chemicals. Withstands up to 200 psi and extends 20 times its stored length. Fitted with 1/4" male couplings at each end. Fittings sold separately.

## AIR LINE FITTINGS

	WPS#
A Male adapter*	85-6153
B Female adapter*	85-6159
C Female coupler*	85-6152

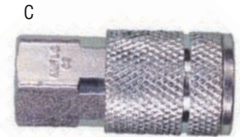

\* Above fittings are not interchangeable with other styles. Whenever ordering these fittings to match existing fittings, check this profile to make sure that you have the same style.

Male Adapter-1/4" male thread screws into blow gun, tire chuck, air wrenches, and many other air tools for quick disconnect when changing air tools on the same hose.

Female Adapter-1/4" female thread screws onto male threads commonly found on extension air hoses. Allows quick disconnect from coupler for use of air hose at another work station.

Female Coupler-1/4" female thread screws onto compressor or extension hoses. Coupler automatically shuts off air flow whenever adapters are not inserted.

WPS#
85-5112

## BLOW GUN

This simple, rugged blow gun is reliable and efficient and will provide many years of service. The contoured design is comfortable in the hand. Note the handy hang-up hook. Has 1/4" NPT female thread. Male adapter sold separately.

## TIRE CHUCK

Ball type air chuck fits standard bore valves. Has 1/4" NPT female thread. Male adapter sold separately.

Description	WPS#
A Standard chuck	85-5062
B Chuck w/lock clip	117-1113

## PRO FILL AIR CHUCK

- Pivoting angled head design allows access to difficult to reach tire valves
- Unique design provides added hand clearance between filler and hot brake rotors
- Billet aluminum construction for light weight and precise fit and function
- 1/4" NPT female inlet allows use of common air hose couplings and fittings
- Blue anodized finish with laser engraved Motion Pro logo
- Perfect complement for Motion Pro air gauges
- Patent pending

WPS#
57-8602

## MVP PRO-TECH FOOT PUMP WITH GAUGE

- Equipped with a pressure gauge and durable air hose
- Multi-purpose: Inflates tires, toys, sporting goods and more
- Compact design makes toting and storage easy
- Quick release thumb lock

WPS#
85-6195

## OUTBACK'R H13 FOR HARLEY-DAVIDSONS

The Outback'r H13 is a powerhouse of functionality. Included are three hex keys (5/32", 3/16", 1/4"), two Torx keys (T25, T27), slotted and Phillips screwdrivers, a socket driver with 3/8", 7/16", and 1/2" sockets, 10mm box and 9/16" open-end wrenches, plus a spoke wrench. At only 10 ounces and 3.5" long, even chopper riders won't have trouble carrying it.

WPS#

57-0009

## FOLDING HEX/TORX KEY SET FOR H-D

Harley-Davidsons make regular use of hex and Torx fasteners, so we've assembled the most common sizes (5/32", 3/16", 1/4", 5/16", T25, T27, T40) into a compact fold-up unit. Forged from heat-treated chrome vanadium alloy and housed in a tough handle that allows multiple angles of use, even those hard-to-get-to fasteners shouldn't pose any problems.

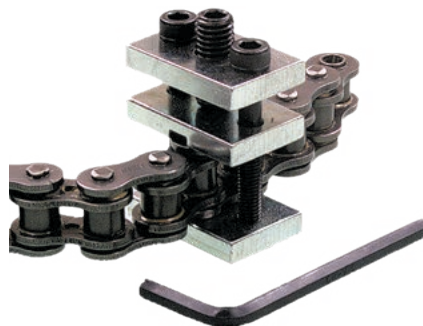

WPS#

57-0008

## MINI CHAIN PRESS TOOL

- Inexpensive and toolbox sized
- Fits 520, 525 and 530
- Presses on side plates on standard and O-Ring chains

WPS#

57-8070

## CHAIN PRESS TOOL KIT

- Fits #520-#530 standard and O-ring chains

### MASTER LINK PLIERS

- Designed to simplify installation and removal of clip-type masterlinks
- One tip is shorter and notched to be placed on the pin while the other is longer to easily push the clip

WPS#  
57-8230

### EK PROFESSIONAL CHAIN TOOL

- Machined from a solid billet of hardened steel
- Designed to withstand the rigors of a service department
- Drives out pins and presses master links together

WPS#  
69-9935

### CHAIN•A•PART CHAIN BREAKERS

- Long, hardened-steel punch forces pin all the way out
- So precise it never harms adjacent links
- The secret is Smith Tool's patented clamping cylinder for perfect alignment
- Two models so there is a Chain-A-Part to fit all roller chain series from 420 to 630 chain
- Best buy in roller chain tools in America!
- Packed in a rugged hangable display case with instructions
- Heavy Duty/Shop Quality

Description	WPS#
<b>MODEL A - 520/525/530/630 CHAIN</b>	
Chain Breaker	57-5490
Replacement Punch	57-5491

Description	WPS#
<b>MODEL B - 420/428/520/525/530 CHAIN</b>	
Chain Breaker	57-5495
Replacement Punch	57-5496

## T-6 CHAIN TOOL

- Breaks 520 to 530 chain
- Use for pressing on and off 520 and some 525 master link side plates
- Will push link pin completely through link/side plate
- Body forged from high-strength 4130 chrome-moly
- Body and extractor bolts manufactured from billet high-strength 7075 T-6 aluminum
- Replaceable pin is heat treated for strength and wear resistance
- This tool does not rivet master links

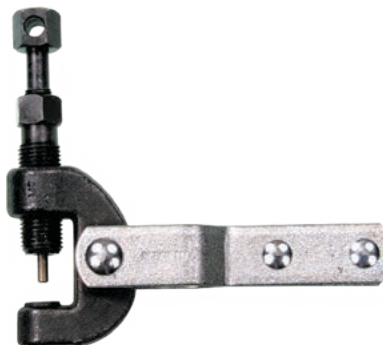

Description	WPS#
T-6 Chain Tool	57-8358
Replacement Pin	57-5502
Replacement Spring	57-8001D
Extractor Bolt	57-8358B
Body Bolt	57-8358C

## CHAIN BREAKER

### TOOL COMPARTMENT SIZE

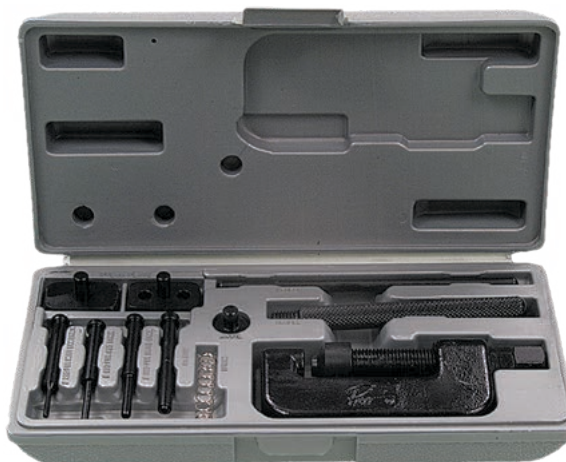

Heat-treated chrome moly body. Extremely compact (4") with folding handle. Fits chain sizes 420, 428, 520, 530 and some 630. Hardened tip completely removes pin. Used in the I.S.D.E. Made in U.S.A.

Description	WPS#
Chain Breaker	57-5501
Replacement Tip	57-5502

## CHAIN RIVETING TOOL

This new tool is designed to rivet chain links to form endless chain. Tool may also be used to break chain by pushing pin out. Each tool includes 3 sizes of pins.

Description	WPS#
Chain Riveting Tool	57-8058
Large Anvil	57-8058D
Replacement tip - 2mm	57-8059
Replacement tip - 3mm	57-8060
Replacement tip - 4mm	57-8061
Replacement Wedge tip	57-8062

## SPROCKET JAMMER

- Prevents rotation of chain and sprockets for easy removal or installation of counter shaft nut
- Can be used to pull rear wheel against chain blocks when tightening rear axle
- CNC billet aluminum construction
- Blue anodize and laser etching for easy identification

WPS#
57-8642

## JUMBO CHAIN TOOL

- Designed to break roller chain up to #630 (Fits all standard & O-ring chain sizes #520 to #630)
- Designed to rivet chain up to #530 (not #630)
- Master link side plate press kit included to press on side plates up to #530 (not #630)
- Screws and attachments are made from 86L20 steel and then heat treated for strength and durability
- Extractor pin is firmly guided by removable guide, ensuring long pin life
- May be bolted to work bench, supported in vise or held by handle
- Bolted to solid surface, air or electric wrenches may be used to break chain
- Recommended for heavy-duty use
- Made in the U.S.A.
- Great for use with the 57-8142 Quad stake rivet kit

Description	WPS#
Jumbo Chain Tool	57-8135
Replacement Pin	57-8035
OPTIONAL RIVET TOOL KIT	
Rivet tool	57-8142

## OPTIONAL QUAD STAKE RIVET TOOL KIT FOR JUMBO CHAIN TOOL

- The perfect compliment to the 57-8135 Jumbo Chain Tool
- Retain that factory quad-stake look
- Safely and properly peens soft-nose-type master link pin tip

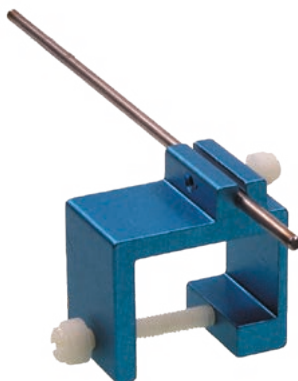

WPS#
57-8142

## PBR (PRESS, BREAK, RIVET) CHAIN BREAKER

- Innovative design will Press, Break & Rivet 520, 525, & 530 chains with one convenient tool
- Versatile design will remove chain pins, press master-link plates and rivet hollow nose & soft nose (quad stake) master link pins on O-ring and non O-ring type chains
- Easy to use design allows you to change tool functions by simply moving the position of the anvil block
- Indexing letters on movable anvil and body insures correct tool configuration. Simply line up the letter on the anvil to the letter on the body to get the configuration you need!
- All components conveniently store on tool when not in use
- All steel construction with heat treated components for strength and durability

Description	WPS#
PBR Press	57-8470
Replacement Pin	57-8470C

## CHAIN ALIGNMENT TOOL

Tool aids in visual alignment of sprockets allowing accurate wheel alignment when adjusting rear chain. Tool body clamps to rear sprocket with alignment rod pointing directly to front sprocket, simply sight down alignment rod and move rear wheel until sprockets align.

## CHAIN TOOL

- Designed for 520,525,530 and 532 chain sizes
- Handy denim pouch included
- Use tool to push out pins, press plates and rivet links together

**WPS#**

**690-9937**

**REPLACEMENT PIN**

**690-9936**

## CHAIN RIVET TOOL

- Complete chain tool for most 520, 525 and 530 standard and o-ring chains
- Break, press and rivet your chain with one compact tool
- Will rivet hollow nose master links (will not rivet solid soft-nose pins)
- Will push pin completely through link/side plate
- Hardened body, riveting tip and breaker pin for strength and durability
- Removable handle for compact storage
- Perfect for trail/road tool pack if you have a chain with a rivet master link

Description	WPS#
Chain Rivet Tool	57-0467
Replacement Tip 4mm	57-8061
Replacement Wedge Tip	57-8062

## FORK ALIGN TOOL

- Quick and easy to use tool for aligning front forks to ensure they are parallel from top to bottom
- Proper alignment reduces sticking, enhancing fork performance
- Knurled adjustment screws for easy setup
- Reduces seal and bushing wear
- Will work on 27mm - 62mm fork legs and tubes
- Works on forks that are 140mm to 220mm on center
- Patent pending

**PROFI CAT**  
LASER  
CHAIN ALIGNMENT TOOL

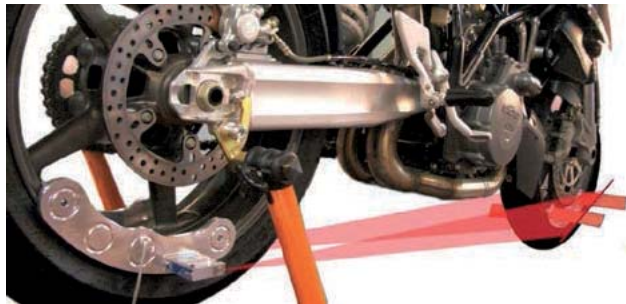

**CHAIN WEAR MEASUREMENT SYSTEM**

- Allows the user to digitally measure chain stretch to help determine if chain replacement is necessary
- This tool can apply up to 625 pounds per square foot (30 kp) of load to the chain for a true wear measurement
- Measurements can be made in inch or metric increments
- Works on all 400 and 500 series chains
- Includes Profi line laser chain/belt alignment tool and storage case

## CHAIN MONKEY NEW

Chain Monkey is the world's first tool designed to help you set the tension on your motorcycle's drive chain. The task of tensioning a chain can be a tedious and time consuming task, especially on motorcycles. But not anymore.

