QBT346 SAND TIRES

Specifically designed for high-powered UTVs to improve performance in the dunes. Custom spider web design stands out and looks great. 6-ply, lightweight radial carcass delivers a high level of flotation. Tri-ribbed design on front tires allow for optimal turning and traction. Rear tire design creates a quick hook-up and acceleration. 7/8 in. thread depth.

609322-609325

QBT846 RADIAL UTILITY TIRES

Aggressive sidewall tread to grab traction in ruts and sticky situations. Meets or exceeds D.O.T. specifications. Perfect for intermediate-to-hard terrain with built-in rim guard that protects wheel. 8-ply radial casing for a smooth, consistent ride. Long-lasting 3/4 in. tread depth that stands up to the abuse of today's modern ATVs and UTVs.

609326-609331

NEW QBT445 UTILITY TIRES

Advanced tread that grabs and reduces skidding on wet surfaces. O.E.M replacement for Kawasaki Mule 2500 and up. Bias, 4-ply with 14 mm tread depth. Front and rear application. Load capacity 1660 lbs.

608971

QBT446 RADIAL UTILITY TIRES

Extremely puncture-resistant, ultra-durable 8-ply radial construction with over-center tread design for a super-smooth ride. 3/4 in. thread depth.

609300-609310, 609333-609335

QBT447 UTILITY TIRES

Designed for optimal performance in intermediate-to-loose terrain, this tire's exclusive center tread pattern is guaranteed to keep you moving where others might bog down. Tough 6-ply bias construction with 3/4 in. tread depth. Wraparound lugs give extra sidewall protection and excellent bite for cornering.

608974-608979, 608988

FLAT-FREE

GUARANTEE

TIRE SEALANT

16 OZ. // 32 OZ. // GALLON // 5 GALLON

Seals up to 1/2 in. puncture in the tread and 1/4 in. puncture in the sidewall. Stops bead leaks and pinhole leaks in rims. Environmentally benign and water washable.

- 16 oz. 530848**
- 1 Gallon 530849**
- 32 oz. 530850**
- 5 Gallon 530855**
- Tackle Box 530856**
- 5 Gallon Pump 530860**

COMPARE QUADBOSS TIRE SEALANT TO COMPETITORS:

	QUADBOSS	COMPETITOR
Seals punctures up to 1/2" in the tread	Yes	No
Seals punctures up to 1/4" in the sidewall	Yes	No
Stops bead leaks	Yes	No
Stops pinhole leaks	Yes	No
Won't harden or freeze, causing tire balance problems	Yes	Yes
Won't rust steel or corrode aluminum wheels	Yes	Yes
Biodegradable and water soluble	Yes	Yes
Wounds are plugged instantly and permanently	Yes	Yes
Distributes heat build-up so tires run cooler, extending tire life by 20%	Yes	Yes
Prevents natural tire air loss	Yes	No
Will NOT clog valve stems	Yes	No

Pricing is subject to change at any time.

QBT673 MUD TIRES

The most aggressive Mud Tire in the QuadBoss® line of tires. If muddin' is your game, then the QuadBoss QBT673 are the tires for you. Built-in rim guard to protect wheels from dents and dings. Directional tread for optimal traction. 2 in. thread depth.

609318-609321, 609332

QBT672 RADIAL MUD TIRES

With a unique directional tread design and 8-ply, puncture-resistant construction, the QuadBoss® QBT672 Radial Mud Tires are up to the challenge of the most arduous terrain. 1-1/4 in. mud lugs for aggressive bite in muddy and soft conditions. Built-in rim guard protects wheels from trail damage.

609311-609317

QBT671 MUD TIRES

Have the terrain begging for mercy when this 6-ply constructed rubber meets the mud. The unique scale design in the tread valley provides extra traction and unparalleled cleanout. Slotted lugs add traction and provide weight savings for better steering control. Wraparound lugs give extra sidewall protection and excellent cornering bite. Sidewall features rim guard for wheel protection. Load rated for most ATVs and UTVs.

608980-608987

QBT700 SERIES TIRES

When performance comes first, the lightweight 4-ply bias construction of the QuadBoss® QB700 series will make the most of your motor. This dynamic tread pattern brings acceleration and braking traction in soft to hard pack conditions.

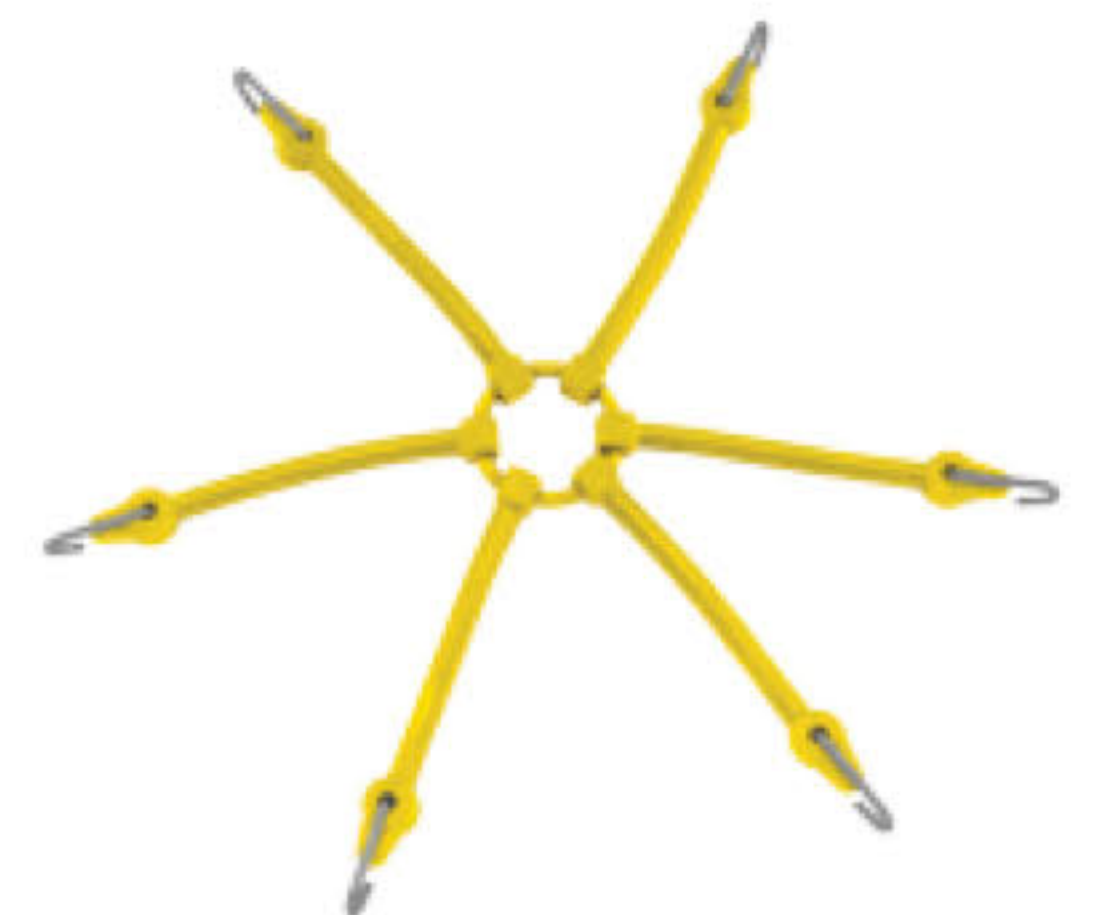

608970, 908672-608973, 608994-608999

V-BAR TIRE CHAIN

Sharp points on the V-bar results in superior traction! Packaged in a plastic storage box.

563554-563557

TIRE CHAIN TENSIONERS

Heavy-duty rubber with seven connection points, pulls tire chains tight and even. Increases the life of tire chain.

WHEEL SPACERS

Your ride's stability is assured with these top-of-the-line wheel spacers. Precision-made from high-quality aluminum. Strong and durable, yet lightweight. Increases stability and provides extra clearance. Wheel studs and nuts included.

1" to 3" Wheel Spacers Available
563516-563619, 563531-563538, 563866-563893

NEW WHEEL STUD AND NUT KIT

Direct O.E.M. replacement with press-in wheel studs. Kit includes studs and lug nuts.

608236-608286

NEW REPLACEMENT STUD KIT

For use with QuadBoss Wheel Spacers.

563520-563523

ATV WHEEL BEARING AND SEAL KITS

Contains all the bearings and seals required to refit a wheel. High-speed bearings are manufactured to ABEC 3 precision levels. Triple-lip rubber seals keep the grease in and the water and dirt out. Chevron SRI 2 grease contains rust and oxidation inhibitors (-29° C to 177° C). Double-lip® TC seals with stainless steel garter springs.

UTV WHEEL BEARING AND SEAL KITS

Contains all the bearings and seals required to re-fit a wheel. High-speed bearings are manufactured to ABEC 3 precision levels. Triple-lip rubber seals keep the grease in and the water and dirt out. For Polaris using a front strut, the wheel bearings, located in the wheel hub, rotate while in two-wheel drive mode. In four-wheel drive mode, a magnetic clutch is activated to engage the strut bearings, which are located in the strut tower. Chevron SRI 2 grease contains rust and oxidation inhibitors (-29° C to 177° C). Double-lip® TC seals with stainless steel garter springs.

INDIVIDUAL WHEEL BEARINGS

High-speed bearings are manufactured to ABEC 3 precision levels. Triple-lip rubber seals keep the grease in and the water and dirt out. Chevron SRI 2 grease contains rust and oxidation inhibitors (-29° C to 177° C).

INDIVIDUAL WHEEL SEALS

Double-lip TC seals with stainless steel garter springs.

BRAKE DRUM SEAL KITS

Direct O.E.M. replacement seal. Protect expensive brake components and prolong shoe life by replacing seals.

MASTER CYLINDER SEAL KITS

All the seals, O-rings and springs needed to reseal a master cylinder.

CALIPER REBUILD KIT

Each kit contains all rubber parts necessary to rebuild one caliper. Includes boots, seals, bleeder cap, brake pad retaining pins and copper washers.

REFLECTIVE SERIES SOFT LUGGAGE

REFLECTIVE SERIES FRONT RACK BAG

Rugged 600-denier polyester body material is colorfast, UV-resistant and water-repellent. Large main compartment with movable dividers and three compartments inside lid - 2 mesh, 1 wet pouch. Weatherproof lids protect against the rain, dust, mud and snow.

156668

REFLECTIVE SERIES REAR RACK BAG WITH INTEGRATED ATV COVER

Rugged 600-denier polyester body material is colorfast, UV-resistant and water-repellent. Padded bottom with three spacious compartments to keep your gear safe and dry.

156667

REFLECTIVE SERIES TANK BAG

Fits most ATVs, made from durable and water-resistant nylon. Clear top pocket keeps map dry and in front of rider and interior is padded and lined to help protect items such as phones and glasses. Dimensions: 9-1/2" x 3" x 11".

156676

BOSS BUCKET COOLER

Allows you to take your favorite drink with you wherever the trails take you. Fits any 5 gal. bucket. It features eight pockets for additional cans or bottles. There are convenient zippered pockets for additional storage.

156950

REFLECTIVE SERIES ATV MITTS

Rugged 600-denier polyester with reinforced corners. Deflects wind, rain, snow, brush and rocks. Hand warmer pocket to keep hands warm. One size fits most ATVs and sold in pairs.

156669

CLEAR VIEW ATV HAND MITTS

QuadBoss® hand mitts increase the comfort and precision of driving, protects hands from bad weather while being able to see controls. Made of 600-denier nylon/polyester and is waterproof. Sold in pairs.

157176

REFLECTIVE SERIES GUN SCABBARD

Rugged 600-denier polyester body material is colorfast, UV-resistant and water-repellent. Convenient rifle access from either side, also padded and lined to absorb shock and vibrations. Equipped with three large pockets to hold shells and other gear along with extra reinforced attachment straps and strap anchors that will ensure secure attachment.

156670

REFLECTIVE SERIES UTV ORGANIZER

Colorfast, water-repellent, and UV resistant 600 denier polyester build with five foam padded and lined center pockets and two easy access pockets on each end for phone and other gear.

156672

REFLECTIVE SERIES DRINK TUBE

Secure storage for up to six drinks, even on rough trails. Convenient drink holder securely attaches to UTV roll cage and ATV racks with hook-and-loop straps. Holds six 12 oz. cans. Insulated with closed-cell foam and lined with nylon to keep drinks cold. Convenient handle and shoulder strap. Rugged 600-denier polyester body material. Colorfast, UV-resistant and water-repellent. Reflective trim.