By using Chain Monkey, anyone can set their chain tension quickly, easily and with minimal knowledge required. From new riders through to experienced mechanics, Chain Monkey will simplify the task, optimize performance and save you money through its revolutionary, patented design.

Description	WPS#
Chain Monkey	59-2801

## BELT MONKEY NEW

Belt driven motorcycles require the correct drive belt tension to ensure moving components are not over stressed, while providing a smooth and comfortable ride. Achieving the correct tension setting can often take numerous measurements and adjustments while taking up a lot of time.

Belt Monkey has been designed to eliminate the need for countless measurements and adjustments by achieving the correct belt tension first time, every time. Our tool enables riders to tension their belt quickly and with ease.

Description	WPS#
Belt Monkey	59-2802

The simplicity of our product means that you are comfortable maintaining your bike yourself, regardless of experience.

### HYDRAULIC BRAKE BLEEDER

- New Brake Bleeder will aid in the bleeding and servicing of hydraulic brakes
- Makes bleeding brakes a one man job
- The unique check valve allows fluid and air to escape while preventing air from re-entering the system

WPS#

57-8143

### MINI BLEEDER

- Combines wrench and bleeder valve into one convenient and compact tool
- Fits most 8mm bleeder nipples
- Bleeds brake systems and hydraulic clutch systems
- Internal check valve for fast easy bleeding
- Anodized billet aluminum handle with chrome moly steel body
- Compact size for tight spaces
- High quality internal seal
- Multi position handle

Description	WPS#
8mm	57-8482
10mm	57-8529
11mm	57-8530
3/8"	57-8543

WPS#

### MASTER CYLINDER SNAP-RING PLIERS

- Allows removal of internal snap rings used in hydraulic master cylinders
- Replaces 07914-SA50001 and AKS-316-2010
- Can be used to remove and replace small to medium internal snap rings up to 50mm deep, including those used for transmission gear locating, bearing retention, and seal retention
- Applicable to some fork seal retaining rings

## REVERSE BRAKE BLEEDER

- The tool that makes brake or clutch bleeding fast, precise and easy
- The patented Reverse Bleed Technology is what makes this tool so unique
- Removes more trapped air than any other bleeder
- The only system for those tough ABS units without a scan tool
- Allows you to refill and bleed a complete dry clutch or brake system
- Can be used on the machine or pre bleed on a bench
- The V-5 Bleeder is compatible with DOT 3,4 and 5.1
- The easiest one person tool ever used

Description	WPS#
V-5 Reverse Bleeder Brake & Clutch	57-8217

### ADJUSTABLE FORK SEAL DRIVER

WPS#  
235-7998

- Adjustable fork seal driver, fits 38mm to 52mm fork seals.

### SEAL MATE

- Easy way to keep your fork seals clean and debris free
- Extract dirt or debris trapped between fork seal and tube
- Will work on conventional and up-side down forks
- Sold on a card of 12

WPS#	
1 ea	57-8395
12/CD	57-8356

### RINGER FORK SEAL DRIVER

- Innovative design makes tool easier and safer to use than old fashioned pin aligned drivers
- Anodized aluminum locking ring features knurled finish for secure no-slip grip and positively locks body halves together during use
- No more worrying about part of the tool falling off and damaging the fork leg or hitting your feet
- Perfectly weighted to drive seals
- Body halves are machined from durable carbon steel and feature high quality protective black e-coat with laser engraved markings
- Lifetime warranty
- Patent pending

### WHEEL BEARING REMOVER KITS

Description	WPS#
2 pc. set 3/4"	57-80271
3 pc. set 3/4", 1"	57-8354

## FORK SEAL BULLET SET

- Protects the fork seal and wiper of inverted forks from damage by the bushing groove during installation
- Saves time by eliminating the need to wrap the fork tube with tape
- Set includes all seven sizes
- Each size is a different color
- Also available separately

Description	WPS#
Set of 7	<b>57-8282</b>
36mm red	<b>57-8283</b>
41mm blue	<b>57-8284</b>
43mm green	<b>57-8285</b>
45mm yellow	<b>57-8286</b>
46mm black	<b>57-8287</b>
47mm white	<b>57-8288</b>
48mm	<b>57-0332</b>

## H-D® FORK SPRING COMPRESSION TOOLS

- Designed to install fork caps on forks with a large amount of spring pre-load
- Will work on most 39mm and 41mm Harley-Davidson forks
- Reduces risk of damage to fork caps during installation

Description	WPS#
39mm/41mm kit	<b>57-8299</b>
39mm kit	<b>57-80300</b>
41mm kit	<b>57-80301</b>
REPLACEMENT PARTS	
Jackscrew	<b>57-80302</b>

41mm adapter	<b>57-80304</b>
39mm fork cap socket	<b>57-8139</b>
41mm fork cap socket	<b>57-80305</b>

## FORK CAP NUT SOCKET FOR H-D®

- Use for removal and installation of the fork cap nut
- Fits most Big Twin, Sportster, and other models w/39mm or 41mm forks
- O-ring insert to help protect the top of the cap

Description	WPS#
39mm forks	<b>57-8139</b>
41mm forks	<b>57-80305</b>

## 36MM AXLE SOCKET

- Facilitates loosening and tightening of hard to reach rear axle nut on H-D® baggers
- Fits 36 mm axle nuts
- Captive swivel extension with ½ inch drive
- Rated for up to 175 foot pounds of torque
- Durable plastic sleeve protects exhaust system
- Lifetime limited warranty

Description	WPS#
Axle Socket 36mm	<b>57-8635</b>

## STEERING STEM TOOL FOR H-D

- Removes and installs tapered roller bearing at base of steering stem
- Fits most Harley Davidson motorcycles with tapered roller bearing at base of steering stem
- Durable black oxide finish with laser engraved logo
- Compact design to fit with steering stops on lower triple clamp
- Removal process requires cutting outer sheet metal cage from tapered roller bearing unit
- Removes bearing without damaging steering stem
- Bearing driver adapter installs new bearing without damage to bearing or steering stem

**WPS #**  
**57-8558**

## FORK SPRING TOOL FOR SPRINGER FORKS

- Assists in the disassembly and assembly of springer-type front forks on Harley-Davidson motorcycles
- Made in the USA

**WPS#**  
**57-8144**

## FORK OIL LEVEL GAUGE

- The perfect tool for checking or adjusting fork oil levels
- Works on any conventional or inverted fork
- Aluminum adjusting ring will measure from 0-300mm
- Syringe has a capacity of approximately 60ml

**WPS#**  
**57-8121**

## STEERING RACE REMOVER

- Makes head tube bearing race removal easy
- Tool is pulled through the steering tube until the flared ends snap in behind the race. A blow on the tool head removes the race
- Tool fits most brands with 35-55 mm bearing races

Description	WPS#
35-38mm	57-00726
25-31mm	57-00727

## STEERING RACE PRESS

- HHP-2M easily and accurately presses steering head tube races, eliminating damaged or misaligned bearing races and helps prevent dented and chipped frames
- Unique design permits quick tool installation and release after races are seated
- Heat-treated bushing (included) provide a precise fit and alignment for most brands

WPS#
57-00725

## STEERING TUBE BEARING INSTALLER

- New safe approach to lower bearing installation
- Unique system utilizes specially designed aluminum inserts to quickly and accurately install nearly any lower bearing
- Includes three specifically shaped aluminum inserts (1", 1 1/8", 1 3/8") and a heat treated, universal setting driver

WPS#
57-00728

## WORK STAND

- Designed to safely and securely hold round or odd shaped components
- 360° rotation of the clamp
- Two models - bench mount and wall mount

Description	WPS#
Bench mount	57-00702
Wall mount	57-00703
Repl. Jaw cover	57-00705

## ALUMINUM VISE INSERT

- Safe way to hold suspension shafts
- Holds from 7mm to 15mm shafts
- Magnetic strips attach to vise jaws for easy, trouble free use

WPS#
57-00716

## PRESSURIZING SHOCK GAUGES

Brand	Description	WPS#

## MOTORCYCLE SHOCK SPRING INSTALLER

- Install shock springs in less than 30 seconds
- Dual shoe will work on right and left hand wound springs
- Heavy duty, shop quality

WPS#

**57-6100**

## SPRING PULLER

Tired of skinned up knuckles? Every mechanic or enthusiast/tuner should have at least one of these.

WPS#

**57-00224**

## SPANNER WRENCH

WPS#

**57-00225**

## JET CLEANING TOOL

- Priceless item to clean carb jets and small holes
- Compact enough to keep in your toolbox.
- Ten pin sizes to clean most common jet sizes

WPS#

**14-0020**

## DELUXE PISTON PIN PULLER

Short skirt adapter for (slipper) pistons

- Interchangeable piston adapters for use on both long skirt and short skirt (slipper) pistons
- Fits all piston pins from 12 mm (1/2") to 24 mm (1")
- Made of 6061 aluminum with non-marring aluminum adapters and durable blue anodized finish
- Patent pending

WPS#

57-8472

## ADJUSTABLE TORQUE WRENCH ADAPTER

- Torque any fastener with a combination wrench or Allen wrench
- Will work with 6mm (1/4") through 19mm (3/4") combination wrenches
- Heat treated steel with black oxide finish
- 3/8" square drive is rated for a maximum torque of 90 ft-lbs.

WPS#

57-8380

## PISTON PIN PULLER

Universal Piston Pin Puller easily removes all sizes of piston pins without any damage to pistons.

WPS#

12-1026

## AUXILIARY TANK

For shop use when tuning with gas tank off bike; takes place of regular gas tank while running machine. Includes 4 feet of 1/4" fuel line and in line petcock. If using with fuel injected bike use a T-fitting and second fuel valve for return fuel.

WPS#

57-8032

## CARBURETOR LEAK DETECTOR

- Check needle and seat holding pressure
- Track down leaking crankshaft seals and imperfections in crankcase surfaces
- This tool should be in every service department

## STONE-TYPE GLAZE BREAKER

- Full 2" to 7" range (50.8 - 177.8 mm) Controlled pressure assures positive, adjustable contact through full range
- 3 stones provide more cutting surface and assures quick removal of cylinder glaze
- Adjustable stop-collar permits quick selection of two range settings, from 2" to 4" and from 4" to 7", and serves as safety stop if tool is extracted from cylinder while turning
- Operates with any electric drill
- Easily compressed with one hand to eliminate vertical scratches which might spoil the diamond cross-hatch pattern when removing tool from cylinder
- Furnished with 220 grit stones

Description	WPS#
Glaze Breaker	39-1030
3/PK Repl. Stone 180 Grit	39-1035
3/PK Repl. Stone 280 Grit	39-1038

## ALIGNMENT TOOL

- Used for tappet block and oil pump alignment (2 required)
- 1/4"-20 thread

Description	WPS#
Alignment Tool (ea) Repl. OEM 33443	820-53500

## NYLON FLEXHONE BRUSH

- Ideal for high-performance engine building
- Abrasive impregnated nylon bristles
- Does not enlarge more, but removes microscopic peaks and scuffs left after honing
- Gives a superior plateau finish
- Safe for use in 2-cycle engines
- Designed for plated, cast iron bores
- Full range of bore size available

Description	WPS#
45-57mm	39-6075
57-70mm	39-6076
63-76mm	39-6077
76-89mm	39-6078
89-102mm	39-6079

## COMPRESSION TESTER

10, 12, 14 and 18mm screw-in adapters on a 12" flexible hose and air release quick-coupler make this tester fast and easy to use in testing snowmobiles, motorcycles, chain-saws, lawn mowers and outboards.

WPS#

57-8188

## 4-STROKE LEAK DOWN TESTER

- Designed to check the amount of cylinder leakage in a 4-stroke engine
- With an air source of 70 to 160 psi. this system will pressurize the cylinder with 60 psi. of air
- Gauge will register the total percentage of leakage past the rings, head gasket, intake and exhaust valves
- 10, 12, & 14mm spark plug thread hoses, regulator and gauge included
- Speeds up troubleshooting and helps to isolate bad components
- Made in the U.S.A.
- Packed in a convenient carry box, complete with instructions

Description	WPS#
4-Stroke leak down tester	57-8126
Replacement 10mm Hose	57-8126X
Replacement 12mm Hose	57-8126Y
Replacement 14mm Hose	57-8126Z

## CAM INSTALLATION KIT

Includes degree wheel, dial indicator, adjustable magnetic stand, three positive stops (10mm, 12mm, 14mm threads) in a wooden case

## VALVE SPRING COMPRESSOR

- Heavy-duty construction, economical price
- Comes with 19mm, 23mm, 25mm collars
- Carrying case included

WPS#

57-8011

## STETHOSCOPE

- Helps to diagnose engine and bearing noises
- Comes with extension

WPS#

57-8010

## DEGREE WHEEL

Manufactured from .052" thick with a 6 $\frac{3}{4}$ " outside diameter and a 6mm center hole. The black anodized finish allows for easy to read increments. This degree wheel can be used on all 2 cycle engines to check or setup the port timing or ignition timing. May be used on 4 cycle engines to check or adjust cam timing or ignition timing.

WPS#

57-8092

## VALVE SPRING COMPRESSOR

- Improved quick action design
- Replaces 07757-0010000 and AKS-215-1010 OEM tools
- Accepts Motion Pro adapters as well as OEM adapters 07GME-KT70200, 07JME-KY20100, and 07959-KM30101 for use in "shim under bucket" and small diameter valve spring keeper application
- Both cup-type and ball-type tips are included

WPS#

57-8247

## QUICK-ACTION ADAPTER AND BORE PROTECTOR SET

- The set includes 2 adapters and 3 bore protectors for use with the Quick-Action Valve Spring Compressor
- 23mm bores protector can be used with the Small Multi-Valve Tool in "shim under bucket" applications
- Replaces 2K-07-S04, 07GMW-KT70200, 07GME-KT70100, 07JME-KY20100, 07JMG-KY20100, 07959-KM30101, and 07HMG-MR70002

### OIL FILTER MAGNET

- Easy to install, just attach to base of standard oil filter
- Standard oil filters only trap particles down to 20 microns, leaving the most harmful 5 to 20 micron particles to circulate through your engine
- Powerful six point magnet traps harmful, abrasive hard metal particles down to 1 micron that regular oil filters don't
- No gimmick, these things really work to reduce wear, and significantly increase engine life
- Available in two sizes to fit most spin on and cartridge oil filters
- Makes any oil filter better than a high performance oil filter
- Reusable for up to 5 oil filter changes

Description	WPS#
Fits 23.8mm and 15/16" hole filters	57-10083

### OIL FILTER STRAP WRENCH

- Fits all spin-on type oil filters
- Use with 3/8" drive ratchet handle
- Easily loosens tight filters
- Fits into hard to reach locations
- Can be used to loosen or tighten cylindrical shaped parts

Application	WPS#
Cloth Strap	57-8000

### SNAP RING PLIERS

- Economical pliers that easily work on both inside and outside opening snap rings or clips
- Includes 3 extra sets of tips, 1 additional straight tip and 2 offset or angled tips

WPS#
57-8186

### CLUTCH HOLDING TOOL

Designed to hold clutch baskets, flywheels, gears, sprockets, etc. Jaws open to 5 inches wide. Made of medium carbon steel with hardened jaws. A very useful tool for holding any kind of mechanical work.

## ROCKER BOX COVER WRENCH

- Designed to reach hard to get 3/16 in. allen on the rocker boxes of Big Twin, Sportster & Buell motorcycles
- Features a 3/8" drive for use with torque wrench
- Vinyl cover offers comfort and minimizes chances of damage to finished surfaces

WPS#

57-8220

## H-D® PUSHROD TOOL

- Designed to remove and install the clip on Harley-Davidson collapsible push rod tubes
- Flat portion of tool fits under the cylinder head while cupped end fits over the bell in the tube and then compresses the spring allowing for easy access to the spring cap retainer
- No more cut knuckles & scratched engine parts from using a screwdriver between the fins

WPS#

57-8255

## SIDE CASE COVER PULLER FOR H-D®

- Used to remove the right side-case cover
- Will fit late model Harley-Davidson motorcycles, including all 1970 and later Big Twin models and 1990 and later Sportster models
- Includes bracket, puller bolt and set screws
- Made in the USA

WPS#

57-8153

## TAPPET TOOL FOR H-D®

- For use on big twin (excluding twin cam) with slotted screw tappet oil filter screen cover
- Designed for use with 7/16" combination wrench to allow for maximum rotation without touching engine cases
- O-ring design retains the tool in wrench or socket
- Flange design allows downward force to be applied to tool
- Can be used without removing exhaust pipes on most bikes
- Tappets should be serviced every oil change

WPS#

57-8339

## PRO CLUTCH ADJUSTER TOOL FOR H-D

- For use on all 1998 and later models excluding applications with hydraulic clutches
- Deep socket allows tool to recess into clutch basket and can be driven with 11/16" combination wrench or adjustable wrench
- Through hole allows access with hex wrench to hold clutch adjuster screw while simultaneously tightening the adjuster lock-nut
- Heavy duty tool for shop or home use
- Compact design fits easily in the saddle bag or tool wrap

**BAKER TOOLS**

**MAINDRIVE GEAR AND BEARING SERVICE KIT**

- This kit is required for removing the old maindrive gear and bearing and installing the new ones
- The designs of these tools are based on the standard Harley tools but adapted to service left side drive 5 & 6 speeds and right side drive 5 & 6 speeds
- The steel components of this service kit are hard chrome plated and polished
- The aluminum components are anodized candy apple red. Includes very detailed tool sequence instruction sheets.

**INNER PRIMARY RACE SERVICE KIT**

- This kit is required for removing and installing the inner primary bearing race
- Big Twin models from late 1984-up
- The inner race must be removed to slide the gearset out of the case
- This tool is based on the standard Harley tool but adapted to service left side drive 5 & 6 speeds and right side drive 5 & 6 speeds

**PULLEY NUT LOCKING TOOL**

- The pulley locking tool is clamped to the pulley as shown and prevents pulley rotation while torquing the 1-7/8" pulley nut to the proper factory spec. of 50ft-lbs + 35 degrees
- Anodized candy apple red, works on 29-34 tooth pulley's

**PULLEY NUT SOCKET**

- The mother of all pulley nut socket wrenches
- Its made from one piece of bar stock and hard chrome plated for a super tough finish
- The throat of our wrench is deeper than other wrenches to enable service work on Right Side Drive 5-Speed and 6-Speed transmissions

## IGNITION POINT TOOL

- Locks ignition points to advance position during tune-ups and work on distributor systems
- Precision machined from the finest quality materials
- For professional and serious home service use
- Packaged individually on skin pack display card

Application	Year	WPS#
Big Twin Models	'70-78	62-2056

## CRANKSHAFT JAM TOOL

- Allows timing work to be done by locking the crankshaft through the timing mark hole
- Precision machined from the finest quality materials
- For professional and serious home service use
- Packaged individually on skin pack display card

Application	Year	WPS#
Big Twins and Sportster models	'70-Up	62-2057

## CRANKSHAFT TURNING TOOL

- Allows for rotation of the crankshaft during all engine work
- Precision machined from the finest quality materials
- For professional and serious home service use
- Packaged individually on skin pack display card

Application	Year	WPS#
Big Twin models	'70-Up	62-2058

## CLUTCH HUB REMOVING DRIVER

- Removes clutch hub from the transmission main shaft (left hand threads)
- Precision machined from the finest quality materials
- For professional and serious home service use
- Packaged individually on skin pack display card

Application	Year	WPS#
Big Twin models	1930-Up	62-2059

**CLUTCH SPRING TOOL FOR H-D®**

- Fits most Harley-Davidson Big Twin models from '90-07 and all XL 883cc
- XL 1200cc models from 91-01 & all Buell models '95-01
- Sold as a kit
- Replaces H-D OEM number HD-38515A

**WPS#**

**57-8137**

**REAR WHEEL ALIGNMENT TOOL FOR H-D®**

- For use on Softail, Sportster, and Dyna
- Designed to help set rear wheel alignment
- Fast, accurate and easy to use
- Eliminates the need to use a tape measure
- Proper wheel alignment extends chain/sprocket and belt life

**WPS#**

**57-8368**

**BELT TENSION GAUGE**

- Compact design
- Scale for easy reference
- Designed to work with all belt drive models with a 10 lb. specification
- Replaces H-D® OEM #40006-85
- L shaped pad fits all belt sizes

**WPS#**

**57-80350**

### SAW GUIDE

- Ensures a straight, clean cut on handlebars and tubing from 1" to 1 1/4"
- Simply clamp onto the tube and cut, letting the Saw Guide guide the hacksaw blade
- Built with a non-scratching body and heat-treated steel cutting plates to withstand the rigors of daily shop use

WPS#

57-00715

### ROLL-UP POUCH

A very rugged roll-up pouch constructed of Ballistic nylon, with eighteen pockets of varying width at two heights to accommodate a wide range of contents. Two lower pockets have a mesh cover with a Velcro® closure to hold small or loose items in place. A strip of reflective material is sewn into the back in case you're stuck on the road at night. About 9.5" high by 16" wide when open.

WPS#

57-0023

### MAGNETIC PICK UP TOOL NEW

- Billet aluminum laser etched handle
- Bendable housing retains its shape to access hard to reach areas
- Powerful magnet
- Low profile tip fits in tight spaces
- 18 inches long
- Protective rubber coating won't scratch aluminum or plastic surfaces

WPS#

57-8652

### MAGNETIC FINGER GLOVE

- Holds small metal objects
- Great for starting or removing fasteners in hard to reach places
- 2-way stretch spandex
- Leatherette bottom and fingertip
- Stretch finger panels

Description	Sold	WPS#
Magnetic finger glove	ea	57-10016
Magnetic finger glove	6/card	57-10015

## STEPLESS CLAMP KIT

- Convenient kit includes 80 or 85 pcs of hardware and a convenient fuel line clamp size chart
- 80pc kit includes a Motion Pro Side Jaw Pincer tool
- Warning: not for use with fuel injection systems
- Kit includes following items packed in a convenient storage box:

## STEEL O-CLIPS

- Ideally suited for clamping vinyl or Nitrile fuel line to fittings
- One piece construction assures positive clamping action without damage to the hose
- O-Clip pincer tool is made specifically to install and to remove the clips

Description	Quantity	WPS#
Side jaw pincer tool (for use in limited space)	1	<b>57-12073</b>
Standard pincer tool only	1	<b>12-0240</b>
Stepless clamp kit 8-18mm with pincer tool	80 pc	<b>12-0830</b>

\*Adhesive lined heat shrink tubing is ideal for producing a strong, weather tight seal. The inner adhesive wall melts and flows, creating an adhesion layer that ensures a snug fit and seal.

## DELUXE TEAR DOWN TABLE

This steel workbench is great for the home or business. The 14 gauge top has a 3/4" rim to contain liquids and capture leaking fluids when working on hydraulic systems and transmissions. Fluids drain into the removable polyethylene drawer for easy dispensing.

The convenient adjustable lower shelf organizes your tool storage. The drawer features a cylinder key locking system with full-extension ball bearing sliders to keep your valuables safe. Tough powder-coat finish resists rust, chips, and scratches. Made in USA.

- Adjustable working height of 37" to 41"
- Heavy duty 4" casters (2 rigid & 2 locking swivel)
- 14 gauge 48" x 28" table top with 3/4" rim
- Removable 20" x 12" x 6" polyethylene drawer
- Adjustable lower shelf
- Heavy duty 24" x 18" x 5-1/2" locked drawer
- Weight 180 lbs

**To order Handy drop-ship items:**

- 1.) Call toll-free order line and request freight quote
- 2.) Form with freight quote will be faxed to dealer
- 3.) Sign freight quote form and return to WPS order will be placed and drop-shipped
- 4.) These items are not included in free freight policy, freight will be added to billing
- 5.) Dealer will be billed when WPS receives mfg's invoice
- 6.) COD dealers must prepay or use credit card before ordered from mfg. Freight will be billed separately
- 7.) These are special order items and cannot be cancelled

**NOT INCLUDED IN OUR FREE FREIGHT PROGRAM**

F.O.B. Iowa factory. Shipped direct.

Description	WPS #
Tear Down Table	27-1150

## PORTABLE WORKBENCH

- Folds for easy transport and storage
- Perfect for races or the garage
- Features a large work surface (91.5cm x 58.5cm) with specialty slots, holes, and recesses to hold tools, lubes, beverages and whatever you can think of
- Folding steel legs provide a solid base for a toolbox and supplies
- Dolly kit converts the work bench into a two wheeled hand truck

## X-TREME TAPE

Bluhm Enterprises has another great motor sports accessory (tool). This product was researched and is made for NASA. It is now perfected as a great emergency repair option. Each roll of X-treme tape is a high strength polymer plastic that fuses to itself-NO adhesive, so it is not sensitive to cold, heat, or rain. This is NOT electrical tape!

- 10 foot roll, has 3:1 stretch ratio
- 1" wide 20 mil thick
- Withstands heat up to 500°F(260°C)
- Flexible down to -60°F(-54°C)
- Tensile strength of 600psi
- Insulates up to 400 Volts/Mil
- MADE IN USA!!!