156671

REFLECTIVE SERIES UTV GRAB HANDLE

Comfortable, molded ergonomic handle attaches to UTV roll cages with hook-and-loop straps. A great grip for lifting yourself into the UTV seat and hanging on during rough rides.

156675

REFLECTIVE SERIES UTV DRINK HOLDER

Secure storage for drinks, even on rough trails. Convenient roll cage drink holder securely attaches to UTV roll cage with hook-and-loop straps. Holds a wide variety of drink bottles or cans. Insulated with closed-cell foam and lined with nylon to keep drinks cold or hot. Rugged 600-denier polyester body material. Colorfast, UV-resistant and water-repellent. Reflective trim.

156673

REFLECTIVE SERIES DRINK HOLDER BACKPACK

Roll cage drink holder that folds out into a durable nylon backpack.

156674

FIRE EXTINGUISHER HOLDER

Adjustable hook-and-loop straps for a secure tight fit on multiple sizes of fire extinguishers. Secures to any size roll bar.

156661

REAR RACK BAG

Versatile storage with movable dividers in the main compartment that allow you to custom-fit the space to the contents. Three spacious bags, with separate access. Main compartment has a zippered mesh pocket on underside of the lid and side compartments with mesh pouch for storing small items.

Black 156656
AP Camo 156666

Black

Olive Green

WATERPROOF DUFFLE

Easy-to-pack duffle made of heavy-duty polyester laminate with structured molded bottom. The electronically welded seams, roll-down top, storm flaps and snap side buckles keep the water out. Eight point attachment straps secure duffle to any ATV rack.

Black XL 156663
Olive Green L 156664

REST-N-STORE REAR TRUNK

Lockable, dual inside compartments are large enough for full-face helmets.

156711

WEEKENDER TRUNK

Our biggest seat and storage system! Convenient compartments underneath each armrest and a middle compartment right-sized for a gas container.

157070

REAR LOUNGER

After a long ride, kick back in this lounger with a cushioned seat and padded arms and back.

157302

TRAVELER TRUNK

Take a break, lean back and relax for a while or grab the fishing rod and catch some dinner. Two lockable trunk compartments are large enough to pack an axe and store a small full-face helmet.

157050

REAR WRAP TRUNK

Wraparound lockable storage with a foam backrest so you can lean back and relax at the end of your ride. Molded carrying handles for easy installation and removal. Special rotomolding process for uniform thickness, strength and durability with a tongue-and-groove lid system.

156601

FRONT TRUNK

Lightweight and durable trunk with molded carrying handles; installs quickly with rubber cords. Tongue-and-groove lid system for secure closure and rotomolded for uniform thickness, strength and durability. Includes rubber cords.

156600

BACK COUNTRY TRUNK

This large-load capacity storage trunk offers top rails to strap on extra cargo. Deluxe formed back cushion for added comfort. Three aluminum rails on top for strapping on additional cargo. Two lockable latches for security. Rear reflector increases visibility. Angled trunk lid keeps water from accumulating and leaking in.

157052

REAR CARGO BOXES

Whether you choose the standard or deluxe option, these rear cargo boxes are built to latch securely and help keep moisture out. Rubber latches keep the lid securely closed and the gasket seal is between lid and base.

Standard 157011
Deluxe 157012

FRONT STORAGE BOX

Ample storage for a day's worth of supplies and equipment in one large trunk that easily mounts to ATV front rack. Double-wall lid provides extra rigidity. Weather-resistant, closed-cell foam gasket lid and constructed of durable, rotomolded linear low-density textured black polyethylene.

157300

REAR STORAGE BOX

Maximum storage space in a durable and rigid storage box. Lid features a weather-resistant, closed-cell foam gasket. Durable, rotomolded, linear low-density textured black polyethylene and easily mounts to ATV rack.

157301

NEW

UTILITY CARGO BOX & MOUNTS

UTILITY BOX

Constructed from lightweight and durable aluminum diamond plate. Patented Foam Filled Lid, creates a solid structure to prevent bending or warping and ensures easy opening and closing from either side. Aluminum one-piece tube and lid is designed to support heavy loads, absorb tool drops and prevent leakage.

157178

UTILITY BOX MOUNTS

Mounting hardware for PN 157178.

157179-157183

EXPEDITION SERIES UTV CARGO BOX

Provides storage in the bed of the UTV. Gasket seal in between lid and base to protect stored items. Trunk lid opens 110° for easy storing of gear and for extra storage, items can be easily secured on the aluminum bar of the lid with bungee cords.

75L 157175

85L 157142

175L 157143

RANGER CARGO BOX SET

Designed for maximum storage space with heavy-duty lid for extra durability. Sold in pairs. Made in USA.

157303

RANGER BED BOX

Designed for maximum storage space with heavy-duty lid for extra durability. Manufactured from durable, rotomolded, linear, low-density polyethylene in a textured black. Fits all Polaris Rangers up to 2015 (including XP). Sold individually. Made in USA.

157304

QUICK ATTACH FASTENER

The Quick Attach Fastener is designed to attach QuadBoss Front and Rear Trunks to the Polaris Lock & Ride® or Can-Am® LinQ ATV/UTV composite systems.

563465-563467

REPLACEMENT U-BOLT FOR TRUNKS

563317

REAR RACKS FOR SPORT ATVS

Need some space for cargo? These racks will hold up to 50 lbs. of gear, and in most installs, do not require drilling or modifications. Choose your preferred rack size and appropriate mount kit with a black powder-coated finish.

**Universal Rear Racks
Rear Rack Mount Kits**

Universal

MESH RACKS

Ideal to transport large, bulky items, these mesh racks are constructed of heavy-duty, expanded steel mesh and reinforced with a 3/4 in., 16-gauge steel frame. Powder-coated for a tough, durable finish.

**Front 559901
Rear 559902
Front and Rear Set 559903**

ADJUSTABLE FRONT AND REAR RACK EXTENSIONS

Two ways to adjust rack extensions; the unique adjustable width feature with spring-locking buttons to size for cargo load and the industry's first adjustable corner angle (up to 30°) to fit almost any ATV rack. Strong steel tubular construction with lasered-steel support plates.

**Front 574330
Rear 574331**

UTV UNIVERSAL FRONT RACK

Holds up to 80 lbs. of gear to increase carrying capacity. Wraparound front extensions keep cargo from sliding off. No drilling or modifications required. UTV specific mount sold separately. Made in USA.

574249

UTV FRONT RACK MOUNTS

UTV Front Rack sold separately. Model specific kits to install UTV front racks.

CUSHIONED GUN AND BOW RACK

Soft rubber teeth and "cushion" air pockets help provide superior shock absorption. Internal steel fork holds your heavier items. Master Blocks™ mounts attach to all ATV brands.

150727

UTV CARGO NET

HEAVY-DUTY

Four PVC dipped J-hooks and cam buckles for easy attaching, tightening and detaching with high strength nylon webbing. Measures 28" x 28".

156629

LIGHT-DUTY

12 movable hooks for secure tie down. Light-duty, not recommended for securing heavy loads.

156628

UTV CABS

Featuring high-visibility, automotive-quality features, tough materials and fine craftsmanship, QuadBoss® Cabs are built for function and durability. The full-tilting, tempered glass front windshields offer an optional automotive-designed wiper/washer assembly. To maximize visibility, 5 mm thick polycarbonate door panels are double hard-coated and assembled to a lockable, steel perimeter door frame. Sliding, tempered-glass, side windows provide airflow when needed and feature a lockable latch. Weather-tight seals protect the interior from the natural elements. The steel roof is sound-insulated to dampen engine noise. Both the roof and doors are powder-coated with a black finish for a sharp look. The optional heater with multiposition fan allows you to enjoy your UTV year round. Cabs do not need to be removed for trailering at highway speeds. All roofs are securely bolted to the chassis with the exception of the Polaris® XP 900, which easily installs with over-center, cam-lock quick-clamps. Most applications have gas-operated door struts as standard equipment, along with driver and passenger rearview mirrors.

UTV CAB HEATER

Easy to install, complete kit that taps into vehicle coolant system and has rear heater core.

WIPER AND WASHER SET

Easy to install complete kit with the wiper and washer.

ROOFS

Put a roof between you and the elements. Strong topside protection from sun, rain and dirt. Durable polyethylene with UV stabilizers. Molded-in drains allow water to run off. Molded-in cargo tray allows for extra storage on some models. Made in USA.

CARGO BED COVER

Durable polyethylene with UV stabilizers.

326779

POLARIS RZR ROOF CARGO COVER

Store even more. Extremely durable to hang tough during your riding adventures.

326757

OVERHEAD STORAGE BOX

Top notch storage. Robust seal keeps valuable cargo in and water and dust out.

326755

WINDSHIELDS

FOLDING

Wind in your face, or not. Your call. Hinge allows folding windshields to be used in up or down position. Toolless for quick and easy transitions.

HALF

Pit crew speed; easily attach windshield to the roll cage with rubber-coated stainless steel mount straps.

QUICK-RELEASE WINDSHIELDS FOR ATVS

On and off with ease. Protects you from the elements when you want it, removes in under 10 seconds with quick-release 1/4-turn fasteners when you don't.

FENDER PROTECTORS

Easy-to-install protectors fits rear rack and original footpegs.

LIFE TIME WARRANTY ON ALL QB MIRRORS

SIDE VIEW MIRRORS

Highly adjustable, convex surface provides maximum wide-angle view and image stability. Flip-back, foldaway design prevents damage to mirror and housing. Low-profile mounting bracket minimizes interference with other attachments. High-impact housing resists damage. Sold in pairs.

- 1.75 in. Mount 570080**
- 2 in. Mount 5570081**
- Polaris Pro Fit 570082**

REAR VIEW MIRROR

Low-profile mounting bracket minimizes interference with other attachments. Includes shatter-resistant safety glass and convex surface provides wide-angle view and image stability. Adjustable mounting system provides maximum viewing range. Overall size: 10.2" x 3.9". Lifetime warranty.

- 1.75 in. Mount 570083**
- 2 in. Mount 570084**
- Polaris Pro Fit 570085**

UNIVERSAL REAR/SIDE VIEW MIRROR

The most convenient way to add mirrors to your UTV. Simple clamp on system for easy installation. Shatterproof convex mirror is in a high-impact ABS housing for durability and safety. Now available for 1-3/4 or 2 in. roll cages.

- 570031-570032**

ATV SAFETY EMBLEM

Break the rules, not the law. Keep your tail covered if you decide to go rogue. Mounts to rear cargo rack and chassis in seconds. Includes 14 in. impact-resistant reflective safety emblem and mounting hardware.

211908

ATV LICENSE AND REGISTRATION KIT

Keep Rosco off your back. Convenient license and registration kit to ensure your ATV's paperwork is properly displayed.

211906-211907, 211941

ATV BACKREST

Heavy-duty, 2 in. thick cushion, covered with durable, wear-resistant polyester. Attaches quickly to your cargo rack with the included hardware and folds flat for safe trail riding. Sturdy, square tubular steel frame supports the soft, foam backrest. Fits metal or composite racks. One-year manufacturer's warranty.

565145

UTV JUMP SEAT

Cushioned seat wrapped in 300-denier water-resistant nylon. Perfect for relaxing at the trails end or spectating at your favorite mud hole.

565146

UTV AIR SEAT

Isolates operator from vibration for long range comfort. Replaces O.E.M. seat base.

326780

Black

Camo

ATV SEAT COVERS

Preserve your asset with the QuadBoss® ATV seat cover. Keep your original seat clean and dry and protect it from dirt, sun and weather. UV-resistant fabric with PU backing for extra weather and abrasion protection. Elasticized hem and adjustable straps mean quick, easy and custom fit on most standard ATVs. Water-repellent for easy cleaning.

Black 156398

Camo 156399

COVER FOR UTV WITH ROLL CAGE

Protect your UTV during its downtime. Optimal storage and weather protection. Large enough to entirely cover a UTV with a roll cage and durable enough to ensure protection from the weather and unexpected storage damage. Reliable all-weather protection for your utility vehicle. Heavy-duty, coated polyester with maximum water repellency and UV resistance. Vents on both sides help prevent blowing off in high winds. An elastic cord sewn into the bottom hem ensures a snug fit.

156184

QUAD COVERS

Extra-large sizing to fit the largest quads, fits most lawn tractors, too. Heavy-duty, water-repellent nylon and the durable construction is UV-resistant.

WINCH REPLACEMENT PARTS

No part lasts forever, so be prepared with our high-quality replacement parts.

ATV WINCH MOUNTS

Make sure that winch doesn't leave you in the lurch with this durable and secure mount. Heavy-gauge, laser-cut steel construction and utilizes multipoint frame mounting for superior strength. ATV mounts accept most two- and four-bolt winches up to 3,500 lbs. rating.

UTV WINCH MOUNTS

Mounts of heavy-gauge, laser-cut steel construction utilize multipoint frame mounting for superior strength. UTV mounts accept most winches up to 5,000 lbs. rating, including wide drum models. Durable black powder-coated finish.

WINCH ACCESSORY KIT

Get all of the winch accessories you need all in one package. Includes 8,000 lbs. snatch block, 1/2 in. D-shackle, 1" x 8' tree trunk protector and tool bag.

608894

WINCH BUMPER

Heavy-duty construction. Prevents the cable from breaking, by stopping the hook before it reaches the roller fairlead. Stops rattling noises by keeping the cable tight.

157158

WINCH MOUNT CRADLE

Mount any two- or four-bolt pattern winch up to 4500 lbs., including wide drum models. Formed steel construction with built-in handles. Quick-disconnect plugs included for true plug-n-play setup.

1-1/4" Receiver 608776

2" Receiver 608775

TOW STRAP

Breaking strength at 5,000 lbs. Steel shackle and mesh storage bag included. 12 ft. of 1 in. strap. Has closed loops at both ends.

156155

HEAVY-DUTY TOW STRAP

Whether work, play or rescue, this durable strap can pull you out of any situation. Tough polyester strap construction with a breaking strength of 10,000 lbs. 20 ft. of 2 in. strap with closed loop at both ends.

156156

TRAILER HITCH

Heavy-duty 1/4 in. steel. Fixture welded for precise fit. Powder-coated for durability.

2" RECEIVER HITCH

Heavy-duty 1/4 in. steel, fixture welded for precise fit and a powder-coated for durability. Mounting hardware and instructions included.

Shown with ball. Ball not included.

THREE-WAY HITCH ADAPTOR

Allows both the use of a ball hitch and pin hitch and even tow straps. Install in the down position to lower your hitch height by 2 in. or reverse to raise your hitch height. Works with trailer balls that have 3/4 in. shank. Powder-coated steel.

566758

HITCH CONVERSION KIT

Converts QuadBoss® ATV carts from pin hitch to a ball hitch. Comes complete with necessary hardware to bolt to cart drawbar.

1-7/8" 566757
Universal 566759

NEW HITCH ACCESSORIES

NEW HITCH

Designed for ATVs and UTVs to tow a variety of trailers without the need to change hitches. Fits most ATV/UTVs with factory receiver.

1-1/4" 411462
2" 411463

BALL MOUNT CONVERSION:

Converts ball mount to 2 in. square receiver. Rust-resistant, black powder-coated finish. Ground clearance not effected.

411466

HITCH ADAPTOR:

Converts 1-1/4 to popular 2 in. receiver opening. Rust-resistant, black powder-coated finish

411465

HITCH BALL:

1-7/8 in. replacement ball for EZ-Hitch

411464

Retail: Starting at \$9.95

Pricing is subject to change at any time.

UTILITY TRAILER

The workday just got easier. Side rails allow you to stack a full load while the tilting bed and tailgate make loading and unloading less effort. Heavy-duty steel construction with removable side rails and tailgate. Large, 18" x 8-1/2" flotation tires bring added stability. Load Capacity - 1250 lbs. Dimensions: Rails on: 60" x 31" x 21", Rails off: 60" x 31" x 9"

565149

ECONOMY DUMP TRAILER

Durable 18-gauge bolt together cart body. Heavy-duty, 14-gauge steel undercarriage and drawbar.

566750

ULTIMATE POLY DUMP CART

Molded-in features include stake pockets, tie down bars, slots for load dividers, 2x4 cross member slots, ledge for adding shelf and holes on top for future attachments.

Poly Dump Cart 566772
Wood Side Panel Kit 566776

FLATBED DUMP TRAILER

Expanded steel bed with stake pockets for adding side panels, 1000 lb. load capacity and powder-coated for long life. Heavy-duty 11 gauge steel undercarriage and drawbar. Made in USA.

566773

HEAVY-DUTY DUMP TRAILER

Durable 18-gauge welded cart body. Heavy-duty, 11-gauge steel undercarriage and drawbar.

566771

LARGE HEAVY-DUTY DUMP TRAILER

Durable 16-gauge welded cart body. Heavy-duty, 11-gauge steel undercarriage and drawbar.

566770

SWIVEL DUMP TRAILER

Structural foam cart body will not rust. Pass-through undercarriage provides a full 12 in. of ground clearance.

566775

MOWERS

ROUGH CUT

The ultimate time saver for mowing ditches, fence lines and fields. Designed to dramatically reduce mowing time and easily attaches to any ATV/UTV with a trailer hitch. .

FINISH CUT

Triple blade for a manicured cut. Side discharge, true floating deck. Reduces scalping and also offsets to mow on either side. Guaranteed height select matches the exact cutting height of your ride.

NEW

FARM JACK

581389

581390

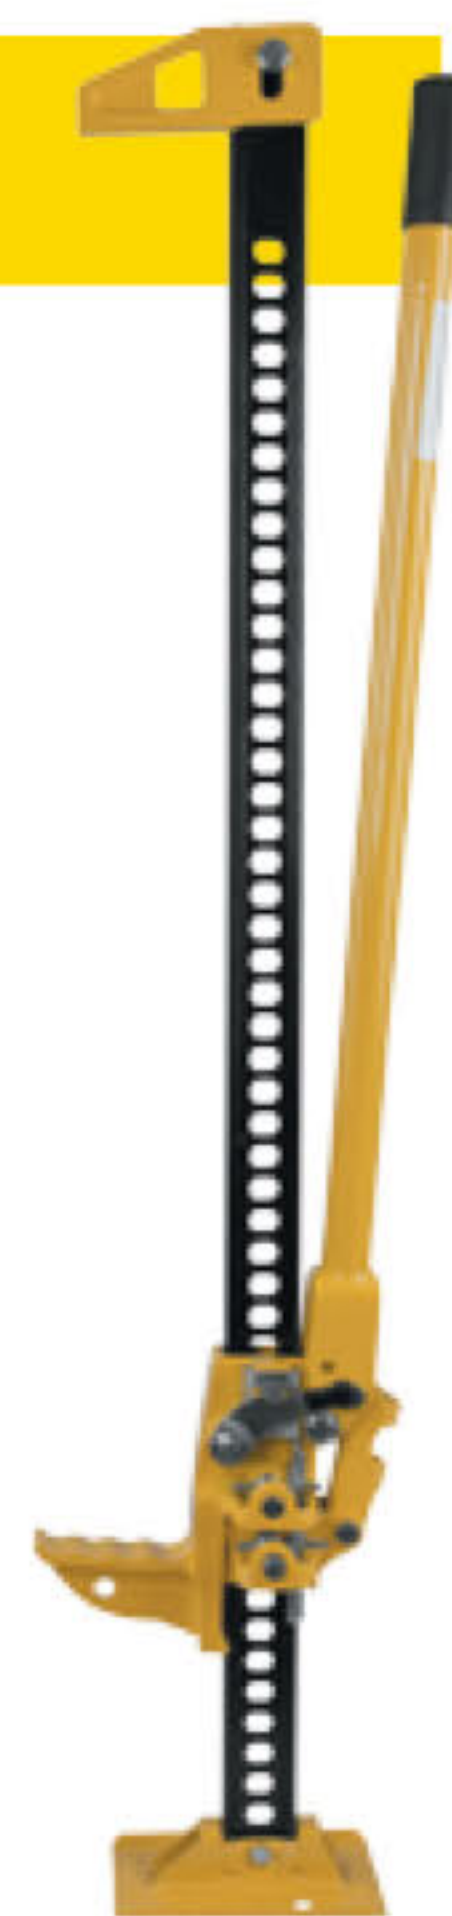

581392

FARM JACK

Heavy-duty all steel construction that's ideal for lifting offroad vehicles and farm equipment. Can be utilized for winching, spreading and hoisting with an adjustable top clamp clevis.

- Farm Jack 581388
- Farm Jack Mounts 581389
- Farm Jack Handle 581390
- Farm Jack Base 581391
- Farm Jack Lift Straps 581392

WHEEL CHOCK

Crafted of durable steel tubing and powder-coated for lasting resistance to rust and corrosion. Chocks are easily removed using quick-release fasteners. Fits tires up to 11-1/4 in. wide. One-year manufacturer's warranty.

565147

SPRAYERS

15-GALLON SPOT SPRAYER

Get the work out of the way quickly, with this powerful and reliable sprayer.

567176

25-GALLON BOOMLESS ATV SPRAYER

No need to lower any boom with this powerful sprayer. Corrosion-resistant polyethylene tank, 45 psi, 12-Volt with a 3.8 gallon per minute pump.

567177

CLUTCH CABLES

THROTTLE CABLES

REAR HAND BRAKE CABLES

REAR BRAKE CABLES

PARKING BRAKE CABLE

Black PVC outer sheathing provides maximum flexibility and durability. Pre-stretched inner wire is flared out before the terminal end, and is cast for superior pull out resistance. Molded-rubber components feature EPDM rubber for high UV resistance and longer life. EPDM rubber boots are designed with a tighter fit than O.E.M. for superior water and dirt resistance.