Sold	WPS#
Each	10-2336
Counter top display-18/pk	10-2338

## MECHANIX APRON

- Specially designed for the professional mechanic!
- Offers greater convenience and added protection
- Wrap around design protects clothes better
- Made from 1000 Denier Belcor fabric

## ORIGINAL HIGH ABRASION GLOVES

Improved Design. When you need sturdy, you need our redesigned Original Plus Glove. We started by improving traction with a raised pattern to maximize the thumb and finger grip. From there we added a two-way, form-fitting Spandex back and stretch insert panels between the fingers for comfort, and an index finger knuckle reinforcement band for protection. Finally we integrated an improved cuff and thumb fit to provide for easy entry and increased flexibility.

Color	S	M	L	X	XX
Black	26-9134S	26-9134M	26-9134L	26-9134X	26-9134XX

## FAST FIT GLOVE

- Soft, durable, flexible and breathable Clarino™ palm
- Padded two-way stretch spandex top for flexibility and fit
- Easy entry, wide opening elastic cuff with rubber pull tab

Color	S	M	L	X	2X
Black	26-9305S	26-9305M	26-9305L	26-9305X	26-9305XX

## COLD WEATHER GLOVE

- Taslan nylon outer shell shields against wind
- Neoprene knuckle and thumb panels for flexibility and warmth
- Narrower elastic cuff for added comfort
- 3M® C-40 Thinsulate® interior lining is bonded to padded two-way stretch spandex top

Solids Graphic

**STANDARD:** Meets DOT FMVSS 218 and ECE 20.05

**CONSTRUCTION:** Durable and lightweight polycarbonate/ABS shell. Dual density EPS liner – two layers of EPS, one softer one slightly harder, combine to provide a more progressive impact absorption for different levels of impact. 2 shell sizes.

**VISION:** Optically superior clear face shield with anti-fog coating and durable hard coating for scratch resistance. Tinted drop down inner sun shield. 100% UVA/B protection up to 400 nanometers. Shield lock provides piece of mind, shield will remain closed in all conditions. Easy shield changes – quick, secure and tool – less removal and installation.

**COMFORT / LINER:** Qwick - Dry® comfort liner and cheeks pads. Hydrophilic liner absorbs sweat and is perforated to provide plenty of ventilation. Removable and washable interior. Removable chin curtain.

**VENTILATION:** High-Flow ventilation system. 6 adjustable intake vents. 5 exhaust vents. Removable air guide – helps direct airflow upwards across the shield for fog free vision.

**INCLUDED:** Soft fleece helmet bag.

**ACCESSORIES:** Optional tinted shields available.

# GM-38 FULL FACE STREET HELMET

The GM-38 proves quality that doesn't have to break the bank. With standard features like a quick change shield, snap in chin curtain, and Gmax's D.E.V.S. anti-fog system, the GM-38 is the best bang for your buck in the Gmax line.

- DOT approved
- Large eyeport opening for greater visibility
- Optional outer flip tint sun lens
- Quick change shield
- GMAX reduced noise design; specially designed cheek pads, neck curtain, optimal shield sealing and deluxe venting reduce unwanted noise
- D.E.V.S. GMAX anti-fog system, "Dual Exhaust Venting System" side intake and exhaust vents draw heat and moisture away from the shield area out of the helmet
- Adjustable chin vents direct air upwards across the inside of the shield to help reduce fogging
- Snap in removable chin curtain and breath guard. (Breath guard is optional with motorcycle helmets.)
- Deluxe ear pockets for better fit and speaker installation

**GM-49Y YOUTH FULL FACE STREET HELMET**

Kids know riding is fun and Gmax makes it even more fun with the GM-49Y. With the availability of three interchangeable interior sizes, the helmet can be custom fit to make the child safe and comfortable. Parents will be happy knowing that their little one is protected in a light weight, DOT approved helmet that they will love wearing.

• **DOT approved**

- Light weight- only 3.1 lbs
- One shell can be adjusted to three different sizes so the helmet can grow as your child grows.
- Removable, adjustable interior and cheek pads allow for custom fitting and easy cleaning.
- Snap-in removable chin curtain.
- Flow-thru intake/exhaust venting forehead vents and rear exhaust vents help pull in desired fresh air & remove unwanted hot air thru channeled vents.
- New quick change "Maximum Seal" shields available in single and anti-fog double lens.
- Large eyeport for improved range of vision.

**MD-01 FULL FACE HELMET**

GMAX's New MD-01 Modular is the perfect helmet for cross-country adventures. With eleven vents and a Coolmax liner, you are sure to be comfortable even on the hottest of days. The integrated LED light helps to insure you are seen by traffic. The ECE rating on the MD01 gives you assurance that this helmet has been certified by the leader in "world standard" safety equipment testing.

- ECE and DOT approved
- SpaSoft DuPont Coolmax® interior keeps you dry and comfortable. Coolmax® wicks moisture away from your body and dries quickly. Charcoal bamboo fiber keeps odor away by eliminating bacterial growth
- Removable, adjustable and washable SpaSoft Coolmax® interior allows for easy cleaning and custom fitting
- Drop down sun shade with anti-fog coating
- Integrated multi-function red LED rear light included. (Optional wireless brake light kit available P/N 72-3781)
- Lightweight ABS shell. Large size only 4.1 lbs.
- Easy to use chin bar with push to open mechanism designed for one hand use with gloves
- UV400 100% protection face shield that comes anti-scratch hard coated for a longer lasting clear view
- Breath deflector and chin curtain included
- Built in speaker pockets
- Intercom compatible

**GM-64 MODULAR STREET HELMET**

Gmax's premium modular helmet adds a level of refinement to our helmet line up. With its "Dual Pivot" design, the GM-64 has a very low profile when the chin bar is in the open position making it feel lighter compared to traditional single pivot designs. A metal on metal locking system insures a positive lock for maximum security. The Coolmax® interior keeps you comfortable and dry for those long days in the saddle.

- DOT approved
- "Dual Pivot" modular jaw design allows the flip jaw to rotate further back and sit lower down on the crown of the helmet. This increases the line of sight when in the raised position and it lessens fatigue by maintaining an even distribution of weight.
- Features an all new "Perimeter-Frame-Design" that provides unequaled wind and cold protection.
- The "squeeze & lift" jaw release design is easy to operate with a gloved hand.
- Features a metal to metal jaw closure.
- Quick detach inner sun shield that is UV400 coated.
- State of the Art anti-fog coated, maximum seal single lens shield comes with anti-scratch hard coated outer lens for a longer lasting clear view and is UV400 coated.
- Coolmax® comfort liner and cheek pads wick the moisture away from your body and the fabric dries quickly. This added performance keeps you dry and comfortable.
- Optional 3M reflective decals that can be placed on the helmet for added safety visibility.

**OF-17 OPEN FACE MOTORCYCLE/SCOOTER HELMET**

The GMAX GM-17 offers many of the features of our premium open face helmets at a price to fit any budget. As with all GMAX helmets, a Coolmax interior is standard as well as a 100% UV400 protective face shield. You also have the option of running it with a sun visor for around town or for those days wind you just want to feel the wind on your face.

- DOT approved
- DuPont Coolmax® interior keeps you dry and comfortable. Coolmax® wicks moisture away from your body and dries quickly
- Removable, adjustable, washable Coolmax® interior allows for easy cleaning and custom fitting
- Industry leading eight vents, including new GMAX® top and rear vents with premium SPC vented EPS and interior engineered for maximum air flow control

## GM-65 FULL DRESS HALF HELMET

The GM-65 Full Dressed is the most feature packed half helmet on the market. From its internal sunshade to its dual density EPS, no other half helmet can compare to the GM-65's long list of standard features.

- **DOT approved**
- DuPont Coolmax® interior keeps you dry and comfortable. Coolmax® wicks moisture away from your body and dries quickly
- Removable Coolmax® interior allows for easy cleaning
- Premium venting reduces heat at the top of the head. Comfort liner, shell and EPS designed for maximum venting
- Helmet comes with two retractable, hard coated 100% UV400 resistant sun shields that are designed for a quick and tool-less removal and replacement. One clear and one dark smoke tinted
- Removable, snap in neck curtain keeps you warm during cool weather riding. Includes pockets for intercom speakers
- "Dual-density EPS technology" allows for a low profile look and fit
- Optional high definition sun shield available. (Must use helmet size specific shield)
- Optional/Replacement shields available

**EXO-R2000** **NEW**

Featuring Scorpion's TCT® composite shell construction, the lightweight EXO-R2000 was engineered with input from MotoGP™ riders, tested both on the track and the lab. This is our top of the line helmet and includes the Ellip-Tec™ ratchet system that ensures a tight seal around the face shield while the aero-tuned ventilation system enhances airflow throughout the helmet. The aerodynamic shell design minimizes high-speed buffeting, six EPS shell sizes and the Airfit® cheek pad system delivers a customizable snug fit. The EXO-R2000 is also equipped with quick release cheek pad system and an Everclear® no-fog coated face shield. Pinlock® Maxvision® flat shields with tear off posts are also available as an accessory for the track.

- 5 Year warranty
- DOT/Snell Certified
- TCT lightweight composite shell with dual density EPS
- Aero-tuned ventilation
- Everclear® No-fog face shield w/ vent/lock lever and Ellip-Tec™ ratchet system
- Quick release cheek pad system
- Kwikwick® II washable anti-microbial comfort liner
- Kwikfit® cheek pads accommodate eyeglasses and Airfit® inflation system
- Includes a dark smoke face shield

**NEW** EXO-T1200

Combining MotoGP™ inspired technology with the demands of long-distance riders, the EXO-T1200 is an ideal solution for touring riders who demand premium features in a full-coverage helmet. Starting with an aerodynamic profile for stability at speeds, the VSV™ ventilation system is designed for maximum airflow and is the reason the T-1200 has gained a reputation as the best ventilated helmet on the market. The external shell is made of our proprietary TCT® composite fiber for strength. The interior liner features our Airfit® cheek pad inflation system for custom fit and comfort. The internal Everclear® Speedview® drop-down sun visor is convenient when riding in bright sunlight. For long distance, all day touring, the T-1200 is an excellent choice. Clear face shield included, dark smoke and other face shield options are sold separately. Pinlock® Maxvision® flat shields with tear off posts are also available as an accessory for the track.

- 5 Year warranty
- DOT
- TCT lightweight composite shell with dual density EPS
- 3-Step Everclear® Speedview® drop down sun visor

**NEW** EXO-T510

The EXO-T510 is the next evolution of a fully featured road helmet. It now has a new shell with a more aggressive aerodynamic shape, and an improved ventilation system. It's packed with features that riders want like the Ellip-Tec® airtight/watertight face shield system, Airfit® adjustable cheek pads, Speedview® internal drop down sun visor and Everclear® anti-fog coatings. The Scorpion EXO-T510 leaves the competition behind.

- DOT Certified
- Advanced LG® polycarbonate shell
- Aero-tuned ventilation
- Everclear® no-fog Speedview® drop down sunvisor
- Ellip-tec™ ratchet system w/ face shield vent/lock lever
- Communication system speaker pockets
- Kwikwick® II washable anti-microbial comfort liner
- Kwikfit® cheek pads accommodate eyeglasses and Airfit® inflation system

**NEW** EXO-R420

The EXO-R420 helmet continues to set a new standard for Scorpion EXO®'s full face street helmets at a very competitive price point. An all new shell is more aerodynamic and smaller resulting in an ultra-lightweight Snell-approved helmet. The ventilation system uses a large top vent and mouth vents engineered to allow more airflow to the rider's head while maintaining low noise levels. The EXO-R420 now features our new Ellip-tec™ II face shield with a latching shield locking mechanism located in the lower center of the shield. This makes the face shield more secure and provides a tighter seal against the gasket. The face shield can easily be removed without tools.

- DOT/Snell Certified
- Ultra-lightweight advanced LG® polycarbonate shell
- Aero-tuned ventilation
- Ellip-tec™ II face shield w/ Everclear® no-fog coating
- Kwikwick® II washable anti-microbial comfort liner
- Kwikfit® cheek pads accommodate eyeglasses
- 3X and 4X sizes are DOT Certified only

**NEW** EXO-GT3000

According to the experts the EXO-GT3000 is in a class by itself in the highly competitive fiberglass modular helmet category. It's impressive list of features starts with the shell that offers light weight combined with an extremely aerodynamic profile. Also included are features such as Scorpion EXO's Airfit® liner inflation system for a customizable fit, drop-down sun visor for different light conditions, and face shield. Additionally, the helmet easily accommodates most bluetooth communications systems including the new BMW systems. Easy one handed operation of the chin bar and face shield, results in ease of opening and a positive lock upon closure. From top to bottom, the EXO-GT3000 provides premium comfort, protection and function.