565255

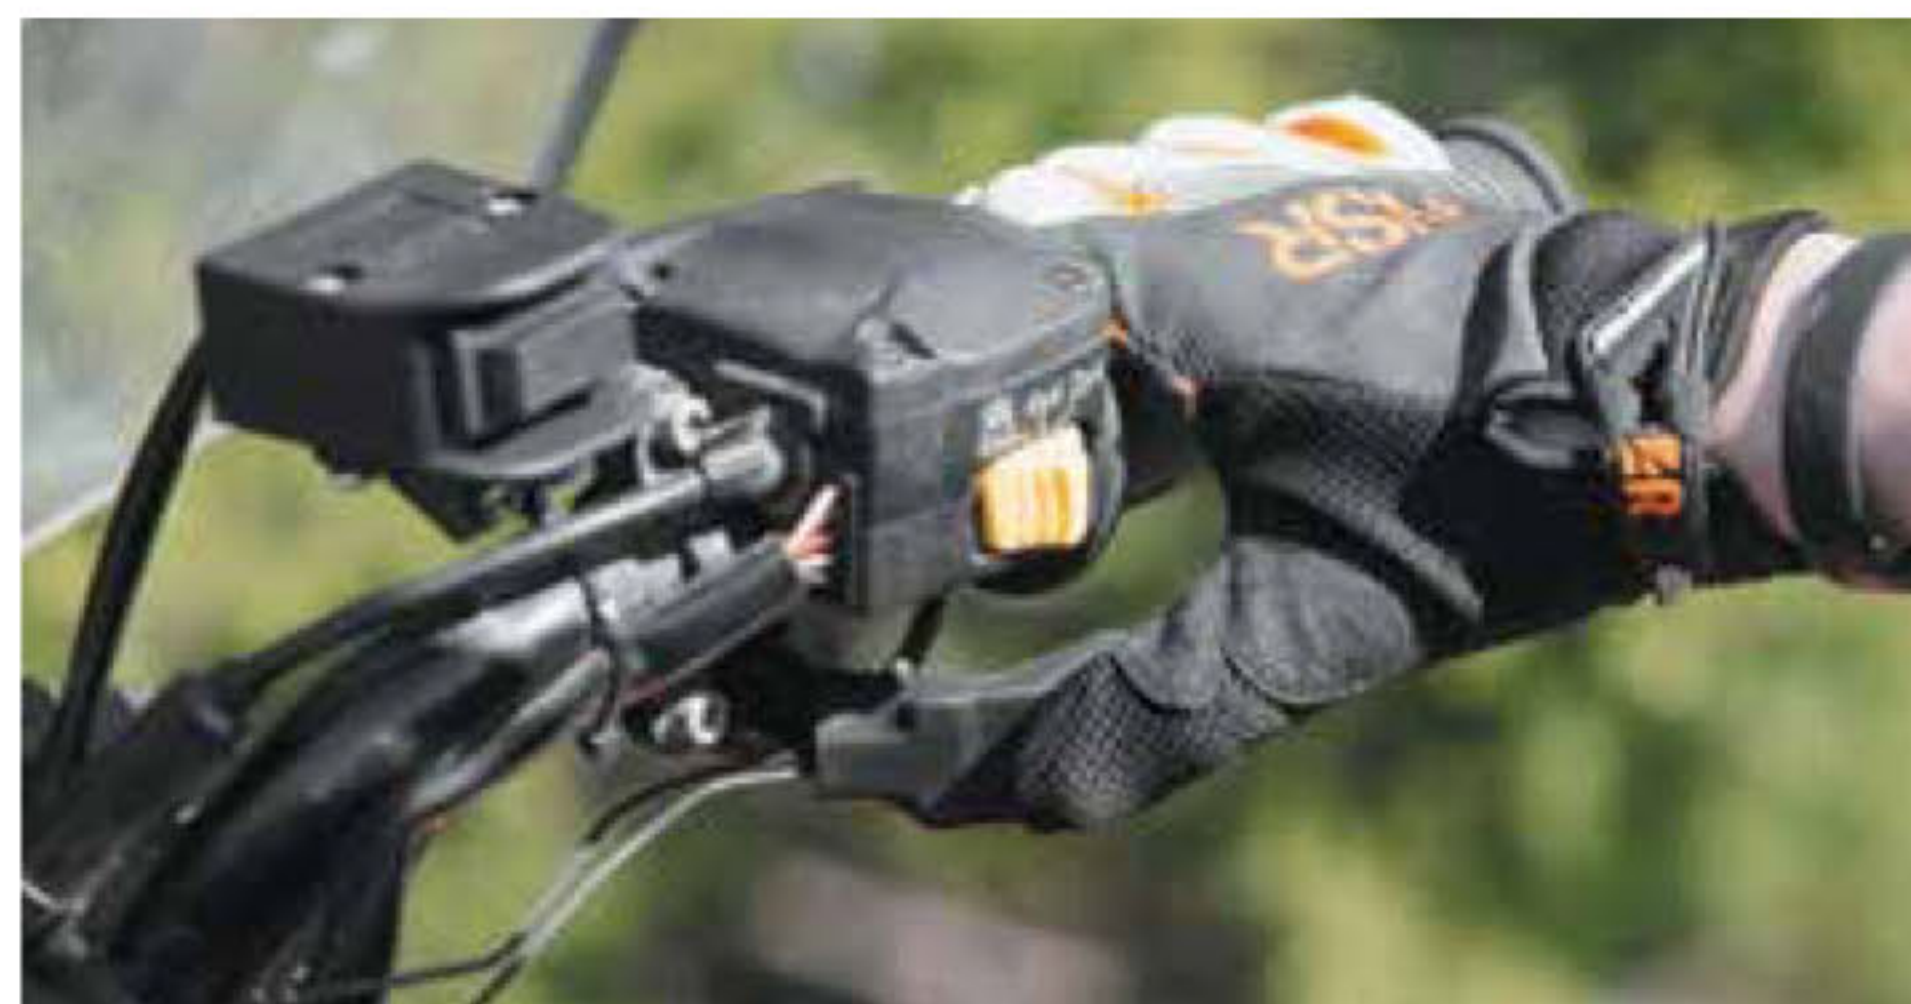

HEATED GRIPS

The elegant, open-end grip design makes the QuadBoss® heated grip both stylish and functional. The highly efficient heating design delivers heat faster than traditional heated grips. Specially selected rubber materials resist the outdoor environment and provide a secure and comfortable grip. The five-level controller adjusts heat accurately to avoid uncomfortable temperatures. Even at high temperatures, the grip remains resistant to damage. Suitable for 12-Volt DC application only.

101921

HEATED GRIPS WITH THUMB WARMER

Don't let cold weather force you inside. Five-level controller adjusts heat accurately to avoid uncomfortable temperatures. QuadBoss® heated grips with thumb warmer works on all thumb throttle models. Keeps thumb warm in cold weather. Easy to install.

101920

REFLECTIVE SERIES ATV MITTS

Rugged 600-denier polyester with reinforced corners. Deflects wind, rain, snow, brush and rocks. Hand warmer pocket to keep hands warm. One size fits most ATVs and sold in pairs.

156669

CLEAR VIEW ATV HAND MITTS

QuadBoss® hand mitts increase the comfort and precision of driving, protects hands from bad weather while being able to see controls. Made of 600-denier nylon/polyester and is waterproof. Sold in pairs.

157176

DRIVE BELTS

TQX

Recommended for engine displacement of 1,000 cc and lower. High-strength, low-stretch aramid cords and specially formulated compression compounds engineered for high-horsepower, large-displacement engines. Delivers the increased strength and durability needed to ensure long-lasting performance for today's extreme machines and the most aggressive riders.

PRO

Recommended for engine displacement of 650cc and lower. Designed to dominate any type of terrain. Constructed of an engineered fiber-loaded neoprene compound with strong p-aramid cord reinforcement. Delivers the muscle and the durability demanded by today's high-performance engines and high-performance enthusiasts. Runs cooler and provides long belt life.

SEL

Recommended for engine displacement of 500cc and lower. Manufactured from aramid reinforced polychloroprene and p-aramid cord to ensure superior strength, enhanced dimensional integrity and longer belt life. Delivers long, smooth, dependable drives.

REAR CARRIER BEARING UPGRADE KIT FOR SPORT ATVs

Replace two side-by-side bearings with one double-wide angular contact bearing. Kits for all late 450cc sport ATVs. Increase bearing capacity and bearing life by 30%.

CHAIN ROLLERS

Direct O.E.M. replacement. Triple lip sealed ball bearings for superior dirt exclusion compared to O.E.M. bearings.

UNIVERSAL JOINTS

Heavy-duty construction for increased static strength and longer life. Precision-ground trunnion and bearing surfaces ensure trouble-free operation. Easy-to-lube during fitting and during the re-lube cycle.

CENTER DRIVE SHAFT BEARINGS

More aggressive than the O.E.M. seals. Keeps dirt and water out of the bearing better than O.E.M. seals.

CV JOINTS

Improved O.E.M. quality. Fully assembled outboard joint assembly. Heavy-duty and puncture-resistant.

CV JOINT REBUILD KITS

Repairs O.E.M. CV joints only.

COUNTERSHAFT BUSHING AND SEAL KIT

Kit includes case-hardened bushing: stronger than O.E.M., replacement outer seal along with any O-rings, snap rings or lock washers required to complete the repair.

NEW

RAPID REPAIR CV BOOT KIT

Expandable universal CV Boot that slides and expands over reusable cone tool for quick CV Boot replacement. Two clamping diameters ensure a good fit on most vehicles. Boot material stays flexible under extreme cold and hot temperatures. Save your expensive axles and carry a kit in your tool box as an inexpensive quick repair on the trail or in your garage.

- CV Boot Kit XL 414244**
- XL Replacement Boot 414245**
- CV Boot Kit 414177**
- Replacement Boot 414178**

HEAVY-DUTY WHEEL SHAFTS

Direct O.E.M. replacement axle that comes complete and ready to install. Constructed of high-strength, chromoly-steel. 15% increase in CV joint diameter and 20% increase in axle diameter over stock. Heat-treated and precision, CNC-machined for increased strength and durability. Low-profile CV boots and bands ensure maximum clearance. Up to 47° axle swing angle over stock for protection against binding.

CV BOOT KITS

Suitable for angles of today's ATVs and UTVs and easier to install than most O.E.M. boots. Kit includes one boot, two clamps and a 2 oz. package of grease. Lithium based Molybdenum grease insures lubrication for longer life.

COMPLETE WHEEL SHAFTS

High-quality O.E. replacement axle.

1/2 WHEEL SHAFTS

Fully assembled outboard joint includes inboard boot, Moly grease, clamps and C-clip.

DIFFERENTIAL SEAL KITS

Kits contain the three outer case seals for repairing oil leaks.

DIFFERENTIAL BEARING AND SEAL KITS

Kit contains all of the bearings and seals required to service an ATV differential.

PROPELLER SHAFTS

Long-lasting, heat-treated carbon steel drive shaft. Vibration-free design and direct O.E.M. replacement. Replaceable, heavy-duty U-joints with grease fittings. Powder-coated black for extreme durability. One-year manufacturer's warranty.

591300-591329

ATV SLIP-ON MUFFLER

This QuadBoss Slip-On Muffler is steel and has a black finish. It can be directly installed on O.E.M. pipes with its special coupler; no gaskets needed. Equipped with a galvanized main tube and spark arrestor. All internal parts are fully welded. One-year manufacturer's warranty. Made in North America.

ATV UNIVERSAL SLIP-ON MUFFLER

This QuadBoss Slip-On Muffler is steel and has a black finish. It can be directly installed on O.E.M. pipes with its special coupler; no gaskets needed. Equipped with a galvanized main tube and spark arrestor. All internal parts are fully welded. One-year manufacturer's warranty. Made in North America.

HUNTING MUFFLER END CAP

Lowers the sound of the muffler by 20 to 30 decibels, which is quieter than stock. Fits all QuadBoss® Mufflers.

157168

ONE WAY CLUTCH BEARING KIT

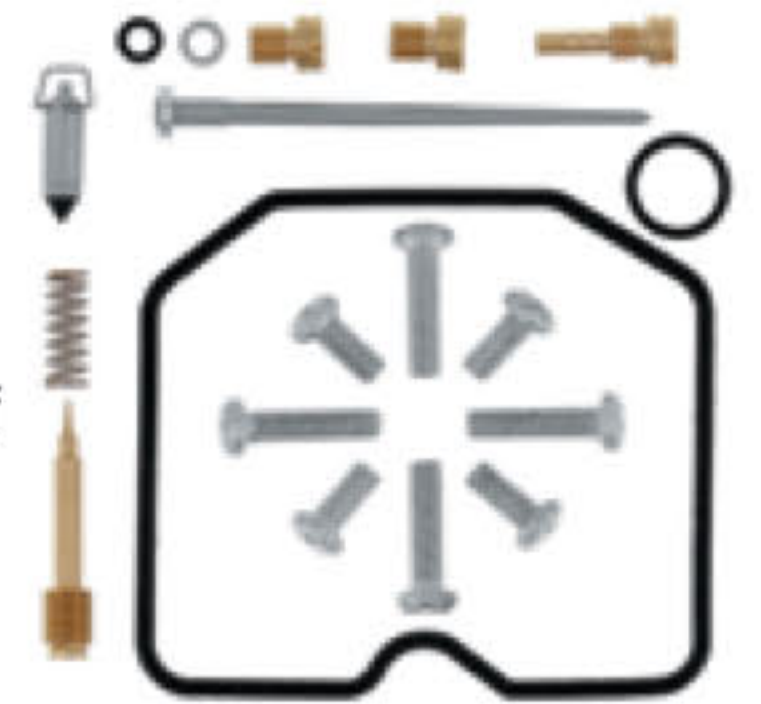

Stock bearings are sealed on the outside only, providing minimum protection. Our Clutch Bearing Kit includes double-sided bearings and eliminates grinding during gear shifting from forward to reverse.

608971

QUADBOSS CARBURETOR KITS

Kits include all necessary components to repair carburetor; models with two carburetors include components to repair both carburetors. Components included in the kits are based off of US models and discretion must be used when attempting to install the kit on a non-US model.

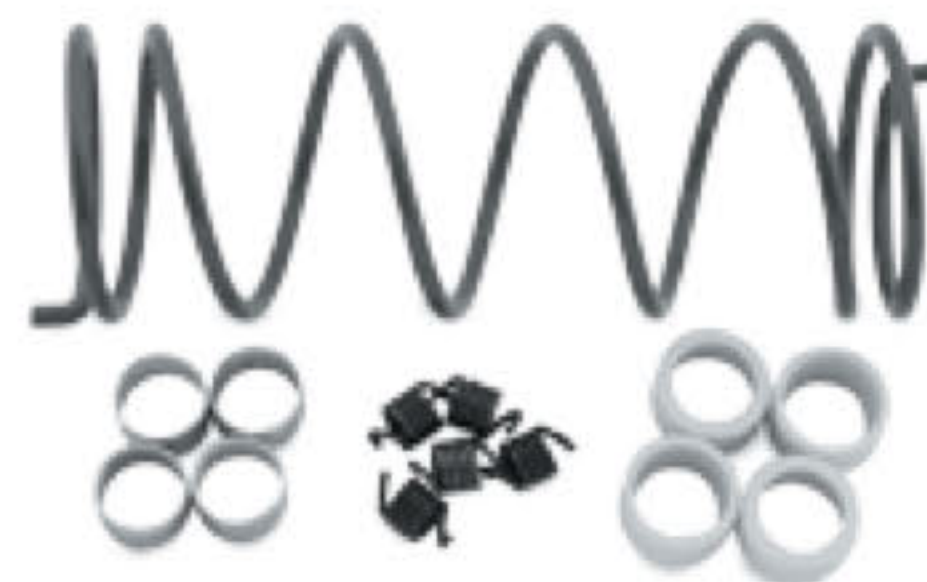

PERFORMANCE CLUTCH KITS

Designed to improve performance on or off the trails, without losing the reliability of your ATV. More efficient in transferring the power of your ATV down to the tires. Designed to improve low- and mid-range acceleration. Decreases belt slippage, which decreases clutch heat. Enhances back shifting and throttle response. Field-tested to assure your satisfaction. Designed for stock motor and stock exhaust.

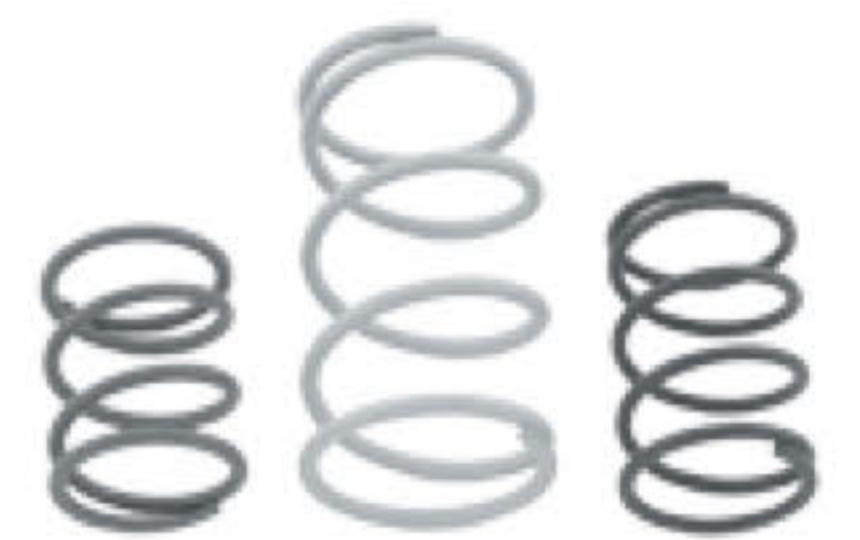

SPORT UTILITY

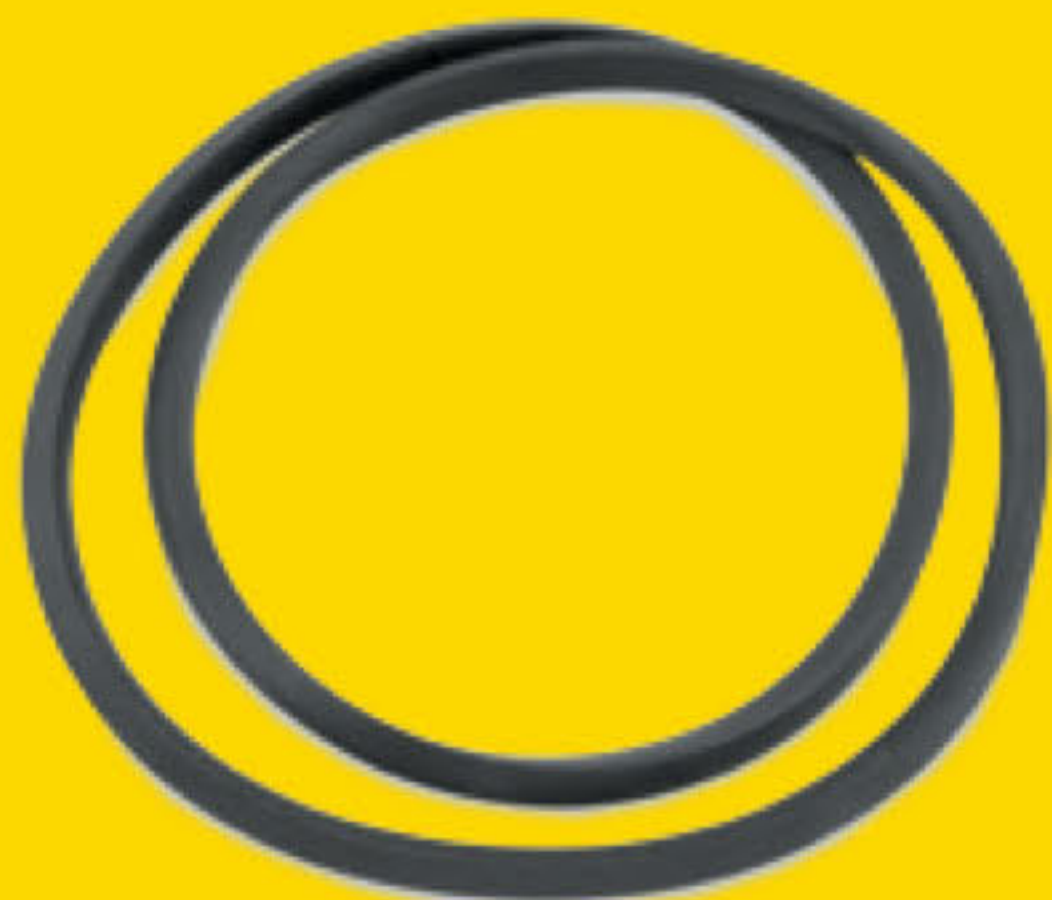

MUD CLUTCH

COMPETITION STALL

ECONOMY CLUTCH

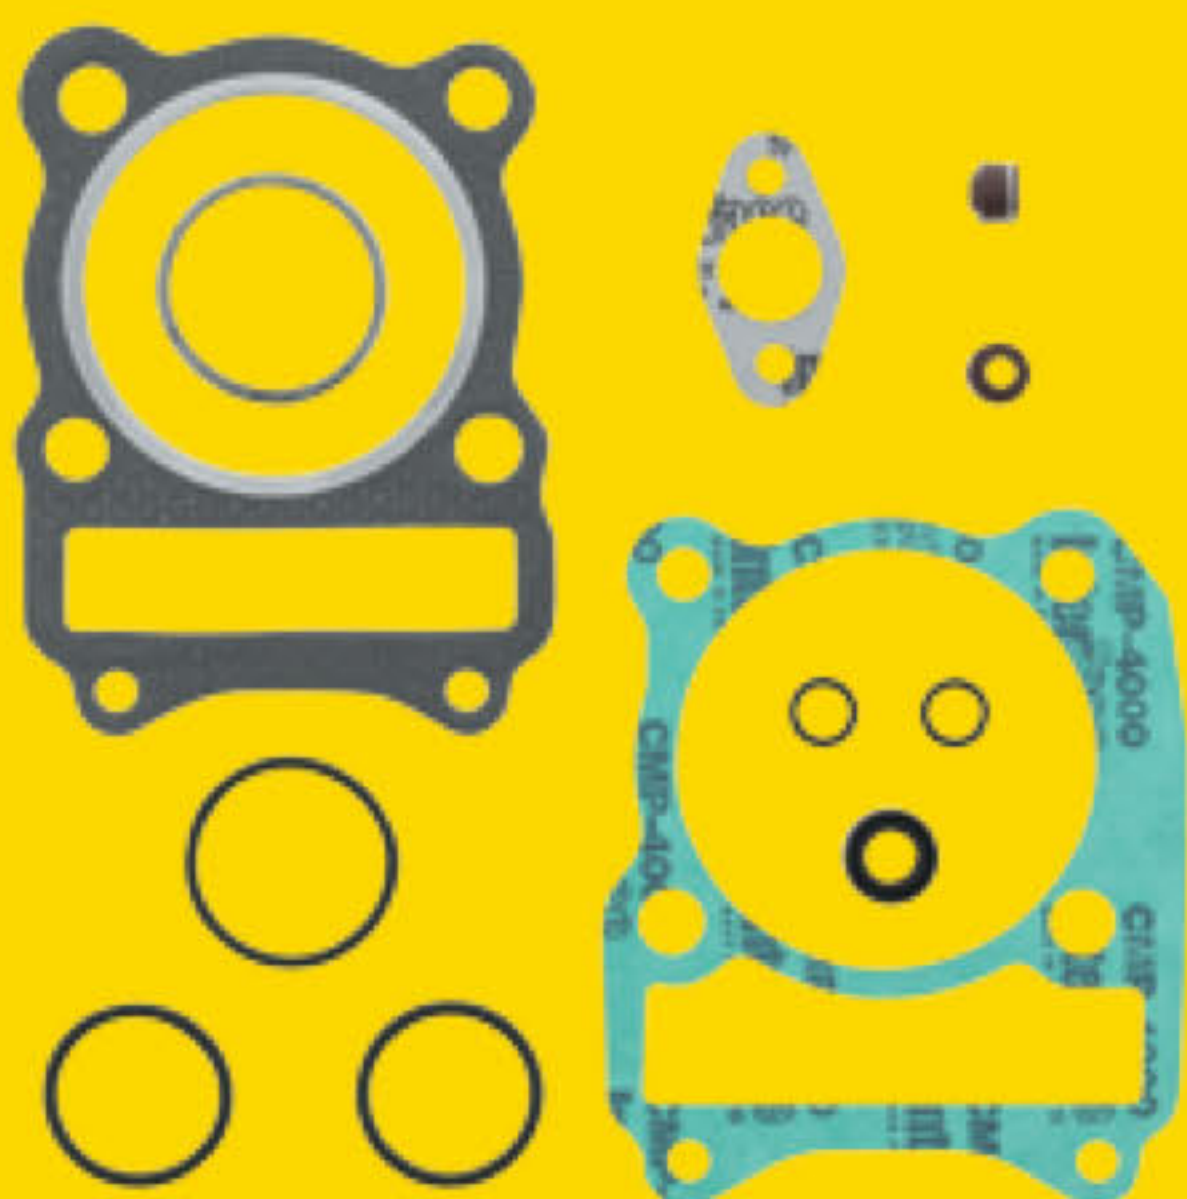

CLUTCH COVER GASKET

Replaces O.E.M. foam cover gasket. O.E.M.-quality replacement part.

COMPLETE GASKET SET WITH OIL SEALS

Set includes all gaskets and oil seals necessary to rebuild the engine and transmission, including output shaft, water pump, clutch, shift and starter seals.

TOP END GASKET SET

Piston sets designed for piston replacement.

OIL SEAL SET

Includes all oil seals necessary to rebuild the engine and transmission including crankshaft, output shaft, water pump, clutch, shift and starter seals.

CRANKSHAFT BEARING AND SEAL KITS

Koyo® precision crank bearings. Double-lip seals with PTFE contact area tolerates dry start conditions with less crankshaft pin wear.

WATER PUMP REBUILD KIT

Includes all necessary hardware to rebuild one water pump.

3" POD LIGHTS

Six high-intensity CREE® LEDs. 18-Watts, 1620-lumens and works great with 12-Volt DC applications. Combination beam pattern with flood and spot reflectors for maximum spread and throw.