- DOT Certified
- TCT – Ultra pre-preg lightweight shell
- Aero-tuned ventilation system
- Everclear® no-fog Speedview® drop down sunvisor
- Kwikwick® III washable anti-microbial comfort liner w/ 3D contoured cheek pads
- Kwikfit® cheek pads accommodate eyeglasses and Airfit® inflation system

**NEW** **COVERT HELMET**

Meant to disrupt the norm, this radical design can be converted to work with any type of bike. We started with a half helmet and added an integrated drop-down sun visor for protection from sunlight. A rear comfort sleeve allows you to convert the helmet to a ¾ open-face and then attach the included front mask and you've got one, aggressive looking full face helmet.

- DOT Certified
- Versatile 3-in-1 road helmet
- Ultra-lightweight advanced LG® polycarbonate shell
- Aero-tuned ventilation
- Kwikwick® II washable anti-microbial comfort liner
- Everclear® Speedview® drop down sun visor

**BELFAST HELMET** **NEW**

Full features are now found in a 3/4 helmet. The Belfast design pays homage to the heritage of the classic 3/4 open face helmet melded with contemporary technology such as the drop-down sun visor and Nappa leather liner. The Belfast is a perfect balance of retro style, modern comfort and state-of-the-art technology.

- DOT Certified
- Hand-laid fiberglass shell
- 3 button snaps
- Hand stitched comfort liner with premium Nappa leather accents
- Speedview® drop down sun visor

**CT220 HELMET**

The EXO-CT220 is designed to offer a modern, protective, comfortable and functional product for riders that need more than a traditional open-face helmet. The versatile EXO-CT220 can be configured with a face shield for blocking head winds, or switch the shield for a sun-blocking visor for more of that wind-in-your-face feel. The face shield is specially designed to reduce turbulence inside the helmet by re-directing the air flow under the helmet instead of the interior.

- DOT Certified
- Removable peak visor
- Ultra-lightweight advanced LG® polycarbonate shell
- Aero-tuned ventilation
- Kwikwick® II washable anti-microbial comfort liner
- 3-step Everclear® Speedview® drop down sun visor
- Communication system speaker pockets

**NEW** EXO-C110

The EXO-C110 is ScorpionEXO®'s next-generation take on the classic half helmet. Combining subtle modern lines with an advanced ventilation system it not only looks cool, but it cools the head during long rides. A dual-density eps liner that extends down to protect the lower rear skull and an improved sun visor mechanism provides premium touches while maintaining the classic half helmet look and fit. Additionally, a unique chin strap retention design prevents it from rolling forward off of your head.

- DOT Certified
- Ultra-lightweight advanced LG® polycarbonate shell
- Aero-tuned ventilation
- Kwikwick® II washable anti-microbial comfort liner
- Speedview® drop down sun visor
- Peak visor included
- Removable ear flaps have pockets for

# SENA MOMENTUM BLUETOOTH INTEGRATED FULL-FACE HELMET

Sena has been at the forefront of Bluetooth innovation for the motorcycle industry for years and is breaking new ground with our first of a kind Bluetooth integrated full-face helmet, Momentum. Sena has engineered this helmet from the ground up and for the first time riders will be able to hear our industry-leading technology the way it was meant to be heard, the ideal integration of Sena's technology creates an unrivaled audio experience. Momentum puts our top of the line and proven 20S technology inside a sleek and safe fiberglass shell. This state of the art helmet was created with riders in mind and is pre installed and ready to ride straight out of the box.

## MOMENTUM 8 BLUETOOTH CONNECTIONS

- DOT / ECE 22.05
- Bluetooth 4.1
- Built-in speakers and micro
- Audio multitasking
- Voice command
- Advanced noise control™
- FM radio
- Eight-way group intercom with distance up to 1.6 km (1 mile)
- Remote control
- Composite fiberglass shell
- Quick release UV and scratch resistant visor
- Removable washable breathable quick dry liner
- Stay connected and control FM presets and speed dials via Sena Headset App (for Android or iPhone)

**MOMENTUM LITE BLUETOOTH INTEGRATED FULL-FACE HELMET**

**SENA**

The Momentum Lite is our entry-level helmet option, for those not seeking all of bells and whistles outside of a quality Bluetooth helmet. Just like the Momentum and Momentum Pro, the Momentum Lite comes with all of the technology pre installed and ready to ride straight out of the box. The same basic features seen in our 10 series headsets.

**MOMENTUM LITE 4 BLUETOOTH CONNECTIONS**

- DOT / ECE 22.05
- Bluetooth 4.1
- 4-way group intercom with distances up to 1.6 km (1 mile)
- Advance noise control™
- FM Radio
- Up to 20 hours talk time
- Composite fiberglass shell
- Quick release UV and scratch resistant visor
- Removable washable breathable quick dry liner
- Stay connected and control FM presets and speed dials via Sena Headset App (for Android or iPhone)

## TRIDENT

The Trident is one unique sunglass, not only with its styling but also in its functions. This eyewear comes with a polarized smoked lenses plus 2 additional lenses (clear & amber) in order to interchange them according to the weather and lighting conditions. The smoked polarized lenses also come with a hydrophobic lens coating which prevents water for remaining on lenses and makes the lenses easier to clean. A removable closed cell foam and goggle strap are also included with the Trident. A cleaning cloth and carry case are included to easy storage and transport of this eyewear.

## Features

- **POLARIZED** Lens with Hydrophobic Coating
- Temple to Temple: 130mm
- Grilamid TR90 Frame
- Frame size: Medium/Large
- 100% UV protection
- Impact resistant Polycarbonate lenses
- R.I.S. technology
- Removable Covert™ foam
- Polyamide frame

## Accessories Included

- 3 Sets of Lenses: Polarized Smoked, Amber & Clear
- Removable Goggle Strap
- Removable Closed Cell Foam
- Microfiber Cloth
- Carry Case

## Frame WPS#

Black 26-4703

## GUNNER

The Gunner merges fashion with functionality by combining the most desired aspects and features of any eyewear available. The wrap-around Grilamid TR90 frame can be worn either with smooth temples as a sunglass or with a detachable, adjustable strap as a goggle. Vented removable closed cell foam prevents lens fogging and keeps wind and debris from distorting vision. Photochromic lenses that change with altering light allow for greater clarity, while rubber nose pieces create a lightweight, comfortable set of eyewear that allow you to truly enjoy the outdoor excursion of your choice. For night riding the Gunner comes with a set of clear lenses.

## Features

- **PHOTOCHROMIC** Lenses (V.L.T. 47%-15%)
- Temple to Temple: 131mm
- Grilamid TR90 Frame
- RX Ready
- Frame size: Medium
- 100% UV protection
- Impact resistant Polycarbonate lenses
- Polyamide frame
- R.I.S. technology

## Accessories Included

- 2 Sets of Lenses: Photochromic & Clear
- Removable Goggle Strap
- Removable Closed Cell Foam
- Microfiber Cloth
- Carry Case

## Frame WPS#

Black 26-4765

## ROAD MASTER

Dominate the road with this convertible photochromic eyewear. The adjustable strap allows easy conversion from sunglass to goggle, while the photochromic polycarbonate lenses lighten when indoors and darken when exposed to sunlight. Removable closed cell foam adds comfort for extended periods of wear while protecting the eyes from dust and debris.

## Features

- **PHOTOCHROMIC** Lenses (V.L.T. 33%-19%)
- Temple to Temple: 138mm
- Polycarbonate Anti-Impact Frame
- RX Ready
- Frame size: Medium
- 100% UV protection
- Impact resistant Polycarbonate lenses

## Accessories Included

- Removable Goggle Strap
- Removable Closed Cell Foam
- Microfiber Cloth
- Carry Case

## Frame WPS#

Black 26-4770

Note: Generally, photochromic lenses do not darken behind windshields due to the UV protection inherent in the glass.

## RENEGADE

Take the surprise out of the elements with the Renegade: its comfortable, polycarbonate frame is equipped with photochromic lenses that adjust from a light to medium tint, ensuring optimum visibility under any lighting condition. The Renegade transforms effortlessly from sunglass to goggle and comes equipped with a removable closed cell foam insert which seals easily to your face to protect your eyes from dust and wind. A microfiber cleaning cloth and carry case are included.

### Features

- **PHOTOCHROMIC** Lenses (V.L.T. 83%-28%)
- Temple to Temple: 133mm
- Polycarbonate Frame
- Frame size: Medium
- 100% UV protection
- Impact resistant Polycarbonate lenses

### Accessories Included

- Removable Goggle Strap
- Removable Closed Cell Foam
- Microfiber Cloth
- Carry Case

Frame	WPS#
Black	26-4702

## DECODER 2

The Decoder 2 has both style and function with its light changing lenses and the ability to convert from a sunglass to a goggle. The temples easily release with our R.I.S. technology and quickly become a goggle with the included strap. The other unique feature is the closed cell foam, when attached the Decoder 2 is a full frame sunglass but quickly remove it and it becomes a half frame sunglass. The anti-fog lenses lighten or darken in changing lighting conditions. So many variations in ways to wear all in one piece of eyewear!

### Features

- **PHOTOCHROMIC** lenses
  - Anti-fog, 100% UV Protection
  - Polycarbonate lenses
- ### Accessories Included
- Removable Goggle Strap
  - Removable Closed-cell Foam
  - Microfiber Cloth
  - Carry Case

Frame	WPS#

HOOLOGAN

The Hooligan is a sleek and stylish sunglass with photochromic lenses that allow you to use them in all lighting conditions. The frames wrap around the face and has a slight "cup" on the edges of the frame to minimize wind disruptions without the need for foam. The lenses are photochromic starting with a light tint (85% transmission) and transform to a medium grey (25% transmission) in bright light. The Hooligan also comes with a microfiber pouch for easy transport.

Features

- PHOTOCHROMIC Lenses (85% V.L.T.- 26% V.L.T.)
- Temple to Temple: 130mm
- Grilamid TR90 Frame
- Rubber "cup" on Frame Edges around Eyes
- RX Ready
- Frame size: Medium
- 100% UV Protection
- Impact Resistant Polycarbonate Lenses

Accessories Included

- Microfiber Pouch

Frame	WPS#
Black	26-4805

IGNITER

The Igniter is a compact goggle with photochromic lenses so they can be used in all lighting conditions. The closed cell foam helps to create a wind free environment to eliminate eye tearing. The lenses are photochromic starting with a light tint (85% transmission rate) and transform to a medium gray (25% transmission rate) in bright UV light. The polycarbonate lenses are shatter resistant and come with an anti-fog coating. The Igniter also comes with a microfiber pouch for easy transport.

Features

- Anti-Fog PHOTOCHROMIC Lenses (V.L.T. 85%-25%)
- Length: 133mm
- Rubber Frame
- Adjustable Goggle Strap
- Floats in Water

**BOBSTER****PHOTOCHROMIC****INVADER**

The Invader is for the practical, yet style conscience person. The wrap around frame is made of flexible, durable Grilamid TR90 and the fleece lined open cell foam keep the wind and debris out of your eyes. Continuous wearing of this piece of eyewear from day into night is due to the photochromic lenses, which adjust to UV light. The lenses are shatter-resistant polycarbonate and optically correct so there is no distortion. The Invader comes with a carry case and microfiber cleaning cloth.

**Features**

- **PHOTOCHROMIC** Polycarbonate Lenses (V.L.T. 47% - 15% )
- Temple to Temple: 125mm
- Grilamid TR90 Frame
- Fleece-lined Open Cell Foam
- Frame size: Medium
- 100% UV Protection
- Impact Resistant Polycarbonate Lenses

**Accessories Included**

- Cleaning Cloth
- Carry Case

**Frame Lens WPS#**

Black	Grey	<b>26-4995</b>
-------	------	----------------

**RUKUS**

The Rukus combines function and style into one seamless sunglass. Not only does it have removeable closed cell foam, but it also has anti-fog photochromic lenses. These features allow use in your everyday life or while you're participating in your favorite sport. The Rukus also comes with a carry case and microfiber cleaning cloth to keep these sunglasses in the best shape possible.

**Features**

- Anti-Fog **PHOTOCHROMIC** Lenses (83% V.L.T.- 28% V.L.T.)
- Temple to Temple: 130mm
- Grilamid TR90 Frame
- RX Ready
- Frame size: Medium
- 100% UV Protection
- Impact Resistant Polycarbonate Lenses

**Accessories Included**

- Removable Closed Cell Foam
- Microfiber Cloth
- Carry Case

**Frame WPS#**

Black	<b>26-4865</b>
-------	----------------

**FLUX**

The all new Flux goggles features a low profile frame and anti-fog photochromic lenses, which darken in the sunlight. Dual layer neoprene and open cell foam create a durable, yet effective seal to keep wind and debris from affecting your vision. The photochromic lenses start out almost clear (V.L.T. 85%) and go to a light smoked (V.L.T. 32%) while in bright sunlight. The Flux also comes with a microfiber pouch for easy cleaning and transport.