Spot 568129
Flood 568130

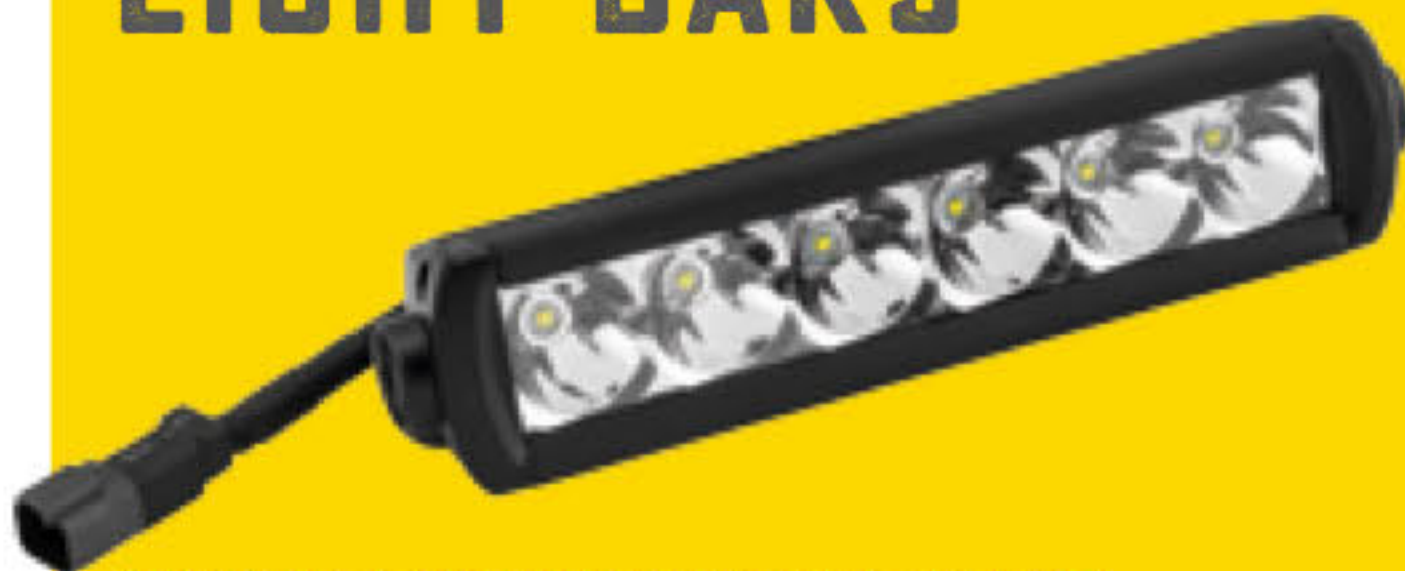

3" 4-D HI-LUX LED LIGHTS

4-D LED optic technology employs a mirrored reflector combined with a domed lens and new, ultra-efficient HiLux Phillips LED.

Spot 568568
Flood 568569

LIGHT BARS

SINGLE ROW HI LUX LED BARS

Slim, single row LED bars with ultra-high efficient Hi LUX OSRAM LEDs generate huge performance. Low-profile, sleek housing design provides multiple mounting bracket options. One-year manufacturer's warranty.

5" Spot Light 568570
5" Flood Light 568571
9" Spot Light 568572
9" Flood Light 568573
20.5" Combo Light 568574
32" Combo Light 568575
39.5" Combo Light 568576

DOUBLE ROW HI LUX LED BARS

Double row LED bars with ultra-high efficient Hi LUX OSRAM LEDs generate huge performance and value. Heavy-duty aluminum housing design with double row reflectors. Multiposition cast aluminum mounting brackets are designed to provide a range of mounting options; brackets and hardware are included. One-year manufacturer's warranty.

7.5" 568577

21.5" 568579
31.5" 568580
41.5" 568581

3-1/2" MINI LIGHT BARS

Two high-intensity CREE® LEDs. 100% waterproof enclosure. 8° spot beam pattern or 90° flood beam pattern. Works great with 12-Volt DC range. One-year manufacturer's warranty.

Spot 568566
Flood 568567

ROCK LIGHT KIT

Mounts inside wheel wells or under the chassis to illuminate the wheels and tires. Compact fixtures with rubber mounting base provide a clean integrated mount. Each rock light has 13.5 ft. of wire to ensure proper mounting. Kit includes four lights and a harness that connects all four lights together; main harness needed and sold separately P/N 568139. Individual light includes three LEDs rated at 2-Watts each with 125-lumen output and 120° flood beam pattern. Simple and quick installation. One-year manufacturer's warranty.

568565

WIRING HARNESS

This easy-to-use and durable harness moves you further from concern and closer to fun. Complete plug-and-play harness kit with weather-sealed snap fits DT or ATP connectors.

Single DT Connector up to 150W, Harness A 568139
Dual DT Connectors up to 150W per fixture, Harness B 568140
Single ATP Connector up to 300W, Harness C 568141

LED MOUNTING CLAMPS

Mounting tab rotates 360° for versatile mounting position. Precision-milled CNC billet aluminum construction for extreme-durability. Kit includes two mounting clamps with brackets and hardware. One-year manufacturer's warranty.

568562-568564

LED PIGTAIL KITS

12 in. pigtail kits with sealed DT or ATP connector ends make it possible to splice into your custom harness and connect to LED fixtures with female connectors for a clean-sealed, waterproof connection.

DT Connector up to 150-Watts 568560
ATP Connector up to 300-Watts 568561

BATTERY ISOLATOR KIT

Designed for dual battery systems. Connects between batteries only, no alternator or ignition connection needed. Protects electronics during start up and saves charge on your starting battery when using electrical accessories.

608822

BUS BAR

The QuadBoss® Bus Bar alleviates multiple connections to battery terminals by allowing you to connect various power accessories. Bus material is made of tin-plated solid copper for maximum conductivity and resistance to corrosion.

568102

IGNITION COILS

Put the punch back in your spark. A new Ignition Coil can restore lost power or fix a weak or no spark issue.

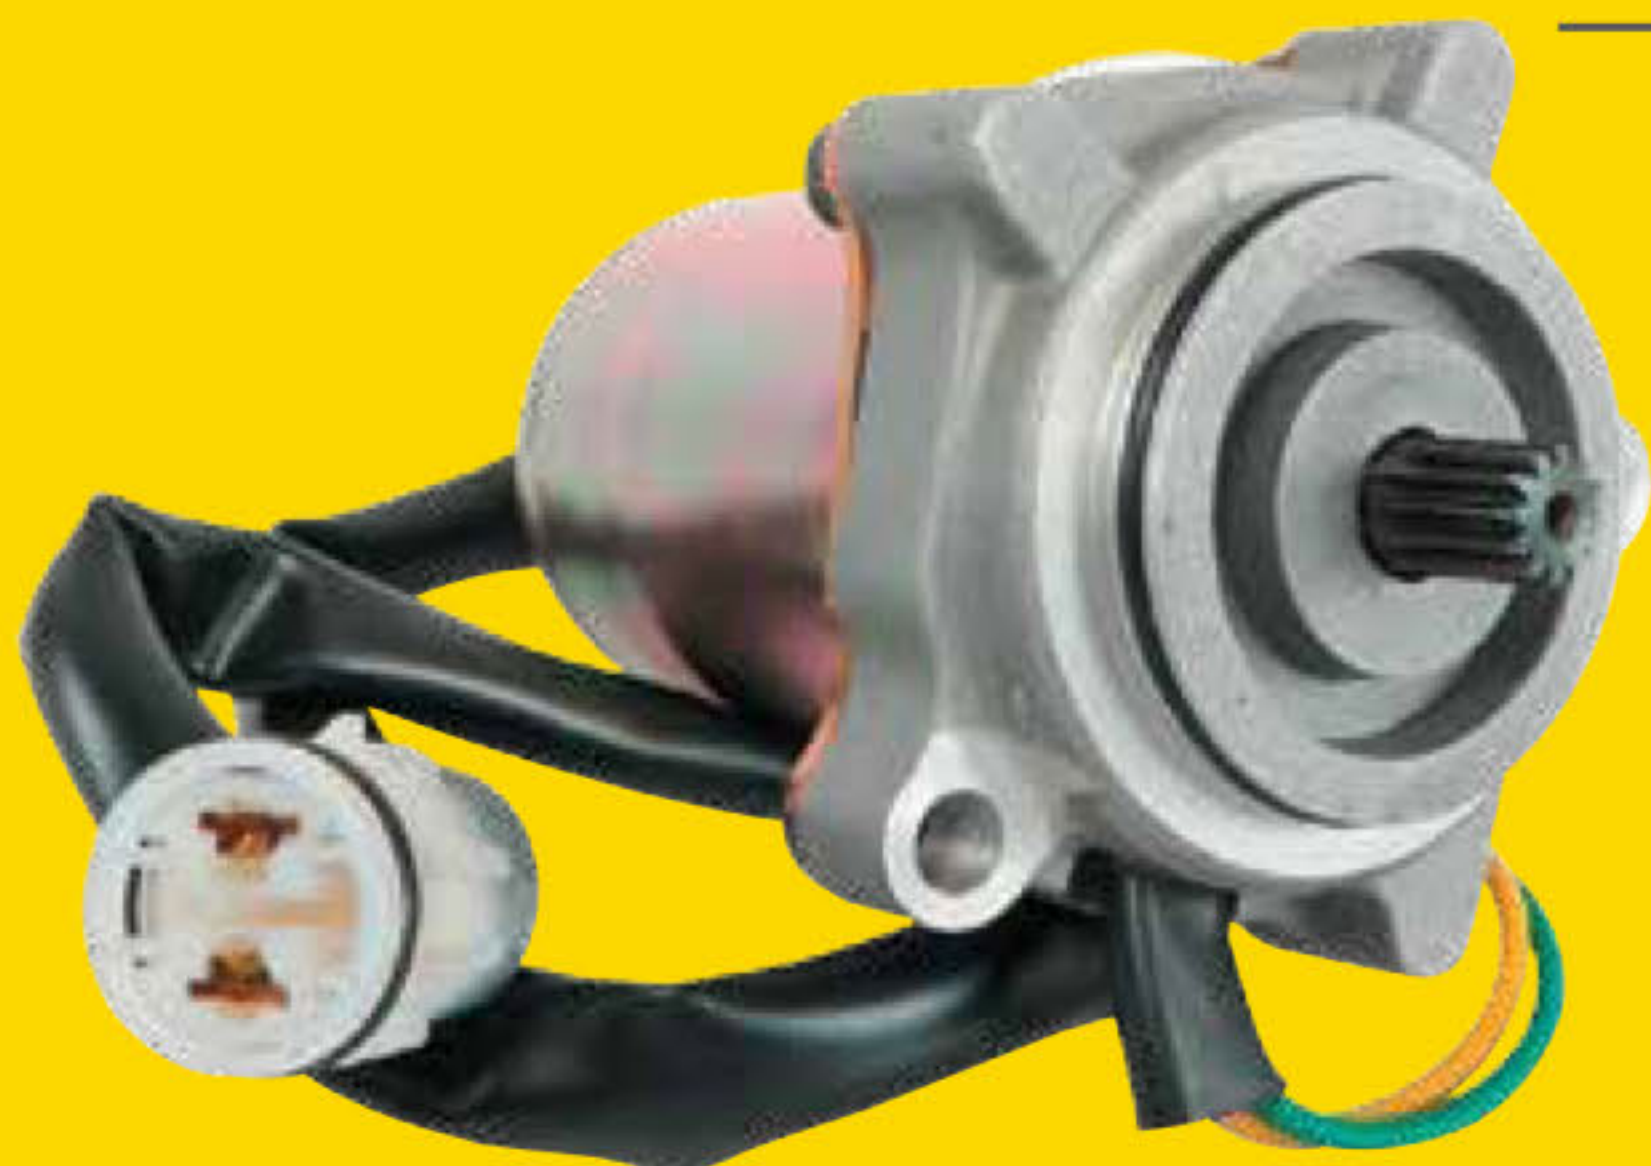

CDI BOXES

Unleash the power. These CDI Boxes are designed to enhance overall 4-wheeler performance. Includes duplication circuits for maximum reliability, increased RPM redline and altered ignition advance curves. Comes with altered advance curves to increase performance throughout the RPM range.

VOLTAGE REGULATORS

These voltage regulators are designed to handle increased power loads and keep your voltage strong and steady. Designed to meet or exceed original equipment. Includes O.E.M.-style connectors and stock mounting locations.

SHIFT CONTROL MOTORS

This direct O.E.M. replacement will get precise shifting action back to your machine at a fraction of the cost. Fully sealed construction for long life in harsh conditions. Plug-and-play connectors a direct fit to O.E.M. harness.

ALTERNATORS

Get charged up. Keep your battery charged and ready to go with a steady supply of power from these Alternators. O.E.M.-style connectors with stock mounting locations. Designed to meet or exceed original equipment specifications.

STATORS

A good stator will spark a strong start-up and keep your engine running smoothly. O.E.M.-style connectors with stock mounting locations. Designed to meet or exceed original equipment specification.

STARTER SOLENOIDS AND RELAYS

It's time to get started. These solenoids and relays offer maximum magnetic pull strength for reliable starts, longer life and reduced voltage drop. Plated brackets and canisters to eliminate corrosion.

STARTERS

Keep your Quad humming and wheels turning with a powerful and reliable starter.

STARTER CLUTCHES

Don't be sidelined by a worn clutch. Restore full torque to the starter system for reliable starts every time. Meets or exceeds original manufacturer's specifications. 100% O.E.M. interchangeable: no modifications needed for installation.

SHIFT ANGLE SENSOR

Direct O.E.M. replacement. Replaces the most common cause of shifting issues. Rubber o-ring included.

402294

ATV AND UTV COOLING FAN ASSEMBLIES

No need to get overheated. Our cooling fan assemblies will keep your engine cool when the ride heats up.

FAN MOTOR ONLY

Nonstop cooling. A strong fan motor will help your engine stay cool. A direct O.E.M. replacement.

FAN BLADE ONLY

Don't lose your cool. If a rock or crash damages a fan blade, just swap it out and get back to riding. A direct O.E.M. replacement.

ELECTRIC POWER STEERING KITS

Stable-output torque provides smooth steering at all radiuses of the steering wheel, significantly reducing steering effort. Waterproof ECU, motor and connectors. Maximum assist power. Detailed instructions included for a trouble-free installation. One-year manufacturer's warranty.

LIFT KITS

Size does, indeed, matter when it comes to tires and ground clearance, so make sure you have enough of one to satisfy the other with this quality lift kit.

LINKAGE REPAIR KITS

An offroad vehicle is only as good as its weakest link. Make sure that never becomes an issue with this kit. Kit contains all of the components required to properly rebuild the linkage bearing assembly. Needle bearing shafts are made with 52100 bearing steel that has been hardened and precision ground. All metal bushings are case-hardened and plated to prevent wear and corrosion.

SHOCK SEAL HEAD KITS

Complete assembly and ready-to-install. Direct O.E.M. replacement featuring the latest O.E.M.-style seal with pre-scraper. All designs incorporate an air bleed hole for easy reassembly.

REAR SHOCK BEARING ASSEMBLIES

Take the friction out of your rear end with these rear shock bearing assemblies. Direct O.E.M. replacement bearing assembly containing all of the required components.

SUSPENSION SPRINGS

Bottoming out is not a pleasant sensation, and one that can be avoided with these durable suspension springs. Heavy-duty springs are approximately 25-30% heavier than stock and made of high-quality chrome silicone.

REAR INDEPENDENT SUSPENSION REPAIR KITS

Keep your upper and lower A-arm and knuckle in fighting shape with this quality repair kit. Kit contains all of the components required to rebuild the upper and lower A-arm and knuckle. Needle bearing shafts are made with 52100 bearing steel that has been hardened and precision ground. Self-lubricating acetal nylon bushings for better wear and performance. All metal bushings are case hardened and plated to prevent wear and corrosion.

SWINGARM REPAIR KITS

Ensure your swingarm bearing assembly is properly rebuilt with this repair kit. Needle bearing shafts are made with 52100 bearing steel that has been hardened and precision ground. All metal bushings are case-hardened and plated to prevent wear and corrosion. POM composite washer bearings replace thrust needle washers for increased service life and superior resistance to water and dirt.

FRONT A-ARM REPAIR KITS

A direct O.E.M. replacement kit guaranteed to get your A-arm out of its sling and back into fighting shape in no time at all. Contains all of the bearings/bushings, bearing shafts, seals, shims and spacers required to rebuild one A-arm.

KAWASAKI BRUTE FORCE A-ARM UPGRADE KIT

The O.E.M. design uses two spherical bearings to carry the thrust load of the entire front end. Over time, bearings begin to wear and the external seals become ineffective due to excess play, which allows water and debris to enter the assembly.

LOWER SHOCK BUSHING KIT

No one likes a defective bushing, so ensure it stays in good shape with this kit. Kit contains direct O.E.M. replacement bearing assembly with all of the required components. Lower Shock Bushing Kits are sold individually for front and rear position.

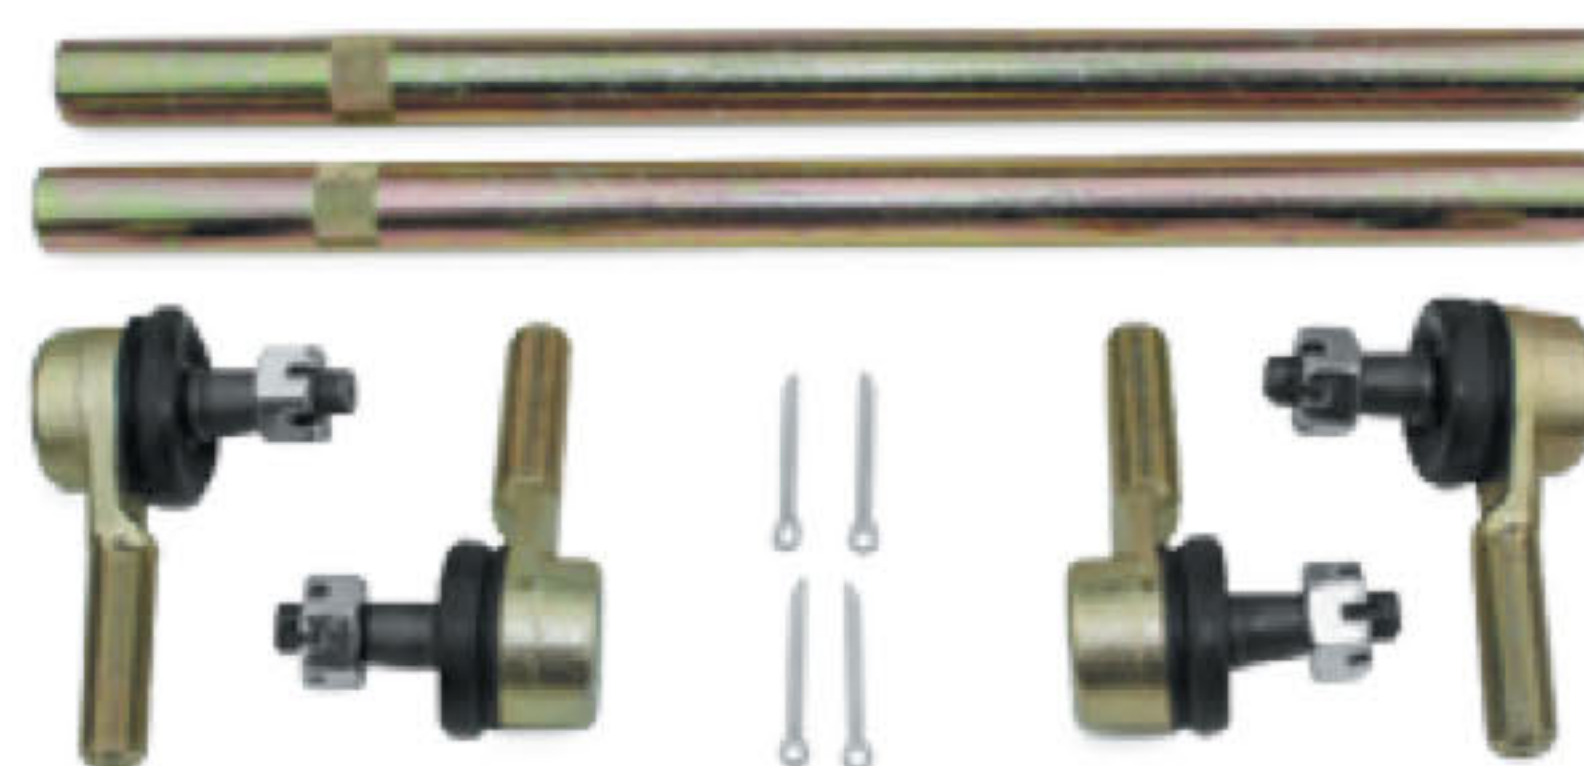

TIE ROD END KITS

All the necessary elements to guarantee optimal tie rod end performance.

TIE ROD ASSEMBLY UPGRADE KITS

Failure is not an option when out on a ride, so ensure it remains an anomaly with this upgrade kit. Upgrade failure-prone 10 mm tie rod ends to heavy-duty 12 mm ends. Kits include four rod ends, two rods and all hardware for a full conversion.

STEERING RACK TIE ROD ASSEMBLY KITS

Repair instead of replacing the entire steering rack assembly. Tie Rod Kit, Outer Only: contains one tie rod, which attaches to the steering knuckle. Tie Rod End Kit, Inner and Outer: contains both tie rod end and shaft that connects to the steering rack as well as the outer tie rod end, boot and the required hardware for one side.

BALL JOINT KITS

Put an end to premature Honda® ball joint failure by upgrading from the O.E.M. aluminum joint to our heavy-duty steel joint. We also offer replacement ball joints for those Kawasaki and Suzuki applications that force you to buy an expensive A-arm or steering knuckle.

KING PIN KITS

Save a ton of money over O.E.M. with this kit. Includes all bushings, pins and seals needed for repair.

STEERING STEM BEARING AND SEAL KITS

Keep your lower steering bearing and seals in optimal condition with this kit. Includes lower steering stem bearing and seals.

SWAY BAR LINKAGE BUSHING KIT

Replacement bushing pins and washers for Can-Am sway bar linkages. Kit includes eight high-performance polyurethane bushings, four steel pins and eight washers.

BIG DADDY

QUADLITE RAMP

Heavy-duty and durable bi-fold with fully welded construction. Lightweight and compact for easy storage. Heavy-duty hinges and joints are welded for extra strength. Rubber-coated tabs protect your tailgate from scratches. Two-year manufacturer's warranty.

565099

QUADLITE XTREME RAMP

Lightweight, fully-welded aluminum construction. Extruded rectangular side rails resist bending while a taller rectangular cross section supports more weight. Exclusive high-traction mesh surface brings extra stability and loading grip. Arched design for loading items with low clearance. Extra support beams for higher load capacities. Rubber-coated tabs prevent tailgate scratches. Ramp dimensions: 12" x 89". Weight capacity: 2500 lbs./pair of ramps. Two-year manufacturer's warranty.