**Features**

- Dual layer- Neoprene & Open Cell Foam
- Anti-fog, 100% UV Protection Lens
- **PHOTOCHROMIC** Polycarbonate

**Accessories Included**

- Microfiber Pouch

# FLOATING AND SAFETY EYEWEAR

- Bomber Eyewear is the industry leader in floating sunglasses and safety glasses
- With Bomber's patented foam technology, they are the only manufacturer who uses high quality, non-toxic EVA foam
- The foam also provides a non-slip grip (keeping glasses in place on your face) and reduces eye tearing in windy conditions
- Safety glasses feature OSHA approved safety lenses which offer

- extreme impact resistance of polycarbonate, meets ANSI Z87+ standards, and are virtually unbreakable
- All Bomber eyewear protects from 100% of harmful UVA and UVB rays exceeding ANSI Z80.3 UV requirements helping to prevent damage to eyes and aging of skin
- Select glasses feature polarized glare blocking which blocks reflected light rays providing truer, distortion-free clarity and contrast- a must for any water enthusiast

# HIGHWAY 21 PRIMER JACKET

**YKK**  
Little Parts. Big Difference.

**CE**  
PROTECTION

Here at Highway 21 we believe the early days of America are nostalgic. So, we decided to emboss that reminiscent sentiment into the very grain of our designs. Our Primer jacket has a timeless vintage style that will take your mind and wallet back to an era of simplicity. If you're looking for a classic style that never ages and won't break the bank, then it's time to try on the Highway 21 Primer jacket.

GEARHEAD JACKET HIGHWAY 21

Bringing together technical ability and strength, the Gearhead jacket was developed with the inner mechanic in mind. Hard work is in our blood, and the results are a reflection of what we are willing to sacrifice to get there. Whether you're changing oil, rebuilding an engine, or just pounding pavement, the Gearhead jacket is always the right fix.

# HIGHWAY 21 INDUSTRY HOODY

Despite the fact that they don't offer the protections we need while we're pounding the pavement, sometimes hoodies are just what we're in the mood for. In order to keep the good ol' days close to our heart, and keep injuries part of the past, we created the heavyweight of the hoodie class. Designed to be as comfortable as your favorite hoody, but safe enough for the ride, the Industry Hoody has never been more ready for the road.

# HIGHWAY 21 IRON SIGHTS DENIM VEST

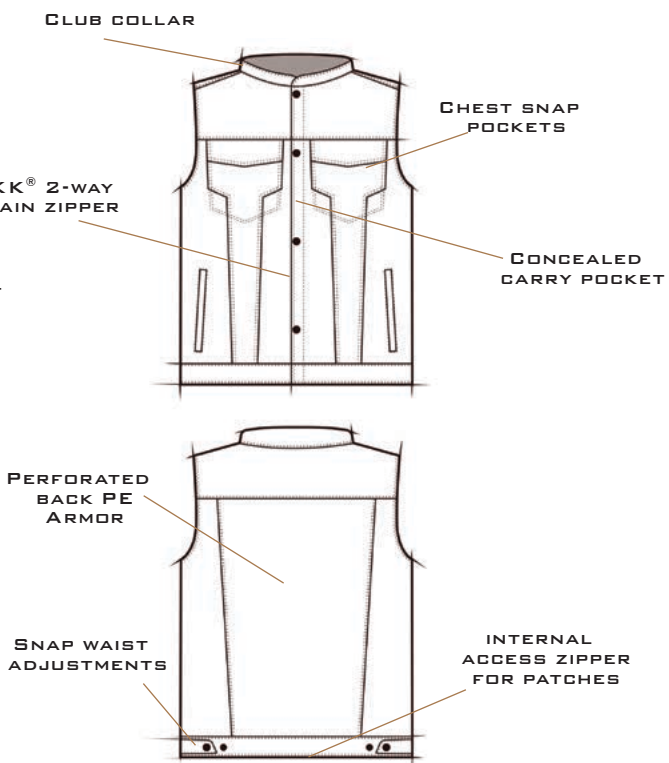

**YKK**  
Little Parts. Big Difference

Dating back to the early 1970s, the vintage denim vest is one of America's most iconic pieces of motorcycle apparel. We kept this tried and true original platform with the Highway 21 Iron Sights Denim Vest and simply added a modern twist of functionality. Put on your vest and don your badges with this timeless style.

# HIGHWAY 21 BLOCKADE VEST

**YKK**  
Little Parts. Big Difference.

The Blockade vest takes on a new angle with core protection. In this case offense is the best defense; so prepare for the streets like a swat team prepares for their next take down. This tac vest is fully suited in premium leather, adjustable side straps, and a style that ensures you won't be tread on. Put on the Blockade vest, kick down the door and burn down the pavement.

# HIGHWAY 21 SIX SHOOTER VEST

The Six Shooter vest is as traditional as its name. Since the 19th century horsemen spent most of their time on the range, the vest or “office in the saddle” was invented to create storage and added warmth to these lengthy and tough trips. Determined not to leave its roots, we built a vest that looks as good as the original but meets all 20th century standards.

21 MAVERICK CHAP HIGHWAY 21

The Maverick chap is designed with America's rich history in mind. Dating back to the 1870's, chaps started finding their way onto horsemen, and over a century later they are still being widely used by horsemen and iron horsemen alike. Put on a pair of Maverick chaps and step into the past to protect your future.

# FLY STRATA JACKET

4 Season jacket allows rider to customize layers based on riding condition.

## OUTER JACKET

**MATERIAL:** 600 D poly-fabric abrasion resistant material. 1680 D ballistic nylon used in high impact areas. Hydra-guard - Weatherproof technology

**PROTECTION:** CE Level 1 removable armor in the shoulders and elbows conforms to EN1621-1 standards. Protective PE back armor that can be upgraded with FLY Barricade CE Armor Kit

**FEATURES:** Windproof and water resistant. Taped seam construction. Anatomically fitted for the perfect riding position. Arm volume adjusters secure armor and provide optimum fit. Velcro® waist adjusters for a customized fit. High-visibility reflective panels and logos for added safety. YKK® main zipper. Drop tail for added coverage. Micro fleece collar for added comfort. Zipper pulls for ease of use with gloves

## MESH JACKET

**MATERIAL:** Abrasion resistant open mesh construction for maximum air flow. 1680D ballistic nylon used in high impact areas

**PROTECTION:** CE Level 1 removable armor in the shoulders and elbows conforms to EN1621-1 standards. Protective PE back armor that can be upgraded with FLY Barricade CE Armor Kit

**FEATURES:** Arm volume adjusters secure armor and provide optimum fit. Velcro® waist adjusters for a customized fit. High-visibility reflective panels and logos for added safety. Drop tail for added coverage. YKK® main zipper. Micro fleece collar for added comfort. Zipper pulls for ease of use with gloves

## THERMAL VEST

**MATERIAL:** 20G of high efficiency thermal insulation.

**FEATURES:** Internal storage pocket. Slim design for performance fit. Reflective chest logo. Low profile collar for maximum comfort. Two zippered hand warmer pockets

## 1909 VINTAGE JACKET **NEW**

The 1909 vintage leather jacket is made from premium leather that is distressed by hand for a unique soft vintage feel and look. The patterning and fit has been optimized for comfort in the riding position. All critical seams have our EXO-Stitch® internal safety stitching making this a real motorcycle jacket. This antique looking jacket offers excellent protection from the elements and abrasion, and protects against impacts with the removable SAS-Tec® armor at elbows and shoulders. This is an extremely luxurious jacket that will be enjoyed for generations.

- Soft distressed 1.4mm top grain leather and YKK zippers
- Reinforced EXO-Stitch® safety stitching on all critical seams
- Shoulder and elbow SAS-Tec® body armor included
- Leather overlays at elbows
- Perforated inner arm and torso panels
- Removable Everheat® thermal liner
- Four external pockets and two internal pockets

## CATALINA JACKET **NEW**

We see a lot of people riding around in leather jackets that are not designed for use on motorcycles. Sure they may look nice, but if the materials and construction are not up to the job, the jacket if not going to hold up when you need it most. We've taken extra care when we made the Catalina jacket to use high quality leather, our EXO-Stitch internal safety seam construction, careful patterning and reinforcements, and CE certified SAS-Tec® armor to create a jacket that flatters the female form, and protects the rider.

- Soft distressed 1.2mm top grain leather and YKK zippers
- Reinforced safety stitching on all critical seams
- Shoulder and elbow SAS-Tec® body armor included
- Leather overlays at elbows
- Two zippered shoulder and two rear exhaust vents
- Removable Everheat® thermal vest liner
- Four external pockets and two internal pockets

# BIRGMINGHAM JACKETS **NEW**

This is not just another waxed cotton jacket. We've taken the classic waxed cotton jacket and made it better. We strengthened the outer material by combining abrasion resistant nylon into the weave of the fabric. Then we laminated a waterproof / breathable membrane to the back of it, and seam taped every seam. Then we applied a fine waxed coating for the vintage look and to prevent the fabric from absorbing water. Now you have a 100% waterproof garment that has classic looks and 21st century technology. The collar and inner lapel is leather lined, as well as the two large internal pockets. A cotton plaid lining adds to the vintage look. Because this is a motorcycle jacket, we included SAS-Tec armor at the elbows and shoulders. There is a pocket for an optional back protector.

- Abrasion resistant cotton / nylon blend fabric
- 100% waterproof / breathable seam taped
- Reinforced fabrics on elbows/shoulders
- Reinforced EXO-Stitch® safety stitching on all critical seams
- Shoulder and elbow SAS-Tec® body armor included
- Leather trim at collar and inner lapel
- Traditional cotton plaid lining
- Antique brass YKK zippers and snaps.
- Four exterior pockets, two large leather lined inner pockets and rear storage pocket

# BIRGMINGHAM PANTS **NEW**

These classic pants are equally comfortable at home walking around town and around the campsite, as they are when worn for long days in the saddle. When combined with the Birmingham jacket you have a traditional looking riding suit that is 100% waterproof, or you can use these riding pants with your current favorite jacket. The included SAS-Tec armor is easily removed from the knees, without having to take the pants off.

- Abrasion resistant cotton / nylon blend fabric
- 100% waterproof / breathable seam taped
- Reinforced fabrics on knees, shins and seat
- Reinforced EXO-Stitch® safety stitching on all critical seams
- Knee and hip SAS-Tec® body protection systems included
- Antique brass YKK zippers and snaps
- Four pockets and two large cargo pockets

## COVERT WAX RIDING SHIRT NEW

When you don't want to wear a heavy riding jacket, but need more than just a t-shirt; that's where the covert waxed riding shirt comes in. We infused 12oz denim with a unique mixture of micro and technical waxes to make a riding shirt that looks and feels like a classic work shirt, but protects against wind, water, and abrasion. Additionally, it is fully lined with 165g DuPont™ Kevlar® fiber to resist tearing and add strength. EXO-Stitch® safety seams and mesh armor pockets at the elbows, shoulders, and back (for optional SAS-Tec® armor) enable you to add protection from impact. Scorpion has combined the best of old and new technologies to deliver style, comfort, and safety.

- 12 oz. denim with paraffin waxed coating
- 165 GSM DuPont™ Kevlar® lining
- Polyester mesh lining
- Mesh pockets on elbows, shoulders and back for optional SAS-Tec® CE armor
- YKK® center front zipper as well as snaps
- Two upper chest external pockets

## COVERT MOTO FLANNEL NEW

We didn't just take a cotton shirt add some Kevlar thread and call it a protective garment. We've been making protective riding apparel for over ten years and want our customers to be safe. The Covert flannel was designed from the very beginning to be a protective garment. The entire shirt is based on a chassis made with 165g DuPont™ Kevlar® lining to protect from tear and abrasion. then we sew a cotton flannel fabric onto the chassis, and add a comfortable mesh liner. Additionally, we have pockets for optional SAS-Tec® CE certified armor at the elbows, shoulders and back. So sure, it looks like your favorite flannel shirt, but inside it has a heart of Kevlar® gold.

- Cotton flannel outer fabric
- 165g DuPont™ Kevlar® lining
- Mesh pockets in elbows, shoulders and back for optional SAS-Tec® CE certified armor
- Two upper chest pockets, and one internal pocket

## COVERT/COVERT PRO JEANS

### COVERT PRO

Protective riding jeans with durable Cordura® denim, fully lined with heavy DuPont™ Kevlar® lining for strength and abrasion resistance.

- Cordura® denim is much stronger than standard denim
- Heavy 250g DuPont™ Kevlar® lining
- Mesh pockets for optional larger size SAS-Tec® SC/1-05 knee armor and hip armor
- Knees pockets have “hook & loop” to accommodate armor with Velcro for adjustability
- Nightviz® reflective material in inner cuff for increased nighttime visibility

### COVERT

Lighter weight riding jeans with 14oz denim fully lined with lighter DuPont™ Kevlar® lining for strength and abrasion resistance.

- Standard 14oz denim
- Light 165g DuPont™ Kevlar® lining
- Mesh pockets for optional standard SAS-Tec® SC/1-02 knee armor and SC/1-07 hip armor

## SAS-TEC ARMOR

- Viscoelastic memory foam: after an impact or deformation of the foam, the protector will quickly revert to its original shape
- Multiple impact compliance: even if the same area of the protector receives repeated impacts, the protector maintains if fully functional capability
- Adaptive absorption: the air within the cells of the protector allow progressive absorption of energy as the material becomes more firm as it compresses
- Climate stability: SAS-Tec Viscoelastic foam does not break down under high temperatures and can withstand up to 212 degrees Fahrenheit
- Environmentally conscience: partially made of recyclable materials
- Sold as ONE PAIR (except back protectors) certain armor doubles for multiple abrasion zones i.e. elbow, knee means that armor works for both elbow and knees

## DRAYKO RIDING JEANS

Our promise to motorcyclists is, and always will be, in the business of protecting motorcyclists. At Drayko we are dedicated to ensuring that our lining remains at the forefront of fibre technology and provides the safest protection. That has always been our promise to those who choose to wear our products.

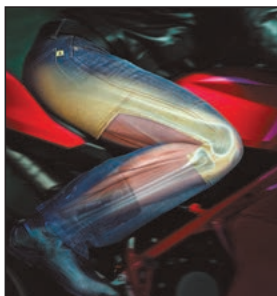

It is in keeping this promise, that our jeans are the first and only motorcycle jeans in the world to achieve CE approval. The Drayko lining features the world leading combination of Kevlar® and Dyneema®, the World's Strongest Fiber,™ and is

soft, breathable, flexible, non-allergenic and vastly superior to basic woven or knitted Kevlar® alternatives. Drayko's revolutionary lining takes advantage of Dyneema's amazing strength to weight ratio to deliver unrivalled safety and comfort. Tested in the USA by Precision Laboratories (who do the testing for AMA Superbikes apparel), the lining also achieved results unmatched by any other fiber in its class. Putting the science in perspective, Drayko lining has been proven to last almost 2.5 times longer in crash scenarios than linings found in other products on the market.

## RENEGADE RIDING JEANS

- Heavy liner constructed of Kevlar® and Dyneema® is placed in key areas to protect you from the pavement
- Outlasts the competition by almost 2.5 times
- Added stretch capability allows you to ride comfortably all day long
- Added length allows the rider to customize pant sizing to personal preference

## 2-PC. RAINUIT

**MATERIALS:** High quality polyester shell construction with slick inner liner makes putting the suit on a breeze

**FEATURES:** High waist to keep water from entering under coat. Removable shoe straps hold the pants down to keep water from blowing up your leg. Rear vents help remove hot air to keep you drier. Reflective back logo and reflective stripes on chest, back and arms help visibility.

## FLY COOLING VEST

**MATERIALS:** Polymer embedded fabric holds the water and keeps you cool as the water evaporates. Remains hydrated for several hours.

**FEATURES:** Evaporative cooling system helps keep you cool even through the hottest summer ride. Only requires two minutes of soaking in water to activate. Outperforms the competition by having an increased evaporative surface area, keeping you cooler.

Size	Black
S	477-6023S

L	477-6023L
X	477-6023X
2X	477-60232X
3X	477-60233X

## FLY FAST PASS VEST

**MATERIALS:** Flow through mesh design helps keep you cool

**FEATURES:** High visibility color for increased safety. Highly reflective panels and logos on both front and back for protection during night time riding. Removable I.D. sleeve for quick response. Large back storage pocket stores the vest inside with two internal loops to attach to your belt. Front zipper pocket for tollpass storage. Dual Velcro® expandable side straps offer a wide range of adjustability. Quality YKK® brand zippers. Conforms to Military Branch Codes:

Army: AR 385-10 B-3  
 Navy: OPNAVINST 5100 12H  
 Air Force: AFI 91-207  
 Marines: MCO 5100.19E

Size	Flo Orange
SM - L	478-6019L

ACCESSORIES	
Vest Pouch Pocket	478-6011

## SAFETY VEST

**MATERIALS:** Safety yellow 100% polyester mesh

**FEATURES:** Meets requirements for military base use. EN471 and EN340 compliant for high visibility fabric and high reflective zone. Fully adjustable side straps for custom fit. 3M reflective on front, back, and sides for maximum visibility. YKK main zipper

## BASE LAYERS

### LIGHTWEIGHT

- High-IQ™ advanced evaporation technology helps wick hollow-core fibers transport moisture to the outer surface to dry quickly
- Open fabric structure offers lightweight warmth and all day comfort
- Flat-lock stitch seam construction for added comfort
- Ergonomic panels are form fitting (non-compression)
- Multi-direction stretch fabric allows for un-restricted range of motion
- UPF 40+ sun protection
- Polygiene® Odor Control Technology

### HEAVYWEIGHT

- FLY's heavyweight base-layers are perfect for those colder days, for extra warmth that still wicks moisture fast and dries quick
- Flat-Lock stitch seam construction for added comfort
- Ergonomic panels are form fitting (non-compression)
- Multi-Direction stretch fabric allows for un-restricted range of motion
- UPF 40+ sun protection
- Polygiene® Odor Control Technology

## 12V GRAND TOURING HEATED MOTORCYCLE SOFT SHELLS

### VentureHeat's 12V Heated Grand Touring Motorcycle Vest

is the complete package, and one of the most versatile vests on the market. This heated vest features 4 heating panels in order to keep your entire core warm. A built-in temperature controller allows you to adjust the heat settings while you are on the go.

You may purchase a wireless remote kit to attach to your handlebars so that you can change the temperature without taking your eyes off of the road.

The vest is constructed with a windproof, stretchable soft shell material to keep you protected from the elements. Pre-wired glove connectors also give you the option to plug-in a set of our heated motorcycle gloves to help minimize the amount of cable and maximize your comfort while out riding.

### Venture 12V Heated Pant Liners

Perfect for taking on the elements and riding in comfort. These heated pant liners are constructed with a wind blocking soft shell on the front, and a stretchable back to help fit comfortably underneath your regular riding pants.

- Built-In Temperature Controller
- Optional Wireless Remote
- Pre-wired Glove Connectors

Size Black

## 12V HYBRID SOFT SHELL HEATED VEST

The 12V Duo Hybrid Heated Vest has versatile capabilities that is designed to work with small to medium size bikes, snowmobiles, ATVs, and older vehicles with limited available power. Although this heated vest draws less than 1.5 amps, it still powers the 4 heating panels located on the collar, chests, and back.

The Duo Hybrid heated vest can be powered by your vehicle's battery via battery harness or by an optional 12V battery. Use the lightweight 12V battery and extend your warm after a long bike ride.

The exterior shell is both water and wind resistant, which keeps you warm and dry on your adventures.

### Quad-Zone Quick Heat

With heat on demand in under 10 second, the Duo Hybrid Heated Vest features a heating element on the back, 1 on each chest, and even the collar is heated.

### Windproof Membrane

The 4-way stretch outer shell is both wind and water resistant to maximize your comfort at all times.

## 12V HEATED MOTORCYCLE JACKET LINER WITH WIRELESS REMOTE

The Most Comfortable Heated Jacket Liner

Venture Heat's 12V Heated Jacket Liner is a dream come true for any motorcycle rider taking on the elements. This lightweight jacket is windproof and water blocking to help protect you from the cold weather. Its slim design, and form-fitting construction allow you to wear this jacket liner underneath your regular riding jacket.

With a built-in temperature controller, you can adjust the heat to 3 different heat settings with just the touch of a button. This heated jacket also features a wireless remote which can be attached to your handlebars so that you can control the heat without ever having to take your eyes off of the road.

Pick up your 12V heated jacket liner today and start enjoying your rides even more!

- Wireless Remote Included
- Pre-Wired Glove Connectors
- Slim, Form-Fitting Design

### Multi-Zone Heating

The heaters are strategically located on the front, back, sleeves and collar of the jacket to create the most effective heating performance.

## 12V HEATED JACKET LINER LITE

Warm up your next ride with the Heated Motorcycle Liner Lite. Enjoy top-quality warmth similar to the regular Heated Jacket Liner, but for small or medium sized vehicles.

Each heated jacket liner includes a built-in temperature controller that allows heat on-demand. Choose from three temperature settings: hot, medium, and low.

The travel friendly design allows you to roll up the heated jacket liner into its self-contained map pocket. Once it's rolled up, store it away without taking up valuable space.

Full heat coverage  
Even with the smaller amperage, the heated motorcycle jacket liner lite will keep the upper body warm. Enjoy warmth from the heating panel located on the collar, arms, chest, and back.

## 12V HEATED INSOLES

Tired of cold feet while riding, here is your solution. The heating elements are positioned throughout the entire insole which allows warmth to be circulated within your foot to give the comfort and protection you need. The polyurethane foam absorbs shock to make bumpier roads more comfortable. The contoured shape follows your foot's anatomical form for maximum support, flexibility, and comfort.

## 12V ALL LEATHER GLOVES

Many riders ask for heated motorcycle gloves that can extend its warming capabilities beyond the bike. Designed from the ground up, the Hybrid Heated Motorcycle Gloves can stay powered by a wired connection to the vehicle's battery, or by an optional rechargeable power pack.

With the optional 12 volt battery, feel free to explore the great outdoors, stroll through town, or even catch a ball game without the fear of cold hands.

With it's built-in temperature controller, yours hands can stay warm with its 3 heat settings. Plus, the leather material is a natural insulator that helps retain the heated glove's warmth.

Designed as one of the most comfortable heating gloves for

riding, the Hybrid Heated Motorcycle Gloves are guaranteed to provide maximum comfort. Each pair is made with premium Nappa leather that is soft to touch, but offers much needed durable and weather protection.

Both the palm and fingers have reinforced leather to prevent wear-and-tear. The sleek, flexible design contours to your natural riding position.

L	472-4063L
XL	472-4063X
2X	472-40632X

## 12V HEATED GLOVE LINERS

Every rider is unique. Some look for a supplement heat source in addition to their favorite motorcycle gloves, while others simply need a thinner glove with heating capabilities. The 12V Heated Glove Liners allow each rider to enjoy their own motorcycle glove without the sacrifice of heat performance. The heated glove liner's thin material contours to the hand, which allows the heated glove liner to comfortably fit under the rider's outer motorcycle glove.

If two glove layers is too much, feel free to wear the heated glove liners on their own and still enjoy top-quality warmth.

- Touchscreen friendly! Keep the glove liner on and navigate through any smartphone, tablet, or GPS system
- Built in temperature controller! At the push of a button, manage the heat setting at ease. Choose from hot, medium, or low

The thermal protection circuit located in the heated glove liner and the fuse kit provides dual protection from overheating. Riders are safe to use them in rain or shine.

- Made to comfortably fit under any motorcycle glove

### JACKET VENT

Ventz is a clever product that attaches easily to your jacket and helps to cool you down.

USA Design Registered, Patented, Proven, Shatter Proof, Insect Proof

When riding in warm weather an invisible layer of hot air, trapped in your jacket, raises your core body temperature to uncomfortable levels, which can cause a dangerous loss of concentration. Ventz creates a flow of soothing air that removes the trapped heat, making your journey cooler and more comfortable. Safe and comfortable to wear, Ventz is effective for both the rider and passenger.

# BALACLAVA MICROLUX™

**MOISTURE WICKING**  
Fabric transfers moisture away from the skin & evaporates quickly, to keep you warm & dry.

**ANTIBACTERIAL**  
Treatment of fabric inhibits growth of odor causing bacteria.

**UPF**  
Provides ultraviolet radiation protection of 50+ UPF (Ultraviolet Protection Factor).

**FIT**

- Ability to wear over nose or below chin
- One size fits most

**CONSTRUCTION**

- Flat seams ensure a comfortable fit and no painful pressure points
- Contoured construction creates an excellent fit without bunching

**COMFORT**

- Lightweight, thin fabric provides a non-bulky layer of protection for use with or without a helmet
- 4 way stretch for a comfortable non restricting fit

**FABRIC**

- Luxuriously soft material provides comfort and warmth while wicking moisture away from the skin
- Antibacterial fabric eliminates odors

## MICROLUX™ BALACLAVA

- Luxuriously soft MicroLUX™ provides comfort and warmth by wicking moisture away from the skin
- Thin enough to comfortably fit under a helmet
- No irritating center seams
- Contoured construction creates an excellent fit without bunching
- Antibacterial fabric and flat seams
- 50+ UPF Sun Protection
- Machine Washable, 1 Size fits most, Moisture Wicking, Under Helmet, All Season, antibacterial

Provides ultraviolet radiation protection of 50+ UPF (Ultraviolet Protection Factor).