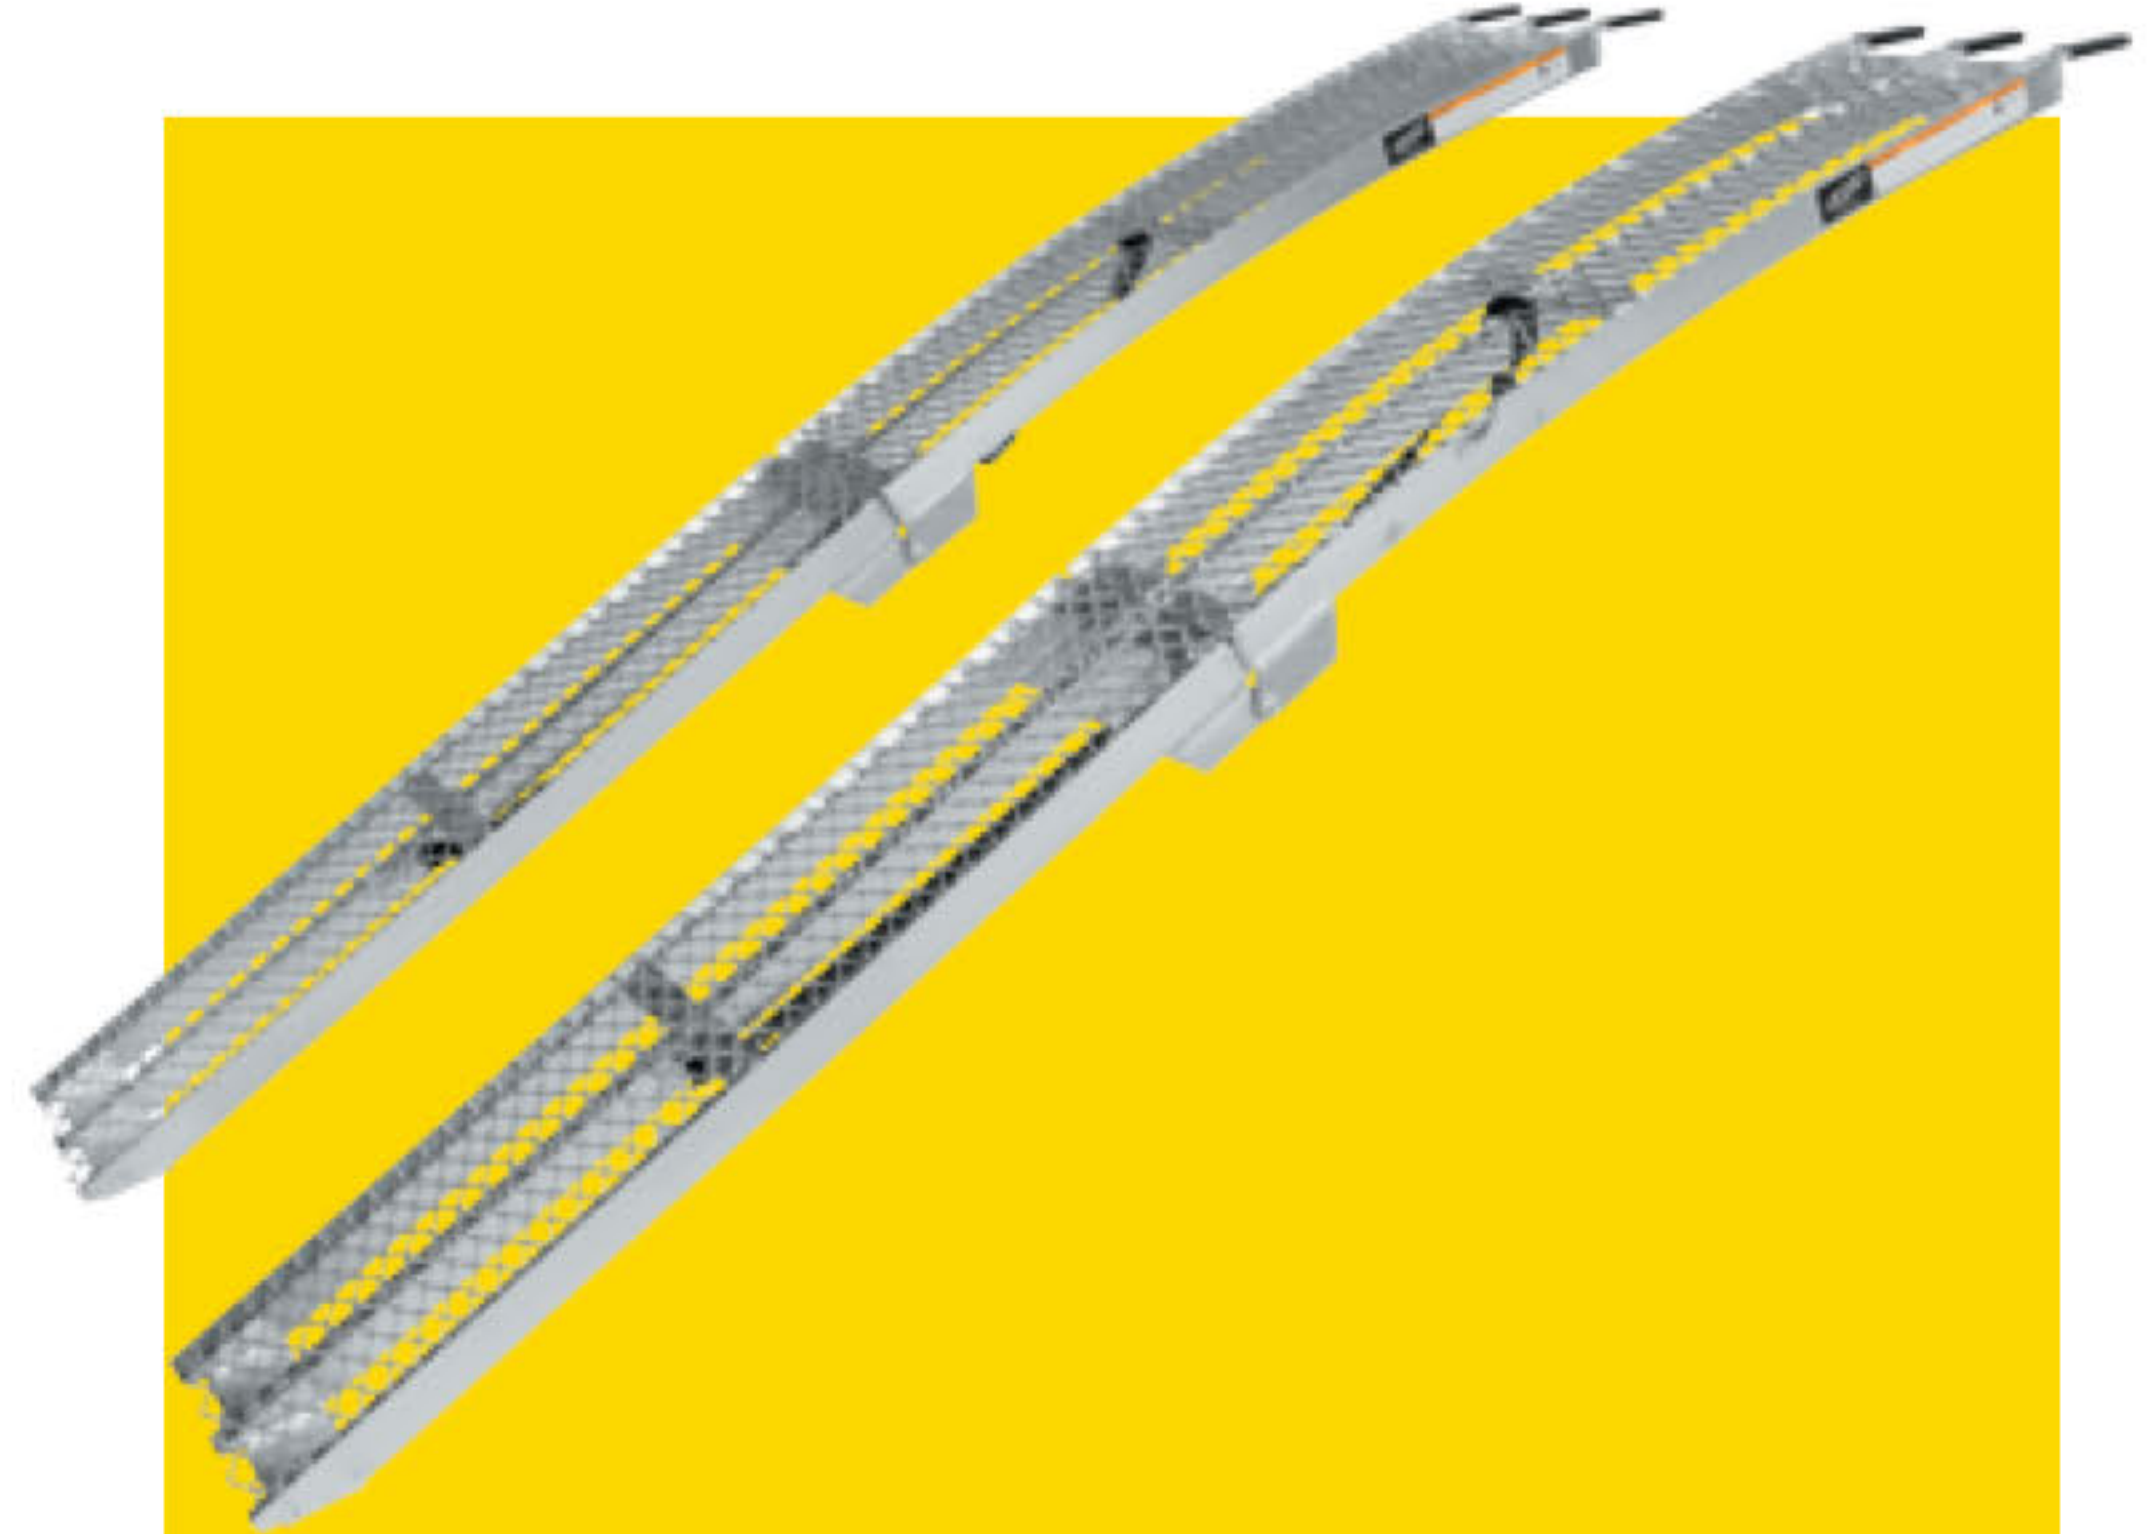

565148

QUADLITE BI-FOLD RAMP

Heavy-duty and durable bi-fold with fully welded construction. The Big Daddy ramp is a lightweight with heavy-duty hinges and joints are welded for extra strength. Rubber-coated tabs protect your tailgate from scratches. Two-year manufacturer's warranty.

565100

QUADLITE XL

Lightweight, fully welded aluminum construction. Rectangular formed side rails resist bending and cross sections support more weight. Tread-gripping mesh surface makes loading ATVs quick and easy. Heavy-duty hinges and joints are welded for extra strength. Rubber-coated tabs protect your tailgate from scratches.

**Single 565101
Pair 565102**

ATV ARCHED RAMPS

Arched ramps can provide additional, needed clearance to avoid bottoming out while loading. Robotically welded 6063-T5 aluminum billet. Lightweight with vinyl-coated tips. Made in USA.

Single Ramp 560054
Pair 560055

ATV ARCHED RAMPS PALLET OF 10

Arched ramps can provide additional, needed clearance to avoid bottoming out while loading. 6063-T5 aluminum billet. Robotically welded. Lightweight with vinyl-coated tips. Order one and receive 10 PAIRS of ramps. Pallet of 10 drop-ships directly to dealer.

560324

ATV ARCHED RAMPS CUSTOM PALLET

Mix and match a custom pallet with of QuadBoss ramps. A convenient and cost effective way to stock up on a mix of QuadBoss ramps. See your Tucker Rocky Sales Rep for details. Arched ramps can provide additional, needed clearance to avoid bottoming out while loading. Robotically welded 6063-T5 aluminum billet. Lightweight with vinyl-coated tips.

563855

ATV BI-FOLD RAMPS

Made in USA with 6063T5 aluminum billet. Robotically welded, lightweight structure of 0.07 in. thick walls with vinyl-coated tips. Multiple widths are available; measure the width of your ATV at its widest point and pad that number slightly to determine the ramp width you need.

563854

FOLDING ARCHED

UTV RAMPS

Arched ramps can provide additional, needed clearance to avoid bottoming out while loading. Remember, weight capacity should well exceed total overall weight, including rider and all attached accessories! Dual runners have a combined weight capacity of 2,400 lbs. Single runner weight capacity is 1,200 lbs. Made in USA with 6063-T5 aluminum billet. Robotically welded. Lightweight with vinyl-coated tips.

TIRE SEALANT

DEALER PROGRAM

WE GUARANTEE
 THAT YOUR CUSTOMERS WILL NOT HAVE A FLAT ON THEIR ATV OR UTV FROM A PUNCTURE FOR THE LIFE OF THEIR TIRES OR WE'LL PAY TO FIX THEM!

FLAT-FREE GUARANTEE!

GAIN A COMPETITIVE EDGE OVER THE COMPETITION BY OFFERING YOUR CUSTOMERS A TIRE SEALANT THAT REALLY WORKS!

INTRODUCING THE QUADBOSS TIRE SEALANT DEALER PROGRAM

The program consists of 4 levels of buy-in and the Dealer is rewarded with larger discounts and additional marketing materials as the order grows in size.

The rewards are on product with discounts up to 15% off of current Dealer Best and the marketing materials include a free standing display rack, a tackle box which includes special orange valve caps to denote that a tire has been treated, fender stickers, additional valve cores, a valve core tool and tire gauge. Lastly is the all important sample tire filled with sealant and mounted on a display stand; hammer and spike are also included.

Injection cart is available at 1/3 of the dealer best cost when purchased with a 55 Gallon drum (QuadBoss pays 1/3 and the Manufacturer pays 1/3).

SEALS UP TO 1/2" PUNCTURE IN THE TREAD AND 1/4" PUNCTURE IN THE SIDEWALL

ENVIRONMENTALLY BENIGN AND WATER WASHABLE

STOPS BEAD LEAKS, VALVE STEM LEAKS AND PINHOLE LEAKS IN RIMS

WORKS FOR THE LIFE OF THE TIRE

WILL NOT SOLIDIFY OR FREEZE (ABOVE -33°F)

MADE IN THE USA

WILL NOT RUST STEEL, CORRODE ALUMINUM WHEELS, OR CLOG VALVE CORE

**Not recommended for extreme high speed competition applications*