**4 WAYS TO WEAR**

**BALACLAVA**

**HOOD**

**NECK WARMER**

**FACE MASK**

**VERSATILE**

- Hinged construction allows for easy conversion according to weather and temperature conditions
- One size fits most
- Wear 4 different ways

**CONSTRUCTION**

- Flat seams ensure a comfortable fit and no painful pressure points
- Contoured neckline to prevent bunching

**COMFORT**

- Thin enough to comfortably fit under a helmet or alone
- 4 way stretch for a comfortable non restricting fit

**FABRIC**

- Luxuriously soft MicroLUX™ provides comfort and warmth
- Quick drying

Description	WPS #

B Fuchsia	26-4010
C Blue	26-4011
D Gray	26-4012
E Geometric Skull	26-4008

**POLYESTER BALACLAVA**

- Polyester Balaclava offers optimal protection from the elements by providing coverage of the head, neck and face
- Constructed of 100% stretchy polyester
- Allows for a snug, yet comfortable fit.
- Also features two smooth seams that are strategically placed to eliminate an irritating pressure point when worn under a helmet
- Boasts vibrant graphics and its contoured design mitigates uncomfortable bunching

Description	WPS#
A Sugar Skull	26-5089
B Black & White Flag	26-5090
C Red Dawn	26-5091
D Black	26-5092

G Winter Camo	26-5137

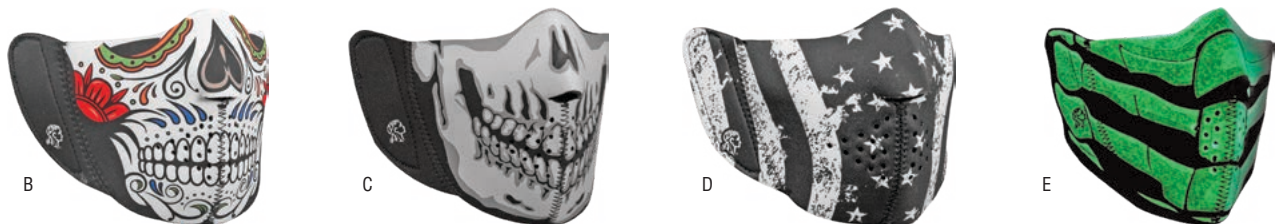

**MODI-FACE BALACLAVA**

This Modi-Face™ Balaclava features a detachable mask that can be changed out to suit different styles and/or environments. The balaclava can also be worn with or without the detachable mask, making this a very versatile and fun headwear to use.

- Stretchy nylon balaclava provides comfortable lightweight protection
- Detachable mask allows for use with or without mask
- Change up your style with different detachable mask designs
- Neoprene face mask is warm and water resistant

# ARMPRO SLEEVES

Our "Arm Pro Compression Sleeves" are made from a 4-way stretch, moisture wicking material that provides a cooling effect while riding. To increase the cooling effect on really hot days, just wet them down with water. Protect your arms and your ink from the harmful effects of the sun and stay cool with these muscle compression sleeves featuring stunning tattoo designs.

- Made from high tech moisture wicking material that acts as cooling system when riding
- SPF 50
- 4-way stretch fabric provides compression to help prevent muscle fatigue
- Can be worn wet to enhance cooling effect
- Non-slip silicone gripper at bicep
- 15 unique stunning tattoo designs to choose from

# SIZING CHARTS

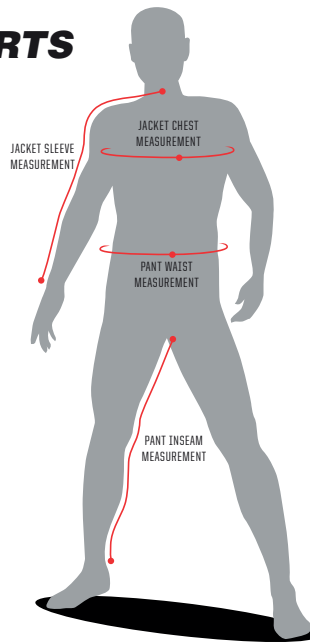

Measure the circumference around your hand at mid palm (just below the knuckles) using a soft tape measure.

Our high grade leather is designed to break in over time and will stretch out to fit your hand comfortably over the life of your gloves.

If you are between sizes, as a rule of thumb we recommend that you choose the larger of the two sizes.

### EXO-GLOVES SIZING CHART

GLOVE SIZE	XS	SM	MD	LG	XL	2XL	3XL
MEN'S CIRCUMFERENCE	5"	6"	7"	8"	9"	10"	11"
WOMEN'S CIRCUMFERENCE	5"	6"	7"	8"	9"	-	-

### MEN'S JACKETS

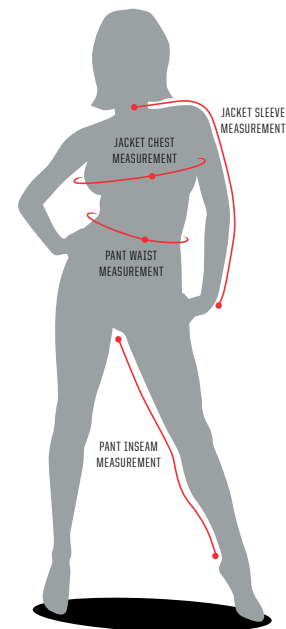

REGULAR	XS	SM	MD	LG	XL	2XL	3XL
CHEST	34-36"	36-38"	38-40"	42-44"	44-46"	46-48"	48-50"

TALL SIZES	LGT	XLT	2XLT	3XLT
SLEEVE	34-36"	35-37"	36-38"	37-39"

Tall sizes are 1.5" to 2" longer in both body length and sleeve length.

### MEN'S PANTS

	SM	MD	LG	XL	2XL	3XL
WAIST	30-31"	32-33"	34-35"	36-37"	38-39"	40-41"
INSEAM [REGULAR]	33"	33"	34"	34"	35"	35"
INSEAM [TALL]	35"	35"	36"	36"	37"	37"

### WOMEN'S JACKETS

JACKET SIZE	XS	SM	MD	LG	XL	2XL
BUST	33"	34-35"	36-37"	38-40"	41-43"	45"
SLEEVE	29.5"	29.5-30"	30.5-31"	31.5-32"	32.5-33"	33.5-34"

### WOMEN'S PLUS SIZING

	1W	2W	3W
DRESS	16-18"	20-22"	24"
BUST	42-44"	46-48"	50-52"
WAIST	33-35"	37-39"	41-43"

### WOMEN'S PANTS

	XS	SM	MD	LG	XL	2XL
NATURAL WAIST	26-27"	28-29"	30-31"	32-33"	34-35"	36-37"
INSEAM	31"	32"	32"	33"	33"	34"

THE SIZING CHARTS ARE SIMPLY A STARTING GUIDE, AS BODY SHAPES VARY. FOR THE ULTIMATE BEST FIT, ALL APPAREL SHOULD BE FITTED TO YOU AT AN AUTHORIZED DEALER.

### HELMET SIZE CHART

SIZE	XS	SM	MD	LG	XL	2XL	3XL
CIRCUMFERENCE	20 <sup>7/8</sup> -21 <sup>1/4</sup>	21 <sup>5/8</sup> -22	22 <sup>7/16</sup> -22 <sup>3/4</sup>	23 <sup>1/8</sup> -23 <sup>5/8</sup>	24-24 <sup>3/8</sup>	24 <sup>3/4</sup> -25 <sup>3/16</sup>	25 <sup>9/16</sup> -26

THE SIZING CHART IS SIMPLY A STARTING GUIDE, AS HEAD SHAPES VARY. FOR THE BEST FIT, HELMETS SHOULD BE FITTED TO YOU BY AN AUTHORIZED DEALER.

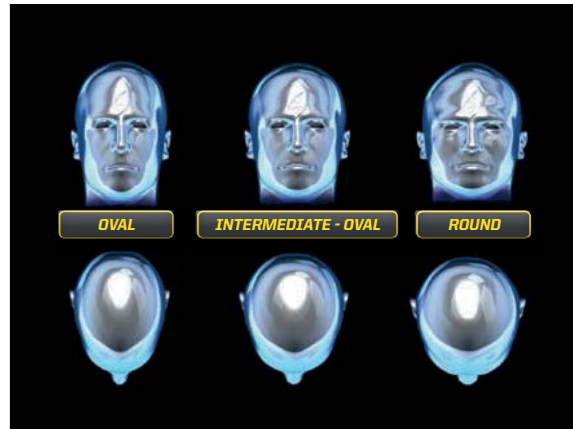

### HELMET MEASUREMENT

Start by measuring the circumference around your head at the temple, just above the eyebrow line (approximately one inch above eyebrows) using a soft tape measure. Then select the helmet size that is closest to your head from the Size Chart below. If your head falls between two helmet sizes, first start by trying on the smaller of the two sizes.

### PROPER FITMENT

To help maximize head protection, your helmet must fit properly and be securely fastened under your chin. Your helmet should fit snug all the way around your head with no pressure points or shake. Consult your authorized SCORPION dealer for proper fitment. It is not only important for comfort, but for safety as well.

### HELMET HEAD SHAPES

### HELMET MODEL SHELL SHAPE GUIDE

# AMP GO

The UCLEAR AMP Go full-duplex Bluetooth® helmet audio system is ideal for single rider and small group communications. Using the integrated Boost Plus speaker system, you can enjoy exceptional audio quality as you head down the highway. Our exclusive noise-cancelling ABF technology eliminates virtually all background noise, while our patented DSP algorithms triangulate your voice's "sweet spot" to produce clear voice for phone calls and intercom conversations. The UCLEAR Digital AMP Go is built on the foundation of the popular Bluetooth® AMP Series. The AMP Go has many of the features of the AMP premium series including Bluetooth® 4.2 connectivity, ClearLink and enhanced audio. The AMP Go enables a rider to enjoy investment protection with upgradeable options. The AMP Go is simply the most feature rich entry level product available!

**PRODUCT FEATURES:**

- Reliable bluetooth® 4.2
- Small group (4 rider) intercom
- Up to 300m (0.186mi) intercom range
- ClearLink app
- Cross brand compatibility
- Boost plus speaker with concealed microphones
- Industry's most portable system
- Weatherproof

**Exclusive brick & mortar MAP policy**

**Included In The Box**

- (1) AMP Go Controller Unit
- (1) Boost Plus Speaker/Mic Array
- (1) Permanent Mount
- (1) Temporary Mount
- (1) USB Charging Cable
- (1) Speaker Mount Round Set
- (1) Quick Start Guide

## FOX SERIES V-ROD AIR SUSPENSION

At the core of this system are two custom nitrogen charged FOX shock absorbers. Then, using a patent-pending design, Arnett adds a rugged Goodyear® air spring, ensuring superior comfort, ride quality, and durability. Arnett pairs your shocks with a small but powerful compressor, application-specific mounting bracket, and air distribution valve block which include a muffler to control how fast air is released. Each kit includes everything you need for a fast and flawless installation including Detailed Installation Manual, fused wiring harness and relay assembly, handlebar-mounted inflation switch, all necessary tubing, cable ties, fittings, bolt covers, and mounting accessories.

Application	Year	Black	Chrome
V-Rod	'07-17	850-01044	850-01045
<b>WITH REBOUND ADJUSTMENT</b>			
V-Rod	'07-17	850-01042	850-01043

## 2018 SOFTAIL SERIES AIR SUSPENSION

Arnett engineers improved the new Softail's rear suspension by designing a fully adjustable FOX® mono shock and air spring that can be controlled with an on-board compressor and inflation switch, providing exceptional ride quality, confident control while stopped and enhanced safety.

Application	Year	Black	Chrome
Softails	'18-Up	850-01070	850-01071

# LYNDALL TT TRACKER AND B-52 ROTORS

Create your own rotors to match your Lyndall wheels. Choose your center carrier design and finish then choose the friction ring that fits your application in silver or black high carbon steel in crown cut or smooth. Lyndall's patented lug drive design allows for easy assembly and unmatched braking performance. Carriers fit 2000 and later wheels with hub mounted rotors, for perimeter style rotors (used on '14-Up Touring models and '06-Up Dynas with cast wheels) see the Lyndall rotors in the brake section.

Quick application guide (for exact rotor dimensions for your model refer to your OEM parts guide):

- '00-07 Touring models require 11.5" rotors front and back
- '08-13 Touring models require 11.8" rotors front and back
- '08-Up Dynas with laced wheels require 11.8" rotors front and 11.5" rear rotors
